Adequate laboratory facilities for the testing and approval (or rejection) of components, drug product containers, closures, packaging materials, in-process materials, and drug products are available to the quality control unit. 211.22(b) *- Testing to be completed by ARL and PharMetrics Labs.*	N/A
The Quality Control Unit has the responsibility for approving or rejecting all procedures or specifications impacting on the identity, strength, quality, and purity of the drug product. 211.22(c)	Yes
The responsibilities and procedures applicable to the quality control unit are in writing and such written procedures are followed. 211.22(d) *- Per SOP- 67 - no production activities currently.*	N/A
Personnel responsible for supervising the manufacture, processing, packing, or holding of a drug product are qualified through education, training and experience or a combination thereof. Individuals are able to perform assigned functions in such a manner as to provide assurance that the drug product has the safety, identity, strength, quality, and purity that it purports or is represented to possess. 211.25(b) *- Reviewed CVs and training documentation during inspection.*	Yes

Investigations - 21CFR Part 211

Unexplained discrepancies or the failure of a batch, or any of its components to meet any of its specifications are thoroughly investigated. 211.192	N/A
Investigations are extended to other batches of the same drug product and other drug products that may have been associated with the specific failure or discrepancy. 211.92	N/A
Written procedures describing the handling of all written and oral complaints regarding a drug product are established and followed. Procedures include provisions for review by the quality control unit and review to determine whether the complaint represents a serious and unexpected adverse drug experience which is required to be reported to the FDA. 211.198(a) *- Complaint procedures outlined in SOP-012.*	Yes
A written record of each complaint is maintained in a file designated for drug product complaints. The file regarding such drug product is maintained at the establishment where the drug product was manufactured, processed, or packed, or if kept at another facility, are readily available. Written drug product records are maintained until at least 1 year after the expiration date of the drug product or 1 year after the date the complaint was received, whichever is longer. 211.198(b) *- New firm; no compounding production currently.*	N/A
Records of complaints include the name and strength of the drug product, lot number, name of the complainant, nature of the complaint and reply to complaint. 211.198(b)(1)	N/A
Where an investigation is conducted, the written records include the findings of the investigation and follow up. Where an investigation is not conducted, the written records include the reason the investigation was found not to be necessary and the name of the responsible person making such a determination. 211.198(b)(2)(3)	N/A

Personnel Qualification - 21CFR Part 211 Subpart B

Each person engaged in the manufacture, processing, packing, or holding of a drug product shall have the education, training and experience or a combination thereof to enable the person to perform the assigned functions. 211.25 *- Reviewed training documentation during inspection; including Quality - Director Control, Sytems Manager, Senior Manager. All training reviewed were appropriate and UpToDate.*	Yes
Training shall be in the particular operations that the employee performs and in current good manufacturing practice (including the current good manufacturing practice regulations in this chapter and written procedures required by these regulations) as they relate to the employee's functions. 211.25(a) *- cGMP training completed as part of basic orientation and annually; outlined in SOP-007.1.*	Yes
Training in current good manufacturing practices is conducted by qualified individuals on a continuous basis and with sufficient frequency. 211.25(a)	Yes

Facilities and Equipment - 21CFR Part 211

Any building used in manufacture, processing, packing, or holding of a drug product is maintained in a clean and sanitary condition, free of infestation by rodents, birds, insects, and other vermin. 211.56(a) *- No production currently. However, facility was observed to be clean end in good sanitary condition during inspection.*	Yes
The flow of components, drug product containers, closures, labeling, in-process materials and drug products through the building or buildings is designed to prevent contamination. 211.42(b)	Yes
The facility is of suitable size, construction, and location to facilitate cleaning, maintenance, and proper operations. 211.42(a)	Yes
There is adequate space for the orderly placement of equipment and materials to prevent mix-ups between different components, drug product containers, closures, labeling, in-process materials, or drug products and to prevent contamination. 211.42(b)	Yes
Facility has a separate or defined areas or such other control systems to prevent contamination or mix ups during receipt, identification, storage and withholding from use of components, drug product containers, closures, and labeling pending the appropriate sampling, testing or examination by the quality control unit before release for manufacturing or packaging. 211.42(c)(1), 211.80	Yes
Facility has a separate or defined area for holding rejected components, drug product containers, closures and labeling before disposition. 211.42(c)(2) *- Rejected productions to be stored in secured quarantine cage.*	Yes
Facility has a separate or defined area for quarantine storage before release of drug products. 211.42(c)(7)	Yes
Operations relating to the manufacture, processing, and packing of penicillin shall be performed in facilities separate from those used for other drug products for human use. 211.42(d)	N/A
Aseptic processing areas have floors, walls and ceilings that are smooth and easily cleanable. 211.42(10)(i)	Yes

Aseptic processing areas have temperature and humidity controls. 211.42(10)(ii) *- Facility is monitored and controlled by SensoScientific; system last calibrated 12/16/24.*	Yes
Aseptic processing areas have an air supply through HEPA filters under positive pressure. 211.42(10)(iii)	Yes
Air filtration systems (including prefilters and particulate matter air filters) are used when appropriate on air supplies to production areas. 211.46(c)	N/A
Equipment for adequate control over air pressure, micro-organisms, dust, humidity, and temperature when appropriate for the manufacturing, processing, packing, or holding of drug products. 211.46(b) *- Equipment last tested by TSS on 6/27/25.*	Yes
The facility has written procedures for cleaning and maintenance of equipment, including utensils used in the manufacture, processing, packing, or holding of a drug product. 211.67(b)	Yes
The firm has written procedures for use of suitable rodenticides, insecticides, fungicides, fumigating agents, cleaning and sanitizing agents which must be registered and used in accordance with the Federal Insecticide, Fungicide and Rodenticide Act. 211.56(c) *- Per SOP -034.*	Yes
A written record of major equipment cleaning, maintenance and use is included in individual equipment logs that show date, time, product, and lot number of each batch processed. The persons performing and double checking the cleaning and maintenance date and sign (or initial) the log. Entries are in chronological order. 211.182 *- Firm provided cleaning documentation starting 8/1/25 to date.*	Yes
Surfaces that contact components, in-process materials, or drug products are not reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the drug product beyond the official or other established requirements. 211.65(a)	Yes
Automatic, mechanical, electronic equipment used in the manufacture, processing, packing, or holding of a drug product shall be routinely calibrated, inspected or checked according to a written program designed to ensure proper performance. 211.68(a)	Yes

Environmental Monitoring - 21CFR Part 211

Facility has written procedures designed to prevent microbiological contamination of drug products purporting to be sterile. Such procedures include validation of all aseptic and sterilization processes. 211.113(b)	Yes
Aseptic processing areas have a system for monitoring environmental conditions. 211.42(10)(iv)	Yes

Control of Components, Containers and Closures - 21CFR Part 211

Written procedures describe in sufficient detail the receipt, identification, storage, handling, sampling, testing, and approval or rejection of components and drug product containers and closures. Written procedures are followed. 211.80(a) *- Per SOP-0.54.1.*	N/A
Components and drug product containers and closures shall at all times be handled and stored in a manner to prevent contamination. 211.80(b)	Yes
Bagged or boxed components of drug product containers or closures are stored off the floor and suitably spaced to permit cleaning and inspection. 211.80(c)	Yes
Each container or grouping of containers for components or drug product containers, or closures shall be identified with a distinctive code for each lot in each shipment received. This code shall be used in recording the disposition of each lot. Each lot shall be appropriately identified as to its status (i.e., quarantined, approved, or rejected). 211.80(d) *- Firm provided documentation for Zinc Sulfate testing, which showed conformity to written specification.*	Yes
Each component is tested for conformity to written specifications for purity, strength, and quality. Supplier analysis may be accepted provided that at least one specific identity test has been conducted by the manufacturer and the manufacturer has established the reliability of the supplier's analysis through validation of supplier's test results at appropriate intervals. 211.84(d)(2)	Yes
Containers and closures are tested for conformity to written specifications. A certificate of testing may be accepted from the supplier, provided that at least a visual identification is conducted on such containers/closures by the manufacturer and provided that the manufacturer establishes the reliability of the supplier's test results through appropriate validation of the supplier's test results at appropriate intervals. 211.84(3) *- Firm provided documentation for container closure testing, completed during Zinc Sulfate testing.*	Yes
Each lot of a component, drug product container, or closure with potential for microbiological contamination that is objectionable in view of its intended use is subjected to microbiological tests before use. 211.84(d)(6) *- New firm; no components currently in stock.*	N/A
Drug product containers and closures are not reactive, additive, or adsorptive so as to alter the safety, identity, strength, quality, or purity of the drug beyond the official or established requirements. 211.94(a)	Yes
Drug product containers and closures are clean and, where indicated, sterilized, and processed to remove pyrogenic properties. 211.94(c)	N/A
Depyrogenation process is validated. 211.94(c)	Yes

Production - 21CFR Part 211

There are written procedures for production and process control designed to assure the drug products have the identity, strength, quality, and purity they purport or are represented to possess. 211.100(a)	Yes
Written production and process control procedures are followed. Any deviation from the written procedures shall be recorded and justified. 211.100(b) *- New firm; no production currently.*	N/A
If a component is removed from the original container to another, the new container shall be identified with the following information: (1) component name or item code; (2) receiving or control number; (3) weight or measure in new container; (4) batch for which component was dispensed, including its product name, strength, and lot number. 211.101(b)	N/A
Each component is either added to the batch by one person and verified by a second person or, if the components are added by automated equipment under 211.68, only verified by one person. 211.101(d)	N/A
Actual yields and percentages of theoretical yield are determined at the conclusion of each appropriate phase of manufacturing, processing, packaging, or holding of a drug product. 211.103	N/A
Written procedures are established to assure batch uniformity and integrity of drug products, that describe the in-process controls, and tests, or examinations to be conducted on appropriate samples of in-process materials of each batch. Procedures are followed. 211.110(a) *- Per SOP-027.1.*	N/A
In process materials are tested for identity, strength, quality, and purity, where appropriate, and approved or rejected by quality control unit during production process. 210.110(c)	N/A

When appropriate, time limits are established for the completion of each phase of production to assure quality of the drug product. Deviations are justified and documented. 211.111 *- Facility in process of establishing time limits based on validation processes - not currently in production.*	NE
Written procedures include quarantine of drug products before release by the quality unit. Procedures are followed. 211.142(a) *- As per SOP-0.24.*	Yes

Packaging and Labeling - 21CFR Part 211

Written procedures describe the receipt, identification, storage, handling, sampling, examination and/or testing of labeling and packaging material. Procedures are followed. 211.122(a) ** No production currently - procedures outlined in SOP-058.1.*	N/A
Written procedures describe in sufficient detail the control procedures employed for the issuance of labeling. Procedures are followed. 211.125(f) *- Per SOP-058.1.*	N/A
Strict control is exercised over labeling issued for use in drug product labeling operations. 211.125(a)	N/A
Records are maintained for each shipment received of each different labeling and packaging material indicating receipt, examination/testing, and whether accepted or rejected. 211.122(c)	Yes
Labels and other labeling materials for each different drug product, strength, dosage form, or quantity of contents are stored separately with suitable identification. 211.122(d)	Yes
Access to label storage area is limited to authorized personnel. 211.122(d) *- Labels stored in secured 'Quarantine Cage'.*	Yes
Obsolete and outdated labels, labeling and packaging materials are destroyed. 211.122(e)	N/A
Identification and handling of filled drug product containers that are set aside and held in unlabeled condition for future labeling operations to preclude mislabeling of individual containers, lots, or portions of lots. Identification need not be applied to each individual container but shall be sufficient to determine drug name, strength, quantity of contents, and lot or control number of each container. 211.130(b)	N/A
Written procedures shall specify how to reconcile quantity of labels that are issued, used, and returned. Procedures shall require evaluation of any discrepancies between quantity of drug product finished and the quantity of the labeling issued when such discrepancies are outside narrow preset limits based on historical operating data. Discrepancies shall be investigated in accordance with 211.192. Labeling reconciliation is waived for cut or roll labeling if 100% examination for correct labeling is performed in accordance with 211.122(g)(2). 211.25(c)	Yes
All excess labeling bearing lot and control numbers is destroyed. 211.125(d)	N/A
If cut labeling is used for immediate container labels, individual unit cartons, or multiunit cartons containing immediate containers that are not packaged in individual unit cartons, packaging and labeling operations includes one of the following special control procedures: 100% visual inspection is conducted for correct labeling during or after completion of finishing operations for hand applied labeling. Such examination is performed by one person and independently verified by a second person OR use of appropriate electronic or electromechanical equipment to conduct 100% examination of labeling during or after completion of finishing operations OR dedicated labeling and packaging lines of each different strength of each different drug product OR use of automated technique including differentiation by labeling size, that physically prevents incorrect labeling from being processed by labeling and packaging equipment. 211.122(g)(1)(2)(3)(4)	N/A
Written procedures assure that correct labels, labeling, and packaging materials are used for drug products. Procedures are followed. 211.130 *- Described in section 8.1 of SOP-058.1.*	N/A
Procedures are designed to prevent mix-ups and cross-contamination by physical or spatial separation from operations on other drug products. 211.130(a)	Yes
Written procedures detail examination of packaging and labeling meterials for suitability and correctness before packaging operations, and documentation of such examination is in the batch production record. 211.130(d) *- SOP-058.1.*	Yes
Written procedures detail inspection of packaging and labeling facilities to assure that all drug products and labeling materials have been removed from previous operations. Results of inspection are documented on the batch record. Procedures are followed. 211.130(e)	Yes

Holding and Distribution - 21CFR Part 211

Written procedures describing warehousing of drugs include quarantine of drug product before release by QC unit, including storage under appropriate temperature, humidity, and light. 211.142 *- Documented in SOP 0.54.1*	Yes

Laboratory - 21CFR Part 211 Subpart I

The establishment of any specifications, standards, sampling plans, test procedures, including any changes shall be reviewed and approved by the Quality Control Unit, deviations from written specifications are recorded and justified. 211.160(a) *- Process outline SOP- 67; no production currently.*	N/A
Laboratory controls shall include the establishment of scientifically sound and appropriate specifications, standards, sampling plans, and test procedures designed to assure that components, drug product containers, closures, in-process materials, labeling, and drug products conform to appropriate standards of identity, strength, quality, and purity. 211.160(b) *- Firm does not have a Laboratory inhouse. Services to be outsource to ARL labs; agreement reviewed during inspection.* *- Required testing outlined in SOP-055.*	N/A
Laboratory controls include the calibration of instruments, apparatus, gauges, and recording devices at suitable intervals in accordance with an established written program containing specific directions, schedules, limits for accuracy and precision, and provisions for remedial action if the event limits are not met. 211.160(b)(4)	N/A
There is a written testing program designed to assess the stability characteristics of drug products. The written program includes sample size and test interval, storage conditions for samples retained for testing, reliable, meaningful, and specific test methods, and testing of the drug product in the same container closure system in which the drug product is marketed. Procedures are followed. 211.166(a)(1)(2)(3)(4)	N/A
Results of stability testing is used to determine appropriate storage conditions and expiration dates. 211.166(a)	N/A
For each batch of drug product there is appropriate laboratory determination of satisfactory conformance to final specifications for the drug product, including the identity and strength of each active ingredient. 211.165(a)	N/A
Written procedures describe sampling and testing plans and include method of sampling and the number of units per batch to be tested. Procedures are followed. 211.165(c)	N/A
Acceptance criteria for sampling and testing conducted by the quality control unit are adequate to assure that batches of drug products meet each appropriate specification and appropriate statistical quality control criteria as a condition for their approval and release. 211.165(d)	Yes

Drug products failing to meet established standards or specifications, or any other relevant quality control criteria are rejected. 211.165(f)	N/A
Each batch of drug product purporting to be sterile and/or pyrogen free has appropriate laboratory testing to determine conformance to such requirements. 211.167(a)	N/A
The accuracy, sensitivity, specificity, and reproducibility of test methods employed by the firm shall be established and documented. Such validation and documentation are accomplished in accordance with 211.194(a)(2). 211.165(e)	Yes
Laboratory records include complete date derived from all tests necessary to assure compliance with established specifications and standards as defined in 211.194(a).	Yes
Complete records are maintained of any modification of an established method used in testing. 211.194(b)	N/A
A reserve sample that is representative of each lot in each shipment of each active ingredient, is retained and stored under conditions consistent with product labeling and in the same immediate container-closure system for 1 year after the expiration date of the last lot of the drug product contelning the active ingredient. 211.170(a)(b)	N/A

Records and Reports - 21CFR Part 211

Any production, control, or distribution record that is required to be maintained and is specifically associated with a batch of a drug product is retained for at least 1 year after the expiration date of the batch. This includes all components, drug product containers, closures. 211.180(a)(b) *- New Firm - no production currently.*	N/A
Written records are maintained so that data herein can be used for evaluating, at least annually, the quality standards of each drug product to determine the need for changes in drug product specifications or manufacturing or control procedures. 211.180(e)	N/A
Master production and control records for each drug product, including each batch size thereof, shall be prepared, dated, and signed (full signature, handwritten) by one person and independently checked, dated, and signed by a second person. The preparation of master production and control records is described in a written procedure and such written procedure is followed. Master production and control records include all required elements as described in 211.186(a).	N/A
Batch products and control records are prepared for each batch of drug product produced and include complete information relating to the product and control of each batch and are an accurate reproduction of the appropriate master production or control record. 211.188, 211.188(a)	N/A
Batch records include documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished and include all required elements as described in. 211.188 (b)(1-13)	N/A
Major equipment is identified by a distinctive identification number or code that is recorded in the batch production record. 211.105(b)	N/A
Batch production and control records are prepared for each batch of drug product produced and shall include complete information relating to the production and control of each batch. These records shall include: Identification of the persons performing and directly supervising or checking each significant step in the operation, or if a significant step in the operation is performed by automated equipment under § 211.68, the identification of the person checking the significant step performed by the automated equipment. 211.188(11)	N/A
Distribution records contain the name and strength of the product and description of the dosage form, name and address of the consignee, date and quantity shipped, and lot or control number of the drug product. 211.196	N/A

Corrective Action Plan

A corrective action plan is required to be submitted within 30 days for the non-compliant items listed above. [64B16-27.797(5), F.A.C.]	

Remarks:

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Wesley Pharmaceuticals

NV Pharmacy or Outsourcing facility license # (if applicable): pending

Physical Address: 5551 Vanguard St

City: Orlando State: FL Zip: 32819

Mailing Address (if different from physical address): same

City: State: Zip:

Telephone: 407-440-1555 Toll Free # (NAC 639.708, NRS 639.23286):

Fax: Contact Email: licensing@wesleypharmaceuticals.com

Website: wesleypharmaceuticals.com

Nevada Business License # (if applicable)

Supervising/Managing Pharmacist Name (NRS 639.220): Michael Church

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23459

Name of Designated Person(s) as defined by revised USP-797 guidelines: Michael Church

Email of Designated Person(s): michael.church@wesleypharmaceuticals.com

Telephone of Designated Person(s): 407-440-1555

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ■ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 28/29OCT2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Daily

10. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Zinc Sulfate

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL Bio Pharma

Address: 840 Research PKWY #546

City: Oklahoma City State: OK Zip: 73104

Telephone: (405) 271- 1144

13. What is your procedure for visual inspection of compounded sterile products?

Our visual inspection procedure requires verification that each compounded sterile vial is free of visible particulates, container defects, leakage, or any other abnormalities before being dispensed to patients. We perform a 100% visual inspection on every vial in each batch. In addition, the Quality Team conducts a post-inspection review and performs AQL sampling inspections.

14. How often do you perform glove fingertip and medial fill testing?

The glove fingertip is a daily routine sampling. The Medial fill testing is performed every 6 months and/or every time there is a major change in the compounding process.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

All new personnel performing sterile compounding tasks must followed a stringent training program depending on the tech position/role. The following is required:
1. cGMP and cGDP training
2. Read SOPs according to the personnel matrix
3. FDA Online/Seminar trainings
4. On the job training followed by competency assessments.
5. Hand, Hygiene, and Garbing
6. Media Fill

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Our cleaning procedure includes the following procedure for

A. The Primary Engineering Controls:
1. Daily: Spor-Klenz followed Vesta-Syde followed by IPA.

B. For the Secondary Engineering Controls:
1. Daily: Vesta-Syde followed by IPA
2. Weekly: Spor-Klenz followed by Vesta-Syde followed by IPA
3. Monthly: Spor-Klenz followed by Vesta-Syde followed by IPA
4. Quarterly: Peridox followed by Spor-Klenz followed by Vesta-Syde followed by IPA

17. Who performs the sterile compounding process at your facility?

It is performed by the Sterile Compounding Technicians with the supervision of Sterile Compounding Pharmacists, & QA

18. Who is responsible and accountable for the sterile compounding process at your facility?

The Sterile Pharmacy Manager and the Director of Quality

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

All products are shipped under controlled conditions appropriate to their stability, using validated shipping methods and pack-outs. Shipments are sent via next-day delivery to maintain product quality and integrity, with transit conditions monitored throughout transport.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device: N/A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Zinc Sulfate

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Garbing - Every 6 months
Gloved fingertip and thumb sampling - For the the oRABs it is daily, and for the personnel it is performed per batch.
Media Fill - Every 6 months and/or every time there is a major change in the compounding process.

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?

It is performed daily, as a continuous monitoring process.

5. What is the frequency for completing surface sampling? It is performed daily, at the end of production.	
6. What is the frequency for using sporicidal agents? During our cleaning process, it is used weeklly, monthly, and quarterly. During the material transfer, it is used every day.	
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	■ Yes No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

No	Respondent subject to the following penalties: Public reprimand. Respondent's Certificate of Registration No. CS33713 is suspended for a period of two years. The suspension is stayed and Respondent is placed on probation subject to the following conditions: a) Respondent accepts the Stipulation and Order as a public reprimand; b) Respondent find $5,000 for the violations; c) Respondent assessed $1,000 in attorney's fees and costs; d) Respondent shall complete training with Board staff on the use of the PMP database within 60 days of the Order; and e) Respondent shall comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed again him while on probation.	N/A
SN failed to disclose prior Iowa Board of Nursing disciplinary action on her 2022 Nevada controlled substance application. She also issued at least 148 prescriptions between April 18, 2024, and June 11, 2024, without a valid Nevada DEA registration and without a registered practice location on file with the Board. In addition, she did not timely report her 2025 disciplinary action from the Nevada Board of Nursing. Finally, she unlawfully accessed the PMP database and disseminated a patient utilization report for J.S., with whom she had no bona fide therapeutic relationship.	No	Respondent 's Certificate of Registrations No. CS34530 and PR16791 are revoked. Respondent fined $5,000 for the violations; and assessed $1,500 in attorney's fees and costs.	N/A
As pharmacy/pharmacy owner, Respondent purchased prescription drugs from pharmacies not licensed for wholesale distribution in Nevada.	No	N/A	Respondent accepts the Stipulation and Order as a public reprimand. Respondent fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs.

As managing pharmacist at the time of the events of January 2023 and October 2023, NS purchased prescription drugs from pharmacies not licensed for wholesale distribution in Nevada.	No	Respondent accepts the Stipulation and Order as a public reprimand. Respondent fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs. Respondent shall complete two additional CE hours on duties of a management pharmacist.	N/A
As managing pharmacist at the time of the events of December 2023 and April 2024, KB purchased prescription drugs from pharmacies not licensed for wholesale distribution in Nevada.	No	Respondent accepts the Stipulation and Order as a public reprimand. Respondent fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs. Respondent shall complete two additional CE hours on duties of a management pharmacist.	N/A
JO allowed an employee to perform duties of a dispensing technician in training without the required registration.	No	Respondent's Certificate of Registration No. CS15479 and PD15479 are suspended. The suspension is stayed and placed on probation for a period of one year subject to the following conditions: a) Respondent shall pay a fine of $2,000 for the violations; and b) Respondent shall pay $500 in attorney's fees and costs.	N/A
AP made an error in a prescription while using virtual verification.	No	Respondent fined $500 for the violations; and assessed $500 in attorney's fees and costs.	N/A
TS made an error in a prescription while using virtual verification.	No	Respondent fined $1,000 for the violations; and assessed $500 in attorney's fees and costs.	N/A
As managing pharmacist at the time of the events, GS filled prescriptions that were not valid from October 22, 2025, to November 4, 2025.	No	Respondent accepts the Stipulation and Order as a public reprimand. Respondent fined $2,500 for the violations; and assessed $750 in attorney's fees and costs. Additionally, Respondent agrees to participate in training with Board staff on laws related to controlled substances.	N/A
RC made an error in a prescription that resulted in a negative patient outcome. Respondent fined $1,000 for the violations; and assessed $500 in attorney's fees and costs.	Yes	Respondent fined $1,000 for the violations; and assessed $500 in attorney's fees and costs.	N/A

As pharmacy/pharmacy owners, CVS is responsible for the acts of its employees who made an error in a prescription that resulted in a negative patient outcome.	Yes	N/A	CVS fined $1,000 for the violations; and assessed $500 in attorney's fees and costs.
As pharmacy/pharmacy owner, CVS is responsible for the acts of its employees who made an error in a prescription while using virtual verification.	No	N/A	CVS fined $5,000 for the violations; and assessed $500 in attorney's fees and costs. In addition, CVS corporate management shall provide the Board's staff with copies of written policies, procedures, training manuals or other materials, if any, that specifically confirm or corroborate its contention that all CVS pharmacists in Nevada have the discretion to perform visual inspections by physical or manual manipulation of prescription drug products before dispensing them to patients. If no such policies, procedures, training manuals or other materials exist, CVS shall provide a written statement to that effect. Additionally, CVS corporate management shall provide a written statement or summary of its plan, if any, to provide ongoing periodic reminders to or conduct training with its pharmacists concerning their discretion to perform visual inspections by physical or manual manipulation of prescription drug products before dispensing them to patients. If no such plan exists, CVS shall provide a written statement to that effect.
As pharmacy/pharmacy owner, RP is responsible for the acts of its employees who made an error in a prescription that resulted in a negative outcome to the patient.	Yes	N/A	RP fined $10,000 for the violations; and assessed $1,000 in attorney's fees and costs.

MF was disciplined by the Pennsylvania Board of Pharmacy for submitting altered endotoxin and sterility test certificates for equine glucosamine injections and for misrepresenting acceptable levels to FDA inspectors. The Nevada Board of Pharmacy imposed reciprocal discipline.	No	MF's Certificate of Registration No. 22316 is placed on probation for a period of one year; and assessed $1,000 in attorney's fees and costs.	N/A
As pharmacy/pharmacy owner, CVS #8792 is responsible for the acts of its employees who made an error in a prescription.	No	N/A	CVS fined $2,000 for the violations; and assessed $1,000 in attorney's fees and costs.
As the supervising pharmacist, JL is responsible for the acts of an intern pharmacist who made an error in a prescription.	No	JL fined $1,000 for the violations; and assessed $500 in attorney's fees and costs.	N/A
FE was convicted of a federal offense involving the unlawful conversion of Medicare funds for personal use.	No	FE's Certificate of Registration No. CS23430 is suspended through October 31, 2026.	N/A
GZ provided false information on her Pharmaceutical Technician-in-Training application by claiming she had obtained a high school diploma or GED, despite never having completed or received either credential.	No	GZ's Certificate of Registration No. PT28532 is cancelled; and assessed $586.34 in attorney's fees and costs.	N/A
As pharmacy/pharmacy owner, CVS #9586 is responsible for the act of a pharmacist who made an error in a prescription.	No	N/A	CVS fined $5,000 for the violations; and assessed $500 in attorney's fees and costs.
MP made an error in a prescription.	No	Respondent fined $1,000 for the violations and assessed $500 in attorney's fees and costs.	N/A

During Respondent ML's tenure as Premier Beauty's medical director, he rarely visited the spa while dangerous drugs were stored, ordered, and administered. Employees injected prescription medications without the medical director present, without a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary. Additionally, the spa also obtained drugs from an unlicensed Florida wholesaler and kept multiple injectable products intended for foreign markets and not approved for distribution or use in the United States.	No	ML accepts Stipulation as a public reprimand; fined $5,000 for the violations; assessed $1,000 in attorney's fees and costs; and cannot service as a medical director of any practice site in the State of Nevada where injectable dangerous drugs and controlled substances in possession of individuals who do not hold a license to possess them in Nevada for a period of years from the effective date of the Order.	N/A
PR did not check the PMP database for a patient's controlled-substance history or review the patient's utilization report before issuing a prescription. He also failed to review his own prescriber activity in the PMP system for the period between August 21, 2023, and August 12, 2025.	No	PR fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs. Additionally, Respondent must participate in PMP training within 60 days of the effective date of the Order.	N/A
LO was medical director of Skin Lab from April 23, 2023, to February 18, 2024, again from December 18, 2024, to May 31, 2025, and from June 1, 2025, to the present. During this time, Respondent allowed all employees unrestricted access to the facility's dangerous drug inventory and failed to maintain the security of the dangerous drugs within her possession.	No	LO fined $5,000 for the violations; assessed $500 in attorney's fees and costs. Additionally, Respondent cannot serve as medical director of any practice site in the State of Nevada where injectable dangerous drugs and controlled substances are in the possession of individuals who do not hold a license to possess them in Nevada for a period of five years from the effective date of the Order.	N/A
PA failed to document whether counseling was offered or provided for a dispensed prescription as required by state regulation.	No	PA fined $750; assessed $500 in attorney's fees and costs; and required to complete two continuing-education courses on pharmacy record-keeping.	N/A

AH, a licensed medical products provider, received a CPAP prescription for a patient in June 2024 but did not deliver the device until July 2025, despite billing the patient's insurer for its use from August to October 2024 and for additional supplies in 2025. The delay stemmed from an error in Respondent's system. AH's actions fell below Nevada's professional and billing standards, and AH also failed to document patient communications, respond timely to Board inquiries, and maintain required records.	No	N/A	AH fined $3,000 for the violations; and assessed $1,000 in attorney's fees and costs.
The pharmacy owner, NN, caused the assets of LP to be sold to RM on September 26, 2024, without providing the required advance notice to the Board or filing a change-of-ownership application, as mandated by Nevada Law. As a result, RM operated the pharmacy without a valid license, continuing to handle and dispense dangerous drugs and controlled substances unlawfully. LP is responsible for the acts of its employees who enabled unlicensed pharmacy operations.	No	N/A	LP's License No. PH04561 shall remain inactive.
The pharmacy owner, NN, sold its assets to MM on September 19, 2025, without providing the required advance notice to the Board or filing a change-of-ownership application, as mandated by Nevada Law. Also, a pharmacist processed at least ten prescriptions lacking information required under Nevada law. TP is responsible for the acts of its employees who enabled unlicensed pharmacy operations and processed ten prescriptions without the required information required by Nevada Law.	No	N/A	TP's License No. PH04648 shall remain inactive.

As pharmacy owner, NN sold the pharmacy assets for LP to RM on September 26, 2024, and the pharmacy assets for TP to MM on September 19, 2025, without providing the required advance notice to the Board or filing a change-of-ownership application, as mandated by Nevada Law.	No	NN's Certificate of Registration No. 20601 is suspended; however, the suspension is stayed. Respondent NN is placed on probation for a period of two years from the effective date of the Order subject to the following conditions: 1) pay a fine of $5,000 for the violations; 2) pay $2,000 in attorney's fees and costs; and 3) as a condition of probation, NN shall not engage in any conduct for which disciplinary action may be imposed. Additionally, NN may not own a pharmacy in Nevada for a period of three years from the effective date of the Order. NN shall seek Board approval for any ownership of a pharmacy after the prohibition of ownership has ended.	N/A
RG was disciplined by the Nevada Board of Pharmacy on October 11, 2023, and placed on five years of probation with a requirement to complete substance-abuse counseling and provide proof of progress. He failed to renew his certificate of registration on November 1, 2024, and thereafter failed to provide proof of continuing participation in substance-abuse counseling.	No	As a result, Certificate of Registration No. CS27126 is revoked retroactively to October 31, 2024, and RG may not petition for reinstatement until April 15, 2027.	N/A
SA was the medical director of Youth, Inc. During this period, the owner and/or employees stored and possessed prescription drugs and administered injectable prescription drugs at times when no practitioner was on-site. Respondent accepts this Stipulation as a public reprimand for having assisted or permitted the unauthorized storage, possession and administration of drugs.	No	SA fined $5,000 for the violations; and assessed $500 in attorney's fees and costs.	N/A

Respondent JE verified prescriptions that did not comply with Nevada law, thus causing his employer, Meta Pharmacy, to dispense dangerous drugs and controlled substances to Meta's customers without proper medical authorization.	No	Respondent's Certificate of Registration No. 20782 is revoked; however, the revocation is stayed, and Respondent is placed on probation for a period of two years beginning June 3, 2026. Respondent fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs. In addition, Respondent must complete four continuing education credit hours on the topic of ethics in the practice of pharmacy and must refrain from any conduct that could subject him to further disciplinary action.	N/A
Respondent TH permitted non-practitioner owners, managers, and/or employees to engage in unregistered prescribing, failed to establish and maintain effective controls against diversion of controlled substances, and failed to query the PMP database as required by Nevada Law. Respondent was noticed to appear at the Board's meeting on June 3, 2026, but she failed to appear and a default hearing was held.	No	Respondent's Certificate of Registration No. CS25791 is revoked, and Respondent cannot petition for reinstatement for a period of one year. Respondent fined $5,000 for the violations; and assessed $1,000 in attorney's fees and costs.	N/A
As pharmacy/pharmacy owner, RP is responsible for the acts of its employees who failed to document whether counseling was offered or provided for a dispensed prescription as required by state regulation.	No	N/A	Respondent fined $750; assessed $500 in attorney's fees and costs. Respondent has cooperated, and it agrees to cooperate with the Board's inspectors in terms of explaining and/or demonstrating how its systems for documenting patient counseling operates and to make reasonable changes or modifications to that system, as appropriate, to address any compliance concerns that the Board may have.
As pharmacy/pharmacy owner, PP is responsible for the acts of its employees who failed to correct a data entry error related to a prescription for a maintenance medication needed by a patient of the	Yes	N/A	Respondent fined $1,500 for the violations; and assessed $1,732 in attorney's fees and costs.

MorningStar assisted living facility. The failure to correct the error caused a lengthy interruption to the patient's medication therapy and resulted in a negative medical outcome to the patient.			
In Case No. 24-370-RPH-N, Respondent CK failed to correct a data entry error related to a prescription for a maintenance medication needed by a patient of the MorningStar assisted living facility. The failure to correct the error caused a lengthy interruption to the patient's medication therapy and resulted in a negative medical outcome to the patient. Additionally, in Case No. 26-084-RPH-N, Respondent CK was found to be intoxicated while on duty. The allegations in both cases were consolidated and settled by way of a stipulation.	No	Per the stipulation, Respondent's Certificate of Registration No. 19388 is revoked. The revocation is stayed and Respondent is placed on probation until June 30, 2028 subject to the following conditions: 1) Respondent shall participate in a professional monitoring program as recommended by her practitioner and for quarterly reports to be sent to Board staff; 2) If requested by the Board, Respondent will appear before the Board prior to her 2027 certificate-of-registration renewal to answer questions regarding her progress and participation in the professional monitoring program; 3) Respondent shall pay a fine of $1,000 for the violation alleged in Case No. 24-370-RPH-N; and assessed a total of $1,500 in attorney's fees and costs for the violations alleged in Case Nos. 24-370-RPH-N and 26-084-RPH-N.	N/A
As pharmacy/pharmacy owner, WP is responsible for the acts of its employees who made an error in a prescription.	No	N/A	Respondent fined $2,000 for the violations; and assessed $1,000 in attorney's fees and costs.
Respondent MM made an error in a prescription.	No	Respondent's Certificate of Registration No. 23854 is suspended. The suspension is stayed and is placed on a probation for a period of two years from the effective date of the Order. Respondent fined $2,000 for the violations; and assessed $1,000 in attorney's fees and costs. Respondent shall not engage in any conduct for which disciplinary action may be imposed.	N/A
PPLP engaged in unlawful wholesale distribution of prescription drugs in Nevada.	No	N/A	Respondent appealed the Citation and Fine at the June 3, 2026, Board Meeting where the Board upheld the $5,000 fine.

Respondent AG failed to query the PMP prior to issuing controlled substance prescription, allowed unauthorized person to his credential to access the PMP Database, and failed to query and review his MyRx prescriber activate in the PMP.	No	Certificate of Registration No. CS09380 is placed on probation for a period of two years subject to the following conditions: 1) Respondent accepts this Stipulation and Order as a public reprimand; 2) Respondent fined $5,000 for the violations; 3) Respondent assessed $1,000 in attorney's fees and costs; and 4) Respondent shall complete PMP training within 60 days from the Order and shall complete follow up training six months after initial training.	N/A
HV engaged in the sale and distribution of opthalmic products that did not follow FDA regulations and were manufactured at a facility not registered by the FDA even after the FDA issued a warning letter.	No	N/A	Respondent fined $2,500; and assessed $1,000 in attorney's fees and costs.
Respondent PS failed to disclose her discipline on her 2023 pharmaceutical technician in training application. A hearing was held on June 3, 2026, but she failed to appear and a default hearing was heard.	No	Respondent's Certificate of Registration No. PT28814 is revoked and may not petition for reinstatement for a period of one year from the effective date of the Order. Respondent shall appear before the and answer questions and give testimony regarding her application and her compliance with her Order. Respondent assessed $1,118.15 in attorney's fees and costs.	N/A
At the time of the events, Respondent JS was the managing pharmacist who made false statement to the Nevada Board of Pharmacy Inspector during an inspection of Modern Rx. A hearing was held on June 3, 2026, but he failed to appear and a default hearing was heard.	No	Respondent's Certificate of Registration No. 18852 is revoked and may not petition for reinstatement for a period of one year from the effective date of the Order. Respondent shall appear before the Board and answer questions and give testimony regarding his application and his compliance with his Order. Respondent assessed $190.95 in attorney's fees and costs.	N/A

Respondent DH failed to disclose criminal history on her 2014 pharmaceutical technician in training application and subsequently on all her biennial renewal applications through 2022. NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

MARILOU REYES, RPH,
Certificate of Registration No. 11763,

AND,

CVS PHARMACY #9168,
Pharmacy License No. PH00506,

Respondents.

Case No. 24-010-RPH-N
24-010-PH-N

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Marilou Reyes ("Respondent Reyes"), because Respondent Reyes holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy in the state of Nevada.

2. The Board has jurisdiction over CVS Pharmacy #9168 ("Respondent CVS" or "CVS"), because Respondent holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent CVS to operate a pharmacy located at 1119 California Ave., Reno, Nevada 90523.

FACTUAL ALLEGATIONS

3. On November 21, 2023, at approximately 9 a.m., patient L.A., a California resident, requested that prescriptions maintained by Kaiser Permanente Pharmacy in Los Angeles,

California ("Kaiser") be transferred on an emergency basis to CVS while she was visiting her sister in Reno.

4. While at CVS, L.A. informed two pharmaceutical technicians that she has epilepsy, had traveled without her medications, and needed an immediate transfer of her anti-seizure medication, Tegretol.

5. CVS technicians refused to contact Kaiser regarding the transfer request and informed L.A. that she should seek assistance from another, less busy, pharmacy.

6. L.A. remained at CVS and contacted Kaiser herself to initiate the transfer request.

7. Subsequently, Kaiser transferred, by way of facsimile, all of L.A.'s active prescriptions, totaling seven (7), two (2) of which were additional re-fills. The transferred medications included Tegretol, Metoprolol, Gabapentin, Levothyroxine (with additional re-fill), and Fluoxetine (with additional re-fill).

8. Respondent Reyes communicated directly with the Kaiser pharmacist regarding the transfer and accepted the facsimile transmission of the transferred prescriptions.

9. Kaiser records documented the successful facsimile transmission of all seven (7) transferred prescriptions to CVS. Kaiser also facsimiled detailed notes for each prescription, including the medication name, strength, quantity, and supply.

10. CVS utilizes an electronic facsimile system. All incoming facsimiles are initially placed in a queue pending retrieval by pharmacy staff. Once retrieved, the facsimile is printed and scanned, and the prescription information is then manually entered into CVS's pharmacy system.

11. CVS Pharmaceutical technician Shirley Donnelly only entered five (5) of L.A.'s seven (7) facsimiled prescriptions into its system and assigned prescription numbers for Gabapentin, Levothyroxine, Fluoxetine (with additional refill), and Metoprolol. Respondent Reyes verified the five (5) prescriptions.

12. While waiting for her prescription to be dispensed by CVS, L.A.'s condition deteriorated, and she became unable to effectively communicate.

13. After learning of L.A.'s condition during a telephone call with her, L.A.'s sister went to CVS at approximately 1:00 p.m. where she observed L.A. slumped over in a chair near the pharmacy counter unable to speak or otherwise communicate.

14. Shortly thereafter, a CVS employee dispensed Gabapentin, Levothyroxine, Fluoxetin, and Metoprolol to L.A.'s sister who immediately gave L.A. the medication while still in the pharmacy.

15. Later that day, L.A. experienced a seizure and was transported to Renown hospital by paramedics. The paramedics confirmed that none of the medications dispensed to Respondent earlier that day were to treat seizures.

16. During L.A.'s hospitalization, she experienced status epilepticus (continuous seizures), was admitted to the intensive care unit, and placed on a ventilator. She remained hospitalized from November 21, 2023 through November 24, 2023.

17. Following her discharge, L.A. experienced memory loss and was ordered to stop driving for six months.

18. Kaiser records reflect that L.A.'s Tegretol prescription had been transferred to Respondent CVS, while Respondent CVS records reflect no prescription for Tegretol.

19. The facsimile records maintained by CVS consisted of scanned pages marked "2/6," "3/6," "4/6", and "5/6." CVS did not maintain records of the pages marked "1/6" and "6/6", and Respondent CVS was unable to account for the missing pages or determine their contents.

20. CVS was further unable to retrieve the original transmission because facsimiles are immediately deleted from the system after they are entered into CVS's records. Pursuant to CVS's computer system, deleted facsimiles are moved to the "Delete Triage" and are only recoverable that same day.

21. CVS Corporate can only retrieve deleted records within 30 days of being sent to the "Deleted Triage."

PRIOR DISCIPLINE

22. In 1998, the Board disciplined Respondent CVS for a dispensing error and imposed a $400 fine.

23. In 2010, the Board disciplined Respondent CVS for a dispensing error and imposed a $1,000 fine.

24. In 2010, the Board disciplined Respondent CVS for mislabeling a prescription's directions, resulting in patient harm. The Board imposed a $750 fine.

APPLICABLE LAW

25. A pharmacist has a duty to review a patient's record before dispensing a prescription to determine its therapeutic appropriateness. NAC 639.707(4). The pharmacist may consider, among other things, diseases which the patient has.

26. A pharmacist has a duty to keep facsimile prescriptions for at least two (2) years after receipt. If the paper is not of sufficient quality to last for at least 2 years, the facsimile prescription must be reproduced on permanent paper, or the pharmacist must reduce the prescription to writing and attach the original transmission of the prescription to the reproduced copy or the prescription reduced to writing. NAC 639.711(5).

27. A pharmacist who receives a prescription to fill, including a prescription that is written, transcribed from an oral order or transferred to the pharmacy, shall mark on the prescription a unique serial number issued for that prescription. NAC 639.706(1).

28. A pharmacist shall maintain a physical record in the files of prescriptions that accurately explains or accounts for any serial number issued for a prescription that is not filled, including a serial number issued in error or for a prescription that is later rendered void. NAC 639.706(3).

29. A person who is issued a license to conduct a pharmacy shall ensure that the pharmacy uses a computerized system for recording information concerning prescriptions. NAC 639.924.

30. Any computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a readily retrievable printed record of the information relating to a prescription or a patient which the pharmacy is required to maintain pursuant to state or federal law, including, without limitation, information relating to the original prescription or the refill or modification of that prescription. NAC 639.910(1)(a).

31. Any computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a procedure that may be conducted at least once each day to ensure that the information which is recorded in the system is not lost or destroyed. NAC 639.910(1)(m).

32. Unprofessional conduct by a pharmacist includes, "performing any of his or her duties . . . in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

33. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

34. The Board may discipline a licensee who has violated any provisions of a regulation relating to the practice of pharmacy. NRS 639.210(12).

35. In lieu of, or in addition to, revoking or suspending a license holder's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

\\\

\\\

\\\

\\\

\\\

\\\

COUNT ONE
Unprofessional Conduct – Failure to Exercise Professional Judgment
(Respondents Reyes and CVS)

36. As alleged above, Respondent Reyes verified and dispensed only five (5) of L.A.'s seven (7) facsimile prescriptions, failing to verify and dispense, among others, L.A.'s prescription for Tegretol.

37. Respondent Reyes failed to locate L.A.'s prescription for Tegretol despite pharmacy staff being aware of L.A.'s epilepsy diagnosis and deteriorating condition near the pharmacy counter.

38. Based upon the foregoing, Respondent Reyes knew or reasonably should have known that L.A. was awaiting an anti-seizure medication, among others.

39. Respondent Reyes breached her duty under NAC 639.707(4) to evaluate whether the prescriptions that she had verified for L.A. were therapeutically appropriate to control L.A.'s epileptic seizures.

40. Had Respondent Reyes properly reviewed and considered L.A.'s known diagnosis of epilepsy and deteriorating condition when determining the therapeutic appropriateness of dispensing drugs that did not include an anti-seizure medication, Respondent Reyes likely would have discovered the omission to fill L.A.'s prescription for Tegretol.

41. As alleged above, Respondent Reyes performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct.

42. As the owner/operator of the pharmacy at which Respondent Reyes was employed, Respondent CVS is responsible for Respondent Reyes' conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT TWO
Unprofessional Conduct – Failure to Properly Serialize Prescriptions and/or Maintain Prescription Records Transmitted Via Facsimile (Respondents Reyes and CVS)

43. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to assign unique serial numbers to each of the prescriptions transferred from Kaiser on behalf of L.A.

44. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to generate a record or summary explaining or accounting for any serial numbers issued for prescriptions that were not filled by CVS for L.A.

45. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to generate a record or summary documenting all the pertinent prescription information transferred from Kaiser on behalf of L.A.

46. Based upon the prescription information received from Kaiser, Respondent Reyes knew or reasonably should have known that there were seven (7) prescriptions requiring serialization and/or documentation. Respondent Reyes failed to serialize and/or document two of those prescriptions.

47. Given that L.A. was visibly distressed within the pharmacy, Respondent Reyes knew or reasonably should have known that it was critically important to fully and accurately serialize and document the prescriptions transferred from Kaiser on behalf of L.A.

48. By failing to fully and accurately serialize and document the prescriptions transferred from Kaiser on behalf of L.A., Respondent Reyes performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct. NRS 639.210(4). See also NAC 639.945(1)(i).

49. As the owner/operator of the pharmacy at which Respondent Reyes was employed, Respondent CVS is responsible for Respondent Reyes' unprofessional conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT THREE
Unprofessional Conduct – Failure to Maintain a Compliant Computerized System (Respondent CVS)

50. Respondent CVS had a duty to maintain a computerized system that has readily retrievable records and that has a procedure in place to ensure that recorded information is not deleted. NAC 639.910.

51. Respondent CVS performed its duties in an incompetent, unskillful, or negligent manner because it did not have a procedure in place to ensure that its original incoming facsimiles are readily retrievable. *See* NAC 639.910(1)(m); NAC 639.945(1)(i).

52. Having engaged in unprofessional conduct as alleged above, Respondent CVS is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration for Respondent CVS Pharmacy #9168 and Respondent Reyes.

DATED this 21st day of July 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CVS PHARMACY #9168,** **Pharmacy License No. PH00506,** **Respondent.**	**Case No. 24-010-PH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Amy Steelman, at the email addresses below:

TeamBC@Pharmacy.nv.gov **and** **aksteelman@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MARILOU REYES, RPH,** **Certificate of Registration No. 11763, and** **CVS PHARMACY #9168,** **Pharmacy License No. PH00506,** **Respondents.**	**Case Nos. 24-010-RPH-N** **24-010-PH-N** **STIPULATION AND ORDER** **[CVS PHARMACY #9168 ONLY]**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through counsel, Amy K. Steelman, Esq., and CVS Pharmacy #9168, Pharmacy License No. PH00506, ("Respondent"), by and through counsel, Brian J. Convery, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. On or about July 23, 2026, Respondent was served with the Notice of Intended Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

2. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

3. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal, and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights to a hearing, reconsideration, appeal, and any and all other rights related to this action that may be accorded by NRS

Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondent neither admits nor denies the allegations stated in Count One, Count Two, and Count Three the Accusation, but admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violation alleged therein, *to wit*:

A. While acting as an employee of Respondent, Pharmacist Reyes verified and dispensed only five (5) of L.A.'s seven (7) facsimile prescriptions, failing to verify and dispense, among others, L.A.'s prescription for Tegretol.

B. Pharmacist Reyes breached her duty under NAC 639.707(4) to evaluate whether the prescriptions that she had verified for L.A. were therapeutically appropriate to control L.A.'s epileptic seizures.

C. Had Pharmacist Reyes properly reviewed and considered L.A.'s known diagnosis of epilepsy and deteriorating condition when determining the therapeutic appropriateness of dispensing drugs that did not include an anti-seizure medication, Pharmacist Reyes likely would have discovered the omission to fill L.A.'s prescription for Tegretol.

D. Based upon the prescription information received from Kaiser, Pharmacist Reyes knew or reasonably should have known that there were seven (7) prescriptions requiring serialization and/or documentation. Pharmacist Reyes failed to serialize and/or document two of those prescriptions in violation of NAC 639.706.

E. Pharmacist Reyes performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct as defined by NAC 639.945(1)(i).

F. As the pharmacy/pharmacy owner at which unprofessional conduct and violations of law alleged occurred, Respondent CVS Pharmacy #9168 is responsible for those violations, including all errors and omissions of employee Marilou Reyes and any other

pharmacy personnel, and is subject to professional discipline pursuant to NRS 639.230(5), NAC 639.702, and/or NAC 639.945(3).

G. Respondent CVS had a duty to maintain a computerized system that has readily retrievable records and that has a procedure in place to ensure that recorded information is not deleted. NAC 639.910. Facsimile prescriptions must be maintained for at least two (2) years after receipt. NAC 639.711(5).

H. Respondent CVS's computer system did not maintain records of the facsimile prescriptions from Kaiser marked "1/6" and "6/6" because facsimiles are immediately deleted from the system after they are entered by staff. Deleted facsimiles are moved to the "Delete Triage" and are only recoverable that same day. CVS Corporate can only retrieve deleted records within 30 days of being sent to the "Deleted Triage."

I. For this violation of state regulation relating to the practice of pharmacy, the Board may discipline Respondent CVS #9168 pursuant to NRS 639.210(12).

6. Those violations are pled with particularity in the Accusation and are grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent shall pay an administrative fine of **Six Thousand and 00/100 Dollars ($6,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Stipulation.

B. Respondent shall pay the sum of **Six Hundred Fifty and 00/100 Dollars ($650.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent shall remit payment in full to the Board's Reno office, located at 985

Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Stipulation.

C. On or before December 1, 2026, CVS corporate management shall implement and maintain a system that retains all facsimile prescriptions received by CVS pharmacies for a period of no less than two (2) years from the date of receipt in accordance with NAC 639.711(5). CVS corporate management shall provide Board staff with written notification confirming implementation of the system, including a description of the system and the policies or procedures governing the retention and retrieval of such faxes.

8. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-010-PH-N. However, Respondent understands and acknowledges that its failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

9. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 2, 2026, in Reno, Nevada. Respondent will appear in person or through counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330, shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full

contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown, that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

JUL 2 1 2026
NEVADA STATE BOARD
OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MARILOU REYES, RPH,** **Certificate of Registration No. 11763,** **AND,** **CVS PHARMACY #9168,** **Pharmacy License No. PH00506,** **Respondents.**	**Case No. 24-010-RPH-N** **24-010-PH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Marilou Reyes ("Respondent Reyes"), because Respondent Reyes holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy in the state of Nevada.

2. The Board has jurisdiction over CVS Pharmacy #9168 ("Respondent CVS" or "CVS"), because Respondent holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent CVS to operate a pharmacy located at 1119 California Ave., Reno, Nevada 90523.

FACTUAL ALLEGATIONS

3. On November 21, 2023, at approximately 9 a.m., patient L.A., a California resident, requested that prescriptions maintained by Kaiser Permanente Pharmacy in Los Angeles,

California ("Kaiser") be transferred on an emergency basis to CVS while she was visiting her sister in Reno.

4. While at CVS, L.A. informed two pharmaceutical technicians that she has epilepsy, had traveled without her medications, and needed an immediate transfer of her anti-seizure medication, Tegretol.

5. CVS technicians refused to contact Kaiser regarding the transfer request and informed L.A. that she should seek assistance from another, less busy, pharmacy.

6. L.A. remained at CVS and contacted Kaiser herself to initiate the transfer request.

7. Subsequently, Kaiser transferred, by way of facsimile, all of L.A.'s active prescriptions, totaling seven (7), two (2) of which were additional re-fills. The transferred medications included Tegretol, Metoprolol, Gabapentin, Levothyroxine (with additional re-fill), and Fluoxetine (with additional re-fill).

8. Respondent Reyes communicated directly with the Kaiser pharmacist regarding the transfer and accepted the facsimile transmission of the transferred prescriptions.

9. Kaiser records documented the successful facsimile transmission of all seven (7) transferred prescriptions to CVS. Kaiser also facsimiled detailed notes for each prescription, including the medication name, strength, quantity, and supply.

10. CVS utilizes an electronic facsimile system. All incoming facsimiles are initially placed in a queue pending retrieval by pharmacy staff. Once retrieved, the facsimile is printed and scanned, and the prescription information is then manually entered into CVS's pharmacy system.

11. CVS Pharmaceutical technician Shirley Donnelly only entered five (5) of L.A.'s seven (7) facsimiled prescriptions into its system and assigned prescription numbers for Gabapentin, Levothyroxine, Fluoxetine (with additional refill), and Metoprolol. Respondent Reyes verified the five (5) prescriptions.

12. While waiting for her prescription to be dispensed by CVS, L.A.'s condition deteriorated, and she became unable to effectively communicate.

13. After learning of L.A.'s condition during a telephone call with her, L.A.'s sister went to CVS at approximately 1:00 p.m. where she observed L.A. slumped over in a chair near the pharmacy counter unable to speak or otherwise communicate.

14. Shortly thereafter, a CVS employee dispensed Gabapentin, Levothyroxine, Fluoxetin, and Metoprolol to L.A.'s sister who immediately gave L.A. the medication while still in the pharmacy.

15. Later that day, L.A. experienced a seizure and was transported to Renown hospital by paramedics. The paramedics confirmed that none of the medications dispensed to Respondent earlier that day were to treat seizures.

16. During L.A.'s hospitalization, she experienced status epilepticus (continuous seizures), was admitted to the intensive care unit, and placed on a ventilator. She remained hospitalized from November 21, 2023 through November 24, 2023.

17. Following her discharge, L.A. experienced memory loss and was ordered to stop driving for six months.

18. Kaiser records reflect that L.A.'s Tegretol prescription had been transferred to Respondent CVS, while Respondent CVS records reflect no prescription for Tegretol.

19. The facsimile records maintained by CVS consisted of scanned pages marked "2/6," "3/6," "4/6", and "5/6." CVS did not maintain records of the pages marked "1/6" and "6/6", and Respondent CVS was unable to account for the missing pages or determine their contents.

20. CVS was further unable to retrieve the original transmission because facsimiles are immediately deleted from the system after they are entered into CVS's records. Pursuant to CVS's computer system, deleted facsimiles are moved to the "Delete Triage" and are only recoverable that same day.

21. CVS Corporate can only retrieve deleted records within 30 days of being sent to the "Deleted Triage."

PRIOR DISCIPLINE

22. In 1998, the Board disciplined Respondent CVS for a dispensing error and imposed a $400 fine.

23. In 2010, the Board disciplined Respondent CVS for a dispensing error and imposed a $1,000 fine.

24. In 2010, the Board disciplined Respondent CVS for mislabeling a prescription's directions, resulting in patient harm. The Board imposed a $750 fine.

APPLICABLE LAW

25. A pharmacist has a duty to review a patient's record before dispensing a prescription to determine its therapeutic appropriateness. NAC 639.707(4). The pharmacist may consider, among other things, diseases which the patient has.

26. A pharmacist has a duty to keep facsimile prescriptions for at least two (2) years after receipt. If the paper is not of sufficient quality to last for at least 2 years, the facsimile prescription must be reproduced on permanent paper, or the pharmacist must reduce the prescription to writing and attach the original transmission of the prescription to the reproduced copy or the prescription reduced to writing. NAC 639.711(5).

27. A pharmacist who receives a prescription to fill, including a prescription that is written, transcribed from an oral order or transferred to the pharmacy, shall mark on the prescription a unique serial number issued for that prescription. NAC 639.706(1).

28. A pharmacist shall maintain a physical record in the files of prescriptions that accurately explains or accounts for any serial number issued for a prescription that is not filled, including a serial number issued in error or for a prescription that is later rendered void. NAC 639.706(3).

29. A person who is issued a license to conduct a pharmacy shall ensure that the pharmacy uses a computerized system for recording information concerning prescriptions. NAC 639.924.

30. Any computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a readily retrievable printed record of the information relating to a prescription or a patient which the pharmacy is required to maintain pursuant to state or federal law, including, without limitation, information relating to the original prescription or the refill or modification of that prescription. NAC 639.910(1)(a).

31. Any computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a procedure that may be conducted at least once each day to ensure that the information which is recorded in the system is not lost or destroyed. NAC 639.910(1)(m).

32. Unprofessional conduct by a pharmacist includes, "performing any of his or her duties . . . in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

33. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

34. The Board may discipline a licensee who has violated any provisions of a regulation relating to the practice of pharmacy. NRS 639.210(12).

35. In lieu of, or in addition to, revoking or suspending a license holder's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

\\\

\\\

\\\

\\\

\\\

\\\

COUNT ONE
Unprofessional Conduct – Failure to Exercise Professional Judgment
(Respondents Reyes and CVS)

36. As alleged above, Respondent Reyes verified and dispensed only five (5) of L.A.'s seven (7) facsimile prescriptions, failing to verify and dispense, among others, L.A.'s prescription for Tegretol.

37. Respondent Reyes failed to locate L.A.'s prescription for Tegretol despite pharmacy staff being aware of L.A.'s epilepsy diagnosis and deteriorating condition near the pharmacy counter.

38. Based upon the foregoing, Respondent Reyes knew or reasonably should have known that L.A. was awaiting an anti-seizure medication, among others.

39. Respondent Reyes breached her duty under NAC 639.707(4) to evaluate whether the prescriptions that she had verified for L.A. were therapeutically appropriate to control L.A.'s epileptic seizures.

40. Had Respondent Reyes properly reviewed and considered L.A.'s known diagnosis of epilepsy and deteriorating condition when determining the therapeutic appropriateness of dispensing drugs that did not include an anti-seizure medication, Respondent Reyes likely would have discovered the omission to fill L.A.'s prescription for Tegretol.

41. As alleged above, Respondent Reyes performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct.

42. As the owner/operator of the pharmacy at which Respondent Reyes was employed, Respondent CVS is responsible for Respondent Reyes' conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT TWO
Unprofessional Conduct – Failure to Properly Serialize Prescriptions and/or Maintain Prescription Records Transmitted Via Facsimile (Respondents Reyes and CVS)

43. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to assign unique serial numbers to each of the prescriptions transferred from Kaiser on behalf of L.A.

44. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to generate a record or summary explaining or accounting for any serial numbers issued for prescriptions that were not filled by CVS for L.A.

45. As the CVS pharmacist on duty on November 21, 2023, Respondent Reyes had a duty to generate a record or summary documenting all the pertinent prescription information transferred from Kaiser on behalf of L.A.

46. Based upon the prescription information received from Kaiser, Respondent Reyes knew or reasonably should have known that there were seven (7) prescriptions requiring serialization and/or documentation. Respondent Reyes failed to serialize and/or document two of those prescriptions.

47. Given that L.A. was visibly distressed within the pharmacy, Respondent Reyes knew or reasonably should have known that it was critically important to fully and accurately serialize and document the prescriptions transferred from Kaiser on behalf of L.A.

48. By failing to fully and accurately serialize and document the prescriptions transferred from Kaiser on behalf of L.A., Respondent Reyes performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct. NRS 639.210(4). See also NAC 639.945(1)(i).

49. As the owner/operator of the pharmacy at which Respondent Reyes was employed, Respondent CVS is responsible for Respondent Reyes' unprofessional conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT THREE
Unprofessional Conduct – Failure to Maintain a Compliant Computerized System (Respondent CVS)

50. Respondent CVS had a duty to maintain a computerized system that has readily retrievable records and that has a procedure in place to ensure that recorded information is not deleted. NAC 639.910.

51. Respondent CVS performed its duties in an incompetent, unskillful, or negligent manner because it did not have a procedure in place to ensure that its original incoming facsimiles are readily retrievable. *See* NAC 639.910(1)(m); NAC 639.945(1)(i).

52. Having engaged in unprofessional conduct as alleged above, Respondent CVS is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration for Respondent CVS Pharmacy #9168 and Respondent Reyes.

DATED this 21st day of July 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MARILOU REYES, RPH,** **Certificate of Registration, No. 11763,** **Respondent.**	**Case No. 24-010-RPH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Amy Steelman, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **aksteelman@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through counsel, Amy K. Steelman, Esq., and Marilou Reyes, RPh, Certificate of Registration No. 11763, ("Respondent"), **HEREBY STIPULATE AND AGREE THAT**:

1. On or about July 27, 2026, Respondent was served with the Notice of Intended Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

2. Respondent is fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.

3. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal, and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights to a hearing, reconsideration, appeal, and any and all other rights related to this action that may be accorded by NRS

Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Two of the Accusation, *to wit*:

A. Respondent verified and dispensed only five (5) of L.A.'s seven (7) facsimile prescriptions, failing to verify and dispense, among others, L.A.'s prescription for Tegretol.

B. Respondent breached her duty under NAC 639.707(4) to evaluate whether the prescriptions that she had verified for L.A. were therapeutically appropriate to control L.A.'s epileptic seizures.

C. Had Respondent properly reviewed and considered L.A.'s known diagnosis of epilepsy and deteriorating condition when determining the therapeutic appropriateness of dispensing drugs that did not include an anti-seizure medication, Respondent likely would have discovered the omission to fill L.A.'s prescription for Tegretol.

D. Based upon the prescription information received from Kaiser, Respondent knew or reasonably should have known that there were seven (7) prescriptions requiring serialization and/or documentation. Respondent failed to serialize and/or document two of those prescriptions in violation of NAC 639.706.

E. Respondent performed her duties as a pharmacist in a negligent, unskillful or incompetent manner, thus engaging in unprofessional conduct as defined by NAC 639.945(1)(i).

F. For performing her duties in an incompetent, unskillful, or negligent manner and for violations of state regulations related to the practice of pharmacy, as described above, Respondent is subject to discipline pursuant to NRS 639.210(4) and NRS 639.210(12).

6. Those violations are pled with particularity in the Accusation and are grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent shall pay an administrative fine of **Four Thousand and 00/100 Dollars ($4,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Stipulation.

B. Respondent shall pay the sum of **Six Hundred Fifty and 00/100 Dollars ($650.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Stipulation.

8. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-010-RPH-N. However, Respondent understands and acknowledges that her failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

9. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 2, 2026, in Reno, Nevada. Respondent will appear in person or through counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330, shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GEMMA McKENZIE THOMSON,** **Certificate of Registration No. CS33508,** **Respondent.**	**Case No. 22-542-CS-N** **ORDER TO SHOW CAUSE**

The Nevada State Board of Pharmacy ("Board") HEREBY ORDERS Respondent Gemma Thomson, ("Respondent"), holder of Certificate of Registration No. CS33508, to appear before the Board for a hearing to show cause scheduled on **September 2, 2026, at 9:00 a.m.** at the following location, to show cause why Respondent should not be subject to discipline.

Hyatt Place 1780 E Plumb Lane, Reno, Nevada, 89502

1. On March 9, 2023, the Board filed a Stipulation and Order ("Order") to Respondent in Case No. 22-542-CS-N.

2. The Order revoked Respondent's certificate of registration and directed Respondent to satisfy the following conditions within one (1) year before petitioning for reinstatement of her certificate of registration:

A. Obtain an Evaluation for Substance Use Disorder and comply with any recommendations;

B. Pay an administrative fine of $5,000; and

C. Pay $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred.

3. Respondent has failed to comply with the terms of the Order because Respondent has an outstanding balance of $416.63 remaining from the administrative fine.

4. On July 10, 2024, Senior General Counsel for the Board emailed Respondent at her address on record indicating the outstanding balance of $416.63.

5. Respondent failed to respond to the email or otherwise make any payment toward the outstanding balance.

6. Respondent is therefore directed to show cause why she should not be subject to discipline pursuant to NRS Chapter 639, or otherwise demonstrate that her conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3).

7. THEREFORE, IT IS HEREBY ORDERED that Respondent Gemma Thomson, Certificate of Registration No. CS33508, shall appear before the Board and show cause.

ENTERED this 20th day of JULY 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to dispute the allegations of noncompliance as set forth above. NRS 233B.127(3); NAC 639.968. **The Board has scheduled your hearing on this matter for Wednesday, September 2, 2026, at 9:00 a.m. or soon thereafter. The hearing will take place at Hyatt Place 1780 E Plumb Lane, Reno, Nevada, 89502**

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. GEMMA MCKENZIE THOMSON, DVM Certificate of Registration No. CS33508, Respondent.	CASE NO. 22-542-CS-N STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its General Counsel, Peter Keegan, Esq., and Respondent Gemma McKenzie Thomson, DVM, ("Dr. Thomson"), Certificate of Registration No. CS33508, by and through counsel, Alan Westbrook., of the law firm of Perry & Westbrook,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over Dr. Thomson and this matter because at the time of the events alleged in the Notice of Intended Action and Accusation ("Accusation"), Dr. Thomson held an active Certificate of Registration No. CS33508.

2. On or about February 1, 2023, Board staff served Dr. Thomson with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about February 1, 2023, Board staff served Dr. Thomson with a Notice of Suspension of Certificate of Registration No. CS33508 in accordance with NRS 639.2107.

