PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 014262618

Application/License No. _____

Bayer Medical, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1 Bayer Drive, Indianola, PA 15051; 150 Victory Road, Saxonburg, PA 16056; 625 Alpha Drive, Pittsburg, PA 15238 (Address of Applicant/Principal), as PRINCIPAL, and Liberty Mutual Insurance Company (Surety Company), a corporation organized under the laws of the state of Massachusetts (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 175 Berkeley Street, Boston, MA 02116 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on August 13, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 13th day of August, 2025.

POWER OF ATTORNEY

Certificate No: 8204866

Liberty Mutual Insurance Company
The Ohio Casualty Insurance Company
West American Insurance Company

KNOWN ALL PERSONS BY THESE PRESENTS: That The Ohio Casualty Insurance Company is a corporation duly organized under the laws of the State of New Hampshire, that Liberty Mutual Insurance Company is a corporation duly organized under the laws of the State of Massachusetts, and West American Insurance Company is a corporation duly organized under the laws of the State of Indiana (herein collectively called the "Companies"), pursuant to and by authority herein set forth, does hereby name, constitute and appoint,

Kathleen K. Freund

all of the city of Denver, state of CO each individually if there be more than one named, its true and lawful attorney-in-fact to make, execute, seal, acknowledge and deliver, for and on its behalf as surety and as its act and deed, any and all undertakings, bonds, recognizances and other surety obligations, in pursuance of these presents and shall be as binding upon the Companies as if they have been duly signed by the president and attested by the secretary of the Companies in their own proper persons.

IN WITNESS WHEREOF, this Power of Attorney has been subscribed by an authorized officer or official of the Companies and the corporate seals of the Companies have been affixed thereto this 1st day of July, 2024.

Liberty Mutual Insurance Company
The Ohio Casualty Insurance Company
West American Insurance Company

By: _____
Nathan J. Zangerle, Assistant Secretary

STATE OF PENNSYLVANIA ss
COUNTY OF MONTGOMERY

On this 1st day of July, 2024, before me personally appeared Nathan J. Zangerle, who acknowledged himself to be the Assistant Secretary of Liberty Mutual Insurance Company, The Ohio Casualty Company, and West American Insurance Company, and that he, as such, being authorized so to do, execute the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

IN WITNESS WHEREOF, I have hereunto subscribed my name and affixed my notarial seal at Plymouth Meeting, Pennsylvania, on the day and year first above written.

Commonwealth of Pennsylvania - Notary Seal
Teresa Pastella, Notary Public
Montgomery County
My commission expires March 28, 2029

Teresa Pastella, Notary Public

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company do hereby certify that this power of attorney executed by said Companies is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 13th day of August, 2025.

By: _____

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 014262618

Application/License No. _____

Bayer Medical, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1 Bayer Drive, Indianola, PA 15051; 150 Victory Road, Saxonburg, PA 16056; 625 Alpha Drive, Pittlsburg, PA 15238 (Address of Applicant/Principal), as PRINCIPAL, and Liberty Mutual Insurance Company (Surety Company), a corporation organized under the laws of the state of Massachusetts (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 175 Berkeley Street, Boston, MA 02116 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on August 13, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 13th day of August, 2025.

Liberty Mutual SURETY

POWER OF ATTORNEY

Certificate No 8204866

Liberty Mutual Insurance Company
The Ohio Casualty Insurance Company
West American Insurance Company

KNOWN ALL PERSONS BY THESE PRESENTS: That The Ohio Casualty Insurance Company is a corporation duly organized under the laws of the State of New Hampshire, that Liberty Mutual Insurance Company is a corporation duly organized under the laws of the State of Massachusetts, and West American Insurance Company is a corporation duly organized under the laws of the State of Indiana (herein collectively called the "Companies"), pursuant to and by authority herein set forth, does hereby name, constitute and appoint,

Kathleen K. Freund

all of the city of Denver, state of CO each individually if there be more than one named, its true and lawful attorney-in-fact to make, execute, seal, acknowledge and deliver, for and on its behalf as surety and as its act and deed, any and all undertakings, bonds, recognizances and other surety obligations, in pursuance of these presents and shall be as binding upon the Companies as if they have been duly signed by the president and attested by the secretary of the Companies in their own proper persons.

IN WITNESS WHEREOF, this Power of Attorney has been subscribed by an authorized officer or official of the Companies and the corporate seals of the Companies have been affixed thereto this 1st day of July, 2024.

Liberty Mutual Insurance Company
The Ohio Casualty Insurance Company
West American Insurance Company

By: _____
Nathan J. Zangerle, Assistant Secretary

STATE OF PENNSYLVANIA ss
COUNTY OF MONTGOMERY

On this 1st day of July, 2024, before me personally appeared Nathan J. Zangerle, who acknowledged himself to be the Assistant Secretary of Liberty Mutual Insurance Company, The Ohio Casualty Company, and West American Insurance Company, and that he, as such, being authorized so to do, execute the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

IN WITNESS WHEREOF, I have hereunto subscribed my name and affixed my notarial seal at Plymouth Meeting, Pennsylvania, on the day and year first above written.

Commonwealth of Pennsylvania - Notary Seal
Teresa Pastella, Notary Public
Montgomery County
My commission expires March 28, 2029
Commission number 1126044
Member, Pennsylvania Association of Notaries

By: _____
Teresa Pastella, Notary Public

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-infact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company do hereby certify that this power of attorney executed by said Companies is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 13th day of August 2025.

By: _____
Renee C. Llewellyn, Assistant Secretary

4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?		✓
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-5, you have marked "YES" to in section 2 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
8/14/23		NV	RENO	WASHOE

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
23-039-O	Nevada Board of Pharmacy

Reason/Charge
Unlicensed furnishing of prescription medical devices

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Carl Zeiss Meditec USA, Inc.	N/A

Name of Business/Industry/Entity
Carl Zeiss Meditec USA, Inc.

Provide explanation below:

On August 14, 2023, Carl Zeiss Meditec USA, Inc. (CZMU) was cited for the unlicensed furnishing of medical devices to persons in Nevada and was issued an order by the Nevada State Board of Pharmacy (NV BOP) to cease and desist furnishing prescription devices to persons in Nevada. The Board assessed an administrative fine against CZMU in the amount of $5000.00. CZMU paid the fine assessed, and on August 16, 2023 we ceased all shipment of devices into Nevada.

In consultation with the NV BOP, we were able to rectify the matter and obtain an appropriate wholesale license to resume business in the State by September 12, 2023.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. GSA14000002

Application/License No. _____

CARL ZEISS MEDITEC USA, INC. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 5300 Central Pkwy Dublin, CA 94568 (Address of Applicant/Principal), as PRINCIPAL, and THE GRAY CASUALTY & SURETY COMPANY (Surety Company), a corporation organized under the laws of the state of LA (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is P.O. Box 6202 Metairie, LA 70009-6202 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on December 16, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 16th day of December, 2025.

THE GRAY INSURANCE COMPANY
THE GRAY CASUALTY & SURETY COMPANY

GENERAL POWER OF ATTORNEY

Bond Number: GSA14000002 **Principal:** CARL ZEISS MEDITEC USA, INC.

Project: Pharmaceutical Wholesaler Bond

KNOW ALL BY THESE PRESENTS, THAT The Gray Insurance Company and The Gray Casualty & Surety Company, corporations duly organized and existing under the laws of Louisiana, and having their principal offices in Metairie, Louisiana, do hereby make, constitute, and appoint: **Lisa A. Ward, Michael J. Herrod, and Terri L. Morrison of Houston, Texas jointly and severally** on behalf of each of the Companies named above its true and lawful Attorney(s)-in-Fact, to make, execute, seal and deliver, for and on its behalf and as its deed, bonds, or other writings obligatory in the nature of a bond, as surety, contracts of suretyship as are or may be required or permitted by law, regulation, contract or otherwise, provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed the amount of $25,000,000.00.

This Power of Attorney is granted and is signed by facsimile under and by the authority of the following Resolutions adopted by the Boards of Directors of both The Gray Insurance Company and The Gray Casualty & Surety Company at meetings duly called and held on the 26th day of June, 2003.

"RESOLVED, that the President, Executive Vice President, any Vice President, or the Secretary be and each or any of them hereby is authorized to execute a power of Attorney qualifying the attorney named in the given Power of Attorney to execute on behalf of the Company bonds, undertakings, and all contracts of surety, and that each or any of them is hereby authorized to attest to the execution of such Power of Attorney, and to attach the seal of the Company; and it is

FURTHER RESOLVED, that the signature of such officers and the seal of the Company may be affixed to any such Power of Attorney or to any certificate relating thereto by facsimile, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be binding upon the Company now and in the future when so affixed with regard to any bond, undertaking or contract of surety to which it is attached.

IN WITNESS WHEREOF, The Gray Insurance Company and The Gray Casualty & Surety Company have caused their official seals to be hereinto affixed, and these presents to be signed by their authorized officers this 4th day of November, 2022.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

_____ _____

Attachment A

Nature of Business

Genzyme Corporation (Genzyme) is a biotechnology company and a division of Sanofi, its parent owner. Genzyme is the Specialty Care Global Business Unit of Sanofi, focused on Rare Diseases, Multiple Sclerosis, Oncology, and Immunology.

The Cambridge, MA location never physically handles any of its sample or trade products. The Cambridge location functions as the corporate headquarters and is listed on its product labels.

Genzyme utilizes its affiliated company facilities to warehouse and distribute its trade and sample products. All samples are distributed to licensed healthcare professionals that are authorized to accept prescription drug samples.

Third Party Logistics Providers:

DHL Supply Chain (USA)
1025 Sandhill Road, Reno NV 89521

DHL Supply Chain (USA)
2500 Southpoint Drive, Forest Park GA 30297

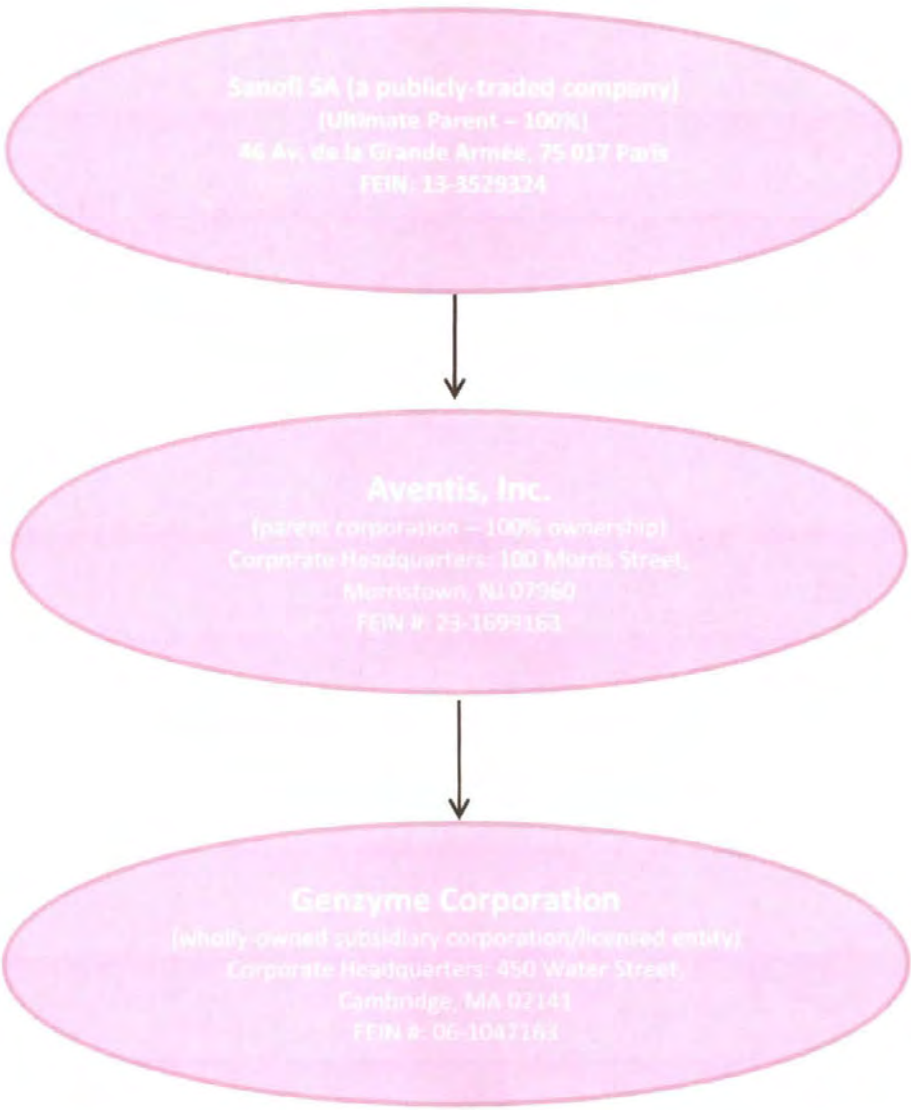
Regarding the Reorganization and Organizational Charts

Genzyme Corporation ("Genzyme") was a party to an internal corporate restructuring. The restructuring resulted in a new minority holder of common shares of Genzyme, but had no change to the controlling interest of Genzyme. **In addition, there have been no changes in personnel, FEIN #, or any other information on the face of the license.**

Before the change, Genzyme was 100% wholly-owned by its parent company, Aventis Inc. On December 18, 2025, an affiliated entity, Sanofi Horizon B.V., acquired shares equivalent to 7.835% of Genzyme. Aventis Inc. continues to hold the remaining 92.165% of Genzyme. In addition, the ultimate parent company remains the same. Enclosed please find an organizational chart listing both immediate and ultimate parent and percentages of ownership/equity.

Parent Company Information:



Aventis, Inc.
100 Morris Street, Morristown, NJ 07960
Tax ID #: 23-1699163

March 5, 2025

TO WHOM IT MAY CONCERN:

I hereby certify that according to the records of this office,

GENZYME CORPORATION

is a domestic corporation organized on **November 21, 1991**, under the General Laws of the Commonwealth of Massachusetts.

I further certify that there are no proceedings presently pending under the Massachusetts General Laws Chapter 156D section 14.21 for said corporation's dissolution; that articles of dissolution have not been filed by said corporation; that, said corporation has filed all annual reports, and paid all fees with respect to such reports, and so far as appears of record said corporation has legal existence and is in good standing with this office.

In testimony of which,
I have hereunto affixed the
Great Seal of the Commonwealth
on the date first above written.

William Francis Galvin

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 108102041

Application/License No. WH02560

GENZYME CORPORATION (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 450 Water Street Cambridge, MA 02141 (Address of Applicant/Principal), as PRINCIPAL, and TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on September 25, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 25th day of September, 2024.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April**, **2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June**, **2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **25th** day of **September**, **2024**.

_____
Kevin E. Hughes, Assistant Secretary

To verify the authenticity of this Power of Attorney, please call us at 1-800-421-3880.
Please refer to the above-named Attorney(s)-in-Fact and the details of the bond to which this Power of Attorney is attached.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. CIC1960568

Application/License No. _____

SAFECOR HEALTH, LLC
_____, doing or intending to do business as a
Applicant/Principal
pharmaceutical wholesaler, whose address for purposes of service is
4951 HIAWATHA DRIVE, ROCKFORD, IL 61103-1287
_____, as
Address of Applicant/Principal
PRINCIPAL, and Capitol Indemnity Corporation
_____, a
Surety Company
corporation organized under the laws of the state of Wisconsin
State of Incorporation
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
1600 Aspen Commons, Suite 300, Middleton, WI 53562
_____ as
Address of Surety
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 4, 2026
.
Effective Date

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 4th day of March, 20 26.

CAPITOL INDEMNITY CORPORATION
POWER OF ATTORNEY

CIC1960568
Bond Number

KNOW ALL MEN BY THESE PRESENTS, That the **CAPITOL INDEMNITY CORPORATION**, a corporation of the State of Wisconsin, having its principal offices in the City of Middleton, Wisconsin, does make, constitute and appoint

----------CHERYL TOOTLE, JENNIFER GERHARDT; JOHN P. GAFFNEY----------

its true and lawful Attorney(s)-in-fact, to make, execute, seal and deliver for and on its behalf, as surety, and as its act and deed, any and all bonds, undertakings and contracts of suretyship, provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed in amount the sum of

----------ALL WRITTEN INSTRUMENTS IN AN AMOUNT NOT TO EXCEED: $20,000,000.00----------

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of **CAPITOL INDEMNITY CORPORATION** at a meeting duly called and held on the 15th day of May, 2002.

"**RESOLVED**, that the President, Executive Vice President, Vice President, Secretary or Treasurer, acting individually or otherwise, be and they hereby are granted the power and authorization to appoint by a Power of Attorney for the purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more resident vice-presidents, assistant secretaries and attorney(s)-in-fact, each appointee to have the powers and duties usual to such offices to the business of this company; the signature of such officers and seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company, and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking or other writing obligatory in the nature thereof to which it is attached. Any such appointment may be revoked, for cause, or without cause, by any of said officers, at any time."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

IN WITNESS WHEREOF, the **CAPITOL INDEMNITY CORPORATION** has caused these presents to be signed by its officer undersigned and its corporate seal to be hereto affixed duly attested, this 1st day of September, 2022.

EXTRACT FROM BY-LAWS OF THE COMPANIES

"Article V, Section 8, Attorneys-in-Fact. The Chief Executive Officer, the President, or any Executive Vice President or Vice President may, by written instrument under the attested corporate seal, appoint attorneys-in-fact with authority to execute bonds, policies, recognizances, stipulations, undertakings, or other like instruments on behalf of the Company, and may authorize any officer or any such attorney-in-fact to affix the corporate seal thereto; and may with or without cause modify of revoke any such appointment or authority at any time."

CERTIFICATE

I, the undersigned, Vice President of the ZURICH AMERICAN INSURANCE COMPANY, the COLONIAL AMERICAN CASUALTY AND SURETY COMPANY, and the FIDELITY AND DEPOSIT COMPANY OF MARYLAND, do hereby certify that the foregoing Power of Attorney is still in full force and effect on the date of this certificate; and I do further certify that Article V, Section 8, of the By-Laws of the Companies is still in force.

This Power of Attorney and Certificate may be signed by facsimile under and by authority of the following resolution of the Board of Directors of the ZURICH AMERICAN INSURANCE COMPANY at a meeting duly called and held on the 15th day of December 1998.

RESOLVED: "That the signature of the President or a Vice President and the attesting signature of a Secretary or an Assistant Secretary and the Seal of the Company may be affixed by facsimile on any Power of Attorney...Any such Power or any certificate thereof bearing such facsimile signature and seal shall be valid and binding on the Company."

This Power of Attorney and Certificate may be signed by facsimile under and by authority of the following resolution of the Board of Directors of the COLONIAL AMERICAN CASUALTY AND SURETY COMPANY at a meeting duly called and held on the 5th day of May, 1994, and the following resolution of the Board of Directors of the FIDELITY AND DEPOSIT COMPANY OF MARYLAND at a meeting duly called and held on the 10th day of May, 1990.

RESOLVED: "That the facsimile or mechanically reproduced seal of the company and facsimile or mechanically reproduced signature of any Vice-President, Secretary, or Assistant Secretary of the Company, whether made heretofore or hereafter, wherever appearing upon a certified copy of any power of attorney issued by the Company, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed the corporate seals of the said Companies, this 12th day of December, 2025.

Mary Jean Pethick
Vice President

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 9366902

Application/License No. _____

Sanofi Pasteur, Inc., doing or intending to do business as a
(Applicant/Principal)
pharmaceutical wholesaler, whose address for purposes of service is
50 Stauffer Industrial Park, Taylor, PA 18517, as
(Address of Applicant/Principal)
PRINCIPAL, and Fidelity and Deposit Company of Maryland, a
(Surety Company)
corporation organized under the laws of the state of Illinois
(State of Incorporation)
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
1299 Zurich Way, Schaumburg IL 60196-1056 as
(Address of Surety)
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 19, 2020.
(Effective Date)

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 19th day of October, 2020.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 30260726

Application/License No. _____

Scioto Pharmaceuticals, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 277 W. Nationwide Blvd., Suite 260, Columbus, OH 43215 (Address of Applicant/Principal), as PRINCIPAL, and Western Surety Company (Surety Company), a corporation organized under the laws of the state of SD (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 151 N. Franklin St., Chicago, IL 60606 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 1/23/2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 23rd day of January, 20 26.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Brian F Haughn, Rachel Stone, Chad M Dougherty, Steven Gloeckner, Phillip Rosen, Austin Jones, Eileen Barrett, Individually

of Dublin, OH, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the Authorizing By-Laws and Resolutions printed at the bottom of this page, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 14th day of November, 2024.

WESTERN SURETY COMPANY

Larry Kasten, Vice President

State of South Dakota }
County of Minnehaha } ss

On this 14th day of November, 2024, before me personally came Larry Kasten, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is a Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

CERTIFICATE

I, Paula Kolsrud, Assistant Secretary of WESTERN SURETY COMPANY do hereby certify that the Power of Attorney hereinabove set forth is still in force, and further certify that the By-Law and Resolutions of the corporation printed below this certificate are still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said corporation this 23rd day of January, 2026.

WESTERN SURETY COMPANY

Paula Kolsrud, Assistant Secretary

Authorizing By-Laws and Resolutions

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

This Power of Attorney is signed by Larry Kasten, Vice President, who has been authorized pursuant to the above Bylaw to execute power of attorneys on behalf of Western Surety Company.

This Power of Attorney may be signed by digital signature and sealed by a digital or otherwise electronic-formatted corporate seal under and by the authority of the following Resolution adopted by the Board of Directors of the Company by unanimous written consent dated the 27th day of April, 2022:

"RESOLVED: That it is in the best interest of the Company to periodically ratify and confirm any corporate documents signed by digital signatures and to ratify and confirm the use of a digital or otherwise electronic-formatted corporate seal, each to be considered the act and deed of the Company."

Nature of Business

Umedica Laboratories USA Inc.("ULUI") is a virtual prescription drug manufacturer with assigned Dun & Bradstreet (DUNS) number 119579082 and FDA Labeler code 60290. As a newly established entity, ULUI is currently pursuing licensure with relevant state agencies prior to initiating virtual manufacturer/distributor activities. A contract manufacturer will be used to manufacture the product(s) that company intends to sell, and a third-party logistics provider (3PL) will handle receipt, storage and distribution activities. No product will be handled at ULUI's business office. ULUI will sell prescription drugs for which its co-Licensing partner/Affiliate holds FDA approval. Provided below are the details of the product(s) the company intends to sell, the contract manufacturing facility and the third-party logistics provider.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. AM3192989

Application/License No. .

Umedica Labs USA Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 8 Century Dr. Suite 350 Parsippany NJ 07054 (Address of Applicant/Principal), as PRINCIPAL, and Capitol Indemnity Corporation (Surety Company), a corporation organized under the laws of the state of WI (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1600 Aspen Commons Ste. 300 Middleton WI 53562 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 11/21/2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 21st day of November, 20 25.

CAPITOL INDEMNITY CORPORATION
POWER OF ATTORNEY

AM3192989
Bond Number

KNOW ALL MEN BY THESE PRESENTS, That the CAPITOL INDEMNITY CORPORATION, a corporation of the State of Wisconsin, having its principal offices in the City of Middleton, Wisconsin, does make, constitute and appoint

Steve Shike
Name of Individual

its true and lawful Attorney(s)-in-fact, to make, execute, seal and deliver for and on its behalf, as surety, and as its act and deed, any and all bonds, undertakings and contracts of suretyship, provided that no bond or undertaking or contract of suretyship executed under this authority shall exceed in amount the sum of

$ 25,000.00 (Bond Amount) for AM3192989 (Bond Number) on behalf of Umedica Labs USA Inc (Principal)

This Power of Attorney is granted and is signed and sealed by facsimile under and by the authority of the following Resolution adopted by the Board of Directors of CAPITOL INDEMNITY CORPORATION at a meeting duly called and held on the 15th day of May, 2002.

"RESOLVED, that the President, Executive Vice President, Vice President, Secretary or Treasurer, acting individually or otherwise, be and they hereby are granted the power and authorization to appoint by a Power of Attorney for the purposes only of executing and attesting bonds and undertakings, and other writings obligatory in the nature thereof, one or more resident vice-presidents, assistant secretaries and attorney(s)-in-fact, each appointee to have the powers and duties usual to such offices to the business of this company; the signature of such officers and seal of the Company may be affixed to any such power of attorney or to any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company, and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking or other writing obligatory in the nature thereof to which it is attached. Any such appointment may be revoked, for cause, or without cause, by any of said officers, at any time."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

IN WITNESS WHEREOF, the CAPITOL INDEMNITY CORPORATION has caused these presents to be signed by its officer undersigned and its corporate seal to be hereto affixed duly attested, this 1st day of September, 2022.

POWER OF ATTORNEY

Liberty Mutual Insurance Company

Principal: Upsher-Smith Laboratories, LLC
Agency Name: RJF, a Marsh & McLennan Agency LLC Company Bond Number: 190015626
Obligee: Nevada Board of Pharmacy
Bond Amount: ($100,000.00) One Hundred Thousand Dollars And Zero Cents

KNOW ALL PERSONS BY THESE PRESENTS: that Liberty Mutual Insurance Company, a corporation duly organized under the laws of the State of Massachusetts (herein collectively called the "Company"), pursuant to and by authority herein set forth, does hereby name, constitute and appoint **Carolyn Banks** in the city and state of **Seattle, WA**, each individually if there be more than one named, its true and lawful attorney-in-fact to make, execute, seal, acknowledge and deliver, for and on its behalf as surety and as its act and deed, any and all undertakings, bonds, recognizances and other surety obligations, in pursuance of these presents and shall be as binding upon the Companies as if they have been duly signed by the president and attested by the secretary of the Company in their own proper persons.

IN WITNESS WHEREOF, this Power of Attorney has been subscribed by an authorized officer or official of the Company and the corporate seal of the Company has been affixed thereto this 11th day of February, 2026.

Liberty Mutual Insurance Company

By: _____
Nathan J. Zangerle, Assistant Secretary

STATE OF PENNSYLVANIA
COUNTY OF MONTGOMERY ss

On this 11th day of February, 2026, before me personally appeared Nathan J. Zangerle, who acknowledged himself to be the Assistant Secretary of Liberty Mutual Insurance Company and that he, as such, being authorized so to do, execute the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as duly authorized officer.

IN WITNESS WHEREOF, I have hereunto subscribed my name and affixed my notarial seal at Plymouth Meeting, Pennsylvania, on the day and year first above written.

Commonwealth of Pennsylvania - Notary Seal

Teresa Pastella, Notary Public

This Power of Attorney is made and executed pursuant to and by authority of the following By-law and Authorizations of Liberty Mutual Insurance Company, which is now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes Nathan J. Zangerle, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature or electronic signatures of any assistant secretary of the Company or facsimile or mechanically reproduced or electronic seal of the Company, wherever appearing upon a certified copy of any power of attorney or bond issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company do hereby certify that this power of attorney executed by said Company is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Company this 11th day of February, 2026.

By: _____
Renee C. Llewellyn, Assistant Secretary

Section B: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		X
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		X
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		X
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		X
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		X
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).	X	
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 9 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

Upsher-Smith Laboratories, LLC has voluntarily surrendered some licenses. Please see the attached list of licenses and their reason for surrender.

Original Signature (electronic, copies or stamps not accepted)

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. B150069555

Application/License No. _____

Clinical Solutions Wholesale, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 416 Mary Lindsay Polk Dr Ste 519, Franklin, TN 37067-2681 (Address of Applicant/Principal), as PRINCIPAL, and Old Republic Surety Company (Surety Company), a corporation organized under the laws of the state of Wisconsin (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 18500 W Corporate Dr, Ste 170, Brookfield, WI 53045 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 3/13/2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of March, 20 25.

OLD REPUBLIC SURETY COMPANY

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That OLD REPUBLIC SURETY COMPANY, a Wisconsin stock insurance corporation, does make, constitute and appoint:

Val Morton Of ALGONA, Iowa

its true and lawful Attorney(s)-in-Fact, with full power and authority, not exceeding $10,000,000, for and on behalf of the company as surety, to execute and deliver and affix the seal of the company thereto (if a seal is required), bonds, undertakings, recognizances or other written obligations in the nature thereof, ***(other than bail bonds, bank depository bonds, mortgage deficiency bonds, mortgage guaranty bonds, guarantees of installment paper and note guaranty bonds, self-insurance workers compensation bonds guaranteeing payment of benefits, waste management bonds, hazardous waste remediation bonds or black lung bonds),*** as follows:

Effective Date: 03/13/2025

Bond Number: B150069555 Bond Amount: Twenty-Five Thousand Dollars $ 25,000.00

Principal Name: Clinical Solutions Wholesale, LLC

Obligee Name: NV State Board of Pharmacy, Nevada

and to bind OLD REPUBLIC SURETY COMPANY thereby, and all of the acts of said Attorneys-in-Fact, pursuant to these presents, are ratified and confirmed. This appointment is made under and by authority of the board of directors at a special meeting held on February 18, 1982.

This Power of Attorney is signed and sealed by facsimile under and by the authority of the following resolutions adopted by the board of directors of the OLD REPUBLIC SURETY COMPANY on February 18,1982.

RESOLVED that the president, any vice president or assistant vice president, in conjunction with the secretary or any assistant secretary, may appoint attorneys-in-fact or agents with authority as defined or limited in the instrument evidencing the appointment in each case, for and on behalf of the company to execute and deliver and affix the seal of the company to bonds, undertakings, recognizances, and suretyship obligations of all kinds; and said officers may remove any such attorney-in-fact or agent and revoke any Power of Attorney previously granted to such person.

RESOLVED FURTHER that any bond, undertaking, recognizance, or suretyship obligation shall be valid and binding upon the Company

(i) when signed by the president, any vice president or assistant vice president, and attested and sealed (if a seal be required) by any secretary or assistant secretary; or

(ii) when signed by the president, any vice president or assistant vice president, secretary or assistant secretary, and countersigned and sealed (if a seal be required) by a duly authorized attorney-in-fact or agent; or

(iii) when duly executed and sealed (if a seal be required) by one or more attorneys-in-fact or agents pursuant to and within the limits of the authority evidenced by the Power of Attorney issued by the company to such person or persons.

RESOLVED FURTHER that the signature of any authorized officer and the seal of the company may be affixed by facsimile to any Power of Attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the company; and such signature and seal when so used shall have the same force and effect as though manually affixed.

IN WITNESS WHEREOF, OLD REPUBLIC SURETY COMPANY has caused these presents to be signed by its proper officer, and its corporate seal to be affixed this 27th day of March, 2025

OLD REPUBLIC SURETY COMPANY

Assistant Secretary

President

STATE OF WISCONSIN, COUNTY OF WAUKESHA - SS

On this 27th day of March, 2025, personally came before me, Alan Pavlic and Kevin J. Abitz, to me known to be the individuals and officers of the OLD REPUBLIC SURETY COMPANY who executed the above instrument, and they each acknowledged the execution of the same, and being by me duly sworn, did severally depose and say: that they are the said officers of the corporation aforesaid, and that the seal affixed to the above instrument is the seal of the corporation, and that said corporate seal and their signatures as such officers were duly affixed and subscribed to the said instrument by the authority of the board of directors of said corporation.

Notary Public

My Commission Expires: 09/28/2026

(Expiration of notary's commission does not invalidate this instrument)

CERTIFICATE

I, the undersigned, assistant secretary of the OLD REPUBLIC SURETY COMPANY, a Wisconsin corporation, CERTIFY that the foregoing and attached Power of Attorney remains in full force and has not been revoked; and furthermore, that the Resolutions of the board of directors set forth in the Power of Attorney, are now in force.

0400134

Signed and sealed at the City of Brookfield, WI this 27th day of March, 2025

Assistant Secretary

ORSC 22262 (3-06)

PMC ADVANTAGE INS SERVICES INC

NEVADA STATE BOARD OF PHARMACY

ATLANTIC SPECIALTY INSURANCE COMPANY

Surety

BY: Kimberly G. Sherrod

Kimberly G. Sherrod Attorney-in-Fact

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: **Annmarie Breene, Babette Ward, Cathy H. Ho, Dana Donahue, Joanne C. Wagner, Kimberly G. Sherrod, Lori S. Shelton, Patricia A. Rambo, Patricia Dorsaneo, Patrick Breene, Sara Owens, Wayne G. McVaugh**, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this first day of January, 2023.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 810029274

Application/License No. _____

enableCV, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 6967 S River Gate Dr, 104, Midvale, Utah 84047-1574, United States (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, 31st Floor, New York, NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on November 18, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 24th day of November, 2025.

Section 8: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?	✓	
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state? Include all public or private actions against a professional license, not limited to a suspension, revocation, surrender or other discipline.		✓

Please use and make copies of this page (if necessary) to provide information as requested below regarding any questions, 1-3, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 2 . **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
2000		CA		
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
DUI				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

In 2000, Robert Lerma was convicted of a driving under the influence ("DUI") charge in California. He has not had any criminal history (including arrests, convictions, citations, or tickets of any kind) otherwise.

Given that twenty-five years have passed since this incident, Robert Lerma does not have and is unable to provide any related court documentation or specific details.

Original Signature (electronic, copies or stamps not accepted)

I, Robert Lerma, **certify that as the MDEG Administrator for**

enableCV, LLC,

that I (initial that you have read and meet the following requirements):

1. RL Have a high school diploma or its equivalent;
2. RL Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. RL Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. RL Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Sequel

Description of Operations

Sequel Med Tech LLC (Sequel) is a Virtual Manufacturer of Rx medical devices with no drug component. DEKA Research & Development (DEKA) is the innovator and owner of the 510(k). DEKA has a contractual agreement with Millyard Advanced Medical Products LLC (Millyard) for the rights to manufacture the product. Millyard, acting as a virtual manufacturer, has a contractual agreement with Merrimack Manufacturing LLC to physically manufacture the product. Sequel has a contractual agreement with Millyard for the rights to market and distribute the product with Sequel on the product label.

Sequel's product will be distributed to Wholesalers by their Third-Party Logistics Provider, Cardinal Health 105 LLC dba Specialty Pharmaceutical , who is licensed to ship pharmaceutical products into your state.

Contract Manufacturer Information:
The following contract manufacturer will produce our product:

Merrimack Manufacturing LLC
540 Commercial Street, STE 100
Manchester, NH 03101
FDA Establishment Number: 3015192982

Contact Person: Blake W Hughlock
Contact Number: 603-703-2302

Merrimack Manufacturing LLC manufactures Sequel's product and packages finished product. At no time does Merrimack Manufacturing LLC own the product, contract with Sequel's customers, invoice, nor sell a Sequel product. Sequel's products are not Controlled Substances.

Third Party Logistic information:
For distribution into the commercial supply channels, Cardinal Health 105 LLC dba Specialty Pharmaceutical acts as Sequel's Third Party Logistics (3PL) provider to manage the storage and distribution of Sequel's product throughout the United States. Cardinal Health 105 LLC dba Specialty Pharmaceutical Services' address is:

Cardinal Health 105 LLC dba Specialty Pharmaceutical
501 Mason Road, Suite 200, LaVergne TN 37086

Jason Cook, 615-213-1321

Sequel's hours of operation are 8:30 am – 5:30pm Monday through Friday.

Sequel's facility is 9580 square feet.

Sequel's records are stored at Cardinal SPS.

Sequel Med Tech, LLC has 42 employees.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 800024437

Application/License No. _____

Sequel Med Tech, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 50 Commercial Street, Manchester NH 03101 Floor 3 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 605 Highway 169 North, Suite 900, Plymouth. MN 55441 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 22, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 22nd day of July, 2025.

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: **Jaymie P. Columbus, Kimberly A. Ritchie**, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this first day of January, 2023.

EXPERIENCE

Sequel Med Tech

Head of Quality, Vice President, Quality, Manchester, NH August 2023 – Present

- Built Sequel's Quality function from the ground up — architected and launched a company-wide QMS that was fully operational within 12 months.
- Defined the strategic vision for Quality, translating it into scalable systems, processes, and tools that enabled rapid growth and compliance.
- Instilled a proactive quality mindset across the organization, shifting the culture from reactive compliance to strategic, quality-first thinking.
- Drove the evaluation and implementation of enterprise platforms to support digital QMS transformation and long-term scalability.
- Acted as a trusted partner to internal stakeholders and external collaborators, aligning quality practices across the product and partner ecosystem.

GETINGE – Atrium Medical

Head of Quality, Director of Quality, Regulatory and Compliance, Merrimack, NH March 2022 – August 2023

- Accountable for the Quality, Regulatory and compliance for Vascular Systems for Getinge
- Management Representative for the FDA
- Person Responsible for Regulatory Compliance (PRRC) for EU Medical Device Regulation
- Responsible for managing a team of 70+ employees (directors, managers and engineers) across 8 departments of Quality Operations, Design Quality Assurance, Regulatory, Supplier Quality, Compliance, Complaints, Training and Continuous Improvement.
- Set the Vision for the site and developed a 3-year quality strategy.
- In charge of Remediation Strategy for the site to facilitate with Consent Decree exit strategy and activities.
- Developed and implemented best practices for elements from the entire lifecycle of the product (improved operational efficiency by reducing engineering efforts by 56% and reducing turn-around time for non-conformance paperwork by 63%).
- Successfully remediated the areas of Non-conformances for the site in less than 12 months (95% reduction in backlog), while developing a state-of-the-art method, that is currently being shared as best practice with 150+ individuals across global Getinge sites.
- In the process of developing a program for the organization to improve Root Cause Analysis while moving the organization towards Data Based Decision making process (rolling out training of 200+ employees on Statistical Methods and Problem Solving).
- Act as a change management agent while influencing the quality culture for the entire site of 500+ employees by embedding the quality culture within the organization as a proactive element and way of working.
- Addressed staff issues at all levels to improve overall moral and work performance while supporting the needs of the senior stakeholders and board of directors.

Insulet Corporation

Sr. Continuous Improvement Manager, Acton, MA June 2020 – March 2022

- Accountable for driving Continuous Improvement initiatives across the organization.
- Key Player in establishing the Operational Excellence department for Insulet.
- Completed Training of first waves of Lean Program for the organization
- Established Lean Training Roadmap and playbook for the organization.
- Acted as a SME in Six Sigma and Lean methodologies. Mentored 30+ Lean Candidates across the organization
- Established Lean/Project Management Playbook for the organization
- Contributed to 3.1 million dollars savings for the organization within one year.

Sr. QA Plant Manager, USA Operations, Acton, MA April 2018 –June 2020

- Accountable for operations quality strategy, buildout, and scale-up of a $200MM greenfield manufacturing facility (13,000 sf ft ISO 8 class Cleanroom) in Acton, MA.
- Validated twelve (12) fully automated and state-of-the-art custom production cells including nearly three hundred (300) transformation stations and thirty (30) vision systems in under six (6) months.

- Hired and trained the first phase of employees (50 + personnel) to support 24/5 operations in under 11 months exceeding goal of 17 months.
- Established the Incoming, In-Process and Outgoing Inspection for components, subassemblies and finished product for the Manufacturing Process. Implemented highly efficient valid Statistical Sampling Plans for Components at Incoming Inspection (ANSI Z1.4-2003 and Z1.9)
- Expanded the existing QMS systems from a contract manufacturing structure to direct manufacturer.
- Supported Operations to achieve 106% of target volume expectations in the first two months of production through the implementation of effective quality metrics, key performance indicators and performance scorecards.
- Extensive decision-making experience in change management, 21 CFR 820 quality management systems, CAPA (corrective and preventative action), personnel and conflict resolution, market health hazard assessments and process validations.
- Acted as the FDA representative for the manufacturing site.

Quality Engineering Manager, Global Supplier Quality, Billerica, MA June 2016 – April 2018

- Established and managed a highly effective and compliant world class Supplier Quality Program for the organization
- Developed and managed Statistical Techniques training program for the entire organization (1000+ employees)
- Led the Supplier Audits for the organization by performing 50+ audits per year
- Oversaw the incoming inspection process at the CM to collaboratively resolve issues and drive improvements with suppliers
- Drove continues improvement for incoming parts/materials – Sampling Plans, Visual Aids, Supplier CAPA, Non-Conformances
- Collaborated with Supplier Engineering and raised the bar for supplier qualifications through application of statistical methods to improve supplier performance, productivity, and equipment validation practices (Cpk/Ppk, SPC, Sampling Plans, TMV)

Medtronic (formerly known as Covidien)

Quality Manager, Global (9 locations across North America) July 2015 – June 2016

- Managed the activities of the supplier quality program for 9 manufacturing plants by prioritizing objectives, developing project plans, assembling the necessary resources, executing supplier selection, evaluation, audits, qualification and monitoring activities and regular assessing the team's progress to improve quality and customer satisfaction
- Directly supported 9 Quality Engineers and 9 Plant Quality Managers with supply chain activities
- Analyzed supplier process capability and made recommendations for improvements/ corrective actions
- Developed and implemented continuous improvement projects of supplier quality
- responsibility for compliance to 21 CFR 820 and ISO 13485.
- Significantly Improved Key Performance Indicators for Supplier Quality activities for 9 manufacturing sites within one year

Operations Quality Engineer, Gananoque, ON Canada August 2013 – July 2015

- Managed manufacturing site supplier quality related activities: supplier CAPAs, external audits, internal audits, supplier evaluation and approval, supplier risk assessment, supplier audit schedule, non-conformities, supplier quality agreements, supplier performance, customer complaints, process and test method validations.
- Supported Class III product transition – plant readiness activities for the new AED PMA requirements
- Demonstrated 72% improvement of RM Non-conformities (NCR) Turn-Around-Time (TAT), 57% reduction of RM NCRs raised at manufacturing site; demonstrated 45% drop in the complaint rate overall, and 75% drop in confirmed complaints within one year

Quality Engineer, In-Process Manufacturing, Gananoque, ON Canada May 2012 – August 2013

- Developed Non-Conforming process for a manufacturing site and deployed as best practice to other manufacturing sites.
- Significantly improved (73%) TAT for departmental finished product NCRs (<30 days).
- Reduced Overdue Supplier related actions (both external and internal) by 60%.

EDUCATION/TRAINING

Masters of Science, Neuroscience, Summa Cum Laude, Queen's University
Bachelor of Science, Neuroscience, Cum Laude, York University
DMAIC Six Sigma Green Belt, Medtronic
Six sigma black belt professional – MSI
Six sigma lean professional - MSI
Sampling Plans - Subject Matter Expertise – Covidien
External/Internal Lead Auditor – Covidien
Project Management – Alison/Covidien

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 72BSBJD5076

Application/License No. _____

BIRDI, INC. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 43811 Plymouth Oaks Blvd., Ste. 100 Plymouth, MI 48170 (Address of Applicant/Principal), as PRINCIPAL, and HARTFORD FIRE INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Hartford Plaza Hartford, CT 06155 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 1, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 19th day of September, 2025.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. BX00Z0172

Application/License No. _____

Klutch cargo LLC, doing or intending to do business as a
Applicant/Principal
pharmaceutical wholesaler, whose address for purposes of service is
300 North Oakley Boulevard, Chicago, IL 60612, as
Address of Applicant/Principal
PRINCIPAL, and Jet Insurance Company, a
Surety Company
corporation organized under the laws of the state of North Carolina
State of Incorporation
and authorized to transact a general surety business in the State of
Nevada, whose address for purposes of service is
6701 Carmel Rd Ste 250 Charlotte, NC 28226 as
Address of Surety
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 07/09/2025.
Effective Date

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 9th day of July, 2025.

POWER OF ATTORNEY

NOW ALL BY THESE PRESENTS: That **JET INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of North Carolina, having its principal office in Charlotte, North Carolina does hereby constitute and appoint

Name	Limit of Liability per Bond
David Gonsalves	**$25,000.00**

its true and lawful Attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds, undertakings, contracts of indemnity, recognizances and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, provided that the liability of such shall not exceed the limit stated above.

The execution of such instrument(s) in pursuance of these presents, shall be as binding upon **JET INSURANCE COMPANY** as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at the principal office.

The Power of Attorney is executed and may be certified so, and may be revoked, pursuant to and by authority of the following resolutions adopted by the Board of Directors of **JET INSURANCE COMPANY** by unanimous written consent dated August 03, 2018, of which the following is a true excerpt:

RESOLVED that the President, or any Vice President, acting with any Secretary or Assistant Secretary, shall have power and authority to appoint Attorney(s)-in-fact, and to authorize them to execute on behalf of the Company, attach the Seal of the Company thereto and deliver, bonds, undertakings, contracts of indemnity, recognizances and other writings obligatory in the nature thereof; to prescribe their respective duties and the respective limits of their authority; and to revoke, at any time, any such Attorney-in-fact and revoke the authority given.

Further, this Power of Attorney is signed and sealed by facsimile pursuant to resolution of the Board of Directors of the Company adopted by unanimous written consent dated August 3, 2018, of which the following is a true excerpt:

RESOLVED that the signature of any authorized officer and the Seal of the Company may be affixed by facsimile to any Power of Attorney or certification thereof authorizing the execution on behalf of the Company and delivery of any bond, undertaking, contract of indemnity, recognizance and other writings obligatory in the nature thereof, and such signature and seal when so used shall have the same force and effect as though manually affixed.

IN WITNESS WHEREOF, **JET INSURANCE COMPANY** has caused this instrument to be signed and its corporate seal to be affixed by its authorized officer, this 17th day of May, 2023.

LSSGB

Operations Management Executive

Noted for managing multi-million-dollar pharmacies, generating double-digit revenue growth, achieving Six Sigma quality results, and consistently exceeding company and industry employee engagement benchmarks.

Resourceful leader known for optimizing multi-site pharmacy operations, implementing innovative process improvements, and developing high-performing teams across retail and mail-order settings. Experienced in driving high-value cost savings through strategic initiatives, accelerating operational efficiency through workflow modifications, and maintaining exceptional customer service metrics. Distinguished for expanding organizational footprint, directing successful pharmacy openings across multiple states, and managing entire lifecycle of pharmacy operations from staffing to inventory control to regulatory compliance.

Areas of Expertise

- Pharmacy Operations Management
- Long-term Care Pharmacy Services
- Team Leadership & Development
- Mail-order Pharmacy Operations
- Inventory Optimization & Control
- Revenue, Profitability Enhancement
- Employee Engagement & Retention
- Customer Experience Management
- Healthcare Regulatory Compliance
- Continuous Process Improvement
- Business Expansion Planning
- Creative Problem-solving
- Quality Control Systems
- Facility Launch & Setup
- Budget & Cost Control

Signature Accomplishments

- Leveraged strong business acumen and market insights to accomplish $60M revenue growth.
- Positioned Chicagoland mail-order pharmacy center as a top-tier site for employee growth and facility tours.
- Drove network-wide operational and procedural improvements as a model for corporate best practices and excellence.
- Enhanced customer service by reducing medication transit time by two days and achieving over 99% pharmacy turnaround.

Professional Experience

CVS/Caremark PBM **2014 – Present**

Lead Director of Operations

Capitalize on a unique combination of leadership, managerial, and analytical skills to direct daily operations of back-end mail order pharmacy nationwide and supervise a team of 500 employees. Accelerate team productivity and engagement through talent development initiatives such as role clarification, goal setting, recognition programs, and efficiency tools.

- Led filing and shipment of 30M prescriptions annually, improving Six Sigma quality, profitability, and exceeding revenue goals.
- Innovated and executed staffing action plans to enhance top talent diversity and improve prescription output performance.
- Accomplished optimum employee engagement scores, surpassing company and industry averages for 5 consecutive years.
- Launched a Satellite mail order pharmacy in San Antonio, Texas, for GLP-1 cold medications, saving $2.2M annually.
- Steered establishment of the "Big Little Breakthrough" supervisor development and process improvement program.

- Delivered Six Sigma quality outcomes by leading quality team in implementing process improvements and controls.
- Secured best employee engagement survey scores in company, outpacing competitors by 10 points.
- Achieved all service metric and client performance guarantee goals, saving $2.5M.
- Received Leadership Breakthrough Awards for dedicated team development.
- Slashed pharmacist hours by 20% by instituting new process improvement.

Pharmacy Alternatives (PAL), a division of ResCare Incorporated ***(Multiple Promotions) (2009 – 2014)***

Vice President of Pharmacy Operations **2013 – 2014**

Oversaw daily operations of nine long-term care pharmacies, producing $100M in annual revenue. Formulated and implemented strategic plans to enhance operational capacities, improve client satisfaction, and ensure financial sustainability.

- Orchestrated notable revenue escalation from $45M to $100M by devising strategic plans.
- Spearheaded entire organization towards improved customer satisfaction.
- Expanded operations by establishing new sites to drive revenue growth.
- Boosted number of patients catered to from 6,000 to 17,000.
- Guided a team of 200 dedicated employees to success.

Regional Director of Pharmacy Operations **2011 – 2013**

Administered daily activities for seven long-term care pharmacies across the nation, generating $70M annual revenue. Oversaw corporate functions, including integration, audit, purchasing, and medical records departments. Executed major HR functions such as recruiting management staff, including Director of Pharmacy staff, Pharmacy Managers, and Department Managers for Pharmacy Alternatives. Served as Co-Chair for the Natural Disaster Emergency Preparedness team.

- Supervised and guided a team of 190 employees, focusing on ensuring optimal performance levels.
- Spearheaded consistent expansion efforts resulting in opening of an additional pharmacy in 2013-2014, increasing revenue by $4M and extending services to three more states.
- Supervised third-party vendor for pharmacy operating system and assessed efficiency capabilities.
- Teamed up with IT department and software vendor (Softwriters) to conduct software upgrades and drive pharmacy metrics.
- Boosted operating facilities by twofold through establishment of four new long-term care pharmacies in four states.
- Boosted productivity by implementing companywide pharmacy workflow adjustment using Six Sigma principles.

Director of Pharmacy **2009 – 2011**

Directed seamless delivery of optimal pharmacy services to long-term care facilities catering to individuals with developmental disabilities. Coordinated delivery of drugs to facilities and managed as well as ensured optimal levels of pharmacy inventory.

- Led a team of 25 employees, trained nursing facility staff, and ensured strict compliance with legal pharmacy paperwork.
- Attained 10% increase in customer satisfaction levels by enhancing customer service relations and resolution time.
- Headed daily pharmacy operations and provided services to 2,800 beds, generating an annual revenue of $12M.
- Negotiated win-win contracts with drug manufacturers and suppliers to maintain cost-effective supplies.
- Fostered strong business relationships with directors of long-term care facilities.

Additional Experience

Pharmacy Manager | Walgreens Pharmacy

- Achieved promotion to a pharmacy with increased revenue.
- Ensured compliance with all legal requirements of pharmacy law.
- Recruited and provided training to students from Chicago College of Pharmacy.

1552

- Resolved customer complaints and managed drug ordering, returns, and inventory control using SIMS computer system.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Vice President of Pharmacy S (title) for Renown Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Adam Porath, PharmD hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Vice President of Pharmacy Service (title) for Renown Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Israa Mahmood Pharmacist Registration #: 19322

Pharmacy Name: Renown Pharmacy

Initial each statement below to indicate you have read and agree with the following:

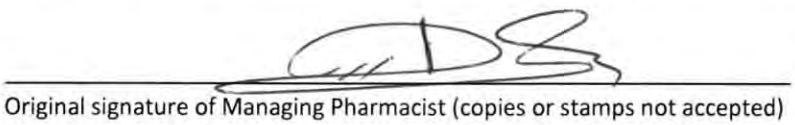
IM I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

IM I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

IM I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

IM I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

IM I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540



Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✓
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✓

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President, Secretary and Treasurer (title) for AccuMix Pharmacy LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Supervising/Managing Pharmacist Name (NRS 639.220): Marco V. Onoroto

Supervising/Managing Pharmacist NV Pharmacist Registration #: 22932

Name of Designated Person(s) as defined by revised USP-797 guidelines: Marco V. Onoroto

Email of Designated Person(s): marcoo@accumixrx.com

Telephone of Designated Person(s): (630) 749-2771

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☑ Category 1 ☑ Category 2 ☑ Category 3

If you marked **"Category 3"**, you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☑ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☑ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ☑ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? Dec 2025

6. What is the frequency of the recertification for the ISO classified areas? 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ☑ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☑ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? weekly

10. Will you be performing sterile hazardous drug compounding? Yes (No)

If you marked **"Yes"**, you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Tirzepatide / Niacinamide
Semaglutide / Cyanocobalamin

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL

Address: 840 Research parkway, Ste. 546

City: Oklahoma city State: ok Zip: 73104

Telephone:

13. What is your procedure for visual inspection of compounded sterile products?

Visual inspection for clarity, turbidity and particulates against a dark and light field

14. How often do you perform glove fingertip and medial fill testing? Every 3 months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Each member receives training and is certified in Sterile compounding

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Daily Cleaning with 3% Hydrogen peroxide of all Horizontal surfaces followed by Sterile IPA. Weekly cleaning of all surfaces with a sporicidal agent (Acetic Acid/3% H_2O_2.)