4. Dr. Thomson is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering this Stipulation.

5. In lieu of filing an Answer, the proposed Stipulation, through counsel, is presented for the Board's consideration.

6. Dr. Thomson is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal, and any and all other rights which may

be accorded pursuant to NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

7. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Dr. Thomson failed to comply with the provisions of this Stipulation and Order, Dr. Thomson hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to by NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

8. Dr. Thomson admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, including:

A. As of January 27, 2023, Dr. Thomson was no longer eligible to hold a Nevada certificate of registration to dispense controlled substances under NRS 639.2107 because she surrendered her Drug Enforcement Administration Registration for cause by executing a Form DEA-104;

B. Dr. Thomson diverted and self-administered controlled substances during work hours at Blue Pearl and is subject to discipline pursuant to NRS 453.226, NRS 453.236(1)(e), NRS 453.241(1), NRS 453.331(1)(d), NRS 453.336(1), NRS 453.381(2), NRS 453.411(1), NRS 639.210(4) pursuant to NAC 639.945(1), and NRS 639.255(3).

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Dr. Thomson stipulate to the following penalties and conditions.

A. Dr. Thomson's Certificate of Registration No. CS33508 shall be revoked for a period of 1 year. Dr. Thomson agrees that this one (1) year revocation constitutes formal discipline pursuant to NRS 233B.121(6). The one (1) year revocation shall be measured from the effective date of the Board's Order accepting the Stipulation. Upon the expiration of the one (1) year revocation, and completion of the below stipulation terms, Dr. Thomson may petition the Board for reinstatement of Certificate of Registration No. CS33508;

i. Dr. Thomson shall obtain an Evaluation for Substance Use Disorder and comply with any an all recommendations set forth by the Evaluator/Practitioner. The evaluation must be returned to the Board;

ii. Pay a fine of Five Thousand Dollars ($5,000.00) for the alleged violations; and

iii. Pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

10. Any failure by Dr. Thomson to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Dr. Thomson to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Dr. Thomson, then the Board may impose discipline consistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 8, 2023. Dr. Thomson will appear in person and/or with counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Dr. Thomson or counsel are not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Upon approval of this Stipulation by the Board, Dr. Thomson shall pay the $5,000.00 fine agreed to herein in twelve monthly installments by *personal check, business check, cashier's check* or *certified check* or *money order* made payable to "**State of Nevada, Office of the Treasurer**." The first monthly installment of FOUR HUNDRED AND SIXTEEN DOLLARS and 67/100 Cents ($416.67) is due on April 1, 2023, and shall be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Each of the eleven (11) remaining monthly installments shall be due to the Board's Office on the first of every proceeding month, with the final payment due on March 1, 2024.

15. Upon approval of this Stipulation by the Board, Dr. Thomson shall pay the attorney's fees and costs agreed to herein by *personal check, business check, cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy**," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Order.

16. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

Signed this 9th day of March 2023.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GEMMA MCKENZIE THOMSON, DVM, Certificate of Registration No. CS33508,** **Respondent.**	**CASE NO. 22-542-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Gemma McKenzie Thomson, DVM, ("Dr. Thomson") held a Nevada controlled substance registration, Certificate of Registration No. CS33508 issued by the Board.

FACTUAL ALLEGATIONS

2. On June 2, 2022, the Board issued Dr. Thomson her initial Certificate of Registration to Dispense Controlled Substances, Certificate of Registration No. CS33508.

3. On or about December 21, 2022, the Board's investigatory staff received a Licensee Record of ANY Controlled Substance Loss or Theft report ("Theft Report") from Dr. Thomson's employer, BluePearl Specialty and Emergency Veterinary Hospital, located at 555 Morill Avenue, Reno, Nevada 89512 ("BluePearl").

4. The Theft Report indicated Dr. Thomson was terminated on suspicion of theft and use of controlled substances during work hours by Dr. Thomson and identified loss of the following controlled substances:

Name of Controlled Substance	NDC Number	Dosage Strength	Dosage Form	Total Quantity Lost or Stolen
Hydromorphone HCL	0066-12341-41	2mg/ml	Vial	34.56 ml
Methadone HCL	17478-0380-20	10mg/ml	Vial	52.04 ml
Ketamine HCL	13985-584-10	100mg/ml	Vial	2.22 ml
Midazolam HCL	17478-0524-10	5mg/ml	Vial	2.5 ml

5. During the course of Dr. Thomson's shift on or about November 24, 2022, a co-worker took a video of Dr. Thomson sleeping in passed out position with a syringe and blue tourniquet next to her.

6. During the course of Dr. Thomson's shift on or about December 12, 2022, a co-worker took a video of the clinic bathroom where Dr. Thomson had been discovered sleeping. The video depicts drops of blood and a syringe on the bathroom floor.

7. During the course of Dr. Thomson's December 18-19, 2022, night shift, a surveillance video was recorded at BluePearl of Dr. Thomson removing a controlled substance vial from the Omnicell machine and replacing it with a vial hidden in her sleeve.

8. Dr. Thomson's employment was terminated by BluePearl on December 22, 2022.

9. On or about January 27, 2023, Dr. Thomson executed a FORM DEA-104, Surrender for Cause of DEA Certificate of Registration.

APPLICABLE LAW

10. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance. NRS 453.226(1); NAC 453.410(1)(b)(5); 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03.

11. The surrender, revocation or a suspension that has not been stayed of any certificate, license, or registration of a practitioner, as defined in NRS 453.126, 454.00958 or 639.0125, by a licensing board or the Drug Enforcement Administration operates as an immediate suspension of a certificate, license, registration, or permit issued by the Board pursuant to NRS chapters 453, 454 or 639 to possess, administer, prescribe, or dispense drugs. NRS 639.2107.

12. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

13. A person shall not unlawfully take, obtain, or attempt to obtain a controlled substance or a prescription for a controlled substance from a manufacturer, wholesaler, pharmacist, dentist, advance practice registered nurse, veterinarian or any other person authorized to administer, dispense, or possess controlled substances. NRS 453.391(1).

14. It is unlawful a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of controlled substance or a prescription for a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d).

15. A person shall not knowingly or intentionally possess a controlled substance, unless the substance was obtained directly from, or pursuant to, a prescription or order of a physician, physician assistant, dentist, podiatric physician, optometrist, advanced practice

registered nurse, or veterinarian while acting in the course and scope of his or her professional practice. NRS 453.336(1).

16. A physician, physician assistant, dentist, advanced practice registered nurse or podiatric physician may prescribe or administer controlled substances only for a legitimate medical purpose and in the usual course of his or her professional practice, and he or she shall not prescribe, administer, or dispense a controlled substance listed in schedule II for himself or herself, his or her spouse or his or her children except in cases of emergency. NRS 453.381(1).

17. A veterinarian, in the course of his or her professional practice only, and not for use by a human being, may prescribe, possess, and administer controlled substances, and the veterinarian may cause them to be administered by a veterinary technician under the direction and supervision of the veterinarian. NRS 453.381(2).

18. It is unlawful for a person knowingly to use of be under the influence of a controlled substance except in accordance with a lawfully issued prescription. NRS 453.411(1).

19. Supplying or diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

20. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

21. Violating, attempting to violate, assisting, or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

22. The Board shall register an applicant to dispense controlled substances included in schedules I to V, inclusive, unless it determines that the issuance of that registration would be inconsistent with the public interest due to failure of the applicant to maintain effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels. NRS 453.231(1)(a).

23. The Board may suspend or revoke a registration pursuant to NRS 453.231 to dispense controlled substances upon a finding that the registrant has committed an act that would render registration under NRS 453.231 inconsistent with the public interest as determined pursuant to that section.

24. Administrative proceedings brought by the Board against a Respondent pursuant to NRS Chapter 453, to deny, suspend or revoke a registration must be initiated, conducted and concluded pursuant to the provisions of NRS 639.241 to NRS 639.257, and upon a finding of guilt against the Respondent, the Board shall suspend the right of the registrant to use his or her registration or a schedule thereof; or revoke the registration of a schedule thereof. NRS 453.241.

25. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE
Surrender of DEA Registration

26. By the surrendering her DEA Registration, Dr. Thomson no longer qualifies for to hold a certificate of registration to dispense controlled substances under federal or state law and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

27. The pre-hearing suspension of Respondent's Certificate of Registration No. CS05851 pursuant to NRS 233B.127(3), NRS 453.241(3) and/or NRS 639.2107 is subject to review by the Board.

COUNT TWO

Unlawful Acquisition of Controlled Substances

28. By diverting and acquiring controlled substances as alleged herein, Dr. Thomson violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate NRS 453.331(1)(d) and/or NRS 453.391(1), and is subject to discipline pursuant to NRS 453.231(1)(a) and/or NRS 453.236 and/or NRS 453.241 and or NRS 639.210(4) and/or (11) and/or NRS 639.255(3).

COUNT THREE

Unlawful Diversion, Possession, and/or Administration of Controlled Substances

29. By diverting, possessing, and/or administering controlled substances as alleged herein, Dr. Thomson violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate NRS 453.336(1), NRS 453.381(1) and/or (2); and is subject to discipline pursuant to NRS 453.231(1)(a) and/or NRS 453.236 and/or NRS 453.241 and or NRS 639.210(4) and/or (11) and/or NRS 639.255(3).

COUNT FOUR

Unprofessional Conduct - Diversion

30. By diverting controlled substances as alleged herein, Dr. Thomson engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is subject to discipline pursuant to NRS 639.210(4) and/or (12), NRS 639.255(3).

COUNT FIVE

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

31. By diverting controlled substances as alleged herein, Dr. Thomson was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT SIX

Unlawful Administration and of a Controlled Substance

32. By knowingly self-administering controlled substances and becoming under the influence of a controlled substance without a prescription during work hours, Dr. Thomson violated NRS 453.411 and is subject to discipline pursuant to NRS 453.231(1)(a) and/or NRS 453.236 and/or NRS 453.241 and/or NRS 639.255(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 7th day of February 2023.

J. David Wuest, RPH, Executive Secretary of the Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GEMMA MCKENZIE THOMSON, DVM,** **Certificate of Registration No. CS33508,** **Respondent.**	**Case No. 22-542-CS-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

2. You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241. To do so, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within. NRS 622A.320; NRS 639.243.

3. **The Board has scheduled your hearing on this matter for Wednesday, March 8, 2023, at 9:00 AM PST or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 1st day of February 2023.

NEVADA STATE BOARD
OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SHERRI ANN MICONE, APRN,** **Certificate of Registration No. CS19958,** **Respondent.**	**Case No. 25-369-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Sherri Ann Micone, APRN ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS19958.

FACTUAL ALLEGATIONS

2. Respondent is an advanced practice registered nurse ("APRN") who has been licensed by the Nevada State Board of Nursing since 2004. She has been registered to prescribe dangerous drugs and controlled substances since 2011.

3. At all times relevant to this accusation, Respondent was employed as the medical director of Belle LaVie LLC ("Belle LaVie").

4. Belle LaVie was owned by Mary Jenelle Castillo, RN ("Castillo"). Castillo is not a Nevada-licensed practitioner as defined by NRS 639.0125 and NRS 453.126.

5. Respondent believed Belle LaVie was operated out of Salons by JC at 145 Disc Drive, Suite 109, in Sparks, Nevada; however, she never visited the business in person. In fact, Castillo operated Belle LaVie out of her personal residence in Sparks, Nevada.

6. On or about September 11, 2025, the Board received a referral from the Nevada State Board of Nursing ("NSBN") regarding Castillo and Belle LaVie.

7. According to the Board's investigation, between June 2022 and November 2025, Respondent permitted Castillo to receive, store, possess, and/or administer dangerous drugs, including, without limitation, dermal fillers and neuromodulator botulinum toxins, at Castillo's personal residence without Respondent's supervision.

8. Respondent saw Belle LaVie patients for telehealth consultations only and would provide a "standing order" for patients who were approved to receive prescription medications. Respondent left the specifics of administration, including dosage, to Castillo's discretion.

9. Respondent provided her name and license number to Castillo for the purpose of ordering prescription medications. Respondent did not confirm the quantities of medication that Castillo ordered, the location that the drugs were shipped to, or how they were stored after receipt.

10. Respondent authorized Casillo to order, purchase, and store up to six months' worth of the manufacturer's recommended amount of each drug per patient, with patients to be re-evaluated by Respondent after six months. Respondent did not supervise Castillo in the provision of on-site medical treatment at Belle LaVie, including the administration of dangerous drugs such as dermal fillers and neuromodulator botulinum toxins by injection.

11. On November 25, 2025, Respondent reported to the Board that she had recovered dangerous drugs from Castillo's residence. The drugs included Versa+ and Versa Lips+, hyaluronic acid dermal fillers, DeScribe PFD, an "Rx only" perfluorodecalin-infused gel, and Xeomin, a neuromodulator botulinum toxin.

12. In at least one instance, Respondent's failure to supervise Castillo while she performed injections on a patient resulted in patient harm. On or about February 25, 2025, Castillo injected patient T.M. with a parenteral solution. Patient T.M. required medical assistance after the procedure and suffered permanent damage to her upper lip. Respondent was not present during the

injection and did not provide an individualized prescription for the drugs administered to patient T.M.

13. On or about November 25, 2025, the Board issued a cease-and-desist order with a citation and fine against Castillo for unlicensed activity. On or about March 12, 2026, the NSBN took disciplinary action against Castillo, who admitted to performing cosmetic procedures in her personal residence without provider assessments or provider supervision.

APPLICABLE LAW

14. No person may possess, furnish, or administer, including administration by injection, a dangerous drug in Nevada without specific statutory authority to do so. NRS 454.213; NRS 454.217; NRS 454.221; NRS 454.316; NRS 454.321; NRS 454.356; NRS 454.510; NRS 639.100(1); NRS 639.1375.

15. No person may purchase supplies of dangerous drugs for office administration to patients excepted as permitted by NRS 639.268 and NAC 639.742.

16. All controlled substances and dangerous drugs in the possession of an APRN must be kept in a locked storage area with access restricted to authorized persons. NAC 639.898(1).

17. The Board may suspend or revoke the registration of an APRN that has failed to maintain the security of his or her drug supply. NAC 639.900(12).

18. A practitioner shall keep and maintain complete, accurate, and readily retrievable records accounting for all dangerous drugs purchased and sold on prescription, dispensed, furnished, or disposed of otherwise. NRS 454.286.

19. It is unlawful for a registered nurse or APRN to inject a neuromodulator derived from botulinum toxin in a patient or customer "at a location other than a medical facility, as defined in NRS 449.0151, or the office of a physician or physician assistant licensed pursuant to chapter 630 or 633 of NRS, dentist, advanced practice registered nurse or podiatric physician." NRS 454.217(1).

20. The Board may revoke or suspend the registration of an APRN who has violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate any law or regulation relating to drugs, including, without limitation, any provision of chapter 453, 454, 585, or 639 of the NRS or the NAC. NRS 639.210(12); NAC 639.900(10) and (14).

21. The Board may revoke or suspend the registration of an APRN who is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NAC 639.900(4).

22. Unprofessional conduct includes, but is not limited to, performing any duties as the holder of a registration in an incompetent, unskillful, or negligent manner and aiding or abetting a person in unlicensed practice. NAC 639.945(1)(i) and (j).

23. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e).

COUNT ONE

Violations of State Law - Failure to Maintain Security of Dangerous Drugs

24. As alleged above, Respondent permitted Castillo to use Respondent's credentials as a Nevada-licensed practitioner to purchase dangerous drugs, to maintain an unsecured inventory of dangerous drugs, and to access those dangerous drugs outside Respondent's presence and without Respondent's supervision.

25. Therefore, Respondent violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate NAC 639.898(1) and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 639.210(12), and/or NAC 639.900(12).

\\\

\\\

\\\

COUNT TWO
Violations of State Law - Recordkeeping

26. As alleged above, Respondent failed to keep and maintain complete, accurate, and readily retrievable records of all dangerous drugs purchased by and sold on prescription, dispensed, furnished, or disposed of otherwise at Belle LaVie using her credentials as a Nevada-licensed practitioner.

27. Therefore, Respondent violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate NRS 454.286 and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 639.210(12), and/or NAC 639.900(14).

COUNT THREE
Violations of State Law – Improper Injection of Neuromodulators

28. As alleged above, Respondent permitted Castillo to inject patients with neuromodulators derived from botulinum toxin at a personal residence, which did not meet the requirements of NRS 454.217(1)(c).

29. Therefore, Respondent violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate NRS 454.217(1) and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 639.210(12), and/or NAC 639.900(14).

COUNT FOUR
Unprofessional Conduct

30. By her conduct as alleged herein, Respondent aided and abetted unlicensed practice and performing her duties as a holder of a controlled substance registration in an incompetent, unskillful, or negligent manner, which constitutes unprofessional conduct as defined in NAC 639.945(i) and (j), and is subject to discipline pursuant to NRS 639.210(4) and/or NAC 639.900(4).

COUNT FIVE
Commission of Acts that Render Registration Inconsistent with Public Interest

31. By her conduct as alleged herein, Respondent has committed acts that render registration inconsistent with public interest and is subject to discipline pursuant to NRS 453.236(1)(e).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to Respondent's Certificate of Registration No. CS19958.

Signed this 4th day of August 2026.

Yenh Long, Pharm.D.,
Deputy Executive Secretary of the Nevada State Board of Pharmacy, for and on behalf of J. David Wuest, R.Ph., Executive Secretary of the Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SHERRI ANN MICONE, APRN,** **Certificate of Registration No. CS19958,** **Respondent.**	**Case No. 25-369-CS-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Amy Steelman, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **aksteelman@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. FILED
JUL 14 2026
NEVADA STATE BOARD
OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **VLADIMIR MITYUSHIN, RPH,** **Certificate of Registration No. 17247,** **Respondent.**	**CASE NO. 25-279-RPH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because at the time of the events alleged herein, Respondent Vladimir Mityushin, RPh, Certificate of Registration No. 17247, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent was employed as a staff pharmacist of Humbolt General Hospital (HGH), located in Winnemucca, NV, during the relevant times frame herein.

3. Between April 24, 2025, and June 25, 2025, HGH managing pharmacist Joseph Simonson (Simonson) discovered three (3) significant sterile compounding errors made by Respondent.

4. Each of the three errors occurred in the course of compounding Immediate-Use compound sterile preparations (CSP) intended for direct and immediate administration to a single patient in urgent situations and exempt from USP-797 requirements if specific criteria are met, such as involving no more than three different sterile products and starting administration within

four hours of preparation. Immediate-Use CSP do not require a detailed compounding record be maintained, rather, USP-797 requires the following:

- The name and identification number of the patient.
- The name and amount of each ingredient of the compounded drug product.
- The initials of the person who compounded the compounded drug product; and
- The exact date and time of expiration of the compounded drug product.

Accordingly, there are no detailed compounding records, and the evidence of compounding error primarily lies with the personal observations of pharmacy staff and the immediate review of compounding notes reviewed by Simonson.

5. On April 24, 2025, Respondent compounded a Benlysta IV infusion for patient M.B. Pharmaceutical technician Susan Larson witnessed and reported potential error in in the compounding process to Simonsen. Upon review Simonsen determined that Respondent compounded the Benlysta IV infusion as 920mg rather than 863mg as prescribed. After administration of the medication the patient suffered infusion fatigue.

6. During the early morning hours of April 30, 2025, Respondent compounded a Ampicillin IV infusion for 6-month-old patient W.E.L.S. When Simonsen reported to work at approximately 6:00 AM he reviewed medications compounded overnight in his absence. Upon reviewing the Ampicillin compound notes for patient W.E.L.S., Simonsen discovered that Respondent compounded the Ampicillin at 50mg/ml rather than as 100mg/ml as prescribed. When questioned Respondent asserted that 50mg/ml Ampicillin is the standard, but admitted to Simonsen that he did not confirm the dose with the prescriber. Simonsen contacted the prescriber, who confirmed the intent to prescribe 100mg/ml Ampicillin. Simonsen subsequently compounded a second 50mg/ml dose of Ampicillin; both compounds were administered to the patient with no resulting harm.

7. During the early morning hours of June 25, 2025, Respondent compounded a multi-vitamin "Banana Bag" IV infusion for patient B.L.R. When Simonsen reported to work at approximately 6:00 AM he reviewed medications compounded overnight in his absence. Upon

reviewing the "Banana Bag" compound notes for patient B.L.R., Simonsen discovered that Respondent compounded the medication using all five (5) ingredients prescribed. However, USP-797 guidelines for Immediate-Use CSP state that the preparation must involve "no more than three different sterile products." Accordingly, Respondent violated USP-797 since the five (5) ingredients should have been prepared with three (3) ingredients in one IV bag and two (2) ingredients in another, then administered to the patient via IV concurrently through the piggyback method (IVPB). There was no resulting harm to the patient.

8. On July 8, 2025, Respondent was terminated from his employment with HGH for cause attributable in pertinent part to the compounding errors.

APPLICABLE LAW

9. A pharmacist engaged in the practice of compounding drug products and dispensing compounded drug products in Nevada shall comply with the provisions of NAC 639.661 -.690, *inclusive*, as amended by LCB File No. R053-24, and related federal law, 21 U.S.C. § 353a, establishing national standards for compounding medications.

10. A pharmacist engaged in the practice of compounding sterile drug products shall comply with chapter 797 of the *United States Pharmacopeia - National Formulary* (USP-797). NAC 639.67053 as amended by section 23 of LCB File No. R053-24.

11. Failing to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription constitutes unprofessional conduct or conduct contrary to the public interest as defined in NAC 639.945(1)(d) and is grounds for suspension or revocation of any registration issued by the Board. NRS 639.210(4).

12. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest as defined in NAC 639.945(1)(i) and is grounds for suspension or revocation of any registration issued by the Board. NRS 639.210(4).

13. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

14. The Board may suspend or revoke a registration if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

COUNT ONE

Error in Compounding a Prescription/Violation of Federal and State Sterile Drug Compounding Law/Unprofessional Conduct
(Benlysta IV infusion for patient M.B.)

15. By his error in compounding the Benlysta IV infusion for patient M.B. as alleged in paragraph 5 herein, Respondent violated 21 U.S.C. § 353a, applicable USP-797 standards for compounding Immediate-Use CSP, and/or NAC 639.67053 as amended by section 23 of LCB File No. R053-24, and is subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

COUNT TWO

Error in Compounding a Prescription/Violation of Federal and State Sterile Drug Compounding Law/Unprofessional Conduct
(Ampicillin IV infusion for patient W.E.L.S.)

16. By his error in compounding the Ampicillin IV infusion for patient W.E.L.S. as alleged in paragraph 6 herein, Respondent violated 21 U.S.C. § 353a, applicable USP-797 standards for compounding Immediate-Use CSP, and NAC 639.67053 as amended by section 23 of LCB File No. R053-24, and is subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

\\\

\\\

\\\

\\\

\\\

\\\

COUNT THREE

Error in Compounding a Prescription/Violation of Federal and State Sterile Drug Compounding Law/Unprofessional Conduct ("Banana Bag" IV infusion for patient B.L.R.)

17. By his error in compounding the "Banana Bag" IV infusion for patient B.L.R. as alleged in paragraph 7 herein, Respondent violated 21 U.S.C. § 353a, applicable USP-797 standards for compounding Immediate-Use CSP, and NAC 639.67053 as amended by section 23 of LCB File No. R053-24, and is subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 14th day of July 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **VLADIMIR MITYUSHIN, RPH,** **Certificate of Registration No. 17247,** **Respondent.**	**CASE NO. 25-279-RPH-N** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Vladimir Mityushin, RPh, Certificate of Registration No. 17247, **HEREBY STIPULATE AND AGREE THAT**:

1. On or about July 20, 2026, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing. Respondent is entering this Stipulation in lieu of filing an Answer and Notice of Defense to the Accusation.

2. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

3. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights

to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*: by his errors in compounding sterile drug products, Respondent violated 21 U.S.C. § 353a, applicable USP-797 standards for compounding Immediate-Use CSP, and/or NAC 639.67053 as amended by section 23 of LCB File No. R053-24, and/or engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

6. Those violations are plead with particularity in the Accusation and grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties. The certificate of registration of Vladimir Mityushin, RPh, Certificate of Registration No. 17247, is suspended for a period of one (1) year pursuant to NRS 639.255(1)(c). The suspension is stayed, and Respondent is placed on probation pursuant to NRS 639.255(1)(b) subject to the following conditions:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of One Thousand Five Hundred Dollars ($1,500.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by December 1, 2026;

B. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs, by personal, business, certified or cashier's check or money order made payable to the "Nevada

State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by December 1, 2026;

C. Consistent with NAC 639.67013, Respondent **shall not** engage in compounding sterile drug products until completing a minimum of twenty (20) hours of continuing education specifically related to sterile compounding in compliance with chapter 797 of the *United States Pharmacopeia - National Formulary* (USP-797), as required by NAC 639.67053, as amended by Section 23 of LCB File No. R053-24, and providing documentation of successful completion to Board staff; and

D. While on probation, Respondent shall comply with all federal and state statutes and regulations regarding controlled substances, dangerous drugs, and the practice of pharmacy, shall have no additional administrative charges filed by the Board, and shall have no action taken that would be reportable pursuant to NAC 639.229.

Upon successful completion of probation, Respondent's Certificate of Registration No. 17247 will be fully restored.

8. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may lift the stay of suspension and immediately suspend Certificate of Registration No. 17247 and impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

9. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 2, 2026. Respondent will appear in person or through counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

10. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

11. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **BESPOKE PHARMACEUTICALS, LLC, License No. PH04719,** **Respondent.**	**CASE NO. 25-385-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because, at the time of the events alleged herein, Respondent Bespoke Pharmaceuticals, LLC, License No. PH04719 (Bespoke), located at 5795 North Hollywood Boulevard in North Las Vegas, Nevada, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. On or about December 3, 2024, an application to operate a pharmacy in Nevada was submitted by Riccardo Roscetti (2024 Application). The 2024 Application identified Bespoke Pharmaceuticals, LLC, a Nevada limited-liability company, as the owner.

3. The 2024 Application identified the following individuals as officers/directors of Bespoke Pharmaceuticals, LLC: Irina Gampel as manager, Irina Sarafyan as manager, Petr Viskovatykh as manager, and Riccardo Roscetti as CEO/President.

4. The 2024 Application identified Eric L. Sparks as managing pharmacist and Riccardo Roscetti as the "designated person."

5. The 2024 Application identified the following as members with an ownership interest in Bespoke Pharmaceuticals, LLC:

- Rise Equipment, LLC, a Wyoming limited-liability company, with 50.1% ownership
- PharmaX, LLC, a Nevada limited-liability company, with 29.9% ownership
- Resolve Pharmaceutical, LLC, state of formation undisclosed, with 20.0% ownership

6. On March 6, 2025, the following individuals appeared before the Board and testified under oath on the 2024 Application: Eric L. Sparks, Riccardo Roscetti, Petr Viskovatykh, introduced as an owner, and Michael Tiraturian, introduced as an interpreter for Viskovatykh.

7. The 2024 Application was approved and Bespoke Pharmaceuticals, LLC, was issued License No. PH04719 on June 17, 2025.

8. The representations on the 2024 Application do not comport with Bespoke Pharmaceuticals, LLC's filings with the Nevada Secretary of State (NV SOS), which listed Irina Gampel, Irina Sarafyan, Riccardo Roscetti, Elena Rabinovich and Mark Rabinovich as officers at the time the 2024 Application was submitted.

9. Bespoke Pharmaceuticals, LLC's filings with the NV SOS further disclose that since its formation on October 30, 2020, officer information has routinely changed, and two individuals, Yury Gampel and Michael Tiraturian, were listed as recently as February 2023.

10. Yury Gampel and Irina Gampel are married and Michael Tiraturian and Irina Sarafyan are married.

11. On or about May 5, 2025, an application to operate an outsourcing facility in Nevada was submitted by Fadi Abdel (2026 Application). The 2026 Application identified Bespoke Pharmaceuticals, LLC, a Nevada limited-liability company, as the owner.

12. The 2026 Application identified Irina Gampel and Irina Sarafyan as managers of Bespoke Pharmaceuticals, LLC.

13. The 2026 Application identified Jaymie Padero as managing pharmacist and Japheth Noah as the "designated person."

14. The 2026 Application identified the following as members with an ownership interest in Bespoke Pharmaceuticals, LLC:

- Rise Equipment, LLC, a Wyoming limited-liability company, with 50.1% ownership
- PharmaX, LLC, a Nevada limited-liability company, with 49.9% ownership

15. The representations on the 2026 Application do not comport with Bespoke Pharmaceuticals, LLC's filings with the Nevada Secretary of State (NV SOS), which listed Irina Gampel, Irina Sarafyan and Elena Rabinovich as officers at the time of submission.

16. The representations on the 2024 Application, on the 2026 Application and during testimony before the Board on March 6, 2025, misrepresented and/or failed to fully disclose that Yury Gampel is a person beneficially interested in Bespoke Pharmaceuticals, LLC: Riccardo Roscetti testified to the Board on March 6, 2025, that the owners of the companies listed in the 2024 Application were the owners of Bespoke Pharmaceuticals, LLC, and PharmaX, LLC's filings with the NV SOS list Yury Gampel and Irina Gampel as managers/owners for the relevant timeframe.

17. The representations on the 2024 Application, on the 2026 Application and during testimony before the Board on March 6, 2025, misrepresented and/or failed to fully disclose that an action brought on behalf of the United States against Yury Gampel in his ownership and operation of a chain of medical labs for violations of the False Claims Act, 31 U.S.C. § 3729, Stark Law, 42 U.S.C. § 1395nn, and Anti-Kickback Law, 42 U.S.C. § 1320a-7b(b), is pending in the United States District Court for the District of Arizona, *United States ex rel. Radhakrishnan v. Gampel*, Case No. CV-20-00176-PHX-GMS.

18. The representations on the 2024 Application, 2026 Application and during testimony before the Board on March 6, 2025, misrepresented and/or failed to fully disclose that Michael Tiraturian is a person beneficially interested in Bespoke Pharmaceuticals, LLC, and

misrepresented and/or failed to fully disclose that Michael Tiraturian has a criminal record: Riccardo Roscetti testified to the Board on March 6, 2025, that the owners of the companies listed in the 2024 Application were the owners of Bespoke Pharmaceuticals, LLC, and Rise Equipment, LLC's filings with the Wyoming Secretary of State indicate that Tiraturian is a manager/owner for the relevant timeframe.

19. On or about May 13, 2026, Bespoke voluntarily surrendered License No. PH04719.

APPLICABLE LAW

20. An applicant to operate a pharmacy or outsourcing facility must submit a complete and accurate application. NAC 639.500(2); NAC 639.6915(1).

21. An application must disclose information as to each person beneficially interested therein. If the applicant is a partnership or other unincorporated association, "person beneficially interested" means each partner or member and the applicant must make certain disclosures. Upon the request of the Executive Secretary of the Board, the applicant shall furnish the Board with information as to partners, members or stockholders not named in the application or shall refer the Board to an appropriate source of such information. NRS 639.231.

22. A license to operate a pharmacy is not transferable and the holder must apply for or submit written notice as to a change of ownership when required by law. NRS 639.230(2); NAC 639.227.

23. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 639. NRS 639.281(1).

24. Willfully making a materially false statement or falsifying records in the course of a Board investigation is a criminal offense and grounds for suspension or revocation of any license or registration issued by the Board. NRS 197.190; NRS 639.210(9).

25. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent, is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

26. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest as defined in NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

27. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

28. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5). Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

COUNT ONE
Furnishing False Material Information to Board/
Violations of State Law/Unprofessional Conduct

29. Bespoke Pharmaceuticals, LLC, its owners and/or officers misrepresented and/or failed to fully disclose all persons beneficially interested in Bespoke Pharmaceuticals, LLC, on the 2024 Application, on the 2026 Application and during testimony before the Board on March 6, 2025, as alleged in paragraphs 2-18 herein, and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 197.190, NRS 639.230(2), NRS 639.231, NRS 639.281(1), NAC 639.227, NAC 639.500(2) and/or NAC 639.6915(1), were party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest in violation of NAC 639.945(1)(h), and Bespoke

Pharmaceuticals, LLC, is therefore subject to discipline pursuant to NRS 639.210(4), (9) and/or (12).

COUNT TWO
Obtaining Registration by False or Fraudulent Application

30. Bespoke Pharmaceuticals, LLC, its owners and/or officers misrepresented and/or failed to fully disclose all persons beneficially interested in Bespoke Pharmaceuticals, LLC, on the 2024 Application and during testimony before the Board on March 6, 2025, when obtaining License No. PH04719, as alleged in paragraphs 2-10 and 16-18 herein, and Bespoke Pharmaceuticals, LLC, is therefore subject to discipline pursuant to NRS 639.210(10).

COUNT THREE
Pharmacy/Pharmacy Owner Responsibility

31. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Bespoke is responsible for those violations, including all errors and omissions of its owners and/or officers, pursuant to NRS 639.230(5) and NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 4th day of August 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **BESPOKE PHARMACEUTICALS, LLC,** **License No. PH04719,** **Respondent.**	**Case No. 25-385-PH-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Brett Kandt, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DANA RALPH MARKS, MD,** **Certificate of Registration No. CS09880,** **Respondent.**	**Case No. 25-408-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because, at the time of the events alleged herein, Respondent Dana Ralph Marks, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS09880, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about October 15, 2025, the Nevada State Board of Medical Examiners (NSBME) filed charges in Case No. 25-18131-1 and summarily suspended Respondent's License No. 9358 to practice medicine for engaging in conduct in violation of NRS Chapter 630.

3. On or about October 20, 2025, Board staff served Respondent with notice that the suspension of his NSBME License No. 9358 to practice medicine operated as an immediate suspension of his Certificate of Registration No. CS09880 with the Board pursuant to NRS 639.2107, and that Respondent must immediately cease and desist possessing, administering, prescribing and/or dispensing controlled substances in the state of Nevada.

4. On or about October 24, 2025, Respondent surrendered his Registration No. BM5206405 to the Drug Enforcement Administration by executing a DEA Form 104 – "Surrender for Cause of DEA Certificate of Registration."

5. On or about June 5, 2026, Respondent entered into a settlement agreement with the NSBME in Case No. 25-18131-1 and surrendered his NSBME License No. 9358 to practice medicine for violation of NRS 630.3065(2)(a) (knowingly or willfully failing to comply with a Board order) and NRS 630.306(1)(h) (having an alcohol or other substance use disorder).

APPLICABLE LAW

6. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance in Nevada. 21 U.S.C. § 822(a)(2) and (e)(1); 21 U.S.C. § 823(f); 21 C.F.R. § 1301.12; 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.321(1)(a); NRS 639.100(1); NRS 639.235(1).

7. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

8. The Board may suspend or revoke a registration if the holder has a substance use disorder. NRS 639.210(5).

9. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

10. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Violations of Federal Controlled Substances Act

11. By surrendering his DEA Registration No. BM5206405 for cause, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate the federal Controlled Substances Act 21 U.S.C. Chapter 13 and 21 CFR Chapter II, and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(11).

COUNT TWO

Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

12. By his actions and omissions as detailed in the NSBME in Case No. 25-18131-1, Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(4).

COUNT THREE

Substance Abuse Disorder

13. By his substance use disorder as detailed in the NSBME Case No. 25-18131-1, Respondent is subject to discipline pursuant to NRS 639.210(5).

COUNT FOUR

Commission of Acts that Render Registration Inconsistent with the Public Interest

14. By his actions and omissions as alleged herein, Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1)(e) and NRS 453.241(1).

COUNT FIVE

Not Qualified for Controlled Substance Registration

15. By surrendering his NSBME License No. 9358 to practice medicine and his DEA Registration No. BM5206405 for cause, Respondent no longer qualifies for registration to dispense controlled substances under federal or state law and his Certificate of Registration No. CS09880 is subject to revocation pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 21st day of July 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DANA RALPH MARKS, MD,** **Certificate of Registration No. CS09880,** **Respondent.**	**Case No. 25-408-CS-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Brett Kandt at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 21st day of July 2026.

Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DANA RALPH MARKS, MD,** **Certificate of Registration No. CS09880,** **Respondent.**	**Case No. 25-408-CS-N** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: (State specific objections or insert "none").

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies and alleges as follows:

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

DATED this _____ day of _____ 2026.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DANA RALPH MARKS, MD,** **Certificate of Registration No. CS09880,** **Respondent.**	**Case No. 25-408-CS-N** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Dana Ralph Marks, MD, Certificate of Registration No. CS09880, by and through counsel, Lyn E. Beggs, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. On or about July 21, 2026, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing. Respondent is entering into this Stipulation in lieu of filing an Answer and Notice of Defense to the Accusation.

2. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

3. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with

the provisions of this Stipulation, Respondent hereby freely and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. By his substance abuse disorder as detailed in the Nevada State Board of Medical Examiners (NSBME) Case No. 25-18131-1, Respondent has committed acts that render his registration inconsistent with the public interest, performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(4) and (5); and

B. By surrendering his NSBME License No. 9358 to practice medicine and his DEA Registration No. BM5206405 for cause, Respondent no longer qualifies for registration to dispense controlled substances under federal or state law and his Certificate of Registration No. CS09880 is subject to revocation pursuant to NRS 453.236(1) and NRS 453.241(1).

6. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1)(e), NRS 453.241(1), NRS 639.210 and/or NRS 639.255.

7. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. The registration of Respondent Dana Ralph Marks, MD, Certificate of Registration No. CS09880, is hereby revoked pursuant to NRS 453.241(l)(b).

B. Respondent may not possess (except pursuant to the lawful order of a practitioner), administer, prescribe or dispense a controlled substance until he has petitioned the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates his certificate of registration.

C. Pursuant to NRS 622A.410(1) and 639.257(1), Respondent may not petition for reinstatement of his certificate of registration for a period of one (1) year from the effective date of this Order.

D. In the event Respondent applies for reinstatement of his certificate of registration, or applies for any other certificate, license or permit with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

E. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1000.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by October 2, 2026.

8. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

9. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 2, 2026. Respondent will appear in person or through counsel at the meeting to answer questions from the

Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

10. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

11. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD
OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ADAM MANSOUR, RPH,** **Certificate of Registration No. 20107,** **Respondent.**	**CASE NO. 26-138-RPH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because at the time of the events alleged herein, Respondent Adam Mansour, RPh, Certificate of Registration No. 20107, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. On or about May 22, 2024, in case no. 24-186-RPH-N Board staff issued a citation to Respondent and imposed a $500 fine for failing to complete the thirty (30) hours of continuing education required by NAC 639.330 for the biennial registration period starting November 1, 2021, and ending on October 31, 2023.

3. Respondent failed to complete the thirty (30) hours of continuing education required by NAC 639.330 for the biennial registration period starting November 1, 2023, and ending on October 31, 2025.

4. Respondent attempted to submit the Nevada law continued education credit he claimed in the 2023-25 CE audit for credit.

APPLICABLE LAW

5. The Board shall not renew the certificate of any registered pharmacist until the applicant submits proof to the Board of receipt of 30 continuing education units within the biennium immediately preceding the current renewal period. NRS 639.2174; NAC 639.330(1).

6. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest as defined in NAC 639.945(1)(i) and is grounds for suspension or revocation of any registration issued by the Board. NRS 639.210(4).

7. The Board may suspend or revoke a registration if the holder has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

COUNT ONE
Violation of State Law/Unprofessional Conduct

8. Respondent engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and violated NRS 639.2174 and NAC 639.330(1) when he failed to complete the thirty (30) hours of continuing education required by NAC 639.330 for the biennial registration period, and is subject to discipline pursuant to NRS 639.210(4) and/or (12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 14th day of JULY 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ADAM MANSOUR, RPH,** **Certificate of Registration No. 20107,** **Respondent.**	**Case No. 26-138-RPH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Brett Kandt at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 14th day of JULY 2026.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ERIC A. LAWRENCE, RPH,** **Certificate of Registration No. 20626,** **Respondent.**	**CASE NO. 26-255-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because at the time of the events alleged herein, Respondent Eric A. Lawerence, RPh, Certificate of Registration No. 20626, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent was employed as a pharmacist by CVS Pharmacy #16854, Pharmacy License No. PH01805, located at 4155 S. Grand Canyon Drive in Las Vegas, at the time of the events alleged herein.

3. On or about May 23, 2026, CVS Pharmacy #16854 commenced an investigation that produced evidence that Respondent regularly diverted Schedule II controlled substances, specifically Adderall and/or ADHD medications.

4. Respondent admitted in a written statement to CVS Pharmacy Loss Prevention on June 1, 2026, and again in a recorded interview with a Board investigator on July 8, 2026, to

diverting for his own personal use one to two tablets from patient's prescriptions for ADHD medications while filling them, approximately once per shift, at several CVS pharmacies beginning in October 2025.

5. On or about July 8, 2026, Respondent was suspended from employment by CVS Health due to drug diversion.

APPLICABLE LAW

6. It is a felony offense to acquire a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 843(a)(3); 21 U.S.C. § 846; NRS 453.331(1)(d); NRS 453.391(1).

7. It is a felony offense to possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 844; 21 U.S.C. § 846; NRS 453.336(1); NRS 453.381(8)

8. It is a criminal offense to use a controlled substance except as authorized by law. 42 U.S.C. § 12210; NRS 453.411(1).

9. Supplying or diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

10. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

11. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

12. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

COUNT ONE
Unlawful Acquisition of Controlled Substances

13. By diverting and acquiring controlled substances as alleged herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 841(a), 21 U.S.C. § 843(a)(3), 21 U.S.C. § 846, NRS 453.331(1)(d) and/or NRS 453.391(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12).

COUNT TWO
Unlawful Possession of Controlled Substances

14. By diverting and possessing controlled substances as alleged herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 841(a), 21 U.S.C. § 844, 21 U.S.C. § 846, NRS 453.336(1), NRS 453.381(8) and/or NRS 454.316(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12).

COUNT THREE
Unlawful Use of Controlled Substances

15. By diverting and using controlled substances as alleged herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 42 U.S.C. § 12210 and/or NRS 453.411(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12).

COUNT FOUR
Unprofessional Conduct – Diversion

16. By diverting controlled substances as alleged herein, Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(g) and is subject to discipline pursuant to NRS 639.210(4).

COUNT FIVE

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

17. By diverting controlled substances as alleged herein, Respondent was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 5th day of August 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ERIC A. LAWRENCE, RPH,** **Certificate of Registration No. 20626,** **Respondent.**	**Case No. 26-255-RPH-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Brett Kandt, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 5th day of AUGUST 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ERIC A. LAWRENCE, RPH,** **Certificate of Registration No. 20626,** **Respondent.**	**Case No. 26-255-RPH-S** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: (State specific objections or insert "none").

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies and alleges as follows:

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

DATED this _____ day of _____ 2026.

_____

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SEAN ARORA, M.D.,** **Certificate of Registration No. CS31476,** **CASSIE GIFFORD, APRN,** **Certificate of Registration Nos. CS34942 and PR18034,** **GABRIELLE MCINTYRE, APRN,** **Certificate of Registration No. PR17484, and** **ALLISON JAGGARD, APRN,** **Certificate of Registration No. PR17499,** **Respondents.**	**Case Nos. 24-509-CS-N** **24-509-PR-A-N** **24-509-PR-B-N** **24-509-PR-C-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Sean Arora, M.D., ("Respondent Arora"), because Respondent Arora holds a certificate of registration issued by the Board authorizing him to prescribe controlled substances in Nevada. Respondent Arora holds certificate of registration no. CS31476, which was issued by the Board pursuant to NRS 453.226 and 453.231.

2. The Board has personal jurisdiction over Respondent Cassie Gifford, APRN, ("Respondent Gifford"), because Respondent Gifford holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent Gifford holds certificate of

registration no. PR18034, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.[1]

3. The Board has personal jurisdiction over Respondent Gabrielle McIntyre, APRN, ("Respondent McIntyre"), because Respondent McIntyre holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR17484, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.

4. The Board has personal jurisdiction over Respondent Allison Jaggard, APRN, ("Respondent Jaggard"), because Respondent Jaggard holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR171499, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations involving the purchase, receipt, storage, possession, prescribing and/or dispensing of dangerous drugs and controlled substances. As used herein, "dangerous drug" has the meaning ascribed to it in NRS 454.201, and "controlled substance" means a substance listed in NAC 453.510 to NAC 453.550, inclusive, or in 21 CFR Part 1308.

FACTUAL ALLEGATIONS

6. Respondent Arora is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada. At all times alleged herein, Respondent Arora was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

7. Respondent Gifford is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent

1. Respondent Gifford formerly held certificate of registration no. CS34942, authorizing her to prescribe controlled substances. Certificate of registration no. CS34942 was not renewed when it came due for renewal on November 1, 2024.

Gifford was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

8. Respondent McIntyre is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

9. Respondent Jaggard is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

10. In 2024, Respondent Arora formed a partnership or other business relationship with We Treat, a medical consulting firm based in San Diego, California. We Treat provides consulting services and regulatory compliance advice to medical spas and wellness clinics.

11. We Treat provided consulting services and compliance advice to Youth, Inc. (Youth Inc.), the owner of a medical spa and wellness clinic located at 695 Sierra Rose Drive in Reno, Nevada.

12. We Treat developed a manual of policies, procedures and protocols for use by Youth Inc. Respondent Arora approved these policies, procedures and protocols for use by Youth Inc.

13. Between April 2024 and March 2025, Youth Inc. provided various anti-aging and wellness treatments for its patients. These included cosmetic treatments using botulinum toxin type A and dermal fillers, treatments for weight loss using compounded tirzepatide and semaglutide products, hormone replacement using injectable hormones, and treatment for erectile dysfunction using sildenafil and tadalafil.

14. Between April 2024 and March 2025, Youth Inc. did not lock or otherwise secure the dangerous drugs and/or controlled substances in its possession.

15. In early 2025, Youth Inc. was in possession of stock bottles containing sildenafil, tadalafil, and metformin hydrochloride, all dangerous drugs. Youth Inc.'s representatives claimed that

they were not planning to dispense these drugs until after they had secured a dispensing license issued by the Board.

16. We Treat arranged for Respondent Arora to serve as the "medical director" for Youth Inc., a role that Respondent Arora assumed sometime between April and August 2024.

17. Respondent Arora served as Youth Inc.'s medical director until early 2025.

18. During Respondent Arora's tenure as Youth Inc.'s medical director, Respondent Arora worked and resided in Seattle, Washington. Respondent Arora never visited Youth Inc.'s facility in Reno, Nevada.

19. Sometime between April 2024 and March 2025, Youth Inc. engaged the services of Respondent Gifford, Respondent McIntyre and Respondent Jaggard. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard rarely, if ever, visited Youth Inc.'s facility in Reno, Nevada.

20. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed a prospective patient's medical questionnaire prior to the prospective patient's initial treatment at Youth Inc. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed these medical questionnaires from a remote location and never saw or spoke to patients prior to their initial treatments at Youth Inc.

21. After reviewing medical questionnaires, and despite not ever seeing the patients in question, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the use or administration of dangerous drugs and/or controlled substances.

22. Sometime between April 2024 and March 2025, Youth Inc. employed Maddison Weiss-Frank, a registered nurse. Ms. Weiss-Frank was not an advanced practice registered nurse and was not a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

23. Ms. Weiss-Frank worked under the direction and supervision of Rachel Gonzalez, the co-owner and chief executive officer of Youth Inc. Ms. Gonzalez was not a "practitioner" as that term

is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125. On information and belief, Ms. Gonzalez has no formal medical training.

24. Because there was never a practitioner present at the location, Youth Inc.'s facility at 695 Sierra Rose Drive in Reno, Nevada, was not a location where a registered nurse could lawfully inject a neuromodulator pursuant to NRS 454.217.

25. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank treated patients using prescription drugs and/or controlled substances. Ms. Weiss-Frank did not act under the direction or supervision of a practitioner.

26. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances. Ms. Weiss-Frank did not work under the direction or supervision of a practitioner.

27. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

28. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

29. Consistent with the practice described above, Youth Inc. returned single-use vials to stock even after the vials were punctured and therefore rendered unusable for subsequent treatments.

30. As the medical director for Youth Inc., Respondent Arora periodically reviewed purchase invoices and signed for shipments of dangerous drugs and/or controlled substances.

31. As the medical director for Youth Inc., Respondent Arora periodically reviewed patient medical questionnaires and treatment records.

32. As the medical director for Youth Inc., Respondent Arora periodically reviewed Youth Inc.'s policies, procedures and protocols related to the procurement, storage, possession and administration of dangerous drugs and controlled substances.

33. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances without direction or supervision by a practitioner.

34. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank treated patients with prescription drugs and/or controlled substances despite not working under the supervision or direction of a practitioner.

35. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

36. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

37. As Youth Inc.'s medical director, Respondent Arora had a duty to understand Nevada law as it governs the receipt, possession, storage, and distribution of dangerous drugs and controlled substances.

\\\

\\\

\\\

\\\

\\\

\\\

APPLICABLE LAW

38. It is unlawful for any person to engage in wholesale distribution, or permit to be distributed at wholesale, any drug or compound unless the person holds the appropriate certificate, license or permit issued by the Board. NRS 639.100(1).

39. To engage in wholesale distribution of any drug or compound in Nevada, a person must be licensed as a wholesaler or manufacturer, as applicable. NRS 639.100; NRS 639.233; NAC 639.593; NAC 639.6915.

40. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapters 453, 454, 639, or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12); NRS 453.236.

41. Additionally, the Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 453.236.

42. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner performs his or her duties as the holder of a certificate issued by the Board in an incompetent, unskillful, or negligent manner, or if the practitioner assists or abets a person not licensed to practice pharmacy in Nevada. NAC 639.945(1)(i) and (j).

43. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner prescribes or orders a dangerous drug or controlled substance for a person with whom the practitioner does not have a bona fide therapeutic relationship. NAC 639.945(1)(n).

44. "'Practice of pharmacy' includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a).

45. It is unlawful to possess, store, or administer dangerous drugs, including botulinum toxin type A and injectable dermal fillers, except as authorized by NRS 454.213.

46. It is unlawful to possess, store, or administer controlled substances, including testosterone, except as provided by NRS 453.375.

47. "Administer" means the direct application of a [dangerous drug or controlled substance] . . . whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject." NRS 453.021; NRS 454.191.

48. Pursuant to NRS 453.375, a registered nurse may not possess, store, or administer controlled substances except when working under the direction of a supervising practitioner.

49. Pursuant to NRS 454.213, a registered nurse may not possess, store, or administer dangerous drugs except at the direction of a supervising practitioner.

50. It is unlawful for a registered nurse to inject botulinum toxin type A in a patient or customer "at a location other than a medical facility, as defined in NRS 449.0151, or the office of a physician or physician assistant licensed [pursuant to applicable statutes]." NRS 454.217.

51. A person who maintains a stock of controlled substances and/or dangerous drugs must not commingle expired substances and unexpired substances in a storage area from which the substances are withdrawn from stock for administering or dispensing to patients. NAC 639.050(2).

52. A practitioner is subject to discipline if the practitioner causes or allows a dangerous drug to be dispensed in a manner not authorized by NRS 454.215 and NRS 454.301. *See* NRS 639.100; NRS 639.210(12).

53. The term "dispense" includes the prescribing by a practitioner, administering, packaging, labeling, or compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

54. It is unlawful to furnish drugs without a prescription. NRS 454.221.

55. "Furnish" means to supply by any means, by sale or otherwise. NRS 454.006.

\\\

COUNT ONE
Permitting Unlicensed Wholesale Distribution
(Respondent Arora)

56. As alleged above, Respondent Arora served as the medical director for Youth Inc.

57. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

58. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage purchases from unlicensed distributors such as GLP-1 Sciences, LLC. Respondent failed to implement such policies, procedures and protocols.

59. Given the facts and circumstances alleged above, Respondent Arora permitted the unlicensed wholesale distribution of compounded drug products in violation of NRS 639.100(1).

60. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

61. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT TWO
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondent Arora)

62. As alleged above, Respondent Arora served as the medical director for Youth Inc.

63. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered, received, possessed, and/or stored dangerous drugs and/or controlled substances. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

64. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of

Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

65. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the above persons from ordering, receiving, possessing, storing and/or furnishing dangerous drugs and/or controlled substances. Respondent Arora failed to implement such policies, procedures and protocols.

66. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the unlicensed practice of pharmacy.

67. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

68. Respondent Arora's acts and/or omissions as alleged above amount to conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(i) and (j).

COUNT THREE
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondent Arora)

69. As alleged above, Respondent Arora served as the medical director for Youth Inc.

70. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

71. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the repeated or recurring use of punctured single-use vials. Respondent failed to implement such policies, procedures and protocols.

72. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the above violations of NAC 639.050(2).

73. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

74. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FOUR
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondents Gifford, McIntyre and Jaggard)

75. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

76. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of injectable drugs contained within single-use vials.

77. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard had a duty to ensure that Youth Inc. did not make repeated or recurring uses of punctured single-use vials.

78. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that Youth Inc. did not return single-use vials to stock after the vials were punctured.

79. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard assisted or abetted in the above violations of NAC 639.050(2).

80. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

81. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FIVE
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondents Gifford, McIntyre and Jaggard)

82. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

83. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

84. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that dangerous drugs and/or controlled substances were administered under the direction or supervision of a practitioner. Dangerous drugs and/or controlled substances were not administered under the direction or supervision of a practitioner.

85. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard assisted or abetted the unlicensed practice of pharmacy by Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank.

86. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

87. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT SIX
Failure to Establish a Bona Fide Therapeutic Relationship with Patients
(Respondents Gifford, McIntyre and Jaggard)

88. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

89. Respondent Gifford, Respondent McIntyre and Respondent Jaggard never saw or spoke with the above patients for whom they authorized treatments with dangerous drugs and/or controlled substances.

90. Having failed to see or speak with the above patients, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard failed to establish a bona fide therapeutic relationship with the above patients prior to authorizing their initial treatments with dangerous drugs and/or controlled substances.

91. Respondents' conduct as alleged above amounts to unprofessional conduct and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(n).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of Respondent Sean Arora, Respondent Cassie Gifford, Respondent Gabrielle McIntyre, and Respondent Allison Jaggard.

DATED this 24th day of July 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CASSIE GIFFORD, APRN,** **Certificate of Registration Nos. CS34942 and PR18034,** **Respondent.**	**Case No. 24-509-PR-A-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 3, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and **zunino@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 24th day of JULY 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CASSIE GIFFORD, APRN,** **Certificate of Registration Nos. CS34942 and PR18034,** **Respondent.**	**Case No. 24-509-PR-A-N** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: (State specific objections or insert "none").

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies and alleges as follows:

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

DATED this _____ day of _____ 2025.

CS34942 and PR18034,** **GABRIELLE MCINTYRE, APRN,** **Certificate of Registration No. PR17484,** **ALLISON JAGGARD, APRN,** **Certificate of Registration No. PR17499,** **Respondents.**	**Case Nos.** **24-509-CS-N** **24-509-PR-A-N** **24-509-PR-B-N** **24-509-PR-C-N** **ANSWER AND NOTICE OF DEFENSE OF RESPONDENTS**

Respondents Sean Arora, M.D., Cassie Gifford, APRN, Gabrielle McIntyre, APRN, and Allison Jaggard, APRN, hereby file with the Nevada State Board of Pharmacy ("Board"), their Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on July 24, 2025.

ANSWER TO ACCUSATION

Jurisdiction: Paragraphs 1-5

Paragraph 1: Dr. Arora acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 1 of the Accusation to the extent that the matter pertains to controlled substances as he holds a controlled substance registration issued by the Board.

Paragraph 2: Ms. Gifford acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 2 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 3: Ms. McIntyre acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 3 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 4: Ms. Jaggard acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 4 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 5: Respondents acknowledge that the Board has jurisdiction in the matter to the extent that the matter involves dangerous drugs and controlled substances. Dr. Arora acknowledges that the Board has jurisdiction over the allegations pertaining to his acts or omissions to the extent they concern controlled substances.

Factual Allegations: Paragraphs 6-37

Paragraph 6: Dr. Arora agrees with the factual allegations as set forth in Paragraph 6.

Paragraph 7: Ms. Gifford agrees with the factual allegations as set forth in Paragraph 7.

Paragraph 8: Ms. McIntyre agrees with the factual allegations as set forth in Paragraph 8.

Paragraph 9: Ms. Jaggard agrees with the factual allegations as set forth in Paragraph 9.

Paragraph 10: Dr. Arora agrees with the factual allegations set forth in Paragraph 10 only to the extent that he entered into an independent contractor agreement with We Treat, LLC in 2024.

Paragraph 11: Respondents are without sufficient personal knowledge to respond to the factual allegations set forth in Paragraph 11 as to the types of services which were provided to Youth Inc. However, to the best of Respondents' knowledge, Youth Inc. did receive services from

We Treat related to medical clearances for patients, policies and protocols and compliance information.

Paragraph 12: Dr. Arora agrees with the factual allegations set forth in Paragraph 12 only to the extent that he reviewed and approved policies and protocols directly related to the provision of certain medical services. Dr. Arora was not involved, nor did he review or approve, policies and procedures related to any other matters involving Youth, Inc.

Paragraph 13: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 13.

Paragraph 14: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 14.

Paragraph 15: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 15.

Paragraph 16: Dr. Arora acknowledges that as part of his duties for We Treat, he was assigned as medical director for Youth, Inc. in approximately April 2024. Dr. Arora's duties as medical director included the review and approval of protocols for certain medical treatments performed at Youth, Inc., responding to patient specific questions from the clinic, and authorization of the ordering of certain dangerous drugs, to be done in accordance with compliance policies prepared by We Treat.

Paragraph 17: Dr. Arora agrees with the factual allegations contained in Paragraph 17 to the extent that he provided services to We Treat until January 2025, services which included acting as medical director for Youth,. Inc., which were limited to the duties set forth in the response to Paragraph 16.

Paragraph 18: Dr. Arora acknowledges that he was based in Seattle, Washington and that his duties for Youth, Inc. did not require him to be physically at Youth, Inc.'s location.

Paragraph 19: Respondent's Gifford, McIntyre, and Jaggard deny the factual allegations set forth in Paragraph 19. None of the named Respondents were engaged by Youth, Inc. to provide any services. All three Respondents were employees/independent contractors of We Treat which provided medical clearance screening of patients for Youth, Inc. through Nevada licensed practitioners.

Paragraph 20: Respondents Gifford, McIntyre, and Jaggard acknowledge that they reviewed and medically cleared patients for treatments performed at Youth, Inc. pursuant to medical protocols reviewed and approved by Dr. Arora and performed these reviews in accordance with policies and protocols developed and approved by We Treat, not Dr. Arora.

Paragraph 21: Respondents Gifford, McIntyre and Jaggard acknowledge that they medically cleared patients, if appropriate, after the review of medical information and authorized treatments to be performed pursuant to protocols approved by Dr. Arora which included standing orders for administration of certain drugs or the issuance of prescriptions pursuant to those protocols. No approved protocols for treatments authorized the administration of controlled substances at Youth, Inc.

Paragraph 22: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 22.

Paragraph 23: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 23.

Paragraph 24: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 24.

Paragraph 25: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 25.

Paragraph 26: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 26.

Paragraph 27: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 27.

Paragraph 28: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 28.

Paragraph 29: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 29.

Paragraph 30: Dr. Arora acknowledges that he would periodically review orders received for dangerous drugs and would sign, remotely for the same. Drugs were to be stored and accessed in accordance with policies and protocols developed by We Treat; Dr. Arora was not part of the development of those policies and procedures, nor was he asked to review them by We Treat. Dr. Arora denies that he ever signed off or approved of any shipments of controlled substances to Youth, Inc. and to his knowledge, no controlled substances were to be received or stored on-site at We Treat.

Paragraph 31: Dr. Arora denies the factual allegations contained in Paragraph 31, however he acknowledges that he would respond to patient specific questions posed to him and would review patient records at that time; however this occurred very rarely.

Paragraph 32: Dr. Arora denies the factual allegations contained in Paragraph 32. Dr. Arora was not responsible for the policies and procedures related to the procurement, storage, possession and/or administration of dangerous drugs or controlled substances other than approving

protocols directly related to the provision of medical services. We Treat's compliance department was solely responsible for the policies and protocols otherwise related to dangerous drugs and controlled substances.

Paragraph 33: Dr. Arora denies the allegations set forth in Paragraph 33.

Paragraph 34: Dr. Arora denies the allegations set forth in Paragraph 34.

Paragraph 35: Dr. Arora denies the allegations set forth in Paragraph 35.

Paragraph 36: Dr. Arora denies the allegations set forth in Paragraph 36.

Paragraph 37: Dr. Arora denies the allegations set forth in Paragraph 37 as he was not involved in, nor responsible for the receipt, possession storage, and distribution of dangerous drugs or controlled substances at Youth, Inc.

Applicable Law: Paragraphs 38-55

Paragraph 38-55: Respondents acknowledge that Paragraphs 38-55 accurately reflect the basic substance of the statutes and regulations cited therein.

Counts: Paragraphs 56-91

Count One (Paragraphs 56-61): Dr. Arora generally denies the allegations set forth in Count One in Paragraphs 56-61. Dr. Arora did not permit Youth, Inc. or any of its personnel to order any dangerous drugs from any manufacturer or supplier not licensed in Nevada. As discussed herein, Dr. Arora's duties for Youth, Inc. were limited to the review and authorization of protocols related to medical procedures. While Youth, Inc. was authorized to order supplies and dangerous drugs under Dr. Arora's credentials, this was to be done in accordance with policies and protocols developed and approved by We Treat's compliance department. To the best of Dr. Arora's knowledge, no client of We Treat was authorized to order or received dangerous drugs or other supplies from unlicensed suppliers/manufacturers.

Count Two (Paragraphs 62-68): Dr. Arora generally denies all allegations set forth in Count Two in Paragraphs 62-68. Further Dr. Arora asserts that a practice which orders, receives, and stores dangerous drugs is not engaging in the practice of pharmacy as alleged. If indeed this was accurate, every medical practice or facility that orders, receives and stores drugs for administration and/or dispensing, would be required to hold a pharmacy license with the Board; that is not currently a requirement and NRS 639.0124(1)(a) is inappropriately applied here.

Count Three (Paragraphs 69-74): Dr. Arora generally denies the allegations set forth in Count Three in Paragraphs 69-74. Again, as discussed herein, Dr. Arora's duties for Youth, Inc. were limited and did not include the development or approval of any protocols or procedures related to the procurement or storage of dangerous drugs. Dr. Arora's medical service protocols did not allow for the reuse of single use vials and any reuse of single use vials on the part of Youth, Inc. personnel would have been done without the knowledge of Dr. Arora and he did not aid or abet any violation of NAC 639.050(2).

Count Four (Paragraphs 75-81): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Four in Paragraphs 75-81. Respondents Gifford, McIntyre, and Jaggard, worked for We Treat, not Youth, Inc. Respondents' duties for Youth, Inc. were limited to conducting medical clearance reviews for patients and if cleared, the patient was authorized for treatment pursuant to approved medical protocols. None of the named respondents were responsible for supervising the staff of Youth, Inc. and would have had no knowledge of unauthorized reuse of single use vials by any personnel associated with Youth, Inc.

Count Five (Paragraphs 82-87): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Five in Paragraphs 75-81. The administration of dangerous drugs to patients is not the practice of pharmacy as defined by NRS 639.0124(1)(a) and

accordingly Respondents could not have aided or abetted in the violation of said statute. Again, as discussed above, should the Board take the position that the administration of a dangerous drug constitutes the practice of pharmacy, all practices and facilities at which any drug is administered would be required to hold a registration as a pharmacy with the Board which is not currently required.

Count Six (Paragraphs 88-91): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Six in Paragraphs 88-91.

NOTICE OF DEFENSE/MITIGATING INFORMATION

In regard to Respondent Arora, Dr. Arora stresses that his involvement with We Treat was limited as medical director. The term "medical director" is not defined under Nevada law and there is no legal precedent for what the duties of a medical director must consist of. Dr. Arora functioned as a medical director per the duties he had as a contractor for We Treat, LLC, which consisted solely of the review and authorization of protocols for medical services offered at practices contracted with We Treat and he was required to be available for consultations regarding specific patient questions as needed. The medical protocols authorized by Dr. Arora included standing orders for the administration of certain dangerous drugs and for the prescription of certain controlled substances. It should be noted that Dr. Arora never authorized the administration of controlled substances at Youth, Inc., or any other practice for which he provided services under We Treat and to his knowledge, no controlled substances were stored on-site at Youth, Inc.

We Treat's compliance department was responsible for the development and authorization of all other policies and protocols, including those related to the procurement, receipt, and storage of dangerous drugs. Dr. Arora was advised by We Treat that all policies and protocols were reviewed and vetted for compliance with the laws in each individual state in which We Treat had

clients. Dr. Arora had no reason to doubt the assurances made by We Treat that the policies and protocols for Youth, Inc. were in compliance with Nevada law.

In regard to Respondents Gifford, McIntyre, and Jaggard, all three were employees/contractors with We Treat during the times in question. Their duties were to provide medical clearance reviews for patients wishing to receive services at practices which were contracted with We Treat and if cleared, authorize treatment to be provide pursuant to previously approved medical protocols. Respondents had no duties related to the oversight or supervision of any practice served by We Treat. Respondents would be notified through a proprietary platform that a patient required a medical clearance evaluation at practices which received services from We Treat and would be given access to the patient records through the We Treat platform and would either clear the patient for treatment or deny treatment[1]. Each clinic had individual protocols which would be followed by Respondents. Respondents were informed by We Treat that policies related to requirements for providing medical clearance for patients was vetted by its compliance department and all protocols were in compliance with state laws; Respondents had no reason to question the representations of We Treat.

Respondent Gifford estimates that she performed very few medical clearance evaluations for Youth, Inc. through the We Treat platform. Respondent McIntyre estimates that she did approximately two medical clearance evaluations for Youth, Inc. Respondent Jaggard estimates that she did a maximum of ten to fifteen medical clearance evaluations for Youth, Inc.

---

[1] We Treat practitioners only performed medical clearance evaluations for patients in states in which they were licensed.

All Respondents deny having violated NRS and/or NAC Chapters 453, 454, or 639. Further Respondents reserve all legal defenses available to them should this matter proceed to a hearing.

Respectfully submitted this 15th day of August, 2025.

Lyn E. Beggs, Esq.
Attorney for Respondents

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SEAN ARORA, M.D.,** **Certificate of Registration No. CS31476,** **CASSIE GIFFORD, APRN,** **Certificate of Registration Nos. CS34942 and PR18034,** **GABRIELLE MCINTYRE, APRN,** **Certificate of Registration No. PR17484, and** **ALLISON JAGGARD, APRN,** **Certificate of Registration No. PR17499,** **Respondents.**	**Case Nos. 24-509-CS-N** **24-509-PR-A-N** **24-509-PR-B-N** **24-509-PR-C-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Sean Arora, M.D., ("Respondent Arora"), because Respondent Arora holds a certificate of registration issued by the Board authorizing him to prescribe controlled substances in Nevada. Respondent Arora holds certificate of registration no. CS31476, which was issued by the Board pursuant to NRS 453.226 and 453.231.

2. The Board has personal jurisdiction over Respondent Cassie Gifford, APRN, ("Respondent Gifford"), because Respondent Gifford holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent Gifford holds certificate of

registration no. PR18034, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.[1]

3. The Board has personal jurisdiction over Respondent Gabrielle McIntyre, APRN, ("Respondent McIntyre"), because Respondent McIntyre holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR17484, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.

4. The Board has personal jurisdiction over Respondent Allison Jaggard, APRN, ("Respondent Jaggard"), because Respondent Jaggard holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR171499, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations involving the purchase, receipt, storage, possession, prescribing and/or dispensing of dangerous drugs and controlled substances. As used herein, "dangerous drug" has the meaning ascribed to it in NRS 454.201, and "controlled substance" means a substance listed in NAC 453.510 to NAC 453.550, inclusive, or in 21 CFR Part 1308.

FACTUAL ALLEGATIONS

6. Respondent Arora is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada. At all times alleged herein, Respondent Arora was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

7. Respondent Gifford is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent

1. Respondent Gifford formerly held certificate of registration no. CS34942, authorizing her to prescribe controlled substances. Certificate of registration no. CS34942 was not renewed when it came due for renewal on November 1, 2024.

Gifford was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

8. Respondent McIntyre is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

9. Respondent Jaggard is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

10. In 2024, Respondent Arora formed a partnership or other business relationship with We Treat, a medical consulting firm based in San Diego, California. We Treat provides consulting services and regulatory compliance advice to medical spas and wellness clinics.

11. We Treat provided consulting services and compliance advice to Youth, Inc. (Youth Inc.), the owner of a medical spa and wellness clinic located at 695 Sierra Rose Drive in Reno, Nevada.

12. We Treat developed a manual of policies, procedures and protocols for use by Youth Inc. Respondent Arora approved these policies, procedures and protocols for use by Youth Inc.

13. Between April 2024 and March 2025, Youth Inc. provided various anti-aging and wellness treatments for its patients. These included cosmetic treatments using botulinum toxin type A and dermal fillers, treatments for weight loss using compounded tirzepatide and semaglutide products, hormone replacement using injectable hormones, and treatment for erectile dysfunction using sildenafil and tadalafil.

14. Between April 2024 and March 2025, Youth Inc. did not lock or otherwise secure the dangerous drugs and/or controlled substances in its possession.

15. In early 2025, Youth Inc. was in possession of stock bottles containing sildenafil, tadalafil, and metformin hydrochloride, all dangerous drugs. Youth Inc.'s representatives claimed that

they were not planning to dispense these drugs until after they had secured a dispensing license issued by the Board.

16. We Treat arranged for Respondent Arora to serve as the "medical director" for Youth Inc., a role that Respondent Arora assumed sometime between April and August 2024.

17. Respondent Arora served as Youth Inc.'s medical director until early 2025.

18. During Respondent Arora's tenure as Youth Inc.'s medical director, Respondent Arora worked and resided in Seattle, Washington. Respondent Arora never visited Youth Inc.'s facility in Reno, Nevada.

19. Sometime between April 2024 and March 2025, Youth Inc. engaged the services of Respondent Gifford, Respondent McIntyre and Respondent Jaggard. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard rarely, if ever, visited Youth Inc.'s facility in Reno, Nevada.

20. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed a prospective patient's medical questionnaire prior to the prospective patient's initial treatment at Youth Inc. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed these medical questionnaires from a remote location and never saw or spoke to patients prior to their initial treatments at Youth Inc.

21. After reviewing medical questionnaires, and despite not ever seeing the patients in question, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the use or administration of dangerous drugs and/or controlled substances.

22. Sometime between April 2024 and March 2025, Youth Inc. employed Maddison Weiss-Frank, a registered nurse. Ms. Weiss-Frank was not an advanced practice registered nurse and was not a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

23. Ms. Weiss-Frank worked under the direction and supervision of Rachel Gonzalez, the co-owner and chief executive officer of Youth Inc. Ms. Gonzalez was not a "practitioner" as that term

is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125. On information and belief, Ms. Gonzalez has no formal medical training.

24. Because there was never a practitioner present at the location, Youth Inc.'s facility at 695 Sierra Rose Drive in Reno, Nevada, was not a location where a registered nurse could lawfully inject a neuromodulator pursuant to NRS 454.217.

25. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank treated patients using prescription drugs and/or controlled substances. Ms. Weiss-Frank did not act under the direction or supervision of a practitioner.

26. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances. Ms. Weiss-Frank did not work under the direction or supervision of a practitioner.

27. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

28. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

29. Consistent with the practice described above, Youth Inc. returned single-use vials to stock even after the vials were punctured and therefore rendered unusable for subsequent treatments.

30. As the medical director for Youth Inc., Respondent Arora periodically reviewed purchase invoices and signed for shipments of dangerous drugs and/or controlled substances.

31. As the medical director for Youth Inc., Respondent Arora periodically reviewed patient medical questionnaires and treatment records.

32. As the medical director for Youth Inc., Respondent Arora periodically reviewed Youth Inc.'s policies, procedures and protocols related to the procurement, storage, possession and administration of dangerous drugs and controlled substances.

33. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances without direction or supervision by a practitioner.

34. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank treated patients with prescription drugs and/or controlled substances despite not working under the supervision or direction of a practitioner.

35. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

36. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

37. As Youth Inc.'s medical director, Respondent Arora had a duty to understand Nevada law as it governs the receipt, possession, storage, and distribution of dangerous drugs and controlled substances.

\\\

\\\

\\\

\\\

\\\

\\\

APPLICABLE LAW

38. It is unlawful for any person to engage in wholesale distribution, or permit to be distributed at wholesale, any drug or compound unless the person holds the appropriate certificate, license or permit issued by the Board. NRS 639.100(1).

39. To engage in wholesale distribution of any drug or compound in Nevada, a person must be licensed as a wholesaler or manufacturer, as applicable. NRS 639.100; NRS 639.233; NAC 639.593; NAC 639.6915.

40. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapters 453, 454, 639, or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12); NRS 453.236.

41. Additionally, the Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 453.236.

42. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner performs his or her duties as the holder of a certificate issued by the Board in an incompetent, unskillful, or negligent manner, or if the practitioner assists or abets a person not licensed to practice pharmacy in Nevada. NAC 639.945(1)(i) and (j).

43. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner prescribes or orders a dangerous drug or controlled substance for a person with whom the practitioner does not have a bona fide therapeutic relationship. NAC 639.945(1)(n).

44. "'Practice of pharmacy' includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a).

45. It is unlawful to possess, store, or administer dangerous drugs, including botulinum toxin type A and injectable dermal fillers, except as authorized by NRS 454.213.

46. It is unlawful to possess, store, or administer controlled substances, including testosterone, except as provided by NRS 453.375.

47. "Administer" means the direct application of a [dangerous drug or controlled substance] . . . whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject." NRS 453.021; NRS 454.191.

48. Pursuant to NRS 453.375, a registered nurse may not possess, store, or administer controlled substances except when working under the direction of a supervising practitioner.

49. Pursuant to NRS 454.213, a registered nurse may not possess, store, or administer dangerous drugs except at the direction of a supervising practitioner.

50. It is unlawful for a registered nurse to inject botulinum toxin type A in a patient or customer "at a location other than a medical facility, as defined in NRS 449.0151, or the office of a physician or physician assistant licensed [pursuant to applicable statutes]." NRS 454.217.

51. A person who maintains a stock of controlled substances and/or dangerous drugs must not commingle expired substances and unexpired substances in a storage area from which the substances are withdrawn from stock for administering or dispensing to patients. NAC 639.050(2).

52. A practitioner is subject to discipline if the practitioner causes or allows a dangerous drug to be dispensed in a manner not authorized by NRS 454.215 and NRS 454.301. *See* NRS 639.100; NRS 639.210(12).

53. The term "dispense" includes the prescribing by a practitioner, administering, packaging, labeling, or compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

54. It is unlawful to furnish drugs without a prescription. NRS 454.221.

55. "Furnish" means to supply by any means, by sale or otherwise. NRS 454.006.

\\\

COUNT ONE
Permitting Unlicensed Wholesale Distribution
(Respondent Arora)

56. As alleged above, Respondent Arora served as the medical director for Youth Inc.

57. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

58. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage purchases from unlicensed distributors such as GLP-1 Sciences, LLC. Respondent failed to implement such policies, procedures and protocols.

59. Given the facts and circumstances alleged above, Respondent Arora permitted the unlicensed wholesale distribution of compounded drug products in violation of NRS 639.100(1).

60. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

61. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT TWO
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondent Arora)

62. As alleged above, Respondent Arora served as the medical director for Youth Inc.

63. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered, received, possessed, and/or stored dangerous drugs and/or controlled substances. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

64. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of

Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

65. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the above persons from ordering, receiving, possessing, storing and/or furnishing dangerous drugs and/or controlled substances. Respondent Arora failed to implement such policies, procedures and protocols.

66. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the unlicensed practice of pharmacy.

67. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

68. Respondent Arora's acts and/or omissions as alleged above amount to conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(i) and (j).

COUNT THREE
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondent Arora)

69. As alleged above, Respondent Arora served as the medical director for Youth Inc.

70. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

71. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the repeated or recurring use of punctured single-use vials. Respondent failed to implement such policies, procedures and protocols.

72. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the above violations of NAC 639.050(2).

73. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

74. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FOUR
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondents Gifford, McIntyre and Jaggard)

75. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

76. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of injectable drugs contained within single-use vials.

77. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard had a duty to ensure that Youth Inc. did not make repeated or recurring uses of punctured single-use vials.

78. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that Youth Inc. did not return single-use vials to stock after the vials were punctured.

79. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard assisted or abetted in the above violations of NAC 639.050(2).

80. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

81. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FIVE
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondents Gifford, McIntyre and Jaggard)

82. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

83. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

84. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that dangerous drugs and/or controlled substances were administered under the direction or supervision of a practitioner. Dangerous drugs and/or controlled substances were not administered under the direction or supervision of a practitioner.

85. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard assisted or abetted the unlicensed practice of pharmacy by Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank.

86. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

87. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT SIX
Failure to Establish a Bona Fide Therapeutic Relationship with Patients
(Respondents Gifford, McIntyre and Jaggard)

88. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

89. Respondent Gifford, Respondent McIntyre and Respondent Jaggard never saw or spoke with the above patients for whom they authorized treatments with dangerous drugs and/or controlled substances.

90. Having failed to see or speak with the above patients, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard failed to establish a bona fide therapeutic relationship with the above patients prior to authorizing their initial treatments with dangerous drugs and/or controlled substances.

91. Respondents' conduct as alleged above amounts to unprofessional conduct and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(n).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of Respondent Sean Arora, Respondent Cassie Gifford, Respondent Gabrielle McIntyre, and Respondent Allison Jaggard.

DATED this 24th day of July 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GABRIELLE MCINTYRE, APRN,** **Certificate of Registration No. PR17484,** **Respondent.**	**Case No. 24-509-PR-B-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 3, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and **zunino@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 24th day of JULY 2025.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. SEAN ARORA, M.D., Certificate of Registration No. CS31476 CASSIE GIFFORD, APRN, Certificate of Registration Nos. CS34942 and PR18034, GABRIELLE MCINTYRE, APRN, Certificate of Registration No. PR17484, ALLISON JAGGARD, APRN, Certificate of Registration No. PR17499, Respondents.	Case Nos. 24-509-CS-N 24-509-PR-A-N 24-509-PR-B-N 24-509-PR-C-N ANSWER AND NOTICE OF DEFENSE OF RESPONDENTS

Respondents Sean Arora, M.D., Cassie Gifford, APRN, Gabrielle McIntyre, APRN, and Allison Jaggard, APRN, hereby file with the Nevada State Board of Pharmacy ("Board"), their Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on July 24, 2025.

ANSWER TO ACCUSATION

Jurisdiction: Paragraphs 1-5

Paragraph 1: Dr. Arora acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 1 of the Accusation to the extent that the matter pertains to controlled substances as he holds a controlled substance registration issued by the Board.

Paragraph 2: Ms. Gifford acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 2 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 3: Ms. McIntyre acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 3 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 4: Ms. Jaggard acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 4 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 5: Respondents acknowledge that the Board has jurisdiction in the matter to the extent that the matter involves dangerous drugs and controlled substances. Dr. Arora acknowledges that the Board has jurisdiction over the allegations pertaining to his acts or omissions to the extent they concern controlled substances.

Factual Allegations: Paragraphs 6-37

Paragraph 6: Dr. Arora agrees with the factual allegations as set forth in Paragraph 6.

Paragraph 7: Ms. Gifford agrees with the factual allegations as set forth in Paragraph 7.

Paragraph 8: Ms. McIntyre agrees with the factual allegations as set forth in Paragraph 8.

Paragraph 9: Ms. Jaggard agrees with the factual allegations as set forth in Paragraph 9.

Paragraph 10: Dr. Arora agrees with the factual allegations set forth in Paragraph 10 only to the extent that he entered into an independent contractor agreement with We Treat, LLC in 2024.

Paragraph 11: Respondents are without sufficient personal knowledge to respond to the factual allegations set forth in Paragraph 11 as to the types of services which were provided to Youth Inc. However, to the best of Respondents' knowledge, Youth Inc. did receive services from

We Treat related to medical clearances for patients, policies and protocols and compliance information.

Paragraph 12: Dr. Arora agrees with the factual allegations set forth in Paragraph 12 only to the extent that he reviewed and approved policies and protocols directly related to the provision of certain medical services. Dr. Arora was not involved, nor did he review or approve, policies and procedures related to any other matters involving Youth, Inc.

Paragraph 13: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 13.

Paragraph 14: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 14.

Paragraph 15: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 15.

Paragraph 16: Dr. Arora acknowledges that as part of his duties for We Treat, he was assigned as medical director for Youth, Inc. in approximately April 2024. Dr. Arora's duties as medical director included the review and approval of protocols for certain medical treatments performed at Youth, Inc., responding to patient specific questions from the clinic, and authorization of the ordering of certain dangerous drugs, to be done in accordance with compliance policies prepared by We Treat.

Paragraph 17: Dr. Arora agrees with the factual allegations contained in Paragraph 17 to the extent that he provided services to We Treat until January 2025, services which included acting as medical director for Youth,. Inc., which were limited to the duties set forth in the response to Paragraph 16.

Paragraph 18: Dr. Arora acknowledges that he was based in Seattle, Washington and that his duties for Youth, Inc. did not require him to be physically at Youth, Inc.'s location.

Paragraph 19: Respondent's Gifford, McIntyre, and Jaggard deny the factual allegations set forth in Paragraph 19. None of the named Respondents were engaged by Youth, Inc. to provide any services. All three Respondents were employees/independent contractors of We Treat which provided medical clearance screening of patients for Youth, Inc. through Nevada licensed practitioners.

Paragraph 20: Respondents Gifford, McIntyre, and Jaggard acknowledge that they reviewed and medically cleared patients for treatments performed at Youth, Inc. pursuant to medical protocols reviewed and approved by Dr. Arora and performed these reviews in accordance with policies and protocols developed and approved by We Treat, not Dr. Arora.

Paragraph 21: Respondents Gifford, McIntyre and Jaggard acknowledge that they medically cleared patients, if appropriate, after the review of medical information and authorized treatments to be performed pursuant to protocols approved by Dr. Arora which included standing orders for administration of certain drugs or the issuance of prescriptions pursuant to those protocols. No approved protocols for treatments authorized the administration of controlled substances at Youth, Inc.

Paragraph 22: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 22.

Paragraph 23: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 23.

Paragraph 24: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 24.

Paragraph 25: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 25.

Paragraph 26: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 26.

Paragraph 27: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 27.

Paragraph 28: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 28.

Paragraph 29: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 29.

Paragraph 30: Dr. Arora acknowledges that he would periodically review orders received for dangerous drugs and would sign, remotely for the same. Drugs were to be stored and accessed in accordance with policies and protocols developed by We Treat; Dr. Arora was not part of the development of those policies and procedures, nor was he asked to review them by We Treat. Dr. Arora denies that he ever signed off or approved of any shipments of controlled substances to Youth, Inc. and to his knowledge, no controlled substances were to be received or stored on-site at We Treat.

Paragraph 31: Dr. Arora denies the factual allegations contained in Paragraph 31, however he acknowledges that he would respond to patient specific questions posed to him and would review patient records at that time; however this occurred very rarely.

Paragraph 32: Dr. Arora denies the factual allegations contained in Paragraph 32. Dr. Arora was not responsible for the policies and procedures related to the procurement, storage, possession and/or administration of dangerous drugs or controlled substances other than approving

protocols directly related to the provision of medical services. We Treat's compliance department was solely responsible for the policies and protocols otherwise related to dangerous drugs and controlled substances.

Paragraph 33: Dr. Arora denies the allegations set forth in Paragraph 33.

Paragraph 34: Dr. Arora denies the allegations set forth in Paragraph 34.

Paragraph 35: Dr. Arora denies the allegations set forth in Paragraph 35.

Paragraph 36: Dr. Arora denies the allegations set forth in Paragraph 36.

Paragraph 37: Dr. Arora denies the allegations set forth in Paragraph 37 as he was not involved in, nor responsible for the receipt, possession storage, and distribution of dangerous drugs or controlled substances at Youth, Inc.

Applicable Law: Paragraphs 38-55

Paragraph 38-55: Respondents acknowledge that Paragraphs 38-55 accurately reflect the basic substance of the statutes and regulations cited therein.

Counts: Paragraphs 56-91

Count One (Paragraphs 56-61): Dr. Arora generally denies the allegations set forth in Count One in Paragraphs 56-61. Dr. Arora did not permit Youth, Inc. or any of its personnel to order any dangerous drugs from any manufacturer or supplier not licensed in Nevada. As discussed herein, Dr. Arora's duties for Youth, Inc. were limited to the review and authorization of protocols related to medical procedures. While Youth, Inc. was authorized to order supplies and dangerous drugs under Dr. Arora's credentials, this was to be done in accordance with policies and protocols developed and approved by We Treat's compliance department. To the best of Dr. Arora's knowledge, no client of We Treat was authorized to order or received dangerous drugs or other supplies from unlicensed suppliers/manufacturers.

Count Two (Paragraphs 62-68): Dr. Arora generally denies all allegations set forth in Count Two in Paragraphs 62-68. Further Dr. Arora asserts that a practice which orders, receives, and stores dangerous drugs is not engaging in the practice of pharmacy as alleged. If indeed this was accurate, every medical practice or facility that orders, receives and stores drugs for administration and/or dispensing, would be required to hold a pharmacy license with the Board; that is not currently a requirement and NRS 639.0124(1)(a) is inappropriately applied here.

Count Three (Paragraphs 69-74): Dr. Arora generally denies the allegations set forth in Count Three in Paragraphs 69-74. Again, as discussed herein, Dr. Arora's duties for Youth, Inc. were limited and did not include the development or approval of any protocols or procedures related to the procurement or storage of dangerous drugs. Dr. Arora's medical service protocols did not allow for the reuse of single use vials and any reuse of single use vials on the part of Youth, Inc. personnel would have been done without the knowledge of Dr. Arora and he did not aid or abet any violation of NAC 639.050(2).

Count Four (Paragraphs 75-81): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Four in Paragraphs 75-81. Respondents Gifford, McIntyre, and Jaggard, worked for We Treat, not Youth, Inc. Respondents' duties for Youth, Inc. were limited to conducting medical clearance reviews for patients and if cleared, the patient was authorized for treatment pursuant to approved medical protocols. None of the named respondents were responsible for supervising the staff of Youth, Inc. and would have had no knowledge of unauthorized reuse of single use vials by any personnel associated with Youth, Inc.

Count Five (Paragraphs 82-87): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Five in Paragraphs 75-81. The administration of dangerous drugs to patients is not the practice of pharmacy as defined by NRS 639.0124(1)(a) and

accordingly Respondents could not have aided or abetted in the violation of said statute. Again, as discussed above, should the Board take the position that the administration of a dangerous drug constitutes the practice of pharmacy, all practices and facilities at which any drug is administered would be required to hold a registration as a pharmacy with the Board which is not currently required.

Count Six (Paragraphs 88-91): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Six in Paragraphs 88-91.

NOTICE OF DEFENSE/MITIGATING INFORMATION

In regard to Respondent Arora, Dr. Arora stresses that his involvement with We Treat was limited as medical director. The term "medical director" is not defined under Nevada law and there is no legal precedent for what the duties of a medical director must consist of. Dr. Arora functioned as a medical director per the duties he had as a contractor for We Treat, LLC, which consisted solely of the review and authorization of protocols for medical services offered at practices contracted with We Treat and he was required to be available for consultations regarding specific patient questions as needed. The medical protocols authorized by Dr. Arora included standing orders for the administration of certain dangerous drugs and for the prescription of certain controlled substances. It should be noted that Dr. Arora never authorized the administration of controlled substances at Youth, Inc., or any other practice for which he provided services under We Treat and to his knowledge, no controlled substances were stored on-site at Youth, Inc.

We Treat's compliance department was responsible for the development and authorization of all other policies and protocols, including those related to the procurement, receipt, and storage of dangerous drugs. Dr. Arora was advised by We Treat that all policies and protocols were reviewed and vetted for compliance with the laws in each individual state in which We Treat had

clients. Dr. Arora had no reason to doubt the assurances made by We Treat that the policies and protocols for Youth, Inc. were in compliance with Nevada law.

In regard to Respondents Gifford, McIntyre, and Jaggard, all three were employees/contractors with We Treat during the times in question. Their duties were to provide medical clearance reviews for patients wishing to receive services at practices which were contracted with We Treat and if cleared, authorize treatment to be provide pursuant to previously approved medical protocols. Respondents had no duties related to the oversight or supervision of any practice served by We Treat. Respondents would be notified through a proprietary platform that a patient required a medical clearance evaluation at practices which received services from We Treat and would be given access to the patient records through the We Treat platform and would either clear the patient for treatment or deny treatment[1]. Each clinic had individual protocols which would be followed by Respondents. Respondents were informed by We Treat that policies related to requirements for providing medical clearance for patients was vetted by its compliance department and all protocols were in compliance with state laws; Respondents had no reason to question the representations of We Treat.

Respondent Gifford estimates that she performed very few medical clearance evaluations for Youth, Inc. through the We Treat platform. Respondent McIntyre estimates that she did approximately two medical clearance evaluations for Youth, Inc. Respondent Jaggard estimates that she did a maximum of ten to fifteen medical clearance evaluations for Youth, Inc.

---

[1] We Treat practitioners only performed medical clearance evaluations for patients in states in which they were licensed.

All Respondents deny having violated NRS and/or NAC Chapters 453, 454, or 639. Further Respondents reserve all legal defenses available to them should this matter proceed to a hearing.

Respectfully submitted this 15th day of August, 2025.

Lyn E. Beggs, Esq.
Attorney for Respondents

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SEAN ARORA, M.D.,** **Certificate of Registration No. CS31476,** **CASSIE GIFFORD, APRN,** **Certificate of Registration Nos. CS34942 and PR18034,** **GABRIELLE MCINTYRE, APRN,** **Certificate of Registration No. PR17484, and** **ALLISON JAGGARD, APRN,** **Certificate of Registration No. PR17499,** **Respondents.**	**Case Nos. 24-509-CS-N** **24-509-PR-A-N** **24-509-PR-B-N** **24-509-PR-C-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Sean Arora, M.D., ("Respondent Arora"), because Respondent Arora holds a certificate of registration issued by the Board authorizing him to prescribe controlled substances in Nevada. Respondent Arora holds certificate of registration no. CS31476, which was issued by the Board pursuant to NRS 453.226 and 453.231.

2. The Board has personal jurisdiction over Respondent Cassie Gifford, APRN, ("Respondent Gifford"), because Respondent Gifford holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent Gifford holds certificate of

registration no. PR18034, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.[1]

3. The Board has personal jurisdiction over Respondent Gabrielle McIntyre, APRN, ("Respondent McIntyre"), because Respondent McIntyre holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR17484, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850.

4. The Board has personal jurisdiction over Respondent Allison Jaggard, APRN, ("Respondent Jaggard"), because Respondent Jaggard holds a certificate of registration issued by the Board authorizing her to prescribe dangerous drugs in Nevada. Respondent holds certificate of registration no. PR171499, which was issued by the Board pursuant to NRS 639.2351 and NAC 639.850

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations involving the purchase, receipt, storage, possession, prescribing and/or dispensing of dangerous drugs and controlled substances. As used herein, "dangerous drug" has the meaning ascribed to it in NRS 454.201, and "controlled substance" means a substance listed in NAC 453.510 to NAC 453.550, inclusive, or in 21 CFR Part 1308.

FACTUAL ALLEGATIONS

6. Respondent Arora is a physician licensed by the Nevada State Board of Medical Examiners to practice medicine in Nevada. At all times alleged herein, Respondent Arora was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

7. Respondent Gifford is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent

1. Respondent Gifford formerly held certificate of registration no. CS34942, authorizing her to prescribe controlled substances. Certificate of registration no. CS34942 was not renewed when it came due for renewal on November 1, 2024.

Gifford was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

8. Respondent McIntyre is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

9. Respondent Jaggard is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. At all times alleged herein, Respondent McIntyre was a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

10. In 2024, Respondent Arora formed a partnership or other business relationship with We Treat, a medical consulting firm based in San Diego, California. We Treat provides consulting services and regulatory compliance advice to medical spas and wellness clinics.

11. We Treat provided consulting services and compliance advice to Youth, Inc. (Youth Inc.), the owner of a medical spa and wellness clinic located at 695 Sierra Rose Drive in Reno, Nevada.

12. We Treat developed a manual of policies, procedures and protocols for use by Youth Inc. Respondent Arora approved these policies, procedures and protocols for use by Youth Inc.

13. Between April 2024 and March 2025, Youth Inc. provided various anti-aging and wellness treatments for its patients. These included cosmetic treatments using botulinum toxin type A and dermal fillers, treatments for weight loss using compounded tirzepatide and semaglutide products, hormone replacement using injectable hormones, and treatment for erectile dysfunction using sildenafil and tadalafil.

14. Between April 2024 and March 2025, Youth Inc. did not lock or otherwise secure the dangerous drugs and/or controlled substances in its possession.

15. In early 2025, Youth Inc. was in possession of stock bottles containing sildenafil, tadalafil, and metformin hydrochloride, all dangerous drugs. Youth Inc.'s representatives claimed that

they were not planning to dispense these drugs until after they had secured a dispensing license issued by the Board.

16. We Treat arranged for Respondent Arora to serve as the "medical director" for Youth Inc., a role that Respondent Arora assumed sometime between April and August 2024.

17. Respondent Arora served as Youth Inc.'s medical director until early 2025.

18. During Respondent Arora's tenure as Youth Inc.'s medical director, Respondent Arora worked and resided in Seattle, Washington. Respondent Arora never visited Youth Inc.'s facility in Reno, Nevada.

19. Sometime between April 2024 and March 2025, Youth Inc. engaged the services of Respondent Gifford, Respondent McIntyre and Respondent Jaggard. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard rarely, if ever, visited Youth Inc.'s facility in Reno, Nevada.

20. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed a prospective patient's medical questionnaire prior to the prospective patient's initial treatment at Youth Inc. Respondent Gifford, Respondent McIntyre, and Respondent Jaggard reviewed these medical questionnaires from a remote location and never saw or spoke to patients prior to their initial treatments at Youth Inc.

21. After reviewing medical questionnaires, and despite not ever seeing the patients in question, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the use or administration of dangerous drugs and/or controlled substances.

22. Sometime between April 2024 and March 2025, Youth Inc. employed Maddison Weiss-Frank, a registered nurse. Ms. Weiss-Frank was not an advanced practice registered nurse and was not a "practitioner" as that term is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125.

23. Ms. Weiss-Frank worked under the direction and supervision of Rachel Gonzalez, the co-owner and chief executive officer of Youth Inc. Ms. Gonzalez was not a "practitioner" as that term

is defined at NRS 453.126, NRS 454.00958, and NRS 639.0125. On information and belief, Ms. Gonzalez has no formal medical training.

24. Because there was never a practitioner present at the location, Youth Inc.'s facility at 695 Sierra Rose Drive in Reno, Nevada, was not a location where a registered nurse could lawfully inject a neuromodulator pursuant to NRS 454.217.

25. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank treated patients using prescription drugs and/or controlled substances. Ms. Weiss-Frank did not act under the direction or supervision of a practitioner.

26. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances. Ms. Weiss-Frank did not work under the direction or supervision of a practitioner.

27. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

28. In adherence to the policies, procedures and protocols developed by We Treat and approved by Respondent Arora, Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

29. Consistent with the practice described above, Youth Inc. returned single-use vials to stock even after the vials were punctured and therefore rendered unusable for subsequent treatments.

30. As the medical director for Youth Inc., Respondent Arora periodically reviewed purchase invoices and signed for shipments of dangerous drugs and/or controlled substances.

31. As the medical director for Youth Inc., Respondent Arora periodically reviewed patient medical questionnaires and treatment records.

32. As the medical director for Youth Inc., Respondent Arora periodically reviewed Youth Inc.'s policies, procedures and protocols related to the procurement, storage, possession and administration of dangerous drugs and controlled substances.

33. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank received, stored, and possessed dangerous drugs and/or controlled substances without direction or supervision by a practitioner.

34. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank treated patients with prescription drugs and/or controlled substances despite not working under the supervision or direction of a practitioner.

35. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or Ms. Gonzalez ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

36. Based upon his knowledge of Youth Inc.'s records and business practices, Respondent Arora knew or should have known that Ms. Weiss-Frank and/or other employees of Youth Inc. injected multiple patients with prescription drugs and/or controlled substances contained within single-use vials.

37. As Youth Inc.'s medical director, Respondent Arora had a duty to understand Nevada law as it governs the receipt, possession, storage, and distribution of dangerous drugs and controlled substances.

\\\

\\\

\\\

\\\

APPLICABLE LAW

38. It is unlawful for any person to engage in wholesale distribution, or permit to be distributed at wholesale, any drug or compound unless the person holds the appropriate certificate, license or permit issued by the Board. NRS 639.100(1).

39. To engage in wholesale distribution of any drug or compound in Nevada, a person must be licensed as a wholesaler or manufacturer, as applicable. NRS 639.100; NRS 639.233; NAC 639.593; NAC 639.6915.

40. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapters 453, 454, 639, or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12); NRS 453.236.

41. Additionally, the Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 453.236.

42. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner performs his or her duties as the holder of a certificate issued by the Board in an incompetent, unskillful, or negligent manner, or if the practitioner assists or abets a person not licensed to practice pharmacy in Nevada. NAC 639.945(1)(i) and (j).

43. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner prescribes or orders a dangerous drug or controlled substance for a person with whom the practitioner does not have a bona fide therapeutic relationship. NAC 639.945(1)(n).

44. "'Practice of pharmacy' includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a).

45. It is unlawful to possess, store, or administer dangerous drugs, including botulinum toxin type A and injectable dermal fillers, except as authorized by NRS 454.213.

46. It is unlawful to possess, store, or administer controlled substances, including testosterone, except as provided by NRS 453.375.

47. "Administer" means the direct application of a [dangerous drug or controlled substance] . . . whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject." NRS 453.021; NRS 454.191.

48. Pursuant to NRS 453.375, a registered nurse may not possess, store, or administer controlled substances except when working under the direction of a supervising practitioner.

49. Pursuant to NRS 454.213, a registered nurse may not possess, store, or administer dangerous drugs except at the direction of a supervising practitioner.

50. It is unlawful for a registered nurse to inject botulinum toxin type A in a patient or customer "at a location other than a medical facility, as defined in NRS 449.0151, or the office of a physician or physician assistant licensed [pursuant to applicable statutes]." NRS 454.217.

51. A person who maintains a stock of controlled substances and/or dangerous drugs must not commingle expired substances and unexpired substances in a storage area from which the substances are withdrawn from stock for administering or dispensing to patients. NAC 639.050(2).

52. A practitioner is subject to discipline if the practitioner causes or allows a dangerous drug to be dispensed in a manner not authorized by NRS 454.215 and NRS 454.301. *See* NRS 639.100; NRS 639.210(12).

53. The term "dispense" includes the prescribing by a practitioner, administering, packaging, labeling, or compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

54. It is unlawful to furnish drugs without a prescription. NRS 454.221.

55. "Furnish" means to supply by any means, by sale or otherwise. NRS 454.006.

\\\

COUNT ONE
Permitting Unlicensed Wholesale Distribution
(Respondent Arora)

56. As alleged above, Respondent Arora served as the medical director for Youth Inc.

57. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered and received compounded tirzepatide and semaglutide products from GLP-1 Sciences, LLC, a California manufacturer and/or supplier not licensed to engage in wholesale distribution in Nevada.

58. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage purchases from unlicensed distributors such as GLP-1 Sciences, LLC. Respondent failed to implement such policies, procedures and protocols.

59. Given the facts and circumstances alleged above, Respondent Arora permitted the unlicensed wholesale distribution of compounded drug products in violation of NRS 639.100(1).

60. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

61. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT TWO
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondent Arora)

62. As alleged above, Respondent Arora served as the medical director for Youth Inc.

63. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank ordered, received, possessed, and/or stored dangerous drugs and/or controlled substances. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

64. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of

Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

65. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the above persons from ordering, receiving, possessing, storing and/or furnishing dangerous drugs and/or controlled substances. Respondent Arora failed to implement such policies, procedures and protocols.

66. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the unlicensed practice of pharmacy.

67. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

68. Respondent Arora's acts and/or omissions as alleged above amount to conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(i) and (j).

COUNT THREE
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondent Arora)

69. As alleged above, Respondent Arora served as the medical director for Youth Inc.

70. During Respondent Arora's tenure as medical director, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

71. As the medical director for Youth Inc., Respondent Arora had a duty to implement policies, procedures and protocols to prevent or discourage the repeated or recurring use of punctured single-use vials. Respondent failed to implement such policies, procedures and protocols.

72. Given the facts and circumstances alleged above, Respondent Arora assisted or abetted in the above violations of NAC 639.050(2).

73. Given the facts and circumstances alleged above, Respondent Arora performed his duties in an incompetent, unskillful, or negligent manner.

74. Respondent Arora's acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FOUR
Assisting or Abetting in Violations of NAC 639.050(2)
(Respondents Gifford, McIntyre and Jaggard)

75. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank injected multiple patients with drugs contained within single-use vials. After the vials were punctured, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank returned the vials to stock for subsequent use, in violation of NAC 639.050(2).

76. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of injectable drugs contained within single-use vials.

77. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard had a duty to ensure that Youth Inc. did not make repeated or recurring uses of punctured single-use vials.

78. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that Youth Inc. did not return single-use vials to stock after the vials were punctured.

79. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard assisted or abetted in the above violations of NAC 639.050(2).

80. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

81. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT FIVE
Assisting or Abetting the Unlicensed Practice of Pharmacy
(Respondents Gifford, McIntyre and Jaggard)

82. As alleged above, between April 2024 and March 2025, Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank furnished dangerous drugs and/or controlled substances to patients of Youth Inc. This amounted to the unlicensed "practice of pharmacy" as that term is defined at NRS 639.0124(1)(a).

83. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

84. Having authorized the above treatments, Respondent Gifford, Respondent McIntyre and Respondent Jaggard had a duty to ensure that dangerous drugs and/or controlled substances were administered under the direction or supervision of a practitioner. Dangerous drugs and/or controlled substances were not administered under the direction or supervision of a practitioner.

85. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard assisted or abetted the unlicensed practice of pharmacy by Youth Inc., Rachel Gonzalez, and/or Maddison Weiss-Frank.

86. Given the facts and circumstances alleged above, Respondent Gifford, Respondent McIntyre and Respondent Jaggard performed their duties in an incompetent, unskillful, or negligent manner.

87. Respondents' acts and/or omissions as alleged above amount to a violation of law and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 453.236; NAC 639.945(1)(i).

COUNT SIX
Failure to Establish a Bona Fide Therapeutic Relationship with Patients
(Respondents Gifford, McIntyre and Jaggard)

88. Between April 2024 and March 2025, as alleged above, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard authorized initial patient treatments calling for the administration of dangerous drugs and/or controlled substances.

89. Respondent Gifford, Respondent McIntyre and Respondent Jaggard never saw or spoke with the above patients for whom they authorized treatments with dangerous drugs and/or controlled substances.

90. Having failed to see or speak with the above patients, Respondent Gifford, Respondent McIntyre, and Respondent Jaggard failed to establish a bona fide therapeutic relationship with the above patients prior to authorizing their initial treatments with dangerous drugs and/or controlled substances.

91. Respondents' conduct as alleged above amounts to unprofessional conduct and/or conduct contrary to the public interest for which the Board may impose administrative discipline. NRS 639.210(4); NRS 453.236; NAC 639.945(1)(n).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of Respondent Sean Arora, Respondent Cassie Gifford, Respondent Gabrielle McIntyre, and Respondent Allison Jaggard.

DATED this 24th day of July 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALLISON JAGGARD, APRN,** **Certificate of Registration No. PR17499,** **Respondent.**	**Case No. 24-509-PR-C-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 3, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and **zunino@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 24th day of JULY 2025.

Respondents Sean Arora, M.D., Cassie Gifford, APRN, Gabrielle McIntyre, APRN, and Allison Jaggard, APRN, hereby file with the Nevada State Board of Pharmacy ("Board"), their Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on July 24, 2025.

ANSWER TO ACCUSATION

Jurisdiction: Paragraphs 1-5

Paragraph 1: Dr. Arora acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 1 of the Accusation to the extent that the matter pertains to controlled substances as he holds a controlled substance registration issued by the Board.

Paragraph 2: Ms. Gifford acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 2 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 3: Ms. McIntyre acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 3 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 4: Ms. Jaggard acknowledges that the Board has jurisdiction in this matter as set forth in Paragraph 4 of the Accusation as she holds a certificate to prescribe dangerous drugs issued by the Board.

Paragraph 5: Respondents acknowledge that the Board has jurisdiction in the matter to the extent that the matter involves dangerous drugs and controlled substances. Dr. Arora acknowledges that the Board has jurisdiction over the allegations pertaining to his acts or omissions to the extent they concern controlled substances.

Factual Allegations: Paragraphs 6-37

Paragraph 6: Dr. Arora agrees with the factual allegations as set forth in Paragraph 6.

Paragraph 7: Ms. Gifford agrees with the factual allegations as set forth in Paragraph 7.

Paragraph 8: Ms. McIntyre agrees with the factual allegations as set forth in Paragraph 8.

Paragraph 9: Ms. Jaggard agrees with the factual allegations as set forth in Paragraph 9.

Paragraph 10: Dr. Arora agrees with the factual allegations set forth in Paragraph 10 only to the extent that he entered into an independent contractor agreement with We Treat, LLC in 2024.

Paragraph 11: Respondents are without sufficient personal knowledge to respond to the factual allegations set forth in Paragraph 11 as to the types of services which were provided to Youth Inc. However, to the best of Respondents' knowledge, Youth Inc. did receive services from

We Treat related to medical clearances for patients, policies and protocols and compliance information.

Paragraph 12: Dr. Arora agrees with the factual allegations set forth in Paragraph 12 only to the extent that he reviewed and approved policies and protocols directly related to the provision of certain medical services. Dr. Arora was not involved, nor did he review or approve, policies and procedures related to any other matters involving Youth, Inc.

Paragraph 13: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 13.

Paragraph 14: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 14.

Paragraph 15: Respondents are without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 15.

Paragraph 16: Dr. Arora acknowledges that as part of his duties for We Treat, he was assigned as medical director for Youth, Inc. in approximately April 2024. Dr. Arora's duties as medical director included the review and approval of protocols for certain medical treatments performed at Youth, Inc., responding to patient specific questions from the clinic, and authorization of the ordering of certain dangerous drugs, to be done in accordance with compliance policies prepared by We Treat.

Paragraph 17: Dr. Arora agrees with the factual allegations contained in Paragraph 17 to the extent that he provided services to We Treat until January 2025, services which included acting as medical director for Youth,. Inc., which were limited to the duties set forth in the response to Paragraph 16.

Paragraph 18: Dr. Arora acknowledges that he was based in Seattle, Washington and that his duties for Youth, Inc. did not require him to be physically at Youth, Inc.'s location.

Paragraph 19: Respondent's Gifford, McIntyre, and Jaggard deny the factual allegations set forth in Paragraph 19. None of the named Respondents were engaged by Youth, Inc. to provide any services. All three Respondents were employees/independent contractors of We Treat which provided medical clearance screening of patients for Youth, Inc. through Nevada licensed practitioners.

Paragraph 20: Respondents Gifford, McIntyre, and Jaggard acknowledge that they reviewed and medically cleared patients for treatments performed at Youth, Inc. pursuant to medical protocols reviewed and approved by Dr. Arora and performed these reviews in accordance with policies and protocols developed and approved by We Treat, not Dr. Arora.

Paragraph 21: Respondents Gifford, McIntyre and Jaggard acknowledge that they medically cleared patients, if appropriate, after the review of medical information and authorized treatments to be performed pursuant to protocols approved by Dr. Arora which included standing orders for administration of certain drugs or the issuance of prescriptions pursuant to those protocols. No approved protocols for treatments authorized the administration of controlled substances at Youth, Inc.

Paragraph 22: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 22.

Paragraph 23: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 23.

Paragraph 24: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 24.

Paragraph 25: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 25.

Paragraph 26: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 26.

Paragraph 27: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 27.

Paragraph 28: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 28.

Paragraph 29: Respondents are without sufficient personal knowledge to respond to the allegations contained in Paragraph 29.

Paragraph 30: Dr. Arora acknowledges that he would periodically review orders received for dangerous drugs and would sign, remotely for the same. Drugs were to be stored and accessed in accordance with policies and protocols developed by We Treat; Dr. Arora was not part of the development of those policies and procedures, nor was he asked to review them by We Treat. Dr. Arora denies that he ever signed off or approved of any shipments of controlled substances to Youth, Inc. and to his knowledge, no controlled substances were to be received or stored on-site at We Treat.

Paragraph 31: Dr. Arora denies the factual allegations contained in Paragraph 31, however he acknowledges that he would respond to patient specific questions posed to him and would review patient records at that time; however this occurred very rarely.

Paragraph 32: Dr. Arora denies the factual allegations contained in Paragraph 32. Dr. Arora was not responsible for the policies and procedures related to the procurement, storage, possession and/or administration of dangerous drugs or controlled substances other than approving

protocols directly related to the provision of medical services. We Treat's compliance department was solely responsible for the policies and protocols otherwise related to dangerous drugs and controlled substances.

Paragraph 33: Dr. Arora denies the allegations set forth in Paragraph 33.

Paragraph 34: Dr. Arora denies the allegations set forth in Paragraph 34.

Paragraph 35: Dr. Arora denies the allegations set forth in Paragraph 35.

Paragraph 36: Dr. Arora denies the allegations set forth in Paragraph 36.

Paragraph 37: Dr. Arora denies the allegations set forth in Paragraph 37 as he was not involved in, nor responsible for the receipt, possession storage, and distribution of dangerous drugs or controlled substances at Youth, Inc.

Applicable Law: Paragraphs 38-55

Paragraph 38-55: Respondents acknowledge that Paragraphs 38-55 accurately reflect the basic substance of the statutes and regulations cited therein.

Counts: Paragraphs 56-91

Count One (Paragraphs 56-61): Dr. Arora generally denies the allegations set forth in Count One in Paragraphs 56-61. Dr. Arora did not permit Youth, Inc. or any of its personnel to order any dangerous drugs from any manufacturer or supplier not licensed in Nevada. As discussed herein, Dr. Arora's duties for Youth, Inc. were limited to the review and authorization of protocols related to medical procedures. While Youth, Inc. was authorized to order supplies and dangerous drugs under Dr. Arora's credentials, this was to be done in accordance with policies and protocols developed and approved by We Treat's compliance department. To the best of Dr. Arora's knowledge, no client of We Treat was authorized to order or received dangerous drugs or other supplies from unlicensed suppliers/manufacturers.

Count Two (Paragraphs 62-68): Dr. Arora generally denies all allegations set forth in Count Two in Paragraphs 62-68. Further Dr. Arora asserts that a practice which orders, receives, and stores dangerous drugs is not engaging in the practice of pharmacy as alleged. If indeed this was accurate, every medical practice or facility that orders, receives and stores drugs for administration and/or dispensing, would be required to hold a pharmacy license with the Board; that is not currently a requirement and NRS 639.0124(1)(a) is inappropriately applied here.

Count Three (Paragraphs 69-74): Dr. Arora generally denies the allegations set forth in Count Three in Paragraphs 69-74. Again, as discussed herein, Dr. Arora's duties for Youth, Inc. were limited and did not include the development or approval of any protocols or procedures related to the procurement or storage of dangerous drugs. Dr. Arora's medical service protocols did not allow for the reuse of single use vials and any reuse of single use vials on the part of Youth, Inc. personnel would have been done without the knowledge of Dr. Arora and he did not aid or abet any violation of NAC 639.050(2).

Count Four (Paragraphs 75-81): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Four in Paragraphs 75-81. Respondents Gifford, McIntyre, and Jaggard, worked for We Treat, not Youth, Inc. Respondents' duties for Youth, Inc. were limited to conducting medical clearance reviews for patients and if cleared, the patient was authorized for treatment pursuant to approved medical protocols. None of the named respondents were responsible for supervising the staff of Youth, Inc. and would have had no knowledge of unauthorized reuse of single use vials by any personnel associated with Youth, Inc.

Count Five (Paragraphs 82-87): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Five in Paragraphs 75-81. The administration of dangerous drugs to patients is not the practice of pharmacy as defined by NRS 639.0124(1)(a) and

accordingly Respondents could not have aided or abetted in the violation of said statute. Again, as discussed above, should the Board take the position that the administration of a dangerous drug constitutes the practice of pharmacy, all practices and facilities at which any drug is administered would be required to hold a registration as a pharmacy with the Board which is not currently required.

Count Six (Paragraphs 88-91): Respondents Gifford, McIntyre, and Jaggard all generally deny the allegations set forth in Count Six in Paragraphs 88-91.

NOTICE OF DEFENSE/MITIGATING INFORMATION

In regard to Respondent Arora, Dr. Arora stresses that his involvement with We Treat was limited as medical director. The term "medical director" is not defined under Nevada law and there is no legal precedent for what the duties of a medical director must consist of. Dr. Arora functioned as a medical director per the duties he had as a contractor for We Treat, LLC, which consisted solely of the review and authorization of protocols for medical services offered at practices contracted with We Treat and he was required to be available for consultations regarding specific patient questions as needed. The medical protocols authorized by Dr. Arora included standing orders for the administration of certain dangerous drugs and for the prescription of certain controlled substances. It should be noted that Dr. Arora never authorized the administration of controlled substances at Youth, Inc., or any other practice for which he provided services under We Treat and to his knowledge, no controlled substances were stored on-site at Youth, Inc.

We Treat's compliance department was responsible for the development and authorization of all other policies and protocols, including those related to the procurement, receipt, and storage of dangerous drugs. Dr. Arora was advised by We Treat that all policies and protocols were reviewed and vetted for compliance with the laws in each individual state in which We Treat had

clients. Dr. Arora had no reason to doubt the assurances made by We Treat that the policies and protocols for Youth, Inc. were in compliance with Nevada law.

In regard to Respondents Gifford, McIntyre, and Jaggard, all three were employees/contractors with We Treat during the times in question. Their duties were to provide medical clearance reviews for patients wishing to receive services at practices which were contracted with We Treat and if cleared, authorize treatment to be provide pursuant to previously approved medical protocols. Respondents had no duties related to the oversight or supervision of any practice served by We Treat. Respondents would be notified through a proprietary platform that a patient required a medical clearance evaluation at practices which received services from We Treat and would be given access to the patient records through the We Treat platform and would either clear the patient for treatment or deny treatment[1]. Each clinic had individual protocols which would be followed by Respondents. Respondents were informed by We Treat that policies related to requirements for providing medical clearance for patients was vetted by its compliance department and all protocols were in compliance with state laws; Respondents had no reason to question the representations of We Treat.

Respondent Gifford estimates that she performed very few medical clearance evaluations for Youth, Inc. through the We Treat platform. Respondent McIntyre estimates that she did approximately two medical clearance evaluations for Youth, Inc. Respondent Jaggard estimates that she did a maximum of ten to fifteen medical clearance evaluations for Youth, Inc.

---

[1] We Treat practitioners only performed medical clearance evaluations for patients in states in which they were licensed.

All Respondents deny having violated NRS and/or NAC Chapters 453, 454, or 639. Further Respondents reserve all legal defenses available to them should this matter proceed to a hearing.

Respectfully submitted this 15th day of August, 2025.

Lyn E. Beggs, Esq.
Attorney for Respondents

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SIERRA CENTER FOR FOOT SURGERY, License No. ASC02426, and** **MICHAEL HAUTEKEET, Certificate of Registration No. 10777,** **Respondents.**	**Case Nos. 25-181-PH-N** **25-181-RPH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Sierra Center for Foot Surgery (Sierra Center), License No. ASC02426, held a license by the Board as an ambulatory surgical center, and Respondent Michael Hautekeet (Hautekeet), Certificate of Registration No. 10777, was a pharmacist licensed by the Board.

FACTUAL ALLEGATIONS

2. Sierra Center, located at 1801 N. Carson Street No. B in Carson City, Nevada, is an ambulatory surgical center that has been licensed by the Board since 2008.

3. As a surgical center with a license from the Board, Sierra Center must, among other things, employ or contract with a pharmacist who shall visit the surgery center at least once month for evaluation and compliance duties.

4. Since February 2010, Hautekeet has contracted with Sierra Center as its consultant pharmacist to perform evaluation and compliance duties, as required by Nevada law.

5. On or about April 29, 2025, Board Inspector Mui Lee discovered during a site visit at Sierra Center that Hautekeet had not performed a site visit of Sierra Center since February 2025. On a later date, Inspector Lee spoke to Hautekeet and found out that he was on a 180-day cruise and would not be returning until July 2025.

6. As a result of his absence, Hautekeet missed a total of four monthly site visits in 2025.

7. In a follow-up email conversation with an employee of Sierra Center and Hautekeet, Inspector Lee found that Hautekeet had missed some of his required site visits in 2023 for a vacation cruise.

8. Inspector Lee asked for a record of Hautekeet's 2023 absence from Sierra Center. Sierra Center was unable to provide a written record of Hautekeet's 2023 absence.

APPLICABLE LAW

9. Surgical centers for ambulatory patients must obtain a license from the Board to dispense controlled substances and dangerous drugs. NAC 639.4992.

10. Surgical centers for ambulatory patients must employ or enter into a contract with a pharmacist to establish policies and procedures related to the center's pharmaceutical practices. NAC 639.4996.

11. A pharmacist employed by or contracted with a surgical center for ambulatory patients has a duty to, among other things, visit the surgical center at least once a month to evaluate the effectiveness of the policies and procedures established pursuant to NAC 639.4996 and confirm that the center is complying with those policies and procedures. NAC 639.4998(1).

12. A licensee of the Board may be disciplined for unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

13. Unprofessional conduct includes performing one's duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

14. The Board may discipline a licensee who has violated any provisions of a regulation relating to the practice of pharmacy. NRS 639.210(12).

15. The owner of any business or facility licensed by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

16. In lieu of, or in addition to, revoking or suspending a license holder's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

COUNT ONE
Unprofessional Conduct -Performing Duties in an Incompetent, Unskillful, or Negligent Manner
(Respondent Michael Hautekeet)

17. As alleged above, as the pharmacist contracted with Sierra Center, Hautekeet had a duty to conduct monthly site visits to ensure, among other things, Sierra Center's compliance with policies and procedures. NAC 639.4998(1).

18. As alleged above, from March 2025 to July 2025, Hautekeet did not conduct a site visit of Sierra Center, where he was contracted as a pharmacist.

19. As alleged above, also during the course of his contracted employment with Sierra Center, Hautekeet did not conduct some of his required site visits of the center in 2023.

20. Hautekeet's conduct was unprofessional because he failed to perform his duties as required pursuant to NAC 639.4998(1). NAC 639.945(1)(i).

21. Respondent Hautekeet is subject to professional discipline for the conduct described above. NRS 639.210(4).

COUNT TWO
(Respondent Michael Hautekeet)
Unprofessional Conduct—Violation of State Regulation Related to Practice of Pharmacy

22. As alleged above, as the pharmacist contracted with Sierra Center, Hautekeet had a duty to conduct monthly site visits to ensure, among other things, Sierra Center's compliance with policies and procedures. NAC 639.4998(1).

23. As alleged above, from March 2025 to July 2025, Hautekeet did not conduct a site visit of Sierra Center, where he was contracted as a pharmacist.

24. As alleged above, also during the course of his contracted employment with Sierra Center, Hautekeet did not conduct some of his required site visits of the center for in 2023.

25. Hautekeet is subject to professional discipline for having failed to perform monthly site visits as required pursuant to NAC639.4998(1). NRS 639.210(12).

COUNT THREE
Center/Facility Owner Responsibility
(Respondent Sierra Center for Foot Surgery)

26. As the center/facility at which the unprofessional conduct and violations of law alleged herein occurred, Respondent Sierra Center is responsible for those violations, including all errors and omissions of Respondent Hautekeet and any other pharmacy personnel in the course of violations of any law or regulation related to the practice of pharmacy, pursuant to NAC 639.702 and/or NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondents Michael Hautekeet and Sierra Center for Foot Surgery.

Signed this 14 day of JULY 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SIERRA CENTER FOR FOOT SURGERY, License No. ASC02426,** **Respondent.**	**Case No. 25-181-PH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Laura Tucker, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **L.tucker@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 14th day of JULY 2026.

ANSWER AND NOTICE OF DEFENSE

COMES NOW, Respondent, SIERRA CENTER FOR FOOT SURGERY, License No. ASC02426 ("Respondent"), by and through its attorneys, ALLISON MacKENZIE, LTD., who hereby files its Answer and Notice of Defense, as follows:

JURISDICTION

1. Respondent admits the allegations contained in paragraph 1 of the Complaint.

FACTUAL ALLEGATIONS

2. Respondent admits the allegations contained in paragraph 2 of the Complaint.

3. Respondent admits the allegations contained in paragraph 3 of the Complaint.

4. Respondent admits the allegations contained in paragraph 4 of the Complaint.

5. Respondent is without sufficient information to either admit or deny the allegations in paragraph 5 of the Complaint, and on that basis, Respondent denies the same.

6. Respondent is without sufficient information to either admit or deny the allegations in paragraph 6 of the Complaint, and on that basis, Respondent denies the same.

7. Respondent is without sufficient information to either admit or deny the allegations in paragraph 7 of the Complaint, and on that basis, Respondent denies the same.

8. Respondent admits the allegations contained in paragraph 8 of the Complaint.

ALLISON MacKENZIE, LTD.
402 North Division Street, P.O. Box 646, Carson City, NV 89702
Telephone: (775) 687-0202 Fax: (775) 882-7918
E-Mail Address: law@allisonmackenzie.com

E-Mail Address: law@allisonmackenzie.com

APPLICABLE LAW

9. The allegations contained in paragraphs 9-16 contain legal conclusions and the statutes and regulations cited therein speak for themselves, and on that basis, Respondent denies the same.

COUNT ONE
Unprofessional Conduct – Performing Duties in an Incompetent, Unskillful, or Negligent Manner
(Respondent Michael Hautekeet)

10. Respondent is without sufficient information to either admit or deny the allegations in paragraphs 17-21 of the Complaint, and on that basis, Respondent denies the same.

COUNT TWO
(Respondent Michael Hautekeet)
Unprofessional Conduct - Violation of State Regulation Related to Practice of Pharmacy

11. Respondent is without sufficient information to either admit or deny the allegations in paragraphs 22-25 of the Complaint, and on that basis, Respondent denies the same

COUNT THREE
Center/Facility Owner Responsibility
(Respondent Sierra Center for Foot Surgery)

12. The allegations contained in paragraph 26 contain legal conclusions and the regulations cited therein speak for themselves, and on that basis, Respondent denies the same.

AFFIRMATIVE DEFENSES

Respondent alleges the following affirmative defenses to Petitioner's claims for detrimental reliance, and declaratory and equitable relief. These defenses are asserted in the alternative and without assuming any burden of proof that would otherwise rest with Petitioner. Defendant preserves all defenses available under Nevada law and the Nevada Rules of Civil Procedure, including defenses that may be asserted in a responsive pleading, by motion, or at trial. For affirmative defenses to all claims set forth in the Complaint, Respondent states and alleges as follows:

1. Failure to State a Claim: Plaintiff's claims, and each of them, fail to state facts sufficient to constitute a claim upon which relief may be granted.

2. Reservation and Preservation of Additional Defenses: Respondent gives notice that discovery and investigation are ongoing. Respondent preserves the right to assert additional defenses,

including affirmative defenses, avoidance defenses, and defenses that may be asserted by motion or at hearing, as they become known or as justice permits under the Nevada Rules of Civil Procedure.

3. Mitigation of Lack of Strict Compliance: Respondent Hautekeet performed an inspection dated January 30, 2025, and due to Respondent Hautekeet's failure to perform subsequent inspections, Respondent contracted with a new pharmacist, Tanya DeMichelle, as soon as professionally practicable as attempting to retain a new pharmacist as Respondent's small surgical facility on a temporary basis is not a viable option as the facility only conducts surgical cases 1-3 days per month. Respondent has ceased performing surgeries effective March 6, 2026 pending seeking a buyer for the facility due to the low number of surgeries and issues retaining a licensed pharmacist.

PRAYER FOR RELIEF

WHEREFORE, Respondent respectfully prays for judgment as follows:

1. That Plaintiff take nothing by way of the Complaint;

2. For such other and further relief as the Board deems appropriate.

AFFIRMATION

The undersigned does hereby affirm that this document DOES NOT contain the social security number of any person.

DATED this 4 day of August 2026.

OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SIERRA CENTER FOR FOOT SURGERY, License No. ASC02426, and** **MICHAEL HAUTEKEET, Certificate of Registration No. 10777,** **Respondents.**	**Case Nos. 25-181-PH-N** **25-181-RPH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Sierra Center for Foot Surgery (Sierra Center), License No. ASC02426, held a license by the Board as an ambulatory surgical center, and Respondent Michael Hautekeet (Hautekeet), Certificate of Registration No. 10777, was a pharmacist licensed by the Board.

FACTUAL ALLEGATIONS

2. Sierra Center, located at 1801 N. Carson Street No. B in Carson City, Nevada, is an ambulatory surgical center that has been licensed by the Board since 2008.

3. As a surgical center with a license from the Board, Sierra Center must, among other things, employ or contract with a pharmacist who shall visit the surgery center at least once month for evaluation and compliance duties.

4. Since February 2010, Hautekeet has contracted with Sierra Center as its consultant pharmacist to perform evaluation and compliance duties, as required by Nevada law.

5. On or about April 29, 2025, Board Inspector Mui Lee discovered during a site visit at Sierra Center that Hautekeet had not performed a site visit of Sierra Center since February 2025. On a later date, Inspector Lee spoke to Hautekeet and found out that he was on a 180-day cruise and would not be returning until July 2025.

6. As a result of his absence, Hautekeet missed a total of four monthly site visits in 2025.

7. In a follow-up email conversation with an employee of Sierra Center and Hautekeet, Inspector Lee found that Hautekeet had missed some of his required site visits in 2023 for a vacation cruise.

8. Inspector Lee asked for a record of Hautekeet's 2023 absence from Sierra Center. Sierra Center was unable to provide a written record of Hautekeet's 2023 absence.

APPLICABLE LAW

9. Surgical centers for ambulatory patients must obtain a license from the Board to dispense controlled substances and dangerous drugs. NAC 639.4992.

10. Surgical centers for ambulatory patients must employ or enter into a contract with a pharmacist to establish policies and procedures related to the center's pharmaceutical practices. NAC 639.4996.

11. A pharmacist employed by or contracted with a surgical center for ambulatory patients has a duty to, among other things, visit the surgical center at least once a month to evaluate the effectiveness of the policies and procedures established pursuant to NAC 639.4996 and confirm that the center is complying with those policies and procedures. NAC 639.4998(1).

12. A licensee of the Board may be disciplined for unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

13. Unprofessional conduct includes performing one's duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

14. The Board may discipline a licensee who has violated any provisions of a regulation relating to the practice of pharmacy. NRS 639.210(12).

15. The owner of any business or facility licensed by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

16. In lieu of, or in addition to, revoking or suspending a license holder's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

COUNT ONE

Unprofessional Conduct -Performing Duties in an Incompetent, Unskillful, or Negligent Manner
(Respondent Michael Hautekeet)

17. As alleged above, as the pharmacist contracted with Sierra Center, Hautekeet had a duty to conduct monthly site visits to ensure, among other things, Sierra Center's compliance with policies and procedures. NAC 639.4998(1).

18. As alleged above, from March 2025 to July 2025, Hautekeet did not conduct a site visit of Sierra Center, where he was contracted as a pharmacist.

19. As alleged above, also during the course of his contracted employment with Sierra Center, Hautekeet did not conduct some of his required site visits of the center in 2023.

20. Hautekeet's conduct was unprofessional because he failed to perform his duties as required pursuant to NAC 639.4998(1). NAC 639.945(1)(i).

21. Respondent Hautekeet is subject to professional discipline for the conduct described above. NRS 639.210(4).

COUNT TWO
(Respondent Michael Hautekeet)
Unprofessional Conduct—Violation of State Regulation Related to Practice of Pharmacy

22. As alleged above, as the pharmacist contracted with Sierra Center, Hautekeet had a duty to conduct monthly site visits to ensure, among other things, Sierra Center's compliance with policies and procedures. NAC 639.4998(1).

23. As alleged above, from March 2025 to July 2025, Hautekeet did not conduct a site visit of Sierra Center, where he was contracted as a pharmacist.

24. As alleged above, also during the course of his contracted employment with Sierra Center, Hautekeet did not conduct some of his required site visits of the center for in 2023.

25. Hautekeet is subject to professional discipline for having failed to perform monthly site visits as required pursuant to NAC639.4998(1). NRS 639.210(12).

COUNT THREE
Center/Facility Owner Responsibility
(Respondent Sierra Center for Foot Surgery)

26. As the center/facility at which the unprofessional conduct and violations of law alleged herein occurred, Respondent Sierra Center is responsible for those violations, including all errors and omissions of Respondent Hautekeet and any other pharmacy personnel in the course of violations of any law or regulation related to the practice of pharmacy, pursuant to NAC 639.702 and/or NAC 639.945(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondents Michael Hautekeet and Sierra Center for Foot Surgery.

Signed this 14th day of July 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL HAUTEKEET,** **Certificate of Registration No. 10777,** **Respondent.**	**Case No. 25-181-RPH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, September 2, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Laura Tucker, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **L.tucker@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EMPOWER PHARMA,** **Certificate of Registration No. WH02264, and** **EMPOWER PHARMA,** **Certificate of Registration No. OU00033,** **Respondents.**	**Case Nos. 25-230-WH-A-S** **25-230-OU-A-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Board has jurisdiction over Respondent Empower Pharma ("Respondent Empower"), because Respondent Empower holds certificates of registration issued by the Board authorizing Respondent Empower to manufacture dangerous drugs and controlled substances and to distribute them at wholesale in Nevada.

2. The Board has jurisdiction over the subject matter of this Accusation because it involves the storage, possession, distribution, and sale of dangerous drugs and controlled substances in Nevada.

FACTUAL ALLEGATIONS

3. At all times mentioned herein, Joseph Palumbo, D.O. ("Dr. Palumbo") was a practicing physician licensed by the Nevada State Board of Osteopathic Medicine.

4. From 2016 to the present, Respondent Empower has held Certificate of Registration No. WH02264, issued by the Board pursuant to NRS 639.233 and NAC 639.593. Respondent Empower is a "wholesaler" as that term is defined at NRS 639.016.

5. From 2022 to the present, Respondent Empower has held Certificate of Registration No. OU00033, issued by the Board pursuant to NRS 639.233 and NAC 639.6915. Respondent Empower is an "outsourcing facility" as that term is defined at NAC 639.6912.

6. In 2024, Dr. Palumbo served as the Chief Medical Officer of a company engaged in the business of providing mobile hydration services to patients in their homes and/or other non-clinical locations (the "Company").

7. In 2024, in furtherance of its mobile hydration business, the Company purchased and then redistributed sterile compounded drugs intended for parenteral administration.[1] Dr. Palumbo caused, directed, managed, and/or supervised the purchase and redistribution of these drugs (hereinafter the "drugs").[2]

8. The Company and/order. Palumbo purchased the drugs, in varying quantities and at varying intervals, from Respondent Empower.

9. To furnish the drugs to its patients and/or the patients of its contracted health care providers, the Company and/or Dr. Palumbo engaged several registered nurses who personally delivered and administered the drugs to patients in their homes or other non-clinical locations. These registered nurses included Joy Mitchell, RN ("RN Mitchell"), Elmer Karczewski, RN ("RN Karczewski"), Conchita Daban, RN ("RN Daban"), Tylar Barton, RN ("RN Barton"), Cecillia Nichols-Bell, RN ("RN Nichols-Bell"), Nicole Feliciano, RN ("RN Felciano") and Vanessa Lockard, RN ("RN Lockard").