17. Who performs the sterile compounding process at your facility? Certified pharmacy technicians and pharmacists.

18. Who is responsible and accountable for the sterile compounding process at your facility?

Designated person - PIC

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

package and transit/cold chain testing

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)			
1. What type of primary engineering controls will you be using in your facility? 2 x Baker Edgegard Laminar Flow Hoods			
2. Are you complying with all USP 800 guidelines?		(Yes)	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?		(Yes)	No
4. Is your BSC or CACI vented 100% to the outside?		(Yes)	No
5. Do you have a negative pressure buffer room at your facility?		(Yes)	No
6. Will you be compounding with antineoplastic HDs or HD API?		Yes	(No)
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	N/A	Yes	No
8. Will you be utilizing a closed system transfer device?	N/A	Yes	No
9. If yes, list the name of the device:			

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Tirzepatide/Niacinamide
Semaglutide/Cyanocobalamin

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Initially and every 3 months

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? (Yes) No

4. What is the frequency for completing volumetric active air sampling?

Monthly

5. What is the frequency for completing surface sampling? weekly		
6. What is the frequency for using sporicidal agents? weekly		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	(Yes)	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	(Yes)	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
	General Pharmacy		
1.00	Is the PIC (or pharmacy manager/director) present for the inspection? *If no, list the pharmacist on duty.*	Yes	
2.00	Is the PIC employed full-time at the pharmacy? *List the number of hours worked per week onsite.*	Yes	40 Hours
3.00	Are there any other businesses located at this address? *If yes, note type of business and name.*	Yes	AccuRx sales personnel also work onsite. AccuRx is the support/sales piece of the endeavor and is its own LLC separate from Accumix.
4.00	Does the pharmacy have any other websites? *Provide list of other names/URLs.*	No	
4.01	Does the pharmacy hold .pharmacy verification?	No	
5.00	Do any other websites link to the pharmacy website (such as a provider, or other affiliate)? *If yes, list.*	No	
6.00	Does the pharmacy allow patients to securely enter/update profile and medical information through the website (such as through a secure patient portal)?	No	
7.00	Are patients able to order or refill prescriptions through the website? *If yes, describe.*	No	
8.00	Are photographs allowed during the inspection (no PHI)?	Yes	
9.00	List of additional personnel **interviewed as part of the inspection, including name and title:**		Mark Aguilar, Technician Jenny Klevin, Technician

		Finding	Notes
	Types of Practice Additional Questions **If any part of a question is no, enter "No" and explain the observation.**		
10.00	If the pharmacy mails or delivers filled prescriptions (patient specific, labeled with patient name when it leaves the pharmacy), are any of the deliveries to a provider or facility for administration to the patient? *If yes, indicate volume or percentage of deliveries going to a provider or facility in this state, and volume or percentage of deliveries going to a provider or facility in other states.*	Yes	80% of the prescriptions are delivered to the provider's office in all the states.
11.00	Does the pharmacy provide prescription products to a provider or facility for "office use" (not pursuant to a prescription received prior to delivery, not patient specific, not labeled with the patient name)? *If yes, indicate volume or percentage provided to a provider or facility within this state, and volume or percentage provided to a provider or facility in other states.*	No	All the prescriptions are patient specific.
12.00	Does the pharmacy provide prescription products to providers or facilities (including other pharmacies) as a wholesale distributer (sold to the provider or facility for their use, administration, or providing/dispensing to patients)?	No	
13.00	If yes, is the percentage of product distributed at wholesale to providers or facilities within this state less than 5%? *Indicate actual percentage and if the percentage is based on number of units, number of prescriptions, dollar volume of total sales or dollar volume of prescription sales.*	N/A	
14.00	If yes, is the percentage of product distributed at wholesale to providers or facilities in other states less than 5%? *Indicate actual percentage and if the percentage is based on number of units, number of prescriptions, dollar volume of total sales or dollar volume of prescription sales.*	N/A

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Finding	Notes
	General Operations and Licensure **If any part of a question is no, enter "No" and explain the observation.**		
15.00	Are pharmacy licenses, permits, and registrations (state, controlled substance, DEA, etc) posted in customers' view and current? *If no, provide details such as closed-door pharmacy, expired licenses, etc*	No	The facility is a closed door pharmacy and only displays their home state licensure. The facility is licensed in SC, MN, AR, NJ, PA, MO, ND, CT, RI, NM, TX, AK, AZ, CO, DE, FL HI, ID, IA, ME, MI, MO, NV, NH, NY, NC, OH, WI. The license certificates for NM, IA, NJ, NV, MO, and MN were expired. The license certificates for AK, AZ, CO, DE, HI, ID, ME, MI, NV, NY, OH, and WI were missing. See Doc05_GP15.00.
16.00	Is the most recent board of pharmacy inspection report available for review? *Record the date of the last inspection and how frequently the pharmacy is routinely inspected by the board.*	Yes	The last state board inspection was in 2021 and was included in the facility's application.
17.00	Were any deficiencies noted? *Indicate the deficiencies and note whether they were corrected*	No	No deficiencies were noted.
18.00	Does the pharmacy hold ANY wholesale, distributor, or manufacturer licenses? *Document information in the license grid above for Resident State and in the Notes for Non-Resident States.*	No	
19.00	Has this pharmacy been inspected by any other state for which it holds a license? *If yes, note the state and the date of the inspection and frequency of inspections by other states*	No	
20.00	Is the pharmacy operating under an exemption or restriction granted by the state in which the pharmacy is located or by any other state in which the pharmacy is licensed? *If yes, note the exemption or restriction*	No	The pharmacy has an exemption in NM to have an active license until March 31, 2024 so that the facility can have a VPP inspection completed as part of the licensure renewal.
21.00	Is the pharmacy operating under a waiver or variance granted by the state in which the pharmacy is located or by any other state in which the pharmacy is licensed? *If yes, note the waiver or variance*	No	
22.00	Does the pharmacy have any additional restrictions, limitations, or waivers with regards to any federal licenses or registrations (FDA, DEA, etc)? *If yes, note the agency and additional item*	No

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
23.00	Has the pharmacy been inspected or visited by the DEA? *If yes, indicate the inspection/visit date and note any deficiencies. Also note how frequently the pharmacy is inspected/visited by the DEA.*	Yes	The DEA visited the facility in November 2021, due to the initial registration of the facility. No deficiencies noted.
24.00	Has the pharmacy been inspected by the FDA? *If yes, indicate the inspection date and note any deficiencies, significant correspondence, or if a "483" was issued and date, and response and date. Also note how frequently the pharmacy is inspected by the FDA.*	No	
25.00	Does the pharmacy hold any accreditations or certifications? *If yes, indicate which and collect most recent date of survey.*	No	
26.00	Has the pharmacy held any accreditations or certifications in the past that they no longer hold? *Provide a list and the reasons for such.*	No	
27.00	Does the pharmacy perform patient lab testing such as blood glucose tests, cholesterol tests, etc? *Verify that the lab director is current (usually the PIC is the lab director named). If yes, record the Clinical Laboratory Improvement Amendments (CLIA) waiver information, expiration date, and the name of lab director listed.*	No	
28.00	Does the pharmacy maintain all required records, including but not limited to prescription files and invoices on site? *Record how long records are kept. If not on site, where?*	Yes	Records are kept onsite for 5 years.
28.01	Are written and verbal prescriptions (reduced to writing) kept on site for the entire retention period? *If not, explain including how long they are stored on site?*	Yes	
28.02	Are electronic prescriptions (such as fax, e-scripts) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy).*	Yes	E-scripts are printed and placed in the profile folder for each patient.
28.03	Are all dispensing records (such as refills, verifications, DUR overrides) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy).*	Yes	Dispensing records are kept electronically. The facility uses Summit to process prescriptions and BestRx for the POS system.
28.04	Are there systems in place to prevent a pharmacy record from being deleted after the prescription has been dispensed? *Describe how they are kept (electronically or printed and kept in hard copy).*	Yes	Records cannot be deleted from the system.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
28.05	If record are stored off site are they secure in a HIPAA compliant manner and readily retrievable?	N/A	No records are stored offsite.
29.00	Is there a statement in the P&P, or are other means used to ensure that the most stringent laws/regulations are followed? *Describe system details.*	No	
	Personnel **If any part of a question is no, enter "No" and explain the observation.**		
30.00	Are all pharmacist, pharmacy intern, and pharmacy technician (if applicable) licenses or registrations with the board current and in good standing? *Describe how this is documented.*	Yes	Personnel licenses are on display.
31.00	Is there a process for periodic verification of validity of licenses? *Describe the process.*	Unknown	The PIC stated that a primary source verification on personnel licenses is performed annually and documented but when this documentation was requested by the inspector, it could not be produced.
32.00	If pharmacists are providing patient services that require additional training or certification, are they appropriately trained and certified? *(Immunization, CPR, MTM, etc.). Mark NA if no patient services that require additional training/certification. If yes, list certifications and if current?*	N/A	
33.00	Does the pharmacy maintain the proper technician-to-pharmacist ratio? *Mark N/A if not required by resident state. Indicate ratio used and the maximum number of staff who work at the same time.*	N/A	
	Facility and Security **If any part of a question is no, enter "No" and explain the observation.**		
34.00	Does the pharmacy have a working security/alarm system in place? *If yes, describe.*	Yes	The facility has an ADT system for fire and burglar monitoring that consists of two systems, one for the pharmacy and one for the rest of the facility. The pharmacy system has door and motion sensors. The facility system has motion, door, and window break sensors. Only pharmacy personnel can disable the alarm system in the pharmacy.
35.00	Are Schedule II controlled substances secured in a locked cabinet or safe? *If not, describe how controlled substances are secured or stored.*	N/A	There are no CIIs onsite.
36.00	Are there contingency plans in the event the pharmacy cannot be secured? *Describe how the drug products will be secured and handled.*	Yes	The pharmacy would be closed for business and products would be secured in the onsite safe.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
37.00	Is the pharmacy clean and sanitary, and is there appropriate space for the prescription volume? *Look for clutter, or crowded counters or stacks of prescriptions to be checked. If no, document with photo*	Yes	
37.01	Is the working area well lit and free of tripping hazards? *If no, document with photo*	Yes	
37.02	Is there a sink with hot and cold running water?	Yes	
37.03	If the pharmacy destroys prescription products on site (such as expired, damaged, recalled, etc), do they appropriately document the destruction? *View destruction logs. Mark NA if no destruction on site*	N/A	No products are destroyed onsite.
37.04	Does the pharmacy return prescription products to the manufacturer, distributor, or send to a reverse distributor for destruction? *If yes, indicate name of reverse distributor used*	Yes	AMS Store and Shred, LLC
37.05	Does the pharmacy have a hazardous waste handling and collection system? For example, empty bottles that contained chemotherapy medications or warfarin, or hazardous drug compounding waste. *If yes, indicate how often the bin is emptied/collected and the vendor used*	N/A	There are no HDs onsite.
38.00	Does the pharmacy have a private area for patient counseling and providing patient services? *Describe*	N/A	This facility is a closed-door pharmacy.
39.00	Is temperature in the drug storage area maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements? *Describe. Record the temperature at the time of inspection*	Yes	The current temperature is 70.7°F.
39.01	Is temperature monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max? Temperature records are maintained. *If yes, describe the process*	No	The CRT area is not continuously monitored.
39.02	Are excursion action plans in place including evaluating excursion effects on drug product integrity?	No

Inspection Date: 2/5/2024

		Finding	Notes
40.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
41.00	Does the pharmacy have a process for how the refrigerator temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	The refrigerators are continuously monitored by a LaCrosse Alerts Mobile system. Fridge 1 alerts at 32° and 46°F Fridge 2 alerts at 30° and 46°F Fridge 3 alerts at 32° and 46°F Temperature alerts go to technician Mark Aguilar, Mark monitors the temperatures for issues, but since the allergenic extracts are allowed large excursions temperatures are usually not an issue. Allergenic extracts can be placed in another refrigerator if there is an issue.
41.01	Is the temperature in the refrigerator within the USP range (2°-8°C or 36°-46 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the refrigerator at the time of inspection.*	Yes	Fridge 1 = 42.4°F Fridge 2 = 42.8°F Fridge 3 = 44.2°F
42.00	Does the pharmacy have a process for how the freezer temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	N/A	There are no frozen products onsite.
42.01	Is the temperature in the freezer within the USP range (between −25° to −10°C or −13° to 14 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the freezer at the time of inspection.*	N/A	There are no frozen products onsite.
43.00	Are there contingency plans in the event of power outage or refrigerator/freezer failure? *Describe process.*	Yes	Products would be moved to another refrigerator or to a cooler with ice packs.
44.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe processes.*	Yes	No compounding would occur until the issue was fixed.
45.00	Is there a plan of action if there are any temperature or humidity excursions to determine if the integrity of the products has been compromised?	Yes	
46.00	Does the pharmacy utilize any automated apparatuses for prescription processing/counting (such as robotics, Baker cells, etc)? *List numbers and types.*	No	
46.01	If yes, do they have and follow policies and procedures addressing cross-contamination and identification of drug products?	N/A

		Finding	Notes
	Product Receipt and Inventory **If any part of a question is no, enter "No" and explain the observation.**		
47.00	Does the pharmacy have a documented process for establishing sources (vendors) of prescription drugs? *Describe.*	Yes	The facility only orders allergenic extracts and sterile water/saline. Allergenic Extracts are produced by Greer, ALK, and Hollister. This facility sources extracts from Greer and ALK, with ALK being the primary supplier. Greer and ALK also supply the sterile water/saline solution for dilution. See Photo09_GP47.00, Photo10_GP47.00, Photo11_GP47.00, Photo12_GP47.00, Photo13_GP47.00, Photo14_GP47.00, Photo15_GP47.00, Photo16_GP47.00, Photo17_GP47.00, Photo18_GP47.00, and Photo19_GP47.00.
47.01	Does the pharmacy purchase all prescription drugs directly from the manufacturer?	Yes	
47.02	Does the pharmacy purchase (obtain) prescription drugs from other pharmacies? *If yes, list pharmacy source information, and circumstances leading to the purchase.*	No	
47.03	Does the pharmacy purchase (obtain) prescription drugs from wholesale distributors (non-manufacturer sources)? *List non-manufacturer sources.*	No	All products are purchased from Greer and ALK.
47.04	Does the pharmacy require wholesale distributor sources to purchase prescription drugs directly from the manufacturer? *If yes, how is this verified?*	N/A	
47.05	Does the pharmacy purchase drugs from wholesale distributors that purchased the drug from other wholesale distributors? *If yes, Describe the due diligence steps to determine the source's legitimacy and legitimacy of the drugs sold by the vendor. (For instance, does the pharmacy examine transaction histories and limit the number of movements of drugs between wholesale distributors, and look for pharmacies in the supply chain?)*	No	
47.06	Does the pharmacy determine that all sources listed on transaction histories have requisite state licensing? *If yes, describe the process.*	No	Greer and ALK have BLA resaler licenses.
47.07	Does the pharmacy determine that all sources listed on transaction histories have reported to FDA's Wholesale Distributor database? *If yes, describe the process.*	N/A	The facility only purchases allergenic extracts and sterile water/saline.

		Finding	Notes
47.08	Does the pharmacy have a process to handle suspect and illegitimate product investigations? *If yes, describe the process.*	N/A	The facility only purchases allergenic extracts and sterile water/saline.
47.09	Has the pharmacy conducted any suspect or illegitimate product investigations? *If yes, describe the details, including the drug, circumstances, outcome, and identification of agencies to whom reported.*	N/A	The facility only purchases allergenic extracts and sterile water/saline.
47.10	Does the pharmacy ensure transaction data (transaction history, transaction information, transaction statement, also known as 3T data) is received at the same time or before the product is received? *Examine recent purchases to determine if the pharmacy is receiving and maintaining 3T data for a minimum of 6 years.*	N/A	The facility only purchases allergenic extracts and sterile water/saline.
47.11	Does the pharmacy have a procedure to verify product (suspect or illegitimate) including quarantine of product and reporting?	N/A	The facility only purchases allergenic extracts and sterile water/saline.
48.00	Does the pharmacy utilize paper DEA-222 forms to procure Schedule II substances? *If yes, how are they secured? Who has the authority (Power of Attorney) to sign the DEA-222 forms?*	N/A	There are no controlled substances onsite or ordered by the facility.
49.00	Does the pharmacy utilize CSOS (electronic Schedule II ordering) to procure Schedule II substances? *If yes, who can place orders in CSOS?*	N/A	There are no controlled substances onsite or ordered by the facility.
50.00	Is the receipt of Schedule II orders documented appropriately? *DEA-222 has the quantity and date on each line of product received, the CSOS record (electronic or paper printout) indicates verification of receipt and staff performing verification.*	N/A	There are no controlled substances onsite or ordered by the facility.
51.00	Are invoices for controlled substances (Schedules I-V) that are received filed separately and are the invoices signed/initialed and dated upon receipt and every item checked in?	N/A	There are no controlled substances onsite or ordered by the facility.
52.00	Are all orders received when the pharmacy is open? *Verify the orders are brought directly to the pharmacy still sealed and not delivered before the pharmacy is open.*	Yes

		Finding	Notes
53.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If so, describe which products and from where they are purchase (collect name and license of other entity)*	No	
54.00	Does the pharmacy have a system in place to track prescription drug products in order to detect diversion or theft? *Describe (for example, inventory or shrink report tools used, perpetual inventory in computer, etc)*	No	
54.01	Are incidents of diversion or resignation/termination of personnel for cause reported? *Indicate agencies/law enforcement to whom reports are made*	N/A	
55.00	Does the pharmacy keep a perpetual inventory log of all Schedule II controlled substances (including APIs, if applicable)?	N/A	
56.00	Is the Schedule II perpetual inventory log reconciled regularly? *Indicate how often the Schedule II controlled substances are counted. View the perpetual log and verify that reconciliation is taking place*	N/A	There are no controlled substances onsite.
57.00	Is the most recent complete controlled substances inventory available for review? *Indicate the date of the last inventory and frequency taken (minimum every two years)*	No	No controlled substance inventory is documented.
57.01	Does the pharmacy maintain other required inventories (such as change in PIC, theft/loss, etc)?	No	No controlled substance inventory is documented.
58.00	Does the pharmacy stock and sell OTC pseudoephedrine (and/or ephedrine) products? If yes, indicate if the sale is recorded electronically or manually in a logbook.	No	
58.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states*	N/A	
59.00	Does the pharmacy stock and sell other OTC restricted products for which ID is required and a log kept of the sale? *If yes, indicate product types*	No

		Finding	Notes
59.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A	
60.00	Are outdated, damaged, or recalled products segregated? *If yes, how often does the pharmacy check for out-of-date products? Does it include OTC products?*	Yes	The Summit system tracks lot numbers and expiration dates of products. Products are pulled one month out.
60.01	Are all drugs within active-stock within expiration date? *Examine shelves, refrigerator and freezer.*	Yes	
60.02	How often is active-stock examined for drugs past the expiration date?		The Summit system instructs when to pull products. Products are inspected prior to compounding.
61.00	Does the pharmacy **prepackage** bulk containers of prescription medications into smaller containers for ease of use? *What BUD is used on the prepackaged container?*	No	
62.00	Does the pharmacy **prepack** multiple drugs into a single container for compliance packaging? *What BUD is used on the prepacked containers?*	No	
63.00	Does the pharmacy return to stock prescription drugs that were filled but never picked up?	N/A	All prescriptions are mailed to the patient or provider.
63.01	If yes, are they maintained in the appropriate container, with PHI removed and BUD adjusted?	N/A	All prescriptions are mailed to the patient or provider.

Inspection Date: 2/5/2024

		Finding	Notes
	Prescription Processing **If any part of a question is no, enter "No" and explain the observation.**		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	Pharmacists and technicians enter profile data and the profile is updated whenever a new order is received.
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how is it indicated in the system the prescription is a veterinary prescription?*	N/A	
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familiar with detecting fraud in hard copy, faxed, verbal, and electronic prescriptions.*	Yes	The facility only can only fills allergenic extract prescriptions from Internal Medicine physicians that are enrolled with AccuRx. The Summit tracks clinics and providers and if a prescription comes from provider not in the system the pharmacist would investigate and get the prescriber enrolled in AccuRx or deny the prescription. Allergenic extract prescriptions must be faxed. Summit cannot receive E-Rxs. The BestRx system can receive E-Rxs, but these are always prescriptions mistakenly sent to the facility and are never filled.
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process*	Yes	The facility will notify providers if they cannot fill a prescription.
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	The facility only can only fills allergenic extract prescriptions from Internal Medicine physicians that are enrolled with AccuRx.
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both*	Yes	Both noncontrols and controls.
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	N/A	No electronic prescriptions are accepted. The BestRx system has electronic prescription capabilities so that it can report PMP data (which are all zero reports) to the states.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom*	Yes	Pharmacists must verify all prescriptions.
67.00	**DUR:** Does staff conduct prospective DUR prior to the dispensing of a medication or product? *Describe at what point in the process does the DUR take place?*	N/A	No DURs are performed since the facility only fills allergenic extracts.
67.01	Does the DUR include: • drug-drug interaction (Prescription and OTC), • drug-allergy interaction, • therapeutic duplication, • under- or over-utilization (including clinical abuse/misuse), • disease state or condition contraindication, • Incorrect dosage or duration of therapy, and • gender or age related contraindications. *Indicate if there are other parameters routinely included in the DUR*	N/A	No DURs are performed since the facility only fills allergenic extracts.
67.02	In addition to the pharmacy DUR software, does the pharmacy staff obtain other information to use in the DUR process? *Describe*	N/A	No DURs are performed since the facility only fills allergenic extracts.
67.03	Does the pharmacy have adequate resources/references related to the type of pharmacy practice it operates?	Yes	USP Compounding Compendium, Facts and Comparisons, Trissel's Handbook on Injectable Drugs, Extended Stability for Parenteral Drugs, Trissel's Stability of Compounded Formulations, The Art, Science, and Technology of Pharmaceutical Compounding, Pharmaceutical Calculations, The CDC Handbook
67.04	Does the pharmacy report required data to the state PMP (in this state and the other states in which the pharmacy is licensed)? *Describe*	Yes	BestRx sends PMP data (zero reports) daily.
67.05	Does the pharmacy access state PMP/PDMP data for specific patients? *Verify there is a policy regarding access and follow-up or reporting and that pharmacist can access the PMP data.*	No	
67.06	Are DUR overrides/bypasses documented? *Indicate how the override is documented and who has override capability*	N/A	No DURs are performed since the facility only fills allergenic extracts.

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
67.07	Is the DUR process performed electronically by the computer system? *Identify integrated drug database used.*	N/A	No DURs are performed since the facility only fills allergenic extracts.
67.08	If the DUR is manual, is there a system to document: • How manual DUR is performed • Specific issues that were identified • Pharmacist that considered the identified issues and gave the okay to proceed	N/A	No DURs are performed since the facility only fills allergenic extracts.
67.09	If the pharmacy dispenses veterinary prescriptions, does it have a veterinary drug database integrated into the computer system for electronic DUR? *List veterinary product electronic database used. If not, list compendia used for performing manual DUR.*	N/A	The facility does not dispense any veterinary prescriptions.
68.00	Are filled prescriptions verified for accuracy prior to dispensing? *Indicate process, by whom, and how documented.*	Yes	Pharmacists verify prescriptions prior to dispensing and document the check on the compounding record.
69.00	Are filled prescriptions appropriately labeled? *Describe.*	Yes	See Doc04_GP69.00.
70.00	**Confidentiality**: Does the system have adequate safeguards to prevent a user from performing functions under a different user account or beyond what they are authorized to perform? *Password protected, access limited by job type, access revoked as appropriate such as upon termination. Record name/brand of pharmacy computer system used.*	Yes	BestRx and Summit are password protected and limit functions based on user profiles.
70.01	Does the pharmacy destroy PHI including labeled prescription vials?	Yes	
71.00	**Mail/Delivery:** If applicable, are packing materials designed to maintain the physical integrity, stability, and purity of prescription medications and compounded preparations in transport?	Unknown	The facility ships prescriptions via ground or second day delivery. Interviewed staff claim they perform winter and summer testing on their packouts but could not provide any of the data. The facility does not have standard packouts that are followed when shipping prescriptions and pack boxes with arbitrary amounts of cold packs.
72.00	**Off-Site Processes:** Are any portions of the prescription processing (in the questions below) performed at a different location? ***Note: Please ask each question below to verify.***	No

72.02	If yes, is that location in a different state than this facility? *If so, explain.*	N/A	
72.03	If yes, are there policies and procedures for identifying who is responsible for each step of prescription processing?	N/A	
73.00	**Off-Site Inventory:** Does the pharmacy maintain any emergency kits in nursing homes, long-term care facilities, or other entities (such as hospice, EMTs, ambulances)? *Note name(s) of facilities or entities.*	No	
73.01	Do the emergency kits contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored, non-patient specific?*	N/A	
74.00	**Off-Site Inventory:** Does the pharmacy maintain any automated prescription dispensing devices outside the pharmacy such as Pyxis in a nursing home, or a secure mailbox device that patients access after hours, etc? *Note types and locations.*	No	
74.01	If yes, are the automated devices appropriately licensed, registered, or approved by the board of pharmacy? *Provide details.*	N/A	
74.02	Do the automated dispensing devices contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored, non-patient specific?*	N/A	
	Patient Counseling and Communication **If any part of a question is no, enter "No" and explain the observation.**		
75.00	Does the pharmacist provide counseling for all <u>new</u> prescriptions picked up at the pharmacy (proactively, no "offer")?	N/A	Prescriptions are never picked up at the pharmacy.
75.01	Is an "offer" to counsel made for all <u>new</u> prescriptions picked up at the pharmacy? *Indicate who makes the "offer."*	N/A	Prescriptions are never picked up at the pharmacy.
76.00	Does the pharmacist provide counseling for all <u>refilled</u> prescriptions picked up at the pharmacy (proactively, no "offer")?	N/A	Prescriptions are never picked up at the pharmacy.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
76.01	Is an "offer" to counsel made for all refilled prescriptions picked up at the pharmacy? *Indicate who makes the "offer"*	N/A	Prescriptions are never picked up at the pharmacy.
77.00	Does the pharmacist provide counseling for refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist (proactively, no "offer")?	N/A	Prescriptions are never picked up at the pharmacy.
77.01	Is an "offer" to counsel made for all refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist? *Indicate who makes the "offer"*	N/A	Prescriptions are never picked up at the pharmacy.
78.00	Is patient counseling provided for delivered prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how*	No	There is an 866 number on the label for patients to call, but no written offer to counsel is provided with the prescription. Counseling on the prescription is usually provided by the prescribers.
79.00	Is patient counseling provided for mailed prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how*	N/A	
80.00	Are patient package inserts (PPIs) provided with every fill and refill of medications for which they are required (such as hormone products, inhalers, etc)? *Describe how*	N/A	The facility only fills allergenic extracts.
81.00	Are MedGuides provided with every fill and refill of medications for which they are required (such as NSAIDS, antidepressants, etc)? *Describe how*	N/A	The facility only fills allergenic extracts.

		Finding	Notes
82.00	Are REMS (Risk Evaluation Mitigation Strategy) implementation programs performed? Confirm that procedures are in place. *List programs (such as iPledge for isotretinoin or Tikosyn)*	N/A	The facility only fills allergenic extracts.
83.00	Is patient counseling, the offer to counsel, or the refusal of patient counseling documented? *Describe how*	Yes	Any patient counseling would be documented in the notes section of the patient profile, but this facility has never had to counsel a patient.
84.00	Do patients have 24-hour access to a pharmacist? *Note: may not be required by the resident state. Describe how (such as posted contact information and hours of operation)*	Yes	After hours calls are forwarded to the PIC's cellular phone.
85.00	Are processes in place to handle a drug recall?	Yes	
86.00	Does the pharmacy accept prescription drugs back for destruction as part of a drug take-back program?	No	
86.01	Does the take-back program include controlled substances?	No	
86.02	Does the pharmacy have a modified DEA registration for controlled substance take-back? *If yes, list*	N/A

Inspection Date: 2/5/2024

		Finding	Notes
	Quality Assurance/Quality Improvement Program **If any part of a question is no, enter "No" and explain the observation.**		
87.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program*	No	
87.01	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both*	N/A	Facility P&Ps are available in hard copy and electronic form.
87.02	"Quality-Related Event" (QRE) is defined to mean any departure from the appropriate dispensing of a prescribed medication that is or is not corrected prior to the delivery and/or administration of the medication including (but not limited to): 1. a variation from the prescriber's prescription drug order such as incorrect drug, strength, form, or patient; or inadequate or incorrect packaging, labeling, or directions; 2. a failure to identify and manage over-utilization or under-utilization; therapeutic duplication; drug-disease contraindications; drug-drug interactions incorrect drug dosage or duration of drug treatment; drug-allergy interactions; or clinical abuse/misuse. 3. packaging or warnings that fail to meet recognized standards, the delivery of a medication to the wrong patient, or the failure to detect and appropriately manage a significant actual or potential problem with a patient's drug therapy.	Yes	Events are documented in an occurrence report. See Photo01, Photo02, and Photo03.
87.03	There is documentation of initial/ongoing (at least yearly) review and training of all pharmacy employees on the CQI program and processes. *For example, may be formal training or reviewed at a yearly meeting.*	N/A	There is no formal CQI program.
88.00	**Documentation of QREs** starts as soon as possible, but no more than three days, after determining their occurrence. *Indicate if documentation/forms are hard copy or electronic*	Yes	Hard copy

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
88.01	Documentation includes all the pertinent data about the prescription involved including personnel involved at each step.	Yes	
88.02	Documentation includes documenting the type of QRE details and how/who discovered the QRE.	Yes	
88.03	Documentation incudes possible contributing factors such as day and time the QRE occurred, number of pharmacists and technicians on duty, prescription volume that day, equipment failure, or other factors affecting work-flow at the time.	Yes	
88.04	Documentation includes steps taken to remediate including communications with the patient and the provider, and if the medication was ingested, disposition of the patient.	Yes	
89.00	**QRE data** collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc)*	No	Issues are analyzed and fixed after they occur.
89.01	The pharmacy uses the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs and increase good outcomes for patients.	Yes	
89.02	For pharmacies utilizing a drug formulary, a periodic review of such formulary is undertaken to ensure that appropriate medications are being offered/selected in the best interest of patients.	N/A	
90.00	**Quality meetings** are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	No	
90.01	The meeting reviews data showing evidence of the quality of care for patients and develops plans for improvements to increase good outcomes for patients.	N/A

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Finding	Notes
90.02	Improvements or changes made are evaluated for performance to measure the effectiveness of the CQI program.	N/A	
91.00	**Reporting:** Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported including if the pharmacy reports QREs to the board of pharmacy.*	Yes	The facility would complete MedWatch forms for any issues with the allergenic extracts. The appropriate state BoP would be notified if a patient was harmed.
91.01	Adverse events are reported to the appropriate entities such as the board of pharmacy, MedWatch, FDA, VAERS, etc?	Yes	
91.02	Incidents involving malfunctioning or defective medical equipment or devices (blood glucose meters, DME, injection devices, etc) are documented and reported to the manufacturer or distributor.	N/A	
92.00	**Quality Self-Audits** are performed by the pharmacy at least quarterly (and upon change in PIC) to determine whether the occurrence of QREs has decreased and whether there has been compliance with preventative procedures, and to develop a plan for improved adherence with the CQI program in the future.	No	
93.00	**Consumer Surveys** are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. A statistically valid sampling technique may be used in lieu of surveying every patient. Each pharmacy should use the results of its consumer survey to evaluate its own performance at a particular time and over a period of time.	No	
94.00	**Patient Complaints** are documented, tracked, and investigated as appropriate and the information is used as part of the CQI program.	Yes	Complaints are documented in an occurrence report.

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
	Standard Operating Procedures for Compounded Nonsterile Preparations (CNSPs)			
1.0	Does the pharmacy have standard operating procedures (SOPs) on all aspects of the compounding operation that cover the minimum topic requirements in USP <795> standards? ***If no, go to compliance statements.***	No		11
1.1	**Buildings and Facilities:** The pharmacy has an SOP for the compounding facility. ***Inspector note: Per USP <795>, there is a written SOP for "the method of designation" for the area designated specifically for nonsterile compounding and processes for maintaining, cleaning, and sanitizing the compounding area and equipment.***			4.1, 5, 11
1.2	**Personnel Training and Evaluation:** The pharmacy has an SOP describing the training program, the frequency of training, and the process for evaluating the competency of personnel. ***Inspector note: Per USP <795>, "Facility SOPs must describe procedures for monitoring and observing of compounding activities and personnel."***			2, 11
1.3	**Personal Hygiene and Garbing:** The pharmacy has an SOP regarding personal hygiene, glove, and garbing requirements consistent with compounding activities. ***Inspector note: Per USP <795>, "Garbing requirements and frequency of changing garb must be determined by the facility and documented in the facility's SOPs."***			3.3, 11

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
1.4	**Components:** The pharmacy has an SOP describing selection, handling, storage, and inventory control of all components used in compounding. ***Inspector note: Per USP <795>, "The compounding facility must have written SOPs for the selection and inventory control of all components from receipt to use in a CNSP."***			6.2, 11
1.5	**Temperature Monitoring:** The pharmacy has an SOP regarding temperature monitoring and handling of excursions. ***Inspector note: Per USP <795>, "The compounding facility must adhere to SOPs to detect and reduce the risk of temperature excursions within the storage area(s)."***			4.2, 11
1.6	**Equipment**: The pharmacy has an SOP for assessment of need for closed system processing devices (based on the types of CNSPs prepared). ***Inspector note: Per USP <795>, "Weighing, measuring, or otherwise manipulating components that could generate airborne chemical particles (e.g., active pharmaceutical ingredients [APIs], added substances, and conventionally manufactured products) must be evaluated to determine if these activities must be performed in a closed-system processing device to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples of closed-system processing devices include containment ventilated enclosures (CVEs), biological safety cabinets (BSCs), and single-use containment glove bags. The process evaluation must be carried out in accordance with the facility's SOPs, and the assessment must be documented."***		The pharmacy purchased equipment in preparation of performing more nonsterile compounding, but it has not been used yet. See Photo05_NS1.6, Photo06_NS1.6, Photo07_NS1.6, and Photo08_NS1.6.	6.1, 11
1.7	**Safety Data Sheet (SDS)/Spill Management:** The pharmacy has an SOP describing spill management and disposal. ***Inspector note: Per USP <795>, "The management and documentation of nonhazardous component spills and disposal must be described in the facility's SOPs."***			6.2.5, 11

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
1.8	**Master Formulation Records (MFR):** The pharmacy has an SOP on the process for MFR creation and content. ***Inspector note: Per USP <795>, "Any changes or alterations to a Master Formulation Record are approved and documented in accordance with the facility's written SOP."***			7.1, 11
1.9	**Labeling:** The pharmacy has an SOP on the processes for labeling, label verification (confirming against the prescription or medication order, the MFR, and the compounding record (CR)) in order to prevent errors and CNSP mix-ups and required displayed information. ***Inspector note: Per USP <795>, "Labeling procedures must be followed as described in the facility's SOPs to prevent labeling errors and CNSP mix-ups."***			9, 11
1.10	**Quality Assurance (QA)/Quality Control (QC) Program:** The pharmacy has an SOP regarding its QA and QC program, including roles of the designated person(s), trainers, compounding personnel; adherence to procedures; and prevention and detection of errors and quality issues. ***Inspector note: Per USP <795>, "QA and QC programs must be formally established and documented in SOPs that ensure that all aspects of the preparation of CNSPs are conducted in accordance with this chapter, and laws and regulations of the applicable regulatory jurisdiction."***			11, 12 USP <1163>
1.11	**QA/QC Program Complaint Handling and Adverse Event Reporting:** The pharmacy has an SOP for evaluation of complaints and adverse events, including investigations and corrective actions. ***Inspector note: Per USP <795>, the pharmacy, "must develop and implement SOPs for complaint handling." SOPs are to include any state or federal requirements for reporting to government agencies (example adverse event reporting). Further, "Consider whether to initiate a recall of potentially affected CNSPs and whether to cease compounding until problems have been identified and corrected."***			1.1.3, 11, 12.1, 12.2, 12.3

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
	Designated Person(s) and Personnel Training Program			
2.0	Does the pharmacy have a designated person(s) who meets the requirements in USP <795> standards? ***Inspector note: Per USP, "The compounding facility must designate one or more individuals to be responsible and accountable for the performance and operation of the facility and personnel in the preparation of CNSPs."*** ***If no, go to compliance statements.***	No		1.1.4
2.1	The designated person(s) (for the QA program) has the training, experience, responsibility, and authority to perform the duties required of them.	No		1.1.4, 12
2.2	The designated person(s) reviews facility SOPs at least every 12 months to ensure that they reflect current practice and such review is documented. ***Inspector note: Per USP, "The facility's SOPs must describe the roles, duties, and training of the personnel responsible for each aspect of the QA program... The overall QA and QC program must be reviewed at least once every 12 months by the designated person(s). The results of the review must be documented, and appropriate action must be taken if needed."***	Unknown	PIC says reviewed annually, but not documented.	1.1.4, 12
2.3	The designated person(s) is responsible for overseeing a training program to ensure competency of personnel involved in compounding, handling, and preparing CNSPs.	Yes		1.1.4, 2
2.4	The designated person(s) is responsible for selecting components used by the pharmacy.	Yes		1.1.4, 6.2.1
2.5	The designated person(s) is responsible for monitoring and observing compounding activities and taking immediate corrective action if deficient practices are observed.	Yes		1.1.4

		Observation	Inspector Notes	USP Reference(s)
5.2	The designated person(s) is responsible for evaluating whether compounding personnel should be excluded from working in the compounding areas before their conditions have resolved.	Yes		3
5.3	Personnel removes any unnecessary items (outer garments, jewelry that could interfere with garbing, and earbuds/headphones) before entering the compounding area. ***Inspector note: Inspector should also observe compounding area to identify any items stored that do not belong (ie, dirty garments, jackets, or electronics).***	Yes		3.1
5.4	If personnel do not remove an item, the designated person has determined that the quality of the environment and CNSPs are not adversely affected by the accommodation.	Yes		3.1
6.0	Do personnel perform hand hygiene, wear required garb and gloves, and follow requirements in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		3.3
6.1	All personnel entering the compounding area complete hand hygiene procedures.	Yes		3.2 Box 1
6.2	Garb is used for all compounding activities. ***Inspector note: Per USP <795>, gloves are mandatory garb for all compounding activities.***	Yes		3.2, 3.3 Box 1
6.3	Pharmacy uses SDS to determine other garb requirements for the components and compounding activity.	No		3.3
6.4	Additional garb (shoe covers, hair and facial hair covers, face masks, gowns) is worn as needed for protection of the personnel/CNSPs. ***If no, please list the garb worn for the type of component and compounding activity.***	Yes		3.3

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
6.5	The garb purchased by the pharmacy is appropriate for the type of compounding being performed.	Yes		3.3
6.6	Garb is stored in manner that minimizes risk of contamination (away from sinks to avoid splashing, etc).	Yes		3.3
6.7	Gowns that are reused do not leave the compounding area.	Yes		3.3
6.8	Visibly soiled garb or garb with tears or punctures are changed immediately (are not reused).	Yes		3.3
6.9	Soiled garb is disposed of or sent for laundering.	Yes		3.3
6.10	Shoe covers, hair and facial hair covers, face masks, and head covers are not reused once personnel have left the compounding area.	Yes	Staff wear face mask, gown, gloves.	3.3
7.0	Are non-disposable garb such as goggles cleaned then sanitized with 70% isopropyl alcohol before re-use?	N/A	No goggles/non-disposable garb in use.	3.3
	Buildings and Facilities			
8.0	Does the compounding area meet the facility requirements in compliance with USP <795> standards? *If no, go to compliance statements.*	Yes		4.1
8.1	The pharmacy has a designated compounding space for nonsterile compounding.	Yes		4.1
8.2	The compounding area is well lit.	Yes		4.1
8.3	The compounding area is clean and sanitary.	Yes		4.1
8.4	The compounding area is orderly (eg, clutter free, no tripping hazards).	Yes		4.1

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
8.5	The compounding area is in a good state of repair.	Yes		4.1
8.6	The compounding area is designed for orderly placement of equipment and materials to prevent mix- ups among components, containers, labels, in-process materials, and finished CNSPs.	Yes		4.1
8.7	The compounding area is not being used for other activities at the same time that it is used for compounding.	Yes		4.1
8.8	The compounding area is designed, arranged, and used in a manner that minimizes cross contamination from non-compounding areas.	Yes		4.1
9.0	Is the compounding area free of carpet?	Yes		4.1
10.0	Does the pharmacy's storage area (for CNSPs, components, equipment, and containers) meet requirements in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		4.2
10.1	The pharmacy records the temperature of the compounding storage area on days when the pharmacy is open. ***Inspector note: Per USP, "Compounding personnel must monitor temperatures in the storage area(s) either manually at least once daily on days that the facility is open, or continuously with a temperature recording device to ensure the temperature remains within the appropriate range for the CNSPs and components."*** ***If pharmacy does not use a continuous recording system, describe the frequency of temperature recording in the notes.***	Yes		4.2
10.2	The pharmacy's temperature monitoring records are readily retrievable. ***Inspector note: Per USP, "The results of the temperature readings must be documented on a temperature log or stored in the continuous temperature recording device and must be retrievable."***	Yes		4.2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
10.3	Temperature monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. ***Inspector note: Per USP, "All temperature monitoring equipment must be calibrated or verified for accuracy as recommended by the manufacturer or every 12 months if not specified by the manufacturer." USP reports that these devices may be verified against a calibrated device.*** ***Monitoring devices are typically calibrated or replaced.***	No	Not calibrated regularly	4.2
10.4	Pharmacy has a process to evaluate temperature excursions. ***Inspector note: Per USP, "When it is known that a CNSP or component has been exposed to temperatures either below or above the storage temperature limits for the CNSP or component, personnel must determine whether the CNSP or component integrity or quality has been compromised and if so, the CNSP or component must be discarded."***	Yes		4.2
10.5	CNSPs, components, equipment, and containers are stored off the floor.	Yes		4.2
10.6	CNSPs, components, equipment, and containers are stored in a manner that permits inspection and cleaning of the storage area(s).	Yes		4.2
10.7	CNSPs, components, equipment, and containers are stored in a clean environment (free of dirt, dust, and debris, and rodent/pest/insect free) to prevent contamination.	Yes		4.2
11.0	What is the current temperature of the nonsterile compounding storage area? ***Record in the Inspector Notes.***	[redacted]	70.7F	4.2

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
12.0	Are plumbing fixtures, water sources, and cleanliness of sink in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		4.3
12.1	The pharmacy staff can easily access a sink within or nearby the nonsterile compounding area.	Yes		4.3
12.2	There is hot and cold running water available at the sink within or nearby the nonsterile compounding area.	Yes		4.3
12.3	The sink is emptied of all items unrelated to compounding and before being used to clean any equipment used in nonsterile compounding.	Yes		4.3
12.4	The sink is cleaned when visibly soiled (before being used to clean equipment used in nonsterile compounding).	Yes		4.3
12.5	The plumbing system is free of any defects that may contribute to contamination of CNSPs.	Yes		4.3
13.0	Is purified water, distilled water, or reverse osmosis water used for rinsing equipment and utensils used in nonsterile compounding? ***Inspector note: This is a USP recommendation.***	N/A	No equipment to clean.	4.3 USP <1231>

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
18.1	Equipment and supplies are readily available at the pharmacy for the types of CNSPs prepared. ***Inspector note: For example, if the pharmacy compounds with API as a component, which must be weighed, a scale or balance would be expected.***	Yes	The only equipment needed is a syringe and needle to draw up and measure allergenic extract and move it from bottle to bottle.	6.1
18.2	Pharmacy has evaluated and documented the nonsterile compounding pharmacy activities for weighing, measuring, and otherwise manipulating for an assessment of risk. ***Inspector note: Per USP, "components that could generate airborne chemical particles (eg, active pharmaceutical ingredients [APIs], added substances, and conventionally manufactured products) must be evaluated to determine if these activities must be performed in a closed-system processing device to reduce the potential exposure to personnel or contamination of the facility or CNSPs."*** ***If no, inspector should describe observations.***	Yes		6.1
18.3	The equipment and devices used for compounding CNSPs are clean and stored in a manner and frequency that minimizes the risk of contamination. ***Inspector note: Per USP <795>, "After compounding, the equipment must be cleaned to prevent cross contamination of the next preparation." Additionally, per Table 2:*** ***- CVE/BSC are cleaned and sanitized at the beginning and end of each shift when compounding occurs, after spills, and when surface contamination (e.g., from splashes) is known or suspected;*** ***- CVE/BSC horizontal surfaces are cleaned and sanitized between compounding of different components;*** ***- Under the work surface of a BSC is cleaned and sanitized at least monthly; and*** ***- Other devices and equipment used in compounding are cleaned before initial use, in between compounding CNSPs with different components, and following manufacturer recommendations.*** ***If no, inspector should describe observations.***	Yes		6.1 Table 2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
20.1	APIs comply with criteria in the USP-NF monograph, if one exists. ***If the pharmacy does not compound any CSPs that have an available USP monograph, the inspector should answer this statement as N/A.***	N/A		6.2.1
20.2	All APIs used have a COA that includes the specifications (eg, compendial requirements for quality) and that the test results for the component show the API meets expected quality. ***Inspector note: Per USP, the API should be checked to ensure it is pharmaceutical grade and meets the requirements in the chemical monograph. COA will report an assay has been performed and will include water content (so any corrections/calculations can be performed).***	N/A		6.2.1
20.3	All APIs used are manufactured by an FDA-registered facility. ***Inspector note: This is a Food, Drug, and Cosmetic Act, Section 503A, requirement as well. If the API comes from a repackager, the pharmacy must be able to confirm the manufacturer of the API was registered as an Establishment with FDA.***	N/A		6.2.1
21.0	When formulations indicate the inclusion of water, is purified water or better quality (eg, sterile water for irrigation) used in compliance with USP <795> standards?	Yes		6.2.1
22.0	What type(s) of water is used for compounding CNSP? ***List the type(s) in the Inspector Notes.***		Sterile water and saline are used.	6.2.1
23.0	Do the pharmacy's component receipt processes comply with the requirements in USP <795> standards? ***If no, go to compliance statements.***	Yes		6.2.2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
23.1	For non-conventionally manufactured components, the COA is reviewed upon receipt. ***Inspector note: Per USP, "the COA must be reviewed to ensure that the component has met the acceptance criteria in an appropriate USP–NF monograph, if one exists." Pharmacy's review should be documented. Alternatively, the pharmacy can demonstrate how it's been reviewed (for example, there are notes to show a water content calculation back to 100% based on the specific COA). Inspector can verify the COA is retrievable.***	Yes		6.2.2
23.2	The pharmacy documents specific information according to the facility's SOP, including: receipt date, quantity received, supplier name, lot number, expiration date, and the results of any testing performed (whether performed in-house or through a third-party).	Yes		6.2.2, 14
23.3	For all components that lack a vendor expiration date, the pharmacy clearly and indelibly marks on each packaging system received the date the component must no longer be used by the pharmacy. ***Inspector note: Per USP, "Packaging systems of components (i.e., API and added substances) that lack a vendor's expiration date must not be used by the compounding facility after 3 years from the date of receipt. A shorter expiration date must be assigned according to Pharmaceutical Compounding—Sterile Preparations 797 , 9.3.2 Component receipt if the same component container is also used in sterile compounding or if the ingredient is known to be susceptible to degradation."***	N/A	All have expiration date.	6.2.2
23.4	Any component found to be of unacceptable quality upon receipt or reinspection prior to use is promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before appropriate disposal.	Yes		6.2.2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
28.7	MFR contains the reference source to support the assigned BUD.	N/A		7.1
28.8	Labeling requirements (eg, shake well) are described on the MFR.	N/A		7.1
28.9	If applicable, the MFR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of APIs.	N/A		7.1
28.10	An MFR has QC procedures (eg, pH testing, visual inspection) and expected results.	N/A		7.1
29.0	Does the pharmacy complete a Compounding Record (CR) for all CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements. Additionally, collect a copy of the MFR and the CR (no PHI or PII is to be collected).***	Yes	See Doc07_NS29.00.	7.2, 14
29.1	A CR is completed for each CNSP prepared.	Yes		7.2, 14
29.2	The CR includes the name, strength or activity, and dosage form of the CNSP.	Yes		7.2, 14
29.3	The CR includes the date (or date and time) the CNSP was prepared.	Yes		7.2, 14
29.4	The CR includes the assigned internal identification number (eg, prescription, order, or lot number).	Yes		7.2, 14
29.5	The CR has a method to identify the individuals involved in the compounding process of the CNSP.	Yes		7.2, 14

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
29.6	The CR has a method to identify the individual who completed the review and verified the final CNSP.	Yes		7.2, 14
29.7	The CR includes: name, vendor or manufacturer, lot number, and expiration date of each component.	Yes		7.2, 14
29.8	The CR includes the weight or measurement of each component.	Yes		7.2, 14
29.9	The CR identifies the total quantity compounded.	Yes		7.2, 14
29.10	The CR lists the assigned BUD and storage requirements.	Yes		7.2, 14
29.11	If applicable, the CR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of API.	No		7.2, 14
29.12	The CR has a physical description of the final CNSP.	No		7.2, 14
29.13	The CR includes the results of quality control procedures (eg, pH testing, visual inspection).	No		7.2, 14
29.14	The CR contains a MFR reference for the CNSP.	N/A	There are no MFRs at the pharmacy.	7.2, 14
29.15	Each CR is reviewed for completeness before the CNSP is released.	Yes		7.2, 8
29.16	The CR shows traceability of all components in the case of a recall or known quality issue.	Yes		7.2, 12.1, 14

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
30.0	Are there procedures for in-process checks performed by a pharmacist? ***Inspector note: In-process checks are safety steps for complex, multi-step compounding processes. These checks indicate that appropriate procedures for measuring/mixing are followed for each step, including pharmacist verification of steps performed by non-pharmacists and visual inspection of preparation.*** ***Inspector should describe their observations in the Inspector Notes.***	Yes	The pharmacist checks that the appropriate allergenic extracts were diluted accordingly.	2, 7.2, 8
	Labeling			
31.0	Are the pharmacy's labels for CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		9
31.1	Information on the label is prominently and legibly displayed. ***Inspector note: Per USP, labeling includes other accompanying materials along with the CSP, which is defined as "All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container."***	Yes		9
31.2	The labeling meets any state or federal regulatory requirements.	Yes		1.1.3, 9
31.3	The label on the immediate container includes an assigned internal identification number (eg, barcode, prescription, order, or lot number).	Yes		9
31.4	The label on the immediate container includes the active ingredients and their amount(s), activity(ies), or concentration(s).	Yes		9
31.5	The label on the immediate container includes the storage conditions, if other than controlled room temperature.	Yes		9

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
31.6	The label on the immediate container includes the BUD. ***If no, please describe whether the pharmacy instead used the term "expiration date" or similar language or if this information was not included on the label.***	Yes		9
31.7	The label on the immediate container includes the dosage form.	Yes		9
31.8	The label on the immediate container includes the total amount or volume, if it is not obvious from the container.	Yes		9
32.0	Does the labeling on the dispensed CNSP include the route of administration? ***Inspector note: This is a USP recommendation.***	No		9
33.0	Does the labeling contain information identifying the CNSP as a compounded preparation? ***Inspector note: Per USP, this is a recommendation.***	No		9 USP <7>
34.0	Does the labeling on the dispensed CNSP display any applicable special handling instructions or warning statements? ***Inspector note: This is a USP recommendation.***	No		9
35.0	Does the labeling on the dispensed CNSP display the name of the compounding facility and contact information if the CNSP was to be sent outside of the facility or health care system? ***Inspector note: This is a USP recommendation.*** ***If the pharmacy only compounds CNSPs for patient use onsite (eg, a health care facility), inspector should answer this question as N/A .***	Yes	Initials on label may not match who compounded the prescription, but the compounding record would be initialed after compounding. During the inspection the inspector noticed that a vial of compounded allergenic extract had a BUD of 2/14/2025, which is over a year away. The PIC stated that this label was mistakenly printed with the incorrect BUD.	9

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
	Establishing Beyond Use Dating (BUDs)			
36.0	Is each CNSP assigned and labeled with a BUD in compliance with USP <795> standards? ***Inspector note: Per USP, the BUD is defined as, "The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded." This is not the same term as "expiration date." If no, go to compliance statements.***	Yes	Allergenic extracts receive a one year expiration date.	10 USP <7>
36.1	CNSP label has a BUD that specifies the date, or the hour and date, beyond which the preparation cannot be used and must be discarded.	No	The label has an expiration date instead of a BUD.	10.1
36.2	CNSP labels do not list an "expiration date" or equivalent language.	No	The label has an expiration date instead of a BUD.	10.1
36.3	BUDs are assigned from the date (and time) of preparation.	No	Assigned from the date but not the time.	10.1
36.4	BUDs are assigned based on dispensing in tight, light resistant containers/overpacks. ***Inspector note: Per USP, the Table 4 maximum limits for BUD are, "based on the ability of the CNSP to maintain chemical and physical stability and to suppress microbial growth. These BUDs represent the limit for CNSPs that are packaged in tight, light-resistant containers unless conditions in 10.4 CNSPs Requiring Shorter BUDs or 10.5 Extending BUDs for CNSPs apply."***	Yes		10.3
36.5	The BUD assigned to the CNSP does not exceed the shortest remaining expiration date of any of the commercially available starting components.	Yes		10.4