10. At the direction of the Company and/or Dr. Palumbo, Respondent Empower shipped the drugs, in varying quantities and at varying intervals, directly to certain of the registered nurses identified above.

11. Between March 2024 and July 2024, the Company and/or Dr. Palumbo directed Respondent Empower to ship certain of the drugs to RN Barton, RN Daban, RN Felciano, RN

[1] As used herein, the term "parenteral" has the meaning ascribed to it in NRS 639.0105.
[2] All of the drugs were "dangerous drugs" as that term is defined at NRS 454.201.

Mitchell, and RN Nichols-Bell. Respondent Empower sent many of the shipments to residential addresses in Nevada.

12. Respondent Empower shipped the drugs to residential addresses at which there were no practitioners present to accept delivery of, and/or to secure the drugs pending their administration to patients.

13. The various registered nurses, as identified above, stored and/or possessed the drugs at their personal residences, in their vehicles, and/or at other locations where the drugs were not in the custody and control of a practitioner.

14. Based upon the available shipping and transactional records, Respondent Empower, knew or should have known that the drugs would be stored or possessed by persons not authorized to store or possess them.

APPLICABLE LAW

15. A registered nurse is not a "practitioner" as that term is defined at NRS 454.00958.

16. Except as provided in NRS 454.213(1)(c) and (d) regarding the supervised administration of dangerous drugs, a registered nurse may not store or possess dangerous drugs unless they are held for personal use pursuant to a lawful prescription. NRS 454.316.

17. Pursuant to NRS 639.595, a drug wholesaler and/or outsourcing facility may not sell a prescription drug unless the sale is a bona fide transaction. A sale is not a bona fide transaction if the drug is delivered by the seller to someone other than the licensed wholesaler or practitioner to whom the drug was putatively sold. NRS 639.595(5).

18. Pursuant to NRS 639.100, it is unlawful for a drug wholesaler and/or outsourcing facility to cause or permit an unsupervised non-practitioner, including a registered nurse, to store or possess dangerous drugs or controlled substances. *See also* NRS 454.213(1); NRS 454.316.

19. The Board may discipline a licensee or registrant for engaging in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.255.

20. The Board may discipline a licensee or registrant for violating, attempting to violate, or assisting or abetting in the violation of any provision of law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

21. Unprofessional conduct includes performing one's duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner. NRS 639.210(4); NAC 639.945(1)(i).

COUNT ONE
Causing or Permitting the Unlicensed Storage/Possession of Drugs

22. As alleged above, Respondent Empower shipped dangerous drugs to persons without authority to store or possess those drugs, and they did so under circumstances where they knew or should have known that said persons had no authority to store or possess dangerous drugs.

23. By engaging in the conduct described above, Respondents violated NRS 639.100.

24. By engaging in the conduct described above, Respondents assisted or abetted in violations of NRS 454.316.

25. Respondents are subject to discipline for their violations of NRS Chapter 454 and/or NRS Chapter 639. NRS 639.210(12); NRS 639.255.

COUNT TWO
Unlawful Wholesale Transactions

26. As alleged above, Respondent Empower shipped dangerous drugs to persons without authority to store or possess those drugs.

27. By shipping the drugs in the manner described above, Respondent Empower engaged in "wholesale distribution" as that term is defined at NRS 639.0155.

28. The above shipments were not bona fide transactions as required by NRS 639.595.

29. Respondent Empower had a duty under NRS 639.595 to exercise reasonable care to prevent shipments to persons without authority to store or possess dangerous drugs.

30. Respondent Empower shipped dangerous drugs under circumstances where Respondent Empower knew or should have known that the intended recipients had no authority to store or possess dangerous drugs.

31. Respondent Empower performed its duties, as described above, in an incompetent, unskillful or negligent manner.

32. By engaging in the conduct described above, Respondent Empower violated NRS 639.595.

33. By engaging in the conduct described above, Respondent Empower was guilty of unprofessional conduct.

34. Respondent Empower is subject to discipline for its unprofessional conduct and/or violations of Nevada law as described above. *See* NRS 639.210(4); NRS 639.210(12); NAC 639.945(1)(h), (j) and (k).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to Respondent Empower's certificates of registration as identified above.

DATED this 7th day of APRIL 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EMPOWER PHARMACY,** **License No. PH03016, and** **EMPOWER PHARMA,** **License No. OU00033,** **Respondents.**	**CASE NOS. 25-292-PH-O** **25-292-OU-O** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Empower Pharmacy (Empower Pharmacy) because it holds a pharmacy license issued by the Board authorizing it to dispense dangerous drugs and controlled substances in Nevada.

2. The Board has jurisdiction over Respondent Empower Pharma (Empower Pharma) because it holds a license issued by the Board authorizing it to manufacture dangerous drugs and controlled substances and to distribute them at wholesale in Nevada.

3. The Board has jurisdiction to address the subject matter of this accusation because it involves the manufacture, distribution, and dispensing of prescription drugs in Nevada.

FACTUAL ALLEGATIONS

4. Empower Pharmacy and Empower Pharma are based in Houston, Texas.

5. Since 2013 or earlier, Empower Pharmacy has been licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Empower Pharmacy operates a "pharmacy" in Nevada as that term is defined at NRS 639.012.

6. Since 2022, Empower Pharma has been licensed by the Board to manufacture dangerous drugs and controlled substances and to distribute them at wholesale in Nevada. Empower Pharma operates an "outsourcing facility" as that term is defined at NAC 639.6912.

7. Empower Pharmacy and Empower Pharma produce sterile compounded drug products and dispense them to patients in Nevada. Empower Pharmacy is governed by NRS Chapters 453, 454, and 639, and by Section 503A of the federal Food, Drug and Cosmetic Act (FD&C Act). Empower Pharma is governed by NRS Chapters 453, 454, and 639, and by Section 503B of the FD&C Act.

8. Between April 22, 2025, and June 30, 2025, Empower Pharmacy compounded and dispensed copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy. These included sterile compounds identified by Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, all dispensed in Nevada.

9. Between April 22, 2025, and June 30, 2025, Empower Pharma compounded and dispensed copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy. These included sterile compounds identified by Rx Nos. 1017171002, 1017319703, and 1017497201, all dispensed in Nevada.

10. As to each of Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, Empower Pharmacy did not obtain a statement of significant difference from the prescribing practitioner attesting to a patient-specific need for a compounded variation of the commercially available drug product.

11. As to each of Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, Empower Pharmacy did not compound the prescription using a drug or an active pharmaceutical ingredient that appeared on the FDA's shortage list as of April 22, 2025.

12. As to each of Rx Nos. 1017171002, 1017319703, and 1017497201, Empower Pharma did not obtain a statement of significant difference from the prescribing practitioner attesting to a patient-specific need for a compounded variation of the commercially available drug product.

13. As to each of Rx Nos. 1017171002, 1017319703, and 1017497201, Empower Pharma did not compound the prescription using a drug or an active pharmaceutical ingredient that appeared on the FDA's shortage list as of April 22, 2025.

14. All of the above compounded drug products were distributed in interstate commerce.

APPLICABLE LAW

15. The Board may revoke or suspend the license or registration of any licensee or registrant who has engaged in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

16. It is unprofessional and/or contrary to the public interest for a pharmacy or an outsourcing facility to compound or dispense substandard drug products. NAC 639.945(1)(a).

17. It is unprofessional and/or contrary to the public interest for a pharmacy or an outsourcing facility to perform or in any way be a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

18. The Board may revoke the license or registration of any licensee or registrant who has violated any provision of the FD&C Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. Generally, if a compounding pharmacy or an outsourcing facility wishes to produce a drug in a manner that does not comply with section 503A or section 503B of the FD&C Act, respectively, it must submit a new drug application pursuant to section 505 of the FD&C Act. *See* 21 U.S.C. § 355.

20. To comply with section 503A of the FD&C Act, a compounding pharmacy may not "compound regularly or in inordinate amounts . . . any drug products that are essentially copies of a commercially available drug product." 21 U.S.C. § 353a(B)(1)(D).

21. To comply with section 503B of the FD&C Act, an outsourcing facility may produce a drug only if the drug is not essentially a copy of one or more approved drugs. 21 U.S.C. § 353b(A)(5).

22. Under section 502 of the FD&C Act, a drug is misbranded if it bears a false or misleading label or is packaged in a container suggesting that it is proprietary to the seller when it is, in fact, an imitation of some other manufacturer's patented drug product. 21 U.S.C. § 352(i).

23. Under section 301 of the FD&C Act, it is unlawful to distribute a misbranded drug in interstate commerce. *See* 21 U.S.C. § 335.

24. The FDA has published guidance concerning compounded drug products that are essentially copies of commercially available drugs. *See Compounded Drug Products That Are Essentially Copies of a Commercially Available Drug Product Under Section 503A of the Federal Food, Drug, and Cosmetic Act Guidance for Industry*, 83 Fed. Reg. 2790 (January 19, 2018); *Compounded Drug Products That Are Essentially Copies of a Commercially Available Drug Product Under Section 503B of the Federal Food, Drug, and Cosmetic Act Guidance for Industry*, 83 Fed. Reg. 2786 (January 18, 2018). This guidance sets forth the generally accepted standard of care that a compounding pharmacy or an outsourcing facility must adhere to when producing compounded drug products with pharmacological properties that mimic those of commercially available drugs.

COUNT ONE
Violations of Sections 502 and 505 of the FD&C Act

25. As alleged above, Empower Pharmacy and Empower Pharma produced and dispensed compounded drug products that were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

26. Empower Pharmacy and Empower Pharma failed to document a shortage of said commercially available drugs and/or failed to document a specific patient need for some compounded variation thereof.

27. Empower Pharmacy affixed patient-specific labels to product containers even though the formulations for the drugs were not developed pursuant to a statement of significant different issued by the prescribing practitioner.

28. The patient-specific labels were a subterfuge intended to avoid the requirement to file a new drug application pursuant to section 505 of the FD&C Act.

29. The patient-specific labels were a subterfuge intended to conceal the fact that their sterile compounds were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

30. By producing and dispensing the sterile compounds in the manner described above, Empower Pharmacy and Empower Pharma distributed "misbranded" drugs within the meaning of section 502 of the FD&C Act. *See* 21 U.S.C. § 352(i).

31. By distributing misbranded products in interstate commerce, Empower Pharmacy and Empower Pharma violated section 301 of the FD&C. *See* 21 U.S.C. § 331.

32. Empower Pharmacy and Empower Pharma produced copies of commercially available drugs in a manner requiring the submission of a new drug application pursuant to section 505 of the FD&C Act.

33. By failing to submit a new drug application to the FDA as required by section 505 of the FD&C, Empower Pharmacy and Empower Pharma violated section 505 of the FD&C Act.

34. Based on the foregoing, Empower Pharmacy and Empower Pharma may be disciplined by the Board pursuant to NRS 639.210(11) for violating the FD&C Act.

COUNT TWO
Unprofessional Conduct

35. As alleged above, Empower Pharmacy and Empower Pharma produced and dispensed sterile compounded drug products that were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

36. Empower Pharmacy and Empower Pharma failed to adhere to applicable FDA guidance when they produced drug products that were essentially copies of commercially available drug products. As a result, Empower Pharmacy and Empower Pharma compounded and dispensed substandard drug products.

37. Empower Pharmacy and Empower Pharma marketed and packaged their sterile compounds in a manner intended to conceal the fact that their compounds were essentially copies of commercially available drug products. In so doing, Empower Pharmacy and Empower Pharma engaged in deceitful practices.

38. Based on the foregoing, Empower Pharmacy and Empower Pharma may be disciplined by the Board for unprofessional conduct. NRS 639.210(4); NAC 639.945(1)(a) and (h).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses of Empower Pharmacy and Empower Pharma.

DATED this 14th day of APRIL 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EMPOWER PHARMACY,** **License No. PH03016, and** **EMPOWER PHARMA,** **License No. OU00033,** **Respondents.**	**Case Nos. 25-292-PH-O** **25-292-OU-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, June 3, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Gregory Zunino, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **zunino@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 14th day of April 2026.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EMPOWER PHARMACY,** **License No. PH03016, and** **EMPOWER PHARMA,** **License No. OU00033,** **Respondents.**	**CASE NOS. 25-292-PH-O** **25-292-OU-O** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Empower Pharmacy (Empower Pharmacy) because it holds a pharmacy license issued by the Board authorizing it to dispense dangerous drugs and controlled substances in Nevada.

2. The Board has jurisdiction over Respondent Empower Pharma (Empower Pharma) because it holds a license issued by the Board authorizing it to manufacture dangerous drugs and controlled substances and to distribute them at wholesale in Nevada.

3. The Board has jurisdiction to address the subject matter of this accusation because it involves the manufacture, distribution, and dispensing of prescription drugs in Nevada.

FACTUAL ALLEGATIONS

4. Empower Pharmacy and Empower Pharma are based in Houston, Texas.

5. Since 2013 or earlier, Empower Pharmacy has been licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Empower Pharmacy operates a "pharmacy" in Nevada as that term is defined at NRS 639.012.

6. Since 2022, Empower Pharma has been licensed by the Board to manufacture dangerous drugs and controlled substances and to distribute them at wholesale in Nevada. Empower Pharma operates an "outsourcing facility" as that term is defined at NAC 639.6912.

7. Empower Pharmacy and Empower Pharma produce sterile compounded drug products and dispense them to patients in Nevada. Empower Pharmacy is governed by NRS Chapters 453, 454, and 639, and by Section 503A of the federal Food, Drug and Cosmetic Act (FD&C Act). Empower Pharma is governed by NRS Chapters 453, 454, and 639, and by Section 503B of the FD&C Act.

8. Between April 22, 2025, and June 30, 2025, Empower Pharmacy compounded and dispensed copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy. These included sterile compounds identified by Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, all dispensed in Nevada.

9. Between April 22, 2025, and June 30, 2025, Empower Pharma compounded and dispensed copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy. These included sterile compounds identified by Rx Nos. 1017171002, 1017319703, and 1017497201, all dispensed in Nevada.

10. As to each of Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, Empower Pharmacy did not obtain a statement of significant difference from the prescribing practitioner attesting to a patient-specific need for a compounded variation of the commercially available drug product.

11. As to each of Rx Nos. 91382873, 97115997, 97499747, 98168938, and 98173714, Empower Pharmacy did not compound the prescription using a drug or an active pharmaceutical ingredient that appeared on the FDA's shortage list as of April 22, 2025.

12. As to each of Rx Nos. 1017171002, 1017319703, and 1017497201, Empower Pharma did not obtain a statement of significant difference from the prescribing practitioner attesting to a patient-specific need for a compounded variation of the commercially available drug product.

13. As to each of Rx Nos. 1017171002, 1017319703, and 1017497201, Empower Pharma did not compound the prescription using a drug or an active pharmaceutical ingredient that appeared on the FDA's shortage list as of April 22, 2025.

14. All of the above compounded drug products were distributed in interstate commerce.

APPLICABLE LAW

15. The Board may revoke or suspend the license or registration of any licensee or registrant who has engaged in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

16. It is unprofessional and/or contrary to the public interest for a pharmacy or an outsourcing facility to compound or dispense substandard drug products. NAC 639.945(1)(a).

17. It is unprofessional and/or contrary to the public interest for a pharmacy or an outsourcing facility to perform or in any way be a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

18. The Board may revoke the license or registration of any licensee or registrant who has violated any provision of the FD&C Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. Generally, if a compounding pharmacy or an outsourcing facility wishes to produce a drug in a manner that does not comply with section 503A or section 503B of the FD&C Act, respectively, it must submit a new drug application pursuant to section 505 of the FD&C Act. *See* 21 U.S.C. § 355.

20. To comply with section 503A of the FD&C Act, a compounding pharmacy may not "compound regularly or in inordinate amounts . . . any drug products that are essentially copies of a commercially available drug product." 21 U.S.C. § 353a(B)(1)(D).

21. To comply with section 503B of the FD&C Act, an outsourcing facility may produce a drug only if the drug is not essentially a copy of one or more approved drugs. 21 U.S.C. § 353b(A)(5).

22. Under section 502 of the FD&C Act, a drug is misbranded if it bears a false or misleading label or is packaged in a container suggesting that it is proprietary to the seller when it is, in fact, an imitation of some other manufacturer's patented drug product. 21 U.S.C. § 352(i).

23. Under section 301 of the FD&C Act, it is unlawful to distribute a misbranded drug in interstate commerce. *See* 21 U.S.C. § 335.

24. The FDA has published guidance concerning compounded drug products that are essentially copies of commercially available drugs. *See Compounded Drug Products That Are Essentially Copies of a Commercially Available Drug Product Under Section 503A of the Federal Food, Drug, and Cosmetic Act Guidance for Industry*, 83 Fed. Reg. 2790 (January 19, 2018); *Compounded Drug Products That Are Essentially Copies of a Commercially Available Drug Product Under Section 503B of the Federal Food, Drug, and Cosmetic Act Guidance for Industry*, 83 Fed. Reg. 2786 (January 18, 2018). This guidance sets forth the generally accepted standard of care that a compounding pharmacy or an outsourcing facility must adhere to when producing compounded drug products with pharmacological properties that mimic those of commercially available drugs.

COUNT ONE
Violations of Sections 502 and 505 of the FD&C Act

25. As alleged above, Empower Pharmacy and Empower Pharma produced and dispensed compounded drug products that were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

26. Empower Pharmacy and Empower Pharma failed to document a shortage of said commercially available drugs and/or failed to document a specific patient need for some compounded variation thereof.

27. Empower Pharmacy affixed patient-specific labels to product containers even though the formulations for the drugs were not developed pursuant to a statement of significant different issued by the prescribing practitioner.

28. The patient-specific labels were a subterfuge intended to avoid the requirement to file a new drug application pursuant to section 505 of the FD&C Act.

29. The patient-specific labels were a subterfuge intended to conceal the fact that their sterile compounds were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

30. By producing and dispensing the sterile compounds in the manner described above, Empower Pharmacy and Empower Pharma distributed "misbranded" drugs within the meaning of section 502 of the FD&C Act. *See* 21 U.S.C. § 352(i).

31. By distributing misbranded products in interstate commerce, Empower Pharmacy and Empower Pharma violated section 301 of the FD&C. *See* 21 U.S.C. § 331.

32. Empower Pharmacy and Empower Pharma produced copies of commercially available drugs in a manner requiring the submission of a new drug application pursuant to section 505 of the FD&C Act.

33. By failing to submit a new drug application to the FDA as required by section 505 of the FD&C, Empower Pharmacy and Empower Pharma violated section 505 of the FD&C Act.

34. Based on the foregoing, Empower Pharmacy and Empower Pharma may be disciplined by the Board pursuant to NRS 639.210(11) for violating the FD&C Act.

COUNT TWO
Unprofessional Conduct

35. As alleged above, Empower Pharmacy and Empower Pharma produced and dispensed sterile compounded drug products that were essentially copies of commercially available drug products manufactured under the brand names Mounjaro, Zepbound, Ozempic and/or Wegovy.

36. Empower Pharmacy and Empower Pharma failed to adhere to applicable FDA guidance when they produced drug products that were essentially copies of commercially available drug products. As a result, Empower Pharmacy and Empower Pharma compounded and dispensed substandard drug products.

37. Empower Pharmacy and Empower Pharma marketed and packaged their sterile compounds in a manner intended to conceal the fact that their compounds were essentially copies of commercially available drug products. In so doing, Empower Pharmacy and Empower Pharma engaged in deceitful practices.

38. Based on the foregoing, Empower Pharmacy and Empower Pharma may be disciplined by the Board for unprofessional conduct. NRS 639.210(4); NAC 639.945(1)(a) and (h).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses of Empower Pharmacy and Empower Pharma.

DATED this 14th day of MAY 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway -- Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **EMPOWER PHARMACY,** **License No. PH03016, and** **EMPOWER PHARMA,** **License No. OU00033,** **Respondents.**	**Case Nos. 25-292-PH-O** **25-292-OU-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, June 3, 2026, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney, Gregory Zunino, at the email addresses below:

TeamBC@Pharmacy.nv.gov and **zunino@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **BERNARD BROOKS, RPH,** **Certificate of Registration No. 20571,** **Respondent.**	**Case No. 25-031-RPH-N** **FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER**

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, October 15, 2025. Brett Kandt, Esq., prosecuted the case before the Board. Respondent Bernard Brooks, RPh, Certificate of Registration No. 20571 was represented by counsel, Andrew Switlyk, Esq. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Nevada State Board of Pharmacy has jurisdiction over this matter and Respondent because at the time of the events herein, Respondent Bernard Brooks, RPh, Certificate of Registration No. 20571, was a pharmacist registered with the Board.

2. On or about May 22, 2024, pursuant to NRS 639.2895 the Board issued a citation to Respondent in Case No. 24-184-RPH-N and assessed an administrative fine of $500 for failing to complete required continuing education units in violation of NAC 639.330.

3. In 2012, Respondent was arrested on a charge of underage drinking and possession of alcohol in the state of Wisconsin.

4. Respondent failed to disclose this arrest to the Board on his 2020 application for registration as a pharmacist.

5. Respondent was employed as managing pharmacist at Walgreens Pharmacy #02474, Pharmacy License No. PH01939, located at 3000 Vista Blvd. in Sparks, Nevada, at the time of the events herein.

6. From 2022 through 2024, Walgreens employees routinely observed Respondent impaired from consuming alcohol while performing his duties as managing pharmacist at Walgreens Pharmacy #02474.

7. On multiple occasions Walgreens Pharmacy #02474 had to close early due to Respondent's impaired state and inability to perform his duties as managing pharmacist.

8. On or about April 15, 2025, Respondent was terminated from employment by Walgreens Pharmacy #02474 for cause.

9. Board staff incurred at least Six Thousand Six Hundred Fifty-Six Dollars and Six Cents ($6,656.06) in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and Respondent because, at the time of the events herein, Respondent held a registration issued by the Board.

2. The applicable law in this matter is as follows:

A. Becoming intoxicated or under the influence of liquor will on duty in any establishment licensed by the Board is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(3).

B. Performing any duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

C. It is a misdemeanor crime to sell, dispense or compound any prescription or sell any drug while under the influence of intoxicating liquor. NRS 639.283. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

D. The Board may suspend or revoke a registration if the holder has a substance use disorder. NRS 639.210(5).

3. Respondent is NOT GUILTY on Count One of the Accusation, violation of NRS 639.281(1), and is not subject to discipline pursuant to NRS 639.210(9) and/or NRS 639.210(12).

4. Respondent is NOT GUILTY on Count Two of the Accusation, and Respondent is not subject to discipline pursuant to NRS 639.210(10).

5. Respondent is GUILTY on Count Three of the Accusation: by performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while impaired, Respondent is subject to discipline pursuant to NRS 639.210(3).

6. Respondent is GUILTY on Count Four of the Accusation: by performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while impaired, Respondent has performed his duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 639.210(4).

7. Respondent is GUILTY on Count Five of the Accusation: by performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while impaired, Respondent violated,

attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.293 and is subject to discipline pursuant NRS 639.210(12).

8. Respondent is GUILTY on Count Six of the Accusation: by his history and diagnosis of severe alcohol use disorder, Respondent is subject to discipline pursuant to NRS 639.210(5).

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The certificate of registration of Respondent Bernard Brooks, RPh, Certificate of Registration No. 20571, is revoked pursuant to NRS 639.255(1)(d). The suspension is stayed, and Respondent is placed on probation for a period of five (5) years subject to the following conditions:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Five Thousand Dollars ($5,000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by October 16, 2026.

B. Pursuant to NRS 622.400, Respondent shall pay Six Thousand Six Hundred Fifty-Six Dollars and Six Cents ($6,656.06) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by October 16, 2026.

C. Respondent shall remain in treatment for alcohol use disorder by a evaluator/practitioner and shall fully comply with all treatment/counseling recommended in the evaluation and shall continue with treatment/counseling for the full term of probation;

D. The evaluator/practitioner shall provide quarterly compliance reports to the Board for the full term of probation; and

E. Other than his current position as managing pharmacist at Option Care Health, Respondent shall not work as managing pharmacist of any pharmacy licensed by the Board while on probation without prior approval from the Board.

Upon successful completion of probation, Respondent's Certificate of Registration No. 20571 will be fully restored.

2. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may lift the stay of suspension and immediately suspend Respondent's Certificate of Registration No. 20571 and impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

3. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5), and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60, and shall be further reported pursuant to NAC 639.960.

4. This Order is effective immediately.

IT IS SO ORDERED.

Entered this 16th day of October, 2025.

Helen Park, Pharm.D.
President
Nevada State Board of Pharmacy

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **BERNARD BROOKS, RPH,** **Certificate of Registration No. 20571,** **Respondent.**	**Case No. 25-031-RPH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because, at the time of the events alleged herein, Respondent Bernard Brooks, RPh, Certificate of Registration No. 20571, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. On or about May 22, 2024, pursuant to NRS 639.2895 the Board issued a citation to Respondent in Case No. 24-184-RPH-N and assessed an administrative fine of $500 for failing to complete required continuing education units in violation of NAC 639.330.

3. In 2012, Respondent was convicted on a charge of underage drinking and possession of alcohol in the state of Wisconsin.

4. On or about August 15, 2013, Respondent was convicted on a misdemeanor charge of simple assault in the District of Columbia, Superior Court.

5. Respondent failed to disclose these convictions to the Board on his 2020 application for registration as a pharmacist.

6. Respondent was employed as managing pharmacist at Walgreens Pharmacy #02474, Pharmacy License No. PH01939, located at 3000 Vista Blvd. in Sparks, Nevada, at the time of the events alleged herein.

7. From 2022 through 2024, Walgreens employees routinely observed Respondent intoxicated while performing his duties as managing pharmacist at Walgreens Pharmacy #02474.

8. On multiple occasions Walgreens Pharmacy #02474 had to close early due to Respondent's impaired state and inability to perform his duties as managing pharmacist.

9. On or about April 15, 2025, Respondent was terminated from employment by Walgreens Pharmacy #02474 for cause.

COUNT ONE
Furnishing False Material Information to Board

10. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 639. NRS 639.281(1).

11. By failing to disclose his convictions to the Board on his 2020 application for registration as a pharmacist as alleged in paragraphs 3-5 herein, Respondent violated NRS 639.281(1), and is subject to discipline pursuant to NRS 639.210(9) and/or NRS 639.210(12).

COUNT TWO
Obtaining Registration by False or Fraudulent Application

12. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent, is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

13. By failing to disclose his convictions to the Board on his 2020 application for registration as a pharmacist as alleged in paragraphs 3-5 herein, Respondent is subject to discipline pursuant to NRS 639.210(10).

COUNT THREE
Intoxicated While on Duty in Licensed Pharmacy

14. Becoming intoxicated or under the influence of liquor will on duty in any establishment licensed by the Board is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(3).

15. By performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while intoxicated as alleged in paragraphs 6-9 herein, Respondent is subject to discipline pursuant to NRS 639.210(3).

COUNT FOUR
Unprofessional Conduct - Incompetent, Unskillful or Negligent Performance of Duties

16. Performing any duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

17. By performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while intoxicated as alleged in paragraphs 6-9 herein, Respondent has performed his duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 639.210(4).

COUNT FIVE
Violation of State Law

18. It is a misdemeanor crime to sell, dispense or compound any prescription or sell any drug while under the influence of intoxicating liquor. NRS 639.283. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

19. By performing his duties as managing pharmacist at Walgreens Pharmacy #02474 while intoxicated as alleged in paragraphs 6-9 herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.293 and is subject to discipline pursuant NRS 639.210(12).

COUNT SIX
Substance Abuse Disorder

20. The Board may suspend or revoke a registration if the holder has a substance use disorder. NRS 639.210(5).

21. By his history of alcohol use disorder as alleged herein, Respondent is subject to discipline pursuant to NRS 639.210(5).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 24 day of July 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

IN THE SECOND JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA

IN AND FOR THE COUNTY OF WASHOE

BERNARD BROOKS, RHP, Certificate of Registration No. 20571, Petitioner, vs. NEVADA STATE BOARD OF PHARMACY, Respondent.	CASE NO.: CV25-02752 DEPT. NO.: 3

ORDER GRANTING IN PART AND DENYING IN PART PETITION FOR JUDICIAL REVIEW

PROCEDURAL HISTORY

On July 24, 2025, the Nevada State Board of Pharmacy (hereinafter, Board) filed a six-count Notice of Intended Action and Accusation (hereinafter, NIAA) against Petitioner Bernard Brooks, RPH, a licensed Nevada pharmacist (hereinafter, Petitioner) pursuant to NRS 233B.127(3), NRS 622A.300(1), and NRS 639.241. Supplemental Record on Appeal (hereinafter, ROA) at 00003-00006. The Board charged Petitioner with:

Count One: Furnishing False Material Information to Board in violation of NRS 639.281(1);

Count Two: Obtaining Registration by False or Fraudulent Application in violation of NRS 639.210(10);

Count Three: Intoxicated While on Duty in Licensed Pharmacy in violation of NRS 639.210(3);

Count Four: Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties in violation of NAC 639.945(1)(i);

Count Five: Violation of State Law (criminal conduct) in violation of NRS 639.283; and

Count Six: Having a Substance Abuse Disorder in violation of NRS 639.210(5).

On October 15 and 16, 2025, the Board held an evidentiary hearing on the allegations in the NIAA, with several witnesses testifying and evidence presented on behalf of both the Board and Petitioner. After the hearing and deliberation by the Board members, the Board found Petitioner not guilty of Counts One and Two, but guilty of Counts Three, Four, Five, and Six. (Findings of Fact, Conclusions of Law, and Order, (hereinafter Order), ROA 00136-00137.) As a sanction pursuant to NRS 639.255(1)(d), the Board revoked Petitioner's Certificate of Registration, staying the revocation and placing Petitioner on probation for a period of five years with several conditions, including paying a $5,000.00 fine, $6,656.06 in attorney fees and investigation costs, and treatment for alcohol use disorder. (ROA at 00137-00138.)

On November 17, 2025, Petitioner timely filed his Petition for Judicial Review (hereinafter, Petition) challenging the four guilt findings in the Order, alleging prejudice of his substantial rights pursuant to NRS 233B.135(3). In sum, Petitioner alleges that all of the Board's findings of guilt are based on their base finding that Petitioner was "impaired" by alcohol while performing his duties as a licensed Nevada pharmacist at his place of employment, Walgreen's Store #2474 in Sparks, Nevada, and that the Board's finding of impairment was clearly erroneous in view of the entire record on appeal, requiring reversal pursuant to NRS 233B.135(3)(e). (Pet.at 1.)

The Court disagrees with Petitioner, in that the Court determines that substantial evidence on the whole record exists sufficient to establish that Petitioner

was actually "intoxicated while on duty" as a licensed Nevada pharmacist and did engage in behavior which resulted in his being found liable for the conduct alleged in the NIAA in Counts Three, Four, and Six. However, as discussed *infra*, the Court reverses the Board's finding on Count Five, in which the Board found Petitioner's license revokable based on his being guilty of misdemeanor criminal conduct pursuant to NRS 639.283.

SCOPE OF REVIEW

In reviewing the Board's final determination, this Court must evaluate whether their decision was characterized by "clear error or an arbitrary and capricious abuse of discretion." The agency's fact-based conclusions of law "are entitled to deference and will not be disturbed if they are supported by substantial evidence." *Law Offices of Barry Levinson, P.C. v. Milko*, 124 Nev. 355, 362, 184 P.3d 378, 384 (2008). Substantial evidence exists if a reasonable person could find the evidence adequate to support the [Board's] conclusion, and the reviewing court may not reweigh the evidence or revisit an [agency board's] credibility determination. *Id.* The Court's review is confined to the record before the agency, NRS 233B.135(1)(b); however, purely legal questions are reviewed de novo. *Milko* at 378, 384.

STANDARD OF REVIEW

The court may remand or affirm the final decision or set it aside in whole or in part if substantial rights of the petitioner have been prejudiced because the final decision of the agency is:

(a) In violation of constitutional or statutory provisions;

(b) In excess of the statutory authority of the agency;

(c) Made upon unlawful procedure;

(d) Affected by other error of law;

(e) Clearly erroneous in view of the reliable, probative and substantial evidence on the whole record; or

(f) Arbitrary or capricious or characterized by abuse of discretion.

NRS 233B.135(3). As discussed *supra*, Petitioner alleges that the findings of the Board are clearly erroneous pursuant to NRS 233B.135(3)(e).

THIS COURT'S ANALYSIS AND FINDINGS

Contrary to the assertions in the Petition, the Court finds that the ROA supports the Board's findings of fact and law regarding Counts Three, Four and Six.

Count Three: Intoxicated While on Duty in Licensed Pharmacy in violation of NRS 639.210(3)

NRS 639.210 specifies the grounds on which the Board may revoke or suspend a Nevada pharmacist's license. NRS 639.210(3) provides that the Board may revoke a Nevada pharmacist's license if her or she:

> [b]ecomes or is intoxicated or under the influence of liquor, any depressant drug or a controlled substance, unless taken pursuant to a lawfully issued prescription, while on duty in any establishment licensed by the Board.

As is observed by Petitioner, the Board's basis for finding that Petitioner was intoxicated while on duty relies largely on the testimony of pharmacy technicians and witnesses Wendy Berryman, Sarah West, and Mikayla Bergendahl.[1]

The Court finds that the testimony of Makayla Bergendahl specifically supports the Board's finding that Petitioner did in fact perform his duties as a pharmacist while intoxicated by alcohol. While under cross-examination, Bergendahl testified that on several occasions while working at Walgreen's in close proximity to Petitioner she noticed several signs and symptoms of alcohol intoxication upon him. Those symptoms included the smell of alcohol on his breath, an altered demeanor from his usual professional presentation, and glazed eyes, (Hrg. Tr. at 100:18-25), in addition to slurred speech. (Id. at 102:1.) Bergendahl's testimony constitutes sufficient evidence on the record to establish Petitioner's intoxication while working at Walgreens. (*See, Chadwick*

[1] Although several other witnesses testified during the two-day evidentiary hearing, some asserting facts contradicting those recalled by these three pharmacy technicians, NRS 233B.135(3) prohibits this Court from substituting its judgment for that of the Board in weighing the credibility of the witnesses.

v. State, 140 Nev. 104, 111, 546 P.3d 215, 224 (Nev. App. 2024), in which the Nevada Court of Appeals held that a lay witness' testimony based on personally observing signs and symptoms of alcohol upon the defendant was in and of itself sufficient to establish the fact of intoxication by clear and convincing evidence.) Accordingly, the Board's determination of guilt on Count Three is not clearly erroneous, and the Court AFFIRMS the Board's ruling as to Count Three.

Count Four: Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties in violation of NAC 639.945(1)(i)

NRS 639.210(4) provides that the Board may revoke the license of a pharmacist who is guilty of unprofessional conduct or conduct contrary to the public interest. NAC 639.945 defines the various conditions under which a pharmacy licensee may be found to have engaged in unprofessional conduct. In Count Four of its NIAA, the Board accused Petitioner of performing his duties as the holder of a pharmacy license in an incompetent, unskillful or negligent manner in violation of NAC 639.945(1)(i), constituting a violation of NRS 639.210(4).

In addition to the personal observations by Bergdahl of Petitioner's intoxication discussed *supra*, all three witnesses testified that on multiple occasions, and as frequently as once per month, (Hrg. Tr. at 36:4-5), Petitioner presented at Walgreens as hungover, including being physically ill and vomiting, which several times caused the closure of the pharmacy at the Walgreen's and the work of the pharmacy technicians to be delayed. (Id. at 36:20-25 – 37:13, 38:14-15; 63:9-21; 91:5-21, 93:17-18, 94:14-19.)

The Court finds that this testimony constitutes substantial evidence on the record that Petitioner acted in an incompetent, unskillful, or negligent manner in violation of NAC 639.945(1)(i), supporting the allegation in Count Four of unprofessional conduct. A reasonable inference can be drawn from the evidence in the record that Petitioner's proven conduct (being hungover often enough that the pharmacy had to be repeatedly closed) resulted in patients with prescriptions at his Walgreen's pharmacy experiencing delays in filling those prescriptions, which is

adverse to the public interest. Accordingly, the Board's determination as to Count Four is not clearly erroneous, and the Court AFFIRMS it.

Count Six: Having a Substance Abuse (sic) Disorder in violation of NRS 639.210(5)

NRS 639.210(5) permits Board action against a holder's pharmacy license if that person has a substance use disorder. The Court finds that substantial evidence is in the record (including the testimony of the pharmacy technicians that Petitioner arrived at his place of employment on several occasions either intoxicated or hungover as is discussed *supra*) supporting the Board's finding on Count Six that Petitioner has a substance use disorder, i.e., a history of alcohol use disorder, subjecting him to discipline pursuant to NRS 639.210(5). Accordingly, the Board's finding of guilt on Count Six is not clearly erroneous and is AFFIRMED.

Count Five: Violation of State Law (criminal conduct) in violation of NRS 639.283

NRS 639.283 provides that a person who dispenses any prescription while under the influence of intoxicating liquor is guilty of a misdemeanor. Such conduct is the stated grounds for the Board's action against Petitioner's pharmacy license pursuant to NRS 639.210(12) in Count Five.

While NRS 639.283 enables the Board to refer Petitioner for prosecution, the Board's determination that Petitioner is guilty of the conduct alleged in Count Five of the NIAA under the rules of administrative procedure does not constitute a misdemeanor conviction. Misdemeanors in Nevada may only be presented for prosecution in municipal and justice courts of competent jurisdiction, NRS 4.370, NRS 5.050, and a criminal defendant may only be convicted upon proof beyond a reasonable doubt. NRS 175.191.

There is no evidence in the ROA that Petitioner has been convicted of a misdemeanor based on the conduct alleged in Count Five of the NIAA. Accordingly, the Petition is GRANTED as to the Board's finding on Count Five, and the Board's determination of guilt on that count is REVERSED.

Finally, the Court finds the penalty assessed by the Board to be fair and appropriate under their findings of facts and law, even given this Court's reversal of the Board's determination on Count Five, and accordingly AFFIRMS it.

IT IS SO ORDERED.

DATED this 22nd day of July, 2026.

TAMMY M. RIGGS
District Judge

CERTIFICATE OF SERVICE

Pursuant to NRCP 5(b), I hereby certify that I am an employee of the Second Judicial District Court of the State of Nevada, County of Washoe; that on this 22nd day of July, 2026, I electronically filed the following with the Clerk of the Court by using the ECF system which will send a notice of electronic filing to the following:

LAURA TUCKER, ESQ.
ANDREW SWITLYK, ESQ.
BRETT KANDT, ESQ.

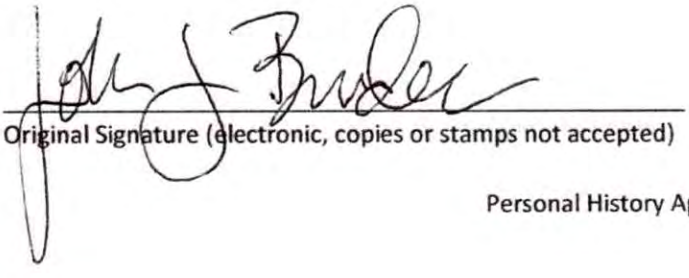
Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)	✓	
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.



This is in response to Question # 1 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
12/18/2016	02/27/2017	NV	North Las Vegas	Clark
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
CR006962-16		City of North Las Vegas Municipal Court		
Reason/Charge				
Petit Larceny				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
John Binder				
Name of Business/Industry/Entity				

Provide explanation below:

I was convicted of misdemeanor petit larceny in North Las Vegas Municipal Court in 2017. At the time, my family was experiencing significant financial hardship after the loss of household income, and I made the poor decision to take groceries from a store while trying to provide dinner for my family.

I accepted responsibility for my actions and complied with all court requirements related to the matter. This was an isolated incident, and I have had no criminal issues before or since.

Section 8: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?	✓	
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state? Include all public or private actions against a professional license, not limited to a suspension, revocation, surrender or other discipline.		✓

Please use and make copies of this page (if necessary) to provide information as requested below regarding any questions, 1-3, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 2. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
12/18/2016	02/27/2017	NV	Las Vegas	Clark
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
CR006962-16		City of North Las Vegas		
Reason/Charge				
Petit Larceny				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
John Binder				
Name of Business/Industry/Entity				

Provide explanation below:

I was convicted of misdemeanor petit larceny in North Las Vegas Municipal Court in 2017. At the time, my family was experiencing significant financial hardship after the loss of household income, and I made the poor decision to take groceries from a store while trying to provide dinner for my family.

I accepted responsibility for my actions and complied with all court requirements related to the matter. This was an isolated incident, and I have had no criminal issues before or since.

I, John Binder, **certify that as the MDEG Administrator for**

Anything Medical,

that I (initial that you have read and meet the following requirements):

1. JB **Have a high school diploma or its equivalent;**
2. JB **Have**
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. JB **Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and**
4. JB **Will ensure that the operation of the business or facility complies with all applicable federal,** state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

To: Kristy Langston
Subject: Re: Nevada Board of Pharmacy MDEG Application

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Kristy,

I guess two more things! Suzanna would have to remove and replace bandages/braces, knee braces, back braces, boots, scoliosis back braces and more, directly on injured patients. She would handle wheel chairs including adjusting them, helping patients in them, out of them and using them. She would help adjust crutches. She would assist in adjusting walkers and helping patients use the walkers. She helped patients with motorized wheel chairs, assisting them around the office and in and out of the devices. She would handle and help with medical gowns, medical shorts, cups, syringes, gauze, tapes, gloves, etc. As a transporter, she did not just walk patients around, she assisted the patient from the main waiting area to their exam room and then into the xray rooms and back into the exam room and back to the waiting area or check out area. She spent time in the rooms with the doctors, prepping them before the visit, during the visit for assistance and after the visit to see the patient out. At times Suzanna would have to adjust medical tables and medical tables and chairs to suite the patient or xray technicians needs. Desert Orthopedic is well known in Las Vegas for orthopedic surgery, imaging, physical therapy and more. She worked there for almost two years handling patients in this manner and assisting the doctors and nurses with durable medical equipment on a daily basis as part of her position there.

Melissa Hudson

I hope this helps with more details of her hands on experience with some of the medical devices I would be selling.

On Wed, Jul 15, 2026 at 7:57 PM Melissa Hudson <melissa@hudsonmedco.com> wrote:
Kristy,

Sorry, one more thing, a transporter at Desert Orthopedic is not a person who drives people around. Instead it's a person who handles patients directly from the waiting room area to the point where they see the doctor.

Thank you,
Melissa Hudson

On Wed, Jul 15, 2026 at 7:50 PM Melissa Hudson <melissa@hudsonmedco.com> wrote:
Hi Kristy,

Thanks for letting us know about the deficiencies in Suzana's MDEG Administrator application.

Suzanna worked for Desert Orthopedic and Spine for her 1,500 hours of verifiable work experience as required by NAC 639.694. She was a transporter who helped patients to rooms, helped service with wheelchairs, medical devices, crutches, medical supplies, and other medical devices. I believe we put this on the application.

Hudson Medical Co will be selling durable medical equipment to the public, including wheelchairs, crutches, etc. These items are those in which Suzanna has had direct experience in handling patients, physically on the job, with more than 1500 hours of experience.

If this doesn't suffice, can you please elaborate on what is needed so I can better understand whether Suzanna fits the criteria or not, and if not, I would seek another individual who would fit the criteria for the licensing.

Thank you for your time.

Best,
Melissa

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

Board Use Only	Date Received:

FUTURE PARTICIPATION AGREEMENT

This Future Participation Agreement (this "Agreement") is made and entered into as of 08/04/2026 (the "Effective Date"), by and among:

Ryan Yardley, an individual ("Yardley");

Dr. Brandon Snead, an individual ("Dr. Snead"); and

Vitality Medical Supplies, LLC, a Nevada limited liability company (the "Company").

Yardley, Dr. Snead, and the Company are each referred to in this Agreement as a "Party" and collectively as the "Parties."

BACKGROUND

A. The Company was organized as a Nevada limited liability company on April 10, 2026, and its members adopted the Company's Operating Agreement effective as of August 4, 2026 (as it may be amended from time to time, the "Operating Agreement").

B. The Company was formed to operate as a supplier of durable medical equipment ("DME") and related devices, and has been in the process of applying for and expects to be imminently approved for a license for that purpose by the Nevada State Board of Pharmacy.

C. The members of the Company are OrthoSport Medical Services Corp., holding a ninety-nine percent (99%) membership interest, and Yardley, holding a one percent (1%) membership interest. Ryan Yardley is also designated as the Manager of the Company. Although the Parties had originally contemplated a structure in which Dr. Snead would be a member of the Company, it was determined that Dr. Snead could not become a member at the time of the Company's organization for regulatory reasons, and it is confirmed that Dr. Snead holds no membership interest in, and has no ownership or operational role in, the Company as of the Effective Date.

D. The Company's licensure and operation require that a qualified administrator be responsible for the Company's compliance with applicable requirements of the Nevada State Board of Pharmacy. Yardley serves as the primary administrator of the Company's Nevada operation, and his service in that role is a necessary condition to the Company's licensure and continued authority to operate.

E. Dr. Snead is the owner of the building at 6765 W Charleston Blvd., Suite 150, Las Vegas, Nevada, 89146, at which the Company conducts its operations (the "Premises"), and Dr. Snead leases space to the Company at the Premises under a separate written commercial lease agreement (the "Lease"). Except in his capacity as landlord under the Lease, Dr. Snead is not involved in, and is to remain unentangled from, the business and operations of the Company as of the Effective Date. The Company has leased that space at least partly to address the special additional need for a DME supplier in that part of the community.

F. The Parties desire to set forth their respective commitments regarding the operation of the Company, the covenants of Dr. Snead during the period prior to any future participation, and the conditions and process by which Dr. Snead may, in the future, become a member of and administrator for the Company, all on the terms and subject to the conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

1. **Operational Covenants.**

a. **Yardley's Operational Commitments.** Yardley shall serve as the primary administrator of the Company's Nevada operation and shall be responsible for the Company's compliance with the applicable requirements of the Nevada State Board of Pharmacy necessary to maintain the Company's license in good standing. Yardley shall hire, train, and maintain at least one qualified individual to serve as a backup administrator so that the Company can be operated on a continuous and ongoing basis and can continue to satisfy its licensure and administrator requirements. Yardley shall use commercially reasonable efforts to operate the Company and work toward achieving the performance target described in Section 2.

b. **Dr. Snead's Limited Role.** Except in his capacity as landlord under the Lease, Dr. Snead shall have no ownership, management, or operational role in the Company unless and until the participation process described in this Agreement is completed. Dr. Snead shall remain hands-off and unentangled from the business and operations of the Company, and shall not hold himself out as an owner, member, manager, administrator, agent, or representative of the Company.

c. **Dr. Snead's Compliance Covenants.** During the term of this Agreement and prior to the completion of the participation process described in Sections 4 and 5, Dr. Snead shall not: (i) order, prescribe, or dispense DME through the Company; (ii) refer, or direct the referral of, any DME business or patients to the Company; or (iii) treat patients out of, or from, the Company's premises or operation.

d. **Purpose of Covenants.** The Parties acknowledge and agree that the covenants set forth in this Section 1 are intended to maintain the Company's compliance with applicable law and the requirements of the Nevada State Board of Pharmacy, to preserve the separation between Dr. Snead's role as landlord and the business of the Company, and to make Dr. Snead's future participation in the Company possible on a compliant basis.

2. **Performance Reporting and Participation Trigger.**

a. **Annual Performance Reporting.** During the term of this Agreement, the Company shall provide Dr. Snead with a written report of the financial performance of the Company's Nevada operation not less than annually. Each report shall include a reasonable summary of the operation's revenue, expenses, and net profit for the applicable period, in sufficient detail to reasonably apprise Dr. Snead of the operation's progress toward the Profit Target described in Section 2(c).

b. **Enhanced Reporting.** Beginning with the first fiscal year in which the Nevada operation achieves net profit after expenses of at least Five Hundred Thousand Dollars ($500,000), the Company shall provide the reports described in Section 2(a) on at least a quarterly basis thereafter until the earlier of the achievement of the Profit Target or the termination of the reporting obligation under Section 3.

c. **Profit Target.** For purposes of this Agreement, the "Profit Target" shall be deemed achieved when: (i) the Company's Nevada operation generates net profit after expenses of at least Five

Hundred Thousand Dollars ($500,000) in a single fiscal year; and (ii) following the close of that fiscal year, the Nevada operation continues to generate net profit after expenses of at least Five Hundred Thousand Dollars ($500,000), measured on a trailing-twelve-month basis, for a continuous period of not less than six (6) months. For purposes of this Section 2, "net profit after expenses" shall be determined from the books and records of the Company, maintained in accordance with the accounting methods used by the Company in preparing its federal income tax returns, consistently applied.

d. **Trigger Notice.** Promptly following the achievement of the Profit Target, the Company shall so notify Dr. Snead in writing and shall provide reasonable financial information confirming that the Profit Target has been met (the "Trigger Notice"). Delivery of the Trigger Notice entitles Dr. Snead to initiate the participation process described in Sections 4 and S.

3. **Term and Termination.**

a. **Term.** This Agreement shall commence on the Effective Date and shall continue in effect until terminated in accordance with this Section 3.

b. **Reporting Term.** The Company's reporting obligations under Section 2 shall continue for an initial term of five (5) years from the Effective Date and shall automatically renew for successive one (1) year terms thereafter until the participation process has been completed as provided for in Sections 4 and S of this Agreement, or until this Agreement is terminated as provided in this Section 3.

c. **Termination by Dr. Snead.** Dr. Snead may terminate this Agreement at any time upon written notice to the other Parties. The Parties acknowledge and agree that: (i) if Dr. Snead delivers such notice before the Company has delivered a Trigger Notice under Section 2(d), such termination shall constitute Dr. Snead's election not to pursue participation in the Company, and upon such termination all rights of Dr. Snead to initiate or complete the participation process described in Sections 4 and 5 shall immediately and permanently terminate; and (ii) if Dr. Snead delivers such notice after the Company has delivered a Trigger Notice but before the participation process has been completed, such termination shall likewise constitute a waiver of his participation rights, unless the Parties agree otherwise in writing.

d. **Termination by Mutual Agreement.** Except as provided in Section 3(c), this Agreement may be terminated only by the mutual written agreement of the Parties.

e. **Effect of Termination.** Upon termination of this Agreement, the Parties shall have no further obligations under this Agreement, except that: (i) the covenants set forth in Section 1(c) shall survive for so long as Dr. Snead is the landlord under the Lease or otherwise as necessary to preserve the Company's regulatory compliance; and (ii) any provision that by its nature is intended to survive termination shall so survive.

4. **Participation Preparation.**

a. **Participation Election Notice.** At any time following delivery of the Trigger Notice, Dr. Snead may elect to initiate the participation process by delivering written notice of such election to the other Parties (the "Participation Election Notice"). Delivery of the Participation Election Notice commences the preparation process described in this Section 4, which must be completed before Dr. Snead may be admitted as a member of, or serve as an administrator for, the Company under Section 5.

b. **Cessation of Clinical Practice; Inactive License Status.** As a condition to his participation, Dr. Snead shall cease treating patients and shall apply to the Nevada State Board of Medical Examiners to place his Nevada medical license on inactive status. Dr. Snead may maintain his medical license on inactive status but shall not, while serving in any role with the Company, practice medicine or prescribe in the State of Nevada. Dr. Snead shall provide the Company with reasonable evidence of the change of his license to inactive status.

c. **Administrator Qualification and Board Approval.** Dr. Snead shall satisfy the requirements of the Nevada State Board of Pharmacy applicable to service as an administrator of the Company's Nevada operation, and the Parties shall cause to be prepared and filed with the Board all applications, notices, and supporting materials necessary for the Board to approve Dr. Snead as an administrator of the Company. The Company and Yardley shall reasonably cooperate with, and provide information reasonably necessary to, Dr. Snead's qualification and approval under this Section 4(c).

d. **Continuity of Operation.** Until Dr. Snead has been approved by the Nevada State Board of Pharmacy and has assumed an administrator role, Yardley shall continue to serve as the primary administrator of the Company's Nevada operation, and the Company shall at all times maintain at least one qualified administrator so that its license remains in good standing and its operation continues without interruption.

e. **Sequencing.** The Parties acknowledge and agree that Dr. Snead's cessation of clinical practice, the placement of his medical license on inactive status, and his approval as an administrator by the Nevada State Board of Pharmacy are conditions precedent to the formalization of his membership interest under Section 5, and that the transactions contemplated by Sections 4 and 5 are intended to occur in a coordinated sequence that preserves the Company's licensure and regulatory compliance at all times.

5. **Formalizing Participation.**

a. **Admission as a Member.** Upon satisfaction of the conditions set forth in Section 4, Dr. Snead shall be admitted as a member of the Company holding a fifty percent (50%) membership interest, in accordance with the admission procedures of Article IV of the Operating Agreement. Such admission shall be effected by, among other things, Dr. Snead's execution and delivery of the New Member Acknowledgment and Joinder required under the Operating Agreement, approval of the admission by the members as required under Section 4.01 of the Operating Agreement, and the Manager's update of the Company's capitalization records to reflect the issuance. The Parties acknowledge and agree that Dr. Snead's admission to a fifty percent (50%) membership interest will proportionately dilute the existing membership interests of OrthoSport Medical Services Corp. and Yardley to a combined fifty percent (50%) interest, and that under this Agreement Dr. Snead shall acquire no interest in OrthoSport Medical Services Corp. or any of its assets or operations.

b. **Assumption of Administrator Role.** Concurrently with or promptly following his admission as a member, and subject to his approval by the Nevada State Board of Pharmacy under Section 4(c), Dr. Snead shall assume the role of primary administrator of the Company's Nevada operation.

c. **Valuation.** For purposes of determining Dr. Snead's buy-in, the fair market value of the Company shall be determined in accordance with the valuation provisions of Section 5.03(a) of the Operating Agreement. The value of Dr. Snead's contributions to the Company other than cash—including the business-development value attributable to his enabling the Company to operate at the Premises and

in its market area—shall be determined in accordance with the valuation of non-cash contributions provisions of Section 3.03(c) of the Operating Agreement.

d. **Buy-In Consideration.** The consideration payable by Dr. Snead for his fifty percent (50%) membership interest shall equal fifty percent (50%) of the fair market value of the Company determined under Section 5(c), less a credit for the value of Dr. Snead's non-cash contributions determined under Section 5(c). The remaining balance, if any, shall be (i) paid in cash, (ii) through the Company's withholding of a portion of the distributions or profits otherwise payable to Dr. Snead over a reasonable period, or (iii) through a combination of the foregoing, in each case as the Parties shall agree in a separate writing at the time the participation process is initiated.

e. **Cooperation and Further Assurances.** The Parties shall cooperate in good faith and execute and deliver such resolutions, joinders, amendments to the Operating Agreement and its exhibits, and other documents and instruments as are reasonably necessary to effect Dr. Snead's admission as a member and assumption of the administrator role in accordance with this Section 5.

6. **Insurance.**

a. **Coverage Following Admission.** From and after Dr. Snead's admission as a member under Section 5, each of Yardley and Dr. Snead shall obtain and maintain in force a life insurance or key-person insurance policy insuring his life in a total amount of not less than One Million Dollars ($1,000,000), for so long as each remains a member of the Company.

b. **Allocation of Proceeds.** Each policy required under Section 6(a) shall be arranged so that, of the total One Million Dollars ($1,000,000) in coverage: (i) Five Hundred Thousand Dollars ($500,000) is payable to the insured member's spouse or family, as the insured member may designate; and (ii) Five Hundred Thousand Dollars ($500,000) is payable to the Company. Should the policies be written for more than One Million Dollars, then the proceeds shall be payable in the same proportion as provided for in subsections (i) and (ii) of this Section 6(b).

c. **Evidence of Coverage.** Each of Yardley and Dr. Snead shall, upon reasonable request, provide the Company and the other with reasonable evidence that the coverage required under this Section 6 is in force.

7. **Succession.**

a. **Automatic Succession to Membership Interests.** Notwithstanding anything to the contrary in the Operating Agreement, following the admission of Dr. Snead as a member of the Company, upon the death of Yardley or Dr. Snead, the deceased member's individual membership interest in the Company shall pass automatically and immediately to his surviving spouse.

b. **Immediate Full Membership; No Formalities.** The surviving spouse shall succeed to the deceased member's individual membership interest automatically upon death, without any requirement of approval, consent, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other action or formality of any kind. Effective immediately upon the death of the deceased member, the surviving spouse shall be admitted as, and shall have all of the rights, powers, and privileges of, a full member of the Company with respect to such membership interest, including all economic, voting, governance, and management rights, and shall step directly into the shoes of the deceased member with respect to that interest, in each case free of any transfer restriction, right of first refusal, buy-out, call or

put right, substitute-member admission requirement, spousal limitation, or other restriction or procedure that would otherwise apply under the Operating Agreement.

c. **Coordination with Operating Agreement; Consent.** The Parties acknowledge and agree that the automatic succession provided in this Section 7 is contrary to, and is intended to override and operate as an exception to, the provisions of the Operating Agreement that would otherwise apply upon the death of a member, including without limitation the death and incapacitation provisions of Section 5.02(a) (under which the Company would otherwise purchase or redeem the deceased member's Membership Units), the transfer and substitute-member provisions of Article V, and the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02. Each of the members of the Company, and the Company, by executing this Agreement and the corporate resolution described in Section 7(d), consents to this Section 7 and agrees that it shall control over any contrary provision of the Operating Agreement.

d. **Implementing Resolution.** Concurrently with the formalization of Dr. Snead's participation under Section 5, the Company shall adopt a corporate resolution, in substantially the form attached to this Agreement as **Exhibit A**, executed by all members whose consent is required (including any unanimous consent required under Section 13.07(b) of the Operating Agreement), that adopts this Agreement and specifically approves the departures from the Operating Agreement set forth in this Section 7. Such resolution shall, at a minimum, expressly: (i) approve the automatic and immediate succession of each deceased member's individual membership interest to his surviving spouse, with full membership rights and without any approval, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other formality; (ii) waive and disapply, as to the interests described in this Section 7, the death and incapacitation provisions of Section 5.02(a), the transfer and substitute-member provisions of Article V, and the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02 of the Operating Agreement; (iii) approve and consent, on behalf of the Company and each member, to the agreement to arbitrate disputes under Section 8(d) of this Agreement; and (iv) approve and consent to the waiver of trial by jury under Section 8(d)(v) of this Agreement, including as such provisions apply to each surviving spouse succeeding to a membership interest under this Section 7. The Parties shall further execute such consents and amendments to the Operating Agreement as are necessary to give full effect to this Section 7.

8. **Miscellaneous Provisions.**

a. **Notices.** All notices, requests, consents, elections, and other communications required or permitted under this Agreement (each, a "Notice") shall be in writing and shall be deemed duly given: (i) when delivered personally; (ii) when sent by email to the email address specified below (or to such other email address as a Party may designate by Notice given in accordance with this Section), provided that no automated "undeliverable" or similar rejection message is received by the sender; (iii) one (1) business day after deposit with a nationally recognized overnight courier, with charges prepaid; or (iv) three (3) business days after being mailed by certified or registered mail, return receipt requested, postage prepaid. A Notice sent by email after 5:00 p.m. in the recipient's local time zone, or on a day that is not a business day, shall be deemed given on the next business day. The Parties expressly agree that email is an acceptable and sufficient means of delivering any Notice under this Agreement, including the Trigger Notice under Section 2(d) and the Participation Election Notice under Section 4(a).

i. To Yardley: [redacted] Hurricane UT [redacted]
Email: [redacted]

ii. To Dr. Snead: 6765 W. Charleston Blvd Ste #150 Las Vegas NV 89146
Email: bsnead@nevadasportsandspine.com

iii. To the Company: 6765 W. Charleston Blvd Ste #150 Las Vegas NV 89146
Email: credentialing@msebilling.com

b. **Relationship of the Parties.** Nothing in this Agreement shall be construed to create a partnership, joint venture, agency, or employment relationship among the Parties. Except as expressly provided in this Agreement and, upon his admission, in the Operating Agreement, no Party shall have any authority to act for or to bind any other Party.

c. **Governing Law.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Nevada, without giving effect to any choice-of-law or conflict-of-law provision or rule that would cause the application of the laws of any jurisdiction other than the State of Nevada.

d. **Dispute Resolution.**

i. **Negotiation and Mediation.** In the event of any dispute, claim, or controversy arising out of or relating to this Agreement, the Parties shall first attempt in good faith to resolve the matter through negotiation and, if not so resolved, through non-binding mediation, for a period of not less than thirty (30) days and not more than sixty (60) days from the date any Party gives written notice of the dispute. The Parties may, by mutual written agreement, elect to shorten, extend, or opt out of the negotiation and mediation process set forth in this Section 8(d)(i).

ii. **Binding Arbitration.** Any dispute, claim, or controversy not resolved pursuant to Section 8(d)(i) shall be finally resolved by binding arbitration administered by a nationally recognized arbitration provider, such as the American Arbitration Association (AAA) or JAMS, in accordance with its commercial arbitration rules in effect at the time the arbitration is commenced. The arbitration shall be seated in Clark County, Nevada, and judgment on the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

iii. **Costs and Fees.** Except as otherwise provided in this Section, each Party shall bear its own costs and expenses of the arbitration, including its own attorneys' fees, and the Parties shall share equally the fees and expenses of the arbitrator and the arbitration provider. Notwithstanding the foregoing, upon motion by any Party, the arbitrator shall have the discretion to award, shift, or reallocate the costs and expenses of the arbitration, including arbitrator and administrative fees and reasonable attorneys' fees, among the Parties as the arbitrator deems appropriate.

iv. **Provisional and Injunctive Relief.** Notwithstanding Sections 8(d)(i) and 8(d)(ii), any Party may apply to a court of competent jurisdiction located in Clark County, Nevada for a temporary restraining order, preliminary injunction, or other provisional or equitable relief necessary to preserve the status quo or prevent irreparable harm pending the outcome of negotiation, mediation, or arbitration, without first exhausting the procedures in Section 8(d)(i) and without waiving the agreement to arbitrate. Each Party acknowledges that a breach or threatened breach of the covenants in Section 1 or Section 7 may cause irreparable harm for which monetary damages would be an inadequate remedy, and that the non-breaching Party or the Company shall be entitled to seek such relief without the necessity of posting a bond or proving actual damages.

v. **Waiver of Jury Trial.** TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, EACH PARTY IRREVOCABLY WAIVES ANY RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM, WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE, ARISING OUT OF OR RELATING TO THIS AGREEMENT. THIS WAIVER APPLIES TO ANY JUDICIAL PROCEEDING PERMITTED UNDER SECTION 8(D)(IV) OR OTHERWISE NOT SUBJECT TO ARBITRATION.

e. **Entire Agreement.** This Agreement, together with the Operating Agreement and the Lease as they relate to the subject matter addressed in each, constitutes the entire agreement among the Parties with respect to its subject matter and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions, whether written or oral, relating to that subject matter. In the event of a conflict between this Agreement and the Operating Agreement with respect to the matters expressly addressed in this Agreement, this Agreement shall control as among the Parties.

f. **Amendment.** This Agreement may be amended, modified, or supplemented only by a written instrument signed by each of the Parties.

g. **Waiver.** No waiver of any provision of this Agreement shall be effective unless made in writing and signed by the Party against whom the waiver is to be enforced. No failure or delay by any Party in exercising any right under this Agreement shall operate as a waiver of that right, and no single or partial exercise of any right shall preclude any further exercise of that or any other right.

h. **Assignment.** No Party may assign this Agreement or any of its rights or obligations under this Agreement without the prior written consent of the other Parties, except that this Agreement shall be binding upon and inure to the benefit of the Parties and their respective heirs, successors, permitted assigns, and, as provided in Section 7, surviving spouses.

i. **Severability.** If any provision of this Agreement is held to be invalid, illegal, or unenforceable, the remaining provisions shall continue in full force and effect, and the Parties shall negotiate in good faith to modify this Agreement so as to effect their original intent as closely as possible in an acceptable manner.

j. **Further Assurances.** Each Party shall execute and deliver such further documents and instruments, and take such further actions, as may be reasonably necessary or appropriate to carry out the purposes and intent of this Agreement.

k. **Counterparts; Electronic Signatures.** This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument. Delivery of an executed counterpart by email or other electronic transmission, and execution by electronic signature, shall be effective as delivery of an original executed counterpart.

EXHIBIT A – FORM OF CORPORATE RESOLUTION OF VITALITY MEDICAL SUPPLIES, LLC

UNANIMOUS WRITTEN CONSENT AND RESOLUTION OF THE MEMBERS AND MANAGER OF VITALITY MEDICAL SUPPLIES, LLC

The undersigned, being all of the members (the "Members") and the Manager of Vitality Medical Supplies, LLC, a Nevada limited liability company (the "Company"), acting by unanimous written consent in lieu of a meeting pursuant to the Company's Operating Agreement (as amended, the "Operating Agreement") and the Nevada Revised Statutes, hereby adopt the following resolutions and consent to the actions set forth below, effective as of 08/04/2026.

RECITALS

WHEREAS, the Company, Ryan Yardley ("Yardley"), and Dr. Brandon Snead ("Dr. Snead") are parties to that certain Future Participation Agreement dated 08/04/2026 (the "Participation Agreement"), pursuant to which, among other things, Dr. Snead has been admitted as a member of the Company holding a fifty percent (50%) membership interest;

WHEREAS, Section 7 of the Participation Agreement provides for the automatic and immediate succession of each of Yardley's and Dr. Snead's individual membership interest in the Company to his surviving spouse upon his death, with full membership rights and without any formality, notwithstanding certain provisions of the Operating Agreement to the contrary;

WHEREAS, Section 7(d) of the Participation Agreement requires the Company to adopt a resolution, executed by all Members whose consent is required (including any unanimous consent required under Section 13.07(b) of the Operating Agreement), that adopts the Participation Agreement and specifically approves the departures from the Operating Agreement set forth in Section 7 of the Participation Agreement; and

WHEREAS, the Members and the Manager have determined that it is in the best interests of the Company to adopt the Participation Agreement and to approve and consent to the matters set forth below.