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
37.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest BUD of any individual compounded components? ***Inspector note: Per USP, "For CNSPs prepared from one or more compounded components, the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CNSP exceeds the BUD assigned to compounded components (e.g., pH-altering solutions). If the assigned BUD of the final CNSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CNSP must not be negatively impacted." Another example of these "acceptable instances" (similar to pH-altering components mentioned above) inspectors may see are stock solutions (and other formulas within a formula) such as methocel 1%.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		10.4
38.0	Does the designated person(s) evaluate a CNSP formulation to establish the maximum BUD? ***If no, who establishes the maximum BUD for a MFR?***	Yes		7.1, 10.2, 10.3
39.0	Does the pharmacy compound CNSPs with a USP monograph?	No		10.5
40.0	Does the pharmacy compound CNSPs following the USP monograph precisely? ***If no, go to compliance statements.***	No		10.5
40.1	Pharmacy staff have access to the USP monograph for reference.	N/A		10.5
40.2	CNSPs are prepared in accordance with the USP monographs. ***If no, inspector to collect a copy of the compounding record, label; and describe what specific steps of the monograph were not followed.***	N/A		10.5

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
40.3	Components used by the compounder match those listed in the monograph. *If no, describe the source of the component in monograph and the source that the pharmacy used.*	N/A		10.5
40.4	The maximum BUD specified in the USP monograph is not exceeded. *If no, identify the drug, monograph-stated BUD, and the BUD used by the pharmacy.*	N/A		10.5
41.0	Does the pharmacy compound CNSPs that are not available from a USP monograph?	Yes		10.4
42.0	Does the pharmacy adhere to the BUD (maximum) limits established in Table 4 for CNSPs in compliance with USP <795> standards? *Inspector note: This question is for the CNSPs compounded that are not following a USP monograph or those CNSPs where extending BUD requirements were applied (where pharmacy has completed or has access to CNSP-Specific Stability Information). Per USP, the pharmacy is not required to measure water activity (A_w) for a CNSP.* *If no, go to compliance statements.* *If all CNSPs compounded at the pharmacy are following a USP monograph or the pharmacy is following a stability study that used a stability-indicating assay analytical method for the API, CNSP formulation, and material of composition of the container closure system, then the inspector should answer this question as N/A.*	N/A	The pharmacy adheres to BUD limits for allergenic extracts.	10.4

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
44.7	Aqueous CNSPs whose labeled BUDs are extended beyond Table 4, have: - been tested for antimicrobial effectiveness at least once for each formulation in the type of (with the same material composition of the) container closure system that will be used; - received study results from an FDA-registered facility (for the same CNSP formulation using the same material composition of the container closure system); or - a study published from peer-reviewed literature (for the same CNSP formulation using the same material composition of the container closure system). ***Inspector note: Pharmacy may rely on a bracketed study from the above options as long as the bracketed study information includes the low and high concentration of each active ingredient in the formulation. Per USP, this is "to establish preservative effectiveness across various strengths of the same formulation (e.g., bracketing). The concentration of all other ingredients (including preservatives) must fall within the bracketed range.***	N/A		10.5
	Quality Assurance (QA), Quality Control (QC), and Quality Management (QM) Inspector to review at least one complaint, one adverse event, and one recall (if applicable).			
45.0	Does the pharmacy have a QA/QC program to ensure that CNSPs are prepared per the requirements in USP <795> standards and any applicable regulatory requirements? ***If no, go to compliance statements.***	No		1.1.3, 12
45.1	The pharmacy has a formal QA/QC program with documented activities. ***Inspector note: Per USP, "A facility's QA and QC programs must be formally established and documented in the facility's SOPs that ensure that all aspects of the preparation of CNSPs are conducted in accordance with the requirements in this chapter (<795>) and the laws and regulations of the applicable regulatory jurisdiction."***	No		12
45.2	The QA/QC programs address adherence to procedures.	No		12
45.3	The QA/QC programs address prevention and detection of errors and other quality problems.	No		12

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
49.4	Investigations into an adverse event that reveals a quality problem with a CNSP that is likely to affect other patients are reported to both patients and their prescribers.	Yes		12.3
50.0	Does the pharmacy procedures include a step to immediately notify the prescriber of a failure of specifications with potential to cause harm (eg, strength, purity, or other quality attributes)? ***Inspector note: This is a USP recommendation.***	Yes		12.1
	CNSP Packaging			
51.0	Does the pharmacy's packaging processes and materials meet the requirements in USP <795>? ***If no, go to compliance statements.***	No		13.1
51.1	The packaging materials protect CNSPs from damage, leakage, contamination, and degradation.	Yes		13.1
51.2	The packaging materials used protects personnel from exposure (from the packaged CNSP).	Yes		13.1
52.0	The packaging materials selected by the pharmacy maintain the physical and chemical integrity and stability needed for CNSPs (eg, protect from light).	No	The facility ships prescriptions via ground or second day delivery. Interviewed staff claim they perform winter and summer testing on their packouts but could not provide any of the data. The facility does not have standard packouts that are followed when shipping prescriptions and pack boxes with arbitrary amounts of cold packs.	13.1

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
	Compounding Personnel Observations - *Inspector must observe personnel performing compounding and related activities. This section will require the inspector to observe the staff while performing compounding and related activities. It is acceptable for pharmacy staff to perform mock compounding activities (with two creams or other drugs) as long as all observations can be viewed.*			
53.0	**Personal Preparation Observation:** Before entering the compounding area, do personnel remove any items that are not easily cleanable or are not necessary for compounding in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		
53.1	Personnel removed all outer garments (eg, hats, scarves, bandanas, vests, coats, and jackets).	Yes		3.1
53.2	Personnel removed all items that are not easily cleanable and that might interfere with garbing.	Yes		3.1
53.3	Personnel removed all hand, wrist, and other exposed jewelry, including piercings, that could interfere with the effectiveness of garbing and hand hygiene (eg, watches, rings that may tear gloves).	Yes		3.1
53.4	Personnel removed earbuds or headphones.	Yes		3.1
53.5	Any accommodations permitted by the designated person(s) should be documented. ***Inspector note: Per USP <795>, accommodations may be permitted as long as the quality of the CSP and environment will not be affected.***	Yes		3.1
54.0	**Hand Hygiene Observation:** Were personnel who enter the compounding area to compound observed performing the appropriate hand washing procedures in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		3.2, Box 1

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
54.1	All personnel who enter the compounding area to compound performed hand hygiene.	Yes		3.2 Box 1
54.2	Personnel wash hands with soap and water for at least 30 seconds.	Yes		3.2
54.3	Personnel dry their hands completely with disposable towels or wipers.	Yes		3.2
54.4	Personnel do not solely rely on the use of alcohol hand sanitizers.	Yes		3.2
55.0	***Garbing Observation:*** Were compounding personnel observed following the appropriate garbing procedures in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		3.3 Box 1
55.1	All personnel entering the compounding area are fully garbed (with the required garb as determined by the facility SOPs).	Yes		3.3 Box 1
55.2	All personnel who perform compounding activities don gloves. ***Inspector note: Per USP, "Gloves must be worn for all compounding activities."***	Yes		3.2, 3.3 Box 1
55.3	Gloves are inspected periodically for holes, punctures, or tears and replaced immediately if a defect is detected.	Yes		3.3 Box 1
56.0	Are gloves wiped or replaced before beginning compounding a CNSP with a different component or when other objects were touched (eg, pens, keyboards) to minimize risk of cross contamination with other CNSPs? ***Inspector note: This is a USP recommendation.***	Yes		3.3

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
58.6	The compounding personnel obtained the proper ingredients (APIs and/or components). ***Inspector note: All ingredients must be within date and match what is listed in the MFR. If the ingredient is an API, the COA must have already been reviewed and approved for use.***	Yes	See Doc06_NS58.6.	6.2 (6.2.1 - 6.2.5)
58.7	The compounding personnel gathered all necessary materials, equipment, and supplies necessary and/or specified in the MFR and is in good working order prior to use for the CNSP. ***Inspector note: All items must be clean prior to use. If equipment requires calibration and/or certification, compounder must ensure the equipment or device is within proper specifications (eg, tare scales and/or balances).***	Yes		6.1 Table 2
58.8	The compounding personnel have knowledge of and access to any SDS.	Yes		6.2
58.9	The compounding personnel only compound one CNSP at a time (to proactively prevent mix-ups, errors, and cross contamination).	Yes		1.1.3
58.10	The compounding personnel compound the CNSP according to the MFR. ***If no, inspector needs to describe in detail their observations in the Inspector Notes and collect a copy of the MFR and CR (no PHI or PII to be collected).***	Yes		7.1, 7.2 Box 2

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
59.0	**Final CNSP check observation**: Does the visual inspection of the CNSP by the pharmacist confirm all USP <795> requirements? ***Observe a pharmacist check several CNSP prescriptions. List the name of CNSPs release inspection observed in the Inspector Notes.*** ***If no, go to compliance statements.***	Yes	Initials on label may not match who compounded the prescription, but the compounding record would be initialed after compounding. During the inspection the inspector noticed that a vial of compounded allergenic extract had a BUD of 2/14/2025, which is over a year away. The PIC stated that this label was mistakenly printed with the incorrect BUD. See Photo04.	8, 8.1, 9
59.1	CNSP was visually inspected to determine the physical appearance of the CNSP is as expected (eg, color, texture, physical uniformity), including any special characteristics listed in the MFR (eg, emulsions must be checked for phase separation).	Yes		8, 8.1
59.2	Visual inspection included checking for container closure integrity (eg, leakage, cracks, improper seals).	Yes		8, 8.1
59.3	CNSP label was verified against the prescription or medication order.	Yes		8, 8.1, 9
59.4	CNSP label was verified against the MFR.	N/A	There is no MFR, just a CR.	8, 8.1, 9
59.5	CNSP label was verified against the CR.	Yes		8, 8.1, 9
59.6	If a CNSP will not be released or dispensed on the day the preparation was made, a visual inspection was conducted immediately before it is released or dispensed to make sure the CNSP did not develop any defects during storage.	Yes		8, 8.1
59.7	All checks and inspection that are performed are properly documented.	Yes		8.1, 14

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy

e-Profile ID: 1631980

Inspection Date: 2/5/2024

		Observation	Inspector Notes	USP Reference(s)
59.8	CNSP that do not meet requirements, are promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before disposal	Yes		8.1
60.0	Inspect several different finished compounded nonsterile preparations. Are all the finished compounded preparations free from any evidence of signs of contamination? ***Inspector note: If found, request the compounded preparation to be quarantined and notify NABP immediately.*** ***Additionally, list the name(s) of the compounded preparation(s) observed; description of type of contamination suspected (eg, particulates, dirt/debris/(suspected) mold within container closure); number of preparations affected (eg, two of the five containers on the shelf); lot or batch information; BUD assigned; and collect photographs, copy of MFR, and CR.***	Yes	Diluted allergenic extracts.	12
61.0	**Cleaning and Disinfection Observation:** Does the pharmacy perform cleaning and sanitizing activities in the compounding area in compliance with USP <795> standards? ***Document observations while pharmacy staff are performing live compounding activities in Inspector Notes.*** ***If no, go to compliance statements.***	Yes	The compounding area is cleaned prior to compounding. There is no equipment to clean.	5
61.1	Pharmacy staff starts with a clean and sanitized work surface prior to compounding a CNSP.	Yes		5 Table 1
61.2	Pharmacy staff perform cleaning and sanitizing between compounding CNSPs with different components. ***Inspector note: Per USP, "If cleaning and sanitizing are performed as separate steps, cleaning must be performed first."***	Yes		5 Table 1
61.3	Pharmacy staff ensure equipment and devices used in compounding activities are clean and sanitized after use (to prevent cross contamination of the next preparation).	Yes		6.1 Table 2
61.4	Pharmacy staff perform cleaning and sanitizing on work surfaces when visibly soiled, after spills, and/or when surface contamination is known or suspected.	Yes		5 Table 1

Nonsterile <795> Employee File Records Review

Select the PIC, designated person, a staff pharmacist that checks compounded preparations, and two to three compounding pharmacy technicians. *Do not record the employee name, list only their title or position.
From the drop-down List:
*Mark as "Yes" if the document is present in the records and the competency evaluation was conducted in compliance with USP <795> requirements.
*Mark as "No" if the document is present in the records but is not in compliance with USP <795> requirements.
*Mark as "Missing" if any part of the record is missing and explain in Notes column.
*Mark as "N/A" if the training does not apply (e.g., long-term employee may not have initial training available). Document further in the Notes column.

		Employee Records #1	Employee Records #2	Employee Records #3	Employee Records #4	Employee Records #5

Glossary & References	USP <795>
Active Pharmaceutical Ingredient (API)	Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals or affecting the structure and function of the body. Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Assigned trainer	One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CNSPs.
Beyond-use date (BUD)	The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded.
Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.

NABP developed this inspection form for sole use by NAEP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

Glossary & References	USP <795>
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.
Compounding	The process of combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance to create a nonsterile preparation.
Compounding area	An area that is specifically designated for nonsterile compounding.
Compounding personnel	Personnel trained to compound or oversee compounding of preparations.
Compounding record (CR)	Documents the compounding of each CNSP.
Container closure system	Packaging system components that together contain and protect the dosage form. This includes primary packaging system components and secondary packaging system components if the latter are intended to provide additional protection.
Containment glove bag	A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE)	A full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through high-efficiency particulate air (HEPA) filtration and to prevent their release into the work environment.
Conventionally manufactured product	A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Designated person(s)	One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CNSPs.
FDA	US Food and Drug Administration
Formulation	The specific qualitative and quantitative composition of the final CNSP.
Hazardous Drug (HD)	Any drug identified by at least one of the following criteria: carcinogenicity, teratogenicity or developmental toxicity; reproductive toxicity in humans; organ toxicity at low dose in humans or animals; genotoxicity or new drugs that mimic existing HDs in structure or toxicity. See <800>.
Label	The part of the labeling on the immediate container.
Labeling	All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container.

Glossary & References	USP <795>
Master formulation record (MFR)	A detailed record of procedures that describes how the CNSP is to be prepared.
Monograph	A quality documentary standard within USP–NF that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Oversight	The review, monitoring, and supervision of actions taken by personnel; bearing responsibility for those actions; and being available if and when needed for consultation, even if not physically present.
Preservative	A substance added to inhibit microbial growth.
Purified water	The minimal quality of source water for the production of Purified Water is drinking water whose attributes are prescribed by the US Environmental Protection Agency (EPA), the European Union, Japan, or the World Health Organization (WHO). This source water may be purified using unit operations that include deionization, distillation, ion exchange, reverse osmosis, filtration, or other suitable purification procedures. (See <1231>, 3.1.1 Purified Water.)
Quality Assurance (QA)	A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
Quality Control (QC)	The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met for the CNSP.
Reconstitution	The process of adding a diluent to a conventionally manufactured product to prepare a solution or suspension.
Release inspection and testing	Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Sanitizing agent	An agent for reducing, on inanimate surfaces, the number of microorganisms (eg, 70% isopropyl alcohol).
SDS	Safety data sheet.
SOP	Standard operating procedure.
Specification	The tests, analytical methods, and acceptance criteria to which any components, CNSP, container closure system, equipment, or other material used in the compounding of CNSPs must conform to be considered acceptable for its intended use.
Stability	The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Verify	To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Water activity (a_w)	A measure of the fraction of total water that is unbound and freely available to participate in chemical, biochemical, or physicochemical reactions or provide an environment that can support microbial growth. Note that a_w is not water content.

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection for USP <797> Allergenic Extracts

Compounding Allergenic Extracts is for the preparation of patient prescription sets only, and any compounding (e.g., dilution) outside of patient sets must meet the requirements of <797>.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
	Personnel Qualifications			
1.0	Does the facility have (a) designated person(s) who meet(s) the requirements in compliance with USP <797> standards for compounding allergenic extracts prescription sets? ***Inspector note: The allergenic extracts prescription sets designated person(s) can be separate from the usual designated person(s).*** ***If no, go to compliance statements.***	Yes		1.1.3, 2, 21.1. 21.2
1.1	The designated person(s) has the training, experience, responsibility, and authority to perform the duties required of them.	Yes		18, 21.1
1.2	The designated person(s) is trained and qualified with expertise in allergen immunotherapy.	Yes		21.1
1.3	The designated person(s) is responsible for ensuring that the personnel who will be preparing allergenic extract prescription sets are trained, evaluated, and supervised.	Yes		21.1
2.0	Does the facility ensure that all compounding personnel meet the qualification requirements for compounding allergenic extract prescription sets?	No		21.1

Sterile Compounding Inspection for USP <797> Allergenic Extracts

Compounding Allergenic Extracts is for the preparation of patient prescription sets only, and any compounding (e.g., dilution) outside of patient sets must meet the requirements of <797>.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
2.1	Before beginning to independently prepare allergenic extracts, all compounding personnel complete a documented formal sterile compounding training program. ***Inspector note: Per USP, before beginning to independently prepare allergenic extracts, all compounding personnel must complete training and be able to demonstrate knowledge of principles and skills for sterile compounding.***	No		21.1
2.2	Compounding personnel complete documented training and competency **annually.**	No	Annual training and competencies are missing. See Doc01_AE2.2, Doc02_AE2.2, and Doc03AE2.2.	21.1
2.3	Personnel who have not compounded an allergenic extract prescription set in more than **6 months** are evaluated in all core competencies before resuming compounding duties.	No		21.1
3.0	**Hand Hygiene and Garbing Evaluation:** Are the facility's documented hand hygiene and garbing competency evaluations compliant with USP <797> standards for compounding allergenic extract prescription sets? ***Inspector note: Only "No" or "Missing" documents would cause this question to be answered no.***	Yes		21.1, 21.2

Sterile Compounding Inspection for USP <797> Allergenic Extracts

Compounding Allergenic Extracts is for the preparation of patient prescription sets only, and any compounding (e.g., dilution) outside of patient sets must meet the requirements of <797>.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
3.1	Before beginning to compound independently, personnel have successfully completed an initial garbing and hand hygiene competency evaluation. ***Inspector note: Per USP, all compounders must successfully complete gloved fingertip and thumb sampling on both hands no fewer than 3 separate times. Each fingertip and thumb evaluation must occur after performing separate and complete hand hygiene and garbing procedures.*** ***It is a RECOMMENDATION the three (3) successful completions be in succession.*** ***If no, inspector should describe what is missing in notes column.***	Yes		21.1, 21.2
3.2	The facility conducts gloved fingertip and thumb sampling procedures as described in **USP <797> Box 1.**	Yes		21.1, 21.2
3.3	Results for all plates are recorded for each sample and do not exceed **USP <797> Table 1** action levels. ***After garbing: >0 cfu/total from both hands***	Yes		21.1, 21.2
3.4	Compounding personnel completes documented hand hygiene and garbing competency evaluations at least every 12 months.	Yes		21.1, 21.2

Sterile Compounding Inspection for USP <797> Allergenic Extracts

Compounding Allergenic Extracts is for the preparation of patient prescription sets only, and any compounding (e.g., dilution) outside of patient sets must meet the requirements of <797>.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
3.5	Personnel who fail competency evaluations must successfully pass reevaluations in the deficient area(s) before they can resume compounding of allergenic extract prescription sets. ***Inspector note: Per USP, the designated person(s) must identify the cause of failure and determine appropriate retraining requirements.***	Yes		21.1, 21.2
4.0	**Sterile Technique Evaluation (Media Fill):** Is the pharmacy's documented sterile technique competency evaluation and media fill test compliant with USP <797> standards for compounding allergenic extract sets? ***Inspector note: Only "No" or "Missing" documents would cause this question to be answered no.***	Yes		21.1
4.1	The sterile technique competency evaluation consists of media-fill testing followed by a surface sampling of the direct compounding area. ***Inspector note: If compounding outside of a PEC, the post-media-fill surface sample is not required.***	Yes		21.1
4.2	The facility conducts gloved fingertip and thumb sampling procedures as described in **USP <797> Box 1**	Yes		21.1

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
7.3	All PECs meet ISO Class 5 air quality requirements with (total, nonviable) particle counts documented within the report. ***Inspector note: Per ISO definition, ISO Class 5 areas are certified as having less than 3,520 particles per cubic meter of air under dynamic operating conditions.*** ***If no, describe what occurred and the facility's response to total airborne particle sampling results, data evaluation, and action level (eg, facility took PEC out of service, facility ordered new HEPA filter, PEC was repaired and re-certified).***	Yes		4.1.1, 5.1, Table 4
7.4	Dynamic airflow smoke pattern testing in the PECs were conducted at all critical sites and demonstrates unidirectional airflow and sweeping action over and away from the CSPs. ***Describe if smoke pattern testing of PEC was documented thoroughly in the report or through the use of a video.***	Yes		4.2.2, 4.2.3, 4.5, 5, 9.1

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
7.5	**Total (nonviable) particle count** testing was performed under dynamic operating conditions using calibrated electronic equipment. ***Per USP, "Measurements of total airborne particles must be taken in each PEC at locations where there is greatest risk to the exposed CSPs, containers, and closures...Measurements of total airborne particles in other classified areas, including the buffer room(s) and anteroom(s), should be taken at representative locations that reflect the quality of air in the room(s)."***	Yes		5, 5.1
7.6	All PEC HEPA filters were leak tested (to confirm **HEPA filter integrity**). ***Inspector note: The certification report for each PEC should show velocities within the PEC. In general, the velocities (numbers) should be consistent to identify any HEPA filter leaks that need repair.***	Yes		5
7.7	All PEC HEPA filters with leaks identified were repaired. ***If leaks were not repaired, describe what actions facility took (example: PEC taken out of service until HEPA filter could be replaced).*** ***If no repairs were needed, inspector should answer statement as N/A.***	N/A		5

Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
14.1	Throughout the compounding process, compounding personnel were observed applying sterile 70% IPA onto all surfaces of the gloves and allowing them to dry thoroughly.	No	Gloves were not sprayed with alcohol each time they were reintroduced into the hood. Gloves are not thoroughly dry before compounding was started/restarted.	21.2
14.2	Compounding personnel ascertain before use that components are of the correct identity, appropriate quality, within the expiration date, and have been stored under the proper conditions.	Yes		9.3.3
14.3	Aseptic processes and manipulations are performed in a manner intended to minimize the risk of contamination. ***Inspector note: Observe the compounder's technique to ensure proper aseptic technique is utilized, such as: preparation occurs in the direct compounding area (DCA); the compounder does not interrupt first air during the compounding process; proper set up of equipment, supplies, and components that ensure first air is not interrupted; the compounder handles the syringe in a manner that does not introduce contaminants (touch contamination on the plunger rod); proper entry and exit of materials in ISO Class 5 PEC; and frequent sanitization of gloves.***	Yes		2.3

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection for USP <797> Allergenic Extracts

Compounding Allergenic Extracts is for the preparation of patient prescription sets only, and any compounding (e.g., dilution) outside of patient sets must meet the requirements of <797>.

Facility Name: Accumix Pharmacy LLC dba Accumix Pharmacy
e-Profile ID: 1631980
Inspection Date: 2/5/2024

		Observation	Notes	USP Reference(s)
14.4	All critical sites (eg, vial stoppers, ampule necks, and IV bag septums) are wiped with sterile 70% IPA in the PEC and allowed to dry before puncturing.	Yes		7, 8.3, 21.4
14.5	Gloves are regularly inspected for holes, punctures, or tears and are replaced immediately if such defects are detected.	Yes		3.3
	Establishing BUDs			
15.0	Does the facility assign **beyond use dates (BUDs)** in compliance with USP <797> standards for compounding allergenic extract prescription sets? ***If no, go to compliance statements.***	Yes		21.5
15.1	The assigned BUD for the prescription set is no later than the earliest expiration date of any allergenic extract or any diluent that is part of the prescription set.	Yes		21.5
15.2	The assigned BUD does not exceed 1 year from the date the prescription set was mixed or diluted.	Yes		21.5

Sterile Compounding Personnel Records Review

Select personnel with compounding responsibilities for your records review; preferably select staff performing compounding duties at time of inspection or staff identified during CR review.
- Recommend also pulling supervising personnel file.
- Inspector can consider pulling non-compounder employee file ("Other") who cleans and stocks compounding area but who does not compound (Note: frequency of competency assessment will be defined by pharmacy SOPs).
Review five (5) personnel files and document your observations. (For applicants seeking a Class E-S Non-Resident Sterile Compounding Inspection (Texas Sampling), review a total of 10 personnel records.)
- *Note: long-term employees may not have initial training available, if this is the case, you may select an alternative file. If an alternate file is not available, document length of service of long-term employee.
Inspector Note: soybean casein digest medium and trypticase soy broth are the same media.

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.
3. Select the appropriate response for each item reviewed.
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.
4. Use the notes column to document any pertinent information.

Demonstrating Knowledge and Competency of Core Skills (Section 2.1)

USP requirements:
1. Personnel who perform or oversee compounding *or support activities* must be trained in the SOPs and trained on maintaining the quality of the environment (See Table 2).
2. Compounding personnel and supervising personnel must complete training needed to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions (See Table 2 and Table 3). This must be completed initially and every 12 months in at least the following areas:
-Hand hygiene
-Garbing
-Cleaning and disinfection
-Calculations, measuring, and mixing
-Aseptic technique
-Achieving and/or maintaining sterility (and apyrogenicity if compounding with nonsterile components)
-Use of equipment
-Documentation of the compounding process (eg, master formulation and compounding records)
-Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area
-Proper use of PECs
-Principles of movement of materials and personnel within the compounding area
3. Personnel who only perform restocking or cleaning and disinfecting duties outside of the primary engineering control (PEC) must complete ongoing training as required by the facility's SOPs (See Table 3).
4. Personnel compounding only immediate-use CSPs must complete training as required by the facility's SOPs (See Table 3).
5. All training and evaluations must be documented.

Employee Record #	Employee Title	Personnel Function	CSP Category Type	Compounding SOPs	*Initial Training and Competency in Maintaining the Quality of the Environment	*Initial Training and Competency in Sterile Compounding Principles and Practices	Ongoing Training and Competency in Sterile Compounding Principles and Practices	Notes
				Compounders and Supervising Personnel: Initially and at least every 12 months Other Personnel (examples: persons who do not compound but clean/disinfect and restock or who perform in-process checks; persons who only compound immediate use): Initially and as defined by pharmacy SOPs

Inspector Instructions	Hand Hygiene and Garbing Competency Evaluation (Section 2.2)
1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position. 2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency. 3. Select the appropriate response for each item reviewed. -Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards. -Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column. -Select "Missing" if the document is not present in the file. -Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column. 4. Use the notes column to document any pertinent information.	USP requirements: 1. The garbing and hand hygiene competency evaluation consists of a visual observation and gloved fingertip and thumb sampling (GFT) of both hands. 2. The initial competency evaluation consists of three (3) separate and complete hand hygiene observation, followed by a full garbing procedure and a GFT after garbing. The initial three (3) successful completions must be in succession—failure of any of the three (3) initial garbing competency evaluations requires repeat testing until personnel successfully complete three (3) evaluations in a row. 3. The pharmacy uses a microbiological growth media device (eg, plates, paddles, or slides) containing general microbial growth agar (eg, trypticase soy agar [TSA]) supplemented with neutralizing additives (eg, lecithin and polysorbate 80) that supports both bacterial and fungal growth. 4. The media device is incubated at 30°C-35°C for no less than 48h and then at 20°C-25°C for no less than an additional five days. 5. Failure is indicated by visual observation of improper hand hygiene and garbing procedures and/or GFT results that exceed the defined action levels. Action level after garbing: >0 cfu/total from both hands. 6. Documentation includes, at minimum: -Name of the person evaluated -Evaluation date and time -Media and components used including manufacturer, expiration date, and lot number -Starting temperature for each interval of incubation -Dates of incubation -Results (the number of cfu per hand must be recorded; microbial identification of the cfu is not required by the chapter for GFT) -Results of the evaluation and any corrective actions -Name of the observer and personnel reading and documenting the results

Employee Record #	Employee Title	Personnel Function	CSP Category Type	Hand Hygiene and Garbing Visual Observation	*Initial GFT x 3 (Post hand washing and garbing)	Subsequent GFT (Post handwashing and garbing)	Documented Failures and Retraining Needs (If none, please mark as N/A)	Notes

Inspector Instructions	Aseptic Manipulation Competency (Section 2.3)
1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position. **2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.** **3. Select the appropriate response for each item reviewed.** **-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.** **-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.** **-Select "Missing" if the document is not present in the file.** **-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.** **4. Use the notes column to document any pertinent information.** **5. Document in notes if initial aseptic manipulation competencies are present in files (*unless long-term employee).**	**USP requirements:** **1. Media-fill testing procedures simulate the most difficult compounding procedures encountered by personnel.** **2. The pharmacy conducts media-fill testing as described in Box 2.** **3. The final containers are incubated at 20°C-25°C and 30°C-35°C for a minimum of seven days at each temperature band.** **4. Failure is indicated by visible turbidity or other visual manifestations of growth in the media in one or more container closure unit(s) on or before 14 days.** **5. Immediately following the media-fill test, GFT is performed on both hands and inside of an ISO Class 5 PEC. Failure is indicated by visual observation of GFT results that exceed defined action levels. Action level after media-fill testing: >3 cfu/total from both hands.** **6. Immediately following the GFT, a surface sample of the direct compounding area inside the PEC is performed in accordance with USP standards for surface sample monitoring and action levels. Action level ISO Class 5: >3 cfu/media device.** **7. Failure in the media fill, GFT, or surface sampling constitutes an overall failure of the aseptic manipulation competency.** **8. Documentation includes, at minimum:** **-Name of the person evaluated** **-Evaluation date and time** **-Media and components used including manufacturer, expiration date, and lot number** **-Starting temperature for each interval of incubation** **-Dates of incubation** **-Results (for GFT, the number of cfu per hand must be recorded and for surface samples, the number of cfu per sample must be recorded. Note: microbial identification of the cfu is not required for media-fill testing)** **-Results of the evaluation and any corrective actions** **-Name of the observer and personnel reading and documenting the results**

GLOSSARY USP <797>
ACD: Automated compounding device.
ACPH: Air changes per hour.
Active pharmaceutical ingredient (API): Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans and animals or affecting the structure and function of the body. Also referred to as *Bulk drug substance*. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added substance: An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with the terms *inactive ingredient, excipient, and pharmaceutical ingredient.*
Administration: The direct application of a sterile product or preparation to a single patient by injecting, infusing, or otherwise providing a sterile product or preparation in its final form.
Airlock: A space with interlocked doors, constructed to maintain air pressure control when items move between two adjoining areas (generally with different air cleanliness standards). The intent of an airlock is to prevent ingress of particulate matter and microbial contamination from a lesser-controlled area.
Alcohol-based hand rub: An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Allergenic extract compounding area (AECA): A designated space, area, or room that is not required to be classified, with a visible perimeter that is suitable for preparation of allergenic extract prescription sets.
Allergenic extract prescription set: Combinations of licensed allergenic extracts that would be mixed and diluted to provide subcutaneous immunotherapy to an individual patient, even though these allergenic extract combinations are not specified in the approved BLAs for the licensed biological products.
Allergenic extract: A biological substance used for the diagnosis and/or treatment of allergic diseases such as allergic rhinitis, allergic sinusitis, allergic conjunctivitis, bee venom allergy, and food allergy.
Anteroom: An ISO Class 8 or cleaner room with fixed walls and doors where personnel hand hygiene, garbing procedures, and other activities that generate high particulate levels may be performed. The anteroom is the transition room between the unclassified area of the facility and the buffer room.
Aseptic processing: A method by which separate, sterile components (eg, drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (eg, by membrane filtration or by autoclave).

GLOSSARY USP <797>
Aseptic technique: A set of methods used to keep objects and areas free of microorganisms and thereby minimize infection risk to the patient. It is accomplished through practices that maintain the microbe count at an irreducible minimum.
Assigned trainer: One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CSPs.
Batch: More than one CSP prepared as described in the MFR in a single, discrete process, and expected to have uniform character and quality, within specified limits.
Beyond-use date (BUD): The date, or the hour and date, after which a CSP must not be used, stored, or transported. The date is determined from the date and time the preparation is compounded.
Biological safety cabinet (BSC), Class II: A ventilated cabinet with an open front and inward and downward unidirectional HEPA-filtered airflow and HEPA-filtered exhaust. A BSC used to prepare a CSP must be capable of providing an ISO Class 5 or better environment for preparation of the CSPs.
Biological safety cabinet (BSC): A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
BLA: Biological license application.
Blood components: Any therapeutic constituent of blood separated by physical or mechanical means (eg, white cells, red cells, platelets, plasma, serum). It is not intended to include plasma-derived products (eg, albumin, coagulation factors, immunoglobulins) manufactured under an approved BLA or equivalent.
BMBL: Biosafety in Microbiological and Biomedical Laboratories.
Buffer room: An ISO Class 7 or cleaner room with fixed walls and doors where PEC(s) that generate and maintain an ISO Class 5 environment are physically located. The buffer room may only be accessed through the anteroom or another buffer room.
Bulk drug substance: See the entry for *Active pharmaceutical ingredient.*
Category 1 CSP: A CSP that is assigned a BUD of 12 hours or less at controlled room temperature or 24 hours or less refrigerated that is compounded in accordance with all applicable requirements for Category 1 CSPs in this chapter.
Category 2 CSP: A CSP that may be assigned a BUD of greater than 12 hours at controlled room temperature or greater than 24 hours refrigerated that is compounded in accordance with all applicable requirements for Category 2 CSPs in this chapter.

GLOSSARY USP <797>
Category 3 CSP: A CSP that may be assigned a BUD exceeding the limits in *Table 13* for Category 2 CSPs and is compounded in accordance with all applicable requirements for Category 3 CSPs in this chapter.
CDC: Centers for Disease Control and Prevention.
Certificate of analysis (COA): A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
CFU: Colony-forming units.
Classified area: An area that maintains an air quality classification based on the ISO standards required in this chapter (see also the definition for *ISO class).*
Cleaning agent: An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Cleaning: The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleanroom suite: A classified area that consists of both an anteroom and buffer room.
Component: Any ingredient used in the compounding of a preparation, including any active ingredient, added substance, or conventionally manufactured product.
Compounded sterile preparation (CSP): A preparation intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance.
Compounded stock solution: A sterile mixture of components that is used to compound additional CSPs.
Compounding area: The area where compounding is occurring (ie, a cleanroom suite, inside the perimeter of the SCA, or AECA).
Compounding aseptic containment isolator (CACI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for the compounding of sterile HDs.
Compounding aseptic isolator (CAI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for compounding of sterile non-HDs.

GLOSSARY USP <797>
Compounding record (CR): Documents the compounding of each CSP.
Compounding: The process of combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance to create a sterile preparation.
Container closure system: Packaging components that together contain and protect the dosage form. This includes primary packaging components and secondary packaging components, if the latter are intended to provide additional protection.
Containment glove bag: A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE): A non-ISO classified full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through HEPA filtration and prevent their release into the work environment.
Conventionally manufactured product: A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Critical site: A location that includes any component or fluid pathway surfaces (eg, vial septa, injection ports, and beakers) or openings (eg, opened ampules and needle hubs) that are exposed and at risk of direct contact with air (eg, ambient room or HEPA filtered), moisture (eg, oral and mucosal secretions), or touch contamination.
Designated person(s): One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CSPs.
Direct compounding area (DCA): A critical area within the ISO Class 5 PEC where critical sites are exposed to unidirectional HEPA-filtered air, also known as first air.
Disinfectant: A chemical or physical agent used on inanimate surfaces and objects to destroy fungi, viruses, and bacteria. Sporicidal disinfectants are considered a special class of disinfectants that also are effective against bacterial and fungal spores.
Dynamic airflow smoke pattern test: A PEC test in which a visible source of smoke, which is neutrally buoyant, is used to observe air patterns within the unidirectional space (i.e., the DCA) under dynamic operating conditions (see the entry for *Dynamic operating conditions).* This test is not appropriate for ISO Class 7 or ISO Class 8 cleanrooms that do not have unidirectional airflow (see the entry for *Visual smoke study).*
Dynamic operating conditions: Conditions in the compounding area in which operating personnel are present and simulating or performing compounding. The conditions should reflect the largest number of personnel and highest complexity of compounding expected during routine operations as determined by the designated person(s).

GLOSSARY USP <797>
ECV: Endotoxin challenge vial.
EPA: US Environmental Protection Agency.
Excipient: See the entry for *Added substance*.
FDA: US Food and Drug Administration.
Filter integrity test: A test (eg, bubble point test) of the integrity of a sterilizing-grade filter performed after the filtration process to detect whether the integrity of the filter has been compromised.
Final yield: The total number of containers prepared at the end of the compounding process prior to release testing.
First air: The air exiting the HEPA filter in a unidirectional air stream.
Formulation: The specific qualitative and quantitative composition of the final CSP.
Garb: Items such as gloves, garments (eg, gowns), shoe covers, head and facial hair covers, masks, and other items designed to reduce particle shedding from personnel and minimize the risk of contamination of CSP(s).
GFT: Gloved fingertip and thumb testing.
Hazardous drug (HD): Any drug identified by at least one of the following six criteria: carcinogenicity, teratogenicity or developmental toxicity, reproductive toxicity in humans, organ toxicity at low dose in humans or animals, genotoxicity, or new drugs that mimic existing HDs in structure or toxicity.
High-efficiency particulate air (HEPA) filtration: Being, using, or containing a filter designed to remove 99.97% of airborne particles measuring 0.3-micron or greater in diameter passing through it.
HVAC: Heating, ventilation, and air conditioning.
Integrated vertical laminar flow zone (IVLFZ): A designated ISO Class 5 area serving as the PEC within an ISO Class 7 or cleaner buffer room. In the IVLFZ, unidirectional airflow is created by placing HEPA filters over the entire surface of the worktables and by effective placement of air returns.
IPA: Isopropyl alcohol.

GLOSSARY USP <797>
ISO class: An air-quality classification from the International Organization for Standardization.
ISO: International Organization for Standardization.
Label: The part of the labeling on the immediate container.
Labeling: All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except any outer shipping container.
Laminar airflow system (LAFS): A device or zone within a buffer room that provides an ISO Class 5 or better air quality environment for sterile compounding. The system provides a unidirectional HEPA-filtered airflow.
Laminar airflow workbench (LAFW): A device that is a type of LAFS that provides an ISO Class 5 or better air quality environment for sterile compounding. The device provides a unidirectional HEPA-filtered airflow.
Line of demarcation: A visible line on the floor that separates the clean and dirty sides of the anteroom.
Low-lint wiper: A wiper exhibiting few, if any, fibers or other contamination, visible without magnification, which is separate from or easily removed from the wiper material in a dry condition.
Master formulation record (MFR): A detailed record of procedures that describes how the CSP is to be prepared.
MEA: Malt extract agar.
Media-fill test: A simulation used to qualify processes and personnel engaged in sterile compounding to ensure that the processes and personnel are able to prepare CSPs without contamination.
Monograph: A quality documentary standard within *USP–NF* that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Multiple-dose container: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed to contain more than one dose of the sterile product. A multiple-dose container is usually required to meet the antimicrobial effectiveness testing criteria. See <659>Injection Packaging Systems, Multiple-dose container.

GLOSSARY USP <797>
One-step disinfectant cleaner: A product with an EPA-registered (or equivalent) claim that it can clean and disinfect a nonporous surface in the presence of light to moderate organic soiling without a separate cleaning step.
Oversight: The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available for consultation if and when needed, even if not physically present.
Pass-through chamber: An enclosure with sealed doors on both sides that should be interlocked. The pass-through chamber is positioned between two spaces for the purpose of minimizing particulate transfer while moving materials from one space to another.
Perimeter: A visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA.
Pharmaceutical isolator: An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air operated at a continuously higher pressure than its surrounding environment and is decontaminated using an automated system. It uses only decontaminated interfaces or rapid transfer ports for materials transfer. [Note—A CAI or CACI is not a pharmaceutical isolator.]
Pharmacy bulk package: A conventionally manufactured sterile product for parenteral use that contains many single doses intended for use in a pharmacy admixture program. A pharmacy bulk package may either be used to prepare admixtures for infusion or, through a sterile transfer device, for filling sterile containers. See <659>*Injection Packaging Systems, Pharmacy bulk package*.
Positive-pressure room: A room that is maintained at higher pressure than the adjacent spaces, and therefore the net airflow is out of the room.
PPE: Personal protective equipment.
Preservative: A substance added to inhibit microbial growth.
Primary engineering control (PEC): A device or zone that provides an ISO Class 5 air quality environment for sterile compounding.
Probability of a nonsterile unit (PNSU): The probability of an item being nonsterile after it has been exposed to a verified sterilization process. A PNSU value can only be applied to terminal sterilization. [Note—This is also called the sterility assurance level (SAL).]
Pyrogen: A substance that induces a febrile reaction in a patient.
Quality assurance (QA): A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.

NABP developed this inspection form for sole use by NABP boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Quality control (QC): The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met before release of the CSP.
Reconstitution: The process of adding a diluent to a conventionally manufactured product to prepare a sterile solution or suspension.
Release inspection and testing: Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Repackaging: The act of removing a sterile product or preparation from its original primary container and placing it into another primary container, usually of smaller size without further manipulation.
Restricted-access barrier system (RABS): An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air that allows for the ingress and/or egress of materials through defined openings that have been designed and validated to preclude the transfer of contamination, and that generally are not to be opened during operations. Examples of RABS include CAIs and CACIs.
SDA: Sabouraud dextrose agar.
Secondary engineering control (SEC): The area where the PEC is placed (eg, a cleanroom suite or an SCA). It incorporates specific design and operational parameters required to minimize the risk of contamination within the compounding area.
Segregated compounding area (SCA): A designated space, area, or room that is not required to be classified and is defined with a visible perimeter. The SCA must contain a PEC and is suitable for preparation of Category 1 CSPs only.
Single-dose containers: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed for use with a single patient as a single injection/infusion. A single-dose container usually does not contain a preservative. See <659> Injection Packaging Systems, Single-dose container.
SOP: Standard operating procedure.
Specification: The tests, analytical methods, and acceptance criteria to which any component, CSP, container closure system, equipment, or other material used in compounding CSPs must conform to be considered acceptable for its intended use.
Sporicidal disinfectant: A chemical or physical agent that destroys bacterial and fungal spores when used in sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms.

Statement of Responsibility

1. I am the President (title) for Apteek Rx, LLC d/b/a Beaker Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Certificate of Fact

The undersigned, as Secretary of State of Texas, does hereby certify that the document, Certificate of Formation for Apteek RX, LLC (file number 802939846), a Domestic Limited Liability Company (LLC), was filed in this office on February 19, 2018.

It is further certified that the entity status in Texas is in existence.

It is further certified that our records indicate DAVID DAMASKE as the designated registered agent for the above named entity and the designated registered office for said entity is as follows:

7810 ELDORADO PKWY, STE 200

MCKINNEY, TX - 75070 USA

In testimony whereof, I have hereunto signed my name officially and caused to be impressed hereon the Seal of State at my office in Austin, Texas on October 13, 2025.

Jane Nelson
Secretary of State

DISCIPLINARY HISTORY NARRATIVE

TRIAD RX, INC.

Status Summary

- **All disciplinary proceedings have been concluded, and all known investigations closed.**
- **Documentation, including disciplinary complaints, corrective action plans and responses, dispositive pharmacy board orders, and related correspondence are enclosed without exhibits.**
- **All Triad's licenses and permits have remained in good standing at all times.**

Texas Disciplinary Proceeding
(Original – Concluded 2018)

Triad Rx, Inc. ("Triad") holds Texas Pharmacy License #28003 issued by the Texas State Board of Pharmacy (the "TSBP") in 2012. In late 2015, the TSBP adopted rule amendments, effective September 1, 2016, requiring nonresident pharmacies such as Triad to employ a pharmacist-in-charge (a "PIC") who holds a pharmacist license from the TSBP.

On December 15, 2015, the TSBP issued a letter notifying nonresident PICs of this rule change. On June 15, 2016, the TSBP issued a second letter reminding nonresident pharmacy owners of the new PIC-licensing requirement. Both TSBP letters contained the following language "all pharmacy renewal applications submitted on or after September 1, 2016 must include the name and Texas pharmacist license number of the [PIC]...."

Triad's PIC (mis)interpreted this language to mean that TSBP would exercise enforcement discretion with regard to this new requirement so long as a TSBP-licensed PIC was listed on the renewal application next-following the new rule's September 1, 2016 effective date. Accordingly, on February 23, 2017, Robert R. Roberts, III, Triad's PIC, was issued Texas Pharmacist License No. 60196—well in advance of the expiration (and therefore prospective renewal) of Triad's then-current TSBP license.

In March 8, 2018, the TSBP issued a preliminary notice of intent to take disciplinary action (the "Texas Proceeding"), alleging that Triad had operated without a TSBP-licensed PIC from September 1, 2016 through February 22, 2017, in violation of the new rule codified in 22 Tex. Admin. Code § 291.103 (2017).

On April 4, 2018, Triad executed an Agreed Board Order #K-17-005, thereby agreeing to pay an administrative penalty in the amount of $1,000 but without admitting or denying the truth of TSBP's allegations. On May 23, 2018, Triad received notice that the TSBP had taken final agency action in accepting and adopting the Agreed Board Order. Triad self-reported the outcome in writing to the pharmacy regulatory authorities for all other states where Triad holds a pharmacy license within 30 days thereafter.

Triad paid the penalty and retains its Texas license. Triad's PIC did not face any sanction from the TSBP under his Texas pharmacist license.

First Alabama Disciplinary Proceeding
(Derivative – Concluded 2018)

This was derivative of the Texas Proceeding.

Triad is located in Alabama, so Triad's self-reporting of the Texas Proceeding outcome obviously extended to the Alabama Board of Pharmacy (the "ALBP").

In July 2018, the ALBP disclosed its intent to institute disciplinary proceedings against Triad's community pharmacy license. This was a "sister state" action: there were no new facts or substantive allegations in the statement of charges—alleged culpability was to be derived solely from the by-then-concluded matter in Texas described above. In other words, Alabama sought to take disciplinary action and assess a fine against Triad as an Alabama licensee based solely on the fact that another state had previously taken disciplinary action against Triad.

Further, none of the substantive alleged violations—the most recent having occurred over 2 years before the ALBP initiated proceedings, and Triad having passed onsite inspection from ALBP at least twice in that interval—had any direct factual or legal nexus with the State of Alabama, other than the fact that Triad happens to be situated in Alabama.

Triad ultimately signed a consent order to pay a $3,000 fine (triple the amount assessed by the affected State of Texas) because—despite the duplicative nature of the proceedings—the ALBP (technically) had the power to take the disciplinary action in question. This matter was concluded in September 2018.

Maine Disciplinary Proceeding
(Derivative – Concluded 2019)

This was derivative of the Texas Proceeding.

As discussed, Triad self-reported the Texas Proceeding outcome in writing to the pharmacy regulatory authorities for all other states where Triad holds a pharmacy license, including the State of Maine. Maine law, specifically 10 M.R.S. s. 8003-G(2)(C), requires such self-reporting within ten (10) days of final agency action.

Unfortunately for Triad, the Agreed Board Order in the Texas Proceeding was signed on May 1, 2018, but not mailed until May 15; and Triad did not receive it until May 23—well beyond Maine's 10-day deadline.

Accordingly, on July 10, 2019, the State of Maine Board of Pharmacy accepted a Consent Agreement resolving the allegation that Triad had violated 10 M.R.S. s. 8003-G(2)(C) under the following terms: (i) Triad agreed to accept a reprimand and to pay a civil penalty in the amount of $250.00, and (ii) the Maine Board agreed to renew Triad's Maine license.

FDA Warning Letter
(CMS Case #569659)
(Original – Concluded 2023)

Timeline & Summary

- July 2017 – FDA inspected Triad's facility and made observations—all pertaining to sterile compounding.
- July-August 2017 – Triad took immediate and comprehensive corrective action, and requested a reinspection.
- February 2019 – FDA issued a public warning letter 18 months later without any further discussion or acknowledgment.
- October 2019 – FDA replied to Triad's response, claiming that Triad had addressed some, but not all, of the issues, leaving the Warning Letter open until Triad's next inspection.
- July 2021 – Triad ceased all sterile compounding operations.
- December 2022 – FDA conducted a followup inspection.
- May 2023 – FDA notified Triad that the Warning Letter had been closed out, acknowledging that the concerns raised in the Warning Letter had been addressed

Factual Background

1. FDA Inspection, 483, & Triad's Response

On July 17-21, 2017, FDA conducted an onsite inspection of Triad's pharmacy located at 26258 Pollard Road, Daphne, Alabama and licensed by the Board (the "pharmacy"). At the conclusion of that inspection, FDA issued a Form 483 (the "483" – enclosed) describing the inspector's observations. On August 3, 2017, Triad submitted a response to the 483 (the ("483 Response" – enclosed without exhibits) detailing Triad's completed and anticipated corrective actions—and requesting reinspection and/or dialogue.

2. FDA Warning Letter & Triad's Response

FDA did not request a meeting, send a letter or email, make a phone call, or otherwise express dissatisfaction with Triad's 483 Response; and in fact, Triad received no communication from FDA at all for approximately eighteen (18) months—when FDA issued the (public) Warning Letter dated February 5, 2019 (the "Warning Letter").[1]

This course of conduct, although certainly within FDA's discretion, is completely at odds with FDA's stated purpose in issuing 483s in the first instance: "To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration." See 483 at p.4.

Aside from the frustration at FDA having elected to issue the Warning Letter after ignoring Triad's 483 response for a year-and-a-half, Triad was also surprised that FDA placed majority emphasis in the Warning Letter on "ineligible products,"[2] an issue that does not appear **anywhere** in the 483.

In fact, FDA's inspector verbally advised at inspection closeout that he had been instructed through chain of command **not** to include "ineligible products" in 483s issued to 503A pharmacies like Triad, as long as those pharmacies understood the need to "voluntarily" express their willingness to comply with then-interim FDA policy guidance for 503A pharmacies compounding

[1] https://www.fda.gov/ICECI/EnforcementActions/WarningLetters/ucm631101.htm
[2] See Warning Letter, Section B. ("Failure to Meet the Conditions of Section 503A"); Section C. ("Unapproved New Drug Products" and "Misbranded Drug Products"); Section D. ("Corrective Actions").

from bulk drug substances—so as to avoid a warning letter or other regulatory escalation.

Triad naively so "volunteered" in its 483 Response, opening itself to FDA's unprincipled issuance of the Warning Letter, and the resulting deluge of regulatory fallout.

Triad responded to the Warning Letter even more comprehensively than to the 483, painstakingly documenting and detailing each step, each aspect of each particular corrective action. Triad's substantive response to the Warning Letter ("Warning Letter Response" – enclosed without exhibits) is therefore incorporated by reference.

3. FDA Reply & (Eventual) Closeout

On October 18, 2019 FDA replied to Triad's response with the enclosed untitled letter, claiming that Triad had addressed some, but not all, of the issues raised in the Warning Letter.

After nearly **five-and-a-half years**, on December 5-8, 2022, FDA conducted a followup inspection.

By the enclosed letter dated May 3, 2023, FDA notified Triad that, based on the findings of the December 2022 inspection, the Warning Letter had been closed out, acknowledging that the concerns raised in the Warning Letter had been addressed.

Second Alabama Disciplinary Proceeding
(Derivative – Concluded 2022)

Timeline

- July 2021 – Triad ceased **all** sterile compounding operations—for purely business reasons: decreased demand (COVID pandemic), diminishing margins, and rising operational costs (product and environmental testing, inspection/certifications, and regulatory burden).
- May 2022 – ALBOP filed its enclosed complaint in based **solely** on the contents of FDA's 2019 Warning Letter.
- July 2022 – Triad settled with ALBOP effective July 19, 2022 and agreed to pay a fine.

Summary

This was derivative of the Warning Letter, and contained no new allegations. The Consent Order from ALBOP is enclosed.

Wisconsin Disciplinary Proceeding
(Derivative – Concluded 2024)

This was derivative of the (second) Alabama Proceeding, which, in turn, was predicated solely on the issuance of the Warning Letter in 2019.

In September 2023, the Wisconsin Pharmacy Examining Board (the "WPEB") notified Triad of an investigation based on the (second) Alabama proceeding from 2021-22, and eventually initiated disciplinary proceedings (the "Wisconsin Proceeding").

This was another "sister state" action: no new facts or substantive allegations in the

statement of charges—alleged culpability was to be derived solely from Triad's dispensing of sterile compounded preparations to Wisconsin patients—in 2016-17.

Triad ultimately signed a stipulation to pay a $5,000 fine. This matter was concluded in March 2024.

NEVADA STATE BOARD OF PHARMACY

Section 2: Personal Information

First: David Middle: Last: Damaske

Alias(es, nicknames, name changes, etc.)

[redacted]

Are you a citizen of the United States? ☑ Yes ☐ No

Section 3: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓

Section 4: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		✓
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		N/A

Section 5: List your high school and college experience beginning with the most current. (Use a separate piece of paper if additional space is needed.)

School Name	Address	City	State	Zip	From - To (MM/YY – MM/YY)	Diploma/Degree obtained, if any
Apollo High School		Glendale	AZ		92-96	Gen. Studies
Grand Canyon University		Phoenix	AZ		96-98	N/A
Midwestern University - Glendale		Glendale	AZ		98-01	Pharm. D
Univ. Of Memphis		Memphis	TN		2014-17	MBA

Section 6: List all residences you have had for the last 10 years beginning with the most current. (Use a separate piece of paper if additional space is needed.)

From - To (MM/YY – MM/YY)	Address	City	State	Zip
5/24 - present	[redacted]			
2/07 - 5/24				

Section 7: A designated representative must provide proof that he or she has been employed for at least 6,000 hours in pharmacies (NAC 639.5005) or wholesalers (NAC 639.5935) in a capacity related to the dispensing and distribution of, and record keeping related to, prescription drugs. Beginning with the most current, list your hours of employment related to the above.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I, David Damaske, **certify that as the designated representative for**

Apteek Rx, LLC dba Beaker Pharmacy,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. ____ I am at least 21 years of age;
3. ____ I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. ____ I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. ____ I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. ____ I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. ____ I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Apteek Rx, LLC d/b/a Beaker Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): PH04343

Physical Address: 7810 Eldorado Pkwy Ste 200

City: McKinney State: TX Zip: 75070

Website: https://beakerpharmacy.com/

Nevada Business License # (if applicable) N/A

Supervising/Managing Pharmacist Name (NRS 639.220): David Damaske

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23277

Name of Designated Person(s) as defined by revised USP-797 guidelines: David Damaske

Email of Designated Person(s): david@beakerpharmacy.com

Telephone of Designated Person(s): 972-972-4700

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ☑ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ☑ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? Iso 7

6. What is the frequency of the recertification for the ISO classified areas? Q6 mo

7. Were there any follow-up items required from the most recent certification report? ☑ Yes ☐ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☑ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? _____

10. Will you be performing sterile hazardous drug compounding? (Yes) (No)

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Semaglutide + B6 + L-carnitine
Tirzepatide + B6 + L-carnitine
NAD+
Glutathione
Testosterone

12. What laboratory performs your sterility or endotoxin testing?

Name: PCCA / Eagle
Address: 11111 S. Wilcrest Dr 51000
City: Houston State: TX Zip: 77099
Telephone: 800-745-8916

13. What is your procedure for visual inspection of compounded sterile products?

Check each vial against black/white board
Make sure crimped & sealed properly
clear of particulates

14. How often do you perform glove fingertip and medial fill testing?

Q3mo

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Initial GFT - 3x remem gloves & plate
ongoing - observe gowning Q3mo, plate each hand once; incubate 30-35° x 2d then 5d in 20-25°

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

cleaning ⇒ hood: daily before/after each batch; between batches
Daily hoods, high touch areas, floors

TBI 3300
Peridox

monthly clean - walls, ceiling, hoods, surfaces in all rooms

17. Who performs the sterile compounding process at your facility?

sterile techs

18. Who is responsible and accountable for the sterile compounding process at your facility?

Sheila Cline

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

styrofoam container, foam ice blocks

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Laminar Flow Hoods BSC		
2. Are you complying with all USP 800 guidelines?	(Yes)	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	(Yes)	No
4. Is your BSC or CACI vented 100% to the outside?	(Yes)	No
5. Do you have a negative pressure buffer room at your facility?	(Yes)	No
6. Will you be compounding with antineoplastic HDs or HD API?	(Yes)	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	(Yes)	No
8. Will you be utilizing a closed system transfer device?	Yes	(No)
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

In patient printout there is informatic based on the particular med/API involved.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

See attached checklist

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Semaglutide + B6 + L-carnitine
Tirzepatide + B12 + L-carnitine
NAD+
Glutathione
Testosteron
Sermorelin
methylcobalamin

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

93 mo

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? (Yes) No

4. What is the frequency for completing volumetric active air sampling?

monthly

5. What is the frequency for completing surface sampling? weekly & after each batch	
6. What is the frequency for using sporicidal agents? weekly in non-HD & w/ monthly clean HD → start & end of cmpd process, between batches & if saturated area	
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	(Yes) No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	(Yes) No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I hereby attest the following statements are true and accurate (initial each statement below):

DH I am the Pharmacist-in-Charge (PIC) of *BEAKER PHARMACY*, pharmacy license number *32264*, and I ☐ was/ ☑ was not present during a Compliance Inspection conducted by a Texas State Board of Pharmacy Compliance Officer/Inspector on *08/22/2025*.

DH I received and reviewed the Notice of Inspection, Inspection Report, and Warning Notice (if applicable) issued by the Compliance Officer/Inspector.

DH I reviewed the document titled Texas State Board of Pharmacy "Red Flags" Checklist for Pharmacies YOU MIGHT BE A PILL MILL IF.

DH If applicable, the Warning Notice issued contains *1* deficiencies which may require corrections to resolve. I affirm that each of the deficiencies will be corrected by the date noted on the Warning Notice.

DH I was present and completed this Attestation during the Compliance Inspection.

If not completed during the Compliance Inspection, please email this completed form to the TSBP Compliance Inspector for your area or to inspections@pharmacy.texas.gov within 7 days of the date of the inspection.

Signed: DH

Date: 8/22/25

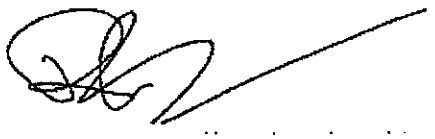
TEXAS STATE BOARD OF PHARMACY

Pharmacist (or other Responsible Party) on Duty Attestation:



I hereby attest the following statements are true and accurate (initial each statement below):

RB I am the Pharmacist (or other responsible party) on duty at *BEAKER PHARMACY*, pharmacy license number *32264* during a Compliance Inspection conducted by a Texas State Board of Pharmacy Compliance Officer/Inspector on *08/22/2025*.

RB At the conclusion of the inspection, the Officer/Inspector left the following documents in my possession (check each applicable)

- ☑ Notice of Inspection
- ☑ Inspection Report
- ☑ Warning Notice outlining *1* deficiencies
- ☑ Pharmacist-in-Charge Attestation Form with the handout titled Texas State Board of Pharmacy "Red Flags" Checklist for Pharmacies YOU MIGHT BE A PILL MILL IF.

RB I will provide all of the records listed above, including this attestation, regarding the inspection to the Pharmacist-in-Charge(PIC), within 3 business days and ensure the PIC understands that he/she must file the completed PIC attestation within 7 days of the date of receipt (unless otherwise noted).

Signed:  Date: *08/22/2025*

Printed Name: *Robert Blanford* License No.(if applicable): *33295*

Texas State Board of Pharmacy

"Red Flags" Checklist for Pharmacies

YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Acknowledgment

This is to acknowledge that Texas State Board of Pharmacy Agent has presented official credentials and this Notice of Inspection citing Sections 554.001, 556.001, 556.051-556.054, and 556.101 of the Texas Pharmacy Act which authorizes an inspection of the above described facility. By my signature, I hereby acknowledge receipt of this Notice of Inspection and certify that:

1. I have read the Notice of Inspection and understand its contents and purpose;
2. I have the authority to act in this matter and have signed this Notice of Inspection pursuant to my authority;
3. I have had the purpose of the entry into the above-described facility by the Boards agent stated to me; and
4. I have consented to an inspection of the above-described facility voluntarily and without any manner of threats.

Date: *08/22/2025* Arrival Time: *1:15 PM* Departure Time: *2:15 PM*

Action Taken: *Partial Inspection*

General Comments: *Corrected the quoted law in warning notice, regarding out of state practitioners.*

Licenses/Registration

Verify personnel have active licenses & address with PIC/RPh if necessary	*Not Inspected*
01. Required licenses posted	*Not Inspected*
09. Active licenses/certifications	*Not Inspected*
62. No aiding and abetting	*Not Inspected*
65. Proper registration procedures	*Not Inspected*
79. Identification badges	*Not Inspected*

Inventory Records

15. Change of PIC inventory	*Not Inspected*
17. Meets inventory requirements	*Not Inspected*
59. Proper drug destruction	*Not Inspected*
68. Change of ownership controlled substance inventory	*Not Inspected*
69. Annual controlled substance inventory	*Not Inspected*

Notifications

31. Closed pharmacy (Is pharmacy engaged in the business described in application for licensure?)	*Not Inspected*
34. Notifications	*Not Inspected*
76. PIC (Does the pharmacy have a pharmacist-in-charge?)	*Not Inspected*

Environment/Equipment/Security

03. Orderly/Clean	*Not Inspected*
04. Balance inspection	*Not Inspected*
05. Equipment Inspection	*Not Inspected*
07. Security	*Not Inspected*
08. Environment	*Not Inspected*
48. Drugs (procurement, temperature, security, out-of-date, samples)	*Not Inspected*
90. TSBP complaint notification	*Not Inspected*

Controlled Substances

10. Prescriptions separated	*Not Inspected*
24. Theft/Loss	*Not Inspected*
26. Controlled substance prescription compliance	***Unsatisfactory***

291.34(b)(2)(B)(ii).
Prescriptions. Written prescription drug orders. Prescription drug orders written by practitioners in another state. A pharmacist may dispense prescription drug orders for controlled substances in Schedule III, IV, or V issued by a physician, dentist, veterinarian, or podiatrist in another state provided:

- the prescription drug order is issued by a person practicing in another state and licensed by another state as a physician, dentist, veterinarian, or podiatrist, who has a current federal DEA registration number, and who may legally prescribe Schedule III, IV, or V controlled substances in such other state;
- the prescription drug order is not dispensed or refilled more than six months from the initial date of issuance and may not be refilled more than five times; and
- if there are no refill instructions on the original prescription drug order (which shall be interpreted as no refills authorized) or if all refills authorized on the original prescription drug order have been dispensed, a new prescription drug order is obtained from the prescribing practitioner prior to dispensing any additional quantities of controlled substances

Warning Notice **Due Date for Completed Correction:** *09/21/2025*

Failure to comply regarding dispensing prescriptions from foreign practitioners and out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by date noted.

30. Controlled substance invoices dated/initialed by pharmacist	*Not Inspected*
35. Controlled substance invoices separated	*Not Inspected*
46. Drug distribution	*Not Inspected*
53. Possession of controlled substances	*Not Inspected*
Corresponding responsibility (Does the pharmacist exercise sound professional judgment with respect to the accuracy or authenticity of a prescription drug order?)	*Not Inspected*

Labeling/Prepackaging

32. Prescription label (Is prescription label complete?)	*Not Inspected*
45. Proper dispensing/labeling	*Not Inspected*
54. Proper prepackaging procedures	*Not Inspected*

Library

06. Required Library	*Not Inspected*

Training

60. Documentation of required training	*Not Inspected*
61. Supervision of supportive personnel	*Not Inspected*

Patient/Computer/Dispensing Records

18. Records available	*Not Inspected*
22. Data processing system compliance	*Not Inspected*
25. Prescriptions (complete, retrievable, auto-refills, accelerated refills)	*Not Inspected*
37. Legal dispensing (Are valid prescriptions being dispensed by a pharmacist?)	*Not Inspected*
56. Prescription transfers	*Not Inspected*
67. Written drug information provided	*Not Inspected*
80. Patient counseling	*Not Inspected*
82. Patient Medication Records	*Not Inspected*
84. Drug regimen review	*Not Inspected*
86. Absence of pharmacist records	*Not Inspected*

Policies & Procedures/SOPs

70. Required policies & procedures/SOPs	*Not Inspected*
92. Automated dispensing policy & procedures/SOPs	*Not Inspected*

Non-Sterile Compounding

03. Orderly/Clean/Hand Hygiene	*Not Inspected*
04. Balance inspection (for non-sterile compounding)	*Not Inspected*
05. Equipment Inspection	*Not Inspected*
06. Non-sterile Library	*Not Inspected*

32. Non-sterile compound label (Is label complete?)	*Not Inspected*
38. Area/Environment for non-sterile compounding	*Not Inspected*
43. Records for non-sterile compounding	*Not Inspected*
60. Documentation of non-sterile required training	*Not Inspected*
70. Required policies & procedures/SOPs	*Not Inspected*
87. Quality Control/Assurance	*Not Inspected*

Compounded Dosage Forms

Allergen extracts	*Not Inspected*
Parenteral solutions	*Not Inspected*
Parenteral suspensions	*Not Inspected*
Preservative-free parenterals	*Not Inspected*
Ophthalmic preparations	*Not Inspected*
Oral or nasal inhalation preparations (not topical spray)	*Not Inspected*
Bath or soaks for live organs/tissues	*Not Inspected*
Irrigations for wounds or body cavities	*Not Inspected*
Any other sterile preparations (implants, pellets, etc) [list]	*Not Inspected*
Investigational drugs	*Not Inspected*
Blood products or other biological materials (wound care, autologous, eye drops, etc)	*Not Inspected*
Any compounds using federally controlled substances Schedule I-V (list and percentage)	*Not Inspected*
Does the pharmacy use lyophilizer?	*Not Inspected*

Environment (Sterile)

S109. Is the cleanroom clean and free of objects that shed particles?	*Not Inspected*
S110. Is the cleanroom used only for sterile preparations?	*Not Inspected*
S119. Does the cleanroom contain only appropriate supplies?	*Not Inspected*
S101. Does the ante-area provide at least ISO Class 8 air quality under dynamic conditions?	*Not Inspected*
S115. Does the ante-area contain a hands-free sink with hot and cold running water?	*Not Inspected*
S102. Does the buffer area provide at least ISO Class 7 air quality under dynamic conditions?	*Not Inspected*
S106. Is the buffer area free from sources of water (e.g., sink, floor drains)?	*Not Inspected*
S108. Is there hands-free access to the buffer area?	*Not Inspected*

S113. Are floors, walls, ceilings & fixtures smooth, impervious and free from cracks & crevices? *Not Inspected*

S112. Does the floor covering enable regular disinfection? *Not Inspected*

S118. Are supplies stored above the floor to permit adequate floor cleaning? *Not Inspected*

S127. Does the clean room have a pressure gauge or velocity meter to monitor pressure differential between buffer area and ante-area and between the ante-area and the general environment? Is the pressure differential at least 0.02" wc? *Not Inspected*

S116. Are temperature and humidity monitored, documented and within the required range? *Not Inspected*

S167. Is there a thermometer available for the cleanroom and refrigerator(s)? *Not Inspected*

Primary Engineering Control (PECs) Device

S126. Is the laminar air flow hood located in a buffer area that has a minimum differential positive pressure of 0.02" wc? *Not Inspected*

S121. Is the PEC able to maintain at least ISO Class 5 conditions while compounding sterile preparations? *Not Inspected*

S246. Are hazardous drugs prepared in a Class II/III vertical flow BSC or CACI located in an ISO Class 7 area physically separated from other areas? *Not Inspected*

S247. Does the area where the BSC or CACI is located have not less than 0.01" wc negative pressure adjacent to the positive pressure ISO Class 7 area? *Not Inspected*

S105. Does the CAI or CACI provide unidirectional airflow? *Not Inspected*

S104. If the CAI or CACI is used for high-risk sterile compounding, is it placed in an ISO Class 8 area? *Not Inspected*

S122. If the CAI is not required to be placed in an ISO Class 7 area, does the pharmacy maintain documentation from the manufacturer? *Not Inspected*

S124. Is the PEC certified by an independent contractor every 6 months and when relocated? *Not Inspected*

S125. Are prefilters inspected periodically and replaced as needed? *Not Inspected*

S128. Are differential pressures monitored and documented at least every work shift (at a minimum daily) or by a continuous recording device? *Not Inspected*

Equipment and Supplies

S174. Does the pharmacy have disposable needles, syringes, and other required or applicable supplies? *Not Inspected*

S177. Does the pharmacy have lint-free towels or wipes? *Not Inspected*

S180. Does the pharmacy have masks, caps, gowns with tight cuffs, shoes covers, and beard covers (if applicable)? *Not Inspected*

S176. Does the pharmacy have handwashing agents with bactericidal action? *Not Inspected*

S175. Does the pharmacy have disinfectant cleaning solutions and dedicated cleaning supplies? *Not Inspected*

S179. Does the pharmacy have hazardous spill kits, if applicable? *Not Inspected*

S171. Does the pharmacy have appropriate containers for needles and syringes? *Not Inspected*

S170. Does the pharmacy have sterile isopropyl alcohol, sterile gloves, and waterless alcohol-based surgical hand scrub? *Not Inspected*

S178. Does the pharmacy have appropriate filters and filtration equipment? *Not Inspected*

S181. If an automated compounding device is used, does the pharmacy calibrate & verify the device for accuracy, and document at least daily? *Not Inspected*

S172. Does the pharmacy have packaging or delivery containers to maintain proper storage conditions for sterile preparations? *Not Inspected*

High Risk CSPs

S103. If high-risk CSPs are compounded, does the buffer area provide physical separation from other compounding areas? *Not Inspected*

S231. Is sterility testing performed if CSPs are prepared in groups > 25, or *Not Inspected*

S232. If MDVs are prepared for multiple patients or when exposed > 12 hours at 2-8 degrees C before sterilized, or *Not Inspected*

S233. If exposed > 6 hours at warmer than 8 degrees C before sterilized? *Not Inspected*

S237. Are all non-sterile measuring, mixing, and purifying devices rinsed thoroughly with pyrogen-free or depyrogenated sterile water, and then thoroughly drained or dried immediately before use for high-risk sterile compounding? *Not Inspected*

S238. Are all high-risk sterile solutions subjected to terminal sterilization prefiltered using no larger than a 1.2-micron filter to remove particulate matter? Is sterilization by filtration performed with a sterile 0.2 – 0.22 micrometer pore size filter within an ISO Class 5 environment or better? *Not Inspected*

S165. Are filter integrity tests being performed and documented (e.g., bubble point test)? *Not Inspected*

S239. Are pre-sterilization procedures (weighing and mixing) completed in an ISO Class 8 environment or better? *Satisfactory*

Sterile Library

S154. Does the pharmacy have a reference on injectable drugs? *Not Inspected*

S155. Does the pharmacy have a specialty reference? *Not Inspected*

S156. Does the pharmacy have all of the required (USP chapters 71, 85, 795, 797, 1163) and applicable USP chapters? *Not Inspected*

Hazardous CSPs

S242. Do personnel wear protective apparel at all times when hazardous drugs are handled? *Not Inspected*

S243. Do personnel use appropriate safety and containment techniques when preparing hazardous CSPs? *Not Inspected*

S244. Do personnel dispose of hazardous waste in compliance with local, state, and federal regulations?	*Not Inspected*
S245. Do personnel affix a proper label, including proper precautions inside and outside of the packaging?	*Not Inspected*
S248. Does the pharmacy have a pressure indicator that can be readily monitored for correct room pressurization?	*Not Inspected*
S249. Does the pharmacy meet the requirements for low volume preparation of hazardous drugs by using a device that provides two-tiers of containment (e.g., closed-system vial transfer device within a BSC)?	*Not Inspected*
S250. Are hazardous drugs stored separately from other inventory in a manner to prevent contamination and personnel exposure?	*Not Inspected*
Does the pharmacy have a plan to comply with USP <800> by the implementation date?	*Not Inspected*
Are hazardous drugs stored separately in compliance with USP <800> (negative pressure at least -0.01" wc to adjacent areas and with at least 12 ACPH)?	*Not Inspected*
Is hazardous drug waste quarantined in a designated area?	*Not Inspected*
Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)?	*Not Inspected*

Personnel Cleansing, Garbing, Hand Hygiene

S202. Does hand sanitizing and gowning occur in the ante-area (outside of the buffer area)?	*Not Inspected*
S180. Do compounding personnel don clean non-shedding gowns with sleeves that fit snugly around the wrists and enclose at the neck? Is the order of garbing appropriate (dirtiest to cleanest)?	*Not Inspected*
S194. Before entering the buffer area, do compounding personnel remove cosmetics?	*Not Inspected*
S195. Before entering the buffer area, do compounding personnel remove all hand, wrist, and other body jewelry/piercings?	*Not Inspected*
S196. Are natural nails kept neat and trim and no wearing of artificial nails or extenders?	*Not Inspected*
S200. Do compounding personnel remove debris from underneath fingernails using a nail cleaner under running warm water?	*Not Inspected*
S192. Are personnel with an apparent illness or open lesions compounding sterile preparations?	*Not Inspected*
S241. When compounding personnel temporarily exit the ISO Class 7 environment, are re-donning procedures properly followed?	*Not Inspected*
S201. Do compounding personnel engage in proper hand hygiene?	*Not Inspected*
S203. Do compounding personnel completely dry hands and forearms using lint-free disposable towels or hand dryer?	*Not Inspected*
S204. Is antiseptic hand cleansing performed using waterless alcohol-based surgical scrub once inside the buffer area and prior to donning sterile gloves?	*Not Inspected*

S206. Is sterile isopropyl alcohol applied to gloves throughout the day and when non-sterile surfaces are touched? *Not Inspected*

Cleaning/Disinfection Procedures

S182. Does the pharmacy have written procedures on the cleaning and disinfecting of the direct and contiguous compounding areas (e.g., beginning of shift, every 30 minutes, before each batch, spills)? *Not Inspected*

S230. Is cleaning performed by trained personnel using approved agents (described in written SOPs)? *Not Inspected*

S228. Are supplies & equipment that are removed from shipping cartons wiped with a disinfecting agent (e.g., sterile IPA)? *Not Inspected*

S226. Are work surfaces and floors in the ante-area and buffer area cleaned and disinfected daily with dedicated supplies? *Not Inspected*

S227. Are walls, ceilings and shelving in the ante-area and buffer area cleaned and disinfected at least monthly? *Not Inspected*

S229. Does the pharmacy maintain documentation of cleaning procedures (i.e., date/time of cleaning, type of cleaning, name of individual who performed the cleaning)? *Not Inspected*

Environmental Sampling

S270. Is surface sampling conducted in all ISO classified areas on a periodic basis? *Not Inspected*

S272. Is viable air sampling performed? *Not Inspected*

S273. Is viable air sampling documented by properly trained individuals for all risk levels every 6 months? *Not Inspected*

S271. Are environmental sampling results evaluated and addressed (i.e., action levels followed)? *Not Inspected*

Records of CSPs

S252. Does the pharmacy maintain records relating to CSPs for a minimum of 2 years? *Not Inspected*

S253. Do compounding records include the date and time of preparation of a CSP? *Not Inspected*

S254. Do compounding records include the complete formula of a CSP? *Not Inspected*

S257. Do compounding records include the quantities of materials used in a CSP? *Not Inspected*

S255. Do compounding records include the signature or initials of who prepared a CSP? *Not Inspected*

S256. Do compounding records include the signature or initials of who conducted the final check of a CSP? *Not Inspected*

S258. Do compounding records include the container used and the number of units prepared for a CSP? *Not Inspected*

S259. Do compounding records include the criteria used to determine the beyond-use date of a CSP? *Not Inspected*

S260. Do compounding records include the documentation of performance of quality control procedures? *Not Inspected*

S261. Are master worksheets and preparation worksheets for batch compounding complete? *Not Inspected*

S262. Are master worksheets developed and approved by a pharmacist? *Not Inspected*

General Operational Requirements

S166. Is a pharmacist available at all times (24/7)? *Not Inspected*

S187. Are written SOPs developed and implemented for all significant procedures in the compounding area to include at a minimum: the facility, equipment, personnel, preparation evaluation, quality assurance, preparation recall, packaging, and storage of CSPs? *Not Inspected*

S188. Does the pharmacy have all required written policies (e.g., pharmaceutical care services, sampling plan, recalls)? *Not Inspected*

S158. If the pharmacy compounds commercially available products, does the pharmacy document the need by verifying and monitoring a drug shortage list (including if the preparation is quarantined/not available once removed from the shortage list)? Or, *Not Inspected*

S158. Does the pharmacy document the need for compounding commercially available products by individual patient needs determined by the prescribing practitioner (i.e, hypersensitivity to inactive ingredients or alternate dosage form)? *Not Inspected*

S275. If the pharmacy dispenses prescriptions to patients in other states, does the pharmacy have proper licensure in those states? *Not Inspected*

Office Use Compounding & Distribution of CSPs

S163. Does the pharmacy have a written agreement with the prescriber that meets all requirements to distribute compounded sterile preparations to practitioners for office use? *Not Inspected*

S162. If the pharmacy is distributing CSPs to another pharmacy, does the pharmacy meet the requirements for such distribution? *Not Inspected*

Is the pharmacy registered with the FDA as an Outsourcing Facility (503B)? *Not Applicable*

Quality Control & Verification of Compounding Accuracy

S207. Does a pharmacist review all compounding records for accuracy and perform the final check of a CSP? *Not Inspected*

S185. Are periodic in-process checks for CSPs defined in written procedures and conducted as defined? *Not Inspected*

S191. Are all drug components USP/NF grade substances manufactured in an FDA-registered facility? If USP/NF grade substances are not available, are the drug components of chemical grade in CP, AR, ACS, or Food Chemical Codex categories? *Not Inspected*

S191. Is a Certificate of Analysis available for all components of the preparation if materials are not purchased through an FDA-registered facility? *Not Inspected*

S191. Are any CSPs prepared by the pharmacy listed on the federal FDA list of drug products that are withdrawn or removed from the market for safety reasons? *Not Inspected*

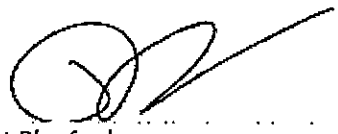
Veterinary Compounding

Are APIs or other components labeled for veterinary use segregated or marked to prevent use for human compounding?	*Not Inspected*
Does the pharmacy meet the same standards for animal compounding as human compounding?	*Not Inspected*
Is the pharmacist knowledgeable or does the pharmacy have up-to-date references regarding species limits that can result in toxicity when compounding with particular drugs/excipients?	*Not Inspected*
Does the pharmacy document if the animal is a pet or used for food?	*Not Inspected*
Is the pharmacist familiar with, or does the pharmacy have the most up-to date references regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals?	*Not Inspected*
Does the pharmacy have a list of drugs and components that have been designated by state or federal authorities as prohibited ingredients in CSPs for food-producing animals?	*Not Inspected*
Is the pharmacist familiar with, or does the pharmacy have the most up-to-date reference regarding regulations for drug use in performance animals?	*Not Inspected*

Label

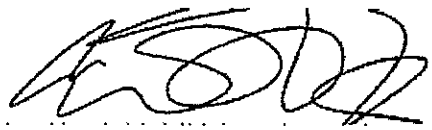
S209. Is the CSP properly labeled to include the generic name(s), and	*Not Inspected*
S210. For outpatient prescriptions, does the label include a statement that the CSP has been compounded by the pharmacy?	*Not Inspected*
S211. Does the label include a beyond-use date?	*Not Inspected*
S213. If the CSP is compounded as a batch, does the label contain a unique lot number assigned to the batch, and	*Not Inspected*
S214. Quantity, and	*Not Inspected*
S215. Appropriate ancillary instructions, such as storage or cautionary statements, and	*Not Inspected*
S216. Any device-specific instructions, if appropriate?	*Not Inspected*
S220. Are CSPs assigned a beyond-use date based on the specified labeling for the drug, appropriate literature sources, or direct testing?	*Not Inspected*

Training & Competency Testing



S129. Has each pharmacist completed the required education and training prior to engaging in sterile compounding?	*Not Inspected*
S130. Has each pharmacy technician completed the required education and training prior to engaging in sterile compounding?	*Not Inspected*
S142. Does the pharmacy maintain documentation to demonstrate that all compounding personnel have successfully passed initial competency evaluation/testing (e.g., media-fill testing, gloved fingertip/thumb testing)? Does the pharmacy have an on-the-job training program?	*Not Inspected*

S144. Does the pharmacy maintain documentation of on-going training and testing for all compounding personnel (e.g., observation of aseptic technique, media-fill testing, gloved fingertip/thumb testing, continuing education)? *Not Inspected*



Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and
- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Warning Notice of Violation(s) Requiring Correction

Facility Information

Name: *BEAKER PHARMACY* License Number: *32264*

Class of License: *AS*

Signatures

Notice is hereby given that you are not in compliance with the following laws and rules governing the practice of pharmacy. Unless the conditions noted below are corrected, disciplinary action may be instituted against the pharmacy license and the license of the pharmacist-in-charge.

I hereby acknowledge that the laws and/or rules cited in the Warning Notice below have been explained to me by the Board of Pharmacy Officer/Inspector.

Robert Blanford *Date*

Warning Notice

1. Rule/Law/Code: 291.34(b)(2)(B)(ii).

   Explanation of Violation and Correction Needed:
   Failure to comply regarding dispensing prescriptions from foreign practitioners and out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by date noted.
   Due Date for Completed Correction: *09/21/2025*

TEXAS STATE BOARD OF PHARMACY

Pharmacist in Charge Attestation:

I hereby attest the following statements are true and accurate (initial each statement below):

I am the Pharmacist-in-Charge (PIC) of *BEAKER PHARMACY*, pharmacy license number *32264*, and I ☐ was/ ☑ was not present during a Compliance Inspection conducted by a Texas State Board of Pharmacy Compliance Officer/Inspector on *08/20/2025*.

I received and reviewed the Notice of Inspection, Inspection Report, and Warning Notice (if applicable) issued by the Compliance Officer/Inspector.

I reviewed the document titled Texas State Board of Pharmacy "Red Flags" Checklist for Pharmacies YOU MIGHT BE A PILL MILL IF.

If applicable, the Warning Notice issued contains *1* deficiencies which may require corrections to resolve. I affirm that each of the deficiencies will be corrected by the date noted on the Warning Notice.

I was present and completed this Attestation during the Compliance Inspection.

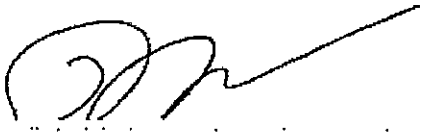
If not completed during the Compliance Inspection, please email this completed form to the TSBP Compliance Inspector for your area or to inspections@pharmacy.texas.gov within 7 days of the date of the inspection.

Signed: Date:

Printed Name: *DAMASKE, DAVID LAWRENCE* License No.(if applicable): *41186*

TEXAS STATE BOARD OF PHARMACY

Pharmacist (or other Responsible Party) on Duty Attestation:



I hereby attest the following statements are true and accurate (initial each statement below):

RB I am the Pharmacist (or other responsible party) on duty at *BEAKER PHARMACY*, pharmacy license number *32264* during a Compliance Inspection conducted by a Texas State Board of Pharmacy Compliance Officer/Inspector on *08/20/2025*.

RB At the conclusion of the inspection, the Officer/Inspector left the following documents in my possession (check each applicable)

- ☑ Notice of Inspection
- ☑ Inspection Report
- ☐ Warning Notice outlining *1* deficiencies
- ☑ Pharmacist-in-Charge Attestation Form with the handout titled Texas State Board of Pharmacy "Red Flags" Checklist for Pharmacies YOU MIGHT BE A PILL MILL IF.

RB I will provide all of the records listed above, including this attestation, regarding the inspection to the Pharmacist-in-Charge(PIC), within 3 business days and ensure the PIC understands that he/she must file the completed PIC attestation within 7 days of the date of receipt (unless otherwise noted).

Signed: 

Date: *08/20/2025*

Printed Name: *Robert Blanford*

License No.(if applicable): *33295*

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Date: *08/20/2025*

Arrival Time: *11:30 AM*

Acknowledgment

This is to acknowledge that Texas State Board of Pharmacy Agent has presented official credentials and this Notice of Inspection citing Sections 554.001, 556.001, 556.051-556.054, and 556.101 of the Texas Pharmacy Act which authorizes an inspection of the above described facility. By my signature, I hereby acknowledge receipt of this Notice of Inspection and certify that:

1. I have read the Notice of Inspection and understand its contents and purpose;
2. I have the authority to act in this matter and have signed this Notice of Inspection pursuant to my authority;
3. I have had the purpose of the entry into the above-described facility by the Boards agent stated to me; and
4. I have consented to an inspection of the above-described facility voluntarily and without any manner of threats.

Robert Blanford *Pharmacy Director* *33295*

Date: *08/20/2025* Arrival Time: *11:30 AM* Departure Time: *1:15 PM*

Action Taken: *Inspection*

General Comments:

Licenses/Registration

Verify personnel have active licenses & address with PIC/RPh if necessary	*Not Inspected*
01. Required licenses posted	*Not Inspected*
09. Active licenses/certifications	*Not Inspected*
62. No aiding and abetting	*Not Inspected*
65. Proper registration procedures	*Not Inspected*
79. Identification badges	*Not Inspected*

Inventory Records

15. Change of PIC inventory	*Not Inspected*
17. Meets inventory requirements	*Not Inspected*
59. Proper drug destruction	*Not Inspected*
68. Change of ownership controlled substance inventory	*Not Inspected*
69. Annual controlled substance inventory	*Not Inspected*

Notifications

31. Closed pharmacy (Is pharmacy engaged in the business described in application for licensure?)	*Not Inspected*
34. Notifications	*Not Inspected*
76. PIC (Does the pharmacy have a pharmacist-in-charge?)	*Not Inspected*

Environment/Equipment/Security

03. Orderly/Clean	*Not Inspected*
04. Balance inspection	*Not Inspected*
05. Equipment Inspection	*Not Inspected*
07. Security	*Not Inspected*
08. Environment	*Not Inspected*
48. Drugs (procurement, temperature, security, out-of-date, samples)	*Not Inspected*
90. TSBP complaint notification	*Not Inspected*

Controlled Substances

10. Prescriptions separated	*Not Inspected*
24. Theft/Loss	*Not Inspected*
26. Controlled substance prescription compliance	***Unsatisfactory***

291.34(b)(2)(C)(ii).

Prescriptions. Written prescription drug orders. Prescription drug orders written by practitioners in the United Mexican States or the Dominion of Canada. Dangerous drug prescription drug orders. A pharmacist may dispense a dangerous drug prescription issued by a person licensed in the Dominion of Canada or the United Mexican States as a physician, dentist, veterinarian, or podiatrist provided:

- the prescription drug order is an original written prescription; and
- if there are no refill instructions on the original written prescription drug order (which shall be interpreted as no refills authorized) or if all refills authorized on the original written prescription drug order have been dispensed, a new written prescription drug order shall be obtained from the prescribing practitioner prior to dispensing any additional quantities of dangerous drugs.

Warning Notice

Due Date for Completed Correction: *09/19/2025*

Failure to comply regarding dispensing prescriptions from foreign practitioners and out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by date noted.

30. Controlled substance invoices dated/initialed by pharmacist	*Not Inspected*
35. Controlled substance invoices separated	*Not Inspected*
46. Drug distribution	*Not Inspected*
53. Possession of controlled substances	*Not Inspected*
Corresponding responsibility (Does the pharmacist exercise sound professional judgment with respect to the accuracy or authenticity of a prescription drug order?)	*Not Inspected*

Labeling/Prepackaging

32. Prescription label (Is prescription label complete?)	*Not Inspected*
45. Proper dispensing/labeling	*Not Inspected*

54. Proper prepackaging procedures — *Not Inspected*

Library

06. Required Library — *Not Inspected*

Training

60. Documentation of required training — *Not Inspected*

61. Supervision of supportive personnel — *Not Inspected*

Patient/Computer/Dispensing Records

18. Records available — *Not Inspected*

22. Data processing system compliance — *Not Inspected*

25. Prescriptions (complete, retrievable, auto-refills, accelerated refills) — *Not Inspected*

37. Legal dispensing (Are valid prescriptions being dispensed by a pharmacist?) — *Not Inspected*

56. Prescription transfers — *Not Inspected*

67. Written drug information provided — *Not Inspected*

80. Patient counseling — *Not Inspected*

82. Patient Medication Records — *Not Inspected*

84. Drug regimen review — *Not Inspected*

86. Absence of pharmacist records — *Not Inspected*

Policies & Procedures/SOPs

70. Required policies & procedures/SOPs — *Not Inspected*

92. Automated dispensing policy & procedures/SOPs — *Not Inspected*

Non-Sterile Compounding

03. Orderly/Clean/Hand Hygiene — *Not Inspected*

04. Balance inspection (for non-sterile compounding) — *Not Inspected*

05. Equipment Inspection — *Not Inspected*

06. Non-sterile Library — *Not Inspected*

32. Non-sterile compound label (Is label complete?) — *Not Inspected*

38. Area/Environment for non-sterile compounding — *Not Inspected*

43. Records for non-sterile compounding — *Not Inspected*

60. Documentation of non-sterile required training — *Not Inspected*

70. Required policies & procedures/SOPs	*Not Inspected*
87. Quality Control/Assurance	*Not Inspected*

Compounded Dosage Forms

Allergen extracts	*Not Inspected*
Parenteral solutions	*Not Inspected*
Parenteral suspensions	*Not Inspected*
Preservative-free parenterals	*Not Inspected*
Ophthalmic preparations	*Not Inspected*
Oral or nasal inhalation preparations (not topical spray)	*Not Inspected*
Bath or soaks for live organs/tissues	*Not Inspected*
Irrigations for wounds or body cavities	*Not Inspected*
Any other sterile preparations (implants, pellets, etc) [list]	*Not Inspected*
Investigational drugs	*Not Inspected*
Blood products or other biological materials (wound care, autologous, eye drops, etc)	*Not Inspected*
Any compounds using federally controlled substances Schedule I-V (list and percentage)	*Not Inspected*
Does the pharmacy use lyophilizer?	*Not Inspected*

Environment (Sterile)

S109. Is the cleanroom clean and free of objects that shed particles?	*Not Inspected*
S110. Is the cleanroom used only for sterile preparations?	*Not Inspected*
S119. Does the cleanroom contain only appropriate supplies?	*Not Inspected*
S101. Does the ante-area provide at least ISO Class 8 air quality under dynamic conditions?	*Not Inspected*
S115. Does the ante-area contain a hands-free sink with hot and cold running water?	*Not Inspected*
S102. Does the buffer area provide at least ISO Class 7 air quality under dynamic conditions?	*Not Inspected*
S106. Is the buffer area free from sources of water (e.g., sink, floor drains)?	*Not Inspected*
S108. Is there hands-free access to the buffer area?	*Not Inspected*
S113. Are floors, walls, ceilings & fixtures smooth, impervious and free from cracks & crevices?	*Not Inspected*
S112. Does the floor covering enable regular disinfection?	*Not Inspected*
S118. Are supplies stored above the floor to permit adequate floor cleaning?	*Not Inspected*

S127. Does the clean room have a pressure gauge or velocity meter to monitor pressure differential between buffer area and ante-area and between the ante-area and the general environment? Is the pressure differential at least 0.02" wc? *Not Inspected*

S116. Are temperature and humidity monitored, documented and within the required range? *Not Inspected*

S167. Is there a thermometer available for the cleanroom and refrigerator(s)? *Not Inspected*

Primary Engineering Control (PECs) Device

S126. Is the laminar air flow hood located in a buffer area that has a minimum differential positive pressure of 0.02" wc? *Not Inspected*

S121. Is the PEC able to maintain at least ISO Class 5 conditions while compounding sterile preparations? *Not Inspected*

S246. Are hazardous drugs prepared in a Class II/III vertical flow BSC or CACI located in an ISO Class 7 area physically separated from other areas? *Not Inspected*

S247. Does the area where the BSC or CACI is located have not less than 0.01" wc negative pressure adjacent to the positive pressure ISO Class 7 area? *Not Inspected*

S105. Does the CAI or CACI provide unidirectional airflow? *Not Inspected*

S104. If the CAI or CACI is used for high-risk sterile compounding, is it placed in an ISO Class 8 area? *Not Inspected*

S122. If the CAI is not required to be placed in an ISO Class 7 area, does the pharmacy maintain documentation from the manufacturer? *Not Inspected*

S124. Is the PEC certified by an independent contractor every 6 months and when relocated? *Not Inspected*

S125. Are prefilters inspected periodically and replaced as needed? *Not Inspected*

S128. Are differential pressures monitored and documented at least every work shift (at a minimum daily) or by a continuous recording device? *Not Inspected*

Equipment and Supplies

S174. Does the pharmacy have disposable needles, syringes, and other required or applicable supplies? *Not Inspected*

S177. Does the pharmacy have lint-free towels or wipes? *Not Inspected*

S180. Does the pharmacy have masks, caps, gowns with tight cuffs, shoes covers, and beard covers (if applicable)? *Not Inspected*

S176. Does the pharmacy have handwashing agents with bactericidal action? *Not Inspected*

S175. Does the pharmacy have disinfectant cleaning solutions and dedicated cleaning supplies? *Not Inspected*

S179. Does the pharmacy have hazardous spill kits, if applicable? *Not Inspected*

S171. Does the pharmacy have appropriate containers for needles and syringes? *Not Inspected*

S170. Does the pharmacy have sterile isopropyl alcohol, sterile gloves, and waterless alcohol-based surgical hand scrub? *Not Inspected*

S178. Does the pharmacy have appropriate filters and filtration equipment? *Not Inspected*

S181. If an automated compounding device is used, does the pharmacy calibrate & verify the device for accuracy, and document at least daily? *Not Inspected*

S172. Does the pharmacy have packaging or delivery containers to maintain proper storage conditions for sterile preparations? *Not Inspected*

High Risk CSPs

S103. If high-risk CSPs are compounded, does the buffer area provide physical separation from other compounding areas? *Not Inspected*

S231. Is sterility testing performed if CSPs are prepared in groups > 25, or *Not Inspected*

S232. If MDVs are prepared for multiple patients or when exposed > 12 hours at 2-8 degrees C before sterilized, or *Not Inspected*

S233. If exposed > 6 hours at warmer than 8 degrees C before sterilized? *Not Inspected*

S237. Are all non-sterile measuring, mixing, and purifying devices rinsed thoroughly with pyrogen-free or depyrogenated sterile water, and then thoroughly drained or dried immediately before use for high-risk sterile compounding? *Not Inspected*

S238. Are all high-risk sterile solutions subjected to terminal sterilization prefiltered using no larger than a 1.2-micron filter to remove particulate matter? Is sterilization by filtration performed with a sterile 0.2 – 0.22 micrometer pore size filter within an ISO Class 5 environment or better? *Not Inspected*

S165. Are filter integrity tests being performed and documented (e.g., bubble point test)? *Not Inspected*

S239. Are pre-sterilization procedures (weighing and mixing) completed in an ISO Class 8 environment or better? *Satisfactory*

Sterile Library

S154. Does the pharmacy have a reference on injectable drugs? *Not Inspected*

S155. Does the pharmacy have a specialty reference? *Not Inspected*

S156. Does the pharmacy have all of the required (USP chapters 71, 85, 795, 797, 1163) and applicable USP chapters? *Not Inspected*

Hazardous CSPs

S242. Do personnel wear protective apparel at all times when hazardous drugs are handled? *Not Inspected*

S243. Do personnel use appropriate safety and containment techniques when preparing hazardous CSPs? *Not Inspected*

S244. Do personnel dispose of hazardous waste in compliance with local, state, and federal regulations? *Not Inspected*

S245. Do personnel affix a proper label, including proper precautions inside and outside of the packaging? *Not Inspected*

S248. Does the pharmacy have a pressure indicator that can be readily monitored for correct room pressurization?	*Not Inspected*
S249. Does the pharmacy meet the requirements for low volume preparation of hazardous drugs by using a device that provides two-tiers of containment (e.g., closed-system vial transfer device within a BSC)?	*Not Inspected*
S250. Are hazardous drugs stored separately from other inventory in a manner to prevent contamination and personnel exposure?	*Not Inspected*
Does the pharmacy have a plan to comply with USP <800> by the implementation date?	*Not Inspected*
Are hazardous drugs stored separately in compliance with USP <800> (negative pressure at least -0.01" wc to adjacent areas and with at least 12 ACPH)?	*Not Inspected*
Is hazardous drug waste quarantined in a designated area?	*Not Inspected*
Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)?	*Not Inspected*

Personnel Cleansing, Garbing, Hand Hygiene

S202. Does hand sanitizing and gowning occur in the ante-area (outside of the buffer area)?	*Not Inspected*
S180. Do compounding personnel don clean non-shedding gowns with sleeves that fit snugly around the wrists and enclose at the neck? Is the order of garbing appropriate (dirtiest to cleanest)?	*Not Inspected*
S194. Before entering the buffer area, do compounding personnel remove cosmetics?	*Not Inspected*
S195. Before entering the buffer area, do compounding personnel remove all hand, wrist, and other body jewelry/piercings?	*Not Inspected*
S196. Are natural nails kept neat and trim and no wearing of artificial nails or extenders?	*Not Inspected*
S200. Do compounding personnel remove debris from underneath fingernails using a nail cleaner under running warm water?	*Not Inspected*
S192. Are personnel with an apparent illness or open lesions compounding sterile preparations?	*Not Inspected*
S241. When compounding personnel temporarily exit the ISO Class 7 environment, are re-donning procedures properly followed?	*Not Inspected*
S201. Do compounding personnel engage in proper hand hygiene?	*Not Inspected*
S203. Do compounding personnel completely dry hands and forearms using lint-free disposable towels or hand dryer?	*Not Inspected*
S204. Is antiseptic hand cleansing performed using waterless alcohol-based surgical scrub once inside the buffer area and prior to donning sterile gloves?	*Not Inspected*
S206. Is sterile isopropyl alcohol applied to gloves throughout the day and when non-sterile surfaces are touched?	*Not Inspected*

Cleaning/Disinfection Procedures

S182. Does the pharmacy have written procedures on the cleaning and disinfecting of the direct and contiguous compounding areas (e.g., beginning of shift, every 30 minutes, before each batch, spills)?	*Not Inspected*
S230. Is cleaning performed by trained personnel using approved agents (described in written SOPs)?	*Not Inspected*
S228. Are supplies & equipment that are removed from shipping cartons wiped with a disinfecting agent (e.g., sterile IPA)?	*Not Inspected*
S226. Are work surfaces and floors in the ante-area and buffer area cleaned and disinfected daily with dedicated supplies?	*Not Inspected*
S227. Are walls, ceilings and shelving in the ante-area and buffer area cleaned and disinfected at least monthly?	*Not Inspected*
S229. Does the pharmacy maintain documentation of cleaning procedures (i.e., date/time of cleaning, type of cleaning, name of individual who performed the cleaning)?	*Not Inspected*

Environmental Sampling

S270. Is surface sampling conducted in all ISO classified areas on a periodic basis?	*Not Inspected*
S272. Is viable air sampling performed?	*Not Inspected*
S273. Is viable air sampling documented by properly trained individuals for all risk levels every 6 months?	*Not Inspected*
S271. Are environmental sampling results evaluated and addressed (i.e., action levels followed)?	*Not Inspected*

Records of CSPs

S252. Does the pharmacy maintain records relating to CSPs for a minimum of 2 years?	*Not Inspected*
S253. Do compounding records include the date and time of preparation of a CSP?	*Not Inspected*
S254. Do compounding records include the complete formula of a CSP?	*Not Inspected*
S257. Do compounding records include the quantities of materials used in a CSP?	*Not Inspected*
S255. Do compounding records include the signature or initials of who prepared a CSP?	*Not Inspected*
S256. Do compounding records include the signature or initials of who conducted the final check of a CSP?	*Not Inspected*
S258. Do compounding records include the container used and the number of units prepared for a CSP?	*Not Inspected*
S259. Do compounding records include the criteria used to determine the beyond-use date of a CSP?	*Not Inspected*
S260. Do compounding records include the documentation of performance of quality control procedures?	*Not Inspected*
S261. Are master worksheets and preparation worksheets for batch compounding complete?	*Not Inspected*
S262. Are master worksheets developed and approved by a pharmacist?	*Not Inspected*

General Operational Requirements

S166. Is a pharmacist available at all times (24/7)?	*Not Inspected*
S187. Are written SOPs developed and implemented for all significant procedures in the compounding area to include at a minimum: the facility, equipment, personnel, preparation evaluation, quality assurance, preparation recall, packaging, and storage of CSPs?	*Not Inspected*
S188. Does the pharmacy have all required written policies (e.g., pharmaceutical care services, sampling plan, recalls)?	*Not Inspected*
S158. If the pharmacy compounds commercially available products, does the pharmacy document the need by verifying and monitoring a drug shortage list (including if the preparation is quarantined/not available once removed from the shortage list)? Or,	*Not Inspected*
S158. Does the pharmacy document the need for compounding commercially available products by individual patient needs determined by the prescribing practitioner (i.e, hypersensitivity to inactive ingredients or alternate dosage form)?	*Not Inspected*
S275. If the pharmacy dispenses prescriptions to patients in other states, does the pharmacy have proper licensure in those states?	*Not Inspected*

Office Use Compounding & Distribution of CSPs

S163. Does the pharmacy have a written agreement with the prescriber that meets all requirements to distribute compounded sterile preparations to practitioners for office use?	*Not Inspected*
S162. If the pharmacy is distributing CSPs to another pharmacy, does the pharmacy meet the requirements for such distribution?	*Not Inspected*
Is the pharmacy registered with the FDA as an Outsourcing Facility (503B)?	*Not Inspected*

Quality Control & Verification of Compounding Accuracy

S207. Does a pharmacist review all compounding records for accuracy and perform the final check of a CSP?	*Not Inspected*
S185. Are periodic in-process checks for CSPs defined in written procedures and conducted as defined?	*Not Inspected*
S191. Are all drug components USP/NF grade substances manufactured in an FDA-registered facility? If USP/NF grade substances are not available, are the drug components of chemical grade in CP, AR, ACS, or Food Chemical Codex categories?	*Not Inspected*
S191. Is a Certificate of Analysis available for all components of the preparation if materials are not purchased through an FDA-registered facility?	*Not Inspected*
S191. Are any CSPs prepared by the pharmacy listed on the federal FDA list of drug products that are withdrawn or removed from the market for safety reasons?	*Not Inspected*

Veterinary Compounding

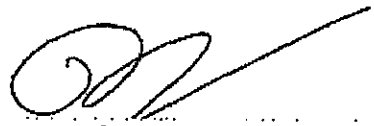
Are APIs or other components labeled for veterinary use segregated or marked to prevent use for human compounding?	*Not Inspected*

Does the pharmacy meet the same standards for animal compounding as human compounding?	*Not Inspected*
Is the pharmacist knowledgeable or does the pharmacy have up-to-date references regarding species limits that can result in toxicity when compounding with particular drugs/excipients?	*Not Inspected*
Does the pharmacy document if the animal is a pet or used for food?	*Not Inspected*
Is the pharmacist familiar with, or does the pharmacy have the most up-to date references regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals?	*Not Inspected*
Does the pharmacy have a list of drugs and components that have been designated by state or federal authorities as prohibited ingredients in CSPs for food-producing animals?	*Not Inspected*
Is the pharmacist familiar with, or does the pharmacy have the most up-to-date reference regarding regulations for drug use in performance animals?	*Not Inspected*

Label

S209. Is the CSP properly labeled to include the generic name(s), and	*Not Inspected*
S210. For outpatient prescriptions, does the label include a statement that the CSP has been compounded by the pharmacy?	*Not Inspected*
S211. Does the label include a beyond-use date?	*Not Inspected*
S213. If the CSP is compounded as a batch, does the label contain a unique lot number assigned to the batch, and	*Not Inspected*
S214. Quantity, and	*Not Inspected*
S215. Appropriate ancillary instructions, such as storage or cautionary statements, and	*Not Inspected*
S216. Any device-specific instructions, if appropriate?	*Not Inspected*
S220. Are CSPs assigned a beyond-use date based on the specified labeling for the drug, appropriate literature sources, or direct testing?	*Not Inspected*

Training & Competency Testing



S129. Has each pharmacist completed the required education and training prior to engaging in sterile compounding?	*Not Inspected*
S130. Has each pharmacy technician completed the required education and training prior to engaging in sterile compounding?	*Not Inspected*
S142. Does the pharmacy maintain documentation to demonstrate that all compounding personnel have successfully passed initial competency evaluation/testing (e.g., media-fill testing, gloved fingertip/thumb testing)? Does the pharmacy have an on-the-job training program?	*Not Inspected*
S144. Does the pharmacy maintain documentation of on-going training and testing for all compounding personnel (e.g., observation of aseptic technique, media-fill testing, gloved fingertip/thumb testing, continuing education)?	*Not Inspected*

Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and

- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Robert Blanford

Inspection Report

Facility Information

Name: *BEAKER PHARMACY* License Number: *32264*

Class of License: *AS*

Inspection Information

Type: *Compliance* Purpose: *Licensee Request*

Date: *04/02/2025* Arrival Time: *10:00 AM* Departure Time: *1:45 PM*

Action Taken: *Inspection*

General Comments:

Licenses/Registration

Verify personnel have active licenses & address with PIC/RPh if necessary	*Satisfactory*
01. Required licenses posted	*Satisfactory*
09. Active licenses/certifications	*Satisfactory*
62. No aiding and abetting	*Satisfactory*
65. Proper registration procedures	*Satisfactory*
79. Identification badges	*Satisfactory*

Inventory Records

15. Change of PIC inventory	*Not Applicable*
17. Meets inventory requirements	*Satisfactory*
59. Proper drug destruction	*Satisfactory*
68. Change of ownership controlled substance inventory	*Not Applicable*
69. Annual controlled substance inventory	*Satisfactory*

Comment

Annual controlled substance inventory completed on: 5/23/24 @ close

Notifications

31. Closed pharmacy (Is pharmacy engaged in the business described in application for licensure?)	*Satisfactory*
34. Notifications	*Satisfactory*

76. PIC (Does the pharmacy have a pharmacist-in-charge?) *Satisfactory*

Environment/Equipment/Security

03. Orderly/Clean *Satisfactory*

04. Balance inspection *Satisfactory*

Comment

Number of balances: 9 registered and verified

05. Equipment Inspection *Satisfactory*

07. Security *Satisfactory*

08. Environment *Satisfactory*

48. Drugs (procurement, temperature, security, out-of-date, samples) *Satisfactory*

90. TSBP complaint notification *Satisfactory*

Controlled Substances

10. Prescriptions separated *Satisfactory*

24. Theft/Loss *Satisfactory*

Comment

No theft or loss has occurred.