RESOLUTIONS

NOW, THEREFORE, BE IT RESOLVED, that the Participation Agreement, and each of the transactions and terms contemplated thereby, be, and hereby are, adopted, ratified, approved, and confirmed in all respects as the act of the Company and the Members;

RESOLVED, that the Members and the Company hereby approve the automatic and immediate succession, upon the death of Yardley or Dr. Snead, of the deceased member's individual membership interest in the Company to his surviving spouse, who shall thereupon be admitted as, and shall have all of the rights, powers, and privileges of, a full member of the Company with respect to such interest, including all economic, voting, governance, and management rights, and without any requirement of approval, consent, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other action or formality of any kind;

RESOLVED, that, as to the membership interests described in Section 7 of the Participation Agreement, the Members and the Company hereby waive and disapply (i) the death and incapacitation provisions of Section 5.02(a) of the Operating Agreement, under which the Company would otherwise purchase or

redeem a deceased member's Membership Units; (ii) the transfer and substitute-member provisions of Article V of the Operating Agreement; and (iii) the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02 of the Operating Agreement;

RESOLVED, that the Members and the Company hereby approve and consent to the agreement to arbitrate disputes set forth in Section 8(d) of the Participation Agreement, and agree that such agreement to arbitrate shall be binding upon the Company, each Member, and each surviving spouse succeeding to a membership interest under Section 7 of the Participation Agreement;

RESOLVED, that the Members and the Company hereby approve and consent to the waiver of trial by jury set forth in Section 8(d)(v) of the Participation Agreement, and agree that such waiver shall be binding upon the Company, each Member, and each surviving spouse succeeding to a membership interest under Section 7 of the Participation Agreement;

RESOLVED, that to the extent the foregoing resolutions are contrary to any provision of the Operating Agreement, the Members hereby consent to and approve such departures and agree that the Participation Agreement and these resolutions shall control, and the Members and the Manager are authorized and directed to execute such further consents and amendments to the Operating Agreement as are necessary to give full effect to Section 7 of the Participation Agreement; and

RESOLVED, that the Manager and the officers of the Company be, and each of them hereby is, authorized, empowered, and directed to take all such further actions and to execute and deliver all such further documents and instruments as any of them may deem necessary or appropriate to carry out the purpose and intent of the foregoing resolutions.

This Consent may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument, and delivery by electronic transmission shall be effective as delivery of an original.

IN WITNESS WHEREOF, the undersigned have executed this Unanimous Written Consent and Resolution as of the date first written above.

COMMERCIAL LEASE AGREEMENT

State of Nevada — Gross Lease

This Commercial Lease Agreement ("Agreement") is made and entered into this **16th day of July, 2026**, by and between:

Landlord: Dr. Brandon Snead, on behalf of Nevada Sports and Spine

Landlord Email: bsnead@NevadaSportsandSpine.com

Tenant: Ryan Yardley

1. PREMISES

Landlord leases to Tenant, and Tenant leases from Landlord, a portion of the office space located at:

6765 W. Charleston Blvd, Unit 150, Las Vegas, NV 89146

(the "Premises"), consisting of approximately **900 square feet** of office space within the above suite, to be used for the Permitted Use described in Section 3 below.

2. TERM

The term of this Agreement shall begin on **July 16, 2026** and shall continue for a fixed period of twelve (12) months, ending on **July 15, 2027** ("Term"), unless earlier terminated or renewed in writing by both parties.

3.PERMITTED USE

Tenant shall use the Premises solely for **general office use** and for no other purpose without Landlord's prior written consent. Tenant shall comply with all applicable federal, state, and local laws, ordinances, and regulations, including any Clark County business licensing and zoning requirements applicable to the Premises and Tenant's use thereof.

4. RENT

Tenant agrees to pay Landlord a fixed monthly rent of **$2,000.00**, due on the 1st day of each month during the Term, payable to Landlord at an address or method designated by Landlord. This is a Gross Lease: the monthly rent is inclusive of real property taxes, building insurance, and common area maintenance (CAM) charges attributable to the Premises, except as otherwise expressly stated in this Agreement.

A late fee may apply if rent is not received within any grace period specified by Landlord in writing. Late fees shall be reasonable and shall not constitute a penalty under Nevada law.

5.UTILITIES AND SERVICES

Except as otherwise provided in this Gross Lease, Landlord shall be responsible for standard building utilities and services (including electricity, water, sewer, and common area services) attributable to the Premises. Tenant shall be responsible for any utilities or services separately metered to or exclusively used by Tenant, including telephone, internet, and any specialized equipment power needs, unless otherwise agreed in writing.

6. MAINTENANCE AND REPAIRS

Landlord shall maintain the structural elements, common areas, and building systems serving the Premises in good repair. Tenant shall maintain the interior of the Premises in a clean and sanitary condition, and shall be responsible for repair of any damage caused by Tenant's negligence, misuse, or that of its employees, agents, patients, or invitees. Tenant shall not make structural alterations to the Premises without Landlord's prior written consent.

7. INSURANCE AND INDEMNIFICATION

Tenant shall maintain, at itsown expense, commercial general liability insurance covering its use of the Premises, and, if applicable, professional liability insurance appropriate to Tenant's business, with Landlord named as an additional insured where applicable. Tenant shall indemnify and hold Landlord harmless from claims, damages, or liabilities arising fromTenant's useofthe Premises, except to the extent caused by Landlord's negligence or willful misconduct.

8. SIGNAGE

Tenantshallnot install exterior or common-area signage without Landlord's prior written consent and compliance with anyapplicable landlord, property, orClarkCountysignage regulations.

9. ASSIGNMENT AND SUBLETTING

TenantshallnotassignthisAgreementorsubletall orany part of the Premises without the prior written consent of Landlord,which consentshallnotbe unreasonably withheld.

10. RIGHT OF ENTRY

Landlord, orLandlord'sagents, may enter the Premises at reasonable times, with reasonable advance notice to Tenant (except in cases of emergency), to inspect the Premises, perform necessary repairs, or show the space to prospective tenants or purchasers.

11. DEFAULT AND REMEDIES

If Tenant fails to pay rentwhen due, or otherwise defaults under a material term of this Agreement, and such default is not cured within the applicable notice period required under Nevada law, Landlord may pursue all remedies available underNevada law, includingtermination of this Agreement and recovery of unpaid rent and damages.

12. QUIET ENJOYMENT

Solong asTenantis not in defaultunder this Agreement, Tenant shall be entitled to quiet enjoyment of the Premises without interference from Landlord, subject to Landlord's rights of entry and the terms of this Agreement.

13. HOLDOVER

IfTenant remains inpossession of the Premises after expiration of the Term without Landlord's written consent, such holdover shall be treated as a month-to-month tenancy at a rent to be reasonably determined by Landlord, subject to all othertermsof this Agreement, until eitherparty terminates the holdovertenancy uponnotice as provided by Nevada law.

14. AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE

Landlordand Tenant shalleach be responsible forADAcompliancewithin theirrespective scopesof control as required by applicable law, with Tenant responsible for ADA compliance related to Tenant's specific business operations and any tenantimprovements installed by Tenant.

15. GOVERNING LAW

ThisAgreementshallbegovernedbyand construed in accordance with the laws of the State of Nevada.

16. ENTIRE AGREEMENT

ThisAgreement constitutesthe entireunderstanding between the parties and supersedes all prior negotiations, representations, or agreements, whether written or oral. Any modification must be made in writing and signed by both parties.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the OWNER (title) for APRX LLC. (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, SYLVIA H. DURANTE hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the OWNER (title) for APRX LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Wayne Veicck Pharmacist Registration #: 17129

Pharmacy Name: APRX LLC

Initial each statement below to indicate you have read and agree with the following:

WV I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

WV I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

WV I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

WV I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

WV I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✓
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✓

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		X
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		X
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		X
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		X
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		X
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Managing Member (title) for Shree Guru Krupa LLC dba Patient Care (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Manish R Patel hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Managing Member (title) for Shree Guru Krupa LLC dba Patient Care Pharma (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Vy Burns Pharmacist Registration #: 19369

Pharmacy Name: Patient Care Pharmacy

Initial each statement below to indicate you have read and agree with the following:

VB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

VB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

VB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

VB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

VB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Section 8: Arrests, Detentions, Litigations, Arbitrations:	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I, Vy Burns, **certify that as the designated representative for**

Patient Care Pharmacy,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. ✓ I am at least 21 years of age;
3. ✓ I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. ✓ I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. ✓ I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. ✓ I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. ✓ I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President (title) for Sahara Specialty Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Bilal Mahmood hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President (title) for Sahara Specialty Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 4: New Managing Pharmacist/Pharmacist in Charge/Supervising Pharmacist Acknowledgement

Managing Pharmacist Name: Khanh Nhu Dinh Pharmacist Registration #: 24360

Pharmacy Name: Sahara Pharmacy Pharmacy License #: PH04446

Initial each statement below to indicate you have read and agree with the following:

KD — I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

KD — I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

KD — I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

KD — I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

KD — I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

I certify under penalty of perjury that the information I have provided on this application is accurate, true and complete in all material respects. Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Manging Pharmacist (title) for Quality Compounding Rx of America (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Jubdatul Arefin Pharmacist Registration #: 18911

Pharmacy Name: Quality Compounding Rx of America

Initial each statement below to indicate you have read and agree with the following:

JA I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

JA I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

JA I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

JA I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

JA I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in <u>any</u> state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		✔

If you marked YES to any questions above, include the following information and provide a <u>signed statement of explanation</u>. <u>Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.</u>

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

■ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ■ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 05/27/2026

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Once a week

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked "**Yes**", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Glutathione
Bremelanotide
Methionine/Inositol/Choline
Methionine/Inositol/Choline/Methylcobalamin
Methionine/Inositol/Choline/Dexpanthenol/L-Carnitine/Thiamine
Ascorbic Acid
Methylcobalamin
Myers
NAD+
Semaglutide/Glycine
Semaglutide/Methylcobalamin
Semaglutide/NAD+
Testosterone Cypionate
Testosterone Enanthate
Tirzepatide/Glycine
Tirzepatide/Methylcobalamin
Tirzepatide/NAD+
VitaminB Complex

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL Bio Pharma

Address: 840 Research Parkway, Suite 546

City: Oklahoma City State: OK Zip: 73104

Telephone: 800.393.1595

13. What is your procedure for visual inspection of compounded sterile products?

All sterile finished products are visually inspected for Container Closure (leakage, cracks, improper seals), particles, foreign matter, and other visible defects prior to labeling

14. How often do you perform glove fingertip and medial fill testing?

Every Six (6) months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Initial and ongoing
Critical Point
Competencies- Equipment, Aseptic Technique, Garbing, Cleaning and Disinfection, Achieving and/or maintaining sterility, Documentation, PECs (HEPA), Transferring items into controlled environment, Movement, Hand hygiene

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

PECs- Cleaned with Peridox followed by sIPA 70%
SEC - Cleans floors and high touch point area with TB1-3300 Daily, Walls, Ceilings, Floor - monthly with Sporicidal (peridoxRTU), Floors also with Periodox with high traffic
sIPA 70%
TB1-3300
Peridox

17. Who performs the sterile compounding process at your facility?

Arjay Fernando, Russ Fernando, Josh Fernando, Adrian Samson (Pharmacy Technicians)

18. Who is responsible and accountable for the sterile compounding process at your facility?

Arjay Fernando
Nicole Sy

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

Products are shipped with insulated packaging and refrigerant packs to maintain the required temperature range of 2–8° throughout transit

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? NuAire BSC Type II		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	■ No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	■ No
9. If yes, list the name of the device: N/A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Patients receive guidance in a Patient Information Sheet that covers four key areas:

1. Safe Handling – Instructions on PPE use (gloves, hand washing), restrictions on who may handle the medication, and what to do in the event of accidental skin contact.

2. Storage – Direction to follow label instructions, store in original packaging, and keep medications away from children and pets.

3. Disposal – Step-by-step instructions for disposing of sharps, empty vials/containers with residue, and contaminated materials (gloves, gauze, wipes) as hazardous waste.

4. Disposal Resources & Emergency Contacts – Patients are directed to drug take-back programs, DEA take-back events, mail-back programs, and local hazardous waste collection sites, as well as Poison Control (1-800-222-1222) and 911 for emergencies.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Initial and ongoing
Critical Point - hazardous drugs
Competencies- Equipment, Aseptic Technique, Garbing, Cleaning and Disinfection, Achieving and/or maintaining sterility, Documentation, BSCs (HEPA), Transferring items into controlled environment, Movement, Hand hygiene
Review and Overview of Hazardous Drugs to be Compounded
PPE
Spill Management
Disposal
Communication and response to potential or known exposure

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

N/A

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

N/A

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? N/A Yes No

4. What is the frequency for completing volumetric active air sampling?

N/A

5. What is the frequency for completing surface sampling? N/A			
6. What is the frequency for using sporicidal agents? N/A			
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	N/A	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	N/A	Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

RE: Notice of Change of Ownership (Quality Compounding Rx of America)

To Whom it May Concern:

This firm represents Quality Compounding Rx of America, LLC d/b/a QCRx (the "Pharmacy"), a pharmacy located at 801 S. Rancho, Suite E7, Las Vegas, Nevada, and registered with the Nevada State Board of Pharmacy ("Board") under license number PH02986. Pursuant to Nev. Admin. Code § 639.227, we previously submitted notice of a change in the ownership structure of the Pharmacy, which the Board received on, or around, July 2, 2026.

Since that notice, an additional change in the Pharmacy's ownership structure has occurred. Specifically, the 33.34% interest in Trinity Crest Holdings, LLC previously held by GAMM Holdings, LLC will now be held by QM2 Holdings, Inc. This updated ownership structure is described below and shown in the enclosed organization chart.

Pharmacy Ownership Information

The Federal Employer Identification Number of the Pharmacy remains the same. However, the ownership of the Pharmacy will change on July 21, 2026, from Sky Countryman and Timothy Johnston (each a "Transferor", collectively the "Transferors") to Trinity Crest Holdings, LLC (the "Transferee"). Arkwell Holdings, LLC and Redeemer Group, LLC will each have 33.33% ownership interest in the Transferee while QM2 Holdings, Inc. will have a 33.34% ownership interest in the Transferee. Ruben Sukiasyan is the 100% owner of Arkwell Holdings, LLC. Anzhela Mumdzhyan is the 100% owner of Redeemer Group, LLC. Alisa Muradyan is the 100% owner of GAMM Holdings, LLC which is the 100% owner of QM2 Holdings, Inc.

- **Pharmacy:**
  Quality Compounding Rx of America, LLC (#PH02986)
  801 S. Rancho, Suite E7,
  Las Vegas, Nevada 89106
  - **Transaction date:** July 21, 2026
- **Pharmacy Transferors:** Sky Countryman and Timothy Johnston
- **Pharmacy Transferee:** Trinity Crest Holdings, LLC

- **Owner of Trinity Crest Holdings, LLC**: GAMM Holdings, LLC, Arkwell Holdings, LLC, and Redeemer Group, LLC
- **Owner of QM2 Holdings, Inc**: GAMM Holdings, LLC
  - **Owner of GAMM Holdings, LLC**: Alisa Muradyan
- **Owner of Arkwell Holdings, LLC**: Ruben Sukiasyan
- **Owner of Redeemer Group, LLC**: Anzhela Mumdzhyan

Request for Consideration

In light of the above, we respectfully request that the Board accept this letter as notification of the additional change in ownership structure of the Pharmacy. No information that was previously submitted in the application has changed. Accordingly, we trust that a new application is not required at this time. Should the Board require any further information or clarification, we are available to respond promptly. We appreciate your time and consideration of this matter.

Sincerely,

FRIER & LEVITT, LLC

RE: Notice of Change of Ownership (Quality Compounding Rx of America)

To Whom it May Concern:

Quality Compounding Rx of America, LLC (the "Pharmacy") is a resident pharmacy located at 801 S. Rancho, Suite E7, Las Vegas, Nevada, and registered with the Nevada Board of Pharmacy ("Board") under license number PH02986. Pursuant to Nevada Administrative Code § 639.227, we are providing notice of a change in the ownership structure of the Pharmacy fifteen (15) days before the anticipated change.

The Federal Employer Identification Number of the Pharmacy remains the same. However, the ownership of the Pharmacy will change on July 21, 2026, from Sky Countryman and Timothy Johnston (each a "Transferor", collectively the "Transferors") to Trinity Crest Holdings, LLC (the "Transferee"). GAAM Holdings, LLC, Arkwell Holdings, LLC, and Redeemer Group, LLC will each have 33.33% ownership interest in the Transferee. Alisa Muradyan is the 100% owner of GAAM Holdings, LLC. Ruben Sukiasyan is the 100% owner of Arkwell Holdings, LLC. Anzhela Mumdyzhan is the 100% owner of Redeemer Group, LLC.

Notwithstanding the change in ownership, the Pharmacy remains committed to providing quality care to its patients and will continue to operate in compliance with applicable pharmacy laws and regulations, including by dispensing prescription medications pursuant to valid prescription orders issued by duly licensed healthcare providers.

Pharmacy Ownership Information

- **Pharmacy:**

Please provide the name and Nevada license number of the supervising pharmacist:
Name: Jaymie Padero Nevada License Number: 23846

A Nevada business license is not required, however if the OUTSOURCING FACILITY has a Nevada business license please provide the number: NV20201930582

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☒

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☒

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☒

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☒

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☒

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☒

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

Notes for Board Review

* The applicant is an LLC and is being submitted under the Non Publicly Traded Corporation or Company pathway, consistent with the form instruction for LLC applicants.
* The company has two members and does not exceed four shareholders or members.
* No physician shareholders were identified in the ownership information used to prepare this attachment.

SECRETARY OF STATE

STATE OF NEVADA

CERTIFICATE OF EXISTENCE WITH STATUS IN GOOD STANDING

I, FRANCISCO V. AGUILAR, the duly qualified and elected Nevada Secretary of State, do hereby certify that I am, by the laws of said State, the custodian of the records relating to filings by corporations, non-profit corporations, corporations sole, limited-liability companies, limited partnerships, limited-liability partnerships and business trusts pursuant to Title 7 of the Nevada Revised Statutes which are either presently in a status of good standing or were in good standing for a time period subsequent of 1976 and am the proper officer to execute this certificate

I further certify that the records of the Nevada Secretary of State, at the date of this certificate, evidence **Bespoke Pharmaceuticals, LLC** as a DOMESTIC LIMITED-LIABILITY COMPANY (86) duly organized or formed and existing, or duly qualified or registered, as applicable, under and by virtue of the laws of the State of Nevada since 10/30/2020, and in good standing in this State.

I further certify that the above DOMESTIC LIMITED-LIABILITY COMPANY (86) has its formation or qualification document and no amendments on file in this office as of the date of this certificate.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of this State, at my office on 03/25/2026.

FVAguilar

FRANCISCO V. AGUILAR
Secretary of State

Feedback

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/node/363232) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

   Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.

4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/node/363232).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Bespoke Pharmaceuticals, LLC

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 5795 N Hollywood Blvd

City: Las Vegas State: NV Zip: 89115

Mailing Address (if different from physical address): _____

Website: www.bespokepharmaceutical.com

Nevada Business License # (if applicable) NV20201930582

Supervising/Managing Pharmacist Name (NRS 639.220): Jaymie Padero

Supervising/Managing Pharmacist NV Pharmacist Registration #: 23846

Name of Designated Person(s) as defined by revised USP-797 guidelines: Japheth Noah

Email of Designated Person(s): japheth@bespokepharmaceutical.com

Telephone of Designated Person(s): [redacted]

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ■ Category 2 ☐ Category 3

If you marked **"Category 3"**, you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ■ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☐ Aseptic ■ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? February 2026

6. What is the frequency of the recertification for the ISO classified areas? Annually

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Per environmental monitoring schedule & after significant events, maintenance, & excursion

10. Will you be performing sterile hazardous drug compounding? Yes ■ No

If you marked **"Yes"**, you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Sterile compounded preparations containing methylcobalamin, sermorelin, NAD+, glutathione, and gonadorelin.

12. What laboratory performs your sterility or endotoxin testing?

Name: Nelson Laboratories, LLC

Address: 6280 S. Redwood Road

City: Salt Lake City State: UT Zip: 84123

Telephone: 801 290 7625

13. What is your procedure for visual inspection of compounded sterile products?
Each finished compounded sterile product is visually inspected by trained and qualified personnel using manual, semi automated, or automated inspection, as applicable, before release. Inspection includes solution clarity, color, visible particulate matter, container closure integrity, fill volume, stopper and seal integrity, cracks, leaks, cosmetic defects, and labeling accuracy, including lot identification and beyond use date or expiry information. Any unit that does not meet acceptance criteria is rejected and investigated in accordance with written procedures.

14. How often do you perform glove fingertip and medial fill testing?
Glove fingertip and thumb sampling and media fill qualification are completed initially, requalified per procedure, and repeated after failures, major changes, extended absence, or retraining.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
All personnel involved in sterile compounding complete initial training before performing any sterile compounding duties independently and complete ongoing requalification thereafter. Training includes personnel hygiene and garbing, aseptic technique, cleanroom behavior, material staging and transfer, equipment operation, environmental monitoring awareness, cleaning and disinfection practices, batch record documentation, deviation reporting, visual inspection, labeling controls, and applicable requirements under USP 797 and the facility quality system. Personnel must successfully complete required practical and written qualification activities, including gowning qualification, glove fingertip and thumb sampling, media fill qualification, and role specific competency assessments.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Primary and secondary engineering controls are cleaned and disinfected in accordance with written procedures and established schedules. Cleaning is performed using qualified cleaning and disinfecting agents before operations begin, at defined intervals during operations as applicable, after compounding is completed, and after any spill, contamination event, or maintenance activity requiring additional cleaning. Disinfecting and sporicidal agents are used at defined routine frequencies under the environmental cleaning program. All cleaning activities are documented in facility logs and reviewed under the quality system. The specific agents used are listed below and are as approved in current procedures: Different types of Liquidnox cleaning agents, isopropyl alcohol (70%) Ready to use (RTU) Peridox, Tex Q, Sporkenz and ionized hydrogen peroxide.

17. Who performs the sterile compounding process at your facility?

Licensed pharmacists and certified pharm. techs perform sterile compounding after training, qualification, & authorization.

18. Who is responsible and accountable for the sterile compounding process at your facility?
Responsibility for sterile compounding rests with the supervising pharmacist, designated person under USP 797, and Quality Assurance, including oversight of personnel qualification, environmental monitoring, deviations, cleaning, disinfection, and procedural compliance.

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Products are shipped under labeled storage conditions using qualified packaging, temperature controls, and cold chain packaging and temperature monitoring devices when required. Shipping conditions are documented and reviewed, and any temperature excursion is assessed under written procedures before product disposition.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility?		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?

5. What is the frequency for completing surface sampling?		
6. What is the frequency for using sporicidal agents?		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I, Japheth Noah, **certify that as the designated representative for**

Bespoke Pharmaceutical,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. JN I am at least 21 years of age;
3. JN I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. JN I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. JN I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. JN I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. JN I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☒

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☒

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☒

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☒

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☒

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☒ No ☐

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

OWNERSHIP IS A NON PUBLICY TRADED CORPORATION

State of Incorporation: NEVADA

Parent Company if any: _____

Address: 1710 WHITNEY MESA DRIVE

City: HENDERSON State: NV Zip: 89014

Telephone: 702-347-4086 Fax: 725-258-6018

Contact Person: KIMBERLY MOLLER

For any corporation non publicly traded, disclose the following:

1) List top 4 persons to whom the shares were issued by the corporation?

a) KIMBERLY MOLLER [redacted]
Name Address

b) JOHN HARTWIG [redacted]
Name Address

c) CHRISTOPHER MUSSER [redacted]
Name Address

d) _____
Name Address

2) Provide the number of shares issued by the corporation. 100

3) What was the price paid per share? $1.00

4) What date did the corporation actually receive the cash assets? January 5, 2024

5) Provide a copy of the corporation's stock register evidencing the above information

Include with the application for a non publicly traded corporation

Certificate of Corporate Status (also referred to as Certificate of Good Standing). The Certificate is obtained from the Secretary of State's office in the State where incorporated. The Certificate of Corporate status must be dated within the last 6 months.

Re: Outsourcing Facility Application
Orion Specialty Labs, LLC

Dear Mr. Sedar:

I write as a follow up to the recent hearing held by the Nevada Board of Pharmacy (the "Board") to consider Orion Specialty Labs, LLC's ("Orion") application for an Outsourcing Facility License in the State of Nevada.

Before addressing the substantive issues raised at the hearing, I want to express my appreciation for the Board's indulgence and understanding. At the hearing, I was very much "under the weather" suffering from a very bad case of the flu with associated high fever. Compounding matters was a volatile internet connection which only complicated my "connection" to the meeting. I hope that this letter addresses and clarifies some of the issues raised at the hearing. I would request that Orion's application be added to the next meeting where additional representatives from Orion will appear, in person, to further address any concerns that the Board may have.

Background of Orion and its Mission

During the hearing, the Board inquired of my professional background and how it led me to be an investor in Orion. During my career, I have been an entrepreneur with investments and interests in a variety of businesses. In terms of my experience in the compound pharmacy space, I was an original investor in Polomar Specialty Pharmacy, LLC ("Polomar"), a 503a licensed sterile compounding pharmacy headquartered in Florida. When I acquired Polomar, it was primarily focused on the compounding of dermatological prescriptions. Polomar's operations have since expanded to include sterile compounding and Polomar is licensed in over 28 states – including Nevada. It was during my involvement with Polomar that I came to understand the need and demand across 503a pharmacies for

products manufactured by 503b pharmacies, or outsourcing facilities. Specifically, many 503a pharmacies have customers that require customized products either in dosing form, delivery mechanism or with specialty excipients. In the sterile form, these products are especially rare and require a 503b facility to manufacture them.

Recently, I sold my interest in Polomar and Polomar is now part of a publicly traded company. Following my exit from Polomar, I decided that investing in a 503b pharmacy would be a strategic move – especially given my relationship with Polomar as a potential customer. While I intend to be involved in Orion's business, it has always been my intention for the day-to-day operations at Orion to be managed by an experienced and well-qualified management team. The proposed Henderson, Nevada facility was particularly attractive for a 503b pharmacy because (a) it was previously licensed as a 503b pharmacy (Genesis Pharmaceuticals) and (b) certain target 503a pharmacy customers are located in Nevada and surrounding states. Updating and retrofitting the Henderson, Nevada facility would be significantly cheaper and less time-consuming than building out a brand-new facility. Additionally, locating in Nevada would also simplify shipping and logistical concerns.

At the hearing, a member of the Board asked about the anticipated capital investment to start the Orion operation. I believe that I may have misunderstood the question. To date, Orion has invested more than $600,000 to make improvements to the Henderson facility, hire qualified people, purchase equipment, license software, prepare SOPs and address other requirements associated with the operation of a 503b pharmacy. The $250,000 figure that I cited during the presentation was the amount of money remaining to be invested in preparation for operational readiness. This would include sterility/stability testing, equipment qualification, etc.

Demand for Compounded Testosterone Products

During the hearings, a question was raised as to need for "compounded" testosterone products when testosterone is commercially available. The reality is that the compounded testosterone market has grown rapidly in recent years in response to certain limits associated with commercially manufactured testosterone – primarily that such commercially manufacture products come in a limited quantity of fixed doses and fixed delivery systems. However, hormone replacement therapy is highly individualized. Patients differ in terms of their metabolism and symptom response. As a result, custom dosing and custom formulations offered by compounding pharmacies are sought after by many patients (and, as a result, by many 503a compounding pharmacies). Orion intends to offer compounded versions of testosterone that are not commercially available, including sublingual formulations and injectables at different dosing levels. Such "personalized but regulated" products have a large market opportunity and Orion has identified a number of 503a compound pharmacy customers that have expressed interest in its intended compounded testosterone offerings.

Orion's Management Team

As stated earlier, Orion is committed to the highest quality of operations, including having a management team that is strong and experienced in pharmaceutical compounding, cGMP compliance and overall best practices. I am not a pharmacist and do not profess to have vast experience in the sector. That is why Orion has assembled a top-quality management team for its operations. Unfortunately, this was not clearly communicated at the hearing. The Board had the opportunity to hear from one of our "consultants" John Hartwig. Unfortunately, what was not clearly communicated to the Board at the hearing is that Mr. Hartwig, together with Chris Musser, have been in the process of transitioning their roles from "consultants" to "employees" of Orion. This process has now been completed and both Mr. Hartwig and Mr. Musser, in addition to maintaining key managerial and oversight roles at Orion, are also shareholders of Orion. Mr. Musser, a licensed Nevada pharmacist with extensive experience in 503b compounding pharmacies, is the Vice President of Pharmacy Operations. As Orion's Designated Representative, Mr. Musser will be responsible for overseeing all aspects of the compounding process, including supervision of the pharmacist in charge. Mr. Hartwig is the Vice President of Technical Operations. Mr. Hartwig has over twenty years of experience in the design and build out of pharmaceutical manufacturing facilities, including for some of the largest pharmaceutical companies in the world. In this role, Mr. Hartwig will oversee matters pertaining to the physical plant, quality inspections and cGMP requirements relating to the same. In addition to Mr. Hartwig and Mr. Musser, Orion has also hired a Director of Quality Control and will add licensed Sterile Pharmacy Techs to its operations. Orion expects that under Mr. Hartwig's and Mr. Musser's day-to-day management, it will perform in full compliance with Nevada regulations, FDA requirements and cGMP standards. Copies of Mr. Musser's and Mr. Hartwig's CVs are enclosed herein for review.

Pharmacist in Charge

As disclosed in its application, Orion hired Justin Curnutt to serve as the Pharmacist in Charge. Dr. Curnutt is a licensed pharmacist in the State of Nevada. He reports to Mr. Musser. Dr. Curnutt has experience in pharmacy operations and management. He is well versed in federal requirements and laws as well as cGMP requirements. To reaffirm Dr. Curnutt's commitment to his role, he has voluntarily engaged in cGMP training courses to build his knowledge base and expertise. Working in conjunction with Mr. Musser and Mr. Hartwig, Orion remains confident that Dr. Curnutt will be a strong pharmacist-in-charge.

Updates to Orion License Application

At the March hearing, there appeared to be some confusion as to certain information contained in Orion's application, as amended. For the convenience of all parties involved, I have attached hereto an updated license application for the Board to use going forward.

Once again, I would like to thank you for your patience with our application as well as for your understanding of the extenuating circumstances that interfered with our last appearance before the Board. I would respectfully request that Orion's application be placed on the agenda for the April Board meeting at which time both Mr. Hartwig and Mr.

Musser will be present, in person, to address any questions or concerns that the Board may have. In the interim, please feel free to contact the undersigned should you have any additional questions.

Thank you.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Orion Specialty Labs LLC

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 1710 Whitney Mesa Drive

City: Henderson State: NV Zip: 89014

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: 702-347-4086 Toll Free # (NAC 639.708, NRS 639.23286): 800-827-3064

Fax: 725-258-6018 Contact Email: kim@orionspeclabs.com

Website: www.orionspeclabs.com

Nevada Business License # (if applicable) NV20232963763

Supervising/Managing Pharmacist Name (NRS 639.220): Justin Curnutt

Supervising/Managing Pharmacist NV Pharmacist Registration #: 18338

Name of Designated Person(s) as defined by revised USP-797 guidelines: Christopher Musser

Email of Designated Person(s): cmusser@orionspeclabs.com

Telephone of Designated Person(s): [redacted]

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ■ Category 2 ■ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? startup construction phase-est certification Q2 2026

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ☐ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Weekly

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Testosterone Injectable Solutions

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL BIO PHARMA

Address: 840 RESEARCH PARKWAY SUITE 546

City: OKLAHOMA CITY State: OK Zip: 73104

Telephone: (405) 271-1144

13. What is your procedure for visual inspection of compounded sterile products?

1. Determine if the finished preparation appearance is as expected (correct final fill volume)
2. Remove any temporary labels on the container prior to performing inspection
3. Ensure preparation labels not on the preparation containers are isolated and segregated from other preparations
4. Examine preparations against a matte black background and against a non-glare white background using an incandescent light.
5. Use higher illumination intensity sufficient to detect particles for preparations where solutions are colored, opaque, or in a container other than clear glass
6. Inspect for defects such as visible particulate, leakage, cloudiness, improper seal, crystal, discoloration,or precipitation

14. How often do you perform glove fingertip and medial fill testing?

Gloved finertip testing: initially and every six months
Media fill testing: initially and every six months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

1. Hand hygiene
2. Garbing (i.e., gloving, donning, and doffing for non-hazardous drug handling and compounding)
3. Handling, receiving, unpacking and storing procedures
4. Proper use of primary engineering controls (PECs)
5. Principles of high-efficiency particulate air (HEPA) filtered undirectional airflow within the ISO Class 5 environment
6. Sanitization procedures (i.e., cleaning and disinfecting)
7. Aseptic techniques which include assessment by gloved fingertip, thumb sampling, and media fill testing
8. Environmental assessments (air and surface sampling)
9. cGMP compliant

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Cleaning of PEC and equipment:

1. Cleaning agent: equipment and all interior surfaces of the PEC cleaned daily on compounding days, weekly on non-compounding days, and when suface contamination is known or suspected (sterile TB1 and Peridox RTU)
2. Disinfectant agent: equipment and all interior surfaces of the PEC cleaned daily, before and after compounding, and when surface contamination is known or suspected (sterile TB1)
3. Sporocidal agent: monthly for compounding and prior to introducing any equipment or supplies to the cleanroom (material and equipment sanitization) (sterile Peridox RTU)

Sequence of cleaning PEC: ceilings --> walls --> back of PEC --> items on the DCA --> DCA
Top to bottom, left to right

Our SOPs have detailed descriptions of the entire cleaning procedure for PEC and SEC
Floors of SEC and Anteroom: daily (cleaning agent), monthly (sporocidal)
Walls and ceiling of SEC and Anteroom: monthly (sporocidal)

17. Who performs the sterile compounding process at your facility?

Qualified and trained aseptic technicians that are media fill qualified

18. Who is responsible and accountable for the sterile compounding process at your facility?

Justin Curnutt, Pharmacist in Charge

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

3PL Supplier (FedEx/UPS) with a priority service of no longer than 2-Day Express. Shipping validation will be performed for cold-chain products, if applicable.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Class II, Type B2 Biological Safety Cabinet (Thermo Fisher 1300 Series)		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	■ No
9. If yes, list the name of the device: N.A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

As a registered 503B outsourcing facility, all products are shipped to 503a pharmacies, hospitals/hospital systems or doctor's offices for Office Use Only. Products are not directly shipped to patients or consumers so no information is required to be provided to them. Receiving facilities are provided with appropriate hazardous drug handling and disposal instructions in product documentation (labels, package inserts, and/or facility education materials).

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Phase 1: Orientation and regulatory awareness
Overview of USP <797> Sterile Compounding and USP <800> Hazardous Drug Handling
OSHA Hazard Communication Standard (29 CFR 1910.1200) Understanding Safety Data Sheets
PPE categories and donning/doffing order, routes of exposure and potential health effects, emergency and spill management procedures

Phase 2: Facility and workflow training
Controlled areas: negative pressure buffer rooms, containment secondary engineering control (C-SEC)
Primary engineering controls: Biological Safety Cabinet (BSC) Traffic flow and demarcation zones between sterile and non-sterile areas, HD storage areas (negative pressure and venting), waste segregation: hazardous vs non-hazardous, cleaning and disinfection

Phase 3: Aseptic and hazardous handling skills
Hand hygiene and garbing sequence, proper donning of PPE: chemotherapy gown, double gloves, hair/beard covers, shoe covers, mask, face shield if needed
Proper syringe and vial handling, techniques to prevent HD aerosolization or spills, decontamination and deactivation process, environmental monitoring basics

Each employee must participate in a spill management demonstration using mock HD solution, exposure incident response review (eye wash, skin wash, reporting), waste disposal protocol for PPE, sharps, and containers

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Testosterone Injectable Solutions

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Garbing and gloved fingertip testing: initially and every six months
Media fill testing: initially and every six months

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?

Active air sampling will be performed a minimum of once per week but always on days when production is performed

5. What is the frequency for completing surface sampling? Surface sampling will be performed a minimum of once per week but always on days when production is performed		
6. What is the frequency for using sporicidal agents? Cleaning with sporicidal agents (Peridox) is performed once per month at a minimum		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	■ Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

BlueSky Industrial Solutions

JOHN HARTWIG [redacted]

PROFESSIONAL EXPERIENCE

Over thirty years of direct functional experience in manufacturing, R&D, quality, engineering and program management within the pharmaceutical, medical device, 503B and consumer products industries. Direct management of technical personnel and hands on experience with services from design through operationalizing small facility modifications to large infrastructure projects in facilities within the United States, South America, Europe and Asia. Responsibilities included overseeing annual budgets exceeding $400MM and management of communications between numerous departments including Executive Staff, R&D, Pharm Dev, Operations, Regulatory, Quality, IT, Supply Chain, Finance, EH&S and Legal.

Orion Specialty Labs LLC, Henderson, NV — Mar 2026 – present

VP of Technical Operation

Key Responsibilities
Oversee all technical, manufacturing, and compliance aspects of drug production. Ensure Current Good Manufacturing Practices (cGMP) are strictly met, manage Chemistry, Manufacturing, and Controls (CMC) strategies, optimize production workflows, and lead teams to scale operations safely while driving technological innovation for quality improvements.

BlueSky Industrial Solutions LLC, Dallas, TX — 2016 – present

Principal

Key Responsibilities

- Program manager, Strategic planning, Operations and Engineering support for the Pharmaceutical, medical device, 503B, and Biotech Industries
- Provide and oversee Regulatory, Quality, Engineering, Validation and Operation services for medical device, oral solid dose, and sterile fill operations
- Oversee project scope definition, capital planning, equipment procurement, project execution and system start-ups ranging from new equipment installations to launching greenfield commercial operations

Qualitest / Endo, Huntsville, Alabama — **2012 – 2016**

Sr. Director, Engineering and Tech Services

Key Responsibilities:

- Manage Technical Operations for the three sites including two oral solid dosage and one liquids facility
- Member of a five-year strategy team, personably responsible for the development and approval of two new packaging halls required to meet an aggressive, growing five-year forecast minimizing capital outlay over the next three years while significantly reducing operating expenses, complexity and overall number of assets in the packaging network thus increasing OEE.
- Member of Endo leadership team responsible for serialization strategy and deployment of product track and trace technology required to meet the Drug Quality and Security Act (DQSA) signed into law in November 2013
- Managed validation and tech services group with scope including the development of a validation master plan and execution, formulation and product development for new product launches, technology transfers, design of new components and automation component optimization

PFIZER / Legacy-KING PHARMACEUTICALS, Bristol, Tennessee — 2007 – 2012

Senior Manager, Corporate Engineering

Key Responsibilities:

- Pre-Pfizer acquisition, senior manager reporting to EVP of Engineering for King Pharmaceuticals
- Post-Pfizer acquisition, senior manager reporting to Director of Equipment Technology within Global Engineering
- Technical lead for deployment of serialized product tracking technology required to meet global regulatory requirements with global project budget of $209MM
- Regularly involved in global packaging network assessments to optimized capital expenditures with projects including global site expansions, tech transfers (internal and external), and site consolidations

- Interfaced with R&D early in product development phase to transition product from the development phase through process optimization, regulatory trials and commercial launch.
- Managed contract development process with contract manufacturers, R&D, supply chain and legal to establish third party manufacturing locations as required to maintain clinical and commercial supply.
- Worked with A/E firms and directly with engineering companies to design processes, equipment, and manufacturing suites to meet both customer and manufacturing requirements.
- Managed EPC firms to procure equipment, construct facilities, install equipment, commission, validate and start-up new manufacturing and packaging systems.
- Project examples include new greenfield manufacturing facility for oral, solid dosage manufacturing through finishing, retrofitting of several floors of a sixty-year-old manufacturing building, which included decommissioning and demolition of existing space and new structural construction of aseptic manufacturing suites.

BARRY-WEHMILLER, DESIGN GROUP, St. Louis, MO, Greenville, SC, San Francisco, CA (97- 07)

Director, Pharmaceutical and Biotech Group (3/99 – 6/07)

Barry-Wehmiller is a consulting firm specializing in engineering services for the Consumer Products, Pharmaceutical, Biotech and Medical Device Industries. I managed a business unit with 25 professionals with typical client activities ranging in value between $100K and $10MM. Responsible for the day to day operation of the business including business development, client relationships, resource planning, recruiting, project performance, invoicing, account receivables and overall P&L for the business unit. Interacted with clients to define project scope, develop specifications and prepare competitive proposals. Responsible for projects including conception designs, proof of concepts, engineering, procurement, construction, validation and turnover.

Example Projects:

- **Amgen**: Responsible for a turnkey clinical syringe labeling and cartoning system in which each syringe was labeled with a unique identifier that was tracked and authenticated throughout the packaging process at sixty syringes per minute and project work which included risk evaluation, development of packaging components, equipment evaluations and proof of concept studies
- **Genentech**: engineering design of new fill-finish equipment and suites to be implemented at Greenfield site for multiple oncology products.
- **Bayer**: Multiple Process Control and Automation projects for protein based products which ranged from the integration of a new vision and vacuum inspection system to the process controls segment of a new processing facility, including controls for utilities, processes and CIP skids
- **Wyeth / Pfizer**: Responsible for multiple projects at various global locations manufacturing Rx, topical, liquid and nutritional products and included complete turnkey automation solutions and assessment of over one hundred individual packaging systems related to a corporate site consolidation strategy / OEE improvements
- **Pharmacia & Upjohn / Pfizer**: Responsible for multiple tube filling packaging systems for various topical products including Neosporin®, Cleocin® and Cortaid® and managed a multi-location pouching and blistering project for the Listerine PocketPaks® Breath Freshening Strips

Project Manager, Food and Beverage Group (10/97 – 3/99)

Example Projects:

- **Procter & Gamble**: Project Manager for a project involving modifications to existing packaging line equipment to complete a national rollout of a new juice product consisting of new flavors and a new bottle design which involved coordination between five facilities located throughout the United States
- **Frito-Lay**: Project Manager for a multi-facility project involving the launch of a new product with a $40MM marketing campaign and included line layouts for three facilities: engineering, OEM and contractor management, equipment procurement, schedule management, installation, start-up, and inventory build prior to the Fiesta Bowl

RIVERWOOD INTERNATIONAL, Atlanta, GA / Crosby, Minnesota **1991-1997**

CERTIFICATIONS and LICENSES

Lean Six Sigma Black Belt (LSSBB)

Certified Project Management Professional (PMP)

Licensed Pharmacist (RPh) in 12 states

SUMMARY

- Innovative executive leader in the pharmaceutical industry with comprehensive experience leading large organizations and start-up companies.
- Passion for designing and building new facilities. Successfully built and qualified four 503B and one 503A facilities.
- 25+ years of experience in pharmaceuticals: aseptic, solids, and non-solids manufacturing; packaging technologies; quality management systems, ERP systems; and process flow optimization.
- 19 years as a certified PMP, 17 years as an LSSBB, and 23 years of experience working in senior leadership positions.
- Delivers results by leveraging project management expertise, implementing LEAN process improvements, and developing high performing teams to achieve organizational success.
- Point-of-contact for all regulatory (FDA, DEA, OSHA, BOP) and customer due diligence audits and inspections.

EXPERIENCE

Orion Specialty Labs **Vice President Pharmacy Operations** 2026-present

- Responsible for overseeing all aspects of the compounding process, including supervision of the Pharmacist in Charge
- Oversees compliance with Nevada regulations, FDA requirements, and cGMP practices
- Licensed pharmacist in over ten states

Musser Consulting, LLC **President Operations/Pharma Consultant** 2023-present

- Provides managerial consulting services for the pharmaceutical and 503B industries, specializing in Quality Remediation, FDA Preparedness, Quality Management Systems, and Aseptic Processes
- Hired by acquiring company to scale business by building a new and larger site and implementing machine automation. Designed, built, and qualified a 20K SF 503B facility in less than nine months
- Successfully grew throughput and capacity by almost 800% and reduced headcount by 40% in six months through automation
- Executed a three-month site remediation plan for all Quality systems to reduce compliance risk. Successfully completed FDA inspection in November 2024 with minimal observations and received EIR in less than six months
- Performed site assessment and due diligence audit on target acquisition for a PE firm
- Assisted large global pharma company with Quality remediation and Pre-Approval Inspection (PAI) preparedness
- Assisted pharma company with remediation of manufacturing processes after a product recall

Akorn Pharmaceuticals **Vice President Operations/Site General Manager** 2022-2023

- Provided operational and technical leadership leading day to day activities to meet organizational goals and objectives. P&L responsibility across the site for all departments
- Joined Akorn in Feb 2022 after Warning Letter (2019) was received. Decision was made to sell the entire company and close the Somerset site in May 2022. Created decommissioning plan, communicated strategy to all employees, and completed the plan ahead of schedule in seven months
- Transferred all assets of value to sister sites ($11MM material, $6MM assets)
- Reduced site expenses by 85% in seven months

Chemistry RX Head of Operations (Start-Up Company) 2021-2022

- Designed the 503B facility and led the team through design, construction, commissioning, and qualification
- Selected and implemented new Quality Management System and ERP System
- Worked with outsourcing labs and industry experts to solve formulation development challenges, and completed method development batches
- Successfully registered the site as an FDA 503B outsourcing facility

SCA Pharma Vice President Operations | Vice President Tech Operations (Site General Manager) 2017-2021

- Created and executed a strategic road map for automation for both sites and purchased, validated, and integrated equipment (packagers and labelers, Fill Finish machines, VHP chamber and equipment) to optimize manufacturing processes
- Responsible for design and buildout of a 90K SF new facility and later design of a 55K SF expansion, including a second cleanroom. CAPEX project estimate for new facility and expansion was $35MM
- Accountable for P&L performance for Site Operations which included Pharmacy, Operations, Warehousing, and Supply Chain for an FDA-licensed 503B outsourcing manufacturer of sterile admixtures
- Successfully directed validation, quality, operations, and engineering efforts associated with the startup and commissioning of the new 90K SF facility built in CT. Successfully launched production in November 2017
- Responsible for Facilities, Engineering, Capital Projects, Product Development, Environmental Health and Safety, and DEA/Board of Pharmacy (BOP) licensing for an outsourcing manufacturer of sterile admixtures
- Held license to operate the CT facility as the DEA registrant and the backup pharmacist in charge for all states requiring resident pharmacy licenses. Operations point-of-contact for all regulatory (FDA, DEA, BOP) and customer due-diligence audits
- Operations point-of-contact for all regulatory audits and inspections for the site. Directly interfaced with the FDA, DEA, OSHA, and several State Boards of Pharmacy. Audit results were minor to no findings

Catalent Pharmaceuticals Director Operations 2014-2017

- Accountable for manufacturing, packaging, and maintenance operations of a 24x7 pharmaceutical factory that manufactured sterile products. This was a CMO business with extensive R&D products at different stages of development (Phases I-III, Registration, Filing) and commercial lifecycle products
- Ensured compliance with cGMP and other regulations and represented the site during over 30 customer and regulatory inspections. Operations point-of-contact and accountable for all observation responses and associated CAPAs
- Established systems to track key operations performance metrics on the shop floor to identify continuous improvement opportunities with yield, capacity utilization, and unplanned downtime, resulting in a 28% improvement in OEE
- Integrated maintenance personnel into operations and kicked off a TPM initiative to improve equipment performance, downtime response times, and share best practices, resulting in a 25% reduction of unplanned downtime in >9 months

Boehringer Ingelheim Pharmaceuticals Executive Director Operations | Associate Director Operations 2001-2014

- Accountable for performance of factory that manufactured sterile injectable products. Responsible for providing mid- and long-term strategic, technical, and organizational leadership to address business deficiencies and process improvements
- Successfully directed validation, quality, operations, and engineering efforts associated with the restart and recommissioning of the facility after an 11 month hiatus in 2011-2012
- Led a cross-functional team tasked with creating the project plan and resource allocation for the FDA consent decree remediation project
- Implemented a sustainable 5S and area ownership program, as well as fit and finish of the facility. Program aided in ZERO regulatory audit findings from 2009-2012
- Led the APEX Advanced Implementation Team that delivered a virtual changeover toolbox which enabled a 20-25% reduction in set-up time, resulting in about 700 hours of extra capacity

Registered Outsourcing Facilities

Facilities Registered as Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food, Drug, and Cosmetic Act (FD&C Act)

Updated as of 4/2/2026

- Information Concerning Outsourcing Facility Registration (/drugs/compounding/questions-and-answers-outsourcing-facility-registration)
- Outsourcing Facility Product Reporting Information (/drugs/compounding/information-outsourcing-facilities#reporting)

This table lists the outsourcing facilities that have submitted registration information that has been determined to be complete by the data lock date for the latest weekly update of the table.

Feedback

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/node/363232) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

   Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.
4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/node/363232).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Pkwy, Suite 206 – Reno, NV 89521 – (775) 850-1440

APPLICATION FOR OUT-OF-STATE OUTSOURCING FACILITY LICENSE

$500.00 Fee made payable to: Nevada State Board of Pharmacy

(**non-refundable** and **not transferable money order or cashier's check only**)

Application must be printed legibly or typed

Any misrepresentation in the answer to any question on this application is grounds for refusal or denial of the application or subsequent revocation of the license issued and is a violation of the laws of the State of Nevada.

☑ New OUTSOURCING FACILITY
☐ Ownership Change (Provide current license number if making changes:) OUT_____
☐ 503a OR ☐ 503b Apply as retail pharmacy only.

Check box below for type of ownership and complete all required forms for type of ownership that you have selected. If LLC use Non Public Corporation or Partnership

☐ Publicly Traded Corporation – Pages 1-3 & 4
☐ Non Publicly Traded Corporation – Pages 1-3 & 5
☐ Partnership - Pages 1-3 & 6
☑ Sole Owner – Pages 1-3 & 7

GENERAL INFORMATION to be completed by all types of ownership

Facility Name: Bravado Pharmaceuticals, LLC

Physical Address: 4212 Cypress Gulch Dr

City: Lutz State: FL Zip Code: 33559

Telephone: 813-991-4100 Fax: _____

Toll Free Number: 800-761-1639 (Required per NAC 639.708)

E-mail: lsmith@bravapharm.com Website: bravadopharm.com

Supervising Pharmacist: Michael Nguyen Nevada License #: 25024

SERVICES PROVIDED

Yes/No

☑ ☐ Parenteral
☑ Sterile Compounding
☑ ☐ Non Sterile Compounding
☐ ☑ Mail Service Sterile Compounding
☐ ☑ Other Services: _____

All boxes must be checked for the application to be complete

An appearance will be required at a board meeting before the license will be issued.

Board Use Only Date Processed: 4/20/16 Amount: $500 CK 959891046 9 ✓

FEI Number (From FDA application): 82-1228845

Please provide the name of the facility as registered with the FDA and the registration number:
Bravado Pharmaceuticals, LLC 3015234532

Please provide a list of all DBA's used by outsourcing facility. A separate sheet is acceptable.
NA

Please provide the name and Nevada license number of the supervising pharmacist:
Name: Michael Nguyen Nevada License Number: 25024

A Nevada business license is not required, however if the OUTSOURCING FACILITY has a Nevada business license please provide the number: NA

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☑

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☑

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☑

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☑

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☑

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3

I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☑

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

503b - Outsourcing Inspection

Quality - 21CFR Part 211

Firm has a quality control unit. 211.22 *Shannon Kennedy, Ph.D.*	Yes
The quality control unit has the responsibility and authority to approve or reject all components, drug product containers, closures, in process materials, packaging materials, labeling and drug products. 211.22(a) *Reviewed batch record sent for stability testing and SOP on batch record (Q19.003)*	Yes
Quality control unit reviews and approves all drug product production and control records to determine compliance with all established, approved written procedures before a batch is released or distributed. 211.192	Yes
The quality control unit is responsible for approving or rejecting drug products manufactured, processed, packed, or held under contract by another company. 211.22(a)	Yes
The Quality Control Unit has authority to review production records to assure that no errors have occurred, or if errors have occurred, that they have been fully investigated. 211.22(a)	Yes

Adequate laboratory facilities for the testing and approval (or rejection) of components, drug product containers, closures, packaging materials, in-process materials, and drug products are available to the quality control unit. 211.22(b) *Potency done in-house; All initial formulation testing will be outsourced to third party lab; sterility & endotoxin on batch outsourced SOP Q25.037*	Yes
The Quality Control Unit has the responsibility for approving or rejecting all procedures or specifications impacting on the identity, strength, quality, and purity of the drug product. 211.22(c)	Yes
The responsibilities and procedures applicable to the quality control unit are in writing and such written procedures are followed. 211.22(d) *Reviewed SOP Q19.009*	Yes
Personnel responsible for supervising the manufacture, processing, packing, or holding of a drug product are qualified through education, training and experience or a combination thereof. Individuals are able to perform assigned functions in such a manner as to provide assurance that the drug product has the safety, identity, strength, quality, and purity that it purports or is represented to possess. 211.25(b) *Reviewed SOP H19.001 Training Program Guidelines and CV of QA personnel*	Yes

Investigations - 21CFR Part 211

Unexplained discrepancies or the failure of a batch, or any of its components to meet any of its specifications are thoroughly investigated. 211.192 *SOP Q19.004 Deviations and CAPAs, SOP Q189.022, Q19.028, Q19.031*	Yes
Investigations are extended to other batches of the same drug product and other drug products that may have been associated with the specific failure or discrepancy. 211.92	Yes
Written procedures describing the handling of all written and oral complaints regarding a drug product are established and followed. Procedures include provisions for review by the quality control unit and review to determine whether the complaint represents a serious and unexpected adverse drug experience which is required to be reported to the FDA. 211.198(a) ***Recommend moving the individual references to handling customer compliants in the other QA policies into a singular SOP on complaints and may then refer to SOPS with investigation, recall, CAPA, etc.*	Yes
A written record of each complaint is maintained in a file designated for drug product complaints. The file regarding such drug product is maintained at the establishment where the drug product was manufactured, processed, or packed, or if kept at another facility, are readily available. Written drug product records are maintained until at least 1 year after the expiration date of the drug product or 1 year after the date the complaint was received, whichever is longer. 211.198(b) *No products yet for there to be complaints or recalls*	N/A
Records of complaints include the name and strength of the drug product, lot number, name of the complainant, nature of the complaint and reply to complaint. 211.198(b)(1)	N/A
Where an investigation is conducted, the written records include the findings of the investigation and follow up. Where an investigation is not conducted, the written records include the reason the investigation was found not to be necessary and the name of the responsible person making such a determination. 211.198(b)(2)(3)	N/A

Personnel Qualification - 21CFR Part 211 Subpart B

Each person engaged in the manufacture, processing, packing, or holding of a drug product shall have the education, training and experience or a combination thereof to enable the person to perform the assigned functions. 211.25 ***Recommended third party didactic training to augment competency training.*	Yes
Training shall be in the particular operations that the employee performs and in current good manufacturing practice (including the current good manufacturing practice regulations in this chapter and written procedures required by these regulations) as they relate to the employee's functions. 211.25(a)	Yes
Training in current good manufacturing practices is conducted by qualified individuals on a continuous basis and with sufficient frequency. 211.25(a) ***Discussed need to have validated didactic and ongoing training. Facility is working on their train the trainer program and using third party validated training.*	Yes

Facilities and Equipment - 21CFR Part 211

Any building used in manufacture, processing, packing, or holding of a drug product is maintained in a clean and sanitary condition, free of infestation by rodents, birds, insects, and other vermin. 211.56(a) *Has contract with pest control agency - recommend installation of pest catch box by roll up door in warehouse.*	Yes
The flow of components, drug product containers, closures, labeling, in-process materials and drug products through the building or buildings is designed to prevent contamination. 211.42(b)	Yes
The facility is of suitable size, construction, and location to facilitate cleaning, maintenance, and proper operations. 211.42(a)	Yes
There is adequate space for the orderly placement of equipment and materials to prevent mix-ups between different components, drug product containers, closures, labeling, in-process materials, or drug products and to prevent contamination. 211.42(b)	Yes
Facility has a separate or defined areas or such other control systems to prevent contamination or mix ups during receipt, identification, storage and withholding from use of components, drug product containers, closures, and labeling pending the appropriate sampling, testing or examination by the quality control unit before release for manufacturing or packaging. 211.42(c)(1), 211.80	Yes
Facility has a separate or defined area for holding rejected components, drug product containers, closures and labeling before disposition. 211.42(c)(2)	Yes
Facility has a separate or defined area for quarantine storage before release of drug products. 211.42(c)(7)	Yes
Operations relating to the manufacture, processing, and packing of penicillin shall be performed in facilities separate from those used for other drug products for human use. 211.42(d)	N/A
Aseptic processing areas have floors, walls and ceilings that are smooth and easily cleanable. 211.42(10)(i)	Yes
Aseptic processing areas have temperature and humidity controls. 211.42(10)(ii) *PrimeX OneView continuous monitoring system*	Yes
Aseptic processing areas have an air supply through HEPA filters under positive pressure. 211.42(10)(iii)	Yes
Air filtration systems (including prefilters and particulate matter air filters) are used when appropriate on air supplies to production areas. 211.46(c)	Yes
Equipment for adequate control over air pressure, micro-organisms, dust, humidity, and temperature when appropriate for the manufacturing, processing, packing, or holding of drug products. 211.46(b)	Yes
The facility has written procedures for cleaning and maintenance of equipment, including utensils used in the manufacture, processing, packing, or holding of a drug product. 211.67(b)	Yes

The firm has written procedures for use of suitable rodenticides, insecticides, fungicides, fumigating agents, cleaning and sanitizing agents which must be registered and used in accordance with the Federal Insecticide, Fungicide and Rodenticide Act. 211.56(c) *Reviewed SOP S19.001*	Yes
A written record of major equipment cleaning, maintenance and use is included in individual equipment logs that show date, time, product, and lot number of each batch processed. The persons performing and double checking the cleaning and maintenance date and sign (or initial) the log. Entries are in chronological order. 211.182	Yes
Surfaces that contact components, in-process materials, or drug products are not reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the drug product beyond the official or other established requirements. 211.65(a)	Yes
Automatic, mechanical, electronic equipment used in the manufacture, processing, packing, or holding of a drug product shall be routinely calibratad, inspected or checked according to a written program designed to ensure proper performance. 211.68(a)	Yes

Environmental Monitoring - 21CFR Part 211

Facility has written procedures designed to prevent microbiological contamination of drug products purporting to be sterile. Such procedures include validation of all aseptic and sterilization processes. 211.113(b) *Reviewed SOP Q19.027, M25.029*	Yes
Aseptic processing areas have a system for monitoring environmental conditions. 211.42(10)(iv) *Pressure differential gauges in place, temperature and humidity monitoring, and SOP on sampling. EM SOP Q19.027*	Yes

Control of Components, Containers and Closures - 21CFR Part 211

Written procedures describe in sufficient detail the receipt, identification, storage, handling, sampling, testing, and approval or rejection of components and drug product containers and closures. Written procedures are followed. 211.80(a) *Reviewed S19.007, Q19.032, S19.008, A19.003 - Please add verbiage about qualifying APIs according to federal requirements.*	Yes
Components and drug product containers and closures shall at all times be handled and stored in a manner to prevent contamination. 211.80(b)	Yes
Bagged or boxed components of drug product containers or closures are stored off the floor and suitably spaced to permit cleaning and inspection. 211.80(c)	Yes
Each container or grouping of containers for components or drug product containers, or closures shall be identified with a distinctive code for each lot in each shipment received. This code shall be used in recording the disposition of each lot. Each lot shall be appropriately identified as to its status (i.e., quarantined, approved, or rejected). 211.80(d) *Observed physical spaces included labeled storage areas*	Yes
Each component is tested for conformity to written specifications for purity, strength, and quality. Supplier analysis may be accepted provided that at least one specific identity test has been conducted by the manufacturer and the manufacturer has established the reliability of the supplier's analysis through validation of supplier's test results at appropriate intervals. 211.84(d)(2) *New permit application, limited inventory to check for this items. SOPs speak to this requirement.*	Yes
Containers and closures are tested for conformity to written specifications. A certificate of testing may be accepted from the supplier, provided that at least a visual identification is conducted on such containers/closures by the manufacturer and provided that the manufacturer establishes the reliability of the supplier's test results through appropriate validation of the supplier's test results at appropriate intervals. 211.84(3)	Yes
Each lot of a component, drug product container, or closure with potential for microbiological contamination that is objectionable in view of its intended use is subjected to microbiological tests before use. 211.84(d)(6)	Yes
Drug product containers and closures are not reactive, additive, or adsorptive so as to alter the safety, identity, strength, quality, or purity of the drug beyond the official or established requirements. 211.94(a)	Yes
Drug product containers and closures are clean and, where indicated, sterilized, and processed to remove pyrogenic properties. 211.94(c)	Yes
Depyrogenation process is validated. 211.94(c) *Reviewed SOP L25.043*	Yes

Production - 21CFR Part 211

There are written procedures for production and process control designed to assure the drug products have the identity, strength, quality, and purity they purport or are represented to possess. 211.100(a)	Yes
Written production and process control procedures are followed. Any deviation from the written procedures shall be recorded and justified. 211.100(b)	Yes
If a component is removed from the original container to another, the new container shall be identified with the following information: (1) component name or item code; (2) receiving or control number; (3) weight or measure in new container; (4) batch for which component was dispensed, including its product name, strength, and lot number. 211.101(b) *Reviewed SOP Q19.006*	Yes
Each component is either added to the batch by one person and verified by a second person or, if the components are added by automated equipment under 211.68, only verified by one person. 211.101(d)	Yes
Actual yields and percentages of theoretical yield are determined at the conclusion of each appropriate phase of manufacturing, processing, packaging, or holding of a drug product. 211.103	Yes
Written procedures are established to assure batch uniformity and integrity of drug products, that describe the in-process controls, and tests, or examinations to be conducted on appropriate samples of in-process materials of each batch. Procedures are followed. 211.110(a)	Yes
In process materials are tested for identity, strength, quality, and purity, where appropriate, and approved or rejected by quality control unit during production process. 210.110(c)	Yes
When appropriate, time limits are established for the completion of each phase of production to assure quality of the drug product. Deviations are justified and documented. 211.111	Yes
Written procedures include quarantine of drug products before release by the quality unit. Procedures are followed. 211.142(a) *Reviewed SOP Q25.037*	Yes

Packaging and Labeling - 21CFR Part 211

Written procedures describe the receipt, identification, storage, handling, sampling, examination and/or testing of labeling and packaging material. Procedures are followed. 211.122(a) *Reviewed M25.021 regarding labeling & S19.009 for shipping specific; packaging is specific to each product, this is pre-license inspection.*	Yes
Written procedures describe in sufficient detail the control procedures employed for the issuance of labeling. Procedures are followed. 211.125(f)	Yes

Strict control is exercised over labeling issued for use in drug product labeling operations. 211.125(a)	Yes
Records are maintained for each shipment received of each different labeling and packaging material indicating receipt, examination/testing, and whether accepted or rejected. 211.122(c)	Yes
Labels and other labeling materials for each different drug product, strength, dosage form, or quantity of contents are stored separately with suitable identification. 211.122(d) *New permit inspection, no products yet*	N/A
Access to label storage area is limited to authorized personnel. 211.122(d)	Yes
Obsolete and outdated labels, labeling and packaging materials are destroyed. 211.122(e)	Yes
Identification and handling of filled drug product containers that are set aside and held in unlabeled condition for future labeling operations to preclude mislabeling of individual containers, lots, or portions of lots. Identification need not be applied to each individual container but shall be sufficient to determine drug name, strength, quantity of contents, and lot or control number of each container. 211.130(b) *No products yet, new permit*	N/A
Written procedures shall specify how to reconcile quantity of labels that are issued, used, and returned. Procedures shall require evaluation of any discrepancies between quantity of drug product finished and the quantity of the labeling issued when such discrepancies are outside narrow preset limits based on historical operating data. Discrepancies shall be investigated in accordance with 211.192. Labeling reconciliation is waived for cut or roll labeling if 100% examination for correct labeling is performed in accordance with 211.122(g)(2). 211.25(c)	Yes
All excess labeling bearing lot and control numbers is destroyed. 211.125(d)	Yes
If cut labeling is used for immediate container labels, individual unit cartons, or multiunit cartons containing immediate containers that are not packaged in individual unit cartons, packaging and labeling operations includes one of the following special control procedures: 100% visual inspection is conducted for correct labeling during or after completion of finishing operations for hand applied labeling. Such examination is performed by one person and independently verified by a second person OR use of appropriate electronic or electromechanical equipment to conduct 100% examination of labeling during or after completion of finishing operations OR dedicated labeling and packaging lines of each different strength of each different drug product OR use of automated technique including differentiation by labeling size, that physically prevents incorrect labeling from being processed by labeling and packaging equipment. 211.122(g)(1)(2)(3)(4) *Planned use of cut labels with 100% verification and double check 100% verification*	Yes
Written procedures assure that correct labels, labeling, and packaging materials are used for drug products. Procedures are followed. 211.130	Yes
Procedures are designed to prevent mix-ups and cross-contamination by physical or spatial separation from operations on other drug products. 211.130(a)	Yes
Written procedures detail examination of packaging and labeling materials for suitability and correctness before packaging operations, and documentation of such examination is in the batch production record. 211.130(d)	Yes
Written procedures detail inspection of packaging and labeling facilities to assure that all drug products and labeling materials have been removed from previous operations. Results of inspection are documented on the batch record. Procedures are followed. 211.130(e) *Sample batch record supports this practice*	Yes

Holding and Distribution - 21CFR Part 211

Written procedures describing warehousing of drugs include quarantine of drug product before release by QC unit, including storage under appropriate temperature, humidity, and light. 211.142 *Reviewed SOP S19.007*	Yes

Laboratory - 21CFR Part 211 Subpart I

The establishment of any specifications, standards, sampling plans, test procedures, including any changes shall be reviewed and approved by the Quality Control Unit, deviations from written specifications are recorded and justified. 211.160(a) *Reviewed SOP Q19.004*	Yes
Laboratory controls shall include the establishment of scientifically sound and appropriate specifications, standards, sampling plans, and test procedures designed to assure that components, drug product containers, closures, in-process materials, labeling, and drug products conform to appropriate standards of identity, strength, quality, and purity. 211.160(b) *Reviewed SOPs: Q25.037, L23.036*	Yes
Laboratory controls include the calibration of instruments, apparatus, gauges, and recording devices at suitable intervals in accordance with an established written program containing specific directions, schedules, limits for accuracy and precision, and provisions for remedial action if the event limits are not met. 211.160(b)(4) *Multiple SOPs, one per each piece of equipment reviewed. Discussed adding one for cleaning and maintenance of crimping device.*	Yes
There is a written testing program designed to assess the stability characteristics of drug products. The written program includes sample size and test interval, storage conditions for samples retained for testing, reliable, meaningful, and specific test methods, and testing of the drug product in the same container closure system in which the drug product is marketed. Procedures are followed. 211.166(a)(1)(2)(3)(4)	Yes
Results of stability testing is used to determine appropriate storage conditions and expiration dates. 211.166(a) *Discussed required compendial studies for stability and facility has SOPs which speak to appropriate methods.*	Yes
For each batch of drug product there is appropriate laboratory determination of satisfactory conformance to final specifications for the drug product, including the identity and strength of each active ingredient. 211.165(a) *No products yet, new permit*	N/A
Written procedures describe sampling and testing plans and include method of sampling and the number of units per batch to be tested. Procedures are followed. 211.165(c) *SOP L25.037 specifies to follow USP 797/71 quantities.*	Yes
Acceptance criteria for sampling and testing conducted by the quality control unit are adequate to assure that batches of drug products meet each appropriate specification and appropriate statistical quality control criteria as a condition for their approval and release. 211.165(d)	Yes
Drug products failing to meet established standards or specifications, or any other relevant quality control criteria are rejected. 211.165(f)	Yes
Each batch of drug product purporting to be sterile and/or pyrogen free has appropriate laboratory testing to determine conformance to such requirements. 211.167(a) *No products yet, new permit*	N/A
The accuracy, sensitivity, specificity, and reproducibility of test methods employed by the firm shall be established and documented. Such validation and documentation are accomplished in accordance with 211.194(a)(2). 211.165(e) *SOPs follow compendial standards.*	Yes

Laboratory records include complete data derived from all tests necessary to assure compliance with established specifications and standards as defined in 211.194(a). *No products yet, new permit*	N/A
Complete records are maintained of any modification of an established method used in testing. 211.194(b) *No products yet, new permit*	N/A
A reserve sample that is representative of each lot in each shipment of each active ingredient, is retained and stored under conditions consistent with product labeling and in the same immediate container-closure system for 1 year after the expiration date of the last lot of the drug product containing the active ingredient. 211.170(a)(b) *SOP Q19.006*	Yes

Records and Reports - 21CFR Part 211

Any production, control, or distribution record that is required to be maintained and is specifically associated with a batch of a drug product is retained for at least 1 year after the expiration date of the batch. This includes all components, drug product containers, closures. 211.180(a)(b) *Q19.002 Document Control Procedures*	Yes
Written records are maintained so that data herein can be used for evaluating, at least annually, the quality standards of each drug product to determine the need for changes in drug product specifications or manufacturing or control procedures. 211.180(e)	Yes
Master production and control records for each drug product, including each batch size thereof, shall be prepared, dated, and signed (full signature, handwritten) by one person and independently checked, dated, and signed by a second person. The preparation of master production and control records is described in a written procedure and such written procedure is followed. Master production and control records include all required elements as described in 211.186(a). *Batch records appropriately contain fields for different verification than preparer; facility will add more specific language to existing SOPs to explicitly indicate a different person required for verification than preparer.*	Yes
Batch products and control records are prepared for each batch of drug product produced and include complete information relating to the product and control of each batch and are an accurate reproduction of the appropriate master production or control record. 211.188, 211.188(a)	Yes
Batch records include documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished and include all required elements as described in. 211.188 (b)(1-13) *New permit, no active batch records to review, however facility had a test batch for stability testing which I reviewed and facility indicates this record will be essentially the same used in production.*	Yes
Major equipment is identified by a distinctive identification number or code that is recorded in the batch production record. 211.105(b)	Yes
Batch production and control records are prepared for each batch of drug product produced and shall include complete information relating to the production and control of each batch. These records shall include: Identification of the persons performing and directly supervising or checking each significant step in the operation, or if a significant step in the operation is performed by automated equipment under § 211.68, the identification of the person checking the significant step performed by the automated equipment. 211.188(11)	Yes
Distribution records contain the name and strength of the product and description of the dosage form, name and address of the consignee, date and quantity shipped, and lot or control number of the drug product. 211.196	Yes

Remarks:

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

Name of facility participants

Brian McMillan, President & CEO
Shannon Kennedy, Quality Director

Corrective Action Plan Reviewed December 18th, 2025

Private and Confidential. Gates Healthcare Associates, Inc.©

Executive Summary

Inspection Summary

Bravado Pharmaceuticals is a single location 503B outsourcing facility located in Tampa, Florida. The facility is currently nearing the end of the R&D phase for its two formulations, with plans to move into production phase in 2026. Daré Bioscience has contracted with Bravado Pharmaceuticals to compound its proprietary sildenafil cream formulation for women, and with Medvantx, a Kentucky licensed dispensing pharmacy, for patient direct distribution services. Daré's proprietary sildenafil cream formulation is the only topical sildenafil formulation that has been formally evaluated in women through controlled clinical studies. In addition to compounding sildenafil cream, Bravado Pharmaceuticals has plans to provide nicotinamide adenine dinucleotide in an injectable formulation.