26. Controlled substance prescription compliance ***Unsatisfactory***

291.34(b)(2)(B)(ii).
Prescriptions. Written prescription drug orders. Prescription drug orders written by practitioners in another state. A pharmacist may dispense prescription drug orders for controlled substances in Schedule III, IV, or V issued by a physician, dentist, veterinarian, or podiatrist in another state provided:

- the prescription drug order is issued by a person practicing in another state and licensed by another state as a physician, dentist, veterinarian, or podiatrist, who has a current federal DEA registration number, and who may legally prescribe Schedule III, IV, or V controlled substances in such other state;
- the prescription drug order is not dispensed or refilled more than six months from the initial date of issuance and may not be refilled more than five times; and
- if there are no refill instructions on the original prescription drug order (which shall be interpreted as no refills authorized) or if all refills authorized on the original prescription drug order have been dispensed, a new prescription drug order is obtained from the prescribing practitioner prior to dispensing any additional quantities of controlled substances

Warning Notice **Due Date for Completed Correction:** *05/02/2025*

Failure to comply regarding dispensing prescriptions from out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by date noted.

30. Controlled substance invoices dated/initialed by pharmacist	*Satisfactory*
35. Controlled substance invoices separated	*Satisfactory*
46. Drug distribution	*Satisfactory*
53. Possession of controlled substances	*Satisfactory*
Corresponding responsibility (Does the pharmacist exercise sound professional judgment with respect to the accuracy or authenticity of a prescription drug order?)	*Satisfactory*

Labeling/Prepackaging

32. Prescription label (Is prescription label complete?)	*Satisfactory*
45. Proper dispensing/labeling	*Satisfactory*
54. Proper prepackaging procedures	*Not Applicable*

Library

06. Required Library	*Satisfactory*

Training

60. Documentation of required training	*Satisfactory*
61. Supervision of supportive personnel	*Satisfactory*

Patient/Computer/Dispensing Records

18. Records available	*Satisfactory*
22. Data processing system compliance	*Satisfactory*
25. Prescriptions (complete, retrievable, auto-refills, accelerated refills)	*Satisfactory*
37. Legal dispensing (Are valid prescriptions being dispensed by a pharmacist?)	*Satisfactory*
56. Prescription transfers	*Satisfactory*
67. Written drug information provided	*Satisfactory*
80. Patient counseling	*Satisfactory*
82. Patient Medication Records	*Satisfactory*
84. Drug regimen review	*Satisfactory*
86. Absence of pharmacist records	*Not Applicable*

Policies & Procedures/SOPs

70. Required policies & procedures/SOPs	*Satisfactory*
92. Automated dispensing policy & procedures/SOPs	*Not Applicable*

Non-Sterile Compounding

03. Orderly/Clean/Hand Hygiene	*Satisfactory*
04. Balance inspection (for non-sterile compounding)	*Satisfactory*
05. Equipment Inspection	*Satisfactory*
06. Non-sterile Library	*Satisfactory*
32. Non-sterile compound label (Is label complete?)	*Satisfactory*
38. Area/Environment for non-sterile compounding	*Satisfactory*
43. Records for non-sterile compounding	*Satisfactory*

Comment

Advised to maintain complete non-sterile compounding records including the criteria for the beyond use date.

60. Documentation of non-sterile required training	*Satisfactory*
70. Required policies & procedures/SOPs	*Satisfactory*
87. Quality Control/Assurance	*Satisfactory*

Compounded Dosage Forms

Allergen extracts	*No*
Parenteral solutions	*Yes*
Parenteral suspensions	*No*
Preservative-free parenterals	*No*
Ophthalmic preparations	*Yes*
Oral or nasal inhalation preparations (not topical spray)	*No*
Bath or soaks for live organs/tissues	*No*
Irrigations for wounds or body cavities	*No*
Any other sterile preparations (implants, pellets, etc) [list]	*No*
Investigational drugs	*No*
Blood products or other biological materials (wound care, autologous, eye drops, etc)	*Yes*
Any compounds using federally controlled substances Schedule I-V (list and percentage)	*Yes*

Comment

Testosterone, nandrolone

Does the pharmacy use lyophilizer?	*No*

Environment (Sterile)

S109. Is the cleanroom clean and free of objects that shed particles?	*Satisfactory*
S110. Is the cleanroom used only for sterile preparations?	*Satisfactory*
S119. Does the cleanroom contain only appropriate supplies?	*Satisfactory*
S101. Does the ante-area provide at least ISO Class 8 air quality under dynamic conditions?	*Satisfactory*
S115. Does the ante-area contain a hands-free sink with hot and cold running water?	*Satisfactory*
S102. Does the buffer area provide at least ISO Class 7 air quality under dynamic conditions?	*Satisfactory*
S106. Is the buffer area free from sources of water (e.g., sink, floor drains)?	*Satisfactory*
S108. Is there hands-free access to the buffer area?	*Satisfactory*
S113. Are floors, walls, ceilings & fixtures smooth, impervious and free from cracks & crevices?	*Satisfactory*
S112. Does the floor covering enable regular disinfection?	*Satisfactory*
S118. Are supplies stored above the floor to permit adequate floor cleaning?	*Satisfactory*
S127. Does the clean room have a pressure gauge or velocity meter to monitor pressure differential between buffer area and ante-area and between the ante-area and the general environment? Is the pressure differential at least 0.02" wc?	*Satisfactory*
S116. Are temperature and humidity monitored, documented and within the required range?	*Satisfactory*
S167. Is there a thermometer available for the cleanroom and refrigerator(s)?	*Satisfactory*

Primary Engineering Control (PECs) Device

S126. Is the laminar air flow hood located in a buffer area that has a minimum differential positive pressure of 0.02" wc?	*Satisfactory*
S121. Is the PEC able to maintain at least ISO Class 5 conditions while compounding sterile preparations?	*Satisfactory*
S246. Are hazardous drugs prepared in a Class II/III vertical flow BSC or CACI located in an ISO Class 7 area physically separated from other areas?	*Satisfactory*
S247. Does the area where the BSC or CACI is located have not less than 0.01" wc negative pressure adjacent to the positive pressure ISO Class 7 area?	*Satisfactory*
S105. Does the CAI or CACI provide unidirectional airflow?	*Not Applicable*
S104. If the CAI or CACI is used for high-risk sterile compounding, is it placed in an ISO Class 8 area?	*Not Applicable*
S122. If the CAI is not required to be placed in an ISO Class 7 area, does the pharmacy maintain documentation from the manufacturer?	*Not Applicable*
S124. Is the PEC certified by an independent contractor every 6 months and when relocated?	*Satisfactory*
S125. Are prefilters inspected periodically and replaced as needed?	*Sotisfactory*

S128. Are differential pressures monitored and documented at least every work shift (at a minimum daily) or by a continuous recording device?	*Satisfactory*

Equipment and Supplies

S174. Does the pharmacy have disposable needles, syringes, and other required or applicable supplies?	*Satisfactory*
S177. Does the pharmacy have lint-free towels or wipes?	*Satisfactory*
S180. Does the pharmacy have masks, caps, gowns with tight cuffs, shoes covers, and beard covers (if applicable)?	*Satisfactory*
S176. Does the pharmacy have handwashing agents with bactericidal action?	*Satisfactory*
S175. Does the pharmacy have disinfectant cleaning solutions and dedicated cleaning supplies?	*Satisfactory*
S179. Does the pharmacy have hazardous spill kits, if applicable?	*Satisfactory*
S171. Does the pharmacy have appropriate containers for needles and syringes?	*Satisfactory*
S170. Does the pharmacy have sterile isopropyl alcohol, sterile gloves, and waterless alcohol-based surgical hand scrub?	*Satisfactory*
S178. Does the pharmacy have appropriate filters and filtration equipment?	*Satisfactory*
S181. If an automated compounding device is used, does the pharmacy calibrate & verify the device for accuracy, and document at least daily?	*Satisfactory*
S172. Does the pharmacy have packaging or delivery containers to maintain proper storage conditions for sterile preparations?	*Satisfactory*

High-Risk CSPs

S103. If high-risk CSPs are compounded, does the buffer area provide physical separation from other compounding areas?	*Sotisfactory*
S231. Is sterility testing performed if CSPs are prepared in groups > 25, or	*Satisfactory*
S232. If MDVs are prepared for multiple patients or when exposed > 12 hours at 2-8 degrees C before sterilized, or	*Not Applicable*
S233. If exposed > 6 hours at warmer than 8 degrees C before sterilized?	*Not Applicable*
S237. Are all non-sterile measuring, mixing, and purifying devices rinsed thoroughly with pyrogen-free or depyrogenated sterile water, and then thoroughly drained or dried immediately before use for high-risk sterile compounding?	*Satisfactory*
S238. Are all high-risk sterile solutions subjected to terminal sterilization prefiltered using no larger than a 1.2-micron filter to remove particulate matter? Is sterilization by filtration performed with a sterile 0.2 – 0.22 micrometer pore size filter within an ISO Class 5 environment or better?	*Satisfactory*
S165. Are filter integrity tests being performed and documented (e.g., bubble point test)?	*Satisfactory*
S239. Are pre-sterilization procedures (weighing and mixing) completed in an ISO Class 8 environment or better?	***Unsatisfactory***

291.133(d)(6)(B)(ii).

Presterilization procedures for high-risk level compounded sterile preparations, such as weighing and mixing, shall be completed in no worse than an ISO Class 8 environment.

Warning Notice Due Date for Completed Correction: *05/02/2025*

Failure to document the ISO classification of the positive and negative pressure preparatory rooms. Comply by date noted.

Sterile Library

S154. Does the pharmacy have a reference on injectable drugs?	*Satisfactory*
S155. Does the pharmacy have a specialty reference?	*Satisfactory*
S156. Does the pharmacy have all of the required (USP chapters 71, 85, 795, 797, 1163) and applicable USP chapters?	*Satisfactory*

Hazardous CSPs

S242. Do personnel wear protective apparel at all times when hazardous drugs are handled?	*Satisfactory*
S243. Do personnel use appropriate safety and containment techniques when preparing hazardous CSPs?	*Satisfactory*
S244. Do personnel dispose of hazardous waste in compliance with local, state, and federal regulations?	*Satisfactory*
S245. Do personnel affix a proper label, including proper precautions inside and outside of the packaging?	*Satisfactory*
S248. Does the pharmacy have a pressure indicator that can be readily monitored for correct room pressurization?	*Satisfactory*
S249. Does the pharmacy meet the requirements for low volume preparation of hazardous drugs by using a device that provides two-tiers of containment (e.g., closed-system vial transfer device within a BSC)?	*Not Applicable*
S250. Are hazardous drugs stored separately from other inventory in a manner to prevent contamination and personnel exposure?	*Satisfactory*
Does the pharmacy have a plan to comply with USP <800> by the implementation date?	*Yes*
Are hazardous drugs stored separately in compliance with USP <800> (negative pressure at least -0.01" wc to adjacent areas and with at least 12 ACPH)?	*Yes*
Is hazardous drug waste quarantined in a designated area?	*Yes*
Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)?	*Yes*

Personnel Cleansing, Garbing, Hand Hygiene

S202. Does hand sanitizing and gowning occur in the ante-area (outside of the buffer area)?	*Satisfactory*

S180. Do compounding personnel don clean non-shedding gowns with sleeves that fit snugly around the wrists and enclose at the neck? Is the order of garbing appropriate (dirtiest to cleanest)?	*Satisfactory*
S194. Before entering the buffer area, do compounding personnel remove cosmetics?	*Satisfactory*
S195. Before entering the buffer area, do compounding personnel remove all hand, wrist, and other body jewelry/piercings?	*Satisfactory*
S196. Are natural nails kept neat and trim and no wearing of artificial nails or extenders?	*Satisfactory*
S200. Do compounding personnel remove debris from underneath fingernails using a nail cleaner under running warm water?	*Satisfactory*
S192. Are personnel with an apparent illness or open lesions compounding sterile preparations?	*Satisfactory*
S241. When compounding personnel temporarily exit the ISO Class 7 environment, are re-donning procedures properly followed?	*Satisfactory*
S201. Do compounding personnel engage in proper hand hygiene?	*Satisfactory*
S203. Do compounding personnel completely dry hands and forearms using lint-free disposable towels or hand dryer?	*Satisfactory*
S204. Is antiseptic hand cleansing performed using waterless alcohol-based surgical scrub once inside the buffer area and prior to donning sterile gloves?	*Satisfactory*
S206. Is sterile isopropyl alcohol applied to gloves throughout the day and when non-sterile surfaces are touched?	*Satisfactory*

Cleaning/Disinfection Procedures

S182. Does the pharmacy have written procedures on the cleaning and disinfecting of the direct and contiguous compounding areas (e.g., beginning of shift, every 30 minutes, before each batch, spills)?	*Satisfactory*
S230. Is cleaning performed by trained personnel using approved agents (described in written SOPs)?	*Satisfactory*
S228. Are supplies & equipment that are removed from shipping cartons wiped with a disinfecting agent (e.g., sterile IPA)?	*Satisfactory*
S226. Are work surfaces and floors in the ante-area and buffer area cleaned and disinfected daily with dedicated supplies?	*Satisfactory*
S227. Are walls, ceilings and shelving in the ante-area and buffer area cleaned and disinfected at least monthly?	*Satisfactory*
S229. Does the pharmacy maintain documentation of cleaning procedures (i.e., date/time of cleaning, type of cleaning, name of individual who performed the cleaning)?	*Satisfactory*

Environmental Sampling

S270. Is surface sampling conducted in all ISO classified areas on a periodic basis?	*Satisfactory*
S272. Is viable air sampling performed?	*Satisfactory*

Comment

Advised to maintain documentation of viable air sampling results.

S273. Is viable air sampling documented by properly trained individuals for all risk levels every 6 months? *Satisfactory*

S271. Are environmental sampling results evaluated and addressed (i.e., action levels followed)? *Satisfactory*

Records of CSPs

S252. Does the pharmacy maintain records relating to CSPs for a minimum of 2 years? *Satisfactory*

S253. Do compounding records include the date and time of preparation of a CSP? *Satisfactory*

S254. Do compounding records include the complete formula of a CSP? *Satisfactory*

S257. Do compounding records include the quantities of materials used in a CSP? *Satisfactory*

S255. Do compounding records include the signature or initials of who prepared a CSP? *Satisfactory*

S256. Do compounding records include the signature or initials of who conducted the final check of a CSP? *Satisfactory*

S258. Do compounding records include the container used and the number of units prepared for a CSP? *Satisfactory*

S259. Do compounding records include the criteria used to determine the beyond-use date of a CSP? *Satisfactory*

Comment

Advised to ensure compounding records include the criteria used to determine the beyand-use date of a compounded sterile preparation.

S260. Do compounding records include the documentation of performance of quality control procedures? *Satisfactory*

S261. Are master worksheets and preparation worksheets for batch compounding complete? *Satisfactory*

S262. Are master worksheets developed and approved by a pharmacist? *Satisfactory*

General Operational Requirements

S166. Is a pharmacist available at all times (24/7)? *Satisfactory*

S187. Are written SOPs developed and implemented for all significant procedures in the compounding area to include at a minimum: the facility, equipment, personnel, preparation evaluation, quality assurance, preparation recall, packaging, and storage of CSPs? *Satisfactory*

S188. Does the pharmacy have all required written policies (e.g., pharmaceutical care services, sampling plan, recalls)? *Satisfactory*

S158. If the pharmacy compounds commercially available products, does the pharmacy document the need by verifying and monitoring a drug shortage list (including if the preparation is quarantined/not available once removed from the shortage list)? Or, *Not Applicable*

S158. Does the pharmacy document the need for compounding commercially available products by individual patient needs determined by the prescribing practitioner (i.e, hypersensitivity to inactive ingredients or alternate dosage form)?	*Satisfactory*
S275. If the pharmacy dispenses prescriptions to patients in other states, does the pharmacy have proper licensure in those states?	*Satisfactory*

Office Use Compounding & Distribution of CSPs

S163. Does the pharmacy have a written agreement with the prescriber that meets all requirements to distribute compounded sterile preparations to practitioners for office use?	*Not Applicable*
S162. If the pharmacy is distributing CSPs to another pharmacy, does the pharmacy meet the requirements for such distribution?	*Not Applicable*
Is the pharmacy registered with the FDA as an Outsourcing Facility (503B)?	*No*

Quality Control & Verification of Compounding Accuracy

S207. Does a pharmacist review all compounding records for accuracy and perform the final check of a CSP?	*Satisfactory*
S185. Are periodic in-process checks for CSPs defined in written procedures and conducted as defined?	*Satisfactory*
S191. Are all drug components USP/NF grade substances manufactured in an FDA-registered facility? If USP/NF grade substances are not available, are the drug components of chemical grade in CP, AR, ACS, or Food Chemical Codex categories?	*Satisfactory*
S191. Is a Certificate of Analysis available for all components of the preparation if materials are not purchased through an FDA-registered facility?	*Satisfactory*
S191. Are any CSPs prepared by the pharmacy listed on the federal FDA list of drug products that are withdrawn or removed from the market for safety reasons?	*Satisfactory*

Veterinary Compounding

Are APIs or other components labeled for veterinary use segregated or marked to prevent use for human compounding?	*Not Applicable*
Does the pharmacy meet the same standards for animal compounding as human compounding?	*Not Applicable*
Is the pharmacist knowledgeable or does the pharmacy have up-to-date references regarding species limits that can result in toxicity when compounding with particular drugs/excipients?	*Not Applicable*
Does the pharmacy document if the animal is a pet or used for food?	*Not Applicable*
Is the pharmacist familiar with, or does the pharmacy have the most up-to date references regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals?	*Not Applicable*
Does the pharmacy have a list of drugs and components that have been designated by state or federal authorities as prohibited ingredients in CSPs for food-producing animals?	*Not Applicable*
Is the pharmacist familiar with, or does the pharmacy have the most up-to-date reference regarding regulations for drug use in performance animals?	*Not Applicable*

Label

S209. Is the CSP properly labeled to include the generic name(s), and	*Satisfactory*
S210. For outpatient prescriptions, does the label include a statement that the CSP has been compounded by the pharmacy?	*Satisfactory*
S211. Does the label include a beyond-use date?	*Satisfactory*
S213. If the CSP is compounded as a batch, does the label contain a unique lot number assigned to the batch, and	*Satisfactory*
S214. Quantity, and	*Satisfactory*
S215. Appropriate ancillary instructions, such as storage or cautionary statements, and	*Satisfactory*
S216. Any device-specific instructions, if appropriate?	*Satisfactory*
S220. Are CSPs assigned a beyond-use date based on the specified labeling for the drug, appropriate literature sources, or direct testing?	*Satisfactory*

Training & Competency Testing

S129. Has each pharmacist completed the required education and training prior to engaging in sterile compounding?	*Satisfactory*
S130. Has each pharmacy technician completed the required education and training prior to engaging in sterile compounding?	*Satisfactory*
S142. Does the pharmacy maintain documentation to demonstrate that all compounding personnel have successfully passed initial competency evaluation/testing (e.g., media-fill testing, gloved fingertip/thumb testing)? Does the pharmacy have an on-the-job training program?	*Satisfactory*
S144. Does the pharmacy maintain documentation of on-going training and testing for all compounding personnel (e.g., observation of aseptic technique, media-fill testing, gloved fingertip/thumb testing, continuing education)?	*Satisfactory*

Comment

Advised to ensure the aseptic technique of each person compounding or supervising personnel compounding sterile preparations be observed evaluated by written and practical tests, media fill and gloved fingertip testing, and be documented. This must be done every six months if high risk sterile compounding is being conducted.

Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and
- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I, Sheila Alizadeh, PharmD, **certify that as the designated representative for**

Blue Door Pharmacies, LLC,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. ____ I am at least 21 years of age;
3. ____ I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. ____ I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. ____ I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. ____ I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. ____ I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Blue Door Pharmacies, LLC

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 15225 Shady Grove Rd Suite 101

City: Rockville State: MD Zip: 20850

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: 301-948-4222 Toll Free # (NAC 639.708, NRS 639.23286): 1-877-213-2387

Fax: 301-948-4222 Contact Email: sheila@shadygroverx.com

Website: www.shadygroverx.com

Nevada Business License # (if applicable) _____

Supervising/Managing Pharmacist Name (NRS 639.220): Sheila Alizadeh, PharmD

Supervising/Managing Pharmacist NV Pharmacist Registration #: 24864

Name of Designated Person(s) as defined by revised USP-797 guidelines: Sheila Alizadeh, PharmD

Email of Designated Person(s): sheila@shadygroverx.com

Telephone of Designated Person(s): 240-731-2813

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

■ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 09.12.2025

6. What is the frequency of the recertification for the ISO classified areas? q 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? monthly

10. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

- dilute atropine eye drops.
- NAD^+ subcutaneous injection

12. What laboratory performs your sterility or endotoxin testing?

Name: Eagle Analytical

Address: 11111 S Wilcrest Dr S1000

City: Houston State: TX Zip: 77099

Telephone: 1-800-745-8516

13. What is your procedure for visual inspection of compounded sterile products?
We have black and white backgrounds to inspect for particulate matter in sterile compounds.

14. How often do you perform glove fingertip and medial fill testing?
Twice yearly

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
Initial training is through USP as well as onsite training at Medisca's training facility in Aventura, FL.
In addition, quarterly training modules on calculations, patient safety and medication errors are performed.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

We employ two all in one agents on a rotating basis: Tex Q and Spor-Klenz followed by 70% sterile alcohol.
Primary engineering control (LAFW) are cleaning prior to and at the completion of compounding activities. In addition it is cleaned every 30 minutes during continuous
comounding and after spills when contamination is suspected. Work surfaces are cleaned at the beginning and end of each shift and after spills.
Floors are cleaned daily at the end of each shift
Walls, doors, storage racks, shelving is cleaned monthly.
Ante room counters are cleaned daily and after spills.

17. Who performs the sterile compounding process at your facility?

Sheila Alizadeh and Amelia Sherman

18. Who is responsible and accountable for the sterile compounding process at your facility?
Sheila Alizadeh

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Yes, we use overnight priority FedEx and use insulated shipping materials with 2-3 Nordic Ice ice packs.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A n/a		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? n/a

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

n/a

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

n/a

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

n/a

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?

n/a

5. What is the frequency for completing surface sampling? n/a			
6. What is the frequency for using sporicidal agents?			
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?		Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?		Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Sterile Compounding Inspection Form

The Maryland Board of Pharmacy developed this inspection form in coordination with NABP and other state boards of pharmacies in an attempt to apply a uniformed approach to inspection of sterile compounding pharmacies, wherever located, for compliance of USP 797 standards. Thus, this form includes requirements of other states, items related to best practices, and informational questions related to the Board's health oversight functions. These items are highlighted with an asterisk.

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

12.00 Does the pharmacy prepare medication using proprietary bag and vial systems? (ADD-Vantage, Mini Bag Plus. Etc)

12.01 Are they docked in an ISO 5 environment?

12.02 Are BUDS less than or equal to manufacturers labeling?

13.00 Does the pharmacy outsource medications? *Indicate companies*

13.01 Does the pharmacy act as an outsourcer? *Indicate companies*

14.00 Does the pharmacy compound investigational drugs?

15.00 Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate name and volume/percent compounded currently.*

15.01 If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.

15.02 If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing.
NOTE: Per FDA guidance, 503B facilities may continue to distribute for 60 days following removal from drug shortage list for existing orders.

FDA shortage list checked before compounding

16.00 Does the pharmacy provide sterile compounded preparations to be administered via an implantable infusion pump?

17.00 Does the pharmacy perform compounding for **immediate use?**
Indicate percentage of immediate use sterile compounding.

18.00 Does the pharmacy perform compounding with **hazardous drugs?**
Indicate percentage of hazardous sterile compounding.
NOTE: NIOSH list of hazardous drugs including chemotherapy, hormones, etc.

18.01 Does pharmacy have a plan to comply with USP Chapter <800> by the implementation date? Describe plan.

19.00 Does the pharmacy perform compounding using **blood products** (or other biological materials)? Such as wound care, autologous eye drops, etc. *Describe.*

20.00 Does the pharmacy compound using any Federally **controlled substances I-V?**
Indicate controlled substances used and percentage of controlled substance sterile compounding.

21.00 Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)?
Verify that personnel can access them and are familiar with the format.

Hazardous Drugs CSPs
COMAR 10.34.07.03(E)

Component Selection and Use

Y N N/A Follow up

22.00 **APIs:** Does the pharmacy make any sterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?

22.01 Does the pharmacy purchase APIs directly from the manufacturer/repackager?
If not, indicate the source of APIs

22.02 Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified*

22.03 Does the pharmacy use active ingredients that are not from an FDA facility? ○◉○
If so, indicate sources.

22.04 Are on-hand quantities of APIs used for compounding tracked by computer? *** ◉○○

23.00 If the facility performs both sterile and nonsterile compounding, the areas are separated and distinct. ◉○○

24.00 If the facility performs compounding using blood products (or other biological materials), this compounding area is separate and distinct from the general compounding areas. ○○◉

24.01 Are components used in compounding with blood products restricted to the blood compounding area (not used in other compounding areas)? ○○◉

25.00 **Active Pharmaceutical Ingredients (APIs), bulk drug substances:** ◉○○ Nonsterile Ingredients and Devices
All bulk drug substances (APIs) used are:
1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or
2) A component of an FDA-approved human drug product; or
3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation
NOTE: Must comply with (1) or (2) above until the FDA list is issued

25.01 Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. ◉○○ Nonsterile Ingredients and Devices
Verification of Compounding Accuracy and Sterility
Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.
NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before being used for compounding.

25.02 USP- or NF-grade substances used, if available. ◉○○ Nonsterile Ingredients and Devices

25.03 If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities. ◉○○ High-Risk Level CSPs cross reference to 795, Component Selection Handling and Storage, Item number 4

25.04 APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only," "not for drug use," or are handwritten labels from other pharmacies. ○○◉ High-Risk Level CSPs cross reference to 795, Component Selection Handling and Storage, Item number 4
Photograph and describe if found. Request copies of the invoices for products with questionable labels

25.05 All substances and components have a complete label including a batch control or lot number, and an expiration date. ◉○○ Responsibility of Compounding Personnel
Ingredients and Devices
Storage and Beyond-Use Dating cross reference to USP Chapter 795

25.06 For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned is not greater than one (1) year, unless it is supported with data and/or testing. **NOTE: purity and quality testing may be performed to extend.** ◉○○ Nonsterile Ingredients and Devices

25.07	All APIs are labeled with the date they were received.		Nonsterile Ingredients and Devices
25.08	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.		Nonsterile Ingredients and Devices Determining BUD cross reference to USP Chapter 795
25.09	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones). ***		Hazardous Drugs CSPs
26.00	The Pharmacy is free of preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).		U.S. Food, Drug and Cosmetic Act List 21CFR216.64 COMAR 10.34.19.04
27.00	When manufactured products are used for compounding, all the other excipients (in addition to the active ingredient) in the manufactured product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.		Introduction Ingredients and Devices
28.00	If a pharmacy compounds stock solutions or components that are then used to compound a finished product, using APIs, these stock solutions are categorized as high-risk compounding. ***		High-Risk Level CSPs
28.01	The stock solutions are assigned BUD based on the USP<795> high risk compounded BUD OR are assigned on the basis of direct tests or extrapolation from reliable literature sources to support an extended BUD. ***		High-Risk Level CSPs
28.02	Compounded preparations using the stock solution are classified as high risk compounds with appropriate handling with regard to BUD and testing requirements. ***		High-Risk Level CSPs
29.00	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding. ***		
29.01	For animal compounding, does the compounding meet the same standards as compounding for human patients? ***		Cross reference USP Chapter 795
29.02	The pharmacist is knowledgeable or has the most up-to-date references regarding the individual species limitations in processing and metabolic capacity that can result in toxicity when certain drugs or excipients are used. ***		Cross reference USP Chapter 795
29.03	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet. ***		Cross reference USP Chapter 795
29.04	The pharmacist is familiar with, or has the most up-to-date reference regarding drug residues in the food chain and withdrawal times if compounding for food producing animals. ***		Cross reference USP Chapter 795

29.05	The facility has a list of drugs and components not allowed when compounding for food-producing animals.***	○○●	Cross reference USP Chapter 795
29.06	The pharmacist is familiar with, or has the most up-to-date reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)***	○○●	Cross reference USP Chapter 795

96.00 Personnel are prohibited from wearing artificial nails or extenders, and required to keep natural nails neat and trimmed.				Personnel Cleansing and Garbing
97.00 Garbing with dedicated shoes or shoe covers that are donned as the line of demarcation is crossed (with the dedicated or covered shoe never touching the same side of the line of demarcation as the dirty shoe). ***				Personnel Cleansing and Garbing COMAR 10.34.19.13(A)(3), 10.34.19.13(A)(4)
98.00 Garbing includes head and facial hair covers and masks. **NOTE: Facial hair requires both a facial hair cover AND a mask. Eye shields are optional unless using cleaning agents or preparing hazardous drugs. There is a method available to assure that all hair is covered.**				Personnel Cleansing and Garbing COMAR 10.34.19.13(A)(3)(b), 10.34.19.13(3)(c)
99.00 Hand cleaning is performed in the anteroom and includes removing debris from under the nails with a nail cleaner followed by a vigorous washing of the hands and forearms with soap for at least 30 seconds with hands and arms then dried with a non-linting disposable towel or a hand dryer. *Scrub brushes are NOT recommended as they cause skin irritation and damage.*				Personnel Cleansing and Garbing COMAR 10.34.19.13(2)
100.00 The gown is non-shedding with sleeves that fit snugly around the wrists and enclosed at the neck.				Personnel Cleansing and Garbing COMAR 10.34.19.13(A)(3)

101.00	The gloves are sterile and made of non-shedding materials.	◉○○	COMAR 10.34.19.11(A)
102.00	All bare skin is covered on the arms and the legs (no bare ankles, wrists, etc.).	◉○○	Personnel Cleansing and Garbing
103.00	Prior to donning sterile gloves, a waterless alcohol based surgical hand scrub with persistent activity is used and hands are allowed to dry.	◉○○	Personnel Cleansing and Garbing
104.00	Upon leaving the sterile product compounding area, gowns are taken off and disposed of, or if used for nonhazardous compounding they are left in the anteroom and not reused for longer than one shift.	◉○○	Personnel Cleansing and Garbing COMAR 10.34.19.13(A)(4)
105.00	Pharmacists or other personnel do NOT enter the anteroom and cross the line of demarcation without donning shoe covers or dedicated shoes. *Watch for personnel traversing back and forth across the line of demarcation without doffing and donning new shoe covers or dedicated shoes.*	◉○○	Personnel Cleansing and Garbing 10.34.19.13A(4)
106.00	Pharmacists or other personnel do NOT enter the clean/buffer room without fully washing and garbing (wearing just a mask to check technician's work, for example)	◉○○	Personnel Cleansing and Garbing COMAR 10.34.19.13(A)
107.00	When preparing cytotoxic agents, appropriate personal protective equipment including gowns and gloves are worn.	○○◉	COMAR 10.34.19.12(C)(17), 10.34.19.14(B)
108.00	When working in a CAI/CACI are sterile gloves donned over the CAI/CACI gloves prior to compounding and changed in accordance with USP 797 or manufacturers recomendations	○○◉	Personnel Cleansing and Garbing

Environmental Monitoring

Y N N/A Follow up ☐

109.00	The most recent PEC and room certification report is available.	◉○○	Viable and Nonviable Environmental Sampling (ES) Testing
109.01	All ISO Class 7 and 8 SECs (clean/buffer rooms and anterooms) have been certified within the last 6 months.	◉○○	Viable and Nonviable ES Testing
109.02	All ISO Class 5 PECs (laminar airflow workbenches or areas, BSCs, CAIs, CACIs, and barrier isolators) have been certified within the last 6 months.	◉○○	Viable and Nonviable ES Testing COMAR 10.34.19.03(B)(5) & (10), 10.34.19.15(D)
109.03	Certification is performed at least every six months (view date of previous certification) and whenever a device or room is relocated, altered, or major service to the facility is performed. *Record the date of the previous certification.*	◉○○	Viable and Nonviable ES Testing COMAR 10.34.19.03(B)(5), 10.34.19.15(e)

LFC performed semiannual certification and environmental sampling on 9/12/2024

110.00	Certification of the testing of the sterile compounding environment is retained for 5 years	◉○○	COMAR 10.34.19.07(B)(1)(c)
111.00	The PIC/compounding supervisor is familiar with what testing is required and interpretation of results, ensures all testing is performed appropriately (under dynamic conditions where appropriate), has action levels identified, evaluates results to detect issues or trends, and action levels are further customized based on trended data of performance.	◉○○	Viable and Nonviable ES Testing COMAR 10.34.19.07(B)(1)

112.00	The certification report includes information about the equipment used for performing each test including, identification of the equipment used by model, serial number, last calibration date (or date when next calibration is due).	●○○	Viable and Nonviable ES Testing cross reference CETA guide
112.01	The equipment used had not exceeded its calibration date at the time of certification.	●○○	Viable and Nonviable ES Testing cross reference CETA guide
113.00	The HEPA filtered air changes per hour (ACPH) were measured for the compounding rooms.	●○○	Facility Design and Environmental Controls
113.01	ISO Class 7 sterile compounding room is certified as having a minimum of 30 ACPH with at least 15 ACPH from outside air sources. *Recirculated air from the PECs may account for up to 15 ACPH in nonhazardous classified rooms only.*	●○○	Facility Design and Environmental Controls
113.02	ISO class 7 anteroom is certified as having a minimum of 30 ACPH. *Anteroom must be ISO class 7 if connected to a NIOSH hazardous compounding clean/buffer room.*	●○○	Facility Design and Environmental Controls
113.03	ISO class 7 hazardous sterile compounding room is certified as having a minimum of 30 ACPH. *Typically all of the air will be from outside.*	○○●	Hazardous Drugs CSPs
113.04	If a CACI is used in a non-HEPA filtered room, the room is certified to maintain a minimum of 12 ACPH.	○○●	Hazardous Drugs CSPs
114.00	Air pattern analysis using smoke testing was performed under dynamic conditions (people working in the PECs and rooms). The smoke flow is described in the report for the various tests such as turbulent, sluggish, smooth, etc.	●○○	Facility Design and Environmental Controls
114.01	Air pattern analysis was conducted at the critical area (direct compounding area inside the ISO Class 5 PEC) to demonstrate **unidirectional** airflow and sweeping action over and away from the product under dynamic conditions (personnel compounding or simulating compounding in PEC).	●○○	Facility Design and Environmental Controls
114.02	Air pattern analysis was conducted to confirm positive pressure and negative pressure into hazardous compounding rooms at all points around all openings, doorways, and pass-throughs.	○○●	Facility Design and Environmental Controls Hazardous Drugs CSPs
114.03	Air pattern analysis conducted around particle generating equipment while the equipment was in operation to confirm airflow.	○○●	Facility Design and Environmental Controls Viable and Nonviable ES Testing
115.00	Differential air pressure between rooms was measured.	●○○	Facility Design and Environmental Controls
115.01	The differential pressure measured was at least 0.02" water column positive from the cleanroom to the anteroom and between the anteroom and all adjacent spaces with the doors closed.	●○○	Facility Design and Environmental Controls
115.02	The differential pressure measured was at least 0.01" water column negative from the hazardous clean/buffer room to the anteroom with the doors closed.	○○●	Facility Design and Environmental Controls

116.00	Displacement airflow between rooms or areas was measured. This is for a clean/buffer room without a door that closes to the anteroom - may be an open space or may have plastic strips in doorways.		Facility Design and Environmental Controls
116.01	Displacement airflow (for low- and medium-risk non-hazardous rooms only) was measured at a minimum differential velocity of 40 feet per minute from the cleanroom to the anteroom. **NOTE: It is very important to maintain this velocity across the entire opening and the report should indicate multiple points of measure across all openings.**		Facility Design and Environmental Controls
117.00	Particle counts of particles 0.5um and larger were measured under dynamic conditions.		Facility Design and Environmental Controls
117.01	ISO Class 5 areas and PECs are certified as having less than 3,520 particles per cubic meter of air (100 particles per cubic foot).		Facility Design and Environmental Controls Table 1
117.02	ISO Class 7 areas are certified as having less than 352,000 particles per cubic meter of air (10,000 particles per cubic foot).		Facility Design and Environmental Controls Table 2
117.03	ISO Class 8 areas are certified as having less than 3,520,000 particles per cubic meter of air (100,000 particles per cubic foot).		Facility Design and Environmental Controls Table 3
118.00	HEPA filter tests were performed.		Facility Design and Environmental Controls
118.01	All room HEPA filters were leak tested and if leaks found, they were fixed		Facility Design and Environmental Controls
118.02	All PEC HEPA filters were leak tested and if leaks found, they were fixed		Facility Design and Environmental Controls
119.00	PECs with failed tests are not used for compounding until the conditions are corrected and verified by subsequent testing.		Viable and Nonviable ES Testing (includes all subheadings)
120.00	Viable air (every six months) and surface sampling (periodically) tests have been conducted as required. *Document frequency.*		Viable and Nonviable ES Testing (includes all subheadings) Personnel Training and Competency Evaluation of Garbing, Aseptic Work Practices, and Cleaning/ Disinfection Procedures (includes subheadings) COMAR 10.34.19.15(C)
120.01	Appropriate growth media used (containing tryptic soy agar medium with polysorbate and lecithin (TSApl) added to neutralize cleaning agents for surface sampling) with appropriate corresponding incubation time and temperature used. *Required to use media that supports both bacterial and fungal growth for high-risk compounding.*		Competency Evaluation of Garbing and Aseptic Work Practice Cross reference USP Chapter 1116 COMAR 10.34.19.15(C)

120.02 Viable air sampling by active impaction using a volumetric air-sampling device.
NOTE: Passive air sampling or settling plates are not compliant with USP Chapter <797>.

Environmental Viable Airborne Particle Testing Program
COMAR 10.34.19.15(C)

120.03 Air samples were taken in each ISO Class 5 PEC and in each sterile compounding room and anteroom and volume sufficient volume of air (400-1000L) was collected.
NOTE: 1000L must be collected in ISO Class 5 PECs to be able to detect the action level. Room samples can be 400-1000L.

Environmental Viable Airborne Particle Testing Program
10.34.19.15(C)

120.04 Surface samples performed on all direct compounding areas inside of each ISO 5 PEC, in each ISO classified room, inside any pass-throughs, and on surfaces likely to be contaminated due to position relative to doorways, etc.

Environmental Viable Airborne Particle Testing Program
COMAR 10.34.19.15(C)

120.05 Viable air and surface samples did not exceed USP action levels (or internal action levels if more restrictive).

Classification	Air Sample	Surface Sample
ISO Class 5	>1 CFU/m^3	>3 CFU/plate
ISO Class 7	>10 CFU/m^3	>5 CFU/plate
ISO Class 8	>100 CFU/m^3	>100 CFU/plate

CFUs are TOTAL of bacterial plus fungal/mold plates. If air sampling volume is less than 1000 liters (one cubic meter), the raw total microbial count must be multiplied by the appropriate factor to determine the number of CFU/cubic meter.

Environmental Viable Airborne Particle Testing Program, Table 2
Action Levels, Documentation, and Data Evaluation, Table 4
COMAR 10.34.19.15(C)

120.06 CFUs detected (viable air or surface sampling failed sterility tests, etc.) are identified to the genus level. *All CFUs detected must be identified even if the number of CFUs does not exceed an action level.*

Environmental Viable Airborne Particle Testing Program
COMAR 10.34.19.15(C)

120.07 If the number of CFUs detected **in the rooms** exceeds action levels, begin immediate remediation (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.

Environmental Viable Airborne Particle Testing Program
COMAR 10.34.19.15(C)

120.08 If the number of CFUs detected **in the PECs** exceeds action levels, begin immediate remediation, (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.

Environmental Viable Airborne Particle Testing Program
COMAR 10.34.19.15(C)

120.09 If any highly pathogenic microbes (e.g. mold, yeast, coagulase positive staphylococcus, or gram-negative rods) were detected (whether or not the number of CFUs exceeds action levels), begin immediate remediation (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.

Environmental Viable Airborne Particle Testing Program

Semiannual viable air and monthly surface sampling

121.00 Samples that exceed USP action levels (or internal action levels if more restrictive) or have highly pathogenic microbes detected have been reported to the Board within 5 days of receiving report.

COMAR 10.34.19.18(B)

122.00	Facilities performing routine air or surface sampling with internal qualified personnel routinely verify sampling procedures. *Indicate the outside vendor used to verify procedures and frequency of verifications.* ***	Y N	Viable and Nonviable ES Testing (includes all subheadings)

Equipment

		Y N N/A	Follow up ☐
123.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (autoclaves, ovens, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines.*	Y N N/A	Equipment USP Chapter 1176 COMAR 10.34.19.10(B)
124.00	All environmental monitoring equipment and gauges (differential pressure gauges or probes, airflow and velocity measuring equipment for rooms not fully enclosed, etc.) are periodically inspected and calibrated yearly or in accordance with the equipment manufacturer guidelines. Calibration is documented.	Y N N/A	Equipment
125.00	All temperature and humidity (where applicable) monitoring devices (thermometers, hygrometers, probes, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines. 167.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in house?*	○	●	○		
168.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed*	●	○	○		
169.00	**Is sterility testing performed(USP <71>)?** *If testing is performed to a higher standard than the minimums below, describe.*	●	○			Sterility Testing COMAR 10.34.19.15(H)
169.01	Sterility testing includes both bacterial and fungal testing.	●	○	○		Sterility Testing
169.02	Sterility testing is performed for all CSPs that have extended BUDS.	●	○	○		Sterility Testing

169.03 Sterility testing is performed for high-risk CSPs prepared in batches of more than 25 identical containers. ○○◉ Sterility Testing

169.04 Sterility testing is performed for CSPs exposed longer than 12 hours at 2°C-8°C or longer than six hours at warmer than 8°C before being sterilized. ◉○○ Sterility Testing

169.05 The appropriate quantities of units are sterility tested. ◉○○ Sterility Testing
cross reference USP Chapter 71
Parenterals, number of units in the batch is:

1. Not more than 100, test 10% or four units, whichever is greater
2. More than 100 but more than 500, test 10 units
3. More than 500 test 2% or 20 units, whichever is less
   For large volume parenterals: 2% or 10 containers, whichever is less.
   For non-parenterals (eye drops, inhalation, etc.):
4. Not more than 200 containers test 5% or 2 containers, whichever is greater
5. More than 200, test 10 containers
6. If the product is packaged in unit doses, use the parenteral testing above.

169.06 For products failing testing, product is quarantined, and an investigation is performed including microbial identification and action taken. ◉○○ Sterility Testing
View testing records and note any products with failed results and actions taken.

169.07 If items are dispensed or distributed prior to sterility testing completion, there is a written procedure requiring daily observation of the incubated media. If there is any evidence of microbial growth, there is an immediate recall and both the patient and the physician/prescriber of the patient to whom a potentially contaminated CSP was administered are notified of the potential risk. ◉○○ Sterility Testing
View testing records and note any products with failed results and actions taken.

170.00 **Is endotoxin testing performed (USP <85>)?** ◉○ Bacterial Endotoxin (Pyrogen) Testing
COMAR 10.34.19.15(H)
If testing is performed to a higher standard than the minimums below, describe.

170.01 Is endotoxin testing performed for all high-risk level CSPs for administration by injection prepared in groups of more than 25 single-dose packages (such as ampules, bags, syringes, vials) ○○◉ Bacterial Endotoxin (Pyrogen) Testing

170.02 High-risk CSPs prepared in multiple dose vials for administration to multiple patients ○○◉ Bacterial Endotoxin (Pyrogen) Testing

170.03 High-risk CSPs exposed longer than 12 hours at 2°C-8°C (25°F-46°F) or longer than six (6) hours at warmer than 8°C (46°F) before they are sterilized ○○◉ Bacterial Endotoxin (Pyrogen) Testing

170.04 For products failing testing, product is quarantined, and an investigation is performed and action taken. *View testing records and note any products with failed results and actions taken.* ◉○○ Sterility Testing

176.00	Product recalls include documentation that both the patient AND the physician/prescriber of the potentially contaminated CSP was administered are notified of the potential risk.	◉○○	Patient Monitoring and Adverse Events Reporting COMAR 10.34.19.12(C)(6)(h)

Final Comments:

Conducted the Inspection with Sheila Alizadeh and Amelia Sherman. Pharmacy will be developing a compounded NAD+ Injectable, and will be becoming licensed in all 50 states. Pharmacy is also looking to create a new separate compounding space, this second location will require a separate pharmacy permit. Pharmacy is compounding semiglutide, shortage is being documented and following FDA Mandates. Pharmacy has contracted a CGMP consultant.

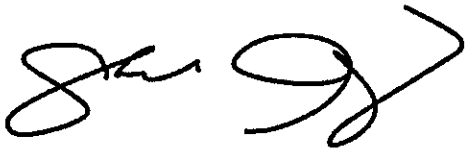
Pharmacy has partially transitioned to new USP 797 revisions, most recent update 4/2024

Clean room consists of a positive pressure anteroom and buffer room with an LAFW

Discussed/Recommend
Recommend combining compounding records and end product testing results and/or adding a cross reference/link to link the two documents

Observations
- Tacky mat in front of hood in cleanroom - revised 797 prohibits tacky mats from being within the controlled space, you can have one in front of the entrance to the anteroom - removed during inspection
- USP 797 requires 2 incubation temperatures for viable samples, the 2 controlled temperature require 2 incubators - pharmacy ordered a second incubator during inspection.
- Pharmacy is performing filter sterilization with large hopper filters which don't easily allow for bubble point testing, and its not being conducted - discussed process with pharmacy and looked at products to perform bubble point verification - bubble point tests need to he documented on the compounding log.
- Current filters are too large for the volume of CSPs being prepared - pharmacy is looking at smaller filters
- pH testing results are not included on compounding records
- Sink did not get hot water - maintenance was called during inspection

Please provide by 2/7/2024
Proof of hot water
Updated compounding logs
Action plan for sterile filtering CSPs and filter verification (bubble point testing)



All documents can be sent to Jered Pasay by email at jered.pasay@maryland.gov or faxed to 410-384-4137. Unresolved matters will be brought to the Board for review.

3. FACILITY AND EQUIPMENT STANDARDS FOR COMPOUNDING STERILE PREPARATIONS

Documentation shows:

O Yes O No Certification that each LAFW (Laminar Air Flow Workbench), BSC (Biological Safety Cabinet), and CAI (Compounding Aseptic Isolator) is functioning properly and meets the air quality requirement of ISO Class 5, and is performed by a qualified operator(s) using current, state-of-the-art electronic air sampling at least every six months and whenever the LAFW, BSC, or CAI is relocated. COMAR 10.34.19.03B(5) & (10); COMAR 10.34.19.15D

O Yes O No The air quality of the clean room and anteroom area is evaluated by a qualified operator(s) for conformance to ISO Class 7 and ISO Class 8 requirements, as appropriate, at least every six months and when renovations occur. COMAR 10.34.19.03B(5); COMAR 10.34.19.15E

O Yes O No Records of clean room testing are maintained and reviewed by the supervising pharmacist. COMAR 10.34.19.07B(1)

O Yes O No Evidence of daily calibration and routine maintenance on the following equipment, if applicable, for use:

O Yes O No O N/A Autoclave

O Yes O No O N/A Electronic Balance

O Yes O No O N/A Convection Oven

O Yes O No O N/A Incubator

O Yes O No O N/A Automated Compounding Devices (pumps) COMAR 10.34.19.10B

O Yes O No A refrigerator and freezer, if applicable, with sufficient capacity to meet the storage requirements for all material requiring refrigeration/freezing must be available in the facility. Evidence of maintenance of acceptable temperature ranges must be available. COMAR 10.34.19.10A

O Yes O No The facility must contain appropriate waste containers to isolate sharps, hazardous waste, biological, and chemotherapy waste. COMAR 10.34.19.09B(6) & .15F; COMAR 10.34.19.10A(3) Access to designated areas and clean rooms is limited to those individuals who are properly attired. COMAR 10.34.19.09A

O Yes O No All equipment used in the designated area or clean room must be made of a material that can be easily cleaned and disinfected. COMAR 10.34.19.09B(3)

O Yes O No O N/A Closed system vial transfer devices (CSTD) are employed when handling cytotoxic drugs. COMAR 10.34.19.12(17)

Comments:

4. COMPOUNDING AREA COMAR 10.34.19.09

O Yes O No Clean room walls, ceilings, counters, lighting fixtures and floors are made of non-porous, nonshedding, cleanable surfaces. COMAR 10.34.19.09B(3)

O Yes O No Supplies are stored in a manner that maintains integrity of an aseptic environment.

O Yes O No The anteroom contains a sink with hot and cold running water. COMAR 10.34.19.09C(2)(a)

Comments:

5.POLICIES AND PROCEDURES MUST ADDRESS: COMAR 10.34.19.12

Policies and procedures address at least the following:

O Yes O No The compounding, filling, and labeling of sterile compounds. COMAR 10.34.19.12C(6)(a), (c) and (d)

O Yes O No Proper labeling of the compounded sterile preparation including the intended route of administration and recommended rate of administration. COMAR 10.34.19.12C(6)(d)

O Yes O No Availability of equipment and supplies. COMAR 10.34.19.12C(3); COMAR 10.34.19.12C(17)(a)

6. LABELING REQUIREMENTS COMAR 10.34.19.06

All labeling must include the following:

O Yes O No The name and concentration or amount of each ingredient contained in the preparation. COMAR 10.34.19.06B(7) and (8)

O Yes O No Instructions for storage and handling. COMAR 10.34.19.06B(12)

O Yes O No O N/A Cytotoxic agents include a special label which states "Chemotherapy-Dispose of Properly". COMAR 10.34.19.06B(13)

O Yes O No Beyond Use Dating. COMAR 10.34.19.06B(11)

O Yes O No For short dated preparations, labeling must include:

O Yes O No O N/A Time

O Yes O No O N/A Date

O Yes O No O N/A Caution label/start-up time

Comments:

7. RECORD KEEPING REQUIREMENTS COMAR 10.34.19.07

The following records must be maintained:

O Yes O No A readily retrievable medication profile for each patient. COMAR 10.34.19.07A

O O Yes No Compounding worksheets for preparations for future use, indicating the drug name and amount/dose, ingredient lot numbers, quantity prepared, preparation date and BUD. COMAR 10.34.19.07B(2)

O O O Yes No N/A Documentation for 3 years to include: COMAR 10.34.19.07B – 5 years

O O Yes No Training and competency evaluation of employees in sterile preparation procedures. COMAR 10.34.19.07B(1)(a)

O O Yes No Refrigerator and freezer temperatures. COMAR 10.34.19.07B(1)(b)

O O O Yes No N/A Certification of the testing of the sterile compounding environment.COMAR 10.34.19.07B(1)(c)

O O O Yes No N/A Other facility quality control logs specific to the pharmacy's policies and procedures (e.g. cleaning logs for facilities and equipment). COMAR 10.34.19.07B(1)(d)

O O O Yes No N/A Preparation records including the master work sheet, the preparation work sheet and records of end product evaluation, if applicable. COMAR 10.34.19.07B(1)(f)

O O O Yes No N/A Daily, weekly and monthly records of disinfection of workbench surface, walls, floors, ceilings, shelving, tables and stools, and after any unanticipated event which increases the risk of contamination. COMAR 10.34.19.07B(1)(d)

Comments:

8. INVENTORY CONTROL PROCEDURES

O O O Yes No N/A The pharmacy maintains records of wholesale distribution to other pharmacies separately from its other records. COMAR 10.34.37.03

O O O Yes No N/A The pharmacy maintains records of wholesale distribution to wholesale distributors separately from its records of wholesale distribution to other pharmacies. COMAR 10.34.37.03

Comments:

9. ATTIRE 10.34.19.13

O O O Yes No N/A Clean room garb consists of a non-shedding coverall, head cover, face mask, and shoe covers must be worn inside the designated area at all times. COMAR 10.34.19.13A(3)

O O O Yes No N/A Clean room garb must be donned and removed outside the designated area. COMAR 10.34.19.13A(4)

O O O Yes No N/A Hand, finger, and wrist jewelry must be removed. COMAR 10.34.19.13A(5)

O O O Yes No N/A Head and facial hair must be covered. COMAR 10.34.19.13A(3)(b)

O O O Yes No N/A Makeup must not be worn in clean room. COMAR 10.34.19.13A(7)

O O O Yes No N/A Protective gloves made of non-shedding materials are required. COMAR 10.34.19.11A

O O O Yes No N/A When preparing cytotoxic agents, appropriate personal protective equipment including gowns and gloves are worn. COMAR 10.34.19.12C(17); COMAR 10.34.19.14B

Comments:

Requirements may not apply if a barrier isolator is used to compound sterile preparations.