Bravado Pharmaceuticals was inspected by Gates Healthcare on December 8th—10th, 2025. The facility is approximately 6500 square feet and consists of a main laboratory area for R&D testing, a nonsterile compounding suite, a dispensing room, a washroom, a visual inspection room, a sterile compounding suite, and a warehouse area. Bravado Pharmaceuticals has not yet brought a product to market and the ability to fully determine compliance with cGMP standards was limited without verifiable product. Inasmuch, areas of new or ongoing development for production readiness have been indicated as partially compliant or non-compliant with notes to this effect provided by the inspector within the report.

Private and Confidential. Gates Healthcare Associates, Inc.©

Quality Control Unit

Responsibilities of Quality Control Unit § 211.22

1. There is a quality control unit that has the responsibility and authority to approve or reject all components, drug product containers, closures, in-process materials, packaging material, labeling, and drug products, and the authority to review production records to assure that no errors have occurred or, if errors have occurred, that they have been fully investigated. The quality control unit is responsible for approving or rejecting drug products manufactured, processed, packed, or held under contract by another company.

Compliant

Shannon Kennedy, PhD, Quality Lead, oversees the quality control unit. Reviewed the Bravado Pharmaceuticals Quality Manual, v3.

2. Adequate laboratory facilities for the testing and approval (or rejection) of components, drug product containers, closures, packaging materials, in-process materials, and drug products is available to the quality control unit.

Compliant

3. The quality control unit has the responsibility for approving or rejecting all procedures or specifications impacting on the identity, strength, quality, and purity of the drug product.

Compliant

4. The responsibilities and procedures applicable to the quality control unit is in writing; such written procedures is followed.

Compliant

As noted in the Quality Manual, v.3.

Personnel Qualifications

Personnel Qualifications § 211.25

5. Each person engaged in the manufacture, processing, packing, or holding of a drug product has education, training, and experience, or any combination thereof, to enable that person to perform the assigned functions. Training is in the particular operations that the employee performs and in current good manufacturing practice (including the current good manufacturing practice regulations in this chapter and written procedures required by these regulations) as they relate to the employee's functions. Training in current good manufacturing practice is conducted by qualified individuals on a continuing basis and with sufficient frequency to assure that employees remain familiar with CGMP requirements applicable to them.

Reviewed SOP H19.001 Training Program Guidelines v5.

6. Each person responsible for supervising the manufacture, processing, packing, or holding of a drug product has the education, training, and experience, or any combination thereof, to perform assigned functions in such a manner as to provide assurance that the drug product has the safety, identity, strength, quality, and purity that it purports or is represented to possess.

Shannon Teeters-Kennedy has a PhD. in Physical Chemistry, a Masters in Pharmaceutical Formulations, and a Masters in Pharmacy-Forensic Sciences
Current Staff as of
Brian McMillan
Shannon Kennedy

Kai Edwards (Technician Intern)
Valentin Vasquez (PT)
Tim Morrissey (PT)
Salvador Delgado (PT)
Lori Smith (PT)
Recommend additional training for Production and Quality personnel.

7. There is an adequate number of qualified personnel to perform and supervise the manufacture, processing, packing, or holding of each drug product.

Michael Nguyen PIC KY 025457, Kai Edwards (not RPt, Technician Student intern), Shannon-Teeters-Kennedy-Quality Assurance

§ 211.28 Personnel Responsibilities

8. Personnel engaged in the manufacture, processing, packing, or holding of a drug product shall wear clean clothing appropriate for the duties they perform. Protective apparel, such as head, face, hand, and arm coverings, is worn as necessary to protect drug products from contamination

Protective apparel appropriately worn for specific areas and duties performed. Observed.

9. Personnel shall practice good sanitation and health habits.

10. Only personnel authorized by supervisory personnel shall enter those areas of the buildings and facilities designated as limited-access areas.

Compounding areas are appropriately labeled with signage and indicate authorized personnel only.

11. Any person shown at any time (either by medical examination or supervisory observation) to have an apparent illness or open lesions that may adversely affect the safety or quality of drug products is excluded from direct contact with components, drug product containers, closures, in-process materials, and drug products until the condition is corrected or determined by competent medical personnel not to jeopardize the safety or quality of drug products. All personnel is instructed to report to supervisory personnel any health conditions that may have an adverse effect on drug products.

Private and Confidential. Gates Healthcare Associates, Inc.©

Equipment Requirements

1 / 1 (100%)

Equipment Design, Size, and Location § 211.63

30. Equipment used in the manufacture, processing, packing, or holding of a drug product is of appropriate design, adequate size, and suitably located to facilitate operations for its intended use and for its cleaning and maintenance.

Unknown or Partially Compliant

Sterile Cleanroom: Facility lacks a Containment Ventilated Enclosure (CVE) in the ISO 7 Classified buffer room for weighing out and mixing nonsterile APIs to prevent contamination. Based on USP <797>, Section 4.2.6 Facilities preparing Category 2 or Category 3 CSPs from nonsterile starting components, presterilization procedures must be performed in a containment ventilated enclosure (CVE) to minimize the risk of airborne contamination.

Sterile Cleanroom: Particle counter is only used for baseline particle count, but not throughout the compounding process. This is required according to 21 CFR Part 211.42(c)(10)(iii) to assess risk of contamination during aseptic processing. Continuous monitoring is the gold standard for ensuring stringent environmental control during and throughout critical operations to prevent batch contamination.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25006 has been initiated to evaluate the facility to ensure that the equipment, facility, installation, and design are appropriate for aseptic processing.
Target Completion Date: 16Jan2026

Equipment Construction § 211.65

31. Equipment is constructed so that surfaces that contact components, in-process materials, or drug products is not reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the drug product beyond the official or other established requirements.

Compliant

32. Any substances required for operation, such as lubricants or coolants, shall not come into contact with components, drug product containers, closures, in-process materials, or drug products so as to alter the safety, identity, strength, quality, or purity of the drug product beyond the official or other established requirements.

Compliant

Equipment Cleaning and Maintenance § 211.67

1 / 1 (100%)

33. Equipment and utensils are cleaned, maintained, and, as appropriate for the nature of the drug, sanitized and/or sterilized at appropriate intervals to prevent malfunctions or contamination that would alter the safety, identity, strength, quality, or purity of the drug product beyond the o6cial or other established requirements.

Compliant

Nalgene holding tank mini-clean versus deep clean: Directional flow of dirty to clean

34. Written procedures is established and followed for cleaning and maintenance of equipment, including utensils, used in the manufacture, processing, packing, or holding of a drug product. These procedures shall include, but are not necessarily limited to, the following:

Injections, including infusions

Facility rinses with WFI beakers then depyrogenates them in the dry heat oven. 7 days of hold time. Recommend writing Exp on the Aluminum foil of the wrapped glassware.

35. Records is kept of maintenance, cleaning, sanitizing, and inspection as specified in §§ 211.180 and 211.182.

Compliant

Cleaning for ISO Classified Areas was described with dwell times in SOP M25.027.

FIND SOP DOCUMENT (AS ABOVE), NO CLEANING LOGS LOCATED IN SHARED FILES, CONTROL BATCH RECORD

Automatic, Mechanical, and Electronic Equipment§ 211.68

36. Automatic, mechanical, or electronic equipment or other types of equipment, including computers, or related systems that will perform a function satisfactorily, may be used in the manufacture, processing, packing, and holding of a drug product. If such equipment is so used, it is routinely calibrated, inspected, or checked according to a written program designed to assure proper performance.

Compliant

37. Written records of those calibration checks and inspections is maintained.

Compliant

38. Appropriate controls is exercised over computer or related systems to assure that changes in master production and control records or other records are instituted only by authorized personnel. Input to and output from the computer or related system of formulas or other records or data is checked for accuracy. The degree and frequency of input/output verification is based on the complexity and reliability of the computer or related system. A backup file of data entered into the computer or related system is maintained except where certain data, such as calculations performed in connection with laboratory analysis, are eliminated by computerization or other automated processes. In such instances a written record of the program is maintained along with appropriate validation data. Hard copy or alternative systems, such as duplicates, tapes, or microfilm, designed to assure that backup data are exact and complete and that it is secure from alteration, inadvertent erasures, or loss is maintained.

Compliant

Facility has hard copies; utilizes Lab Notebooks; Project to initiate a EQMS by next year.

39. Such automated equipment used for performance of operations addressed by §§211.101(c) or (d), 211.103, 211.182, or 211.188(b)(11) can satisfy the requirements included in those sections relating to the performance of an operation by one person and checking by another person if such equipment is used in conformity with this section, and one person checks that the equipment properly performed the operation.

Compliant

No autofill or automated equipment in use; manual processes and equipment for sterile and nonsterile.

Private and Confidential. Gates Healthcare Associates, Inc.©

Filters § 211.72

40. Filters for liquid filtration used in the manufacture, processing, or packing of injectable drug products intended for human use shall not release fibers into such products. Fiber-releasing filters may be used when it is not possible to manufacture such products without the use of these filters. If use of a fiber-releasing Filter is necessary, an additional nonfiber-releasing filter having a maximum nominal pore size rating of 0.2 micron (0.45 micron if the manufacturing conditions so dictate) shall subsequently be used to reduce the content of particles in the injectable drug product. The use of an asbestos-containing filter is prohibited.

Confirmed MDI PES filters in use are suitable for human use.

Private and Confidential. Gates Healthcare Associates, Inc.©

Component & Drug Product Containers/Closures

2 / 2 (100%)

Control of Components & Drug Product Containers and Closures § 211.80

41. There is written procedures describing in sufficient detail the receipt, identification, storage, handling, sampling, testing, and approval or rejection of components and drug product containers and closures; such written procedures is followed.

Compliant

42. Components and drug product containers and closures shall at all times be handled and stored in a manner to prevent contamination.

Unknown or Partially Compliant

In the warehouse location, although items are labeled as released or quarantined, tubs, holding tanks, and boxes containing quarantined materials are intermingled with released items. Released and quarantined components, containers and closures must be physically separated and organized in clearly designated holding areas to prevent mix-ups.
According to 211.42 Design and Construction features, "Any buildings used in the manufacture, processing, packing or holding of a drug product shall be of suitable size, construction and location to facilitate cleaning, maintenance, and proper operations."
Firm must define areas and clearly label designated areas for Quarantine, Hold, Rejected and Sequestered materials and store such materials in these distinct locations to prevent mix-ups.

CORRECTIVE ACTION PENDING 12-18-2025:CAPA-25001 has been initiated to evaluate how to re-organize the current warehouse space to allow for proper separation / segragation of materials to prevent mix-ups.
Target Completion Date: 16Jan2026

43. Bagged or boxed components of drug product containers, or closures is stored off the floor and suitably spaced to permit cleaning and inspection.

Compliant

44. Each container or grouping of containers for components or drug product containers, or closures is identified with a distinctive code for each lot in each shipment received. This code is used in recording the disposition of each lot. Each lot is appropriately identified as to its status (i.e., quarantined, approved, or rejected).

Unknown or Partially Compliant

Observed one API tub for sildenafil was not labeled as 'Released or Quarantine' sitting on lab shelf; no deviation written at the time of the inspection. This would increase the change of mix-ups as it is not labeled by quality as released to production. It was explained to inspector, MC that the label may have fallen off. Advised to do a change control of the procedure and document in SOP to place the label in a location which is secure.
Recommendation: Status identification of all containers released to production must be clearly marked.

CORRECTIVE ACTION PENDING 12-18-2025: Deviation opened during inspection to address deficiency.

Receipt and Storage of Untested Components, Drug Product Containers, and Closures § 211.82

45. Upon receipt and before acceptance, each container or grouping of containers of components, drug product containers, and closures is examined visually for appropriate labeling as to contents, container damage or broken seals, and contamination.

Compliant

Reviewed S19.008, Receiving of Incoming Materials. Section 2.3 indicates all GMP material is visually examined upon receipt.

46. Components, drug product containers, and closures is stored under quarantine until they have been tested or examined, whichever is appropriate, and released. Storage within the area shall conform to the requirements of § 211.80.

Compliant

SOP reviewed and quarantine area visualized.

Testing and Approval or Rejection of Components, Drug Product Containers, and Closures § 211.84

2 / 2 (100%)

47. Each lot of components, drug product containers, and closures is withheld from use until the lot has been sampled, tested, or examined, as appropriate, and released for use by the quality control unit.

Compliant

Reviewed S19.008, Receiving of Incoming Materials v4 & Q19.006, Sampling, Retains and Disposition for GMP Materials.

48. Representative samples of each shipment of each lot is collected for testing or examination. The number of containers to be sampled, and the amount of material to be taken from each container, is based upon appropriate criteria such as statistical criteria for component variability, confidence levels, and degree of precision desired, the past quality history of the supplier, and the quantity needed for analysis and reserve where required by § 211.170.

Unknown or Partially Compliant

Reviewed SOP Q19.006, Sampling of GMP Materials v3. Section 4.2 indicated the sample amounts recommended by the ANSI table is considered a minimum & QA determines the amount of sample for each applicable component based on the amount of material received.

Sterile Product: Method verification for representative sample is completed by viewing COA for NAD plus which describes identity testing completed by repackager using USP <197>, but review of the COA by Quality is not well documented by the firm.

No deficiencies noted with the nonsterile (sildenafil) materials.

Firm states the FTIR machine is in need of repair.

Samples is collected in accordance with the following procedures:

Injections, including infusions

Reviewed the Sampling Request Form (SFR). Procedures for sampling outlined in the sampling SOP.

51. Samples is examined and tested as follows:

Injections, including infusions

Sampling includes Raw Materials Sampling, Labeling Component Sampling, Packaging and Manufacturing Component Sampling, & In-Process and Finished Product Sampling.

Private and Confidential. Gates Healthcare Associates, Inc.©

52. Each lot of a component, drug product container, or closure with potential for microbiological contamination that is objectionable in view of its intended use is subjected to microbiological tests before use.

Unknown or Partially Compliant

Requested Water activity verification for Sildenafil API used in non-sterile compounding-not in Monograph provided. Microbiological testing before use in compounding must occur according to 211.84.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25003 has been initaited to conduct a risk assessment on the need for microbial testing of Sildenafil Citrate as guided by FDA Guidance, Microbiological Quality Considerations in Non-sterile Drug Manufacturing, and 21CFR211.84(d)(4). Actions will be performed based on the outcome of risk assessment.
Target Completion Date: 02Jan2026

53. Any lot of components, drug product containers, or closures that meets the appropriate written specifications of identity, strength, quality, and purity and related tests under paragraph (d) of this section may be approved and released for use. Any lot of such material that does not meet such specifications is rejected.

Compliant

Use of Approved Components, Drug Product Containers, and Closures § 211.86

54. Components, drug product containers, and closures approved for use is rotated so that the oldest approved stock is used first. Deviation from this requirement is permitted if such deviation is temporary and appropriate.

Unknown or Partially Compliant

There does not appear to be a FEFO methodology in the warehouse as released and quarantined material is on the same side of the room.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25001 has been initiated to evaluate how to re-organize the current warehouse space to allow for ease of material status identification.
Target Completion Date: 16Jan2026

Retesting of Approved Components, Drug Product Containers, and Closures § 211.87

55. Components, drug product containers, and closures is retested or reexamined, as appropriate, for identity, strength, quality, and purity and approved or rejected by the quality control unit in accordance with § 211.84 as necessary, e.g., after storage for long periods or after exposure to air, heat or other conditions that might adversely affect the component, drug product container, or closure.

Unknown or Partially Compliant

Per SOP Q19.006, Sampling of GMP Materials v3, retained samples of drug products should be visually inspected annually for deterioration; retained samples of other materials should be reviewed at least every two years. No indication in the SOP related to retesting or reexamination of raw materials after storage for long periods of time or other conditions that might impact the materials.

This 503B OSF has mostly R&D and ongoing testing and no production at this time. Bravado has not yet had the need to implement the requirements of this procedure as the materials intended for marketed / commercial products have not reached its routine inspection time per SOP Q19.006.

Private and Confidential. Gates Healthcare Associates, Inc.©

Rejected Components, Drug Product Containers, and Closures
§ 211.89

56. Rejected components, drug product containers, and closures is identified and controlled under a quarantine system designed to prevent their use in manufacturing or processing operations for which they are unsuitable.

Compliant

Drug Product Containers and Closures § 211.94

57. Drug product containers and closures is not reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the drug beyond the official or established requirements.

Compliant

58. Container closure systems provide adequate protection against foreseeable external factors in storage and use that can cause deterioration or contamination of the drug product.

Compliant

Facility still in R&D phase. Container Closure Integrity testing will be conducted when all testing is complete.

59. Drug product containers and closures is clean and, where indicated by the nature of the drug, sterilized and processed to remove pyrogenic properties to assure that they are suitable for their intended use. Such depyrogenation processes is validated.

Compliant

ECVs were sent to lab and demonstrated a greater than 5 log reduction in Endotoxins
Dry Heat Oven Process Verification completed by Focus labs 2-3-25

60. Standards or specifications, methods of testing, and, where indicated, methods of cleaning, sterilizing, and processing to remove pyrogenic properties is written and followed for drug product containers and closures.

Compliant

Reviewed L25.043, Operation and Maintenance of the Dry Heat for Sterilization and Depyrogenation, Process Verification Autoclave, L25.044, Calibration of Ovens and Autoclaves, & L25.048, Use, Verification and Maintenance of the SQP-04 Autoclave v2.

61. Does the facility have or provide medical gases? If so, medical gas containers and closures must meet the following requirements:

Unknown or Partially Compliant

Facility has nitrogen tank medical gas for Filter used for Filter Integrity testing. SOP M25.028 demonstrates bubble point testing performed manually, however firm has not updated to use of Nitrogen for Filter integrity testing and all the requirements for use of medical gases.
Recommendation: Update SOP to meet standards.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25005 has been initiated to review the use of Nitrogen in the facility and procedures will be created or updated, as needed.
Target Completion Date: 02Jan2026

Private and Confidential. Gates Healthcare Associates, Inc.©

Production & Process Controls

1 / 1 (100%)

Production and Process Controls: Written Procedures & Deviations. § 211.100

62. There is written procedures for production and process control designed to assure that the drug products have the identity, strength, quality, and purity they purport or are represented to possess. Such procedures include all requirements in this subpart. These written procedures, including any changes, is drafted, reviewed, and approved by the appropriate organizational units and reviewed and approved by the quality control unit.

Compliant

63. Written production and process control procedures is followed in the execution of the various production and process control functions and is documented at the time of performance. Any deviation from the written procedures is recorded and justified.

Unknown or Partially Compliant

Facility is in preliminary phases of production, still performing R&D functions for the 503B side.

Sterile Compounding Observation: Pharmacist demonstrating simulation of media fill was noted to simulate aseptic filling of amber vials without a needle. This is an objectionable practice. Please review aseptic guidance by the FDA.

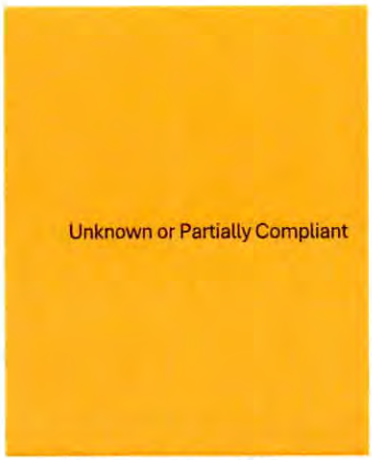
CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified.
Target Completion Date: 16Jan2026

Charge-In of Components § 211.101

1 / 1 (100%)

64. Written production and control procedures include the following, which are designed to assure that the drug products produced have the identity, strength, quality, and purity they purport or are represented to possess:

Injections, including infusions



No specific Production procedures SOP

b) Components for drug product manufacturing is weighed, measured, or subdivided as appropriate. If a component is removed from the original container to another, the new container is identified with the following information:
1) Component name or item code;
2) Receiving or control number;
3) Weight or measure in new container;
4) Batch for which component was dispensed, including its product name, strength, and lot number

Unknown or Partially Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

c) Weighing, measuring, or subdividing operations for components is adequately supervised. Each container of component dispensed to manufacturing is examined by a second person to assure that:
1) The component was released by the quality control unit;
2) The weight or measure is correct as stated in the batch production records;
3) The containers are properly identified. If the weighing, measuring, or subdividing operations are performed by automated equipment under § 211.68, only one person is needed to assure paragraphs (c)(1), (c)(2), and (c)(3) of this section.

Manual weighing supervised by PIC, however weigh balances not located in CVE for sterile or non-sterile weighing. Nonsterile compounding suite is a dedicated suite for sildenafil cream only. Facility is choosing to not place a CVE inside the nonsterile lab where weighing is taking place.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified.
Target Completion Date: 16Jan2026

d) Each component shall either be added to the batch by one person and verified by a second person or, if the components are added by automated equipment under § 211.68, only verified by one person.

Calculation of Yield § 211.103

65. Actual yields and percentages of theoretical yield is determined at the conclusion of each appropriate phase of manufacturing, processing, packaging, or holding of the drug product. Such calculations shall either be performed by one person and independently verified by a second person, or, if the yield is calculated by automated equipment under § 211.68, be independently verified by one person.

Equipment Identification § 211.105

66. All compounding and storage containers, processing lines, and major equipment used during the production of a batch of a drug product is properly identified at all times to indicate their contents and, when necessary, the phase of processing of the batch.

67. Major equipment is identified by a distinctive identification number or code that is recorded in the batch production record to show the specific equipment used in the manufacture of each batch of a drug product. In cases where only one of a particular type of equipment exists in a manufacturing facility, the name of the equipment may be used in lieu of a distinctive identification number or code.

Private and Confidential. Gates Healthcare Associates, Inc.©

No signage on Beckman Coulter Particle Size Analyzer that it is Out of Commission. Not in use. Advise to place a sign.

Sampling & Testing In-Process Materials and Drug Products § 211.110

To assure batch uniformity and integrity of drug products, written procedures is established and followed that describe the in- process controls, and tests, or examinations to be conducted on appropriate samples of in-process materials of each batch. Such control procedures are established to monitor the output and to validate the performance of those manufacturing processes that may be responsible for causing variability in the characteristics of in-process material and the drug product. Such control procedures shall include, but are not limited to, the following, where appropriate:

1) Tablet or capsule weight variation;
2) Disintegration time;
3) Adequacy of mixing to assure uniformity and homogeneity;
4) Dissolution time and rate;
5) Clarity, completeness, or pH of solutions.
6) Bioburden testing.

Unknown or Partially Compliant

For non-sterile compounding testing of Sildenafil Vaginal Cream 30 gram tube for final production, facility has a sample thief (long tube); all placed in stainless steel tanks. The Sildenafil MBR was approved on 04DEC2025. A copy of the approved MBR was provided for review during the audit.

QC In-Process: visual inspection, sample thief checks various things--assay, final bulk, full testing spectrum. Bioburden testing is not complete for this batch # 25026 and there are not notes in the EBR under Batch Accountability. Signed Dec 4, 2025.

69. Valid in-process specifications for such characteristics is consistent with drug product final specifications and is derived from previous acceptable process average and process variability estimates where possible and determined by the application of suitable statistical procedures where appropriate. Examination and testing of samples shall assure that the drug product and in-process material conform to specifications.

Compliant

70. In-process materials is tested for identity, strength, quality, and purity as appropriate, and approved or rejected by the quality control unit, during the production process, e.g., at commencement or completion of significant phases or after storage for long periods.

Unknown or Partially Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

For Sterile NAD plus injection which is sill in R&D phase, Potency testing T0-T90, etc is not complete yet. No Microbial Enumeration tests have been completed for Sildenafil cream at the time of this inspection.

Sildenafil Batch 25026 was completed on 05DEC2025 and it was noted that the EBR was incomplete because it was pending batch reconciliation, PIC review, and QA review. Microbial samples were taken from the bulk cream to be sent to an outside laboratory for testing. Microbial testing takes approximately 3 weeks to complete.

CORRECTIVE ACTION PENDING 12-18-2025: All sildenafil batch testing results will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

71. Rejected in-process materials is identified and controlled under a quarantine system designed to prevent their use in manufacturing or processing operations for which they are unsuitable.

Compliant

Time Limitations on Production § 211.111

72. When appropriate, time limits for the completion of each phase of production is established to assure the quality of the drug product. Deviation from established time limits may be acceptable if such deviation does not compromise the quality of the drug product. Such deviation is justified and documented.

Compliant

Control of Microbiological Contamination § 211.113

73. Does the facility prepare non-sterile compounded products or utilized a non-sterile to sterile process? If so, appropriate written procedures, designed to prevent objectionable microorganisms in drug products not required to be sterile, is established and followed.

Unknown or Partially Compliant

Nonsterile Product: Water content of the sildenafil API (USP <61, 62>) and baseline AET data on the API. Microbial enumeration test pending from ARL labs for Sildenafil 3.6% R&D Batch #25026.

Microbial testing is performed according the FDA guidance, Microbiogical Quality Considerations in Non-Sterile Drug Manufacturing (Draft September 2021) and USP <1111>, Microbiogical Quality Considerations in Non-Sterile Products, requirements for the non-sterile product. Microbial samples have been taken from the bulk cream to be sent to an outside laboratory for testing. Microbial testing takes approximately 3 weeks to complete.

CORRECTIVE ACTION PENDING 12-18-2025: All results of the sildenafil testing batch will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

74. Does the facility prepare sterile compounded products and utilized sterile compounding processes? If so, appropriate written procedures, designed to prevent microbiological contamination of drug products purporting to be sterile, is established and followed. Such procedures includes validation of all aseptic and sterilization processes.

Unknown or Partially Compliant

Observed sterile processes and procedures within the cleanroom. PIC observed in the cleanroom and noted to move in and out of the PEC 5 area frequently without consistently disinfecting gloves. Staging was lacking which caused excessive movement around the ISO 7 space and into the PEC 5 hood. Recommended a review of the formulation procedure to improve efficiency and reduce risk of contamination.

During the observed smoke study, process does not include a needle at the end of the tubing from the repeater pump into the vials. This may pose a risk to the finished product.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified. Target Completion Date: 16Jan2026

Reprocessing § 211.115

75. Written procedures is established and followed prescribing a system for reprocessing batches that do not conform to standards or specifications and the steps to be taken to ensure that the reprocessed batches will conform with all established standards, specifications, and characteristics.

Unknown or Partially Compliant

Reprocessing discussed with Quality Lead. No current procedure for reprocessing which should include defined criteria as to when reprocessing is appropriate versus documenting a batch deviation. Instances of reprocessing have occurred without impact to the API mixture or finished preparation. Deviation/investigation into the incident not provided.

CORRECTIVE ACTION PENDING 12-18-2025: Deviation DID-25016 was opened to document the batch failure and any actions to be taken to prevent future recurrence. Target Completion Date: 22Dec2025

76. Reprocessing is not performed without the review and approval of the quality control unit.

Unknown or Partially Compliant

R& D phases at this time. Recommend a Reprocessing SOP if not available.

CORRECTIVE ACTION PENDING 12-18-2025:CAPA-25002 has been initiated to create or revise procedure to indicate that Bravado's policy on reprocessing. Target Completion Date: 09Jan2026

Materials Examination and Usage Criteria § 211.122

77. There is written procedures describing in sufficient detail the receipt, identification, storage, handling, sampling, examination, and/or testing of labeling and packaging materials; such written procedures is followed. Labeling and packaging materials is representatively sampled and examined or tested upon receipt and before use in packaging or labeling of a drug product.

Compliant

Reviewed SOP M25.021, Visual Inspection and Application of Product Labels v2.

78. Any labeling or packaging materials meeting appropriate written specifications may be approved and released for use. Any labeling or packaging materials that do not meet such specifications is rejected to prevent their use in operations for which they are unsuitable.

Compliant

79. Records is maintained for each shipment received of each different labeling and packaging material indicating receipt, examination or testing, and whether accepted or rejected.

Compliant

Reviewed and verified shipping receipt log and indication of acceptance. The facility does not have any type of barcoding or inventory tracking tools at this time. Manually maintained.

80. Labels and other labeling materials for each different drug product, strength, dosage form, or quantity of contents is stored separately with suitable identification. Access to the storage area is limited to authorized personnel.

Unknown or Partially Compliant

Nonsterile Product: Visually verified tubing labels and secondary packaging for sildenafil cream. Primary packing labels are pre-printed in advance on empty tubes.

Sterile Product: NAD+ product labels are still in development. Currently using cut labeling for testing batches.

81. Obsolete and outdated labels, labeling, and other packaging materials is destroyed.

Compliant

Visually observed quarantine area that holds labels for destruction.

82. Use of gang-printed labeling for different drug products, or different strengths or net contents of the same drug product, is prohibited unless the labeling from gang-printed sheets is adequately differentiated by size, shape, or color.

Compliant

83. Is cut labeling used for immediate container labels, individual unit cartons, or multiunit cartons containing immediate containers that are not packaged in individual unit cartons? If so, then packaging and labeling operations includes one of the following special control procedures:

Yes

Cut labeling used on the sterile product only.

1) Dedication of labeling and packaging lines to each different strength of each different drug product;

Compliant

2) Use of appropriate electronic or electromechanical equipment to conduct a 100-percent examination for correct labeling during or after completion of finishing operations; or

Unknown or Partially Compliant

Nonsterile Product: No electronic or electromechanical equipment utilized; manual process.

Sterile Product: Labeling not documented on NAD+ Batch Record (testing batch); the Smart Jet Core Printer to be used for the sterile production batch is new and has not been brought online to date.

3) Use of visual inspection to conduct a 100-percent examination for correct labeling during or after completion of finishing operations for hand-applied labeling. Such examination is performed by one person and independently verified by a second person.

Unknown or Partially Compliant

Nonsterile Product: Visually observed the sildenafil cream pre-printed tubes are 100% visually verified for accuracy. Unable to confirm the examination is performed by two people as per the SOP; facility did not produce a batch during the inspection.

Sterile Product: No current written or active process for label visual inspection for the sterile injection (pre-production phase).

Private and Confidential. Gates Healthcare Associates, Inc.©

4) Use of any automated technique, including differentiation by labeling size and shape, that physically prevents incorrect labeling from being processed by labeling and packaging equipment.

Compliant

84. Printing devices on, or associated with, manufacturing lines used to imprint labeling upon the drug product unit label or case is monitored to assure that all imprinting conforms to the print specified in the batch production record.

Unknown or Partially Compliant

Sterile Product Only: SOP M25.045 Operation, Cleaning, and Maintenance of the Smart-Jet Core Printer was provided; not in operation at this current time; new piece of equipment.

Private and Confidential. Gates Healthcare Associates, Inc.©

Compounding Laboratory Design & Staff Training/Competencies

Describe the facility's compounding laboratory design and include a description of the layout, classification, flow, other pertinent details.

The facility has a main laboratory area for R&D with associated equipment. Next to the main laboratory area is a wall that separates individual areas for nonsterile compounding, the filling room, wash room, and sterile compounding suite.

The nonsterile compounding lab is dedicated for compounding sildenafil cream. The nonsterile compounding area is ISO 8 Classified and has an initial room for garbing and a secondary room for weighing out powders and mixing the cream. The nonsterile lab is a single-dedicated lab for sildenafil cream without cross-over. Absent in the nonsterile compounding lab is a balance hood/CVE/powder hood that encloses the balance to be used for weighing out APIs and other components.

The sterile compounding lab is dedicated to preparing NAD+ at the current point in time and is an ISO 7 classified space. The sterile compounding suite consists of an anteroom with a sink on the clean side and autoclave. The buffer room has a 4 foot LAFH, analytical balance, an oven, and a sub-zero freezer.
The facility is currently weighing out nonsterile APIs on a balance located on a steel bench within the ISO 7 buffer room. There is no certified CVE for containment.

Provide photographs of the compounding areas, anterooms, and buffer areas.

Photo 1

Photo 2

Photo 3

Photo 4

Photo 5

Photo 6

List and describe the equipment and any automation utilized to prepare and package compounded preparations located within the designated compounding areas.

Nonsterile Compounding Equipment (sildenafil cream): Analytical balanced, floor scale, 300L jacketed tank, a 100L jacketed tank, and a 50L non-jacketed tank and associated pumps. For filling processes--manual crimper and coder.

Sterile Compounding Equipment (NAD+ injectable): autoclave, oven, freezer, LAFH, analytical balance, and a repeater pump. No automation is used at this point in time.

Provide photographs of any equipment and automation used that is located within the designated compounding areas.

Describe the facility's compounding processes (nonsterile to sterile, sterile to sterile), cleanroom classifications, and usage of sterilization.

NS to NS & NS to Sterile.

Personnel Monitoring – Sterile Training & Competency

1. Personnel performing compounding and personnel who have direct oversight of compounding personnel must successfully complete training and competencies before performing compounding or supervising compounding.

Compliant

Reviewed SOP H19.001 Training Program Guidelines.

Initial training and competencies are performed and documented.

Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

a. Core Skills and SOP training **• Written test**	Compliant
b. Garbing and Hand Hygiene training and competencies **• Observational Competency** **• Gloved Fingertip and Thumb Sampling (GFTS), 3 times in succession**	Compliant
c. Aseptic Technique training and competencies **• Observational Competency** **• Media Fill Test** **• Surface sampling** **• Gloved Fingertip and Thumb Sampling**	Compliant
4. Ongoing training and competencies are performed and documented.	Compliant
a. Core Skills and SOPs, written test: Every 12 months	Compliant
b. Garbing and Hand Hygiene competencies (with single GFTS test): **• Every 12 months – direct oversight, no compounding** **• Every 6 months – Compounding Category 1 or 2 CSPs**	Compliant
c. Aseptic Technique competencies (with media fill, GFTS, and surface sample) **• Every 12 months – direct oversight, no compounding** **• Every 6 months – Compounding Category 1 or 2 CSPs**	Compliant
5. Persons performing cleaning and disinfecting of sterile compounding areas (may be compounding personnel, or personnel dedicated to cleaning activities), and others that enter the classified compounding areas (performing stocking, etc.) receive the training appropriate for their duties. **• Initial and annual for items that apply to their position, detailed in SOPs.** **• Includes hand hygiene and garbing, cleaning, and disinfection.**	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

6. Core skills training includes: **• Hand hygiene Garbing** **• Cleaning and disinfection** **• Calculations, measuring, and mixing.** **• Aseptic technique** **• Achieving and/or maintaining sterility (and apyrogenicity if compounding with nonsterile components)** **• Use of equipment** **• Documentation of the compounding process (e.g., master formulation and compounding records)** **• Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area PEC** **• Proper use of PECs** **• Principles of movement of materials and personnel within the compounding area**	Compliant
7. Gloved Fingertip and Thumb Sampling Procedures are detailed in the SOP. Includes:	Compliant
a. Using one sampling media device (e.g., plates, paddles, or slides) per hand. Plates	Compliant
b. Using general microbial growth agar (e.g., trypticase soy agar [TSA]) supplemented with neutralizing additives (e.g., lecithin and polysorbate 80) as this agar supports both bacterial and fungal growth.	Compliant
c. Sampling occurs BEFORE gloves are sanitized with sterile 70% IPA.	Compliant
d. Collect samples from all gloved fingertips and thumbs from both hands by rolling fingertip pads and thumb pad over the agar surface.	Compliant
e. Incubate the media device at 30°–35° for no less than 48 h and then at 20°–25° for no less than 5 additional days. Samples must be inverted and incubated in an incubator.	Compliant
f. Record the number of CFU per hand (left hand, right hand). **• Determine whether the CFU action level is exceeded by counting the total number of CFU from both hands.** **• Action Level for Garbing Competency: > 0 CFU total from both hands** **• Action Level for Aseptic Technique Competency: > 3 CFU total from both hands**	Compliant
g. A test failure will require the test to be repeated. The designated person(s) will determine if any remediation may be required (training, etc.) before the test is repeated.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

h. The personnel that failed the test will not be allowed to compound, or supervise compounding, until remediation is completed, and a successful gloved fingertip and thumb test is achieved.	Compliant
Hand Hygiene & Garbing Technique Observations	
1. Personnel with rashes, recent tattoos, oozing sores, conjunctivitis, or active respiratory infections must report to the designated person(s) who will evaluate whether the person is excluded from compounding until the condition resolves.	Compliant
2. No food (including mints, gum, etc.) or drinks are allowed in the anterooms, buffer rooms, or segregated compounding areas.	Compliant
3. Personnel remove items that are not easily cleanable or are not necessary for compounding. At a minimum, individuals must: **• Remove personal outer garments (e.g., bandanas, coats, hats, jackets, sweaters, vests)** **• Remove all cosmetics because they shed flakes and particles (including false eyelashes)** **• Remove all hand, wrist, and other exposed jewelry, including piercings that could interfere with the effectiveness of garbing (e.g., the fit of gloves, cuffs of sleeves, and eye protection)** **• Cover any jewelry that is permanent and cannot be removed (if it can be removed, it should be removed).**	Compliant
4. No earbuds or headphones allowed.	Compliant
5. No electronic devices that are not necessary for compounding or other required tasks into the compounding area.	Compliant
6. Fingernails are clean, short, and neatly trimmed to minimize particle shedding and avoid glove punctures. Nail products (e.g., polish, artificial nails, and extenders) must not be worn.	Compliant
7. Eyeglasses and hearing aids are cleaned or wiped down with sterile 70% IPA, if worn.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

8. **Garb is available and includes:**
- **Low-lint knee-length garment with sleeves that fit snugly around the wrists and an enclosed neck (e.g., gown or coverall)**
- **Low-lint covers for shoes**
- **Low-lint cover for head that covers the hair and ears,**
- **Low-lint cover for facial hair**
- **Low-lint face mask**
- **Sterile powder-free gloves**

Coveralls

Compliant

9. **Garb is not stored near the sink to avoid contamination by splashing water.**

Compliant

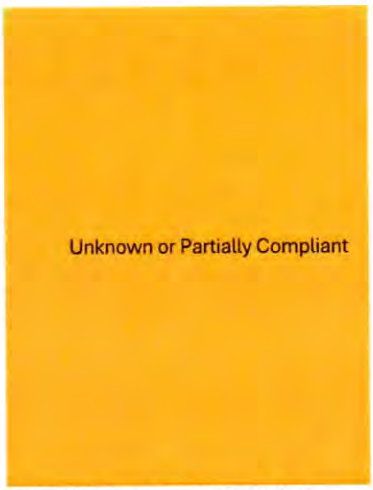
10. **Perform hand hygiene:**
- **Clean underneath fingernails under warm running water using a disposable nail cleaner.**
- **Keeping your hands above the level of your elbows, wash hands starting at the fingers and working down the forearms to the elbows with soap and water for at least 30 seconds. Time the washing using a clock or timer located near and visible when at the sink.**
- **Do not use a brush to scrub your skin, this will create more skin shedding.**
- **Do not shake water off your hands. Keep hands above the level of your elbows so water does not run down and drip off your fingers.**
- **Using low-lint disposable towels or wipers, dry completely from your hands down to elbows.**

Observed: PIC did not perform hand hygiene down to his elbows; only to his wrists.

Unknown or Partially Compliant

11. **Apply alcohol-based hand rub to one hand and rub hands together, covering all surfaces of hands and fingers until hands are dry. Allow hands to dry thoroughly before donning sterile gloves.**

Compliant



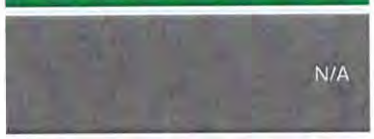
12. **The order of donning garb is dependent on the location of the handwashing sink and the line of demarcation. The order must be detailed in the SOP.**

Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

13. Donning garb.

- Don dedicated shoes or shoe covers.
- Don dedicated sterile scrubs and bunny suit or equivalent garb that prevents skin exposure.
- Don a surgical mask.
- Don a head cover and/or hood to cover all hair and ears. Check in the mirror to ensure all hair is contained and covered.
- Don shoe covers/knee-high booties over each shoe while stepping over the line of demarcation (LOD), taking care that the shoe does not touch the floor on the clean side of the LOD and the covered shoe does not touch the floor on the dirty side of the line of demarcation.
- Repeat with the other shoe.



Observed: PIC donned a sterile coveralls. Had difficulty with not allowing the coverall feet to touch the ground before putting it on. Recommended usage of a bench and more practice to ensure sterility. The coveralls are being donned on the "clean" side of the line of demarcation.

14. Gloves:

- Select the appropriate size of sterile gloves.
- Open the package of sterile gloves on a flat surface and inspect for defects.
- Don sterile gloves using aseptic technique.
- Gloves must NOT be donned or doffed inside the ISO Class 5 primary control engineering exposing bare skin.
- Enter the buffer room.
- If using a RABS PEC, sterile gloves must be donned over the gloves on the gauntlets inside the RABS. This is in addition to the gloves worn on your hands inside the gauntlets.
- Apply sterile 70% IPA to gloves immediately after donning is completed, and regularly throughout the compounding process and whenever nonsterile surfaces (e.g., vials, counter tops, chairs, or carts) are touched, or the gloves leave and re-enter the ISO Class 5 PEC.

15. Garb must be replaced immediately if it becomes visibly soiled or if its integrity is compromised. Gloves are changed if torn, punctured or contaminated.

Private and Confidential. Gates Healthcare Associates, Inc.©

16. Doffing garb

- **When personnel exit the compounding area, all garb is removed and discarded.**
- **All other disposable garb is discarded.**
- **Shoe covers remain on the shoes while on the clean side of the LOD and may be removed and discarded once on the dirty side of the LOD.**

• Shoe covers are not worn outside the compounding area to prevent tracking residue into other areas.

• Non-disposable garb such as goggles, full face masks, or shields, are placed in an area or bin marked for used garb and cleaned and sanitized during the daily cleaning at the end of the day.

Private and Confidential. Gates Healthcare Associates, Inc.©

Components - Sterile

Controls over the source and quality of components are required, particularly when using non-sterile materials or ingredients when producing sterile compounded drug products. For each of the following, the firm should have written and approved procedures and documentation resulting therefrom. The firm's adherence to written procedures should be verified through observation whenever possible.

1. Appropriate specifications must be established for the components used in each drug product that address the attributes necessary to ensure the quality of the finished drug product such as identity, strength, purity, particle size, sterility, bacterial endotoxin level, or other characteristics.

Compliant

Reviewed SOP S19.008, Receiving of Incoming Materials v3.

2. Each lot of components must be tested to verify identity and evaluated for conformity with appropriate specifications before use unless: the component is an approved finished human drug product; the component was purchased directly from a manufacturer who has registered and listed with FDA under section 510 of the FD&C Act without repacking or other alteration since initial manufacture, or was purchased from a distributor that certifies that the component has not been subject to repacking or other alteration since initial manufacture; the label of each lot of the component has been examined to verify that the component meets required specifications before use; and the shipment's package integrity has been verified upon receipt before use.

Unknown or Partially Compliant

Identity testing for API has not been completed as per USP <197> for use in production. Firm relies on the COA.

3. Components (e.g., bulk active ingredients and excipients, but not an approved finished drug product), must be tested to verify identity and evaluated for conformity with appropriate specifications, and, if necessary, depending on intended use, endotoxin level and sterility before use in compounding. Alternatively, a COA can be accepted from the supplier and evaluated to determine whether the lot can be used, provided the reliability of the supplier's analyses has been established at appropriate intervals (i.e., no less frequently than annually for active ingredients and every two years for other components) through appropriate steps to confirm the supplier's test results for those tests relevant to the specifications established for the compounded drug product, and to confirm that the ingredient meets the applicable USP or NF monograph, if one exists; at least one identity test has been conducted to confirm that the component is the one specified in the purchase order; each container or grouping of containers of components is examined to verify appropriate labeling regarding contents; and the shipment's package integrity must be verified upon receipt before use.

Unknown or Partially Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

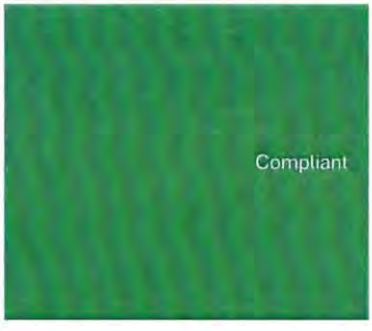
At least one identity has not been completed for API (NAD+).

4. Acceptance of incoming lots of nonsterile components (including water) must include microbial and endotoxin testing unless: the water is purchased and certified as sterile and non-pyrogenic and is accompanied by a COA.	Compliant
Water is USP; COA review.	
5. The quality of water produced on-site and used as a component or processing aid should be tested regularly at point of use to verify acceptable microbial quality and endotoxin limits.	N/A
6. Components must be re-tested or re- examined for identity, strength, quality, and purity after exposure to conditions that might adversely affect the component.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Equipment, Containers, and Closures - Sterile

Equipment, containers, and closures that come into contact with the drug product must be evaluated to ensure adequacy for intended use, including for holding or storing sterilized equipment, containers, or closures to ensure sterility and cleanliness at time of use. For each of the following, the firm should have written and approved procedures and documentation resulting therefrom. The firm's adherence to written procedures should be verified through observation whenever possible.



1. If the outsourcing facility does not use pre-sterilized and depyrogenated single-use equipment and containers and closures, the equipment, containers, and closures must be sterilized and depyrogenated before first use through sterilization and depyrogenation processes that have been validated.

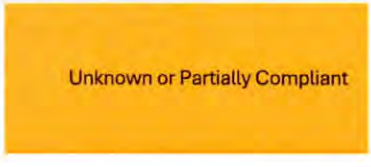
Sterile--vials and stoppers are purchased sterile; tools are autoclaved; glassware is depyrogenated; repeater pump tubing is purchased as sterile, filters are sterile.

Product contact components are all purchased as sterile.

2. Each lot of equipment, containers, and closures must be examined to verify identity and tested to ensure conformity with appropriate specifications before use unless the supplier certifies and labels the materials as ready-to-use, sterile and non-pyrogenic; the supplier's packaging integrity is verified upon receipt before use; and the certificate of analysis (COA) provided by the supplier is reviewed to verify that the product meets the required specifications including sterility and depyrogenation.

COA review provided by the supplier.

3. Equipment must be qualified as capable of performing its intended functions or operations before first use, and procedures for routine calibration and maintenance established and followed.



Reviewed SOP Q19.008, Change Control Procedure & Q19.011, Qualification of Equipment and Change Control. Indicates process for new equipment and routine calibration and maintenance procedures.

Reviewed the IOPQ for the Grisco-MA Filling Machine from 12-04-2025.

4. Equipment surfaces that come in contact with components, in process materials, or drugs must not be reactive, additive, or absorptive.

5. Appropriate criteria for containers and closures is established to ensure that drug product containers and closures used for compounded drug products are suitable for each particular drug product for which they will be used.

In R&D phase. No study in extractables and leachables.

Private and Confidential. Gates Healthcare Associates, Inc.©

6. Appropriate procedures are established for testing the containers and closures at the time they are selected to determine whether they meet the criteria for use; the tests and results must be documented.

Unknown or Partially Compliant

Dry heat oven run reviewed for glassware. Not documented on the batch record.

7. As part of the selection process integrity testing of the drug product container closure system is performed to verify its ability to maintain the quality of the finished drug product and sterility over the expiry period. Integrity testing should be performed again if the supplier or specifications of the container/closure is changed.

Unknown or Partially Compliant

CCIT has not been completed for the sterile product to date because they are waiting for the method of suitability test to be complete from ARL. This is slated to be conducted as per their contract with ARL.

Unable to locate an SOP on this process.

8. Procedures for storage of sterilized containers or closures is established to minimize the risk of contamination and to maintain sterility. Retesting or re- examination required if exposed to conditions that may affect the integrity of the containers/closures.

Unknown or Partially Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Facilities & Equipment Systems – Sterile

For each of the following, the firm should have written and approved procedures and documentation resulting therefrom. The firm's adherence to written procedures should be verified through observation whenever possible.

1. Training/qualification of employees in sterile facilities and equipment systems. — Compliant

2. All sterile processing and controlled areas must be clean and free of visible signs of filth, dirt, mold or mildew, insects, and inappropriate items or debris. — Compliant

3. Sterile drugs are produced only in ISO 5 or better air quality. Particle counts of 0.5 µm and larger per cubic meter are measured under dynamic conditions and are 3,520 or less. — Compliant

4. The air cleanliness classification of the area surrounding the ISO 5 zone immediately adjacent to the aseptic processing line should meet, at a minimum, ISO 7 standards. — Compliant

5. There are no sinks or drains in any ISO 5 or ISO 7 areas, or other water sources. — Compliant

There is a sink located in the anteroom (ISO 7). No drains or other water sources.

6. If an isolator is used, the surrounding area should meet at least ISO 8 standards. — N/A

7. The ISO 5 zone or critical area is certified initially, when changes are made to HVAC or HEPA units, or if the ISO 5 PEC is moved. — Compliant

8. Certification/Qualification studies and tests are documented including the particular conditions under which the studies and tests were conducted (dynamic includes number of personnel present). — Compliant

Reviewed SOP M25.022, ISO 5 Hood and Classified Room Certification v1.
Review of the sterile cleanroom certification report indicates all testing was performed under simulated dynamic conditions with 4 pharmacy staff members present at the time of testing.

9. Airflow studies should be conducted under dynamic conditions (e.g., in-situ smoke study) to initially qualify the HVAC/HEPA unit and when any changes are made to the HVAC/HEPA unit or the critical area that might affect airflow. Any indication of poor air control (e.g., non-laminar, turbulent) should be corrected before use. — Compliant

Watched the smoke study test; confirmed it was conducted under dynamic conditions.

10. HEPA filter testing includes integrity testing of the HEPA filters, particle counts, and air velocity checks. — Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

11. Velocities of unidirectional air are measured six inches from the HEPA filter face and at a defined distance close to the work surface in the ISO 5 area.	Compliant
12. The clean areas in which components, formulated products, in- process materials, equipment, and container/closures are prepared, held, or transferred are designed to minimize the level of particle contaminants in the final product. The microbiological content (bioburden) of articles and components that are subsequently sterilized is controlled.	Compliant
13. To prevent contamination or mix-ups during the course of sterile and other operations requires separate or defined areas or other similar control systems for a facility's operations.	Compliant
14. Procedures established and followed for sanitation and describe in detail the cleaning schedules, methods, equipment, and materials to be used in cleaning buildings and facilities.	Compliant
15. Large equipment present in the cleanroom does not obstruct air vents and/or air flow to compromise aseptic operations.	Compliant
16. Pressure differential limits are established, and control systems should include built-in alarms to detect excursions. If there are no system alarms, pressure differentials are frequently and regularly checked during operations (checks should be scheduled considering the environment, such as use of an isolator versus a less protected process) and the results recorded in logs and evaluated against pre- specified alert and action limits at each check. Pressure differentials are continuously monitored with real-time alerts.	Compliant
17. Monitoring for pressure differentials, humidity, and temperatures should occur during production, and prompt action should be taken to correct inappropriate conditions. If a problem cannot be immediately corrected, production should stop until corrected.	Compliant
18. Monitoring procedures require documentation and investigation of any instances in which there is a loss of positive pressure in the clean room during actual production, the lots affected, and the corrective action taken.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

19. Powder drugs: If powder drugs are handled, procedures established and followed to appropriately manage cross-contamination risk, particularly if the powder is cytotoxic or highly sensitizing. Physical segregation of areas in which powder drugs are exposed to the environment. For penicillin/beta-lactam products, a separate facility (or physically separate space) is required.	Compliant
20. Multiple manipulations, multi-use facilities: Processes and procedures in place to minimize contamination risks posed by the number and complexity of manipulations, number of simultaneous operations and workstations, and the staging of materials used in the process.	N/A
21. For multi-use facilities and non- dedicated equipment, changeover and cleaning procedures are established and followed to prevent cross- contamination between products.	N/A
22. Procedures for cleanrooms cleaning and disinfecting are established.	Compliant
23. Procedures for cleaning and disinfecting ISO 5 areas/units should include instructions for consistently and properly cleaning and disinfecting surfaces that are difficult to access.	Compliant
24. Sterile disinfectants and lint-free sterile wipes should be used for disinfecting all critical areas. Procedures should describe the methods and schedule for cleaning and include the use of sporicidal disinfectants in the ISO 5 area and classified rooms on a regular basis.	Compliant
25. The suitability, efficacy, and limitations of the disinfecting agents being used should be monitored. The expiration dates of disinfection solutions should be closely monitored. Decon-Spor, Peridox RTU (daily), and sIPA.	Compliant
26. The sanitation program and other practices should be revised if there are indications that the frequency of disinfectant use or the type of disinfectant being used is inadequate to ensure appropriately clean surfaces.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Environmental Monitoring and Controls of Compounding Areas

For each of the following, the firm should have written and approved procedures and documentation resulting therefrom. The firm's adherence to written procedures should be verified through observation whenever possible. Training/qualification of employees in sterile environmental monitoring.

1. Monitoring covers all production shifts and include monitoring during normal production conditions

Compliant

Reviewed SOP Q19.027, Environmental Monitoring Policies v5.

2. Includes a routine program for daily/shift monitoring of operators' gloves and an appropriate schedule for monitoring gowns during operations

Compliant

3. Include at least daily monitoring of the ISO 5 zone during operations

Compliant

4. Establishes limits that are based on the criticality of the operation relative to the contamination risk to the product

Compliant

5. Describe use of viable sampling (e.g., contact plates, swabs, active air samplers), alert and action limits, and testing methods (e.g., media, plate exposure times, incubation times and temperatures) that are designed to detect environmental contaminants, including changes in microflora type and amount

Compliant

6. Be supported by an evaluation of the choice of the sampling locations and sampling methods

Compliant

7. Establish alert and action limits and appropriate responses for each nonviable test or measurement

Compliant

8. Viable particles (CFUs) are investigated if the results exceed the established action levels or demonstrate an adverse trend. The investigation includes determination of the impact on the sterility assurance of finished products intended to be sterile, and the development and execution of appropriate corrective actions

Compliant

Reviewed deviation that occurred due to a backorder of sampling plates from Hardy Diagnostics in June.

9. Procedures include establishing the validity of the microbiological media including the preparation, sterilization, and growth potential of the media used in performing tests, including environmental and personnel monitoring.

Unknown or Partially Compliant

Utilizes a positive control during media fill (TSB) but not for surface sampling or gown sampling plates.

10. The cleanroom suite is maintained at a temperature of 20° or cooler and a relative humidity of 60%. Indicate the current temperatures of the cleanroom suites.

Compliant

11. The temperature and humidity are monitored in each room of the cleanroom suite by a continuous recording device, allows for real-time alerts, and is retrievable.

Compliant

Continously monitored with real-time alerts; Temp/Humidity reviewed on a monthly basis by Quality. Recommend a monthly sign-off or formalized report review.

12. The temperature and humidity readings must be reviewed and maintained as described in the facility's SOPs and includes a procedure for responding to excursions that includes evaluating the effect of the excursion on drug product integrity. Excursions are documented.

Compliant

13. Temperature and humidity monitoring devices are NIST certified and calibrated or verified for accuracy at least every 12 months or as required by the manufacturer.

Compliant

14. Controlled room temperature is maintained 20° to 25°C (68° to 77°F), or more restrictive if warranted by specific drug product storage requirements. Indicate the current room temperature of any areas where APIs or finished product are stored.

Compliant

15. Humidity is generally maintained 35%-60% relative humidity. Note that some components require storage in a "dry place" which is not to exceed 40% relative humidity. Indicate the currently humidity in the designated compounding areas and any API storage areas.

Compliant

16. Temperature in the refrigerator or cooler is maintained to provide controlled cold temperature of 2° to 8°C (36° to 46°F) or more restrictive if warranted by specific drug product storage requirements. Indicate the current temperature of the refrigerators that store any APIs, components, or finished products.

Compliant

17. Temperature in the freezer is maintained to provide controlled frozen temperature of -10° to -25°C (-13° to 14°F) or more restrictive if warranted by specific drug product storage requirements. Indicate the current temperature of the freezers that store any APIs, components, or finished products.

Compliant

18. Review and describe any temperature or humidity excursions, the root cause, and investigation results the facility may have recently experienced.

Compliant

Reviewed deviation DID25012--HVAC cooling unit blew a fuse; pressures maintained.

Production System - Non-sterile and Sterile Compounding

For each of the following, the firm should have written and approved procedures and documentation resulting therefrom. The firm's adherence to written procedures should be verified through observation whenever possible.

1. Training/qualification of personnel in productions systems	Compliant
2. Control system for implementing changes in processes	Compliant
3. Procedure for charge-in of components: the batch shall be formulated with the intent to provide not less than 100 percent of the labeled or established amount of active ingredient; components for drug product manufacturing shall be weighed, measured, or subdivided as appropriate and adequately supervised; each container of component dispensed to manufacturing shall be examined by a second person; each component shall either be added to the batch by one person and verified by a second person or, if added by automated verified by one person.	Compliant
4. Formulation/manufacturing at not less than 100%	Compliant
5. Identification of equipment with contents, and where appropriate phase of manufacturing and/or status	Compliant
6. Validation and verification of cleaning/sterilization/depyrogenation of containers and closures	Compliant
7. Calculation and documentation of actual yields and percentage of theoretical yields	Compliant
8. Contemporaneous and complete batch production documentation	Compliant
9. Established time limits for completion of phases of production	Compliant
10. Implementation and documentation of in-process controls, tests, and examinations (e.g., pH, adequacy of mix, weight variation, clarity)	Compliant
11. Justification and consistency of in- process specifications and drug product final specifications	Compliant
12. Prevention of objectionable microorganisms in non-sterile drug products	Compliant
13. Adherence to preprocessing procedures (e.g., set-up, line clearance)	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

14. Equipment cleaning and use logs	Compliant
15. Master production and control records	Compliant
16. Batch production and control records	Compliant
17. Process validation, including validation and security of computerized or automated processes No automation currently; manual documentation	N/A
18. Change control; the need for revalidation evaluated	Compliant
19. Documented investigation into any unexpected discrepancy	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Additional Production and Process Controls - Sterile Compounding

Written procedures for production and process control are established and followed to ensure the consistent production of a drug that meets the applicable standards of identity, strength, quality, and purity including documentation that all key process parameters are controlled and that any deviations from the procedures are justified.

1. If a drug product intended to be sterile is not terminally sterilized, it is critical that in-process controls include sterile filtration before filling into the final product container.	Compliant
2. Storing or holding materials during processing (e.g., prior to sterilization; post-sterilization prior to container fill), also called hold times, must be assessed. Hold time(s) for production phases are limited and supported by data and based on an understanding of the associated risk of increased bioburden and increased level of endotoxin. Hold time assessments are performed as part of the process for validating sterility assurance. Hold times not utilized for NAD+ or sildenafil.	N/A
3. Aseptic Drug Processing training: introductory training on aseptic technique, cleanroom behavior, gowning, and procedures covering aseptic manufacturing area operations must be established and conducted, and competencies performed successfully before an individual is permitted to enter the aseptic manufacturing area or conduct operations in a laminar flow hood.	Compliant
4. Further training based on department- specific requirements and individual job descriptions is conducted.	Compliant
5. An individual must pass at least three successful, successive media fill simulations designed to verify the adequacy of their technique and behavior. Simulations of production should be conducted in the same area where production occurs.	Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

6. Techniques intended to maintain sterility of sterile items and surfaces include the following:
• Sterile materials should be handled only with sterile instruments.
• After initial gowning, sterile gloves should be regularly sanitized during production or, when needed, changed.
• Sterile and non-particle shedding gowning components should be used. Gowning components should be stored such that their sterility is not compromised.
• If an element of a gown is found to be torn or defective, it should be changed immediately.
• Sterile products, containers, closures, or critical surfaces should not directly touch any part of the gown or gloves.
• Personnel should move slowly and deliberately within the cleanroom or hood.
• Personnel should keep their entire body and objects out of the path of unidirectional airflow above containers and products being filled.

7. Procedures for aseptic processing address the following considerations:
• The design of equipment used in aseptic processing should limit the number and complexity of aseptic manipulations and be suitable for its intended use.
• Personnel, material, and process flow are optimized to prevent unnecessary activities that could increase the potential for introducing contaminants to exposed product, container- closures, or the surrounding environment.
• In-process material, including intermediates such as stock solutions, are placed in container-closures that protect the material from the cleanroom environment.
• Container closures holding sterile in-process material are not breached in an environment less than ISO 5.
• Products are transferred under appropriate cleanroom conditions.
• All aseptic manipulations, including processing of sterile materials, filling, and closing (e.g., placement and sealing of stoppers on vials) are performed under unidirectional air flow that is ISO 5 or better.
• Appropriate steps to prepare equipment for sterilization should be established, such as cleaning and use of wrapping that ensures protection while still allowing penetration of the sterilizing agent.

Private and Confidential. Gates Healthcare Associates, Inc.©

8. The validation of sterilization operations (e.g., holding vessels, filling equipment) and periodic verification activities and results must be documented. Specifically: For sterile drug products that are terminally sterilized, validation should demonstrate that the sterilization process achieved at least a 10-6 sterility assurance level (SAL) using an appropriate biological indicator.

- **For aseptic processing of sterile drug products (i.e., not subjected to terminal sterilization), validation is demonstrated by conducting media fills simulating the actual production process.**
- **For aseptic processing (e.g., filling) of sterile powders, validation is demonstrated by conducting media fills simulating the actual production process.**
- **For sterile drug products that are filter sterilized, prefiltration bioburden and endotoxin limits are established and measured prior to sterile filtration. A pharmaceutical sterilizing-grade filter is used, and filter integrity testing is conducted after each filtration or production run.**
- **For sterile drug products that are not subjected to overkill terminal sterilization, pre-filtration bioburden limits are established and measured prior to filtration.**

Private and Confidential. Gates Healthcare Associates, Inc.©

9. Media fill studies closely simulate aseptic manufacturing operations incorporating, as appropriate, worst- case activities and conditions that provide a challenge to aseptic operations.
The media fill program addresses applicable issues such as the following:
- **Factors associated with the longest permitted run of the aseptic processing operation that can pose contamination risk (e.g., operator fatigue, quality of processing environment)**
- **Representative number, type, and complexity of normal interventions that occur with each run, as well as non- routine interventions and events (e.g., maintenance, stoppages, equipment adjustments)**
- **Lyophilization, when applicable**
- **Aseptic assembly of equipment (e.g., at start-up, during processing)**
- **Number of personnel and their activities**
- **Representative number of aseptic additions (e.g., charging containers and closures as well as sterile ingredients) or transfers**
- **Shift changes, breaks, and gown changes (when applicable)**
- **Type of aseptic equipment disconnections/connections**
- **Aseptic sample collections**
- **Operational configurations in the ISO 5 zone, and line speeds (when applicable)**
- **Weight checks**
- **Container closure systems (e.g., sizes, type, compatibility with equipment)**
- **Specific provisions in written procedures relating to aseptic processing (e.g., conditions beyond which discarding of exposed materials in the ISO 5 area or line clearance is mandated)**

Private and Confidential. Gates Healthcare Associates, Inc.©

Labeling and Packaging Operations

Labeling Issuance § 211.125

85. Strict control is exercised over labeling issued for use in drug product labeling operations.

Compliant

Reviewed SOP Q25.041, Creation and Approval of Master Records for Labeling Material & M25.021, Visual Inspection and Application of Product Labels.

86. Labeling materials issued for a batch is carefully examined for identity and conformity to the labeling specified in the master or batch production records.

Compliant

The facility is pre-production; however, they are batching for testing. Reviewed SOP M19.006, Creating MasterBatch Records. Assessed documentation of a batch sent for method suitability testing.

87. Procedures is used to reconcile the quantities of labeling issued, used, and returned, and requires evaluation of discrepancies found between the quantity of drug product finished and the quantity of labeling issued when such discrepancies are outside narrow preset limits based on historical operating data. Such discrepancies is investigated in accordance with § 211.192. Labeling reconciliation is waived for cut or roll labeling if a 100-percent examination for correct labeling is performed in accordance with § 211.122(g)(2). Labeling reconciliation is also waived for 360° wraparound labels on portable cryogenic medical gas containers.

Compliant

Reviewed SOP M25.021, Visual Inspection and Application of Product Labels v2.

88. All excess labeling bearing lot or control numbers is destroyed.

Compliant

89. Returned labeling is maintained and stored in a manner to prevent mixups and provide proper identification.

Compliant

90. Procedures is written describing in sufficient detail the control procedures employed for the issuance of labeling; such written procedures are followed.

Compliant

Packaging and Labeling Operations § 211.130

91. There is written procedures designed to assure that correct labels, labeling, and packaging materials are used for drug products; such written procedures is followed. These procedures shall incorporate the following features:

Yes

Reviewed SOP M25.021, Visual Inspection and Application of Product Labels v2.

1) Prevention of mixups and cross-contamination by physical or spatial separation from operations on other drug products.

Compliant

Indicated in the SOP; facility is pre-production.

Private and Confidential. Gates Healthcare Associates, Inc.©

2) Identification and handling of filled drug product containers that are set aside and held in unlabeled condition for future labeling operations to preclude mislabeling of individual containers, lots, or portions of lots. Identification need not be applied to each individual container but is sufficient to determine name, strength, quantity of contents, and lot or control number of each container.

Compliant

Indicated in the SOP; facility is pre-production.

3) Identification of the drug product with a lot or control number that permits determination of the history of the manufacture and control of the batch.

Compliant

4) Examination of packaging and labeling materials for suitability and correctness before packaging operations, and documentation of such examination in the batch production record.

Compliant

Reviewed the batch record for a verification batch; manually printed label reviewed and verified (included batch number, prep date, expiry date, initials, and name of the compounding).

5) Inspection of the packaging and labeling facilities immediately before use to assure that all drug products have been removed from previous operations. Inspection shall also be made to assure that packaging and labeling materials not suitable for subsequent operations have been removed.

Compliant

6) Results of inspection is documented in the batch production records.

Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Drug Product Inspection & Expiration Dating

Drug Product Inspection § 211.134

92. Packaged and labeled products is examined during finishing operations to provide assurance that containers and packages in the lot have the correct label.

Unknown or Partially Compliant

Sterile Product: A review of 100% of the NAD plus Injection labels has not been accounted for on the Batch record for product sent for Method suitability.

93. A representative sample of units is collected at the completion of finishing operations and is visually examined for correct labeling.

Compliant

Nonsterile Product: Able to verify visual examination for correct labeling is being completed with the batch (observation & interview).

Sterile Product: In pre-production phase; visual examination for correct labeling is not presently documented for NAD plus injection batch testing record.

94. Results of these examinations is recorded in the batch production or control records.

Compliant

Expiration Dating § 211.137

95. To assure that a drug product meets applicable standards of identity, strength, quality, and purity at the time of use, it shall bear an expiration date determined by appropriate stability testing described in § 211.166.

Unknown or Partially Compliant

Nonsterile Product: Sildenafil cream has established expiration date;
Sterile Product: In R&D phase at this time; stability testing still pending.

96. Expiration dates is related to any storage conditions stated on the labeling, as determined by stability studies described in § 211.166.

Unknown or Partially Compliant

Nonsterile Product: Sildenafil cream has established expiration date;
Sterile Product: In R&D phase at this time; stability testing still pending.

97. If the drug product is to be reconstituted at the time of dispensing, its labeling shall bear expiration information for both the reconstituted and unreconstituted drug products.

N/A

98. Expiration dates shall appear on labeling in accordance with the requirements of § 201.17 of this chapter. Homeopathic drug products is exempt from the requirements of this section.

Unknown or Partially Compliant

Nonsterile Product: Sildenafil cream has established expiration date;
Sterile Product: In R&D phase at this time; stability testing still pending.

99. Allergenic extracts that are labeled No U.S. Standard of Potency are exempt from the requirements of this section.

N/A

Private and Confidential. Gates Healthcare Associates, Inc.©

100. New drug products for investigational use are exempt from the requirements of this section, if they meet appropriate standards or specifications as demonstrated by stability studies during their use in clinical investigations. Where new drug products for investigational use are to be reconstituted at the time of dispensing, their labeling shall bear expiration information for the reconstituted drug product.

101. Pending consideration of a proposed exemption, published in the FEDERAL REGISTER of September 29, 1978, the requirements in this section is not enforced for human OTC drug products if their labeling does not bear dosage limitations and they are stable for at least 3 years as supported by appropriate stability data.

Private and Confidential. Gates Healthcare Associates, Inc.©

Warehousing & Distribution Procedures

Warehousing Procedures § 211.142

102. Written procedures describing the warehousing of drug products is established and followed. They shall include:
1) Quarantine of drug products before release by the quality control unit.
2) Storage of drug products under appropriate conditions of temperature, humidity, and light so that the identity, strength, quality, and purity of the drug products are not affected.

Reviewed SOP Q25.037, Quarantine & Release of Compounded Finished Products v2.

Consider review of process of QC Product Release and initiate Change Control; identified a product wherein the label had fallen off.

Distribution Procedures § 211.150

103. Written procedures is established, and followed, describing the distribution of drug products. They shall include:
1) A procedure whereby the oldest approved stock of a drug product is distributed first. Deviation from this requirement is permitted if such deviation is temporary and appropriate.
2) A system by which the distribution of each lot of drug product can be readily determined to facilitate its recall if necessary.

The facility has a GTIN set-up that will allow them to create a barcode for each batch and lot number. The facility is still developing their distribution procedures while being in the pre-production phase.

S25.015, Distribution of 503B Products is lacking details on product tracking and tracing of distributed lots, BUDs, quantity, etc. for traceability and recalls. Currently, the firm is keeping manual records of all processes and procedures. Lacking electronic document control.

CORRECTIVE ACTION PENDING 12-18-2025: The information can be found in Appendix A: lot distributed, quantity distributed, consignee, date shipped, tracking number, to allow for product tracking and tracing. The procedure will be revised to provide further clarify of the requirement within the body of the procedure.

Private and Confidential. Gates Healthcare Associates, Inc.©

General Requirements

1 / 1 (100%)

General Requirements § 211.160

1 / 1 (100%)

104. The establishment of any specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms required by this subpart, including any change in such specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms, is drafted by the appropriate organizational unit and reviewed and approved by the quality control unit. The requirement in this subpart is followed and is documented at the time of performance. Any deviation from the written specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms is recorded and justified.

Sterile Product: Environmental sampling such as Viable air sampling and surface sampling is completed by Production personnel. Production cannot monitor their own work. Best for QC to conduct the sampling. According to Q19.009, QA is responsible for Material Control compliance as stated in line 3 regarding Sampling.

105. Laboratory controls include the establishment of scientifically sound and appropriate specifications, standards, sampling plans, and test procedures designed to assure that components, drug product containers, closures, in-process materials, labeling, and drug products conform to appropriate standards of identity, strength, quality, and purity. Laboratory controls shall include:

Injections, including infusions

Private and Confidential. Gates Healthcare Associates, Inc.©

Product Testing & Release

Testing and Distribution Release § 211.165

106. For each batch of drug product, there is appropriate laboratory determination of satisfactory conformance to final specifications for the drug product, including the identity and strength of each active ingredient, prior to release. Where sterility and/or pyrogen testing are conducted on specific batches of short-lived radiopharmaceuticals, such batches may be released prior to completion of sterility and/or pyrogen testing, provided such testing is completed as soon as possible.

Unknown or Partially Compliant

Reviewed SOP M25.037, Quarantine & Release of Compounded Finished Products v2.

Nonsterile Product: Sildenafil Cream batches will be tested according to pre-established specifications. The first batch of Sildenafil Cream was completed on 05DEC2025 and the audit was on 08DEC2025. All results will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

Sterile Product: Pre-production phase; NAD+ injection formulation has been sent to the contract lab for testing.

107. There is appropriate laboratory testing, as necessary, of each batch of drug product required to be free of objectionable microorganisms.

Unknown or Partially Compliant

Sterile Product: Sterility pending.

108. Any sampling and testing plans is described in written procedures that includes the method of sampling and the number of units per batch to be tested; such written procedure is followed.

Compliant

109. Acceptance criteria for the sampling and testing conducted by the quality control unit is adequate to assure that batches of drug products meet each appropriate specification and appropriate statistical quality control criteria as a condition for their approval and release. The statistical quality control criteria include appropriate acceptance levels and/or appropriate rejection levels.

Compliant

Contracted with ARL, Frontage Labs, Focus Labs for third-party testing.

110. The accuracy, sensitivity, specificity, and reproducibility of test methods employed by the firm is established and documented. Such validation and documentation may be accomplished in accordance with § 211.194(a)(2).

Compliant

111. Drug products failing to meet established standards or specifications and any other relevant quality control criteria is rejected. Reprocessing may be performed. Prior to acceptance and use, reprocessed material must meet appropriate standards, specifications, and any other relevant criteria.

Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

Stability Testing § 211.166

112. There is a written testing program designed to assess the stability characteristics of drug products. The results of such stability testing are used in determining appropriate storage conditions and expiration dates. The written program is followed and shall include:

Compliant

Reviewed SOP Q22.035, Stability Program v2.

1) Sample size and test intervals based on statistical criteria for each attribute examined to assure valid estimates of stability; Storage conditions for samples retained for testing;

Compliant

2) Reliable, meaningful, and specific test methods;

Compliant

3) Testing of the drug product in the same container-closure system as that in which the drug product is marketed;

Compliant

4) Testing of drug products for reconstitution at the time of dispensing (as directed in the labeling) as well as after they are reconstituted.

N/A

113. An adequate number of batches of each drug product is tested to determine an appropriate expiration date and a record of such data is maintained. Accelerated studies, combined with basic stability information on the components, drug products, and container-closure system, may be used to support tentative expiration dates provided full shelf-life studies are not available and are being conducted. Where data from accelerated studies are used to project a tentative expiration date that is beyond a date supported by actual shelf-life studies, there must be stability studies conducted, including drug product testing at appropriate intervals, until the tentative expiration date is verified or the appropriate expiration date determined.

Compliant

Special Testing Requirements § 211.167

114. For each batch of drug product purporting to be sterile and/or pyrogen-free, there is appropriate laboratory testing to determine conformance to such requirements. The test procedures is in writing and is followed.

Compliant

115. For each batch of ophthalmic ointment, there is appropriate testing to determine conformance to specifications regarding the presence of foreign particles and harsh or abrasive substances. The test procedures are in writing and is followed.

N/A

Private and Confidential. Gates Healthcare Associates, Inc.©

116. For each batch of controlled-release dosage form, there is appropriate laboratory testing to determine conformance to the specifications for the rate of release of each active ingredient. The test procedures are in writing and is followed.

N/A

Reserve Samples § 211.170

117. An appropriately identified reserve sample that is representative of each lot in each shipment of each active ingredient is retained. The reserve sample consists of at least twice the quantity necessary for all tests required to determine whether the active ingredient meets its established specifications, except for sterility and pyrogen testing. The retention time is as follows:

Compliant

1) For an active ingredient in a drug product other than those described below, the reserve sample is retained for 1 year after the expiration date of the last lot of the drug product containing the active ingredient.

Compliant

Reserve samples are retained for 5 years.

2) For an active ingredient in a radioactive drug product, except for nonradioactive reagent kits, the reserve sample is retained for:
• Three months after the expiration date of the last lot of the drug product containing the active ingredient if the expiration dating period of the drug product is 30 days or less; or
• Six months after the expiration date of the last lot of the drug product containing the active ingredient if the expiration dating period of the drug product is more than 30 days.

N/A

118. An appropriately identified reserve sample that is representative of each lot or batch of drug product is retained and stored under conditions consistent with product labeling. The reserve sample is stored in the same immediate container-closure system in which the drug product is marketed or in one that has essentially the same characteristics. The reserve sample consists of at least twice the quantity necessary to perform all the required tests, except those for sterility and pyrogens. Except for those for drug products described in (2) below, reserve samples from representative sample lots or batches selected by acceptable statistical procedures are examined visually at least once a year for evidence of deterioration unless visual examination would affect the integrity of the reserve sample. Any evidence of reserve sample deterioration is investigated in accordance with §211.192. The result of the examination is recorded and maintained with other stability data on the drug product. Reserve samples of compressed medical gases need not be retained. The retention time is as follows:

Yes

Private and Confidential. Gates Healthcare Associates, Inc.©

Reviewed SOP Q19.006, Sampling of GMP Materials v3. Visually inspected reserve samples.

Firm explained they have sent the sterile product for method suitability; unable to confirm if reserve samples were retained.

1) For a drug product other than those described in paragraphs (2), the reserve sample is retained for 1 year after the expiration date of the drug product.	Compliant
2) For a radioactive drug product, except for nonradioactive reagent kits, the reserve sample is retained for: Three months after the expiration date of the drug product if the expiration dating period of the drug product is 30 days or less; or six months after the expiration date of the drug product if the expiration dating period of the drug product is more than 30 days.	N/A

Penicillin Contamination § 211.176

119. If a reasonable possibility exists that a non-penicillin drug product has been exposed to cross-contamination with penicillin, the non-penicillin drug product is tested for the presence of penicillin. Such drug product is not marketed if detectable levels are found when tested according to procedures specified in Procedures for Detecting and Measuring Penicillin Contamination in Drugs, which is incorporated by reference.	N/A

Private and Confidential. Gates Healthcare Associates, Inc.©

Records & Report Requirements 2 / 2 (100%)

Records and Reports § 211.180

120. Any production, control, or distribution record that is required to be maintained in compliance with this part and is specifically associated with a batch of a drug product is retained for at least 1 year after the expiration date of the batch or, in the case of certain OTC drug products lacking expiration dating because they meet the criteria for exemption under § 211.137, 3 years after distribution of the batch.

Reviewed SOP Q19.002 Document Control Procedure, Document Numbering, and Central File Designation v3.

121. Records is maintained for all components, drug product containers, closures, and labeling for at least 1 year after the expiration date or, in the case of certain OTC drug products lacking expiration dating because they meet the criteria for exemption under § 211.137, 3 years after distribution of the last lot of drug product incorporating the component or using the container, closure, or labeling.

122. All records required under this part, or copies of such records, is readily available for authorized inspection during the retention period at the establishment where the activities described in such records occurred. These records or copies thereof is subject to photocopying or other means of reproduction as part of such inspection. Records that can be immediately retrieved from another location by computer or other electronic means is considered as meeting the requirements of this paragraph.

123. Records required under this part may be retained either as original records or as true copies such as photocopies, microfilm, microfiche, or other accurate reproductions of the original records. Where reduction techniques, such as microfilming, are used, suitable reader and photocopying equipment is readily available.

124. Written records required by this part is maintained so that data therein can be used for evaluating, at least annually, the quality standards of each drug product to determine the need for changes in drug product specifications or manufacturing or control procedures. Written procedures is established and followed for such evaluations and includes provisions for:

1) A review of a representative number of batches, whether approved or rejected, and, where applicable, records associated with the batch.

Private and Confidential. Gates Healthcare Associates, Inc.©

2) A review of complaints, recalls, returned or salvaged drug products, and investigations conducted under § 211.192 for each drug product.

Compliant

Complaint Handling Q25.038 & S25.40 Pharmacovigilence Reporting.

125. Procedures is established to assure that the responsible o6cials of the firm, if they are not personally involved in or immediately aware of such actions, are notified in writing of any investigations conducted under §§ 211.198, 211.204, or 211.208 of these regulations, any recalls, reports of inspectional observations issued by the Food and Drug Administration, or any regulatory actions relating to good manufacturing practices brought by the Food and Drug Administration.

Compliant

Equipment Cleaning and Use Log § 211.182

126. A written record of major equipment cleaning, maintenance (except routine maintenance such as lubrication and adjustments), and use is included in individual equipment logs that show the date, time, product, and lot number of each batch processed. If equipment is dedicated to manufacture of one product, then individual equipment logs are not required, provided that lots or batches of such product follow in numerical order and are manufactured in numerical sequence. In cases where dedicated equipment is employed, the records of cleaning, maintenance, and use is part of the batch record. The persons performing and double-checking the cleaning and maintenance (or, if the cleaning and maintenance is performed using automated equipment under § 211.68, just the person verifying the cleaning and maintenance done by the automated equipment) shall date and sign or initial the log indicating that the work was performed. Entries in the log is in chronological order.

Compliant

Component, Drug Product Container, Closure, and Labeling Records § 211.184

1 / 1 (100%)

127. These records include the following:

Injections, including infusions

Master Production & Control Records § 211.186

128. To assure uniformity from batch to batch, master production and control records for each drug product, including each batch size thereof, is prepared, dated, and signed (full signature, handwritten) by one person and independently checked, dated, and signed by a second person. The preparation of master production and control records is described in a written procedure and such written procedure is followed.

Compliant

Private and Confidential. Gates Healthcare Associates, Inc.©

129. Master production and control records shall include:
1) The name and strength of the product and a description of the dosage form;
2) The name and weight or measure of each active ingredient per dosage unit or per unit of weight or measure of the drug product, and a statement of the total weight or measure of any dosage unit;
3) A complete list of components designated by names or codes su6ciently specific to indicate any special quality characteristic;
4) An accurate statement of the weight or measure of each component, using the same weight system (metric, avoirdupois, or apothecary) for each component. Reasonable variations may be permitted, however, in the amount of components necessary for the preparation in the dosage form, provided they are justified in the master production and control records;
5) A statement concerning any calculated excess of component;
6) A statement of theoretical weight or measure at appropriate phases of processing;
7) A statement of theoretical yield, including the maximum and minimum percentages of theoretical yield beyond which investigation according to § 211.192 is required;
8) A description of the drug product containers, closures, and packaging materials, including a specimen or copy of each label and all other labeling signed and dated by the person or persons responsible for approval of such labeling;
9) Complete manufacturing and control instructions, sampling and testing procedures, specifications, special notations, and precautions to be followed.

Batch Production & Control Records § 211.188

Private and Confidential. Gates Healthcare Associates, Inc.©

130. Batch production and control records is prepared for each batch of drug product produced and includes complete information relating to the production and control of each batch. These records shall include:
a) An accurate reproduction of the appropriate master production or control record, checked for accuracy, dated, and signed; Documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished, including:
1) Dates;
2) Identity of individual major equipment and lines used;
3) Specific identification of each batch of component or in-process material used;
4) Weights and measures of components used in the course of processing;
5) In-process and laboratory control results;
6) Inspection of the packaging and labeling area before and after use; A statement of the actual yield and a statement of the percentage of theoretical yield at appropriate phases of processing; Complete labeling control records, including specimens or copies of all labeling used;
7) Description of drug product containers and closures;
8) Any sampling performed;
9) Identification of the persons performing and directly supervising or checking each significant step in the operation, or if a significant step in the operation is performed by automated equipment under § 211.68, the identification of the person checking the significant step performed by the automated equipment.
10) Any investigation made according to § 211.192.
11) Results of examinations made in accordance with § 211.134.

Unknown or Partially Compliant

Nonsterile Product: Batch record reviewed was pending reconciliation (testing batch). Required elements present on the batch record template.

Sterile Product: Testing batch record reviewed; sampling results pending.

Production Record Review § 211.192

Private and Confidential. Gates Healthcare Associates, Inc.©

131. All drug product production and control records, including those for packaging and labeling, is reviewed and approved by the quality control unit to determine compliance with all established, approved written procedures before a batch is released or distributed. Any unexplained discrepancy (including a percentage of theoretical yield exceeding the maximum or minimum percentages established in master production and control records) or the failure of a batch or any of its components to meet any of its specifications is thoroughly investigated, whether or not the batch has already been distributed. The investigation shall extend to other batches of the same drug product and other drug products that may have been associated with the specific failure or discrepancy. A written record of the investigation is made and includes the conclusions and followup.

Laboratory Records § 211.194

1 / 1 (100%)

132. Laboratory records include complete data derived from all tests necessary to assure compliance with established specifications and standards, including examinations and assays, as follows:

Injections, including infusions

134. Complete records is maintained of any testing and standardization of laboratory reference standards, reagents, and standard solutions.

135. Complete records is maintained of the periodic calibration of laboratory instruments, apparatus, gauges, and recording devices required by § 211.160(b)(4).

136. Complete records are maintained of all stability testing performed in accordance with § 211.166.

Nonsterile Product: Stability testing for the Sildenafil cream has begun (T0 / Release testing) and was put into the sterility program.

Sterile Product: Method suitability in process.

Distribution Records § 211.196

137. Distribution records contain the name and strength of the product and description of the dosage form, name and address of the consignee, date and quantity shipped, and lot or control number of the drug product. For compressed medical gas products, distribution records are not required to contain lot or control numbers.

No products have been distributed to date (nonsterile or sterile). Reviewed Distribution SOP; records will be generated and retained according to the record retention SOP. Bravado does not distribute medical gases.

Private and Confidential. Gates Healthcare Associates, Inc.©

Complaint Handling

Complaint Files § 211.198

138. Written procedures describing the handling of all written and oral complaints regarding a drug product is established and followed. Such procedures include provisions for review by the quality control unit, of any complaint involving the possible failure of a drug product to meet any of its specifications and, for such drug products, a determination as to the need for an investigation in accordance with § 211.192. Such procedures include provisions for review to determine whether the complaint represents a serious and unexpected adverse drug experience which is required to be reported to the Food and Drug Administration in accordance with §§310.305 and 514.80 chapters.

Under R&D phase. SOP and process reviewed.

Compliant

139. A written record of each complaint is maintained in a File designated for drug product complaints. The File regarding such drug product complaints is maintained at the establishment where the drug product involved was manufactured, processed, or packed, or such File may be maintained at another facility if the written records in such Files are readily available for inspection at that other facility. Written records involving a drug product is maintained until at least 1 year after the expiration date of the drug product, or 1 year after the date that the complaint was received, whichever is longer. In the case of certain OTC drug products lacking expiration dating because they meet the criteria for exemption under § 211.137, such written records are maintained for 3 years after distribution of the drug product.

Yes

1) The written record includes the following information, where known: the name and strength of the drug product, lot number, name of complainant, nature of complaint, and reply to complainant.

Compliant

2) Where an investigation under § 211.192 is conducted, the written record includes the findings of the investigation and followup. The record or copy of the record of the investigation is maintained at the establishment where the investigation occurred in accordance with § 211.180(c).

Compliant

3) Where an investigation under § 211.192 is not conducted, the written record includes the reason that an investigation was found not to be necessary and the name of the responsible person making such a determination.

Compliant

Returned Drug Products & Salvaging

Returned Drug Products § 211.204

140. Returned drug products is identified as such and held. If the conditions under which returned drug products have been held, stored, or shipped before or during their return, or if the condition of the drug product, its container, carton, or labeling, as a result of storage or shipping, casts doubt on the safety, identity, strength, quality or purity of the drug product, the returned drug product is destroyed unless examination, testing, or other investigations prove the drug product meets appropriate standards of safety, identity, strength, quality, or purity. A drug product may be reprocessed provided the subsequent drug product meets appropriate standards, specifications, and characteristics. Records of returned drug products is maintained and includes the name and label potency of the drug product dosage form, lot number (or control number or batch number), reason for the return, quantity returned, date of disposition, and ultimate disposition of the returned drug product. If the reason for a drug product being returned implicates associated batches, an appropriate investigation is conducted in accordance with the requirements of §211.192. Procedures for the holding, testing, and reprocessing of returned drug products is in writing and is followed.

Currently in R&D phase.

Drug Product Salvaging § 211.208

141. Drug products that have been subjected to improper storage conditions including extremes in temperature, humidity, smoke, fumes, pressure, age, or radiation due to natural disasters, fires, accidents, or equipment failures is not salvaged and returned to the marketplace. Whenever there is a question whether drug products have been subjected to such conditions, salvaging operations may be conducted only if there is (a) evidence from laboratory tests and assays (including animal feeding studies where applicable) that the drug products meet all applicable standards of identity, strength, quality, and purity and (b) evidence from inspection of the premises that the drug products and their associated packaging were not subjected to improper storage conditions as a result of the disaster or accident. Organoleptic examinations is acceptable only as supplemental evidence that the drug products meet appropriate standards of identity, strength, quality, and purity. Records including name, lot number, and disposition is maintained for drug products subject to this section.

Re: Response to the Audit by Gates Healthcare conducted December 8-10, 2025.

Introduction

Between Monday 08Dec2025 and Wednesday 10Dec2025, Gates Healthcare representatives Michelle Woosley, PharmD, MBA and Mala Cullipher, RPh, CPh conducted a 503B Outsourcing Facility Inspection of the Bravado Pharmaceuticals (BP) policies/procedures/systems. The report was updated with CAPAs and provided to Bravado on 18Dec2025. At the time of the inspection, BP working on a sterile and a nonsterile product. No product distribution had been initiated.

Status of Products in Development

Sterile – NAD+ 100 mg/mL – This product was awaiting completion of method validation activities at a 3rd party laboratory, ARL Bio Pharma. A master batch record was provided for review during the inspection. Once validation was completed, process validation batches were compounded and placed on stability.

Non-Sterile – 3.6% Sildenafil Cream – Manufacturing of non-sterile product validation batches was in progress. This first of these batches was produced on Friday 05Dec2025 and, as a result, accountability had not been calculated, and the batch record had not yet been reviewed. The in-process batch record was provided for review upon request of the inspectors, with the explanation of its status. Batch records were reviewed, but batches did not pass all required specifications. An investigation was conducted and the batches discarded. New validation batches are scheduled to be produced in May upon completion required CAPAs.

Inspection Scope

The following areas were evaluated during the inspection:

- Quality Control Unit
- Personnel Qualifications
- Equipment Requirements
- Component & Drug Product Containers/Closures
- Production and Process Controls
- Compounding Laboratory Design & Staff Training/Competencies
- Components – Sterile
- Equipment, Containers, and Closures – Sterile
- Facilities & Equipment Systems – Sterile
- Environmental Monitoring and Controls of Compounding Areas
- Production System – Non-Sterile and Sterile Compounding
- Additional Production and Process Controls – Sterile Compounding

- Labeling and Packaging Operations
- Drug Product Inspection & Expiry Dating
- Warehouse & Distribution Procedures
- Facilities & Equipment Systems – Sterile – No observations
- General Requirements
- Product Testing & Release
- Records & Report Requirements
- Complaint Handling
- Returned Drug Products & Salvaging

Audit Observations

The following is a summary of the findings and responses to those items deemed as "unknown or partially compliant" or "non-compliant". The item being evaluated is in bold, followed by the inspector's observations in regular font. Bulleted items provide updates to the items addressed that were added in response to the observations. Please note that the following categories had no observations and thus are not addressed in this section.

- Quality Control Unit
- Personnel Qualifications
- Facilities & Equipment Systems – Sterile
- Production System – Non-Sterile and Sterile Compounding
- Additional Production and Process Controls – Sterile Compounding
- Labeling and Packaging Operations
- Complaint Handling
- Returned Drug Products & Salvaging

Equipment Requirements

#30. Equipment used in the manufacture, processing, packing, or holding of a drug product is of appropriate design, adequate size, and suitably located to facilitate operations for its intended use and for its cleaning and maintenance.

Sterile Cleanroom: Facility lacks a Containment Ventilated Enclosure (CVE) in the ISO 7 Classified buffer room for weighing out and mixing nonsterile APIs to prevent contamination. Based on USP <797>, Section 4.2.6 Facilities preparing Category 2 or Category 3 CSPs from nonsterile starting components, presterilization procedures must be performed in a containment ventilated enclosure (CVE) to minimize the risk of airborne contamination.

Sterile Cleanroom: Particle counter is only used for baseline particle count, but not throughout the compounding process. This is required according to 21 CFR Part 211.42(c)(10)(iii) to assess risk of contamination during aseptic processing. Continuous monitoring is the gold standard for ensuring stringent environmental control during and throughout critical operations to prevent batch contamination.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25006 has been initiated to evaluate the facility to ensure that the equipment, facility, installation, and design are appropriate for aseptic processing.

Target Completion Date: 16Jan2026

- Continuous monitoring with the particle counter during all compounding process activities is now required and documented on an EM monitoring form.
- Bravado Pharmaceuticals respectfully notes that, as a registered 503B Outsourcing Facility, our operations are governed by FDA CGMP regulations under 21 CFR Parts 210 and 211, and not by USP <797>, which applies to 503A pharmacy compounding. Accordingly, the USP <797> §4.2.6 citation referenced in this observation does not constitute an applicable regulatory requirement for our facility. At the time of the inspection, Bravado was operating in full compliance with the applicable CGMP standards governing our cleanroom and buffer room environments.

  However, Bravado acknowledges the spirit of the auditor's concern regarding particulate control during API weighing activities. As our facility was already planning an extended operational pause during the stability study waiting period — during which no compounding activities would occur. We elected to use this downtime proactively and have ordered a HEPA-filtered enclosure to be installed in the ISO 7 buffer room during this shutdown period. This will both address the auditor's observation and better position the facility for future product development.

  Following installation of the enclosure, the cleanroom will undergo recertification by a qualified contractor to ensure all environmental parameters, including air pressure differentials, HEPA filter integrity, air changes per hour, etc. meet the required specifications before any compounding activities resume. No production or testing operations will occur in the affected space until recertification is complete and documented.

Component & Drug Product Containers/Closures

#42. Components and drug product containers and closures shall at all times be handled and stored in a manner to prevent contamination.

In the warehouse location, although items are labeled as released or quarantined, tubs, holding tanks, and boxes containing quarantined materials are intermingled with released items. Released and quarantined components, containers and closures must be physically separated and organized in clearly designated holding areas to prevent mixups.

According to 211.42 Design and Construction features, "Any buildings used in the manufacture, processing, packing or holding of a drug product shall be of suitable size, construction and location to facilitate cleaning, maintenance, and proper operations."

Firm must define areas and clearly label designated areas for Quarantine, Hold, Rejected and Sequestered materials and store such materials in these distinct locations to prevent mix-ups.

CORRECTIVE ACTION PENDING 12-18-2025:CAPA-25001 has been initiated to evaluate how to re-organize the current warehouse space to allow for proper separation / segregation of materials to prevent mix-ups.

Target Completion Date: 16Jan2026

- CAPA-25001 – The warehouse was reorganized to ensure physical segregation of released and quarantined materials while still allowing personnel to maneuver through the space. The CAPA was closed on 19Jan2026.

#44. Each container or grouping of containers for components or drug product containers, or closures is identified with a distinctive code for each lot in each shipment received.

This code is used in recording the disposition of each lot. Each lot is appropriately identified as to its status (i.e., quarantined, approved, or rejected).

Observed one API tub for sildenafil was not labeled as 'Released or Quarantine' sitting on lab shelf; no deviation written at the time of the inspection. This would increase the change of mix-ups as it is not labeled by quality as released to production. It was explained to inspector, MC that the label may have fallen off. Advised to do a change control of the procedure and document in SOP to place the label in a location which is secure.

Recommendation: Status identification of all containers released to production must be clearly marked.

CORRECTIVE ACTION PENDING 12-18-2025: Deviation opened during inspection to address deficiency.

- DID-25013 was initiated on 08Dec2025 and closed on 16Dec2026. The tag was located and reaffixed to the container during the inspection. CAPA1-DID-25013 was initiated on 16Dec2015 to determine a more effective way of affixing the labels; it was closed on 06Mar2026. Closure was delayed due to multiple deliveries of large quantities of material and personnel's desire to test the new method and ensure it would hold through multiple moves of the containers.

#48. Representative samples of each shipment of each lot is collected for testing or examination. The number of containers to be sampled, and the amount of material to be taken from each container, is based upon appropriate criteria such as statistical criteria for component variability, confidence levels, and degree of precision desired, the past quality history of the supplier, and the quantity needed for analysis and reserve where required by § 211.170.

Reviewed SOP Q19.006, Sampling of GMP Materials v3. Section 4.2 indicated the sample amounts recommended by the ANSI table is considered a minimum & QA determines the amount of sample for each applicable component based on the amount of material received.

Sterile Product: Method verification for representative sample is completed by viewing COA for NAD plus which describes identity testing completed by repackager using USP <197>, but review of the COA by Quality is not well documented by the firm.

No deficiencies noted with the nonsterile (sildenafil) materials.

Firm states the FTIR machine is in need of repair.

- FTIR has been repaired. A protocol for re-qualification was written, approved by QA and executed.
- PIC has been reviewing the CoA for all incoming raw materials. He will initial and date each CoA upon completion of his review.

#52. Each lot of a component, drug product container, or closure with potential for microbiological contamination that is objectionable in view of its intended use is subjected to microbiological tests before use.

Requested Water activity verification for Sildenafil API used in non-sterile compounding-not in Monograph provided. Microbiological testing before use in compounding must occur according to 211.84.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25003 has been initiated to conduct a risk assessment on the need for microbial testing of Sildenafil Citrate as guided by FDA Guidance, Microbiological Quality Considerations in Non-sterile Drug Manufacturing, and 21CFR211.84(d)(4). Actions will be performed based on the outcome of risk assessment.

Target Completion Date: 02Jan2026

- CAPA-25003 was closed on 19Jan2026 and determined micro testing should be performed. CAPA-25007 was initiated to complete USP<61> for TAMC and TYMC and USP<62> testing for C. albicans, P. aeruginosa, and S. aureus. (Testing was requested for the same organisms as required for the drug product.) The results from ARL Bio Pharma were released on 11Feb2026 and the CAPA closed the same day as all tests met specification.

#54. Components, drug product containers, and closures approved for use is rotated so that the oldest approved stock is used first. Deviation from this requirement is permitted if such deviation is temporary and appropriate.

There does not appear to be a FEFO methodology in the warehouse as released and quarantined material is on the same side of the room.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25001 has been initiated to evaluate how to re-organize the current warehouse space to allow for ease of material status identification.

Target Completion Date: 16Jan2026

- At the time of inspection, we had only a single shipment (all the same lot) of each raw material on-site. Thus, FEFO methodology was not applicable.
- CAPA-25001 – The warehouse was reorganized to ensure physical segregation of released and quarantined materials. This will also be useful if we have more than one lot/shipment of a given material. The CAPA was closed on 19Jan2026.

#55. Components, drug product containers, and closures is retested or reexamined, as appropriate, for identity, strength, quality, and purity and approved or rejected by the quality control unit in accordance with § 211.84 as necessary, e.g., after storage for long periods or after exposure to air, heat or other conditions that might adversely affect the component, drug product container, or closure.

Per SOP Q19.006, Sampling of GMP Materials v3, retained samples of drug products should be visually inspected annually for deterioration; retained samples of other materials should be reviewed at least every two years. No indication in the SOP related to retesting or reexamination of raw materials after storage for long periods of time or other conditions that might impact the materials.

This 503B OSF has mostly R&D and ongoing testing and no production at this time. Bravado has not yet had the need to implement the requirements of this procedure as the materials intended for marketed / commercial products have not reached its routine inspection time per SOP Q19.006.

- Retesting/reexamination requirements are being added to the SOP Q19.006 in v.4.

#61. Does the facility have or provide medical gases? If so, medical gas containers and closures must meet the following requirements:

Facility has nitrogen tank medical gas for Filter used for Filter Integrity testing. SOP M25.028 demonstrates bubble point testing performed manually, however firm has not updated to use of Nitrogen for Filter integrity testing and all the requirements for use of medical gases.

Recommendation: Update SOP to meet standards.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25005 has been initiated to review the use of Nitrogen in the facility and procedures will be created or updated, as needed.

Target Completion Date: 02Jan2026

CAPA-25005 was closed on 19Jan2026. The review found that bubble point testing is performed in the general laboratory, post-use for the filter, with a calibrated regulator to measure the pressure. The filter is re-wetted with the appropriate solution immediately

prior to testing and discarded afterward. (The vendor does a pre-test and provides the result on the CoA for each filter. Filters are received sterile.) The gas has no product contact and is not used in the compounding of the drug product. Thus, the N_2 should not be considered a medical gas and testing requirements do not apply.

Production and Process Controls

#63. Written production and process control procedures is followed in the execution of the various production and process control functions and is documented at the time of performance. Any deviation from the written procedures is recorded and justified.

Facility is in preliminary phases of production, still performing R&D functions for the 503B side.

Sterile Compounding Observation: Pharmacist demonstrating simulation of media fill was noted to simulate aseptic filling of amber vials without a needle. This is an objectionable practice. Please review aseptic guidance by the FDA.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified.

Target Completion Date: 16Jan2026

- Regarding the use of a filling needle during manual aseptic filling, Bravado respectfully notes that current FDA guidance does not explicitly mandate the use of a filling needle for manual filling operations, provided that the process ensures sterility, prevents contamination, and is appropriately validated. Bravado does not concede that the absence of a filling needle constitutes a deficiency under applicable CGMP requirements. However, in the interest of continuous improvement and rigorous scientific documentation, Bravado commits to evaluating the current filling configuration to the extent possible during the next smoke study which is projected for June 2026, and to update our processes accordingly based upon the results.
- Validation batches are currently on stability and are bring tested to ensure product quality and stability.

#64. Written production and control procedures include the following, which are designed to assure that the drug products produced have the identity, strength, quality, and purity they purport or are represented to possess:

b) Components for drug product manufacturing is weighed, measured, or subdivided as appropriate. If a component is removed from the original container to another, the new container is identified with the following information:

1) Component name or item code;

2) Receiving or control number;

3) Weight or measure in new container;

4) Batch for which component was dispensed, including its product name, strength, and lot number

c) Weighing, measuring, or subdividing operations for components is adequately supervised. Each container of component dispensed to manufacturing is examined by a second person to assure that:

1) The component was released by the quality control unit;

2) The weight or measure is correct as stated in the batch production records;

3) The containers are properly identified. If the weighing, measuring, or subdividing operations are performed by automated equipment under § 211.68, only one person is needed to assure paragraphs (c)(1), (c)(2), and (c)(3) of this section.

Manual weighing supervised by PIC, however weigh balances not located in CVE for sterile or non-sterile weighing.

Nonsterile compounding suite is a dedicated suite for sildenafil cream only. Facility is choosing to not place a CVE inside the nonsterile lab where weighing is taking place.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified.

Target Completion Date: 16Jan2026

- Bravado Pharmaceuticals respectfully notes that, as a registered 503B Outsourcing Facility, our operations are governed by FDA CGMP regulations under 21 CFR Parts 210 and 211. The requirement for a Containment Ventilated Enclosure (CVE) during weighing operations is not explicitly mandated under applicable CGMP standards for a facility of our classification, particularly in the context of our dedicated non-sterile sildenafil cream suite. The decision not to place a CVE in the applicable weighing area was a deliberate and considered facility design choice. The suite is used exclusively for a single non-hazardous product, minimizing cross-contamination risk. No regulatory citation applicable to our 503B classification explicitly requires a CVE in this configuration.
- In regard to the sterile suite, the value of additional protection during weighing and mixing operations was noted. A balance enclosure PEC was ordered, but delivery was delayed and is not anticipated at the end of April. Following installation, the room will be re-certified, after which weighing and compounding activities will resume in this area.

#68 To assure batch uniformity and integrity of drug products, written procedures is established and followed that describe the in- process controls, and tests, or examinations to be conducted on appropriate samples of in-process materials of each batch. Such control procedures are established to monitor the output and to validate the performance of those manufacturing processes that may be responsible for causing variability in the characteristics of in-process material and the drug product. Such control procedures shall include, but are not limited to, the following, where appropriate:

1) Tablet or capsule weight variation;

2) Disintegration time;

3) Adequacy of mixing to assure uniformity and homogeneity;

4) Dissolution time and rate;

5) Clarity, completeness, or pH of solutions.

6) Bioburden testing.

For non-sterile compounding testing of Sildenafil Vaginal Cream 30 gram tube for final production, facility has a sample thief (long tube); all placed in stainless steel tanks. The Sildenafil MBR was approved on 04DEC2025. A copy of the approved MBR was provided for review during the audit.

QC In-Process: visual inspection, sample thief checks various things--assay, final bulk, full testing spectrum. Bioburden testing is not complete for this batch # 25026 and there are not notes in the EBR under Batch Accountability.

Signed Dec 4, 2025.

- The inspectors were informed at the time of the review that the accountability had not yet been completed because batch production had only finished Friday 05Dec2025, the

workday immediately before the start of the inspection (Monday 08Dec2025). Batch accountability was completed and the batch record reviewed.

#70. In-process materials is tested for identity, strength, quality, and purity as appropriate, and approved or rejected by the quality control unit, during the production process, e.g., at commencement or completion of significant phases or after storage for long periods.

For Sterile NAD plus injection which is still in R&D phase, Potency testing T0-T90, etc is not complete yet. No Microbial Enumeration tests have been completed for Sildenafil cream at the time of this inspection.

Sildenafil Batch 25026 was completed on 05DEC2025 and it was noted that the EBR was incomplete because it was pending batch reconciliation, PIC review, and QA review. Microbial samples were taken from the bulk cream to be sent to an outside laboratory for testing. Microbial testing takes approximately 3 weeks to complete.

CORRECTIVE ACTION PENDING 12-18-2025: All sildenafil batch testing results will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

- Sterile NAD stability testing is on-going. All T0 and T30 testing met specification for the 5°C storage condition. Testing includes, but is not limited to, assay NAD, benzyl alcohol assay, sterility, endotoxin, etc.
- Sildenafil batch 25026 EBR was completed and reviewed by Bravado personnel. Batch disposition was determined based upon the results of the chemical and microbiological testing.

#73. Does the facility prepare non-sterile compounded products or utilized a non-sterile to sterile process? If so, appropriate written procedures, designed to prevent objectionable microorganisms in drug products not required to be sterile, is established and followed.

Nonsterile Product: Water content of the sildenafil API (USP <61, 62>) and baseline AET data on the API. Microbial enumeration test pending from ARL labs for Sildenafil 3.6% R&D Batch #25026.

Microbial testing is performed according the FDA guidance, Microbiogical Quality Considerations in Non-Sterile Drug Manufacturing (Draft September 2021) and USP <1111>, Microbiogical Quality Considerations in Non-Sterile Products, requirements for the non-sterile product. Microbial samples have been taken from the bulk cream to be sent to an

outside laboratory for testing. Microbial testing takes approximately 3 weeks to complete.

CORRECTIVE ACTION PENDING 12-18-2025: All results of the sildenafil testing batch will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

- PPQ samples for the non-sterile product were tested by an independent lab. While testing confirmed negative results for S. aureus, P. aeruginosa, and C. albicans, not all samples met pre-established specifications for total microbial count. Bravado takes these results seriously and responded accordingly. Formal investigations (INV-26001 for the micro results and INV-26002 for manufacturing policies and procedures) were completed and process changes/improvements were identified. In recognition of the significance of these results and in keeping with Bravado's commitment to product quality and patient safety, the decision was made to repeat all three validation batches in their entirety following implementation of the CAPAs. No non-sterile sildenafil product will be released for distribution until all three repeat validation batches have been successfully manufactured with the revised processes, tested, reviewed, and formally approved by QA.

#74. Does the facility prepare sterile compounded products and utilized sterile compounding processes? If so, appropriate written procedures, designed to prevent microbiological contamination of drug products purporting to be sterile, is established and followed. Such procedures includes validation of all aseptic and sterilization processes.

Observed sterile processes and procedures within the cleanroom. PIC observed in the cleanroom and noted to move in and out of the PEC 5 area frequently without consistently disinfecting gloves. Staging was lacking which caused excessive movement around the ISO 7 space and into the PEC 5 hood. Recommended a review of the formulation procedure to improve efficiency and reduce risk of contamination.

During the observed smoke study, process does not include a needle at the end of the tubing from the repeater pump into the vials. This may pose a risk to the finished product.

CORRECTIVE ACTION PENDING 12-18-2025: CAPA-25004 has been initiated to review the practices within the aseptic operations. Additional actions will be assigned to implement changes and improvements identified. Target Completion Date: 16Jan2026

- Regarding the movement of the PIC during the cleanroom observation, the observation was conducted under non-routine practices with only the PIC in the cleanroom (and the inspector with her escort observing through the window). Under normal compounding conditions, all sterile operations are performed with two trained personnel working in coordinated tandem which helps to minimize unnecessary movement, reduce PEC exit/re-entry, and help ensure routine re-sanitization of the gloves is performed.
- To strengthen our processes, Bravado hired a consultant (Mitch Garber from MG Aseptic and Quality Assurance Consulting) to review sterile procedures with the PIC and Bravado staff and recommend potential improvements. The consultant was on-site 12Jan2026.
- Regarding the use of a filling needle during manual aseptic filling, please see our update to #63, which is not repeated here for the sake of brevity.

#75. Written procedures is established and followed prescribing a system for reprocessing batches that do not conform to standards or specifications and the steps to be taken to ensure that the reprocessed batches will conform with all established standards, specifications, and characteristics.

Reprocessing discussed with Quality Lead. No current procedure for reprocessing which should include defined criteria as to when reprocessing is appropriate versus documenting a batch deviation. Instances of reprocessing have occurred without impact to the API mixture or finished preparation. Deviation/investigation into the incident not provided.

CORRECTIVE ACTION PENDING 12-18-2025: Deviation DID-25016 was opened to document the batch failure and any actions to be taken to prevent future recurrence. Target Completion Date: 22Dec2025

- The auditor was informed at the time of the visit by the Quality Lead that no re-processing had occurred during her tenure at Bravado.
- The conclusion reached by the auditor was not aligned with the deviation. Per the deviation, "The failure did not affect the process, but did impact the batch. The batch production was halted and the batch discarded." Re-processing was not allowed.

#76. Reprocessing is not performed without the review and approval of the quality control unit.

R&D phases at this time. Recommend a Reprocessing SOP if not available.

CORRECTIVE ACTION PENDING 12-18-2025:CAPA-25002 has been initiated to create or revise procedure to indicate that Bravado's policy on reprocessing. Target Completion Date:

- CAPA-25002 was closed on 19Jan2026 after a review of procedures as reprocessing was covered by SOP M19.001 v. 3.1 for batch production and SOP S19.008 for damaged materials.
- After the closure, it was determined that we should separate client project from Bravado projects so SOP M19.001 was updated. M19.001 v. 3.1 which was provided for review during the inspection states the following (copied from the SOP):

Reprocessing

2.1. In the event a particular batch does not conform to established specifications and requires reprocessing, written procedures shall be established in accordance with the applicable sponsor's directive to ensure that the reprocessed batch will conform to all established standards, specifications, and characteristics.

2.2. QA and the client will review and approve all reprocessing procedures prior to use.

SOP M19.001 v. 4 was updated to include the following language (copied from the SOP):

Reprocessing

2.1. In the event a particular batch does not conform to established specifications and requires reprocessing, written procedures shall be established in accordance with the applicable sponsor's directive to ensure that the reprocessed batch will conform to all established standards, specifications, and characteristics. Bravado QA and the client will review and approve all reprocessing procedures prior to use.

2.2. Re-processing will not be allowed for Bravado sponsored batches, unless the following are completed:

2.2.1. A risk assessment which includes a thorough investigation into the root cause of the nonconformity.

2.2.2. A formal procedure for the re-processing is pre-approved by QA.

2.2.3. The re-processed batch undergoes full, rigorous testing to ensure it meets all specifications.

#80. Labels and other labeling materials for each different drug product, strength, dosage form, or quantity of contents is stored separately with suitable identification. Access to the storage area is limited to authorized personnel.

Nonsterile Product: Visually verified tubing labels and secondary packaging for sildenafil cream. Primary packing labels are pre-printed in advance on empty tubes.

Sterile Product: NAD+ product labels are still in development. Currently using cut labeling for testing batches.

- For the non-sterile sildenafil cream, primary and secondary labels are pre-printed on empty tubes and cartons, respectively. Labels are visually verified for accuracy prior to use.
- For the sterile NAD+ product, cut labeling was used exclusively for testing and method suitability batches during the pre-production phase. This labeling was stored separately from commercial labeling materials in a controlled and access-restricted area. The NAD+ production label design has since been developed and approved. Labels will be visually verified before use. A formalized batch record for sterile product labeling, including full accountability documentation, has been written and is awaiting finalization pending qualification of the Smart Jet Core Printer.

#83-2) Use of appropriate electronic or electromechanical equipment to conduct a 100-percent examination for correct labeling during or after completion of finishing operations; or

Nonsterile Product: No electronic or electromechanical equipment utilized; manual process.

Sterile Product: Labeling not documented on NAD+ Batch Record (testing batch); the Smart Jet Core Printer to be used for the sterile production batch is new and has not been brought online to date.

- Please note that labeling documentation was a separate form that was not requested during the inspection. In order to improve our process and ensure compliance, a more formalized record has been developed and is awaiting qualification of the Smart Jet Core Printer to finalize.
- The Smart Jet Core Printer was a new piece of equipment that had not yet been brought online at the time of the inspection. Qualification of this equipment is currently in progress and is projected to be completed before the end of May. This printer will be used to print lot numbers and dates on labeling materials for which all other information is pre-printed.

#83-3) Use of visual inspection to conduct a 100-percent examination for correct labeling during or after completion of finishing operations for hand-applied labeling. Such examination is performed by one person and independently verified by a second person.

Nonsterile Product: Visually observed the sildenafil cream pre-printed tubes are 100% visually verified for accuracy.

Unable to confirm the examination is performed by two people as per the SOP; facility did not produce a batch during the inspection.

Sterile Product: No current written or active process for label visual inspection for the sterile injection (pre-production phase).

- SOP M25.021, "Visual Inspection and Application of Product Labels" was included in the SOP list provided to the inspectors but was not requested for review during the inspection. This SOP outlines Bravado's procedure, requiring 100% visual inspection of labeling materials.

#84. Printing devices on, or associated with, manufacturing lines used to imprint labeling upon the drug product unit label or case is monitored to assure that all imprinting conforms to the print specified in the batch production record.

Sterile Product Only: SOP M25.045 Operation, Cleaning, and Maintenance of the Smart-Jet Core Printer was provided; not in operation at this current time; new piece of equipment.

- The Smart Jet Core Printer was a new piece of equipment that had not yet been brought online at the time of the inspection. Qualification of this equipment is currently in progress and is projected to be completed before the end of May.

Compounding Laboratory Design & Staff Training/Competencies

#10. Perform hand hygiene:

- ***Clean underneath fingernails under warm running water using a disposable nail cleaner.***
- ***Keeping your hands above the level of your elbows, wash hands starting at the fingers and working down the forearms to the elbows with soap and water for at least 30 seconds. Time the washing using a clock or timer located near and visible when at the sink.***
- ***Do not use a brush to scrub your skin, this will create more skin shedding.***
- ***Do not shake water off your hands. Keep hands above the level of your elbows so water does not run down and drip off your fingers.***
- ***Using low-lint disposable towels or wipers, dry completely from your hands down to***

elbows.

Observed: PIC did not perform hand hygiene down to his elbows; only to his wrists.

 # 13. Donning garb.

- ***Don dedicated shoes or shoe covers.***
- ***Don dedicated sterile scrubs and bunny suit or equivalent garb that prevents skin exposure.***
- ***Don a surgical mask.***
- ***Don a head cover and/or hood to cover all hair and ears. Check in the mirror to ensure all hair is contained and covered.***
- ***Don shoe covers/knee-high booties over each shoe while stepping over the line of demarcation (LOD), taking care that the shoe does not touch the floor on the clean side of the LOD and the covered shoe does not touch the floor on the dirty side of the line of demarcation.***
- ***Repeat with the other shoe.***

Observed: PIC donned a sterile coveralls. Had difficulty with not allowing the coverall feet to touch the ground before putting it on. Recommended usage of a bench and more practice to ensure sterility. The coveralls are being donned on the "clean" side of the line of demarcation.

- Bravado maintains a rigorous and comprehensive cleanroom personnel competency program. The first step of this program is the performance of hand hygiene and gowning with a glove fingertip test after each replicate. Each individual must pass this test three consecutive times before he/she is authorized to perform any compounding activities in the cleanroom. This program applies to all compounding personnel without exception, including the PIC and requires re-certification at least once per year.
- Per the suggestion of the inspector, a stainless-steel stool was added to the "clean" side of the anteroom that will allow personnel to sit while gowning.
- Hand-hygiene and gowning process was reviewed with the PIC as part of the consultation with Mitch Garber from MG Aseptic and Quality Assurance Consulting 12Jan2026.

Components – Sterile

 # 2. Each lot of components must be tested to verify identity and evaluated for conformity with appropriate specifications before use unless: the component is an approved finished human drug product; the component was purchased directly from a manufacturer who has registered and listed with FDA under section 510 of the FD&C Act without repacking or other alteration since initial manufacture, or was purchased from a distributor that certifies that the component has not been subject to repacking or other alteration since initial manufacture; the label of each lot of the component has been examined to verify that the component meets required specifications before use; and the shipment's package integrity has been verified upon receipt before use.

Identity testing for API has not been completed as per USP <197> for use in production. Firm relies on the COA.

- Bravado acknowledges that at the time of inspection, API identity testing had not yet been completed. The NAD+ 100 mg/mL sterile validation batches were subsequently compounded and released to the stability program on an at-risk basis, but no batches have been produced that will be released for distribution. Prior to distribution of any product, Bravado will ensure that identity testing is completed, as well as full confirmation of drug product conformation, and approved by Bravado QA.

3. Components (e.g., bulk active ingredients and excipients, but not an approved finished drug product), must be tested to verify identity and evaluated for conformity with appropriate specifications, and, if necessary, depending on intended use, endotoxin level and sterility before use in compounding. Alternatively, a COA can be accepted from the supplier and evaluated to determine whether the lot can be used, provided the reliability of the supplier's analyses has been established at appropriate intervals (i.e., no less frequently than annually for active ingredients and every two years for other components) through appropriate steps to confirm the supplier's test results for those tests relevant to the specifications established for the compounded drug product, and to confirm that the ingredient meets the applicable USP or NF monograph, if one exists; at least one identity test has been conducted to confirm that the component is the one specified in the purchase order; each container or grouping of containers of components is examined to verify appropriate labeling regarding contents; and the shipment's package integrity must be verified upon receipt before use.

At least one identity has not been completed for API (NAD+).

- API identity testing will be completed prior to batch production. Please see the response above.

Equipment, Containers, and Closures – Sterile

#5. Appropriate criteria for containers and closures is established to ensure that drug product containers and closures used for compounded drug products are suitable for each particular drug product for which they will be used.

In R&D phase. No study in extractables and leachables.

- At the time of the inspection, Bravado was in the pre-production phase, and a formal E&L study had not yet been initiated. Bravado recognizes that a completed and documented E&L program is a prerequisite to commercial product release and that appropriate container closure suitability criteria must be established and verified before the product is distributed. Accordingly, the extractables and leachables data for the vials and septa are currently under review to design the appropriate testing program. based on applicable FDA guidance and USP <661> and <1664> requirements as appropriate for the intended product and container closure system.
- Completion of the E&L program is incorporated into the overall NAD+ product development timeline and will be required as a condition of product release authorization. No NAD+ product will be certified for commercial distribution until the E&L study has been completed and approved by QA.

#6. Appropriate procedures are established for testing the containers and closures at the time they are selected to determine whether they meet the criteria for use; the tests and results must be documented.

Dry heat oven run reviewed for glassware. Not documented on the batch record.

- Oven runs are documented in a logbook specific to the instrument. Per the SOP, each run is assigned a unique identifier which was also recorded in the batch record, providing the required traceability. The batch record will be updated to include additional details from the dry heat oven run.

#7. As part of the selection process integrity testing of the drug product container closure system is performed to verify its ability to maintain the quality of the finished drug product and sterility over the expiry period. Integrity testing should be performed again if the

supplier or specifications of the container/closure is changed.

CCIT has not been completed for the sterile product to date because they are waiting for the method of suitability test to be complete from ARL. This is slated to be conducted as per their contract with ARL. Unable to locate an SOP on this process.

- CCIT is a product quality testing parameter that is performed as part of the stability program for sterile drug products and outsourced to an approved vendor. As such, CCIT is governed by Bravado's Stability Program SOP Q22.035 Version 2 (effective 30Oct2025) which explicitly identifies Container Closure Integrity Testing as a required stability test for sterile products under Section 5.2.3.11.

  The absence of a dedicated standalone CCIT SOP does not represent a procedural gap, as the requirement is fully captured within the stability program framework where it appropriately resides alongside all other sterile product quality testing parameters.

  CCIT is currently being tested at ARL Bio Pharma who performs the test per USP <1207> as part of the on-going stability testing.

#8. Procedures for storage of sterilized containers or closures is established to minimize the risk of contamination and to maintain sterility. Retesting or re- examination required if exposed to conditions that may affect the integrity of the containers/closures.

No comments given by inspector.

- All sterile materials are stored in their original containers, and all packaging is inspected prior to use to ensure sterility as part of routine procedure for all materials entering the clean room.

Environmental Monitoring and Controls of Compounding Areas

#9. Procedures include establishing the validity of the microbiological media including the preparation, sterilization, and growth potential of the media used in performing tests, including environmental and personnel monitoring.

Utilizes a positive control during media fill (TSB) but not for surface sampling or gown sampling plates.

- Growth promotion testing is performed on contact plates by ARL Bio Pharma for Bravado. These plates are used for air, surface, and gown sampling, as well as glove fingertip testing.

Drug Product Inspection & Expiry Dating

#92. Packaged and labeled products is examined during finishing operations to provide assurance that containers and packages in the lot have the correct label.

Sterile Product: A review of 100% of the NAD plus Injection labels has not been accounted for on the Batch record for product sent for Method suitability.

- For method suitability, a temporary label was used and only the number of labels required was printed.
- A formalized batch record for labeling of sterile products, including accountability, has been written. It is waiting approval of the Smart Jet Printer qualification before finalizing.

#95. To assure that a drug product meets applicable standards of identity, strength, quality, and purity at the time of use, it shall bear an expiration date determined by appropriate stability testing described in § 211.166.

Nonsterile Product: Sildenafil cream has established expiration date; Sterile Product: In R&D

phase at this time; stability testing still pending.

- Stability testing is currently on-going for the sterile product. The 30d timepoint was completed in early April.

#96. Expiration dates is related to any storage conditions stated on the labeling, as determined by stability studies described in § 211.166.

Nonsterile Product: Sildenafil cream has established expiration date; Sterile Product: In R&D phase at this time; stability testing still pending.

- Stability testing is currently on-going for the sterile product. The 30d timepoint was completed in early April.

#98. Expiration dates shall appear on labeling in accordance with the requirements of § 201.17 of this chapter. Homeopathic drug products is exempt from the requirements of this section.

Nonsterile Product: Sildenafil cream has established expiration date; Sterile Product: In R&D phase at this time; stability testing still pending.

- Stability testing is currently on-going for the sterile product. The 30d timepoint was completed in early April.

Warehouse & Distribution Procedures

#103. Written procedures is established, and followed, describing the distribution of drug products. They shall include:

1) A procedure whereby the oldest approved stock of a drug product is distributed first. Deviation from this requirement is permitted if such deviation is temporary and appropriate.

2) A system by which the distribution of each lot of drug product can be readily determined to facilitate its recall if necessary.

The facility has a GTIN set-up that will allow them to create a barcode for each batch and lot number. The facility is still developing their distribution procedures while being in the pre-production phase. S25.015, Distribution of 503B Products is lacking details on product tracking and tracing of distributed lots, BUDs quantity, etc. for traceability and recalls. Currently, the firm is keeping manual records of all processes and procedures. Lacking electronic document control.

CORRECTIVE ACTION PENDING 12-18-2025: The information can be found in Appendix A: lot distributed, quantity distributed, consignee, date shipped, tracking number, to allow for product tracking and tracing. The procedure will be revised to provide further clarify of the requirement within the body of the procedure.

- S25.015 was updated to include directions for use of Appendix A.

General Requirements

#104. The establishment of any specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms required by this subpart, including any change in such specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms, is drafted by the appropriate organizational unit and reviewed and approved by the quality control unit. The requirement in this subpart is followed and is documented at the time of performance. Any deviation from the written specifications, standards, sampling plans, test procedures, or other laboratory control mechanisms is recorded and justified.

Sterile Product: Environmental sampling such as Viable air sampling and surface sampling is completed by Production personnel. Production cannot monitor their own work. Best for QC to conduct the sampling. According to Q19.009, QA is responsible for Material Control compliance as stated in line 3 regarding Sampling.

- The individual who was performing EM sampling was not production personnel. He was a technician that was trained in cleaning and EM sampling, but not production. Sampling was completed (and will continue to be done) with QA and PIC oversight. This was explained to the inspectors when they were on-site.

Product Testing & Release

#106. For each batch of drug product, there is appropriate laboratory determination of satisfactory conformance to final specifications for the drug product, including the identity and strength of each active ingredient, prior to release. Where sterility and/or pyrogen testing are conducted on specific batches of short-lived radiopharmaceuticals, such batches may be released prior to completion of sterility and/or pyrogen testing, provided such testing is completed as soon as possible.

Reviewed SOP M25.037, Quarantine & Release of Compounded Finished Products v2.

Nonsterile Product: Sildenafil Cream batches will be tested according to pre-established specifications. The first batch of Sildenafil Cream was completed on 05DEC2025 and the audit was on 08DEC2025. All results will be reviewed and verified that it meets pre-established product specification before the product will be released for distribution.

Sterile Product: Pre-production phase; NAD+ injection formulation has been sent to the contract lab for testing.

- All drug products produced at Bravado are tested per a QA pre-approved specification. Test results are reviewed and approved by QA prior to product release.

#107. There is appropriate laboratory testing, as necessary, of each batch of drug product required to be free of objectionable microorganisms.

Sterile Product: Sterility pending.

- Stability testing is on-going. T=0 timepoint passed sterility testing for all three pre-production batches.

Records & Report Requirements

#130. Batch production and control records is prepared for each batch of drug product produced and includes complete information relating to the production and control of each batch. These records shall include:

a) An accurate reproduction of the appropriate master production or control record, checked for accuracy, dated, and signed; Documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished, including:

1) Dates;

2) Identity of individual major equipment and lines used;

3) Specific identification of each batch of component or in-process material used;

4) Weights and measures of components used in the course of processing;

5) In-process and laboratory control results;

6) Inspection of the packaging and labeling area before and after use; A statement of

the actual yield and a statement of the percentage of theoretical yield at appropriate phases of processing; Complete labeling control records, including specimens or copies of all labeling used;

7) Description of drug product containers and closures;

8) Any sampling performed;

9) Identification of the persons performing and directly supervising or checking each significant step in the operation, or if a significant step in the operation is performed by automated equipment under § 211.68, the identification of the person checking the significant step performed by the automated equipment.

10) Any investigation made according to § 211.192.

11) Results of examinations made in accordance with § 211.134.

Nonsterile Product: Batch record reviewed was pending reconciliation (testing batch). Required elements present on the batch record template.

Sterile Product: Testing batch record reviewed; sampling results pending.

- Non-sterile batch record reconciliation and batch record were completed for bath 25026 (the record reviewed during the inspection). Sterile product stability testing is on-going.

#136. Complete records are maintained of all stability testing performed in accordance with § 211.166.

Nonsterile Product: Stability testing for the Sildenafil cream has begun (T0 / Release testing) and was put into the sterility program.

Sterile Product: Method suitability in process.

- Method suitability is completed. Stability testing is in progress for sterile. All records are retained per SOP Q19.002, Document Control Procedures, Document and Protocol Number Assignment, and Central File Designation.

#137. Distribution records contain the name and strength of the product and description of the dosage form, name and address of the consignee, date and quantity shipped, and lot or control number of the drug product. For compressed medical gas products, distribution records are not required to contain lot or control numbers.

No products have been distributed to date (nonsterile or sterile). Reviewed Distribution SOP; records will be generated and retained according to the record retention SOP. Bravado does not distribute medical gases.