10. TRAINING OF STAFF, PATIENT, AND CAREGIVER COMAR 10.34.19.14

O O O Yes No N/A In non-hospital environments: Consultation shall be available to the patient and/or primary caregiver concerning proper use of compounded sterile preparations and related supplies furnished by the pharmacy. COMAR 10.34.19.14A

O O O Yes No N/A The supervising pharmacist shall ensure all personnel engaging in compounding sterile drug preparations shall have training and demonstrate on-going competence in the safe handling and compounding of sterile drug preparations including cytotoxic agents if applicable. COMAR 10.34.19.14B

O O O Yes No N/A Pharmacies must establish and follow a written program of training performance evaluation designed to ensure that each person working in the designated area has the knowledge and skills necessary to perform their assigned tasks properly. COMAR 10.34.19.14E(1)

O O O Yes No N/A The program of training and evaluation addresses the following:

O O O Yes No N/A Aseptic technique

O O O Yes No N/A Pharmaceutical calculations/terminology

O O O Yes No N/A Sterile preparations compounding documentation

O O O Yes No N/A Quality assurance procedures

O O O Yes No N/A Aseptic preparation procedures

O O O Yes No N/A Proper cleansing and garbing techniques

O O O Yes No N/A General conduct in the controlled area

O O O Yes No N/A Cleaning/sanitizing and maintaining equipment used in the controlled area

O O O Yes No N/A Sterilization techniques if applicable See COMAR 10.34.19.14E(1)(a) – (i) for above

O O O Yes No N/A Handling, storage, and delivery of sterile compounded preparations

O O O Yes No N/A Equipment training COMAR 10.34.19.14E(1)(j)

O O O Yes No N/A Competency assessment COMAR 10.34.19.14B

O O O Yes No N/A Equipment and closure system selection COMAR 10.34.19.14E(1)(j)

O O O Yes No N/A Each person assigned to the controlled area must successfully complete practical skills training in aseptic technique and aseptic area practices. COMAR 10.34.19.14E(2)

O O O Yes No N/A Evaluations must include written testing and a written protocol of periodic routine performance checks involving adherence to aseptic area policies and procedures. COMAR 10.34.19.14E(3)

O O O Yes No N/A Each person's proficiency and continuing training needs must be reassessed every 12 months (every 6 months for high-risk compounding). COMAR 10.34.19.14E(1)(a)

O O O Yes No N/A Records of training and demonstrated competence shall be available for each individual and shall be retained for three (3) years beyond the period of employment. 5 years for employees. COMAR 10.34.19.14C

Comments:

11. DISPOSAL OF WASTE MATERIAL

O O O Yes No N/A Pharmacies compounding sterile preparations shall have written policies and procedures for disposal of infectious materials and/or materials containing cytotoxic residue or hazardous waste. COMAR 10.34.19.12C(18)

O O O Yes No N/A Procedures must include cleanup of spills and shall be in conformance with local health jurisdictions. COMAR 10.34.19.12C(4)

Comments:

12. QUALITY ASSURANCE AND PROCESS VERIFICATION COMAR 10.34.19.15

O O O Yes No N/A Each pharmacy shall have a documented, ongoing quality assurance program that monitors personnel performance, equipment and facilities. COMAR 10.34.19.12C; COMAR 10.34.19.15

O O O Yes No N/A The Quality Assurance Program shall include documentation of monitoring to assure successful:

O O O Yes No N/A Cleaning and sanitization of the parenteral medication preparation area. COMAR 10.34.19.15E

O O O Yes No N/A The storage of compounded parenteral preparations in the pharmacy and periodic documentation of refrigeration/freezer temperature. COMAR 10.34.19.15B

O O O Yes No N/A Steps taken in the event of a drug recall. COMAR 10.34.19.12C(6)(h)

O O O Yes No N/A Written justification including literature references of the chosen beyond use dates for compounded sterile preparations.

O O O Yes No N/A Written policies and procedures for implementing the immediate use exemption for admixtures.

O O O Yes No N/A Each individual involved in the preparation of compounded sterile preparations must successfully complete a verification process before being allowed to prepare sterile preparations. COMAR 10.34.19.14B

Yes	No	N/A	
O	O	O	The verification process shall be carried out using the same personnel, procedures, equipment, and materials as normal production, except that an appropriate microbiological growth medium is used in the compounding process to verify the sterility of the final preparation. COMAR 10.34.19.12C(11); COMAR 10.34.19.15C
O	O	O	Completed media samples must be incubated according to currently accepted standards. COMAR 10.34.19.15C
O	O	O	If microbial growth is detected, then the sterile preparation process must be evaluated, corrective action taken, and the verification process repeated.
O	O	O	Personnel competency must be re-verified at least every 12 months (every 6 months for highrisk), whenever the quality assurance program yields an unacceptable result, or whenever improper aseptic technique is observed.
O	O	O	The verification and re-verification process must be documented. COMAR 10.34.19.07B(3)
O	O	O	Other personnel monitoring requirements as required by current standards must be performed, such as fingertip touch testing.
O	O	O	There must be current and appropriate reference materials regarding the compounding of sterile preparations located in or immediately available to the pharmacy. COMAR 10.34.19.16
O	O	O	Written documentation that the end product has been tested on a periodic sampling basis for microbial contamination and steps taken in the event that testing for contamination proves positive, if applicable. COMAR 10.34.19.15C

Pharmacist Signature for Controlled Dangerous Substances Audit:

INSPECTOR'S COMMENTS:

Observations
- Tacky mat in front of hood in cleanroom - revised 797 prohibits tacky mats from being within the controlled space, you can have one in front of the entrance to the anteroom - removed during inspection
- USP 797 requires 2 incubation temperatures for viable samples, the 2 controlled temperature require 2 incubators - pharmacy ordered a second incubator during inspection.
- Pharmacy is performing filter sterilization with large hopper filters which don't easily allow for bubble point testing, and its not being conducted - discussed process with pharmacy and looked at products to perform bubble point verification
- bubble point tests need to be documented on the compounding log.
- Current filters are too large for the volume of CSPs being prepared - pharmacy is looking at smaller filters
- pH testing results are not included on compounding records
- Sink did not get hot water - maintenance was called during inspection

Please provide by 2/7/2024
Proof of hot water
Updated compounding logs

Final requirement for sterile inspection

3 messages

Sheila Alizadeh <sheila@shadygroverx.com> Thu, Feb
To: Jered Pasay -MDH- <jered.pasay@maryland.gov>
Cc: Amelia Sherman <amelia@shadygroverx.com>

Hi Jered,
I apologize for the delay in getting this line item completed. My intention was to purchase a bubble point apparatus however the one I wanted to purchase from ThermoFisher is on backorder 6,2025. The other option we found was pretty pricey. Medisca finally restocked their Bubble Wizard today and the order was placed. Should arrive in 2 business days.

Dear Jered,

Please accept my apologies for the delay in completing this line item. I had intended to purchase a bubble point apparatus from ThermoFisher, but it is currently on backorder until August 6, 2 alternative options we found were unfortunately quite expensive.

Medisca restocked their Bubble Wizard today, and I have placed an order. It should arrive within two business days.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Sheila Ailzadeh hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the PIC/owner (title) for Blue Door Pharmacies, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT,

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☑ Category 2 ☐ Category 3

If you marked **"Category 3"**, you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☑ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ☑ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 11/3/25

6. What is the frequency of the recertification for the ISO classified areas? 6 Months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ☑ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☑ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? At least once monthly

10. Will you be performing sterile hazardous drug compounding? Yes ☑ No

If you marked "Yes", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Semaglutide
Tirzepatide

12. What laboratory performs your sterility or endotoxin testing?

Name: Pharmetric Laboratory
Address: 7265 Ulmerton Rd.
City: Largo State: FL Zip: 33771
Telephone: (727) 209-5778

Other Labs:
Eagle Source-Based Solutions :- 11111 S. Wilcrest Drive. Houston, TX 77099 (800) 745-8916
ARC Bio Pharma : 840 Research Parkway Ste. 544 · Oklahoma City, OK 73104
Telf: (405) 271-1194

13. What is your procedure for visual inspection of compounded sterile products?

ANSWER ATTACHED

14. How often do you perform glove fingertip and medial fill testing?

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

ANSWER ATTACHED

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

ANSWER ATTACHED

17. Who performs the sterile compounding process at your facility?

ANSWER ATTACHED

18. Who is responsible and accountable for the sterile compounding process at your facility?

ANSWER ATTACHED

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

ANSWER ATTACHED

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A		
2. Are you complying with all USP 800 guidelines?	Yes	✓ No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

N/A

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

N/A

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?

N/A.

5. What is the frequency for completing surface sampling? N/A			
6. What is the frequency for using sporicidal agents? N/A			
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	N/A	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	N/A	Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Question # 16 5
Question # 17 7
Question # 18 8
Question # 19 9

Sterile Compounding Questionnaire 3 of 6 / Question # 13

What is your procedure for visual inspection of compounded sterile products?

Based on your document titled "**9.015- Visual Inspection of Compounded Sterile Solutions.docx**", the procedure for visual inspection of compounded sterile solutions is as follows:

Equipment/Supplies Required:

- Final compounded sterile product
- Light Box with black and white background and fluorescent and UV light source
- Magnifying Lens

Procedure:

1. Turn on both fluorescent and UV lights in the light box.
2. Utilizing each light independently, grip the top of the container and slowly swirl the contents in a circular motion, avoiding rigorous swirling. Any air bubbles created should rise to the top of the container.
3. Hold the container four inches above or below the light source (depending on which is being utilized at the time).
4. In a motion from left to right, pass the container in front of the black background first, then the white, and back again.
5. Invert the container and pass it again before both backgrounds.
6. Utilize a magnifying glass during this procedure for closer visual inspection as needed.

What to Monitor and Check:

- **Particulate matter** usually remains at an even level or drops to the bottom of the container.
    - Black UV light aids in the visualization of glass or crystalline particulates and some types of bacteria.
    - White fluorescent light aids in visualizing solid particulates such as rubber cores, lint, chemical precipitant, hair, or dust.
- Monitor other aspects of the preparation such as **color** or **visual signs of microbial growth**.
- Check for signs of **precipitates, flocculation, undissolved substances, solvent impurities, and carmelization**.

Rejection Criteria and Follow-up:

- Preparations showing any signs of **particulates, phase separation, or incomplete ingredient mixing** will not be released for use.
- Failures due to particulate matter will be reviewed with the technician or pharmacist responsible for the preparation to determine the source of contamination.
- Failures will be reported to the quality assurance team for review.

Question # 14

Designated Person - Annually
Compounding Personnel - Every 6 Months

Question # 15

Based on your documentation, the training program for all personnel performing sterile compounding is comprehensive, including initial core skills training and ongoing competency assessments.Initial Training and Competency Assessment

Before personnel can independently compound or have direct oversight, they must complete initial training and demonstrate knowledge and competency in core skills.

Core Skills Training Checklist:

Initial training records must document completion of a checklist that covers:

- Hand hygiene
- Garbing
- Cleaning and disinfection
- Calculations, measuring, and mixing
- Aseptic technique
- Achieving and maintaining sterility
- Use of equipment
- Documentation procedures
- Principles of HEPA filtration and Primary Engineering Control (PEC) use
- Movement of materials and personnel

Initial Garbing Competency:

- Personnel must successfully complete an initial gloved fingertip (GFT) competency a minimum of **three separate times**.
- Each attempt includes a **documented visual audit** while performing hand hygiene and garbing procedures.
- GFT samples are collected *before* applying sterile 70% isopropyl alcohol (IPA) to gloves.
- The action level for a passing result is **zero Colony-Forming Units (CFU)**. All three assessments must be passed in succession.

Initial Aseptic Manipulation Competency:

This assessment is completed by personnel who compound or have direct oversight and consists of:

- **Media-Fill Testing**: The test must simulate the most complex flow of materials, manipulations, and time to compound. A passing result is the absence of turbidity after incubation.

- **Visual Observation**
- **Post-Media-Fill Gloved Fingertip and Thumb Sampling**: This is performed immediately after the media fill. The action level for a passing result is **less than or equal to 3 CFU total** for both hands combined.
- **Surface Sampling** of the Direct Compounding Area (DCA).

Ongoing Training and Competency Assessment

Ongoing training and knowledge assessment of sterile compounding principles or core skills must be completed at least **every 12 months**. Additionally, topic-specific training is required when procedures change.

Ongoing Competency Assessments (Category 2 CSPs):

- **Compounding Personnel** (who compound): Assessment is completed **every 6 months**. This includes:
  - Garbing competency and Gloved Fingertip (GFT)
  - Aseptic technique competency
  - Media fill
  - Surface sampling of DCA
- **Direct Oversight Personnel** (who do not compound): Assessment is completed **every 12 months**. This includes:
  - Garbing competency and GFT
  - Media fill

Failure Investigation and Remediation:

Any failure of an initial or ongoing competency assessment must be investigated, remediated, and documented in a Corrective Action Plan.

All information is based on the documents found in your Workspace, including "SOP 1.020 Documentation Requirements for Sterile Compounding"

Question # 16

The cleaning and sanitization procedure for your Primary Engineering Controls (PECs) and Secondary Engineering Controls (SECs) involves specific agents and frequencies, which vary depending on the area and the type of compounding (non-hazardous or hazardous). ***Cleaning, Disinfectant, and Sporicidal Agents***

The following approved agents are used for cleaning and disinfection:

Agent Category	***Product Name***	***Use***	***Contact Time/Dwell Time***
Disinfectant Cleaner	*Contec® Sterile* ***TB1-3300*** *Disinfectant*	*EPA-registered one-step disinfectant cleaner, used on all cleanroom surfaces.*	*1-minute bactericidal, virucidal, tuberculocidal, and fungicidal contact time.*
Sporicidal Agent	***Sterile PeridoxRTU™***	*EPA-registered one-step sporicidal disinfectant cleaner. Also used for* ***deactivation*** *of hazardous chemicals.*	*3-minute sporicidal application contact time.*
General Disinfectant	***Sterile 70% Isopropyl Alcohol (IPA)***	*Applied to remove residue, immediately before compounding, and in between cleaning/sporicidal steps.*	*Allow to dry completely.*

Cleaning Frequency and Procedure1. Primary Engineering Control (PEC) - ISO Class 5

Frequency	***Cleaning/Disinfecting Activity***	***Procedure***
Daily *(on days with compounding)*	*Clean and disinfect all interior surfaces and equipment.*	*Completed in the morning before any aseptic compounding activities.* *Sterile TB 1-3300 as a one step disinfectant cleaner top, back, sides, bottom, cleaned in the order from cleanest to dirtiest.*

Throughout Shift	*Apply Sterile 70% IPA.*	*Applied to the horizontal work surface:* ***Immediately before initiating compounding, at least every 30 minutes*** *of continuous compounding,* ***after each compounded sterile preparation (CSP)*** *is made, and* ***whenever liquids are spilled*** *or contamination is suspected.*
Monthly	*Cleaning of the removable work tray and all surfaces underneath. Also Sterile Peridox RTU followed by Sterile 70% IPA*	

2. Secondary Engineering Controls (SECs) - ISO Class 7/8 (Buffer/Anteroom)

Frequency	***Area***	***Cleaning/Disinfecting Activity***
Daily *(on days with compounding)*	*Work surfaces outside the PEC*	*Cleaning and disinfecting.*
Daily - Evening *(on operational days)*	*Floors (Buffer/Ante-area)*	*Cleaned and disinfected using* ***TB1-3300*** *and then followed by* ***Sterile IPA*** *if needed to remove residue.*
Monthly	*Ceilings, Walls, Doors, Door frames, Storage shelving and bins, Equipment outside of PECs.*	*Sporicidal agent application (e.g.,* ***PeridoxRTU™****).*

Question # 17

The sterile compounding process at your facility is performed by ***trained pharmacists and pharmacy technicians****.*

The Standard Operating Procedure (SOP) also applies to the ***Pharmacist-in-Charge, Designated Person(s), and all compounding personnel*** *involved in sterile preparation activities. Entry into the controlled areas (ISO 5, 7, and 8) is limited to these trained individuals, or personnel in training under the direct supervision of certified personnel.*

SOP 1.011 – Scope of Sterile Compounding Services.docx

Sterile Compounding Inspections

SOP 1.020 Documentation Requirements for Sterile Compounding.docx

Question # 18

The primary responsibility and accountability for implementing and maintaining the sterile compounding process rest with the **Pharmacist-in-Charge** and the **Designated Person(s)**.

Specifically:

- **Pharmacist-in-Charge and Designated Person(s)**
  - They are responsible for implementing and maintaining all sterile compounding procedures.
  - The **Designated Person** has the overall responsibility for ensuring facility certification and recertification are performed on schedule, reviewing certification reports, and approving corrective actions.
  - The **Designated Person** also signs off on the final clearance for personnel to return to compounding after any failed competency assessment and subsequent retraining.
  - The **Pharmacist-in-Charge** is listed as an approval signature on SOPs.
- **Compounding Personnel**
  - Personnel who perform compounding are responsible for participating in dynamic testing as assigned and reporting air quality issues to the Designated Person.

SOP 4.001 Facility Design and Environmental Controls for Sterile Compounding Areas

Sterile Compounding Inspections

Question # 19

The shipping conditions and procedures for compounded sterile products are designed to ensure controlled storage temperatures and product integrity for up to 48 hours in transit.

Packaging and Materials:

- **Packing:** Preparations must be packed according to the storage requirements on the Master Formulation Sheet.
- **Temperature Control:** Ship with **ice packs (2 packages) per container** to reasonably ensure controlled storage conditions for **48 hours** from packaging until delivery.
- **Protection:** The product must be isolated from potential moisture or soil placed into **sealed plastic bags**.
- **Packaging Materials:** Use an appropriate mailer designated to ship cold temperature products, or other appropriate packing material, along with **bubble wrap**.

Shipping Schedule:

- **Refrigerated Items:** Will be shipped for **next day delivery**.
- **Schedule Restriction:** Do **not** ship on Saturday or any day where the preparations may remain on shipping docks, warehouses, or in mailboxes, where they may be exposed to hot or cold temperatures.
- **Handling:** Shipping personnel are instructed to minimize jostling, shaking, or inverting CSPs.

Validation:

- Shipping packaging and methods are validated by sending test shipments to pre-arranged sites across the anticipated delivery area during the hottest and coldest parts of the year to confirm package condition and verify any temperature excursions.

Pharmacy has a designated Prescription Department manager with a current and active Florida license. [465.018, F.S.]	Yes
Written policy and procedure manual regarding the number of technician positions and their utilization. [64B16 -27.410(2)(a) F.A.C.]	Yes
Continuous Quality Improvement Program described in Policy and Procedure manual [64B16-27.300 F.A.C.] [766.101(1)(a)(l) F.S.]	Yes
Policy and Procedure to prevent the fraudulent dispensing or controlled substances. [465.022 (4) F.S]	Yes
Prescription Department is securable from unauthorized access. [64B16-28.109 F.A.C.]	Yes
All medications to be purchased from a Florida licensed wholesaler [499-F.S.]	Yes
The following rules have been reviewed with the applicant: 64B16-30.003, F.A.C. (Citations), 64B16-28.140(4) F.A.C. (Compounding Records), 64B16-28.1081, F.A.C. (Regulation of Daily Operating Hours; Commencement of Operation-s), 64B16-28.202, F.A.C (Closing of a Pharmacy)	Yes

Pharmacy Ships Medicinal Drugs to Patients [64B16-28.10801, F.A.C]

Pharmacy has policies and procedures in place to ensure that medicinal drugs are not adulterated at the time of receipt by the patient or their agent.	Yes
Pharmacy has policies and procedures in place to provide instructions to the patient on reporting concerns with delivery and storage of medicinal drugs.	Yes

Automated Pharmacy System [465.0235, F.S.]

Pharmacy maintains written policies and procedures to ensure the proper, safe, and secure functioning of the automated pharmacy system for a minimum of 4 years.	

Remarks:

This is a new business inspection for a Community Pharmacy Permit conducted with Kayla M. Charran, PS 38702 and David Bland Hance, Jr PS 66704. Pharmacy was found clean/safe and is ready to obtain a permit.

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

Special Sterile Compounding

BLUE STONE 4 PHARMACY, LLC	License # 35351

INV797 - USP Sterile Compounding
(Revision 1, USP 797 2022. August 2024)
A. INTRODUCTION & SCOPE – ALL CATEGORIES

DESIGNATED PERSON: A designated person(s) is identified who is responsible and accountable for the performance and operation of the facility and personnel involved in the preparation of CSPs. [USP 797 Section 1.1.3]	Yes

IMMEDIATE USE COMPOUNDING: When preparing immediate use preparations, written SOPs are in place for all requirements and all criteria are met including 1. aseptic technique, processes, and procedures; and, 2. personnel are trained and demonstrate competency in aseptic processes as they relate to assigned tasks and SOP's, 3. the preparation is performed in accordance with evidence-based information for physical and chemical compatibility of the drugs, 4. the preparation involves not more than 3 different sterile products, 5. Any unused starting component from a single-dose container is discarded, 6. Administration begins within 4 hours following the start of preparation and, 7. Unless directly administered by the preparer or administration is witnessed by the preparer, the CSP is labeled with the names and amounts of all active ingredients, the name or initials of the preparer and the 4 hour period within which administration must begin. [USP 797 Section 1.3]	N/A
BAG & VIAL SYSTEM: Docking of vial and bag systems for future activation and administration is performed in an ISO 5 environment and BUDs are not longer than those specified in the manufacturer's labeling. [USP 797 Section 1.4]	N/A
REPACKAGING: Repackaging of sterile products or preparations from its original container into another container are prepared according to all applicable USP 797 requirements. [USP 797 Section 1.1.2]	N/A

B. COMPONENT BUDs (Single and Multi-dose Containers) – ALL CATEGORIES

SINGLE DOSE CONTAINERS (SDCs): SDCs are entered or punctured only in an ISO Class 5 or cleaner air and are used up to 12 hours after initial entry or puncture if the labeled storage requirements during that 12-hour period are maintained. [USP 797 Section 15.1] *Per policy 9.0051*	Yes
AMPULES: Opened SINGLE DOSE AMPULES are used immediately and not stored for any time period. [USP 797 Section 15.1]	N/A
MULTIDOSE CONTAINERS (MDCs): Upon initially entering or puncturing a conventionally manufactured MDC, the MDC is not used for more than 28 days unless otherwise specified by the manufacturer on the labeling. [USP 797 Section 15.2] *Per policy 9.0051*	Yes
PHARMACY BULK PACKAGES: Conventionally manufactured pharmacy bulk packages are entered or punctured only in an ISO Class 5 PEC and must be used according to the manufacturer's labeling. [USP 797 Section 15.3]	Yes
SINGLE DOSE COMPONENT CSPs & STOCK SOLUTIONS: When single-dose CSPs or CSP stock solutions are used as a component to compound additional CSPs, the original compounded single-dose component CSP or CSP stock solution is entered or punctured in ISO Class 5 or cleaner air and is stored under the conditions upon which its BUD is based (e.g., refrigerator or controlled room temperature). Once punctured, the component CSP is used for sterile compounding for up to 12 hours or its assigned BUD, whichever is shorter, and any remainder is discarded. [USP 797 Section 16.2]	N/A

C. CSP LABELING – ALL CATEGORIES

CSP LABEL REQUIREMENTS: CSP immediate container label prominently and legibly displays 1) assigned internal identification number; 2) active ingredient(s) and their amount(s), or concentration(s); 3) storage conditions if other than controlled room temperature; 4) BUD; 5) dosage form; 6) total amount or volume; 7) statement if CSP is a single dose container (when space permits) or multi-dose container. Labeling of CSP displays 1) route of administration, 2) special handling instructions, 3) warning statements, and the compounding facility name and contact information if the CSP is sent outside of the facility in which it was compounded. [USP 797 Section 13] *Reviewed sample label for Semaglutide 2.5mg/mL Solution during inspection.*	Yes
ADDITIONAL REQUIREMENTS FOR A CLASS II OR III FACILITY: 1) Identification of responsible compounding personnel and/or dispensing pharmacist;2) labels for batch-prepared CSPs must also include: Control or lot number, auxiliary labeling (including precautions); and device-specific instructions. Patient specific medications must also include patient's name, location the medication is to be delivered to and directions for use. [USP 797 Section 13] [F.A.C.64B16-28.108(10)]	N/A
LABELING SOP: SOPs describe labeling procedures and are followed to prevent labeling errors and CSP mix-ups. [USP 797 Section 13] *Per SOP 9.006.1*	Yes
LABEL VERIFICATION: CSP labels are verified to ensure that they conform with the prescription or medication order, MFR (if required), and the CR. [USP 797 Section 13] *Per SOP 9.006.1*	Yes

D. PERSONNEL PREPARATION & OBSERVATION – ALL CATEGORIES

UNNECESSARY ITEMS: Personnel remove outer garments (e.g., bandanas, coats, hats, jackets, sweaters, vests); cosmetics, and all hand, wrist, and other exposed jewelry, including piercings that may interfere with effectiveness of garbing. Items not necessary for compounding (e.g., food, drinks, mints, gum, earbuds, headphones) are not introduced into the compounding environment. Accommodations are documented. [USP 797 Section 3.1]	Yes
NAILS: Nails are clean and trimmed. Nail products (e.g., polish, artificial nails, and extenders) are not worn. Personnel clean under nails under warm running water with a disposable nail cleaner. Hands and forearms are washed with soap and water for at least 30 seconds prior to entering a compounding area. [USP 797 Section 3.2]	Yes
REQUIRED PPE GARBING ORDER & STORAGE: Personnel garb (don and doff) in an order that reduces risk of contamination per SOP. Required garb, manner of storage, and order or garbing is documented in SOP's. The minimum required PPE when preparing CSPs includes a garment with sleeves that fit around wrists and enclosed neck, shoe covers, head/facial hair cover, face mask, and sterile powder-free gloves. All PPE is low lint for Category 1 & 2 compounding or sterile if Category 3. Gowns and other garb are stored in a manner that minimizes contamination (e.g., away from sinks) and within a classified area or SCA. [USP 797 Section 3.3]	Yes
INAPPROPRIATE HAND HYGIENE PRACTICES: Brushes and hand dryers are not used, and soap containers are not refilled or topped off. [USP 797 Section 3.2]	Yes
ALCOHOL-BASED HAND RUB: Hands are sanitized with alcohol-based hand rub prior to donning gloves. Handrub is used prior to donning garb when hand hygiene is done outside of a classified area. [USP 797 Section 3.3] *Pharmacy has Alcare and Avagard.*	Yes
STERILE GLOVES USED: Sterile gloves are donned in classified room or SCA. Skin is not exposed inside ISO 5 PEC (e.g., gloves are not donned or doffed). [USP 797 Section 3.3] *Pharmacy uses Contec Critigear sterile nitrile gloves.*	Yes
SANITIZATION OF STERILE GLOVES: Sterile 70% IPA is applied to gloves prior to compounding and regularly throughout the compounding process. [USP 797 Section 3.3]	Yes
SANITIZATION OF ITEMS INTRODUCED INTO PEC: Items are wiped with sterile 70% IPA and sterile low-lint wipers just prior to being introduced into the PEC and allowed to dry before use. [USP 797 Section 8.2] *Contec Sterilesorb wipes used to sanitize items before introducing to the PEC.*	Yes
CRITICAL SITES (e.g., vial stoppers, ampule necks, and intravenous bag septum's) are wiped with sterile 70% IPA in the PEC to provide both chemical and mechanical actions to remove contaminants. The sterile 70% IPA is allowed to dry before personnel enter or puncture stoppers and septum's or break the necks of ampules. [USP 797 Section 8.3]	Yes
MATERIALS AND EQUIPMENT DISINFECTION: Before any item is introduced into the clean side of anteroom(s), placed into pass-through chamber(s), or brought into the SCA, it is wiped with a sporicidal disinfectant, EPA-registered disinfectant, or sterile 70% IPA using low-lint wipers by personnel wearing gloves. Dwell time is followed. [USP 797 Section 8.1 & 9.1]	Yes

E. EQUIPMENT, SUPPLIES, & COMPONENTS – ALL CATEGORIES

DAILY ACD ACCURACY ASSESSMENT: An accuracy assessment is conducted for Automated Compounding Devices (ACDs) or similar equipment before the first use and again each day the equipment is used to compound CSPs. A daily record of accuracy measurements is maintained. Corrective actions are implemented if accuracy measurements are outside of manufacturer's specifications. [USP 797 Section 9.1]	Yes
EQUIPMENT SOPs: Written SOPs for the calibration, maintenance, cleaning, and use of equipment are established and are based on the manufacturer's recommendations. Procedures are followed and records are maintained. [USP 797 Section 9.1] *General SOP for equipment SOP calibation and maintenance requirements: 6.004* *Specific SOP's for equipment such as Dry Heat oven and Autoclave are reivewed.* *Repeater pump come calibrated* *3 Incubators calibrated 10/25/24* *pH Meter Internal calibration date 11/20/24* *Dry Heat Oven calibrated 10/25/24* *Autoclave calibrated 10/24/24* *Adventurer Analytical Balance calibrated 10/24/24* *Ohaus Stir/hot plate calibrated 10/21/24* *Temperature/Humidity/Pressure sensors calibrated 11/26/24* *Other equipment PEC's certified 10/24*	Yes

F. SEGREGATED COMPOUNDING AREA: Category 1

CATEGORY 1 MAXIMUM BUDs & COMPOUNDING AREA REQUIREMENTS: Category 1 CSPs are compounded in an ISO class 5 PEC located within a SCA and are assigned a BUD of 12 hours or less at controlled room temperature or 24 hours or less when refrigerated. [USP 797 Section 1.5, 4.2.1]	
DEDICATED AREA FOR SCA: The SCA is separated from areas not directly related to compounding, and all surfaces (walls, floors, counters, and equipment) are clean, uncluttered, and dedicated to compounding. [USP 797 Section 4.2.1]	
SCA LOCATION: The SCA is located away from unsealed windows, doors that connect to the outdoors, and traffic flow, all of which may adversely affect the air quality in the PEC. SCA is not located where environmental control challenges (e.g., restrooms, warehouses, or food preparation areas) could negatively affect the air quality of the PEC within the SCA. A sink is not located within 1 meter of PEC. [USP 797 Section 4.2.1]	
ITEMS WITHIN SCA: Only furniture, equipment, and other materials necessary for performing compounding activities are located within the SCA. [USP 797 Section 4.2.1]	

G. FACILITIES & SECONDARY ENGINEERING CONTROLS – Categories 2 and 3

STERILE SUITE CONSTRUCTION: The ISO-classified anteroom and buffer room are separated from the surrounding unclassified areas of the facility by fixed walls and doors, and controls are in place. [USP 797 Section 4.2.1] *Cat 2 compounder, with a non-hazardous cleanroom suite, ante room, buffer room and doffing room* **Last certified 10-16-24*	Yes
HEPA FILTERED AIR: Air supplied to the cleanroom suite is introduced through HEPA filters located in the ceiling of the buffer room and anteroom. [USP 797 Section 4.2.1]	Yes
AIR RETURNS: Air returns in the cleanroom suite are low on the wall unless a visual smoke study demonstrates an absence of stagnant airflow. [USP 797 Section 4.2.1]	Yes
LINE OF DEMARCATION: The anteroom has a line of demarcation to separate the clean side from the dirty side. [USP 797 Section 4.2.1]	Yes
SURFACES & WALLS: The surfaces of ceilings, walls, floors, doors, door frames, fixtures, shelving, work surfaces, counters, and cabinets in the classified area are smooth, impervious, free from cracks and crevices, and non-shedding. Walls are constructed of/or covered with durable material. [USP 797 Section 4.3.1]	Yes
CEILINGS & FLOORS: Inlaid panels of ceilings are caulked around each panel to seal them to the support frame. Junctures between the ceiling and the walls and between the walls and the floor are sealed to eliminate cracks and crevices where dirt can accumulate. Floors include coving to the sidewall, or the juncture between the floor and the wall are caulked. [USP 797 Section 4.3.1]	Yes
LEDGES & OVERHANGS: Overhangs and ledges are easily cleanable, and the exterior lens surface of ceiling light fixtures are smooth, mounted flush, and sealed. [USP 797 Sections 4.3.1]	Yes
FURNITURE, EQUIPMENT, & MATERIALS: Only furniture, equipment, and other materials necessary for performing compounding activities are permitted in a classified area or SCA. Tacky mats are not placed within ISO-classified areas. Carts used to transport components or equipment into classified areas are constructed from nonporous materials with cleanable casters and wheels. [USP 797 Sections 4.2.1 & 4.5]	Yes
TEMPERATURE & HUMIDITY MONITORING: Temperature and humidity in the cleanroom suite are controlled through a heating, ventilation, and air conditioning (HVAC) system. The temperature and humidity are monitored in each room of the cleanroom suite each day that compounding is performed, either manually or by a continuous recording device. They are documented at least once daily or stored in the continuous recording device and are retrievable and are reviewed as described in the facility's SOP. [USP 797 Section 4.2]	Yes
PRESSURE DIFFERENTIATION MONITORING & DOCUMENTATION: Facility maintains a minimum differential positive pressure of 0.020-inch water column between the nonhazardous buffer room to anteroom and anteroom to unclassified area. A pressure differential monitoring device is used to continuously monitor the pressure differentials. Quantitative results from the pressure monitoring device are reviewed and documented at least daily on the days when compounding is occurring. [USP 797 Sections 4.2.5]	Yes
PEC LOCATION: PECs are located in a buffer room in a manner that minimizes conditions that could increase the risk of microbial contamination (strong air currents, personnel traffic, or air streams from HVAC system(s)) and allows for cleaning around the PEC. [USP 797 Sections 4.2.2 & 4.2.3]	Yes
INTEGRATED VERTICAL LAMINAR FLOW ZONES: IVLFZ is separated from ISO Class 7 area with a physical barrier and there is full coverage of HEPA filters above the work surface. [USP 797 Section 4.2.3]	N/A

H. CERTIFICATION AND RECERTIFICATION – ALL CATEGORIES

PEC & SEC CERTIFICATION: PECs are certified initially and every 6 months to meet ISO Class 5 or better conditions, during dynamic operating conditions. SECs are certified initially and every 6 months to meet ISO Class 7 or 8 or better conditions, during dynamic operating conditions (including presterilization activities if applicable). Anterooms providing access to positive-pressure buffer rooms are at least ISO 8 and at least ISO 7 for anterooms providing access to negative-pressure buffer rooms. ISO Class 7 rooms maintain a minimum of 30 total HEPA-filtered ACPH during dynamic operating conditions, at least 15 ACPH come from the HVAC through HEPA filters located in the ceiling. ISO Class 8 rooms maintain a minimum of 20 total HEPA-filtered ACPH during dynamic operating conditions; 15 ACPH must come from the SEC. The ACPH from HVAC, ACPH contributed from the PEC, and the total ACPH are documented on the certification report. HEPA filter integrity testing for both SECs & PECs is conducted initially and every 6 months as part of total particle testing. Classified areas are recertified when changes occur that could affect airflow or air quality [USP 797 Sections 4.1, 4.2.4, 4.2.6, & 5.0] *UMT Certification labs ceritifed cleanroom Oct 16, 2024.* *Cat 2 compounder, with a non-hazardous cleanroom suite, ante room, buffer room and doffing room.* *PEC's: Air Clean 600 Work station SN AC648LFC-55687, Purifier Verical Cleanbench SN 240610053 (ISO 5)* *Ante room (ISO 8-ACPH of 50), Buffer room (ISO 7-only total ACPH documented of 79). The certifier has documented how many air changes come from the HVAC 18 versus the PEC 61). Doffing room (ISO 8)*	Yes
DOCUMENTATION OF PERSONNEL PRESENT DURING CERTIFICATION: The number of personnel present in each PEC and SEC during total particle counts and dynamic airflow smoke-pattern tests is documented on the certification report. [USP 797 Section 5.0] *Personnel documented=3 from UMT certification report.*	Yes
PEC DYNAMIC SMOKE PATTERN TEST: Smoke pattern tests are performed under dynamic conditions initially to demonstrate minimal disruption in airflow and repeated if equipment is placed in a different location. Smoke pattern tests are performed under dynamic conditions every 6 months to demonstrate unidirectional airflow and sweeping action over and away from the preparation(s). [USP 797 Section 5.0] *Smoke study repeated with Aire Eze Jan, 6 2025, this had to be repeated after UMT did not complete a dynamic smoke study Oct 2024.*	Yes
ROBOTICS / ROBOTIC ENCLOSURES: Robotic enclosures used as a PEC or placed within a PEC have a dynamic airflow smoke pattern test is performed initially and at least every 6 months that confirms 1) the robotic device is properly integrated into the facility, 2) there is no turbulence or refluxing at any critical site(s), 3) room air does not enter the PEC where sterile products and/or preparations may be exposed, and 4) all processes can be performed without introducing contamination to the DCA(s). [USP 797 Section 4.2.3]	N/A
MONITORING DEVICE CERTIFICATION: Temperature and humidity monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. [USP 797 Section 4.2] *Sensor push real time documentation for temp, humidity and pressure sensors documented calibration date of 11-26-24*	Yes
CONTAINMENT DEVICES USED FOR PRESTERILIZATION PROCEDURES: CVEs, BSCs, or CACIs used for presterilization procedures are certified at least once every 6 months. Presterilization procedures do not adversely affect the required air quality of the SEC as demonstrated during certification under dynamic operating conditions. [USP 797 Section 4.2.6] *Flowsclence CVE certified by UMT Oct 2024*	Yes
CERTIFICATION REPORT REVIEW BY DESIGNATED PERSON: All certification and recertification records are reviewed by the designated person(s). A corrective action plan is implemented and documented in response to any out-of-range results on certification report and data reviewed to confirm that the actions taken have been effective. [UPS 797 Section 5.0] *UMT certification reviewed by Designated person Kaila 11-18-24*	Yes

I. RABS

LOCATION: If used to prepare Category 2 or Category 3 CSP's RABS are located in a cleanroom suite with an ISO Class 7 or better buffer room with an ISO Class 8 or better anteroom. [USP 797 Section 4.2.3]	
RECOVERY TIME: When a RABS is used, the recovery time after opening the transfer chamber to achieve ISO Class 5 air is documented and internal procedures are developed to ensure that adequate recovery time is allowed after opening and closing the RABS. [USP 797 Section 4.2.3]	
STERILE GLOVES: are worn over gloves attached to RABS sleeves. [USP 797 Section 3.3]	

J. CATEGORY 2 CSPs WITHOUT STERILITY TESTING

CATEGORY 2 COMPOUNDING ENVIRONMENT: Category 2 CSPs are compounded in an ISO class 5 PEC located within an ISO classified anteroom and buffer room. [USP 797 Sections 4.1 & 14.3]	N/A
CATEGORY 2 BUDs FROM STERILE COMPONENTS WITHOUT STERILITY TESTING: Category 2 CSPs compounded aseptically from all sterile starting components and in the absence of sterility testing do not exceed the following BUDs: 4 days room temperature, 10 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	N/A
CATEGORY 2 BUDs FROM NONSTERILE COMPONENTS WITHOUT STERILITY TESTING: Category 2 CSPs compounded aseptically from one or more nonsterile starting components and in the absence of sterility testing do not exceed the following BUDs: 1 day room temperature, 4 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3] *per SOP 9.005 'Beyond Use Date' policy.*	N/A

K. CATEGORY 2 EXTENDED BUD REQUIREMENTS

CATEGORY 2 BUDs FOR ASEPTICALLY PROCESSED CSPs WITH STERILITY TESTING: Category 2 CSPs compounded aseptically, and which have passed sterility testing do not exceed the following BUDs: 30 days room temperature, 45 days refrigerated, or 60 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3] *BUD assigned to Semaglutide 2.5mg/ml Inj solution prepared of 11-20-24 assigned a BUD of 1/4/2025 (45 days refrigerated) per SOP 9.005 on 'Beyond Use Date'*	N/A
CATEGORY 2 BUDs FOR TERMINALLY STERILIZED CSPs WITHOUT STERILITY TESTING: Category 2 CSPs terminally sterilized and in the absence of sterility testing do not exceed the following BUDs: 14 days room temperature, 28 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3] *Pharmacy is not currently terminally sterilizing CSP's but does intend to send CSP's to an outsourced lab for sterility and endotoxin testing first done for the 11/20/24 Semaglutide Inj*	N/A
CATEGORY 2 BUDs FOR TERMINALLY STERILIZED CSPs WITH STERILITY TESTING: Category 2 CSPs terminally sterilized, and which have passed sterility testing do not exceed the following BUDs: 45 days room temperature, 60 days refrigerated, or 90 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3] *No Intentions to terminally sterilize.*	N/A
ANTIMICROBIAL EFFECTIVENESS TESTING FOR MULTI-DOSE CSPs: Aqueous multiple-dose CSPs (e.g., injectables and ophthalmics) pass USP <51> compliant antimicrobial effectiveness testing once for each unique formulation and each container closure system in which it is packaged. Bracketing studies are allowed. [USP 797 Section 14.5 & 16.1] *Not completed, New business, has not compounded for release of CSP's at this time.*	N/A
CONTAINER CLOSURE TESTING: Container closure integrity testing is performed once for each unique CSP formulation and container closure system in which it is packaged. For multi-dose (i.e., preserved CSPs), container integrity testing is performed per fill volume for each unique CSP formulation and container closure system. [USP 797 Sections 14.3.3 & 14.5] *No formulations compounded for release or testing at this time.*	N/A

MULTI-DOSE, NON-PRESERVED AQUEOUS CSPs: Multi-dose, non-preserved aqueous CSPs (i.e., topical, or ophthalmic solutions) are assigned are prepared as a Category 2 CSP, for use by a single patient, and labeled to indicate that once opened, the CSP must be discard after 24 hours if stored at controlled room temperature or 72 hours when stored under refrigeration. [USP 797 14.5]	N/A
MULTI-DOSE CSPs USED AS A COMPONENT: Meet the criteria for anti-microbial effectiveness testing (see <51>) if aqueous, are stored under the conditions upon which the BUD is based, Multiple-dose CSP after initially entered or punctured, are not used for longer than the assigned BUD or 28 days, whichever is shorter. [USP 797 Sections 14.5 & 16.1]	N/A
OUTSOURCED STERILITY TESTING: Sterility testing is performed for all Category 2 CSPs assigned a BUD requiring sterility testing according to USP <71> or a validated alternative and noninferior method. Membrane Filtration as described in USP <71> is the preferred method when the formulation allows. [USP 797 Section 12.2] *Pharmacy has demonstrated that the Semaglutide 2.5mg/ml compounded on 11-20-24 did pass the sterility and endotoxin test sent to ARL, requested by owner as a confirmation of aseptic technique practice.* *Pharmacy submitted 6x2ml vials*	Yes
INHOUSE STERILITY TESTING: Sterility testing is according to USP <71> or a validated alternative and noninferior method. Membrane filtration is used if appropriate and filters are rinsed according to USP <71>. Direct inoculation is done only when membrane filtration cannot be carried out. Volume inoculated does not exceed 10% of the culture media volume. Growth promotion test has been done on the media with the 5 specified organisms (not more than 100 CFU) according to USP <71>. TSB or SCD is incubated at 20-25C for 14 days; FTM is incubated at 30-35C for 14 days. (2 incubators present).	N/A
METHOD SUITABILITY TEST: A Method Suitability Test (or equivalent validation for alternative testing methods) is performed to validate suitability of the sterility testing method. [USP 797 Section 12.2] *Has not been started yet as testing is not initiated on formulations other than sterility and endotoxin testing.*	N/A
MAXIMUM BATCH SIZE: The maximum batch size for all CSPs requiring sterility testing is 250 final yield units. [USP 797 Section 12.2] *Semaglutide 2.5mg/ml Inj solution was compounded 11-20-24 for testing as 2ml vials from 100ml solution (50 vials).*	Yes
INVESTIGATION OF STERILITY TEST FAILURES: Sterility tests resulting in failure undergo prompt investigation into possible causes and requires identification of the microorganism(s) as well as evaluation of sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. Impact to other CSPs is assessed. Investigation and resulting corrective actions are documented. [USP 797 Section 12.2] *No documented sterility failures at this time.*	N/A
STERILITY TESTING QUANTITY & VOLUME DETERMINATION: The minimum quantity of each container tested for sterility is per USP <71> Table 2 and the number of containers tested in relation to the batch size is per USP <71> Table 3. For 1-39 CSPs compounded as single batch, sterility testing is performed on a number of containers or units equal to 10% of the number of CSPs prepared rounded to the next whole number. [USP 797 Section 12.2] *Has not sent for release, just for testing.* *Sterility testing 9.000.2 articles policy*	N/A
ENDOTOXIN TESTING: Category 2 injectable CSPs compounded from one or more nonsterile component(s) and assigned a BUD that requires sterility testing are tested for bacterial endotoxins. [USP 797 Section 12.3] *Endotoxin testing confirmed as a pass from ARL for test vials sent of Semaglutide 2.5mg/ml.*	Yes
ENDOTOXIN LIMITS: In the absence of a bacterial endotoxin limit in an official USP–NF monograph or other CSP formula or scientifically supported source, the CSP does not exceed the endotoxin limit calculated as described in USP <85> for the appropriate route of administration for humans or largest recommend dose per weight for nonhuman species. [USP 797 Section 12.3]	N/A

L. CATEGORY 3 CSPs, BUDs, & RELATED REQUIREMENTS

CATEGORY 3 REQUIREMENTS: All requirements associated with Category 3 compounding (e.g., garbing, cleaning, environmental monitoring) apply to all personnel entering the buffer room where Category 3 CSPs are compounded and always apply regardless of whether Category 3 CSPs are compounded on a given day. [USP 797 Section 14.4.2]	
STERILE/SINGLE USE GARB: When compounding Category 3 CSPs, skin is not exposed in buffer room (i.e., face and neck are covered) and all low lint outer garb is sterile, including sterile sleeves over RABS gauntlet sleeves. Disposable garb items are not reused. [USP 797 Section 3.3]	
STERILIZED/REUSABLE GARB: Non-disposable garb is not reused without being laundered and resterilized with a validated cycle. Disinfection procedures described in facility SOPs are followed before reusing goggles, respirators, and other equipment. [USP 797 Section 3.3]	
CATEGORY 3 BUDs FOR ASEPTICALLY PROCESSED CSPs: Category 3 CSPs aseptically processed, sterility tested, and passing all applicable tests (including stability indicating assay, endotoxin, and other dosage form appropriate tests) do not exceed the following BUDs: 60 days room temperature, 90 days refrigerated, or 120 days frozen. Shorter BUDs are assigned when physical or chemical stability of the CSP is less than the maximum allowable Category 3 BUDs for aseptically processed CSPs. [USP 797 Section 14.4.3]	
CATEGORY 3 BUDs FOR TERMINALLY STERILIZED CSPs: Category 3 CSPs aseptically processed, sterility tested, and passing all applicable tests (including stability indicating assay, endotoxin, and other dosage form appropriate tests) do not exceed the following BUDs: 90 days room temperature, 120 days refrigerated, or 180 days frozen. Shorter BUDs are assigned when physical or chemical stability of the CSP is less than the maximum allowable Category 3 BUDs for terminally sterilized CSPs. [USP 797 Section 14.4.3]	
MAXIMUM BATCH SIZE: Category 3 CSP batch sizes do not exceed 250 final yield units. [USP 797 Section 12.2]	
STABILITY INDICATING ASSAYS: All Category 3 CSP formulations are supported by data obtained using a validated stability-indicating analytical method that can distinguish active ingredients from degradants and impurities and quantify the amount of active ingredient. CSPs are prepared according to the exact formulation, components, and packaged in a container closure system of the same materials of composition. Facilities have documentation of the stability study, its results, and the method validation available for review. [USP 797 Section 14.3.3]	
STERILITY TESTING: All category 3 CSPs and batches undergo sterility testing performed according to USP <71> or a validated alternative and noninferior method. [USP 797 Sections 12.2 & 14.4.4]	
METHOD SUITABILITY TEST: A Method Suitability Test (or equivalent validation for alternative testing methods) is performed to validate suitability of the sterility testing method for each formulation. [USP 797 Section 12.2]	
STERILITY TESTING QUANTITY & VOLUME DETERMINATION: The minimum quantity of each container tested for sterility is per USP <71> Table 2 and the number of containers tested in relation to the batch size is per USP <71> Table 3. For 1-39 CSPs compounded as single batch, sterility testing is performed on a number of containers or units equal to 10% of the number of CSPs prepared rounded to the next whole number. [USP 797 Section 12.2]	
INVESTIGATION OF STERILITY TEST FAILURES: Sterility tests resulting in failure undergo prompt investigation into possible causes and requires identification of the microorganism(s) as well as evaluation of sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. Impact to other CSPs is assessed. Investigation and resulting corrective actions are documented. [USP 797 Section 12.2]	
ENDOTOXIN TESTING: Category 3 injectable CSPs compounded from one or more nonsterile component(s) are tested for bacterial endotoxins. [USP 797 Section 12.3]	
ENDOTOXIN LIMITS: In the absence of a bacterial endotoxin limit in an official USP–NF monograph or other CSP formula or scientifically supported source, the CSP does not exceed the endotoxin limit calculated as described in USP <85> for the appropriate route of administration for humans or largest recommend dose per weight for nonhuman species. [USP 797 Section 12.3]	

PARTICULATE MATTER TESTING: Category 3 injectable CSPs undergo USP <788> (Particulate Matter in Injections) and ophthalmic solutions undergo USP <789> (Particulate Matter in Ophthalmic Solutions) test once per formulation with acceptable results. [USP 797 Section 14.3.3]	
ANTIMICROBIAL EFFECTIVENESS TESTING FOR MULTI-DOSE CSPs: Aqueous multiple-dose CSPs (e.g., injectables and ophthalmic) pass USP <51> compliant antimicrobial effectiveness testing once for each unique formulation and each container closure system in which it is packaged. Bracketing studies are allowed. [USP 797 Section 14.5 & 16.1]	
CONTAINER CLOSURE TESTING: Container closure integrity testing is performed once for each unique CSP formulation and container closure system in which it is packaged. For multi-dose (i.e., preserved multi-dose CSPs), container closure integrity testing is also performed per fill volume for each unique CSP formulation and container closure system. [USP 797 Sections 14.3.3 & 14.5]	
MULTI-DOSE, NON-PRESERVED AQUEOUS CSPs: Multi-dose, non-preserved aqueous CSPs (i.e., topical, or ophthalmic solutions) are prepared for use by a single patient, and labeled to indicate that once opened, the CSP must be discard after 24 hours if stored at controlled room temperature or 72 hours when stored under refrigeration. [USP 797 14.5]	
MULTI-DOSE CSPs USED AS A COMPONENT: Meet the criteria for anti-microbial effectiveness testing (see <51>) if aqueous, are stored under the conditions upon which the BUD is based, Multiple-dose CSP after initially entered or punctured, are not used for longer than the assigned BUD or 28 days, whichever is shorter. [USP 797 Sections 14.5 & 16.1]	

M. PERSONNEL TRAINING & COMPETENCIES - ALL CATEGORIES

TRAINING PROGRAM & SOP: Facility maintains a written training program and corresponding SOP which defines required trainings, frequency of training and the process for evaluating the performance of individuals who compound, have direct oversight of compounding personnel, perform in-process checks, final verification and dispensing of CSP's. The training program equips personnel with the appropriate knowledge and training in the required skills necessary to perform their assigned tasks. [USP 797 Section 2] *Per SOP 3.007*	Yes
INITIAL DIDACTIC TRAINING & SKILLS ASSESSMENT: Before beginning to compound CSPs independently or have direct oversight of compounding personnel, personnel complete training and can demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions as applicable to their assigned job functions. [USP 797 Section 2.1] *Reviewed training documentation for DP (KC), and RPh (BH).*	Yes
INITIAL GLOVED FINGERTIP & HAND HYGIENE/GARBING COMPETENCY: Before beginning to compound independently or have direct oversight of compounding personnel, personnel successfully complete an initial gloved fingertip (GFT) competency no fewer than 3 separate times, with a documented visual audit while performing hand hygiene and garbing procedures. GFT samples are collected before applying sterile 70% IPA to gloves. [USP 797 Section 2.2] *Reviewed training documentation for DP (KC), and RPh (BH) completed on 3/21/25 during inspection.* *- GFT, Media Fill, and Surface sampling redone pursuant to initial inspection.*	Yes
INITIAL MEDIA FILL & ASEPTIC TECHNIQUE ASSESSMENT: Before beginning to compound independently or have direct oversight of compounding personnel, personnel who compound or have direct oversight of compounding successfully complete an initial aseptic manipulation competency evaluation which consists of a visual observation, media-fill testing followed by a gloved fingertip and thumb sampling on both hands, and surface sampling of the direct compounding area. [USP 797 Section 2.3] *Reviewed training documentation for DP (KC), and RPh (BH) completed on 3/21/25 during inspection.* *-GFT, Media Fill, and Surface sampling redone pursuant to initial inspection.*	Yes
GFT & MEDIA FILL INCUBATION: Documentation includes the name of the person evaluated, evaluation date and time, media and components used to include their manufacturer or supplier, expiration dates and lot numbers, starting temperature for each interval of incubation, dates of incubation, the results, and the names or other identification of the observer and the person who reads and documents the results. [USP 797 Section 2.3] *Reviewed training documentation for DP (KC), and RPh (BH) completed on 11-4-24 during inspection.*	Yes
ONGOING CATEGORY 1 AND 2- GFT & GARBING ASSESSMENT: After initial garbing competency evaluations, compounding personnel complete garbing competency evaluation and GFT every 6 months for Category 1 and Category 2 CSP's. Direct oversight personnel who do not compound complete garbing competency and GFT every 12 months. GFTs are appropriately incubated. [USP 797 Section 2.2]	Yes
ONGOING CATEGORY 1 AND 2- MEDIA FILL & ASSESSMENT: After initial aseptic manipulations competency evaluations, compounding personnel complete aseptic technique competency, media fill, GFTs, and surface sampling of DCA every 6 months for Category 1 and Category 2 CSP's. Direct oversight personnel who do not compound complete media fill every 12 months. GFTs and surface samples are appropriately incubated. [USP 797 Section 2.3]	Yes
ONGOING KNOWLEDGE & COMPENTENCY OF CORE SKILLS: Training and knowledge assessment of sterile compounding principles or core skills is completed at least every 12 months. [USP 797 Section 2.1] *Per SOP 3.007.*	N/A
FAILED COMPETENCY INVESTIGATION: Initial and ongoing competency assessment failures are investigated, remediated, and documented in a Corrective Action Plan. [USP 797 Sections 2.2 & 2.3] *Per SOP 3.007.*	N/A
STAFF TRAINING IN VIABLE AIR AND SURFACE SAMPLING: Personnel are trained and competent in air and surface sampling procedures to ensure accurate and reproducible sampling. [USP 797 Section 6.1] *Reviewed surface sampling training certificate completed by KC 6/1/24.*	Yes
CLEANING PERSONNEL: Cleaning and disinfecting activities are performed by trained and appropriately garbed personnel using facility-approved agents and procedures. Cleaning personnel demonstrate knowledge and competency of core skills related to cleaning, disinfection, and maintenance of environmental conditions initially and at least once every 12 months. [USP 797 Sections 7 & 2.1]	Yes

FACILITY COMPOUNDS CATEGORY 3

ONGOING CATEGORY 3 GFT & GARBING ASSESSMENT: After initial garbing competency evaluations, compounding personnel complete garbing competency and GFT every 3 months for Category 3 CSP's. Direct oversight personnel who do not compound complete garbing competency and GFT every 12 months. GFTs are appropriately incubated. [USP 797 Section 2.2]	
ONGOING CATEGORY 3 ASEPTIC PROCESSING COMPETENCY: Aseptic competency is repeated at least one time every 3 months for personnel compounding Category 3 CSPs. The simulation must capture elements that could potentially affect the sterility of the CSP. Immediately following the media-fill test, gloved fingertip and thumb sampling is performed on both hands and surface sampling of the direct compounding area. Direct oversight personnel who do not compound must complete media fill every 12 months. [USP 797 Section 2.3]	

N. MICROBIOLOGICAL AIR AND SURFACE MONITORING: ALL CATEGORIES

ENVIRONMENTAL MONITORING PROGRAM & SOPs: The microbiological air and surface monitoring program is clearly described in the facility's SOPs, which includes a diagram of the sampling locations, procedures for collecting samples, frequency of sampling, size of samples (e.g., surface area, volume of air), time of day of sampling in relation to activities in the compounding area, and action levels that trigger corrective action. [USP 797 Section 6] *Initial Viable air sampling done by Aire Eze Scientific Services 1-6-25-completed per map and SOP.*	Yes

VIABLE AIR SAMPLING: Volumetric active air sampling using an impaction air sampler collecting at least 1000L of air is conducted in each classified area [e.g., ISO Class 5 PEC and ISO Class 7 and 8 room(s)] during dynamic operating conditions and is completed at least every 6 months. [USP 797 Section 6.2] *Outsource to Pace labs by Aire Eze on 1-6-25.*	Yes
AIR IMPACTION DEVICE: Device is serviced and calibrated according to the manufacturer's recommendations. [USP 797 Section 6.1]	Yes
SURFACE SAMPLING: Microbiological surface sampling is conducted in all classified areas and pass-through chambers under dynamic operating conditions and performed at least once monthly. [USP 797 Section 6.3] *A4 surface sample for the bench is also documented, this pharmacy has no pass-throughs -monthly surface initiated 2-20-25 using TD-100 Cultivate media paddles.*	Yes
GROWTH MEDIA: A general microbiological growth media that supports the growth of bacteria and fungi is used and a COA from the manufacturer is available. Growth media used for surface sampling contains neutralizing agents (e.g., lecithin and polysorbate 80). [USP 797 Sections 6.2 & 6.3]	Yes
MEDIA INCUBATION: Samples are incubated at 30°C - 35°C for 48 hours and 20°C - 25°C for an additional 5 days; if dual growth media are used, incubate one media device at 30°C - 35°C for 48 hours and the second media device at 20°C - 25°C for 5 days. The incubator temperature is monitored during incubation, either manually or by a continuous recording device, and results are reviewed and documented as described in the facility's SOPs. Incubators are placed in a location outside of the sterile compounding area. [USP Sections 6.2.2 (Box 5) & 6.3.2 (Box 6)] *See incubator log for Feb on clipboard.*	Yes
ENVIRONMENTAL MONITORING TREND ANALYSIS: Regular review of sampling data is performed to detect trends and review of trending data is documented. [USP 797 Section 6.1] *New Business.*	N/A
CORRECTIVE ACTION: When microbial growth exceeds action levels, the cause is investigated, and corrective action is taken; corrective actions taken are reviewed for effectiveness. An attempt to identify microorganisms at the genus level is made. [USP Sections 6.2.3 & USP 6.3.3] *No Microbial growth exceeding action levels reported.*	N/A

FACILITY COMPOUNDS CATEGORY 3

CATEGORY 3-VIABLE AIR SAMPLING: Volumetric air sampling is completed within 30 days prior to the commencement of any Category 3 compounding and at least monthly thereafter regardless of the frequency of compounding Category 3 CSPs.Air sampling sites are selected in all classified areas. [USP 797 6.2.1]	
CATEGORY 3-SURFACE SAMPLING: Surface sampling for any Category 3 CSPs, is completed in all classified areas, and pass-through chambers connecting to classified areas, prior to assigning a BUD longer than BUD limits for Category 2 CSPs (defined in Table 13 of USP 797) and at least weekly on a regularly scheduled basis regardless of the frequency of compounding Category 3 CSPs. [USP 797 6.2.2]	
CATEGORY 3-BATCH SURFACE SAMPLING: Surface sampling is conducted within the PEC used to prepare Category 3 CSPs, at the end of each batch before cleaning and disinfection occurs, unless a self-enclosed robotic device is used. When a self-enclosed robotic device is used as the PEC, surface sampling is conducted at least once daily at the end of compounding operations before cleaning and disinfection occurs. [USP 797 Section 6.3.2]	

O. CLEANING AND DISINFECTING: ALL CATEGORIES

CLEANING SOPS: The frequency, method(s), documentation requirements, and location(s) of cleaning, disinfecting, and applying sporicidal disinfectants are described in written SOPs; use of agents is in accordance with manufacturer's instructions, procedures, and in adherence with minimum wet contact times. SOPs describe the time period during which, once opened, sterile cleaning and disinfecting agents, supplies, and sterile 70% IPA may be reused. Sterile water is used to dilute concentrated cleaning agents used inside of PECs (if applicable). Cleaning and disinfecting agents are EPA-registered. If a one-step disinfectant cleaner is not used, surfaces are cleaned prior to being disinfected. [USP 797 Section 7] *SOP 5.001 'Cleaning the Controlled Environment'.* *Cleaning agents names are documented as TB1-3300 or Peridox and Sterile Isopropyl Alcohol.*	Yes
DAILY PEC CLEANING & DISINFECTION WITH STERILE AGENTS: Equipment and all interior surfaces of the PEC are cleaned and disinfected daily on days when compounding occurs and when surface contamination is known or suspected. Sterile 70% IPA is applied after cleaning, disinfecting, or after one-step disinfectant cleaner or sporicidal agent application to remove residue. [USP 797 Section 7] *Reviewed weekly cleaning logs for March and April 2025 during inspection. Pharmacy uses Sterile Peridox and 70% IPA for cleaning.* ** Pharmacy not currently compounding.*	Yes
CATEGORY 1 AND 2-MONTHLY PEC SPORICIDAL DISINFECTION: Equipment and all interior surfaces of the PEC, including underneath of removable work trays, are cleaned with a sporicidal agent monthly. [USP 797 Section 7] *Reviewed monthly cleaning logs for March and April 2025 during inspection. Pharmacy uses Sterile Peridox and 70% IPA for cleaning.*	Yes
DAILY SEC & SCA CLEANING & DISINFECTION: Work surfaces, floors, sink surfaces, and pass-through chambers are cleaned and disinfected daily on days when compounding occurs. [USP 797 Section 7] *Pharmacy not currently compounding. Reviewed weekly and monthly cleaning log during inspection.*	N/A
CATEGORY 1 AND 2 -MONTHLY PEC, SEC & SCA SPORICIDAL DISINFECTION: Equipment and all interior surfaces of the PEC, including underneath of removable work trays, work surfaces, pass-through chambers, storage shelving and bins, equipment outside of PEC's, sink surfaces, floors, ceilings*, walls, doors, and doors frames at least once monthly. SCA ceilings (if applicable) are only cleaned, disinfected, and have sporicidal agents applied when visibly soiled and when surface contamination is known or suspected. [USP 797 Section 7]	Yes
PEC SANITIZATION WITH STERILE 70% IPA: Sterile 70% IPA is applied to the horizontal work surface, including removable trays, immediately before initiating compounding and at least every 30 minutes. If a compounding process takes more than 30 minutes, the work surface is disinfected immediately after the end of the compounding process. Sterile 70% IPA is allowed to dry. [USP 797 Section 7]	Yes
CLEANING SUPPLIES & TOOLS: All cleaning and disinfecting supplies (e.g., wipers, sponges, pads, and mop heads), except for tool handles and holders, are low lint. Supplies used inside PECs are sterile. [USP 797 Section 7.1.2]	Yes
REUSABLE CLEANING TOOLS: Reusable cleaning tools (e.g., mop frames) are made of cleanable meterials and are cleaned and disinfected before and after each use. Reusable tools are dedicated for use in the classified areas or SCA and are not removed. Mops used in HD compounding areas, are dedicated for use only in those areas. [USP 797 Section 7.1.2] *Contec Easy reach tool posted in PEC.*	Yes

FACILITY COMPOUNDS CATEGORY 3

WEEKLY SPORICIDAL CLEANING OF PECs & SECs: Weekly cleaning using a sporicidal agent is performed on all internal surfaces of PEC and equipment in PEC's, on work surfaces outside the PEC, pass-through chambers, and floors. [USP 797 Section 7]	
MONTHLY SEC SPORICIDAL DISINFECTION: A sporicidal disinfectant is applied to storage shelving and bins, equipment outside of PEC's, sink surfaces, ceilings, walls, doors, and doors frames at least once monthly. [USP 797 Section 7]	

P. COMPOUNDING CSPs FROM NONSTERILE COMPONENTS OR SUPPLIES -- CATEGORY 2 & 3

PRESTERILIZATION ACTIVITY CONTAINMENT ENCLOSURES: Pre-sterilization procedures, such as weighing and mixing of nonsterile components, occur in ISO Class 8 or better environment (e.g., anteroom or buffer room) and are performed in single-use containment glove bags, CVEs, BSCs, or CACIs. [USP 797 Section 4.2.6] *ISO 8 ante room has a fume hood where API would be weighed.*	Yes
LOCATION OF STERILE & NONSTERILE PECs: PECs used for sterile and nonsterile compounding (e.g., pre-sterilization procedures) are placed in separate rooms unless the buffer room can maintain an ISO Class 7 classification during particulate generating activities. Co-located PECs are at least 1 meter apart and particle-generating activities are not performed during sterile compounding processes [USP 797 Section 4.2.1; USP 800 Section 5.3] *PEC's located in ISO 7 buffer room 3 feet apart.*	Yes
COMPONENT SOPs: Written SOPs address the selection, receipt, evaluation, handling, storage, and documentation of all CSP components including ingredients and container closures. [USP 797 Section 9.3] *Written SOP lacks details of what to evaluate from COA and document prior to use in compounding. SOP 9.003-2 API Verification form reviewed, please obtain Container closure COA from re-packager.*	Yes
COMPONENT QUALITY & COA: APIs and components comply with the criteria in the USP-NF (if one exists for inactive components) and have a COA including specifications and test results showing the API or component meets expected quality. APIs and other components labeled "not for pharmaceutical use", "not for injectable use", "not for human use", or equivalent are not used in CSPs. [USP 7 Section 9.3.1] *Not currently compounding. Pharmacy had sealed API for Semaglutide bags, opened upon inspector request.*	N/A
API MANUFACTURERS: APIs are manufactured by an FDA-registered facility in the U.S. or comply with the laws and regulations of the applicable regulatory jurisdictions outside of the U.S. [USP 797 Section 9.3.1]	Yes
COMPONENT STORAGE: Components are handled and stored in a manner that prevents contamination, mix-ups, and deterioration and under temperature, humidity, and lighting conditions consistent with those indicated in official monographs or specified by the suppliers and/or manufacturers. [USP 797 Section 9.3.4]	Yes
STERILE, DEPYROGENATED SUPPLIES: Supplies in direct contact with CSPs are sterile and depyrogenated. A COA or similar conformance documentation is reviewed. [USP 797 Section 9.3.1] *Pharmacy purchases sterile vials from Medisca item #620302-each tub comes packaged in 25.* *Dry heat oven is used to depyrogenate beakers, cylinders*	Yes
COMPONENT RECEIPT: Upon receipt, the external packaging of components is examined and components of unacceptable quality or showing deterioration are promptly labeled as rejected and segregated from active stock. APIs and components are inspected for a visible manufacturer expiration date. Components lacking expiration dates are assigned an expiration date no more than 1 year after receipt and both the date of receipt and facility assigned expiration date is clearly marked on the component packaging. [USP 797 Section 9.3.2] *Per SOP 9.002.*	N/A
STERILIZATION OF INJECTABLES WITHIN 6 HOURS OF COMPLETION: Injectable CSPs containing nonsterile components or that come into contact with nonsterile devices (e.g., containers, tubing) during compounding are sterilized within 6 hours of completion. [USP 797 Section 10] *The template of CR has a field for documentation of time compounding started and time ended* *Has not compounded for release.*	N/A

Q. STERILIZATION OF CSPs - CATEGORY 2 & 3

STERILIZING FILTERS: Sterilizing filters used are sterile, depyrogenated, have a nominal pore size of 0.22 µm or smaller, and are appropriate for pharmaceutical use. Sterilizing filters are certified by the manufacturer to retain at least 10,000,000 microorganisms of a strain of Brevundimonas diminuta per square centimeter of upstream filter surface area. Filters are chemically and physically compatible with all ingredients in the CSP (e.g., water-miscible alcohols may damage filter integrity); chemically stable at the pressure and temperature conditions that will be used; and have enough capacity to filter the required volumes. [USP 797 Section 10.2] *Pharmacy uses St Gobain 0.2 micron filters*	Yes
BUBBLE POINT TESTING: Sterilizing filters are subjected to the manufacturers' recommended integrity testing, such as a post-use bubble point test. If multiple filters are required for the compounding process, each of the filters passes a filter-integrity test. [USP 797 Section 10.2] For failed BP testing, CSP is discarded or, after investigating, refiltered not more than one time. [USP 797 Section 10.2] *Pharmacy uses 0.2 micron and 0.22-micron filters.* *- Observed demo of both filters during inspection.*	Yes
CSP PREFILTRATION: When CSPs are known to contain excessive particulate matter, prefiltration is performed using a filter of larger nominal pore size (e.g., 1.2 µm) or a separate filter of larger nominal pore size placed upstream of (i.e., prior to) the sterilizing filter. [USP 797 Section 10.2]	N/A
CSP TERMINAL STERILIZATION SOP Includes: 1) A description of CSP terminal sterilization process(es), including the temperature, pressure (if applicable), duration, permissible load conditions for each cycle, and the use of biological indicators and endotoxin challenge vials (ECVs). 2) Personnel training and competency assessment on sterilization methods and equipment. 3) Schedule and method for establishing and verifying the effectiveness of methods selected. [USP 797 Section 10]	N/A
STEAM OR DRY HEAT STERILIZATION CYCLES FOR CSPs: Sterilization cycles allow for an exposure duration that includes sufficient time for the entire contents of the CSP to reach and remain at the sterilizing temperature during the duration of the sterilization period. CSPs sterilized vial steam are placed in the autoclave to allow steam to reach CSPs without entrapment of air. CSPs sterilized via dry heat are placed with sufficient space between materials to allow for hot air circulation. Sterilization cycle parameters (e.g., temperature, pressure, and duration) and load configuration(s) are documented. [USP 797 Section 10.3 & 10.4]	N/A
BIOLOGICAL INDICATOR USE: The effectiveness of steam or dry heat sterilization of CSPs is verified and documented for each sterilization run or load by using appropriate biological indicators (e.g., Geobacillus stearothermophilus for steam, Bacillus atrophaeus for dry heat) and other confirmation methods. [USP 797 Section 10.3]	N/A
STEAM & DRY HEAT CSP PREFILTRATION: Immediately before filling containers that will be sterilized via steam, or dry heat, CSP solutions are passed through a filter with a nominal pore size of not larger than 1.2 µm for removal of particulate matter. [USP 797 Section 10.3]	N/A
CALIBRATED DATA RECORDER: A calibrated data recorder or chart is used to monitor each steam or dry heat sterilization cycle and to examine for cycle irregularities (e.g., deviations in temperature or pressure). The calibrated oven is equipped with temperature controls and a timer. [USP 797 Section 10.3 & 10.4]	N/A

R. STERILIZATION & DEPYROGENATION OF SUPPLIES & CONTAINER CLOSURE SYSTEMS - CATEGORY 2 & 3

STERILIZATION & DEPYROGENATION SOP's include: 1) A description of sterilization and depyrogenation process(es) used to sterilize and/or depyrogenated compounding supplies and container closure systems, including the temperature, duration, permissible load conditions for each cycle, and the use of biological indicators and endotoxin challenge vials (ECVs). 2) Personnel training and competency assessment on sterilization and depyrogenation methods and equipment used by the facility. 3) Schedule and method for establishing and verifying the effectiveness of methods selected. [USP 797 Section 10] *Load pattern configuration was fixed during the inspection. Pharmacy completed training on 3-6-25.*	Yes
DEPYROGENATION VIA DRY HEAT: Dry heat depyrogenation is used to render glassware, metal, and other thermostable containers and components pyrogen free. The exposure period includes sufficient time for items to reach the depyrogenation temperature; items remain at the depyrogenation temperature for the duration of the depyrogenation period. [USP 797 Section 10.1 & USP 1228.4] *URL Calibration*	Yes

DEPYROGENERATION VIA RINSING: Non-thermostable items are sterilized via a validated sterilization method and cycle: these items are also depyrogenated by multiple rinses with sterile, nonpyrogenic water (e.g., Sterile Water for Injection or Sterile Water for Irrigation) and then thoroughly drained or dried immediately before use in compounding. [USP 797 Section 10 & 10.1]	N/A
DEPYROGENATION PROCESS VALIDATION: The effectiveness of the dry heat depyrogenation cycle(s) is established initially and verified annually using Endotoxin Challenge Vials (ECVs) to demonstrate the cycle achieves a greater than or equal to 3-log endotoxin reduction. The effectiveness of the depyrogenation cycle is re-established if there are changes to the cycle parameters . Cycle verifications are documented. [USP 797 Section 10.1] *Per ARL labs accomplished a 3 log reduction using Lonza ECV's.*	Yes
STERILIZATION CYCLE VALIDATION: When performed onsite, the efficacy of sterilization cycles used for supplies or container closure systems are established and documented. Each sterilization run or load is verified and documented by using appropriate biological indicators (e.g., spores of Geobacillus stearothermophilus) and other confirmation methods. [USP 797 Section 9.3.1 & USP 1229] *Pharmacy completed sterilization cycle validation using biological indicators.* **Reviewed documentation cycles completed in March and April 2025.*	Yes

S. MASTER FORMULATION AND COMPOUNDING RECORDS – ALL CATEGORIES

MASTER FORMULATION RECORD (MFR): A MFR is created for all CSPs prepared from nonsterile ingredient(s) or CSPs prepared for more than one patient and any changes or alterations to an MFR are approved and documented per facility's SOPs. [USP 797 Section 11.1] *Reviewed sample MFR for Semaglutide/Cyanocobalamin 2.5mg/1mg/ml during inspection.*	Yes
MFR DOCUMENTATION: An MFR includes at least the following: 1) Name, strength or activity, and dosage form of the CSP; 2) Identities, amounts of all ingredients, and, if applicable, relevant characteristics of components; 3) Type and size of container closure system(s); 4) Complete instructions for preparing the CSP including equipment, supplies, a description of the compounding steps, and any special precautions; 5) Physical description of the of the final CSP; 6) BUD and storage requirements; 6) Stability reference; 7) Quality control procedures; 8) other information as needed to describe the compounding process and ensure repeatability. [USP 797 Section 11.1 (Box 9)] *Please update MFR to include additional references to support the formulation stability.*	Yes
COMPOUNDING RECORD (CR): A CR is created for all Category 1, Category 2, and Category 3 CSPs. A CR is created for immediate-use CSPs prepared for more than one patient. A CR includes at least the following: 1) Name, strength or activity, and dosage form of the CSP; 2) Date and time of preparation of the CSP; 3) Assigned internal identification number (e.g., prescription, order, or lot number); 4) A method to identify the individuals involved in the compounding process and individuals verifying the final CSP; 5) Name of each component; 6) Vendor, lot number, and expiration date for each component for CSPs prepared for more than one patient and for CSPs prepared from nonsterile ingredient(s); 7) Weight or volume of each component; 8) Strength or activity of each component; 9) Total quantity compounded; 10) Final yield; 11) Assigned BUD and storage requirements; 12) Results of QC procedures. And, if applicable, 13) MFR reference for the CSP; and 14) Calculations made to determine and verify quantities and/or concentrations of components. [USP 797 Section 11.2] *Reviewed updated CR which was completed pursuant to initial inspection.* **Pharmacy not currently compounding.*	Yes
STERILIZATION CYCLE DOCUMENTATION: The date, run, and load numbers of the steam or dry heat sterilizer used to sterilize a CSP are documented on the CR if applicable. [USP 797 Sections 10.3 & 10.4] *Reviewed MFR with sterilization cycle documentation, during inspection.* **Pharmacy not currently compounding.*	N/A

T. RELEASE INSPECTION AND TESTING – ALL CATEGORIES

RELEASE TESTING PROCEDURES: All release testing procedures (e.g., visual inspections and testing) are included in facility documentation such as MFRs and SOPs. [USP 797 Section 12] *Per SOP 9.000.2*	Yes
VISUAL INSPECTION: CSPs are visually inspected before release and dispensing to determine whether the 1) physical appearance of the CSP is as expected (e.g., free of inappropriate visible particulates or other foreign matter, discoloration, or other defects), 2) container closure integrity is intact (e.g., checking for leakage, cracks in the container, or improper seals), 3) CSP and its labeling match the prescription or medication order. [USP 797 Section 12.1] *Per SOP 9.015.* *- Reviewed 'Sample Compounding Worksheet or batch Record Form' [SOP 9.001.2] during inspection, where Visual inspection will be noted.*	Yes
DELAYED DISPENSING VISUAL INSPECTION: When CSPs are not released or dispensed on the day of preparation, a visual inspection is conducted immediately before its release to ensure the CSP is free from any defects such as precipitation, cloudiness, or leakage, which could develop during storage. [USP 797 Section 12.1] *Per policy 9.030 - However, pharmacy not currently dispensing CSP.*	Yes
CSP REJECTION & QUARANTINE: CSPs found to be of unacceptable quality (e.g., observed defects) are promptly rejected, clearly labeled as rejected, and segregated from active stock. [USP 797 Section 12.1] *Per SOP 9.026.*	Yes
INVESTIGATION OF OOS RESULTS: Out-of-specifications results and defects indicating sterility or stability problems are investigated to determine the root cause and a corrective action plan is implemented and documented per facility SOPs. [USP 797 Section 12 & 12.1]	No

U. CSP HANDLING, STORAGE, PACKAGING, SHIPPING, & TRANSPORT – ALL CATEGORIES

STORAGE AREA TEMPERATURE MONITORING: Temperature in CSP & component storage areas is monitored at least once daily and recorded on a log on days when the facility is open or by a continuous temperature recording device; temperature data is readily retrievable. Monitoring equipment is calibrated or verified for accuracy as recommended by the manufacturer or every 12 months. When CSPs have been exposed to temperature excursions above or below storage temperature limits for the CSP, a Designated Person determines whether the CSP has retained its integrity or quality. [USP 797 Sections 9.3 & 19.1] *temperature sensors, humidity and pressure sensors calibrated 11-26-24.*	Yes
CSP PACKAGING: CSP packaging and shipping materials are selected to protect CSPs from damage, leakage, contamination, degradation, adsorption and prevent inadvertent exposure to transport personnel. [USP 797 Section 19.2] *Per SOP 11.000.*	Yes
SHIPPING & TRANSPORTING: Modes of transport are selected that are expected to deliver properly packaged CSPs in an undamaged, sterile, and stable condition. Special handing instructions are provided and/or affixed to the exterior of the container when applicable. [USP 797 Section 19.2] *Per SOP 11.000.*	Yes

V. STERILE QUALITY PROGRAM, SOP's & DOCUMENTATION- ALL CATEGORIES

QA/QC PROGRAM & SOPs: A Quality Assurance (QA) and Quality Control (QC) program is documented in facility SOPs and formally establishes a system of 1) adherence to procedures, 2) prevention and detection of errors and other quality problems, 3) evaluation of complaints and adverse events, and 4) appropriate investigations and corrective actions. The QA/QC SOPs describe the roles, duties, and training of personnel responsible for each aspect of the QA program. [USP 797 Section 18] *SOP 9.003.1 'Finished Product Sample Testing Form' - Has the requirement for a lot#. However, the Semaglutide 2.5mg/ml Inj solution prepared on 11-20-24 CR did not contain a lot#. Further review of the ARL COA does describe the Lot# of 11202024@2. Firm states this CSP was sent for testing using 2 different vial types to determine sterility and endotoxin testing*	Yes

INVESTIGATIONS & CAPAs: A designated person(s) follows up to ensure investigations are conducted and corrective actions are taken if problems, deviations, failures, or errors are identified or when complaints or adverse reactions are reported. A complete record of each reported complaint and adverse reaction is created and retained. Investigations and corrective actions are documented. [USP 797 Sections 17, 18.2, & 18.3] *Pharmacy completed CAP on Potency failure reported on 11-25-24, for Semaglutide 2.5mg inj. lot11202024, which resulted in a potency of 89.6%.* *- Route Cause identified omission in assay calculation of Semaglutide API.*	Yes
ADR & COMPLAINT DOCUMENTATION: A complete record of each reported complaint and adverse reaction is created and retained per USP 797. [USP 797 Section 18.1] *New business, no injectables compounded for release as determined in Best Rx software.*	N/A
RECALL PROCEDURES & SOP: If CSPs are dispensed or administered before the results of release testing are known, procedures are in place to immediately notify the prescriber of a failure of specifications with a potential to cause patients harm; determine the severity of the problem and urgency for implementation/completion of recall; identify patients (or other points of distribution) who have received affected CSP; recall any unused dispensed CSPs; quarantine remaining stock in the pharmacy; investigate if other lots are affected and recalled if needed; conduct investigation and document reason for the failure. Recalls are reported to the appropriate regulatory body as required by the laws and regulations of the applicable regulatory jurisdiction. [USP 797 Section 18] *Per SOP10.002.*	Yes
ANNUAL SOP & QA/QC COMPLIANCE REVIEW: Facility sterile compounding SOPs are reviewed every 12 months by the Designated Person(s); the review is documented. Changes to SOP are made only by the Designated Person and documented. Acknowledgement of revisions to SOP's are communicated to all personnel. The overall QA/QC Program is reviewed at least once every 12 months by the Designated Person(s); the review is documented, and corrective actions are taken if needed. [USP 797 Section 17 & 18] *New Permit - SOPs created 5/31/24.*	Yes

W. HAZARDOUS DRUG HANDLING & COMPOUNDING – ALL CATEGORIES

DESIGNATED PERSON: The entity has a Designated Person who is qualified and trained to be responsible for implementing appropriate HD procedures, overseeing compliance with USP 800 requirements, ensuring environmental control of the storage and compounding areas, monitoring HD facility operations, testing, and acting on results. [USP 800 Section 4]	
HAZARD COMMUNICATION PROGRAM (HCP): Facility has SOPs to ensure effective training regarding proper labeling, transport, storage, and disposal of HDs and use of Safety Data Sheets. The HCP and HD SOPs include a written plan describing 1) how USP 800 requirements are implemented, 2) HD chemical container labeling with the identity of the material and appropriate hazard warnings, 3) readily accessible location of HD chemical SDSs known and accessible by all personnel, 4) HD risk training and information provided to all personnel with HD exposure risk before initial HD handling work assignment and whenever hazard changes, 5) personnel of reproductive capability written acknowledgement of understanding of HD handling risks. [USP 800 Section 8]	
LIST OF HAZARDOUS DRUGS & ASSESSMENT OF RISK: Facility maintains a list of HDs that includes any items on the current NIOSH that the entity handles. The list is reviewed every 12 months and whenever a new agent or dosage form is used. All HD drugs follow the requirements of USP 800 unless an assessment of risk (AOR) is performed. If an assessment of risk approach is taken, the entity must documents what alternative containment strategies and/or work practices are being employed for specific dosage forms to minimize occupational exposure. The AOR minimally contains the type of HD, dosage form, risk of exposure, packaging, and manipulation considerations. The HD drug list & AOR is reviewed at least every 12 months and whenever a new agent or dosage form is used. [USP 800 Section 2]	
CONTAINMENT REQUIREMENTS: All antineoplastic HDs requiring manipulation and HD active pharmaceutical ingredients (APIs) on the NIOSH list follow all the requirements of USP 800. [USP 800 Section 2, Box 1]	
HD HANDLING, RECEIPT & STORAGE SOPs: SOPs are created and followed for the safe handling of HDs used by the facility. [USP 800 Section 17]	
HD HANDLING AREAS, SIGNAGE, & ACCESS: Signage designating HD handling areas are prominently displayed and access to HD handling areas is restricted to authorized personnel. Designated areas are available for receipt, unpacking, storage, and sterile compounding of HDs. [USP 800 Section 5]	
HD STORAGE: HDs are stored to prevent spillage or breakage, off floors, and in areas appropriate for natural disasters. Antineoplastic HDs and HD API are stored separately from non-HDs to prevent contamination and personnel exposure. HD storage areas are externally ventilated and negative-pressure rooms with at least 12 ACPH. Refrigerated antineoplastic HDs are stored in a dedicated refrigerator, in a negative pressure area with at least 12 ACPH. Pass through refrigerators are not used. [USP 800 Section 5.2]	
STERILE HDs COMPOUNDED IN A C-SCA: C-SCA maintains a minimum of 12 ACPH of HEPA- filtered air and has negative pressure to adjacent areas of -0.01" w.c. to -0.03" w.c. [USP 800, sections 5.3.2 Table 3]	
C-SEC DESIGN AND ENGINEERING CONTROLS: The C-SEC has fixed walls physically separated from other preparation areas, is externally ventilated has 30 ACPH, and negative pressure to adjacent areas of -0.01" w.c. to -0.03" w.c. [USP 800 Section 5.3.2 Table 3]	
C-SEC ACCESS: The Ante Room used for entry into the negative pressure buffer room has fixed walls and maintains a minimum of 30 ACPH of HEPA-filtered air, positive pressure of +0.02" w.c. to all adjacent unclassified areas, and ISO7 or better classification. Alternatively, a negative-pressure HD buffer entered exclusively through a positive pressure non-HD buffer room contains a line of demarcation (LOD) within the negative-pressure buffer room for donning/doffing HD PPE and a method a transport of HDs, HD CSPs, and HD waste into and out of the HD buffer (e.g., pass-through chamber). Pass through chambers are included in semi-annual facility certification. [USP 800 Section 5.3.2]	
C-SEC SINK & SAFETY EQUIPMENT: A sink is available for hand washing and an eyewash station and/or other emergency safety precautions meeting applicable laws and regulations are readily available and located where operation does not interfere with ISO classifications. Sinks are located at least 1 meter from the entrance into the buffer room (or at least 1 meter from the C-PEC in a C-SCA). [USP 800 Sections 5.3 & 5.3.2]	
C-PEC LOCATION, VENTING, & OPERATION: All C-PECs used for sterile HD compounding (e.g., CACIs or BSCs), are located within a C-SEC or C-SCA, externally vented, and maintain an ISO 5 or better air quality. C-PECs operate continuously if supplying some or all the negative pressure in the C-SEC or if used for sterile compounding. During power outages, repairs, or relocation, C-PEC use is suspended immediately. Once C-PEC power is restored, all PEC surfaces are decontaminated, cleaned, and disinfected, and compounding is not resumed until the manufacturer's specified recovery time has elapsed. [USP 800 Section 5.3.2]	
REQUIRED HD PPE: When compounding HDs, gowns, head, hair, shoe covers, and two pairs of chemotherapy gloves are donned per facility SOPs. Chemotherapy gloves are tested to ASTM standard D6978 (or its successor) and are powder free and two pair of chemotherapy gloves are donned per SOP. Gloves are inspected for physical defects. Gloves are changed when torn, punctured, or contaminated. Personnel wash hands with soap and water after removing gloves. HD gowns are disposable, resistant to permeability by HDs, close in back, are long sleeved, closed cuff, and seamless. Gowns are changed per manufacturer's permeation information; if no data is available, HD gowns are change every 2-3 hours or immediately after a spill or splash. Gowns are limited to HD handling areas and are donned over the sterile compounding garment. When compounding, a second pair of shoe covers is donned before entering the C-SEC and doffed when exiting the C-SEC. HD PPE is disposed of appropriately prior to exiting the C-SEC. Chemotherapy gloves and sleeve covers (if used during compounding) are carefully removed and discarded immediately into an appropriate waste container inside of the C-PEC or contained in a sealable bag for discarding outside of the C-PEC. Reusable PPE is decontaminated and cleaned after each use. [USP 800 Section 7]	
EYE AND FACE PROTECTION: Appropriate eye (goggles) and face protection (face shield) are worn when there is a risk for spills or splashes or when working outside of a C-PEC. Surgical masks are not used when respiratory protection is required per SOP and/or AOR as protection from HD exposure. [USP 800 Section 7.4]	

HD TRAINING & COMPETENCY ASSESSMENT: Personnel who handle HDs are trained and demonstrate competency initially before independently handling HDs, annually, and when a new HD medication, process, SOP, or equipment is introduced. Training minimally includes an overview of the entity's HD list and their risks; review of HD SOPs; proper use of PPE, equipment, and devices; prevention of HD exposures and spills; HD exposure and spill response; use of a spill kit, PPE, and NIOSH-certified respirators; and HD disposal. Based on job duties, personnel receive additional HD training in HD acquisition and receipt, preparation, compounding, dispensing, labeling, storage, and transport. Training and competency assessments are documented. [USP 800 Sections 8, 9, 11.1, 16, & 17]	
HD ATTESTATION: Personnel of reproductive capability have a written acknowledgement attesting to their understanding of HD handling risks. [USP 800 Section 8]	
DEDICATED HD EQUIPMENT: Disposable or cleanable equipment for compounding (e.g., mortar and pestle, graduated cylinder, spatulas) is dedicated for use with HDs. [USP 800 Section 13]	
NON-HD COMPOUNDING IN A C-PEC: Non-HDs compounded in a HD C-PEC are placed in protective outer wrapping, labeled for PPE handling precautions, and treated as an HD. The C-PEC worksurface is decontaminated between compounding of different HDs. [USP 800 Section 5.3.2 and Table 3]	
DEACTIVATION, DECONTAMINATION, CLEANING & DISINFECTION (D/D/C/D): Areas where HDs are handled and all reusable equipment and devices are deactivated/decontaminated, and cleaned. Sterile compounding areas and devices are subsequently disinfected. Written procedures for decontamination, deactivation, cleaning, and disinfection are available and followed. Procedures include agents used, dilutions (if used), frequency, and documentation requirements. Agents selected are appropriate for the type of HD contamination(s), location, and surface materials. Sterile 70% IPA is used to remove residue left on sterile surfaces and compounding areas by decontaminating agents. [USP 800 Section 15]	
D/D/C/D TRAINING & PPE REQUIREMENTS: Personnel are trained in deactivation/decontamination, cleaning, and disinfection to protect themselves and the environment from contamination. Personnel wear appropriate PPE resistant to cleaning agents used, including 2 pairs of ASTM-tested chemotherapy gloves and impermeable disposable gowns. Eye protection and face shields are worn if splashing may occur. [USP 800 Section 15]	
C-PEC D/D/C/D: C-PEC is decontaminated at least daily (when used), after as spill, before and after certification, voluntary interruption, or if ventilation tool is removed. The C-PEC worksurface is decontaminated between compounding of different HDs. The area under the work tray of a C-PEC is deactivated, decontaminated, and cleaned at least monthly. [USP 800 Section 15.2]	
HD LABELING, PACKAGING, TRANSPORT & SPILLS HANDLING: Facility follows SOP for the labeling, handling, packaging, and transport of HDs which addresses the prevention of spills/exposures, training for exposure, and spill handling. HD CSPs are identified as hazardous and labeled with special handling precautions. Labeling process for compounded HD products does not introduce contaminated materials into non-HD areas. [USP 800 Section 11 & 11.2]	
SPILL KITS, & SINGAGE: Spill kits are readily available with appropriate supplies, PPE, and signs to restrict access to affected areas. restriction posted, and documentation of spills occur when needed. [USP 800 Section 16]	

X. LYOPHILIZATION

Sterile preparations prepared for lyophilization are maintained in ISO 5 unidirectional laminar flow air throughout sterilization, filling, and transport to the lyophilizer. [64B16-27.797(5) F.A.C.]	
A recorded smoke study is available and demonstrates that transport from the PEC to the lyophilizer is accomplished in ISO 5 laminar flow air at all times. [64B16-27.797(5) F.A.C.]	
The pharmacy has established and follows policies and procedures for the high-level disinfection of the lyophilizer chamber, piping, and all other areas of the unit which pose a potential risk for contamination of the product. [64B16-27.797(5) F.A.C.]	
The pharmacy validated the high-level disinfection procedure initially, and after changes to the cleaning process or agents. Documentation of studies is available for inspection. [64B16-27.797(5) F.A.C.]	
Validation studies for high level disinfection are performed with the 5-aerobic bacterial and fungal ATCC organisms referenced in USP<71> are conducted by an external vendor unless the firm has an internal laboratory capable of performing the studies. An internal laboratory is separate from the compounding and work areas of the pharmacy to prevent contamination in the pharmacy. [64B16-27.797(5) F.A.C.]	
Policies and procedures are established and followed for cleaning the lyophilizer prior to disinfection and include cleaning agents and schedules. Documentation of cleaning is maintained and available for inspection. [64B16-27.797(5) F.A.C.]	
Policies and procedures are established for the maintenance of the lyophilizer and at a minimum include the manufacturers recommendations. [64B16-27.797(5) F.A.C.]	
The maintenance schedule includes provisions for periodic testing of the chamber for leaks and all other recommended procedures described by the equipment manufacturer. Documentation of routine maintenance is available for inspection. [64B16-27.797(5) F.A.C.]	
SOPs and quality assurance program established to include validation of the filling process, container closure integrity, frequent monitoring of fill volumes, identification of over fills and underfills, assessment of personnel involved in compounding for lyophilization, equipment qualification, formula verification, and evaluation of finished product for conformance to specifications. [64B16-27.797(5) F.A.C.]	
The pharmacy has provisions for sterilizing, with filters, the inert gas or air used for backfilling during the vacuum release phase. These Sterilizing filters undergo the manufacturers recommended integrity test. [64B16-27.797(5) F.A.C.]	
Media fills are conducted every six months using the maximum batch size and demonstrate the filling, transport to the lyophilizer, loading and stoppering operations. Media is NOT frozen during the media fill operation. [64B16-27.797(5) F.A.C.]	
Personnel preparing sterile compounds for lyophilization wear sterile Personal Protective Equipment that covers all exposed skin. [64B16- 27.797(5) F.A.C.]	
Glove Fingertip Sampling is performed with every batch after fill and transport into the lyophilizer on all personnel compounding for lyophilization. The results are incorporated into the batch record. [64B16-27.797(5) F.A.C.]	
In-process acceptance criteria such as color, moisture limits and visual appearance are established for each lyophilized product. [64B16- 27.797(5) F.A.C.]	
A 100% visual examination of the finished product is conducted to determine that the product conforms to the established visual criteria and is incorporated into the batch record. [64B16-27.797(5) F.A.C.]	
Finished product testing is conducted on all batches. Procedures have been established for selecting test samples from the batch and are written and followed. Such procedures may include location of vials in the lyophilizer and positions in the fill line. [64B16-27.797(5) F.A.C.]	
Finished product testing includes sterility testing using a USP<71> method unless an alternative test method has been validated and shown to be equivalent or better. Diluents used to reconstitute the sample vials for testing are preservative free. [64B16-27.797(5) F.A.C.]	
Each batch of lyophilized product with a beyond use date that falls within the USP<797> guidelines and is not tested for sterility, has viable air and surface sampling that is collected in critical areas of ISO 5 locations as well as sampling of the gloves and sleeves of personnel documented in the batch record. [64B16-27.797(5) F.A.C.]	
Every lyophilized product has established endotoxin levels Each batch of lyophilized product is tested for endotoxin in accordance with USP<85> and confirmed to fall within the set limits and documented in the batch record. [64B16-27.797(5) F.A.C.]	

Potency, radiochemical purity, or applicable test to assure label claim is conducted on every batch and documented in the batch record. In lieu of potency testing, weight-based verification may occur based on formula verification. Potency testing shall be based on the USP monograph if one is available. [64B16-27.797(5) F.A.C.]	

Y. SPECIAL PARENTERAL ENTERAL & EXTENDED SCOPE

Technicians properly identified. [64B16-27.100 (2) F.A.C.]; [64B16-27.4001 F.A.C.]; [64B16-27.410 F.A.C.]; [64B16- 27.420 F.A.C.].	
Medication is properly labeled for dispensing to patient. [64B16-28.108(2) F.A.C.]	
Outdated medications removed from active stock. [64B16-28.110 F.A.C.]; [64B16-28.1191 F.A.C.]	
Continuous Quality Improvement Program described in the Pharmacy policy and procedure manual and quarterly summarization of Quality Related Events are available for inspection. [64B 16 27.300 F.A.C.]; [766.101 (1) (a)(l) F.S.]	
Pharmacy maintains patient profile with allergy information and medications dispensed. [64B16-27.800, F.A.C.]	
All controlled substance prescriptions (electronic, faxed, verbal and written) contain required information. [893.04(a)(b)(c) F.S.]; [21CFR1306.05]	
Prescriptions for controlled substances are on counterfeit-proof prescription pads or blanks purchased from a department-approved vendor and the quantity and date meet the requirements of [456.42(2), F.S.].	
Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a), F.S.] [21CFR1304.11] [21CFR1304.04]	
DEA 222 forms properly completed or records of CSOS orders electronically completed, linked to the original order, archived and retrievable. [893.07(2) F.S.]; 21CFR 1305.13(e)]; [21CFR1305.22(g)]	
Controlled substance records and prescription information in computer system are retrievable and maintained for 4 years. [21CFR1304.04]; [465.022(12) (a) F.S.]; [21CFR1306.22]; [64B16-28.140 F.A.C.]	
Certified daily log or signed printout maintained. [21CFR1306.22(f)(3)]; [64B16-28.140(3)(d) F.A.C]	
Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4) (3)(a), F.S.]	
Invoices for medications purchased from a Florida licensed wholesaler/distributor are retrievable for inspection. [499.005 (14) F.S.]	
A special sterile products and parenteral/enteral compounding pharmacy provides telephone accessibility to its pharmacist(s) for its patients at all hours. [64B16-28.820(3)(b)]	
A special sterile products and parenteral/enteral compounding pharmacy provides special handling and packaging of compounded parenteral and enteral preparations when delivering from the pharmacy to the patient or institution as required to maintain stability of the preparations. [64B16-28.820(3)(b)]	

Z. Miscellaneous

BLOOD-DERIVED OR BIOLOGICAL MATERIAL MANIPULATIONS: Compounding activities that require the manipulation of a patient's blood-derived or other biological material (e.g., autologous serum), are clearly separated from other compounding activities and equipment used in CSP preparation activities and controlled by specific SOPs to avoid cross-contamination. [USP 797 Section 1.1.2]	
ALLERGENIC EXTRACTS: Licensed allergenic extracts are mixed and diluted to prepare prescription sets for administration to patients. A prescriptions set is a vial or set or vials of premixed licensed allergenic extracts for subcutaneous immunotherapy that have been diluted with an appropriate diluent for an individual patient. Compounding allergenic extracts 1) minimally complies with all aspects of USP <797> Section 21; 2) involves transfer via sterile needles and syringes of conventionally manufactured sterile allergen products and appropriate conventionally manufactured sterile added substances; and 3) manipulations are limited to penetrating stoppers on vials with sterile needles and syringes and transferring sterile liquids in sterile syringes to sterile vials. If these conditions are not met, compounding of allergenic extracts follows all aspects of USP <797>. [USP 797 Sections 1.1.2 and 21]	

Remarks:

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Corporate Secretary and General Counsel (title) for DM Clinical Collaborations dba InfuCare Rx of CA (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-6. **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
1/30/2013 and 1/31/2013	N/A	CA	Simi Valley	Ventura
Case # Citation # CI201255342 and Receipt # 450026		**Governing, licensing, Arresting Presiding Body/Agency/Court** California Board of Pharmacy		
Reason/Charge Violation Code Section CCR Title 16, S 1716 Variation from Prescription and CCR 1764 Unauthorized disclosure of prescriptions II Civil code section 56 10 Disclosure of medical information requires patient authorization				
Plaintiff/Defendant/Claimant/Respondent Walgreens #10354			**Lawsuit/Arbitration/Bankruptcy** N/A	
Name of Business/Industry/Entity Walgreens #10354, 2417 Sycamore Dr, Simi Valley, CA 93065				

Provide explanation below:

1/30/2013 Event: I, Dulari Ketankumar Patel, am providing as much information regarding an event that occurred while I was Pharmacist in Charge, which I came to know was settled out of court by Walgreens for an undisclosed amount. I was informed by the Inspector, Board of Pharmacy (California) Diann Potter, PharmD. The Inspector had notified me of the settlement out of court, as I had resigned from Walgreens Pharmacy prior to the settlement, and I was not privy to any of the proceedings. I separated from Walgreens Pharmacy #10354 on May 13, 2013, as a Retail Pharmacist and Pharmacist in Charge.

It was discovered that an error was made by a pharmacy staff member on 1/30/2013, in which a patient (K.M.) received another patients' (M.M.) medication. K.M. had ingested 1 tablet of M.M.'s medication. I had received a call from the local hospital ER nurse inquiring on the medication ingested that evening, as I was the pharmacist on duty that evening. I was the PIC, the dispensing pharmacist, and the pharmacist on duty the night the event occurred. I submitted any and all requested materials to the inspector through the end of my employment, May 13, 2013.

1/31/2013 Event: I, Dulari Ketankumar Patel, am providing as much information regarding my citation by the California Board of Pharmacy as possible.

Reason for Citation: An inquiry was made regarding Quality Assurance/ Medication Error that was reported to the board by the consumer (patient), resulting in a formal investigation.

Error: It was discovered that an error was made by the pharmacy, in which a patient received digoxin inside a bottle labeled hydralazine. The patient in question was taking both medications at the time. The caregiver noticed the mistake. Patient did not ingest the medication incorrectly, as the patient and the caregiver were familiar with the prescription regimen. I was the PIC, the dispensing pharmacist and the pharmacist on duty the night the event occurred. After the investigation was completed by the board, a citation was issued to the PIC. I am not able to provide any documentation of the report submitted to the California Board of Pharmacy, as I am no longer employed at the stated pharmacy (Walgreens Pharmacy #10354) where the incident occurred and thus no longer have access to the case.

To: Nevada State Board of Pharmacy 4/7/2022

98S Damonte Ranch Parkway, Suite 206

Reno, NV 89521

I, Dulari Ketankumar Patel, am providing as much information regarding my citation by the California Board of Pharmacy as possible.

License No: RPH 00055546 Citation No: CI 2012 55342 Date of Issue: 1/31/2013

Receipt No: 33010835 Fine Amount: $500.00 Date of Incident: On or about 1/12/2012

Violation Code Section: CCR, Title 16, S 1716 Variation from Prescription

Reason for Citation:

An inquiry was made regarding Quality Assurance / Medication Error that was reported to the board by the consumer (patient), resulting in a formal investigation.

Error:

It was discovered that an error was made by the pharmacy, in which a patient received digoxin inside a bottle labeled hydralazine. The patient in question was taking both medications at the time. The caregiver noticed the mistake. Patient did not ingest the medication incorrectly, as the patient and the caregiver were familiar with the prescription regimen. I was the PIC, the dispensing pharmacist and the pharmacist on duty the night the event occurred. After the investigation was completed by the board, a citation was issued to the PIC.

I am not able to provide any documentation of the report submitted to the California Board of Pharmacy, as I am no longer employed at the stated pharmacy (Walgreens Pharmacy #10354) where the incident occurred and thus no longer have access to the case.

Should you have any further questions, please contact me at 913-269-4531.

Sincerely,

Dulari K. Patel, PharmD

I was the PIC, the dispensing pharmacist, and the pharmacist on duty the night the event occurred. I submitted any and all requested materials to the inspector through the end of my employment, May 13, 2013.

I am providing you with all the documentation that I have copies of regarding the incident. I do not have copies of all items submitted to the California Board of Pharmacy, as I am no longer employed at the stated pharmacy (Walgreens Pharmacy #10354) where the incident occurred and thus no longer have access to the case.

Should you have any further questions, please contact me at 913-269-4531.

Sincerely,

Dulari Patel

Dulari K. Patel, PharmD

PIC Dulari Patel
Walgreens #10354
2417 Sycamore Dr.
Simi Valley, CA 93065

Dear PIC Patel,

As discussed, I am issuing a Written Notice of non-compliance with CCR 1764 (in combination with Civil Code 56.10) for unauthorized disclosure of M.M.'s prescription, in the medication incident of 1/30/13, involving patient K.M. Because K.M. did consume one tablet of M.M.'s prescription, a Written Notice of non-compliance with CCR 1716, variation from prescription, was also warranted.

I have also included Official Receipt #450026, for documents you sent to me.

Please contact me if you have any questions: 661-619-6966

Respectfully,

Diann Potter, Pharm D
Inspector, Board of Pharmacy

Date: 4/23/2013 Permit #: PHY50221
Time of Day: 11:10 AM

Name as shown on permit: **WALGREENS #10354**

Address: 2417 SYCAMORE DR City: SIMI VALLEY

Please be advised it appears there is a failure to comply with the following laws governing the practice of pharmacy, and/or the rules and regulations of the Board of Pharmacy:

1. **CCR 1764** Unauthorized disclosure of prescriptions.///Civil Code section 56.10 Disclosure of medical information requires patient authorization
Walgreens #10354 was not in compliance in that the contents of a prescription for a patient were revealed to someone other than the patient or authorized representative

2. **CCR 1716** Variation from Prescription

Walgreens #10354 was not in compliance in that a prescription, not authorized by the patient's prescriber, was dispensed to K.M. K.M. consumed 1 tablet of the medicaton in error.

I have reviewed, discussed, understand and received a copy of this form.

Dear Inspector Potter,

I am providing you with the information you have requested. There may be items for which we do not have records and have indicated as such in the list below, otherwise the items are attached in order. Should you have further questions or need clarification on any of the items provided, please contact me.

California Board of Pharmacy Inquiry on March 15, 2013
Re: K.M.

1. Original copy of the prescription for Omnicef for K.M. from 1/30/2013, was sent electronically to the pharmacy.
   Attached
2. Dispensing history for that prescription.
   Attached
3. The QA report on the medication.
   Attached
4. My internal audit of how error occurred.
   Attached
5. A "screen-shot" of the insurance billing timeline.
   Attached
6. Consultation records.
   We do not have consultation records for any of our patients, unless it is blocked specifically by a Pharmacist to speak with patient. In addition, I did not speak with the person picking up the prescription for K.M.. Our policy is mandatory counselling on all NEW prescriptions, unless refused by the patient or caregiver. We do not know if the patient/caregiver refused consultation as again, we do not retain records for consultations unless a specific block is placed on the prescription by the pharmacist.
7. A statement from the dispensing pharmacist, on the incident.
   Attached
8. A QA report, if one was prepared, concerning the Atripla patient.
   A QA report was not prepared for M.M. the Atripla patient, as this patient did not recieve any incorrect medications/prescriptions.
9. A statement on the Atripla patient (M.M.) on how their medication was provided.
   Attached

Again, please call me if you have any questions.

Respectfully,

Dulari Patel, Pharm D.

Walgreens #10354
2417 Sycamore Dr.
Simi Valley, CA 93065
Fax: 805-426-3728

Dear PIC Patel,

As discussed on my phone call, I have been assigned to investigate the medication error concerning patient K M Please provide me with the following documents:

1. The original prescription for Omnicef for K.M. from 1/30/13
2. The dispensing history for that prescription.
3. The QA report on the medication error.
4. Your internal audit of how the error occurred.
5. A 'screen-shot' of the insurance billing timeline, which may indicate how the error occurred.
6. Consultation records for the Omnicef prescription
7. A statement from the dispensing pharmacist, on the incident. Please include any efforts to contact the patient. (Please use the statement page attached).
8. QA report, if one was prepared, concerning the Atripla patient.
9. A statement on the the Atripla patient (pt. initials only) and how their medication was provided. (Please use statement page attached).

Please mail this information to me within 14 days: P.O. Box 53, Wasco, CA, 93280. I will send you a receipt for documents received

Please call me if you have any questions,

Respectfully,

Diann Potter, Pharm D
Inspector, Board of Pharmacy
Phone: 661-619-6966
Fax: 661-758-2576
E-mail: diann.potter@dca.ca.gov

(1) Pt stated Pharmacy showed no concern, did not contact H/parents to see how pt was doing

(2) Also complained that WAG refused to reverse claim when Rite Aid called for transfer

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: DM Clinical Collaborations dba InfuCare Rx of CA

NV Pharmacy or Outsourcing facility license # (if applicable): PH04487

Physical Address: 6108 SAN FERNANDO RD

City: GLENDALE State: CA Zip: 91201

Mailing Address (if different from physical address): P.O. BOX 2578

City: SECAUCUS State: NJ Zip: 07096

Telephone: 877-469-6053 Toll Free # (NAC 639.708, NRS 639.23286): 877-469-6053

Fax: 877-469-6052 Contact Email: Licensing@infucarerx.com

Website: www.infucarerx.com

Nevada Business License # (if applicable) N/A

Supervising/Managing Pharmacist Name (NRS 639.220): Dulari Patel

Supervising/Managing Pharmacist NV Pharmacist Registration #: 22605

Name of Designated Person(s) as defined by revised USP-797 guidelines: Dulari Patel, Victor Reyes, Leslie Torres

Email of Designated Person(s): dkpatel@infucarerx.com, vreyes@infucarerx.com, ltorres@infucarerx.com

Telephone of Designated Person(s): 877-469-6053

Document Ref: KIBK8-SHAAH-53VH6-TBRWW

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

   ■ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? Yes ■ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? **No** ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes No

5. When was the most recent certification for the ISO classified areas? 08/04/2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ■ Yes ☐ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? **N/A** Yes No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Monthly

10. Will you be performing sterile hazardous drug compounding? Yes ■ No

If you marked "**Yes**", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Amikacin Sulfate, Ampicillin Sodium, Avycaz, Azithromycin, Aztreonam, ceFAZolin Sodium, Cefepime HCl, cefOXitin, Sodium, cefTAZidime, cefTRIAXone , DAPTOmycin, Ertapenem, Gentamicin Sulfate, IMIPENEM/CILASTATIN, Meropenem, Micafungin Sodium, MYCAMINE, Nafcillin, Oxacillin Sodium, Penicillin G Potassium, PENICILLIN G, POTASSIUM, PFIZERPEN, PIPERACILLIN SODIUM/TAZOB, TEFLARO, Tigecycline, Unasyn, Vancomycin HCl, Zerbaxa, TPN, Hydration

12. What laboratory performs your sterility or endotoxin testing?

Name: Arl Bio Pharma

Address: 840 Research Parkway, Suite 546

City: Oklahoma City State: OK Zip: 73104

Telephone: (405) 271-1144

Document Ref: KIBK8-SHAAH-53VH6-TBRWW

13. What is your procedure for visual inspection of compounded sterile products?
We visually inspect each compounded sterile product under a black and white light. The visual inspection is done once the compounded sterile product is prepared (and again prior to shipping if stored in the refrigerator immediately after compounding).

14. How often do you perform glove fingertip and medial fill testing?
Every 6 months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
Initially, staff members are trained to ensure qualification in compounded sterile preparations. The knowledge check is done via SoleSource training and the competency is completed via hands on visual observations. Ongoing training is done annually for knowledge check via SoleSource, and visual observation competencies via Simplifi. Additionally, gloved fingertip and thumb sampling and media fill is done every 6 months.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
A daily cleaning is done using a germicidal disinfectant (sterile TB1-3300) at all ISO 5 and ISO7 area, high tough areas, interior surfaces, pass through, work surfaces, floors,and sink. All the listed areas are then wiped using sterile Isopropyl Alcohol 70%. A monthly cleaning is done using a sproficidal agent (Peridox RTU) in all the areas for daily cleaning, ceilings, walls, doors, equipment outside PEC, storage bin, and furniture surfaces.

17. Who performs the sterile compounding process at your facility?

Compounding staff includes anyone that has completed all parts of the initial and onboarding training.

18. Who is responsible and accountable for the sterile compounding process at your facility?
Designated Person

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
The products are shipped in packaging to maintain the refrigerated temperature requirements. Ice bricks and bubble wrapping is also used to maintain the product efficacy.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A - we do not dispense any hazardous compounded medications.		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device: N/A - we do not dispense any hazardous compounded medications		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? N/A - we do not dispense any hazardous compounded medications

Document Ref: KIBK8-SHAAH-53VH6-TBRWW

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
N/A - we do not dispense any hazardous compounded medications

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:
N/A - we do not dispense any category 3 compounds

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?
N/A - we do not dispense any category 3 compounds

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes ■ No

4. What is the frequency for completing volumetric active air sampling?
N/A - we do not dispense any category 3 compounds

5. What is the frequency for completing surface sampling? N/A - we do not dispense any category 3 compounds	
6. What is the frequency for using sporicidal agents? N/A - we do not dispense any category 3 compounds	
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes ■ No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes ■ No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

November 1, 2023, is the compendial date for several USP General Chapters, including General Chapters <795> Pharmaceutical Compounding—Nonsterile Preparations, <797> Pharmaceutical Compounding—Sterile Preparations, <800> Hazardous Drugs—Handling in Healthcare Settings, and <825> Radiopharmaceuticals—Preparation, Compounding, Dispensing, and Repackaging. Consistent with the policy statement the Board released on September 12, 2023, it is the Board's expectation that licensees are moving forward with all necessary implementation activities to comply with the updated

USP compounding standards.

The Board has undertaken a review of its compounding regulations and identified changes necessary to clarify or make more specific requirements of federal law and USP General Chapters.

During this transition period, licensees are encouraged to monitor the regulation process for updates, including signing up for the Board's subscriber alert system and by checking the Board's website.

Licensees are reminded to also ensure continuing compliance with other laws, regulations, and requirements that may apply to their activities, including, without limitation: the Federal Food, Drug, and Cosmetic Act (21 USC §§ 321–399i), including Section 503A thereof (21 USC § 353a); provisions of California's Sherman Food, Drug, and Cosmetic Law (Health and Safety Code §§ 109875–111929.4); and laws, regulations, and requirements related to radiopharmaceuticals and/or the handling of hazardous drugs, including requirements established by Cal/OSHA.

Discussion: Send all requested items to compounding.pharmacy@dca.ca.gov in one or consecutive emails by 11/7/24.

1. No temperature log for the two incubators. Send 7 days of daily readings.
2. Send URAC July 2024 inspection report for review.
3. No sterile germicidal detergent used to clean the inside of the hood daily. Send picture of new product used with new cleaning policy and procedures and training of staff documented.
4. Annual replacement of humidity and temperature monitoring equipment in clean room required since no calibration is done. Send plan of correction.
5. Send compliant compounding record and master formula for TPN 3:1 for review.

Statement of Responsibility

1. I am the Corporate Secretary and General Counsel (title) for Fast Access Specialty Therapeutics, LLC dba InfuCare Rx of LA (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Alabama State Board of Pharmacy Action
Re: Case No: 21-L-0071
Fast Access Specialty Pharmacy LLC dba InfuCare Rx of LA

On or about January 18, 2021, Sajal Roy, PharmD ("Roy"), the Alabama Supervising Pharmacist ("PIC") at Fast Access Specialty Pharmacy LLC dba InfuCare Rx of LA ("Pharmacy"), submitted his resignation as AL PIC of the Pharmacy to the Alabama Board of Pharmacy ("Board"). His employment resignation was submitted to the Pharmacy on or about January 18, and his last day of employment was March 4, 2021. Roy was asked by the Pharmacy to rescind his resignation as PIC until a replacement could be found, as his employment with the Pharmacy continued through March 4. The Pharmacy believed that Roy had rescinded his resignation, and as a result, it mistakenly did not notify the Board within 10 days with an action plan to designate another PIC. A new PIC was designated on March 3, 2021. The Board cited the Pharmacy for being unable to maintain a PIC and failing to notify the Board within 10 days with an action plan. The Pharmacy's license was not affected and remains in good standing.

Non-Resident Pharmacy Permit Number: 113920	)	**CASE NO: 21-L-0071**

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA has violated the provisions of law based upon the conduct set out in Count One of the Statement. Counts Two and Three shall be dismissed.

2. Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA shall pay an administrative fine in the amount of One Thousand Dollars ($1,000.00) within thirty (30) days of the effective date of this Consent Order, that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA attempt to discharge

DocuSign Envelope ID: 84F74718-96B5-4A6C-8085-438A8B2BDCFD

the same.

3. Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA's permit, including, but not limited to revocation.

6. That Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA acknowledges, stipulates and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Fast Access Specialty Therapeutics LLC dba Infucare Rx of LA acknowledges, stipulates and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is executing this Consent Order freely and voluntarily without coercion, duress, or threats or pursuant to any promises and is signing this Consent Order on the advice of its attorney.

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Fast Access Specialty Therapeutics LLC
dba Infucare Rx of La
2400 Veterans Memorial Boulevard
Suite 480
Kenner, Louisiana 70062

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34 and § 34-23-92(12), Code of Alabama (1975), §20-2-213(e) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on November 16, 2021 at 8:00 a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Fast Access Specialty Therapuetics LLC dba Infucare Rx of LA should not be revoked, suspended or placed on probation or a monetary penalty imposed in that it is alleged that Fast Access Specialty Therapuetics LLC dba Infucare Rx of LA has been guilty of the following, to-wit:

DocuSign Envelope ID: 84F74718-96B5-4A6C-8085-438A8B2BDCFD

COUNT ONE

Violating Code of Alabama (1975), § 34-23-33(12) in that you violated Board Rule 680-X-2.12(8) by you being unable to maintain a designated Supervising Pharmacist and failing to notify the Board within ten (10) days with an action plan to designate another pharmacist as Supervising Pharmacist to-wit: Sajal Kumar Roy ceased to be your Supervising Pharmacist on or about January 18, 2021 and you, as of the date hereof, have not submitted the referenced action plan to the Board.

COUNT TWO

Violating Code of Alabama (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of the preceding Count.

Further, pursuant to the provisions of Code of Alabama, (1975), §20-2-53 and §41-22-12, you are hereby notified and requested to appear before the Board at the aforesaid time and place and from time to time thereafter as may be requested by the Board for the purpose of a hearing to determine why your registration to manufacture, dispense or distribute controlled substances enumerated in Schedules II, III, IV and V of the Alabama Uniform Controlled Substances Act, Code of Alabama (1975), §20-2-1, et. seq., issued pursuant to Code of Alabama (1975), §20-2-52, should not be suspended or revoked in that it is alleged that you have been guilty of the following:

COUNT THREE

Violating Code of Alabama (1975), §20-2-54(a)(4) by violating the provisions of Code of Alabama (1975), §34-23-1 et seq., said violation being based upon any or all of the allegations contained in the preceding Counts of this Statement of Charges and

DocuSign Envelope ID: 84F74718-96B5-4A6C-8085-438A8B2BDCFD

Notice of Hearing.

At the aforesaid time and place and from time to time thereafter as may be directed by the Board, you may be represented by an attorney, if you so desire, cross-examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

Dated this the 31st day of March, 2021.

N/A				

Provide explanation below:

I attended the LSU vs. Miami opening college football game in Arlington. It had been awhile since I drank alcohol and I learned that day the importance of drinking in moderation and not to drink on an empty stomach. Childhood friends had flown in along with my parents for the game. I began drinking that morning during the tailgate for the big opener. And due to weight-loss initiatives at the time I decided not to eat breakfast while everyone else did. I drank close to the same amount as everyone else that day. However, I believe due to the heat(dehydration), lack of food, and lower tolerance I became inebriated more so than others I was with. Once it was time to enter the game we separated: my family went to one section and my friends and I went to another. Upon getting rejected when trying to enter the game I attempted to re-enter. At the time I believed that I was denied access due to a misunderstanding of how intoxicated I was and was contributed to by our over-hyped cheering for the LSU Tigers. This is why I believed I should try to re-enter. Due to me attempting to re-enter after being denied. It was deemed that I was being disobedient and deserved a public intoxication. I then was escorted to a room for 4 hours until the game concluded upon which my friends picked me up. I then pleaded no-contendere and paid a $300 fee for the public intoxication.

I have had no arrests/ issues since this arrest and have been licensed and employed since summer of 2020. I currently work in a specialty pharmacy that ships to multiple states which is why I am applying for this license.

This occurred while in pharmacy school in Arkansas. Included is a recent attestation that I have completed all obligations for the Arkansas Board of Pharmacy, and I have been in good standing since.

Detailed Statement 09/02/2018:

I attended the LSU vs. Miami opening college football game in Arlington. It had been awhile since I drank alcohol and I learned that day the importance of drinking in moderation and not to drink on an empty stomach. Childhood friends had flown in along with my parents for the game. I began drinking that morning during the tailgate for the big opener. And due to weight-loss initiatives at the time I decided not to eat breakfast while everyone else did. I drank close to the same amount as everyone else that day. However, I believe due to the heat(dehydration), lack of food, and lower tolerance I became inebriated more so than others I was with. Once it was time to enter the game we separated: my family went to one section and my friends and I went to another. Upon getting rejected when trying to enter the game I attempted to re-enter. At the time I believed that I was denied access due to a misunderstanding of how intoxicated I was and was contributed to by our over-hyped cheering for the LSU Tigers. This is why I believed I should try to re-enter. Due to me attempting to re-enter after being denied. It was deemed that I was being disobedient and deserved a public intoxication. I then was escorted to a room for 4 hours until the game concluded upon which my friends picked me up. I then pleaded no-contendere and paid a $300 fee for the public intoxication.

I have had no arrests/ issues since this arrest and have been licensed and employed since summer of 2020. I currently work in a specialty pharmacy that ships to multiple states which is why I am applying for this license.

This occurred while in pharmacy school in Arkansas. Included is a recent attestation that I have completed all obligations for the Arkansas Board of Pharmacy, and I have been in good standings since.

Citation #	Offense Date	Charge	Plea/Judgment	Final Disposition	Paid/Outstanding
NO RECORDS					

Effective September 1st, 2017-Texas Code of Criminal Procedures, Article 44.2812 does not allow the release of municipal court records on final conviction or deferred dismissal cases, after a period of five years, following final disposition.

Municipal Court retains Class C misdemeanor records for a period of 5 years following final disposition of the case.

This should not be taken as a comment on the retention of records maintained by anybody other than the Arlington Municipal Court.

Any charges greater than a Class C misdemeanor should be directed to Tarrant County.

REPORTING OFFICER	DATE	REVIEWED BY
Ritchie #2799	9/2/2018	Bryant, Ann

ARLINGTON POLICE DEPARTMENT

FIELD CASE REPORT CASE# 2018-02450514

SUMMARY NARRATIVE

Contact was made with the subject after subject had attempted to make entry into the Cowboys Stadium and was being refused by Cowboy's security. Subject attempted once again after being told not to come in due to the security stated subject had been drinking, had slurred speech was stumbling whenever he walked and had the odor commonly associated with alcohol omitting from his breath. Subject was arrested for public intoxication.

NARRATIVE

On September 2nd, 2018 at approximately 1800 hours, I Officer Ritchie ID #2799 was working in an off duty capacity at the Cowboys stadium located at 900 E Randol Mill Rd in Arlington, TX. I was assigned to be the lot 4 parking lot, I heard over the radio a motor officer request Arlington PD assistance due to an intoxicated subject. Once I arrived on scene I made contact with Sergeant Brown with Southlake Police Department who advised that he had made contact with the subject later identified to me as Spencer Sanson W/M DOB [redacted] Sergeant Brown advised that Mr. Sanson had initially tried to make entry into the LSU side student level entry and had been turned away by Cowboy's security who stated they believed he might have been intoxicated and could not allow him entry into the stadium. The subject then left with his friends who stated they would take possession of him. Subject then went back to entrance where again he attempted to make entry. Cowboy's security advised once again that he could not make entry into the stadium due to his level of intoxication. That is whenever they called APD. I did notice Mr. Sanson who was already seated due to Sergeant Brown. He had the strong order of alcohol omitting from his breath as well as he was slurring his words as he was speaking with me. His friends were near by but due to the fact that they did not have the availability to keep him from the entrance the first time he was a danger to himself his friends were not able to keep him safe. In order to keep Mr. Sanson safe I advised that he was going to be placed under arrest for public intoxication and asked him to stand up. I did assist Mr. Sanson in standing up while I was doing so and walking over to the mule to be transported I noticed that Mr. Sanson seemed to be having a hard time walking in a straight line, he did seem to stumbling quite a bit while I was escorting home to the mule. Mr. Sanson was searched incident to arrest no contra bound was found He was then transported to the holding facility located underneath Cowboy's stadium. I then released him to the booking staff at the Cowboys stadium. subject was released without incident citation #000800270 was filled out for public intoxication and left with the jail staff as an arrest.

Nothing further at this time Officer Ritchie ID #2799, beat 270.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: FAST Access Specialty Therapeutics, LLC dba InfuCare Rx Of LA

NV Pharmacy or Outsourcing facility license # (if applicable): PH03995

Physical Address: 2400 Veterans Memorial Boulevard, Suite 480

City: Kenner State: LA Zip: 70062

Mailing Address (if different from physical address): P.O. Box 2578

City: Secaucus State: NJ Zip: 07096

Telephone: 877-327-8881 Toll Free # (NAC 639.708, NRS 639.23286): 877-327-8881

Fax: 844-504-3278 Contact Email: licensing@infucarerx.com

Website: www.infucarerx.com

Nevada Business License # (if applicable) N/A

Supervising/Managing Pharmacist Name (NRS 639.220): Spencer Sanson

Supervising/Managing Pharmacist NV Pharmacist Registration #: 24440

Name of Designated Person(s) as defined by revised USP-797 guidelines: Phillip Andrews, Ian Spinney

Email of Designated Person(s): pandrews@infucarerx.com and ispinney@infucarerx.com

Telephone of Designated Person(s): 877-327-8881

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

   ■ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ■ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? **No** ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 10/28/2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? **N/A** ☐ Yes ■ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Monthly

10. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No

If you marked "**Yes**", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Amikacin Sulfate, Ampicillin Sodium, Avycaz, Azithromycin, Aztreonam, ceFAZolin Sodium, Cefepime HCl, cefOXitin, Sodium, cefTAZidime, cefTRIAXone , DAPTOmycin, Ertapenem, Gentamicin Sulfate, IMIPENEM/CILASTATIN, Meropenem, Micafungin Sodium, MYCAMINE, Nafcillin, Oxacillin Sodium, Penicillin G Potassium, PENICILLIN G, POTASSIUM, PFIZERPEN, PIPERACILLIN SODIUM/TAZOB, TEFLARO, Tigecycline, Unasyn, Vancomycin HCl, Zerbaxa, TPN, Hydration

12. What laboratory performs your sterility or endotoxin testing?

Name: N/A

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

Document Ref: H84O7-6PMNU-EPTNM-6AC55

13. What is your procedure for visual inspection of compounded sterile products?
We visually inspect each compounded sterile product under a black and white light. The visual inspection is done once the compounded sterile product is prepared (and again prior to shipping if stored in the refrigerator immediately after compounding).

14. How often do you perform glove fingertip and medial fill testing?
Every 6 months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
Initially, staff members are trained to ensure qualification in compounded sterile preparations. The knowledge check is done via SoleSource training and the competency is completed via hands on visual observations. Ongoing training is done annually for knowledge check via SoleSource, and visual observation competencies via Simplifi. Additionally, gloved fingertip and thumb sampling and media fill is done every 6 months.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
A daily cleaning is done using a germicidal disinfectant (sterile TB1-3300) at all ISO 5 and ISO7 area, high tough areas, interior surfaces, pass through, work surfaces, floors,and sink. All the listed areas are then wiped using sterile Isopropyl Alcohol 70%. A monthly cleaning is done using a sproficidal agent (Peridox RTU) in all the areas for daily cleaning, ceilings, walls, doors, equipment outside PEC, storage bin, and furniture surfaces.

17. Who performs the sterile compounding process at your facility?
Compounding staff includes anyone that has completed all parts of the initial and onboarding training.

18. Who is responsible and accountable for the sterile compounding process at your facility?
Designated Person

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
The products are shipped in packaging to maintain the refrigerated temperature requirements. Ice bricks and bubble wrapping is also used to maintain the product efficacy.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A - we do not dispense any hazardous compounded medications		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device: N/A - we do not dispense any hazardous compounded medications		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? N/A - we do not dispense any hazardous compounded medications

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
N/A - we do not dispense any hazardous compounded medications

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:
N/A - we do not dispense any category 3 compounds

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?
N/A - we do not dispense any category 3 compounds

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? **N/A** Yes No

4. What is the frequency for completing volumetric active air sampling?
N/A - we do not dispense any category 3 compounds

Document Ref: H84O7-6PMNU-EPTNM-6AC55

5. What is the frequency for completing surface sampling? N/A - we do not dispense any category 3 compounds	
6. What is the frequency for using sporicidal agents? N/A - we do not dispense any category 3 compounds	
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes ■ No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes ■ No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. 52. Prior Inspection Date:	53. Deficiencies/Non-Compliance on Prior Inspection	54. Correction(s) Observed
7/11/2023	None	None

55. Comments: NOTE: A finding of satisfactory compliance is not indicative of a detailed inspection/investigation and does not exclude the permit and/or staff from possible future violations of compliance.
-Permit has non-resident permits.
42-46-Permit does not procure or stock CDS medications.
-Reminder to obtain annual CE hours and ensure they are uploaded into NABP CE monitor prior to renewing credential.
-Reminder to update with Board office any changes of address/employment for licensees.

Sterile compounding- Permit has an ISO 5 certified LAFW located in an ISO 7 buffer room that opens to an ISO 8 anteroom. Hood and rooms were certified by ENV Services on 6/3/2024 and 12/17/2024 with passing results on all tests. Environmental sampling has also been completed with no growth reported. All employee competencies have been completed per USP 797. Daily and monthly cleaning records reviewed. Permit compounds low risk sterile products. Sample of compounding records viewed. No high risk or hazardous.

Inspection report emailed to pandrews@infucarerx.com

Definitions: DISPENSE means to provide a prescription product or compound pursuant to a patient-specific prescription. DISTRIBUTE means to provide a prescription product or compound to a prescriber or health care entity for office use or stock and is NOT patient specific, is not labeled with the patient name at the pharmacy.

States to which the pharmacy mails/delivers prescription products and volume dispensed, and volume distributed per day (or week or month):
Note: if not available, request information be sent to VPP and note that information was requested in grid.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
	Standard Operating Procedures (SOPs) for Compounded Sterile Preparations (CSPs)			
1.0	Does the pharmacy have a designated person(s) who meets the requirements in compliance with USP <797> standards? ***Inspector note: Per USP, "The compounding facility must designate one or more individuals (ie, the designated person(s)) to be responsible and accountable for the performance and operation of the facility and personnel in the preparation of CSPs and for performing other functions."*** ***If no, go to compliance statements.***	Yes		1.1.3, 2
1.1	The designated person(s) (for the QA program) has the training, experience, responsibility, and authority to perform the duties required of them.	Yes		18
1.2	The designated person(s) is responsible and accountable for the performance and operation of the facility. ***Per USP, "The designated person(s) is responsible for ensuring that each area related to CSP preparation meets the classified air quality standard appropriate for the activities conducted in that area. The designated person(s) must also ensure that the ISO Class 5 areas are located, operated, maintained, monitored, and certified to have appropriate air quality."***	Yes		2, 4.2, 4.5
1.3	The designated person(s) is responsible for personnel performing sterile compounding or other related functions (eg, quality checks and prescription dispensing of compounded preparations).	Yes		2, 17

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
1.4	The designated person(s) reviews facility SOPs at least every 12 months to ensure that they reflect current practice and such review is documented.	Yes		2, 17
1.5	The designated person(s) ensures that SOP revisions are implemented.	Yes		2, 17
1.6	The designated person(s) communicates all SOP revisions to all impacted personnel. ***Inspector note: USP <797> recommends that personnel should also document acknowledgment and communication of SOP changes and revisions.***	Yes		2, 17
1.7	The designated person(s) ensures that personnel demonstrate competency in performing every procedure that relates to their job function.	Yes		2, 17
1.8	The designated person(s) ensures that corrective actions are taken if problems, deviations, out-of-range results, failures, or errors are identified. ***Inspector note: Per USP, "Data collected in response to corrective actions must be reviewed to confirm that the actions taken have been effective."***	Yes		2, 5, 12
2.0	Has the pharmacy developed and implemented SOPs that describe sterile compounding processes and other support activities in compliance with USP <797> standards? ***Inspector note: In order for this to be answered yes, all topics must be addressed if applicable to their business practices.*** ***If no, go to compliance statements.***	Yes		17

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
6.1	The product is prepared as a single dose for an individual patient.	Yes		1.4
6.2	The approved labeling includes information for the diluent, the resultant strength, the container closure system, and the storage time.	Yes		1.4
7.0	Does the pharmacy perform compounding activities that require the manipulation of a patient's blood-derived or other biological material (eg, autologous serum)?	No		1.1.2
8.0	For compounding activities that require the manipulation of a patient's blood-derived or other biological material, does the pharmacy perform manipulations that are clearly separated from other compounding activities and equipment used in CSP preparation activities and are controlled by specific SOPs to avoid any cross-contamination? ***Inspector note: Per USP, a separate cart could be used for blood-derived or other biological materials (a separate area is not required by the chapter). Pharmacy should change garb. Pharmacy to have cleaning processes as part of SOPs to avoid cross-contamination.*** ***If the pharmacy does not compound with blood products or other biological materials, inspector should answer statement as N/A. If the inspector answers the compliance question as "no", please describe your observations.***	N/A		1.1.2
	Facility Design and Engineering Controls			4

Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
9.5	A visible perimeter establishes the boundaries of the SCA. ***Inspector note: Per USP, the SCA is defined as "a designated space, area, or room that is not required to be classified and is defined with a visible perimeter. The SCA must contain a PEC and is suitable for preparation of Category 1 CSPs only." USP further defines a perimeter as "a visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA." The perimeter will be defined in the pharmacy's SOPs. Tape or an alternative method may be used to define this visible perimeter, since this is not a classified space.***	N/A		4.2.1 Glossary
9.6	Access to the SCA is restricted to authorized personnel. ***Inspector note: Per USP, authorized personnel includes personnel involved in compounding processes, maintenance, and cleaning.***	N/A		4.2.1
9.7	Free-standing humidifiers/dehumidifiers and air conditioners are not located within the perimeter of the SCA.	N/A		4.2
9.8	Only furniture, equipment, and other materials necessary for performing compounding activities are permitted in the compounding area. ***Inspector note: Per USP, these items should be low-shedding, easily cleaned, and disinfected. This applies to items within the perimeter around the Primary Engineering Control (PEC).***	N/A		4.5
9.9	Shipping cartons or other corrugated or uncoated cardboard are not allowed in the SCA.	N/A		4.5

		Observation	Inspector Notes	USP Reference(s)
18.0	Does the pharmacy's facility design for maintaining (eg, recording, monitoring, and controlling) temperature and humidity (eg, HVAC) comply with USP <797> standards? ***Inspector note: Compounded preparations that are finished and stored will be addressed in the general pharmacy module. Inspector should be aware that USP cleanroom temperature recommendations may not be harmonized with USP, FDA, or manufacturer/supplier temperature requirements for drug storage.*** ***If no, go to compliance statements.***	Yes		4.2, 19.1 USP <659>
18.1	The compounding area temperature and humidity is maintained by a heating, ventilation, and air conditioning (HVAC) system. ***If inspector finds a free-standing air conditioner, humidifier, or dehumidifier within the classified area or the SCA, the inspector should answer statement as "No." Additionally, inspector should describe what they observed, where the equipment was located, and collect/submit photographs.***	Yes		4.2, 9.3.4, 19.1
18.2	The pharmacy records the temperature of the cleanroom suite on days when sterile compounding occurs. ***If pharmacy does not use a continuous recording system, describe the frequency of temperature recording in the notes.***	Yes		4.2, 9.3.4, 19.1
18.3	The pharmacy records the humidity of the cleanroom suite on days when sterile compounding occurs. ***If pharmacy does not use a continuous recording system, describe the frequency of humidity recording in the notes.***	Yes		4.2, 9.3.4, 19.1

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

National Association of Boards of Pharmacy®
Universal Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
18.4	The pharmacy maintains records of temperature and humidity that are specific to the cleanroom suite. ***Temperature and humidity for drug storage areas will be documented in the general pharmacy module.*** ***If the pharmacy only uses an SCA, inspector should answer statement as N/A.***	Yes		4.2, 9.3.4, 19.1
18.5	The pharmacy can readily retrieve temperature and humidity records. ***If the electronic monitoring system is only capable of providing text message alerts for excursions alone (eg, a report cannot be generated for ongoing temperature conditions), inspector should answer statement as "No."***	Yes		4.2, 9.3.4, 19.1
18.6	The pharmacy controls temperature and humidity to maintain appropriate working conditions if no overnight drug storage occurs and/or is following the most restrictive drug label. ***Inspector note: Per USP <797>, the cleanroom suite should be maintained at a temperature of 20°C or cooler and a relative humidity of 60% or below to minimize the risk of microbial proliferation and to provide comfortable conditions for compounding personnel attired in the required garb.*** ***CRT is defined as 20°C-25°C per USP <659>.***	Yes		4.2, 9.3.4, 19.1
18.7	The placement of the HVAC unit does not cause cross contamination or interfere with the functioning of the classified area. ***Inspector note: Air streams from the HVAC system(s) can disrupt the unidirectional airflow of an open faced PEC such as a laminar airflow workbench (LAFW).***	Yes		4, 4.2

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Universal Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
18.8	Temperature monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. ***Inspector note: Monitoring devices are typically calibrated or replaced.***	Yes		4.2, 9.3.4
18.9	Humidity monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. ***Inspector note: Monitoring devices are typically calibrated or replaced.***	Yes		4.2, 9.3.4
19.0	Does the pharmacy store drugs in the cleanroom suite overnight and/or for long periods of time? ***Inspector note: Long periods of time is not defined as pre-compounding preparation right before compounding activities are commenced.***	N/A		4.2, 9.3.4, 19.1
20.0	If the pharmacy is storing drugs inside the cleanroom suite overnight and/or long periods of time, are any of the drugs stored unable to tolerate temperature excursions?	N/A		4.2, 9.3.4, 19.1
21.0	What is the current temperature of the cleanroom suite/SCA? ***Record in the Inspector Notes.***	[redacted]		4.2, 9.3.4, 19.1
22.0	What is the current relative humidity percentage of the cleanroom suite/SCA? ***Record in the Inspector Notes.***			4.2, 9.3.4, 19.1
23.0	Is the humidity maintained at less than 60% relative humidity (RH) in the compounding area to minimize risk of microbial proliferation?	N/A		4.2, 9.3.4, 19.1

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
24.0	Is differential positive pressure maintained in compliance with USP <797> standards? *Inspector note: Per USP <797>, no pressure differential is required between the SCA and the surrounding area.* *If no, go to compliance statements.* *Inspector should view logs and current status (while observing compounding) to verify.* *If the pharmacy uses an SCA for sterile compounding environment, inspector should answer statement as N/A.*	Yes		4.2.1, 4.2.5, 5
24.1	The facility design creates room separation to allow positive pressure differentials between spaces (rooms) for movement of air from higher quality air to lower quality air. *Inspector should review a graphic of the airflow contained in the certification report.*	Yes		4.2.1, 4.2.5, 5
24.2	The facility has a system in place to continuously monitor pressure differentials (eg, magnehelic gauge). *Per USP, pressure differentials need to be monitored continuously, but personnel are not specifically required to visually monitor pressure during compounding activities.*	Yes		4.2.1, 4.2.5, 5
24.3	The facility has a record system to record pressure differentials on days when compounding occurs. *Inspector note: Per USP, the quantitative results from the pressure monitoring device must be reviewed and documented at least daily on the days when compounding is occurs.*	Yes		4.2.1, 4.2.5, 5

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

National Association of Boards of Pharmacy®
Universal Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
24.4	The differential positive pressure between unclassified and the first space in the compounding suite is at least 0.020 inch water column. ***Inspector note: Per USP, certifiers should confirm (this is a USP recommendation) positive pressure around doorways, pass-throughs and any opening in the cleanroom suite with smoke testing (to confirm positive pressure is maintained) with initial certification of the cleanroom suite.*** ***If no, record the observed pressure differential between the two identified spaces (eg, ISO Class 8 anteroom and the general pharmacy area).***	Yes		4.2.1, 4.2.5, 5
24.5	The differential positive pressure between adjacent classified areas is at least 0.020 inch water column. ***If no, record the observed pressure differential between the two identified spaces (eg, ISO Class 8 anteroom and the ISO Class 7 buffer room).***	Yes		4.2.1, 4.2.5, 5
24.6	Pressure differential monitoring and quantitative results are reviewed and documented at least daily on days when compounding occurs.	Yes		4.2.1, 4.2.5, 5
25.0	Does the pharmacy have a policy in place to cease compounding when the pharmacy is unable to maintain positive pressure differentials (outside of anticipated variations due to opening and closing of doors)?	Yes		4.2.1, 4.2.5, 5
26.0	Are pressure differential monitoring procedures in place that include an alarm or alert when there is an excursion? ***Inspector note: USP <797> does not require there to be an alarm or an alert.***	N/A		4.2.5

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Universal Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
32.0	Does the pharmacy ensure that each area related to CSP preparation is certified to meet the classified air quality standard appropriate for the activities conducted in that area in compliance with USP <797> standards? ***If no, go to compliance statements.*** ***Inspector is to review current certification reports.***	Yes		5
32.1	The most recent PEC and SEC certification reports are available for review.	Yes		4.2, 5, 20
32.2	Certification of all classified areas, including PECs, is performed at least every six months.	Yes		4.2.3, 5
32.3	Certification of all classified areas, including PECs, is performed whenever a device is relocated or a major service to the facility is performed. ***Inspector note: Classified areas must be recertified if there are changes to the area such as redesign, construction, replacement or relocation of any PEC, or alteration in the configuration of the room that could affect airflow or air quality.***	Yes		5
32.4	Certification reports are reviewed by the designated person(s). ***Inspector note: If the designated person(s) review is not documented, describe how it is ensured that the review occurred.***	Yes		4.2, 5
32.5	All ISO Class 5 PECs (laminar airflow workbenches or areas, BSCs, CAIs, CACIs, pharmaceutical isolators, IVLFZ, and robotic enclosures) have been certified within the last six months. ***If no, record the date of the last certification and include a copy of the certification report with the inspection report.***	Yes		4.2.3, 5

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
33.3	The certification report describes the "dynamic conditions" including the number of personnel in the cleanroom suite. ***Inspector note: Compounders can perform mock compounding activities and/or performing media-fill while the certifier is conducting testing. Number of personnel present in the SEC must be documented.***	Yes		5, 20
33.4	**SEC: Airflow testing** is performed and documented on the certification report to determine acceptability of the **air volume and room air exchange rate (ACPH)**. ***Inspector note: Per USP <797>, unclassified SCAs have no ACPH requirement. If pharmacy only compounds in an SCA, inspector should answer statement as N/A.***	Yes		4.2.4, 5 Table 6
33.5	**SEC:** All of the following ACPH required elements were documented on the certification report: the ACPH from HVAC, the ACPH contributed from the PEC, and the total ACPH. ***If pharmacy only compounds in an SCA, inspector should answer statement as N/A.***	Yes		4.2.4, 5
33.6	**The ISO Class 8 anteroom** is certified and documented as having a minimum of 20 ACPH with at least 15 ACPH of the total air change rate coming from HVAC through HEPA filters located in the ceiling. ***If the pharmacy has an ISO Class 7 anteroom, inspector should mark as N/A.***	Yes		4.2.4, 5 Table 6

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

35.3	Environmental monitoring program (eg, viable air and/or surface monitoring) is performed after any servicing of facilities or equipment.	Yes		6, 6.1, 6.2
35.4	Environmental monitoring program (eg, viable air and/or surface monitoring) is performed in response to identified problems (eg, positive growth in sterility tests of sterile compounded preparation).	Yes		6, 6.1, 6.2
35.5	Environmental monitoring program (eg, viable air and/or surface monitoring) is performed in response to identified trends (eg, repeated positive gloved fingertip and thumb sampling results, failed media fill testing, or repeated observations of air or surface contamination).	Yes		6, 6.1, 6.2
35.6	Results from the environmental monitoring program (eg, viable air and/or surface monitoring) are reviewed in response to changes that could impact the sterile compounding environment (eg, change in cleaning agents) and in conjunction with personnel data (ie, training records, visual observations, competency assessments) to assess the state of control and to identify potential risks of contamination. ***Inspector note: Per USP, the program is reviewed to "assess risks for contamination, potential routes of contamination, and the adequacy of cleaning and disinfecting agents and procedures. Regular review of the sampling data must be performed to detect trends and the results of the review must be documented."***	Yes		6, 6.1, 6.2, 20 Table 4, Table 7, Table 8

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Universal Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
35.7	The pharmacy ensures that viable air and surface sampling is performed by a trained and competent individual who is familiar with the methods and procedures for air sampling and surface testing. ***If sampling is conducted by internal personnel, inspector should verify that documented training and competencies are located in the employee file.***	Yes		6, 6.1, 6.2
35.8	Environmental monitoring program (eg, viable air and/or surface monitoring) describes/identifies corrective actions to minimize the risk of CSP contamination and that these corrective actions are documented.	Yes		6, 20
36.0	Is surface sampling performed at the end of a compounding activity or shift but before the area has been cleaned and disinfected (to obtain a sample that is representative of the typical compounding conditions at the pharmacy)? ***Inspector note: this is a USP recommendation.***	Yes		6.1, 6.3
37.0	Does the pharmacy send out all air quality for viable airborne samples to an external lab (third party) for incubation and processing? ***If pharmacy exclusively does internal incubation and results processing, inspector should answer statement as N/A.***	N/A		6.2.2
38.0	Does the pharmacy send out all surfaces for viable particle samples to an external lab (third party) for incubation and processing? ***If pharmacy exclusively does internal incubation and results processing, inspector should answer statement as N/A.***	N/A		6.3

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
39.0	For any samples that are sent to an external lab (third party), does the pharmacy receive a report from the third party confirming incubation parameters meet USP <797> requirements (eg, the correct temperature and the correct length of incubation time are documented in the report)? ***Inspector note: Incubation parameters are the same as seen in statements 40.6-40.7 and 41.4-41.5.*** ***This question applies for any air or surface sample sent to an external lab.*** ***If no, describe observations.***	Yes		6.2.2
40.0	Are processes for sampling and monitoring **air quality for viable airborne** particles in compliance with USP <797> standards? ***Inspector note: Per USP <797>, facilities performing any Category 3 compounding must adhere to the increased environmental monitoring requirements for all classified areas where Category 3 CSPs are compounded and increased environmental monitoring requirements apply at all times regardless of whether Category 3 CSPs are being compounded on a given day.*** ***Review six months of air sampling data to verify. If no, go to the compliance statements.***	Yes		6.2, 6.2.1, 6.2.2, 6.2.3, 14.4.2 Box 5, Table 7
40.1	All classified areas are sampled using a volumetric active air sampling device (impaction air sampler). ***Inspector note: This sampling must be performed during dynamic operating conditions (to obtain a sample that is representative of the typical compounding conditions at the pharmacy).***	Yes		6.1, 6.2.1

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
46.5	The pharmacy has the appropriate **EPA-registered sporicidal agent(s)** to adequately perform sporicidal disinfection. ***Inspector notes: Examples of EPA-registered agents include but are not limited to: oxidizers such as peroxyacetic acid, sodium hypochlorite, and hydrogen peroxide. Compounding personnel should have access to SDS and information/knowledge on dwell times. Per USP, Box 8, the pharmacy is to ensure the contact time specified by the manufacturer is achieved.*** ***Per USP, Inspector should check to see if agent is effective against Clostridium difficile.***	Yes		7.1.1 Box 7 <1072>
46.6	All cleaning and disinfectant agents are appropriately labeled including expiration dates. ***Inspector should verify that no expired agents are present.***	Yes		7.1.1
46.7	When used in the PEC, any cleaning and disinfecting agents that are not "ready-to-use" formulations are diluted using sterile water. ***If only ready-to-use formulations are used, inspector should answer statement as N/A.***	N/A		7.1.1
47.0	Does the pharmacy's documented **cleaning and disinfection** activities for surfaces in the classified areas and/or SCA comply with the **frequencies** specified in USP <797> Table 10? ***Review cleaning logs to verify. If no, go to compliance statements.***	Yes		7.2 Table 10

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. 55.2	The order of hand washing was performed in the appropriate sequence in relation to the placement of the sink. ***Inspector note: If hand hygiene is completed outside of a classified area, alcohol-based hand rub must be used prior to donning garb.***	Yes		3.2 Box 3
55.3	Fingernails are cleaned under warm running water using a disposable nail cleaner (eg, nail pick). ***Inspector note: During observations, inspect whether nail picks are available for use when performing hand hygiene.***	Yes		3.2 Box 3
55.4	Brushes are not used for hand hygiene.	Yes		3.2 Box 3
55.5	Hands and forearms are washed up to the elbows with soap and warm water for at least 30 seconds. ***Inspector note: Compounding personnel describe method for ensuring they have washed for 30 seconds (example: clock or timer is available near the sink).***	Yes		3.2 Box 3
55.6	Soap containers are not refilled or topped off.	Yes		3.2
55.7	Hands and forearms are completely dried up to the elbows with low-lint disposable towels or wipers.	Yes		3.2 Box 3
55.8	Hand dryers are not used for hand hygiene.	Yes		3.2 Box 3

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
56.0	**Garbing Observation:** Were compounding personnel observed following the appropriate garbing procedures in compliance with USP <797> standards? ***If no, go to compliance statements.***	Yes		3.3
56.1	All personnel entering the compounding area are fully garbed (with the required garb as determined by the facility SOPs).	Yes		3.3
56.2	Compounding personnel entering the cleanroom suite and/or SCA adhere to the minimum garbing requirements in USP <797>. ***Inspector note: Per USP <797>, additional garbing requirements must be continuously met in the buffer room where Category 3 CSPs are prepared, regardless of whether Category 3 CSPs are compounded on a given day.***	Yes		3.3
56.3	Donning procedures are performed in an order that reduces the risk of contamination. ***Inspector note: USP recommends (not requires) the donning procedure to be performed in the anteroom.*** ***If no, inspector must describe in the notes column why a risk of contamination is a concern.***	Yes		3.3
56.4	Doffing procedures are performed in an order that reduces the risk of contamination.	Yes		3.3
56.5	The order of garbing was performed in the appropriate sequence in relation to the placement of the sink. ***Inspector note: If hand hygiene is completed outside of a classified area, alcohol-based hand rub must be used prior to donning garb.***	Yes		3.2, 3.3

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Disclosure of the form to or use of the form by a third party, other than a facility being inspected by NABP or a member board, is strictly prohibited without NABP's prior written permission or unless required by state law.

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
56.6	Sterile gloves are donned in a classified room or SCA.	Yes		3.2
56.7	Skin is not exposed inside the ISO Class 5 PEC.	Yes		3.3
56.8	Garb is replaced immediately if it becomes visibly soiled or if its integrity is compromised.	Yes		3.3
56.9	**Category 1 and Category 2 only:** Upon exit of the compounding area, all garb (except for gowns) is discarded or laundered prior to reuse. ***Inspector note: Gowns (disposable and non-disposable) may be reused within the same shift by the same person only if stored appropriately.*** ***If the facility prepares any Category 3 CSPs, additional garbing requirements must be followed and gowns must not be reused, inspector should answer statement as N/A.***	Yes		3.3
56.10	**Category 1 and Category 2 only:** Gowns reused within the same shift and by the same person are maintained in a manner that prevents contamination. ***Inspector note: Per USP <797>, gowns stored for reuse must be maintained in a classified area or adjacent to or within the SCA in a manner that prevents contamination (eg, away from sinks to avoid splashing).*** ***If the facility prepares any Category 3 CSPs, additional garbing requirements must be followed and gowns must not be reused; inspector should answer statement as N/A.***	Yes		3.3
57.0	List the name(s) of the CSPs observed by the inspector as part of live compounding demonstration.

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
58.0	**Compounding Observation:** Are compounding personnel observed using the appropriate aseptic technique that ensures the quality of the CSP and the environment is maintained in compliance with USP <797> standards? ***If no, go to compliance statements.***	Yes		1, 2.1, 2.3
58.1	All sterile compounding is performed in a PEC with ISO Class 5 conditions or better. ***If the pharmacy only performs immediate use compounding, inspector should answer this statement as N/A.***	Yes		4.1.2
58.2	**Category 2 and Category 3 only:** All PECs are placed in a cleanroom suite. ***Inspector note: Per USP, "If compounding only Category 1 CSPs, the PEC may be placed in an unclassified SCA."*** ***If the pharmacy only prepares Category 1 CSPs, inspector should answer this statement as N/A.***	Yes		4.1.2
58.3	Compounding personnel ascertain before use that components are of the correct identity, appropriate quality, within the expiration date, and have been stored under the proper conditions.	Yes		9.3.3

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
58.4	All items are wiped with a sporicidal disinfectant, EPA-registered disinfectant, or sterile 70% IPA prior to being introduced into the clean side of the anteroom, placed into a pass-through chamber, and/or brought into the SCA. ***Inspector note: The wiping procedure or agents used should not compromise the packaging integrity or render the product label unreadable. Disinfectant dwell time minimums, as specified by the manufacturer, are to be followed.***	Yes		8.1
58.5	Before any item is introduced into the PEC, it is wiped with sterile 70% IPA using sterile low-lint wipers and allowed to dry before use. ***Inspector note: Per USP, "When sterile items are received in sealed containers designed to keep them sterile until opening, the sterile items may be removed from the covering as the supplies are introduced into the ISO Class 5 PEC without the need to wipe the individual sterile supply items with sterile 70% IPA. The wiping procedure must not render the product label unreadable."***	Yes		8.2
58.6	Aseptic processes and manipulations are performed in a manner intended to minimize the risk of contamination. ***Inspector note: Observe the compounder's technique to ensure proper aseptic technique is utilized such as: preparation occurs in the direct compounding area (DCA); the compounder does not interrupt first air during the compounding process; proper set up of equipment, supplies, and components that ensure first air is not interrupted; the compounder handles the syringe in a manner that does not introduce contaminates (touch contamination on the plunger rod); proper entry and exit of materials in ISO Class 5 PEC; and frequent sanitization of gloves.***	Yes		2.3

Sterile Compounding Inspection for USP <797>

Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
58.7	All critical sites (eg, vial stoppers, ampule necks, and IV bag septums) are wiped with sterile 70% IPA in the PEC and allowed to dry before puncturing.	Yes		7, 8.3
58.8	Gloves are disinfected with sterile 70% IPA immediately before compounding and regularly throughout the compounding process. ***Inspector note: Per USP, best practice is to re-sanitize each time hands re-enter the PEC. This may not occur when compounder is staging the next batch.***	Yes		3.3
58.9	Gloves are regularly inspected for holes, punctures, or tears, and are replaced immediately if such defects are detected.	Yes		3.3
59.0	Do compounding personnel adhere to the USP established time limits for components after initial puncture or entry in compliance with USP <797> standards? ***Look at punctured, stored containers and confirm if puncture time or BUD is noted on the container and stored within time limits. If no, go to compliance statements.***	Yes		15
59.1	Single dose containers (entered or punctured only in an ISO Class 5 air or cleaner air) are not used beyond 12 hours after initial puncture or entry or assigned BUD, whichever is shorter. ***Inspector note: This applies to conventionally manufactured single-dose vials, compounded single-dose CSPs used as components, and CSP stock solutions. The labeled storage requirements during that 12-hour period must be maintained. Additionally, per USP, "This time limit for entering or puncturing (a single-dose CSP or CSP stock solution) is not intended to restrict the BUD of the final CSP."***	Yes		15.1, 16.2

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
59.2	Multiple-use containers are not used for more than 28 days after initial puncture or entry, manufacturer specifications, or assigned BUD, whichever is shorter. ***Inspector note: This applies to conventionally manufactured multiple-dose vials and compounded multiple-dose CSPs used as components. Multiple-dose CSPs are required to meet the criteria for antimicrobial effectiveness testing (USP <51>) and must be stored under the conditions upon which its BUD is based (eg, refrigerator or controlled room temperature).***	Yes		14.5, 15.2, 16.1
59.3	The remaining contents of opened single-dose ampules (or vials where container closure system has been removed) are discarded immediately. ***Inspector note: Ampules or vials where the container closure system has been removed must not be stored for any time period.***	Yes		15.1
59.4	Pharmacy bulk package containers of sterile drugs for parenteral use are only entered or punctured in an ISO Class 5 PEC. ***Inspector note: Per USP, the pharmacy bulk package system must be used according to the manufacturer's labeling.***	Yes		15.3

The National Association of Boards of Pharmacy (NABP) developed this inspection form for sole use by NABP and its member boards of pharmacy for inspection of facilities licensed by a member board. Facility Name: Infucare Rx of LA dba Infucare Rx of LA
e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
60.0	**Inspect several different finished compounded sterile preparations.** Are all the finished compounded sterile preparations free from any evidence of particulates, filaments, floaters, or signs of contamination? ***Inspector note: Additionally, list the name(s) of the compounded preparation(s) observed; description of type of contamination suspected (eg, filament or floater); number of preparations affected (eg, two of the five vials on the shelf); lot or batch information; BUD assigned; and collect photographs, copy of MFR, and CR.***	Yes		12
61.0	Are there procedures for in-process checks performed by a pharmacist? ***Inspector note: In-process checks are safety steps for complex, multi-step compounding processes or high risk drugs or high risk populations (eg, neonates). These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists and visual inspection of product. Documentation of the compounding accuracy is recommended to be performed by someone other than the compounder to ensure proper measurement, reconstitution, and component usage. Some checks may be done retrospectively and with the assistance of technology.***	Yes		2 Table 2, Table 3

e-Profile ID: 0
Inspection Date: 01/00/1900 - 01/16/2025

		Observation	Inspector Notes	USP Reference(s)
62.0	**Cleaning and Disinfection Observation:** Does the pharmacy perform cleaning and disinfection activities in compliance with USP <797> standards? ***If inspector is unable to observe cleaning activities (due to timing of compounding activities observed), inspector should interview compounder(s) to have them walk through their normal process. If this occurs, inspector should record in notes column "process only."*** ***If no, go to compliance statements.***	Yes		7
62.1	All cleaning and disinfection activities are performed by appropriately garbed personnel.	Yes		7