- No distribution to-date.

Registered Outsourcing Facilities

Facilities Registered as Human Drug Compounding Outsourcing Facilities Under Section 503B of the Federal Food, Drug, and Cosmetic Act (FD&C Act)

Updated as of 4/16/2026

- Information Concerning Outsourcing Facility Registration (/drugs/compounding/questions-and-answers-outsourcing-facility-registration)
- Outsourcing Facility Product Reporting Information (/drugs/compounding/information-outsourcing-facilities#reporting)

This table lists the outsourcing facilities that have submitted registration information that has been determined to be complete by the data lock date for the latest weekly update of the table.

Feedback

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/node/363232) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

   Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.
4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/node/363232).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

175 Kay Industrial Drive
Orion Township, MI 48359

July 24, 2026

To the Nevada State Board of Pharmacy:

Oxus America, Inc. manufactures and distributes medical device component parts. We do not manufacture, distribute, or sell finished medical devices, prescription medical devices, pharmaceuticals, or any items that are dispensed pursuant to a prescription.

Specifically, Michigan's Pharmacy Practice Act (Public Act 368 of 1978, Article 7) regulates:

- Prescription drugs
- Devices "dispensed pursuant to a prescription"

Component parts do not fall under these definitions.

Under Michigan law, including the regulatory authority of the Department of Licensing and Regulatory Affairs (LARA) and the Michigan Board of Pharmacy, licensure is required only for entities engaged in the manufacture or distribution of prescription drugs or prescription-controlled medical devices. Because Oxus America, Inc. does not engage in those regulated activities, no Michigan pharmacy or drug-related license applies to our business operations.

Michigan does not issue a license category for manufacturers or distributors of non-prescription medical device component parts; therefore, we are not required to hold, and cannot provide, a Michigan Board of Pharmacy resident license. Oxus America, Inc. remains in good standing with the State of Michigan.

To demonstrate our corporate legitimacy and strict adherence to quality and federal standards, we have enclosed the following supporting documents:

- Michigan Certificate of Existence issued by the Michigan Department of Licensing and Regulatory Affairs as evidence that Oxus America, Inc. is validly in existence under the laws of this state.
- ISO 13485 Certificate demonstrating Oxus America, Inc. operates on a certified quality management system for medical device-related manufacturing activities.
- Oxus White Paper – Navigating Regulations for Aftermarket Service Parts

We respectfully request that the Nevada Board of Pharmacy accepts this explanation and the attached supporting documentation to satisfy the resident state license verification requirement.

Sincerely,

Gary C. Abusamra

CEO, Oxus America, Inc.

Subject: Registration Number 3008841036: Successful 2026 Medical Device Establishment Registration
Date: Tuesday, November 25, 2025 5:34:46 PM
Attachments: Header.jpg
SignatureBlockLogo.png

Dear Gary Abusamra:

This e-mail provides confirmation that the annual registration for the following medical device establishment has been successfully completed for 2026:

Registration Number: 3008841036
Owner Operator Number: 10033183
Oxus America, Inc.
175 Kay Industrial Drive
Orion Township, MI 48359
UNITED STATES

If you do not see a registration number assigned to the establishment and your establishment previously had one, please send an email to reglist@cdrh.fda.gov and include the registration number you believe is assigned to your establishment. We will review and determine if a duplicate registration has been created for your establishment.

Your registration is valid until December 31, 2026. Registration for 2027 will be conducted between October 1 and December 31, 2026.

Please note that registering your device facility and listing your devices does not, in any way, constitute FDA approval of your facility or your devices.

Should you have any questions, please send an e-mail to the CDRH Registration and Listing Helpdesk at reglist@cdrh.fda.gov.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 35BSBJN6408

Application/License No. _____

Oxus America Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 175 Key Industrial Drive, Lake Orion, MI 48359 (Address of Applicant/Principal), as PRINCIPAL, and Hartford Fire Insurance Company (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is _____ (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 21, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 21st day of July, 2026.

and Nevada State Board of Pharmacy as Obligee,
in the amount of See Bond Form(s) on behalf of Company in its business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

In Witness Whereof, and as authorized by a Resolution of the Board of Directors of the Companies on May 23, 2016 the Companies have caused these presents to be signed by its Assistant Vice President and its corporate seals to be hereto affixed, duly attested by its Assistant Secretary. Further, pursuant to Resolution of the Board of Directors of the Companies, the Companies hereby unambiguously affirm that they are and will be bound by any mechanically applied signatures applied to this Power of Attorney.

Phyllis A. Clark, Assistant Secretary

Joelle L. LaPierre, Assistant Vice President

STATE OF FLORIDA
COUNTY OF SEMINOLE } **ss.** Lake Mary

On this 30th day of March, 2026, before me personally came Joelle L. LaPierre, to me known, who being by me duly sworn, did depose and say: that (s)he resides in Seminole County, State of Florida; that (s)he is the Assistant Vice President of the Companies, the corporations described in and which executed the above instrument; that (s)he knows the seals of the said corporations; that the seals affixed to the said instrument are such corporate seals; that they were so affixed by authority of the Boards of Directors of said corporations and that (s)he signed his/her name thereto by like authority.

Jessica Ciccone
My Commission HH 644184
Expires June 20, 2029

I, the undersigned, Assistant Vice President of the Companies, DO HEREBY CERTIFY that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which is still in full force effective as of July 21, 2026.

Signed and sealed in Lake Mary, Florida.

Keith D. Dozois, Assistant Vice President

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 5 . **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County

TERM SHEET For SETTLEMENT at MEDIATION 	**American Arbitration Association** **Oxus America, Inc.** **v.** **SSR Lighting Technologies, LLC** **Case No. 02-25-0002-9095**

The above matter has been facilitated with the assistance of Jerome F. Rock, and the Parties have agreed to the following as the necessary and essential terms in full settlement of all claims presented in this matter filed with the American Arbitration Association.

Any dispute regarding the interpretation of this Term Sheet will be decided by the Mediator, acting as arbitrator, his decision, by agreement of the parties herein, will be binding on the parties, and such ruling may be entered in any court of competent jurisdiction. This agreement is specifically made subject to and incorporates the provisions of the Federal Arbitration Act.

The above matter shall be withdrawn from the AAA docket with the effect of the case being dismissed, with prejudice and without costs, interest or attorney fees to any party upon payment of the settlement amount and satisfaction of other terms stated herein. The parties intend this to be a legally binding and enforceable settlement.

The parties hereby release, acquit and forever discharge each other from any and all liability, claims, actions, debts, contracts, covenants, obligations, causes of action, suits, choses in action, joinders, damages, losses, costs, expenses, contributions, judgments, demands and rights whatsoever, in law or in equity, known or unknown, now existing or directly or indirectly accruing prior to the date of this Agreement, which relates to, in whole or in part, directly or indirectly to the claims plead by any of the released parties together with each other's officers, directors, owners, agents, insurers, employees and other affiliated persons.

None of the parties admit any liability and have agreed to enter into this agreement solely to avoid the future expense, inconvenience and distraction of burdensome and protracted arbitration or litigation and to be free of any future claims that were asserted or could have been asserted in the referenced matter.

The parties agree that they will not take any action or make any statements, verbal or written, to any third-party that disparages or defames the other with regard to the subject matter related to the claims presented in these proceedings.

Counsel may prepare a formal Settlement Agreement, but if the parties choose to redraft this document as a more formal agreement, the substantive terms of which will not vary from those stated herein without the written consent of all parties. Notwithstanding the possibility of creating

another document, this is not merely an agreement to make an agreement, but this Term Sheet for Settlement is a complete and entire contract which may be enforced as written.

This Settlement contemplates confidentiality of settlement terms and such additional terms as stated below:

1. This matter is settled for the Principal Obligation of $300,000.00 (Three Hundred Thousand and 00/100). No interest shall accrue on this Principal Obligation amount.

2. SSR Lighting Technologies, LLC (SSR) will pay Oxus America, Inc. (Oxus) the amount of $100,000.00 (One Hundred Thousand and 00/100) within 30 days of the execution of this Agreement.

3. Upon payment of the $100,000, Oxus shall provide the intellectual property (IP) identified in SSR's IP and Documentation Handover Checklist, attached hereto as Exhibit A.

4. Beginning with the Quarter ending December 31, 2025, and continuing each quarter thereafter, SSR will provide Quarterly Reports of sales of the trailer light assemblies manufactured by Oxus (the Product) during the period. SSR will forthwith pay to Oxus 80% of the net sales during that period (returns of the Product being the only deduction to gross sales). The Quarterly payments will reduce the Principal Obligation.

5. SSR agrees to provide Oxus the exclusive right to manufacture the Product for SSR starting upon the date of execution of this Agreement and continuing three (3) years after the date of SSR's second order. The parties shall engage in good faith negotiations to determine commercially reasonable pricing and terms for the Product, including, but not limited to, cash at the time of the order.

6. The balance of the Principal Obligation at the quarter ending December, 2027 will become immediately due to Oxus.

7. James Schleckser and Scott Taylor shall sign Personal Guarantees for the remainder of the Principal Obligation that exists on December 31, 2027.

8. Oxus will prepare a Consent Judgement for the balance of the Principal Obligation plus statutory interest which will be signed by the Manager of SSR, as well as the Personal Guarantors named above. Oxus will provide not less than 2 weeks notice to SSR and the Personal Guarantors prior to entry of the Consent Judgment.

9. Oxus and SSR will forthwith notify the Case Manager of the American Arbitration Association that the matter has been Settled.

Execution. This Agreement is executed by counsel and binding on behalf of their respective clients. This Agreement may be signed and dated by each party separately, and the combined signature pages consisting of all the parties shall be deemed the fully executed version of this Agreement. The date referenced as the date of execution of this Agreement will be the last date signed by a party.

IP and Documentation Handover Checklist

This checklist identifies the intellectual property and documentation deliverables that Oxus must provide to enable transfer of production.

Category	Item / Deliverable	Description	Provided (Y/N)	Notes / File Format
Product Design & Engineering	Bill of Materials (BOM)	Complete component list with part numbers		
	Schematics & Circuit Diagrams	Native and PDF versions (e.g., Altium, OrCAD)		
	PCB Layout & Gerber Files	All layers, drills, pick-and-place, assembly drawings		
	Mechanical Drawings / CAD Models	3D models (STEP/IGES/SolidWorks) and 2D drawings		
	Molds used for case and light units	Physical molds and prints		
	Cable and connector designs and specifications	Prints, BOM		
	Strain relief design and specifications	Prints, BOM		
	Firmware Source Code	Full source code, compiler versions, build instructions		

	Test Procedures & Fixtures	Functional and in-circuit test specs, jig designs		
	Exploded Assembly Drawings	Sub-assembly references, wiring harnesses, etc.		
Manufacturing Process Documentation	Process Flow & Work Instructions	Step-by-step build, inspection, and QA processes		
	Tooling / Fixture CAD Files	For jigs, molds, or custom tooling		
	Machine Setup Data	SMT programs, reflow profiles, or CNC parameters		
	Packaging Specifications	Box design, inserts, labels, barcodes		
	Assembly Line Layout (optional)	For efficient replication by new CM		
Software & Data Assets	Firmware Build Environment	Compiler, dependencies, and makefiles		
	Programming Tools or Scripts	Used for flashing, testing, or calibration		
	End-of-Line Test Software	Binary and source versions if owned		
	Calibration or Config Files	Any data needed for functional tuning		
IP & Legal Documentation	IP Ownership Confirmation	Assignment or 'work-for-hire' documentation		
	Third-Party Licenses	Open-source or proprietary components		
	Trademark / Branding Guidelines	Use of logos, artwork, and labels		
	Confidentiality / NDA	Confirm expiration or transfer		

	Status			
Quality & Compliance	Test Reports	Reliability, EMC, safety, environmental tests		
	Certification Records	UL, FCC, CE, RoHS, REACH, etc.		
	Quality Inspection Checklists	Incoming, in-process, and outgoing QA		
	Traceability Data	Component lot tracking, serial numbers		
Administrative & Control	Revision Control History	Version tracking for hardware, firmware, and tooling		
	Engineering Change Orders (ECOs/ECNs)	List and description of all design changes		
	Yield and Failure Reports	Data from pilot runs or production		
	Spare Parts & Consumables List	For maintenance of tooling and test equipment		
Transfer & Handover Obligations	Native Files Delivery	All editable, non-password-protected files		
	Update Requirement	CM to maintain up-to-date versions		
	Transfer Rights	License for you and future CMs to use materials that may be transferred

Revision C: July 15, 2025

A.INTRODUCTION

Oxus is an engineering, manufacturing, and service company specializing in medical devices and gas separation technology. We design and manufacture our products in Auburn Hills, Michigan. As an ISO 13485 certified and FDA registered OEM supplier, we understand the technical challenges of product realization. We have supported our customers in bringing to market an assortment of challenging products, from industrial design and engineering, through process design and manufacturing

Oxus is releasing this white paper to inform and provide rationale that will aid industry and our customers in determining whether Oxus Service Parts meet regulatory requirements. The context of this white paper addresses the United States Food and Drug Administration (FDA) 21 C.F.R. sections 800 – 898 and the Regulation European Union 2017/745 Medical Device Regulation (EU MDR). Future considerations for additional regulatory standards are welcome for discussion and will update this white paper as appropriate. This document contains Oxus' interpretation and thoughts surrounding key clauses identified in the regulations.

The decision of whether a service part is or is not applicable for sale in market should be based on consideration of all applicable discussion points and, if applicable, the consideration for software.

This white paper is not intended to propose or implement policy changes regarding service parts or the applicable statutory and regulatory requirements for entities purchasing Oxus service parts. Rather, the intent of this white paper is to facilitate interpretation and rationale to aid in the navigation of regulatory requirements.

B. PRODUCT DESCRIPTION

Oxus offers a selection of engineered high quality service parts for respiratory equipment. These products support the HME Industry in the cost-effective maintenance of their respiratory fleet. Products include Stationary Sieve replacements, Portable Oxygen Concentrator (POC) Sieve replacements, Stationary Valve Replacements, High Pressure Pump replacements, Repair Kits, and Rebuild Kits.

C. BACKGROUND

Environmental considerations for the recycling of materials drives Oxus to develop world class refurbishment processing of medical device components. These components serve a vital role in meeting and exceeding customer and statutory requirements throughout the industry. The products produced by Oxus are distributed worldwide, and while these do not meet the definition of a finished medical device, there are still questions surrounding the applicability of regulatory compliance with the FDA and EU MDR.

Oxus makes an important distinction between the category of a medical device and a service part component; which of these two categories a product falls within may determine the applicability and enforcement of regulatory requirements such as those regarding quality systems, Certificate of Conformity, premarket notification, adverse event reporting, Unique Device Identifiers, and registration and listing.

For purposes of this white paper, a **medical device** means any instrument, apparatus, appliance, software, implant, reagent, material or other article intended by the manufacturer to be used, alone or in combination, for human beings for diagnosis, prevention, monitoring, prediction, prognosis, treatment or alleviation of disease. **Service parts** are components of a device and are defined as any raw material, substance, piece, part, software, firmware, labeling, or assembly which is intended to be included as part of the finished, packaged, and labeled device. **Refurbishment** restores a medical device component to the OEM's original specifications or to be "like new." The component may be brought to specifications if the change(s) made to the component do not significantly change the finished device's performance or safety specifications or intended use/purpose. These activities include repair of components, installation of software/hardware updates that do not change the intended use of the original device, and replacement of worn parts.

D. DISCUSSION POINTS FOR REGULATORY REQUIREMENTS

The following section includes Oxus' thoughts on guiding principles and are designed to help entities determine Oxus Service part components applicability to regulatory requirements.

1. **Service part components do not meet the definition of a medical device** – The intention of MDR 2017/745, Article 23, Parts and components, paragraph (1) is to allow the replacement of defective or worn components without impact to the CE Mark. This is only achieved if the part is identical or similar to the OEM integral component and the new component does not change the performance, safety characteristics, and/or the intended purpose of the medical device.

4057

Changes to the OEM performance, safety, or intended purpose would result in a new CE Mark and cancel the existing CE Mark. This Whitepaper outlines how Oxus verifies, validates, documents, and makes available to the competent authorities, the evidence that ensures OEM CE Mark is retained when using Oxus' OEM similar replacement component.

The components supplied by Oxus do not meet the definition of a Medical Device as outlined in Regulation (EU) 2017/745, Article 2 and Section 201(h) of the Food, Drug & Cosmetic Act (FD&C Act). Oxus does agree that components supplied meet Article 23 (1) as they are specifically intended to replace an identical or similar integral component of a device that is defective or worn in order to maintain or restore the function of the device without changing its performance or safety characteristics.

2. **Evaluate whether any changes to a device require a new 510(k)** – Any changes made to a component of a medical device are considered pursuant to 21 CFR 807.81(a)(3) and the concepts in the FDA guidance documents:

- Deciding When to Submit a 510(k) for a Change to an Existing Device[1]
- Deciding When to Submit a 510(k) for a Software Change to an Existing Device[2].

3. **The burden of proof on the supplier of replacement parts that the replacement part does not impair the safety and performance of the device–** Oxus is able to provide clear and concise data to meet the burden of proof that the replacement part does not impair the safety and performance of the device.

For replacement components, Oxus adheres to, as applicable, the requirements of EU MDR 2017/745 Annex I *General Safety and Performance Requirements*, Annex II *Technical Documentation*, and Annex III *Technical Documentation on Post-Market Surveillance*.

Supporting evidence of our claim can be found in the Design History Files (DHF), Device Master Record (DMR), and other subsequent technical documentation including, but not limited to, the following items:

- Design and Development Plans
- Hazard Analysis and Risk Management Summary
- Risk Management Plan
- Design / Assembly Quality Plan
- Master Verification and Validation Plan
- Manufacturing Transition Plan
- Regulatory Plan
- Device Specifications
- Critical Component and Sourcing Strategies
- DFMEA / PFMEA
- Device Specification Protocols / Reports
- Process Validation Protocols / Reports
- Test Software Validation Protocols / Reports
- Biocompatibility Testing

Oxus 100% serializes all products with traceability to Final Test Report, Date of Manufacture, and critical component lot information.

4. **EU MDR 2017/745 Annex IV and Annex V - Declaration of Conformity, CE Certificate, Data Sheets, and User Manuals are not required for Service Parts** – An EU declaration of conformity (Annex IV), CE Certificate (Annex V), Data Sheets, and User Manuals are required when making a medical device available in the market. The components supplied by Oxus do not meet the definition of a Medical Device as outlined in Regulation (EU) 2017/745, Article 2. Rather, the components supplied by Oxus meet Article 23 (1) as they are specifically intended to replace an identical or similar integral

component of a device that is defective or worn to maintain or restore the function of the device without changing its performance or safety characteristics.

Registration of devices, Economic Operators, and UDI marking / reporting, in accordance with Annex VI, are not required for the components provided by Oxus as the products meet Article 23 (1) requirements and are not a finished medical device.

To support our EU customers, upon request, we provide a Compatibility Statement to verify this information. For reference, Oxus' statement is "Oxus America declares that products offered by Oxus America are equivalent in performance to OEM components regarding the function of the device that they are installed in. Additionally, Oxus declares that when properly installed, these products do not alter the device's function, intended purpose, or adversely affect the safety and performance of the original device. Oxus products are fully Engineered and tested in accordance with OEM products with test results available by item serial number upon request.".

5. **MDR Article 13 - General Obligations of Importer is not applicable** – With regards to MDR Regulations, specifically pertaining to General obligations of importers (Article 13), the service parts provided by Oxus are components of a medical device; thus, are regulated by Article 23 (Parts and components). Oxus complies with the need for information when items defined by Article 2, item 1 as 'medical devices' are applicable. Pertinent information is available upon request.

6. **MDR Article 17 – Single-Use devices and their reprocessing is not applicable** – It is key to confirm proper application of the definition of reprocessing for single-use as compared to reusable devices to ensure compliance with the regulation. As discussed on the Official Website for the EU[7], "...for the first time at EU level, the MDR in its Article 17 sets out specific rules on single-use devices (SUDs) and their reprocessing. The MDR defines 'Single-use devices' as devices 'intended to be used on one individual during a single procedure and 'Reprocessing' as 'a process carried out on a used device in order to allow its safe reuse including cleaning, disinfection, sterilization and related procedures, as well as testing and restoring the technical and functional safety of the used device."

When establishing the requirements for the reprocessing and further reuse of **single-use devices** (SUDs), Regulation (EU) 2017/745 (MDR) on medical devices uses explicitly the term reprocessing.

When establishing requirements for **reusable devices**, the Regulation does not explicitly use the term reprocessing and refers to 'the appropriate processes for allowing reuse, including cleaning, disinfection, packaging and, where appropriate, the validated method of re-sterilization appropriate to the Member State or Member States in which the device has been placed on the market'.

While single-use devices are intended by the manufacturer to be used only one time, reusable devices are intended by the manufacturer to be reused after appropriate procedures such as cleaning, disinfection and sterilization have been carried out. Therefore, MDR establishes different responsibilities and requirements for reprocessing single-use devices and reusable devices.

In the *Study on the implementation of Article 17 of Regulation (EU) 2017/745 on medical devices on the EU market*[6] dated February 2024, it was noted that among the 30 surveyed countries, 17 have prohibited the reprocessing of SUDs (Austria, Bulgaria, Cyprus, the Czech Republic, Estonia, Finland, France, Greece, Hungary, Italy, Latvia, Liechtenstein, Lithuania, Malta, Norway, Romania, Slovakia). In contrast, 10 countries (Belgium, Croatia, Denmark, Germany, Iceland, Ireland, the Netherlands, Poland, Spain, Sweden) allow reprocessing. The remaining three countries (Luxembourg, Portugal, Slovenia) have yet to take a decision.

This further emphasizes the importance of providing component materials with the distinction between use in SUDs versus reusable devices. The replacement components provided by Oxus, in the aftermarket service catalog, are solely for **reusable devices** and do not meet the definition of a Single-

use device, as defined by Article 2 (8), as they are not used in a single procedure. This allows organizations in the EU to provide safe, effective, environmentally conscious, and low-cost alternatives to maintain their reusable devices in the market. Oxus provides the appropriate testing, validation, evidence, and data to support safety and security of patients.

7. FDA's review of service and refurbishment. Oxus takes an active role with the evaluation and discussion on the role of the FDA with discerning remanufacturing from servicing. As discussed in the FDA Final Guidance Document Remanufacturing of Medical Devices, Guidance for Industry and Food and Drug Administration Staff [3] Medical devices encompass a vast array of products with different technologies, product lifecycles, complexity, intended users, and environments of use. Many devices are reusable and need preventive maintenance and repair during their useful life. For these devices, proper servicing is critical to their continued safe and effective use. However, there is a lack of clarity regarding the distinction between "servicing" and "remanufacturing" of a device. Most notably, remanufacturing has implications for the regulatory responsibilities of entities performing these activities.

Oxus utilizes a refurbishment model which restores a medical device component to the OEM's original specifications or to be "like new." The component may be brought to specifications if the change(s) made to the component do not significantly change the finished device's performance or safety specifications or intended use/purpose. Oxus does not remanufacture materials which would impact performance, safety, or intended use/purpose of a medical device.

Furthermore, Servicing Report: FDA Report on the Quality, Safety, and Effectiveness of Servicing of Medical Devices (May 2018) [4] discusses the intent of industry to pursue the following actions:

FDA Recommendation	Oxus Compliance
Promote the Adoption of Quality Management Principles.	Oxus meets this requirement currently as an ISO 13485 and Medical Device Single Audit Program (MDSAP) certified OEM
Clarify the Difference Between Servicing and Remanufacturing	Oxus meets this requirement by utilizing an Engineering approach with verification and validation that products do not significantly change the finished device's performance or safety specifications, or intended use/purpose
Strengthen Cybersecurity Practices Associated with Servicing of Medical Devices	Oxus follows procedures in the premarket design and development of medical devices, and during their surveillance and response to identified cybersecurity vulnerabilities and exploits of marketed products. Oxus addresses cybersecurity risks throughout the product lifecycle.
Foster Evidence Development to Assess the Quality, Safety and Effectiveness of Medical Device Servicing	Oxus promotes the creation of an environment of learning and continual improvement for medical device servicing industry that delivers quality, safe, and effective service. Oxus engages in servicing activities and collects comprehensive information on device types, number of devices serviced, frequency of service-related complaints, and frequency of service-related adverse events

E. CONCLUSION

Navigating the regulatory pathways within the FDA and EU MDR can be difficult and complex to ensure compliance. As an OEM manufacturer, we understand the importance of ensuring compliance to Regulatory Requirements specific to the areas we serve and appreciate any concerns our customers may have. Oxus has provided the requisite interpretation of the primary clauses pertaining to service parts and components, identifying the rationale for providing service parts to US and EU customers without negatively affecting regulatory and statutory requirements. As the products provided by Oxus are not medical devices, the import / export requirements are met by Oxus and their customers with the data held by Oxus.

I. Key Takeaways

- Oxus Service parts do not meet the definition of a medical device
- Oxus retains burden of proof for safety and performance
- Oxus provides customers a Compatibility Statement

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 101915651

Application/License No. _____

AZ Care Pharmacy LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 7180 Cascade Valley Ct Ste 280 Las Vegas, NV 89128 (Address of Applicant/Principal), as PRINCIPAL, and Merchants National Bonding, Inc. (Surety Company), a corporation organized under the laws of the state of Iowa (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 6700 Westown Parkway, West Des Moines, IA 50266 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 18, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

Posted February 20, 2020

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 18th day of June, 20 26.

MERCHANTS
BONDING COMPANY™

POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa, and MERCHANTS NATIONAL INDEMNITY COMPANY , an assumed name of Merchants National Bonding, Inc., (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Dee Ann Spilsbury

their true and lawful Attorney(s)-in-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the By-Laws adopted by the Board of Directors of the Companies.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner - Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 18th day of June , 2026 .

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 101852314

Application/License No. _____

Vitality Medical Supplies LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 6765 W Charleston Blvd Las Vegas, NV 89146 (Address of Applicant/Principal), as PRINCIPAL, and Merchants National Bonding, Inc. (Surety Company), a corporation organized under the laws of the state of Iowa (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 6700 Westown Parkway, West Des Moines, IA 50266 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 21, 2026 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 21st day of April, 2026.

COMMERCIAL LEASE AGREEMENT

State of Nevada — Gross Lease

This Commercial Lease Agreement ("Agreement") is made and entered into this **16th day of July, 2026**, by and between:

Landlord: Dr. Brandon Snead, on behalf of Nevada Sports and Spine

Landlord Email: bsnead@NevadaSportsandSpine.com

Tenant: Ryan Yardley

1. PREMISES

Landlord leases to Tenant, and Tenant leases from Landlord, a portion of the office space located at:

6765 W. Charleston Blvd, Unit 150, Las Vegas, NV 89146

(the "Premises"), consisting of approximately **900 square feet** of office space within the above suite, to be used for the Permitted Use described in Section 3 below.

2. TERM

The term of this Agreement shall begin on **July 16, 2026** and shall continue for a fixed period of twelve (12) months, ending on **July 15, 2027** ("Term"), unless earlier terminated or renewed in writing by both parties.

3.PERMITTED USE

Tenant shall use the Premises solely for **general office use** and for no other purpose without Landlord's prior written consent. Tenant shall comply with all applicable federal, state, and local laws, ordinances, and regulations, including any Clark County business licensing and zoning requirements applicable to the Premises and Tenant's use thereof.

4. RENT

Tenant agrees to pay Landlord a fixed monthly rent of **$2,000.00**, due on the 1st day of each month during the Term, payable to Landlord at an address or method designated by Landlord. This is a Gross Lease: the monthly rent is inclusive of real property taxes, building insurance, and common area maintenance (CAM) charges attributable to the Premises, except as otherwise expressly stated in this Agreement.

A late fee may apply if rent is not received within any grace period specified by Landlord in writing. Late fees shall be reasonable and shall not constitute a penalty under Nevada law.

5.UTILITIES AND SERVICES

Except as otherwise provided in this Gross Lease, Landlord shall be responsible for standard building utilities and services (including electricity, water, sewer, and common area services) attributable to the Premises. Tenant shall be responsible for any utilities or services separately metered to or exclusively used by Tenant, including telephone, internet, and any specialized equipment power needs, unless otherwise agreed in writing.

6. MAINTENANCE AND REPAIRS

Landlord shall maintain the structural elements, common areas, and building systems serving the Premises in good repair. Tenant shall maintain the interior of the Premises in a clean and sanitary condition, and shall be responsible for repair of any damage caused by Tenant's negligence, misuse, or that of its employees, agents, patients, or invitees. Tenant shall not make structural alterations to the Premises without Landlord's prior written consent.

7. INSURANCE AND INDEMNIFICATION

Tenant shall maintain, at itsown expense, commercial general liability insurance covering its use of the Premises, and, if applicable, professional liability insurance appropriate to Tenant's business, with Landlord named as an additional insured where applicable. Tenant shall indemnify and hold Landlord harmless from claims, damages, or liabilities arising fromTenant's useofthe Premises, except to the extent caused by Landlord's negligence or willful misconduct.

8. SIGNAGE

Tenantshallnot install exterior or common-area signage without Landlord's prior written consent and compliance with anyapplicable landlord, property, orClarkCountysignage regulations.

9. ASSIGNMENT AND SUBLETTING

TenantshallnotassignthisAgreementorsubletall orany part of the Premises without the prior written consent of Landlord,which consentshallnotbe unreasonably withheld.

10. RIGHT OF ENTRY

Landlord, orLandlord'sagents, may enter the Premises at reasonable times, with reasonable advance notice to Tenant (except in cases of emergency), to inspect the Premises, perform necessary repairs, or show the space to prospective tenants or purchasers.

11. DEFAULT AND REMEDIES

If Tenant fails to pay rentwhen due, or otherwise defaults under a material term of this Agreement, and such default is not cured within the applicable notice period required under Nevada law, Landlord may pursue all remedies available underNevada law, includingtermination of this Agreement and recovery of unpaid rent and damages.

12. QUIET ENJOYMENT

Solong asTenantis not in defaultunder this Agreement, Tenant shall be entitled to quiet enjoyment of the Premises without interference from Landlord, subject to Landlord's rights of entry and the terms of this Agreement.

13. HOLDOVER

IfTenant remains inpossession of the Premises after expiration of the Term without Landlord's written consent, such holdover shall be treated as a month-to-month tenancy at a rent to be reasonably determined by Landlord, subject to all othertermsof this Agreement, until eitherparty terminates the holdovertenancy uponnotice as provided by Nevada law.

14. AMERICANS WITH DISABILITIES ACT (ADA) COMPLIANCE

Landlordand Tenant shalleach be responsible forADAcompliancewithin theirrespective scopesof control as required by applicable law, with Tenant responsible for ADA compliance related to Tenant's specific business operations and any tenantimprovements installed by Tenant.

15. GOVERNING LAW

ThisAgreementshallbegovernedbyand construed in accordance with the laws of the State of Nevada.

16. ENTIRE AGREEMENT

ThisAgreement constitutesthe entireunderstanding between the parties and supersedes all prior negotiations, representations, or agreements, whether written or oral. Any modification must be made in writing and signed by both parties.

FUTURE PARTICIPATION AGREEMENT

This Future Participation Agreement (this "Agreement") is made and entered into as of 08/04/2026 (the "Effective Date"), by and among:

Ryan Yardley, an individual ("Yardley");

Dr. Brandon Snead, an individual ("Dr. Snead"); and

Vitality Medical Supplies, LLC, a Nevada limited liability company (the "Company").

Yardley, Dr. Snead, and the Company are each referred to in this Agreement as a "Party" and collectively as the "Parties."

BACKGROUND

A. The Company was organized as a Nevada limited liability company on April 10, 2026, and its members adopted the Company's Operating Agreement effective as of August 4, 2026 (as it may be amended from time to time, the "Operating Agreement").

B. The Company was formed to operate as a supplier of durable medical equipment ("DME") and related devices, and has been in the process of applying for and expects to be imminently approved for a license for that purpose by the Nevada State Board of Pharmacy.

C. The members of the Company are OrthoSport Medical Services Corp., holding a ninety-nine percent (99%) membership interest, and Yardley, holding a one percent (1%) membership interest. Ryan Yardley is also designated as the Manager of the Company. Although the Parties had originally contemplated a structure in which Dr. Snead would be a member of the Company, it was determined that Dr. Snead could not become a member at the time of the Company's organization for regulatory reasons, and it is confirmed that Dr. Snead holds no membership interest in, and has no ownership or operational role in, the Company as of the Effective Date.

D. The Company's licensure and operation require that a qualified administrator be responsible for the Company's compliance with applicable requirements of the Nevada State Board of Pharmacy. Yardley serves as the primary administrator of the Company's Nevada operation, and his service in that role is a necessary condition to the Company's licensure and continued authority to operate.

E. Dr. Snead is the owner of the building at 6765 W Charleston Blvd., Suite 150, Las Vegas, Nevada, 89146, at which the Company conducts its operations (the "Premises"), and Dr. Snead leases space to the Company at the Premises under a separate written commercial lease agreement (the "Lease"). Except in his capacity as landlord under the Lease, Dr. Snead is not involved in, and is to remain unentangled from, the business and operations of the Company as of the Effective Date. The Company has leased that space at least partly to address the special additional need for a DME supplier in that part of the community.

F. The Parties desire to set forth their respective commitments regarding the operation of the Company, the covenants of Dr. Snead during the period prior to any future participation, and the conditions and process by which Dr. Snead may, in the future, become a member of and administrator for the Company, all on the terms and subject to the conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

1. **Operational Covenants.**

a. **Yardley's Operational Commitments**. Yardley shall serve as the primary administrator of the Company's Nevada operation and shall be responsible for the Company's compliance with the applicable requirements of the Nevada State Board of Pharmacy necessary to maintain the Company's license in good standing. Yardley shall hire, train, and maintain at least one qualified individual to serve as a backup administrator so that the Company can be operated on a continuous and ongoing basis and can continue to satisfy its licensure and administrator requirements. Yardley shall use commercially reasonable efforts to operate the Company and work toward achieving the performance target described in Section 2.

b. **Dr. Snead's Limited Role**. Except in his capacity as landlord under the Lease, Dr. Snead shall have no ownership, management, or operational role in the Company unless and until the participation process described in this Agreement is completed. Dr. Snead shall remain hands-off and unentangled from the business and operations of the Company, and shall not hold himself out as an owner, member, manager, administrator, agent, or representative of the Company.

c. **Dr. Snead's Compliance Covenants**. During the term of this Agreement and prior to the completion of the participation process described in Sections 4 and 5, Dr. Snead shall not: (i) order, prescribe, or dispense DME through the Company; (ii) refer, or direct the referral of, any DME business or patients to the Company; or (iii) treat patients out of, or from, the Company's premises or operation.

d. **Purpose of Covenants**. The Parties acknowledge and agree that the covenants set forth in this Section 1 are intended to maintain the Company's compliance with applicable law and the requirements of the Nevada State Board of Pharmacy, to preserve the separation between Dr. Snead's role as landlord and the business of the Company, and to make Dr. Snead's future participation in the Company possible on a compliant basis.

2. **Performance Reporting and Participation Trigger**.

a. **Annual Performance Reporting.** During the term of this Agreement, the Company shall provide Dr. Snead with a written report of the financial performance of the Company's Nevada operation not less than annually. Each report shall include a reasonable summary of the operation's revenue, expenses, and net profit for the applicable period, in sufficient detail to reasonably apprise Dr. Snead of the operation's progress toward the Profit Target described in Section 2(c).

b. **Enhanced Reporting**. Beginning with the first fiscal year in which the Nevada operation achieves net profit after expenses of at least Five Hundred Thousand Dollars ($500,000), the Company shall provide the reports described in Section 2(a) on at least a quarterly basis thereafter until the earlier of the achievement of the Profit Target or the termination of the reporting obligation under Section 3.

c. **Profit Target**. For purposes of this Agreement, the "Profit Target" shall be deemed achieved when: (i) the Company's Nevada operation generates net profit after expenses of at least Five

Hundred Thousand Dollars ($500,000) in a single fiscal year; and (ii) following the close of that fiscal year, the Nevada operation continues to generate net profit after expenses of at least Five Hundred Thousand Dollars ($500,000), measured on a trailing-twelve-month basis, for a continuous period of not less than six (6) months. For purposes of this Section 2, "net profit after expenses" shall be determined from the books and records of the Company, maintained in accordance with the accounting methods used by the Company in preparing its federal income tax returns, consistently applied.

d. **Trigger Notice**. Promptly following the achievement of the Profit Target, the Company shall so notify Dr. Snead in writing and shall provide reasonable financial information confirming that the Profit Target has been met (the "Trigger Notice"). Delivery of the Trigger Notice entitles Dr. Snead to initiate the participation process described in Sections 4 and 5.

3. **Term and Termination**.

a. **Term**. This Agreement shall commence on the Effective Date and shall continue in effect until terminated in accordance with this Section 3.

b. **Reporting Term**. The Company's reporting obligations under Section 2 shall continue for an initial term of five (5) years from the Effective Date and shall automatically renew for successive one (1) year terms thereafter until the participation process has been completed as provided for in Sections 4 and 5 of this Agreement, or until this Agreement is terminated as provided in this Section 3.

c. **Termination by Dr. Snead**. Dr. Snead may terminate this Agreement at any time upon written notice to the other Parties. The Parties acknowledge and agree that: (i) if Dr. Snead delivers such notice before the Company has delivered a Trigger Notice under Section 2(d), such termination shall constitute Dr. Snead's election not to pursue participation in the Company, and upon such termination all rights of Dr. Snead to initiate or complete the participation process described in Sections 4 and 5 shall immediately and permanently terminate; and (ii) if Dr. Snead delivers such notice after the Company has delivered a Trigger Notice but before the participation process has been completed, such termination shall likewise constitute a waiver of his participation rights, unless the Parties agree otherwise in writing.

d. **Termination by Mutual Agreement**. Except as provided in Section 3(c), this Agreement may be terminated only by the mutual written agreement of the Parties.

e. **Effect of Termination**. Upon termination of this Agreement, the Parties shall have no further obligations under this Agreement, except that: (i) the covenants set forth in Section 1(c) shall survive for so long as Dr. Snead is the landlord under the Lease or otherwise as necessary to preserve the Company's regulatory compliance; and (ii) any provision that by its nature is intended to survive termination shall so survive.

4. **Participation Preparation**.

a. **Participation Election Notice**. At any time following delivery of the Trigger Notice, Dr. Snead may elect to initiate the participation process by delivering written notice of such election to the other Parties (the "Participation Election Notice"). Delivery of the Participation Election Notice commences the preparation process described in this Section 4, which must be completed before Dr. Snead may be admitted as a member of, or serve as an administrator for, the Company under Section 5.

b. **Cessation of Clinical Practice; Inactive License Status**. As a condition to his participation, Dr. Snead shall cease treating patients and shall apply to the Nevada State Board of Medical Examiners to place his Nevada medical license on inactive status. Dr. Snead may maintain his medical license on inactive status but shall not, while serving in any role with the Company, practice medicine or prescribe in the State of Nevada. Dr. Snead shall provide the Company with reasonable evidence of the change of his license to inactive status.

c. **Administrator Qualification and Board Approval**. Dr. Snead shall satisfy the requirements of the Nevada State Board of Pharmacy applicable to service as an administrator of the Company's Nevada operation, and the Parties shall cause to be prepared and filed with the Board all applications, notices, and supporting materials necessary for the Board to approve Dr. Snead as an administrator of the Company. The Company and Yardley shall reasonably cooperate with, and provide information reasonably necessary to, Dr. Snead's qualification and approval under this Section 4(c).

d. **Continuity of Operation**. Until Dr. Snead has been approved by the Nevada State Board of Pharmacy and has assumed an administrator role, Yardley shall continue to serve as the primary administrator of the Company's Nevada operation, and the Company shall at all times maintain at least one qualified administrator so that its license remains in good standing and its operation continues without interruption.

e. **Sequencing**. The Parties acknowledge and agree that Dr. Snead's cessation of clinical practice, the placement of his medical license on inactive status, and his approval as an administrator by the Nevada State Board of Pharmacy are conditions precedent to the formalization of his membership interest under Section 5, and that the transactions contemplated by Sections 4 and 5 are intended to occur in a coordinated sequence that preserves the Company's licensure and regulatory compliance at all times.

5. **Formalizing Participation**.

a. **Admission as a Member**. Upon satisfaction of the conditions set forth in Section 4, Dr. Snead shall be admitted as a member of the Company holding a fifty percent (50%) membership interest, in accordance with the admission procedures of Article IV of the Operating Agreement. Such admission shall be effected by, among other things, Dr. Snead's execution and delivery of the New Member Acknowledgment and Joinder required under the Operating Agreement, approval of the admission by the members as required under Section 4.01 of the Operating Agreement, and the Manager's update of the Company's capitalization records to reflect the issuance. The Parties acknowledge and agree that Dr. Snead's admission to a fifty percent (50%) membership interest will proportionately dilute the existing membership interests of OrthoSport Medical Services Corp. and Yardley to a combined fifty percent (50%) interest, and that under this Agreement Dr. Snead shall acquire no interest in OrthoSport Medical Services Corp. or any of its assets or operations.

b. **Assumption of Administrator Role**. Concurrently with or promptly following his admission as a member, and subject to his approval by the Nevada State Board of Pharmacy under Section 4(c), Dr. Snead shall assume the role of primary administrator of the Company's Nevada operation.

c. **Valuation**. For purposes of determining Dr. Snead's buy-in, the fair market value of the Company shall be determined in accordance with the valuation provisions of Section 5.03(a) of the Operating Agreement. The value of Dr. Snead's contributions to the Company other than cash—including the business-development value attributable to his enabling the Company to operate at the Premises and

in its market area—shall be determined in accordance with the valuation of non-cash contributions provisions of Section 3.03(c) of the Operating Agreement.

d. **Buy-In Consideration**. The consideration payable by Dr. Snead for his fifty percent (50%) membership interest shall equal fifty percent (50%) of the fair market value of the Company determined under Section 5(c), less a credit for the value of Dr. Snead's non-cash contributions determined under Section 5(c). The remaining balance, if any, shall be (i) paid in cash, (ii) through the Company's withholding of a portion of the distributions or profits otherwise payable to Dr. Snead over a reasonable period, or (iii) through a combination of the foregoing, in each case as the Parties shall agree in a separate writing at the time the participation process is initiated.

e. **Cooperation and Further Assurances.** The Parties shall cooperate in good faith and execute and deliver such resolutions, joinders, amendments to the Operating Agreement and its exhibits, and other documents and instruments as are reasonably necessary to effect Dr. Snead's admission as a member and assumption of the administrator role in accordance with this Section 5.

6. **Insurance**.

a. **Coverage Following Admission**. From and after Dr. Snead's admission as a member under Section 5, each of Yardley and Dr. Snead shall obtain and maintain in force a life insurance or key-person insurance policy insuring his life in a total amount of not less than One Million Dollars ($1,000,000), for so long as each remains a member of the Company.

b. **Allocation of Proceeds**. Each policy required under Section 6(a) shall be arranged so that, of the total One Million Dollars ($1,000,000) in coverage: (i) Five Hundred Thousand Dollars ($500,000) is payable to the insured member's spouse or family, as the insured member may designate; and (ii) Five Hundred Thousand Dollars ($500,000) is payable to the Company. Should the policies be written for more than One Million Dollars, then the proceeds shall be payable in the same proportion as provided for in subsections (i) and (ii) of this Section 6(b).

c. **Evidence of Coverage**. Each of Yardley and Dr. Snead shall, upon reasonable request, provide the Company and the other with reasonable evidence that the coverage required under this Section 6 is in force.

7. **Succession**.

a. **Automatic Succession to Membership Interests**. Notwithstanding anything to the contrary in the Operating Agreement, following the admission of Dr. Snead as a member of the Company, upon the death of Yardley or Dr. Snead, the deceased member's individual membership interest in the Company shall pass automatically and immediately to his surviving spouse.

b. **Immediate Full Membership; No Formalities**. The surviving spouse shall succeed to the deceased member's individual membership interest automatically upon death, without any requirement of approval, consent, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other action or formality of any kind. Effective immediately upon the death of the deceased member, the surviving spouse shall be admitted as, and shall have all of the rights, powers, and privileges of, a full member of the Company with respect to such membership interest, including all economic, voting, governance, and management rights, and shall step directly into the shoes of the deceased member with respect to that interest, in each case free of any transfer restriction, right of first refusal, buy-out, call or

put right, substitute-member admission requirement, spousal limitation, or other restriction or procedure that would otherwise apply under the Operating Agreement.

c. **Coordination with Operating Agreement; Consent**. The Parties acknowledge and agree that the automatic succession provided in this Section 7 is contrary to, and is intended to override and operate as an exception to, the provisions of the Operating Agreement that would otherwise apply upon the death of a member, including without limitation the death and incapacitation provisions of Section 5.02(a) (under which the Company would otherwise purchase or redeem the deceased member's Membership Units), the transfer and substitute-member provisions of Article V, and the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02. Each of the members of the Company, and the Company, by executing this Agreement and the corporate resolution described in Section 7(d), consents to this Section 7 and agrees that it shall control over any contrary provision of the Operating Agreement.

d. **Implementing Resolution**. Concurrently with the formalization of Dr. Snead's participation under Section 5, the Company shall adopt a corporate resolution, in substantially the form attached to this Agreement as **Exhibit A**, executed by all members whose consent is required (including any unanimous consent required under Section 13.07(b) of the Operating Agreement), that adopts this Agreement and specifically approves the departures from the Operating Agreement set forth in this Section 7. Such resolution shall, at a minimum, expressly: (i) approve the automatic and immediate succession of each deceased member's individual membership interest to his surviving spouse, with full membership rights and without any approval, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other formality; (ii) waive and disapply, as to the interests described in this Section 7, the death and incapacitation provisions of Section 5.02(a), the transfer and substitute-member provisions of Article V, and the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02 of the Operating Agreement; (iii) approve and consent, on behalf of the Company and each member, to the agreement to arbitrate disputes under Section 8(d) of this Agreement; and (iv) approve and consent to the waiver of trial by jury under Section 8(d)(v) of this Agreement, including as such provisions apply to each surviving spouse succeeding to a membership interest under this Section 7. The Parties shall further execute such consents and amendments to the Operating Agreement as are necessary to give full effect to this Section 7.

8. **Miscellaneous Provisions**.

a. **Notices**. All notices, requests, consents, elections, and other communications required or permitted under this Agreement (each, a "Notice") shall be in writing and shall be deemed duly given: (i) when delivered personally; (ii) when sent by email to the email address specified below (or to such other email address as a Party may designate by Notice given in accordance with this Section), provided that no automated "undeliverable" or similar rejection message is received by the sender; (iii) one (1) business day after deposit with a nationally recognized overnight courier, with charges prepaid; or (iv) three (3) business days after being mailed by certified or registered mail, return receipt requested, postage prepaid. A Notice sent by email after 5:00 p.m. in the recipient's local time zone, or on a day that is not a business day, shall be deemed given on the next business day. The Parties expressly agree that email is an acceptable and sufficient means of delivering any Notice under this Agreement, including the Trigger Notice under Section 2(d) and the Participation Election Notice under Section 4(a).

b. **Relationship of the Parties**. Nothing in this Agreement shall be construed to create a partnership, joint venture, agency, or employment relationship among the Parties. Except as expressly provided in this Agreement and, upon his admission, in the Operating Agreement, no Party shall have any authority to act for or to bind any other Party.

c. **Governing Law**. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Nevada, without giving effect to any choice-of-law or conflict-of-law provision or rule that would cause the application of the laws of any jurisdiction other than the State of Nevada.

d. **Dispute Resolution**.

i. **Negotiation and Mediation**. In the event of any dispute, claim, or controversy arising out of or relating to this Agreement, the Parties shall first attempt in good faith to resolve the matter through negotiation and, if not so resolved, through non-binding mediation, for a period of not less than thirty (30) days and not more than sixty (60) days from the date any Party gives written notice of the dispute. The Parties may, by mutual written agreement, elect to shorten, extend, or opt out of the negotiation and mediation process set forth in this Section 8(d)(i).

ii. **Binding Arbitration**. Any dispute, claim, or controversy not resolved pursuant to Section 8(d)(i) shall be finally resolved by binding arbitration administered by a nationally recognized arbitration provider, such as the American Arbitration Association (AAA) or JAMS, in accordance with its commercial arbitration rules in effect at the time the arbitration is commenced. The arbitration shall be seated in Clark County, Nevada, and judgment on the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

iii. **Costs and Fees**. Except as otherwise provided in this Section, each Party shall bear its own costs and expenses of the arbitration, including its own attorneys' fees, and the Parties shall share equally the fees and expenses of the arbitrator and the arbitration provider. Notwithstanding the foregoing, upon motion by any Party, the arbitrator shall have the discretion to award, shift, or reallocate the costs and expenses of the arbitration, including arbitrator and administrative fees and reasonable attorneys' fees, among the Parties as the arbitrator deems appropriate.

iv. **Provisional and Injunctive Relief**. Notwithstanding Sections 8(d)(i) and 8(d)(ii), any Party may apply to a court of competent jurisdiction located in Clark County, Nevada for a temporary restraining order, preliminary injunction, or other provisional or equitable relief necessary to preserve the status quo or prevent irreparable harm pending the outcome of negotiation, mediation, or arbitration, without first exhausting the procedures in Section 8(d)(i) and without waiving the agreement to arbitrate. Each Party acknowledges that a breach or threatened breach of the covenants in Section 1 or Section 7 may cause irreparable harm for which monetary damages would be an inadequate remedy, and that the non-breaching Party or the Company shall be entitled to seek such relief without the necessity of posting a bond or proving actual damages.

v. **Waiver of Jury Trial**. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, EACH PARTY IRREVOCABLY WAIVES ANY RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM, WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE, ARISING OUT OF OR RELATING TO THIS AGREEMENT. THIS WAIVER APPLIES TO ANY JUDICIAL PROCEEDING PERMITTED UNDER SECTION 8(D)(IV) OR OTHERWISE NOT SUBJECT TO ARBITRATION.

e. **Entire Agreement**. This Agreement, together with the Operating Agreement and the Lease as they relate to the subject matter addressed in each, constitutes the entire agreement among the Parties with respect to its subject matter and supersedes all prior and contemporaneous agreements, understandings, negotiations, and discussions, whether written or oral, relating to that subject matter. In the event of a conflict between this Agreement and the Operating Agreement with respect to the matters expressly addressed in this Agreement, this Agreement shall control as among the Parties.

f. **Amendment**. This Agreement may be amended, modified, or supplemented only by a written instrument signed by each of the Parties.

g. **Waiver**. No waiver of any provision of this Agreement shall be effective unless made in writing and signed by the Party against whom the waiver is to be enforced. No failure or delay by any Party in exercising any right under this Agreement shall operate as a waiver of that right, and no single or partial exercise of any right shall preclude any further exercise of that or any other right.

h. **Assignment**. No Party may assign this Agreement or any of its rights or obligations under this Agreement without the prior written consent of the other Parties, except that this Agreement shall be binding upon and inure to the benefit of the Parties and their respective heirs, successors, permitted assigns, and, as provided in Section 7, surviving spouses.

i. **Severability**. If any provision of this Agreement is held to be invalid, illegal, or unenforceable, the remaining provisions shall continue in full force and effect, and the Parties shall negotiate in good faith to modify this Agreement so as to effect their original intent as closely as possible in an acceptable manner.

j. **Further Assurances**. Each Party shall execute and deliver such further documents and instruments, and take such further actions, as may be reasonably necessary or appropriate to carry out the purposes and intent of this Agreement.

k. **Counterparts; Electronic Signatures**. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument. Delivery of an executed counterpart by email or other electronic transmission, and execution by electronic signature, shall be effective as delivery of an original executed counterpart.

EXHIBIT A – FORM OF CORPORATE RESOLUTION OF VITALITY MEDICAL SUPPLIES, LLC

UNANIMOUS WRITTEN CONSENT AND RESOLUTION OF THE MEMBERS AND MANAGER OF VITALITY MEDICAL SUPPLIES, LLC

The undersigned, being all of the members (the "Members") and the Manager of Vitality Medical Supplies, LLC, a Nevada limited liability company (the "Company"), acting by unanimous written consent in lieu of a meeting pursuant to the Company's Operating Agreement (as amended, the "Operating Agreement") and the Nevada Revised Statutes, hereby adopt the following resolutions and consent to the actions set forth below, effective as of 08/04/2026.

RECITALS

WHEREAS, the Company, Ryan Yardley ("Yardley"), and Dr. Brandon Snead ("Dr. Snead") are parties to that certain Future Participation Agreement dated 08/04/2026 (the "Participation Agreement"), pursuant to which, among other things, Dr. Snead has been admitted as a member of the Company holding a fifty percent (50%) membership interest;

WHEREAS, Section 7 of the Participation Agreement provides for the automatic and immediate succession of each of Yardley's and Dr. Snead's individual membership interest in the Company to his surviving spouse upon his death, with full membership rights and without any formality, notwithstanding certain provisions of the Operating Agreement to the contrary;

WHEREAS, Section 7(d) of the Participation Agreement requires the Company to adopt a resolution, executed by all Members whose consent is required (including any unanimous consent required under Section 13.07(b) of the Operating Agreement), that adopts the Participation Agreement and specifically approves the departures from the Operating Agreement set forth in Section 7 of the Participation Agreement; and

WHEREAS, the Members and the Manager have determined that it is in the best interests of the Company to adopt the Participation Agreement and to approve and consent to the matters set forth below.

RESOLUTIONS

NOW, THEREFORE, BE IT RESOLVED, that the Participation Agreement, and each of the transactions and terms contemplated thereby, be, and hereby are, adopted, ratified, approved, and confirmed in all respects as the act of the Company and the Members;

RESOLVED, that the Members and the Company hereby approve the automatic and immediate succession, upon the death of Yardley or Dr. Snead, of the deceased member's individual membership interest in the Company to his surviving spouse, who shall thereupon be admitted as, and shall have all of the rights, powers, and privileges of, a full member of the Company with respect to such interest, including all economic, voting, governance, and management rights, and without any requirement of approval, consent, admission, joinder, spousal acknowledgment, purchase, redemption, valuation, or other action or formality of any kind;

RESOLVED, that, as to the membership interests described in Section 7 of the Participation Agreement, the Members and the Company hereby waive and disapply (i) the death and incapacitation provisions of Section 5.02(a) of the Operating Agreement, under which the Company would otherwise purchase or

redeem a deceased member's Membership Units; (ii) the transfer and substitute-member provisions of Article V of the Operating Agreement; and (iii) the spousal acknowledgment and admission provisions of Sections 4.01 and 4.02 of the Operating Agreement;

RESOLVED, that the Members and the Company hereby approve and consent to the agreement to arbitrate disputes set forth in Section 8(d) of the Participation Agreement, and agree that such agreement to arbitrate shall be binding upon the Company, each Member, and each surviving spouse succeeding to a membership interest under Section 7 of the Participation Agreement;

RESOLVED, that the Members and the Company hereby approve and consent to the waiver of trial by jury set forth in Section 8(d)(v) of the Participation Agreement, and agree that such waiver shall be binding upon the Company, each Member, and each surviving spouse succeeding to a membership interest under Section 7 of the Participation Agreement;

RESOLVED, that to the extent the foregoing resolutions are contrary to any provision of the Operating Agreement, the Members hereby consent to and approve such departures and agree that the Participation Agreement and these resolutions shall control, and the Members and the Manager are authorized and directed to execute such further consents and amendments to the Operating Agreement as are necessary to give full effect to Section 7 of the Participation Agreement; and

RESOLVED, that the Manager and the officers of the Company be, and each of them hereby is, authorized, empowered, and directed to take all such further actions and to execute and deliver all such further documents and instruments as any of them may deem necessary or appropriate to carry out the purpose and intent of the foregoing resolutions.

This Consent may be executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument, and delivery by electronic transmission shall be effective as delivery of an original.

IN WITNESS WHEREOF, the undersigned have executed this Unanimous Written Consent and Resolution as of the date first written above.

1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your registration?	✔	
2. Have you been charged, arrested or convicted of a felony or misdemeanor in <u>any</u> state?	✔	
3. Have you been the subject of a board citation or administrative action whether completed or pending in <u>any</u> state?		✔
4. Has your license/registration been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 9 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 1 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
2011	2012	Arizona	Glendale	Maricopa

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
N/A	Midwestern University – College of Pharmacy

Reason/Charge
School-mandated monitoring/support program

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
N/A	N/A

Name of Business/Industry/Entity
Midwestern University

Provide explanation below:

Following the 2010 incident described in my response to Question 2, my pharmacy school required me to participate in a monitoring and support program as a precautionary measure. I fully complied with all requirements and was later formally released after it was determined that I did not require further monitoring or treatment. I have had no impairment issues and have maintained a clean, stable, and incident-free professional record since that time.

This is in response to Question # 2 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
11/14/2010	5/13/2011	Nevada	Las Vegas	Clark County

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
10F21759B	Las Vegas Metropolitan Police Department / Clark County District Attorney's Office

Reason/Charge
Arrest for alleged possession of cocaine; no charges filed

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Defendant	N/A

Name of Business/Industry/Entity
N/A

Provide explanation below:

In 2010, while in my first year of pharmacy school, I made a serious error in judgment while visiting Las Vegas with friends and was arrested for alleged possession of a controlled substance. The case was reviewed by the Clark County District Attorney's Office, which issued a formal notice on May 13, 2011, stating that no charges would be filed and the matter was closed with no prosecution or conviction. This incident was a significant turning point for me, and I have had no further issues of any kind. I have maintained a clean, stable, and fully compliant personal and professional record in the years since.

Original Signature (electronic, copies or stamps not accepted)

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

Dear Ms. Kraemer:

The purpose of this correspondence is to advise you that your term of supervised release expired on November 18, 2015. As such, you are no longer responsible to report to the United States Probation Office in person or in writing.

However, if your offense of conviction resulted from a crime which is registerable with the State of California, you may be required to continue such registration. Please contact your local law enforcement agency for specific registration requirements.

Best of luck to you in the future.

Sincerely,

Joe Torres

Provide explanation below:

In 2018, the Arizona Attorney General's office and the Arizona Medical Board initiated an investigation into my consulting work performed for a pharmaceutical company between 2014 and 2016, specifically examining whether opioids, including Subsys, a fentanyl-containing product, were prescribed to certain patients in a misleading manner in violation of the Arizona Consumer Fraud Act. This matter led to the board and the AG to scrutinize the charts of seven patients, all of whom were under my care as a double board-certified anesthesiologist and pain management specialist; independent reviews by two nationally recognized experts, [redacted] M.D., and [redacted] II, M.D., unequivocally confirmed that I met the applicable standard of care for each patient, that none suffered any medical or financial harm, and that my treatment posed no risk to patients or the public.

Although the court dismissed the case twice for lack of evidence during more than 12 months of litigation, the AG pursued the matter, prompting my attorneys to recommend settlement as the most practical resolution after over 8 years of cumulative legal proceedings. Accordingly, in Aug 2019, I entered into a consent agreement with the Attorney General, explicitly acknowledging only record-keeping improvements were needed while disputing the validity of all patient-care allegations, as I did not agree that the findings of fact were fully supported by evidence; this agreement required me to complete a 10-hour in-person course on controlled substance prescribing, over 25 hours of continuing medical education (CME) in medical record-keeping and prescribing practices, and two years of successful chart audits by a Board-approved agency, all of which I fulfilled, resulting in the probation being lifted by the Board in early 2022 with no ongoing restrictions on my Arizona medical license.

Simultaneously addressing the parallel civil consumer fraud action filed by the State of Arizona, I executed a Consent Judgment on July 29, 2021, after the case had been pending since 2017; this settlement, which pertained to the identical underlying facts investigated by the Medical Board. The agreement did not constitute an admission of wrongdoing, violation of standards of care, or unlawful conduct on my part.As stated above, I did complete all the required chart audits and record keep courses. I have since significantly enhanced my documentation practices and continue to treat patients, including many from this review, without incident or restriction.

Attorneys for the State of Arizona

SUPERIOR COURT OF ARIZONA

IN MARICOPA COUNTY

STATE OF ARIZONA, *ex rel.* MARK BRNOVICH, Attorney General, Plaintiff, v. INSYS THERAPEUTICS, INC., et al., Defendants.	Case No.: CV-2017-012008 **CONSENT JUDGMENT** (Assigned to the Hon. Randall Warner)

The State of Arizona, *ex. rel.* Mark Brnovich, the Attorney General, filed its First Amended Complaint in this action on March 2, 2018, alleging that Defendant Nikesh Seth, M.D. ("Dr. Seth") and other parties violated the Arizona Consumer Fraud Act, Arizona Revised Statutes ("A.R.S.") §§ 44-1521 to 44-1534 ("ACFA"). Dr. Seth has been fully advised of his rights in this matter and has waived the same. This Court has jurisdiction over the subject matter and the parties for purposes of entering this Consent Judgment and retains jurisdiction for the purpose of enforcing this Consent Judgment. Dr. Seth has agreed to a voluntary

compromise of disputed claims with the State of Arizona for the sole purpose of ending litigation concerning the matters at issue in the First Amended Complaint. Dr. Seth explicitly denies any unlawful or wrongful conduct, any violations of applicable standards of care, the allegations in the First Amended Complaint, and the Conclusions of Law below. This Consent Judgment shall not be construed as an admission by Dr. Seth of any unlawful or wrongful conduct, violation of applicable standards of care, the allegations in the First Amended Complaint, or the Conclusions of Law below.

PARTIES AND VENUE

1. The Plaintiff is the State of Arizona, *ex rel.* Mark Brnovich, Attorney General, who is authorized to bring this action under the ACFA.

2. Dr. Seth is a medical doctor and a resident of Maricopa County, Arizona, and was at all times relevant to the First Amended Complaint.

3. Defendant Ami Seth (together with Dr. Seth, the "Seth Defendants") was, at all times relevant, the spouse of Defendant Seth, and was named in the underlying action solely for her interest in the marital community. The State does not allege that Defendant Ami Seth violated the ACFA.

4. At all times relevant to the First Amended Complaint, Dr. Seth was acting for and on behalf of his marital community.

5. Venue is proper in Maricopa County, Arizona.

FINDINGS OF FACT

6. Dr. Seth has practiced medicine in Maricopa County since 2011.

7. Dr. Seth's medical practice focuses on pain management and did at all times relevant to the First Amended Complaint.

8. From approximately June 2014 through September 2016, Dr. Seth was paid by Insys Therapeutics, Inc. ("Insys") to speak to medical providers and others about his experience prescribing the drug Subsys.

9. Insys paid Dr. Seth a contractually fixed amount for each speaking engagement, totaling approximately $229,187.50 for the entire time period.

10. During the same timeframe, Dr. Seth prescribed Subsys to some of his patients. The State alleges that Dr. Seth did so as a result of receiving payments from Insys. Dr. Seth contends that he prescribed Subsys to a small subset of his patients where it was his medical judgment that such a prescription was in the patient's best interest.

11. Dr. Seth's patient population fluctuated in size and varied in diagnosis makeup during the years 2011 through 2017, and his prescription of Subsys and other similar products also varied over that time period.

12. After Dr. Seth began speaking for Insys in 2014, the number of Subsys prescriptions he wrote increased.

13. After Dr. Seth stopped speaking for Insys in 2016, the number of Subsys prescriptions he wrote decreased.

CONCLUSIONS OF LAW

14. The State alleges that Dr. Seth's actions described above constitute unfair acts in connection with the sale or advertisement of merchandise in violation of A.R.S. § 44-1522.

15. The State alleges that Dr. Seth should have known that the actions described above were prohibited by the ACFA and, therefore, that Dr. Seth willfully violated the ACFA pursuant to A.R.S. § 44-1531.

16. Pursuant to A.R.S. § 44-1528(A)(3), the Court is authorized to order disgorgement of all gains, profits, and gross receipts acquired through any practice in violation of the ACFA.

17. Pursuant to A.R.S. § 44-1531, the Court is authorized to award civil penalties of up to $10,000 for each willful violation of the ACFA.

18. Pursuant to A.R.S. § 44-1528(A), the Court is authorized to make such orders as may be necessary to enjoin violations of the ACFA.

ORDER

It is ordered, adjudged, and decreed that:

19. Pursuant to the parties' agreement, the Seth Defendants shall disgorge to the State the amount of $229,187.50. All monies paid as disgorgement under this Consent Judgment

shall be deposited in the Consumer Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund and administered in accordance with A.R.S. § 44-1531.02.

20. Pursuant to the parties' agreement, the Seth Defendants shall pay civil penalties to the State in the amount of $145,000.00. All monies paid as civil penalties under this Consent Judgment shall be deposited in the Consumer Protection-Consumer Fraud Revolving Fund and administered in accordance with A.R.S. § 44-1531.01.

21. The Seth Defendants shall pay $40,000.00 within 30 days of the entry of this Consent Judgment. Thereafter, the Seth Defendants shall pay $25,000.00 per calendar quarter until both the disgorgement award and civil penalties award are paid in full.

22. All monies paid under this Consent Judgment shall be used to satisfy the disgorgement award first and then the civil penalties award until both awards are paid in full.

23. The payments required herein shall be paid in the form of cashier's checks or money orders made payable to "The State of Arizona." Payment shall be delivered, or mailed and postmarked, to:

Consumer Protection and Advocacy Section
The Office of the Arizona Attorney General
Attn: Stephanie Paine
2005 N. Central Ave, Suite 100
Phoenix, AZ 85004

24. Pursuant to the parties' agreement, and in order to prevent future violations of the ACFA:

a. Dr. Seth is prohibited from engaging in any conduct that violates the ACFA as it is currently written or as it may be amended in the future.

b. Dr. Seth is prohibited from engaging in or receiving any remuneration of any kind whatsoever from Prescription Drug makers, sellers, or promoters from the sale, advertisement, marketing, or promotion of Prescription Drugs for ten calendar years beginning on the date of the Court enters this Consent Judgment. For purposes of this provision, "Prescription Drug" means any chemical compound which may be used on or administered to humans to help diagnose, treat, cure, mitigate, or prevent disease or

other abnormal conditions, and which legally requires a medical prescription to dispense. This provision prohibits Dr. Seth from taking consulting fees, advisory fees, or any similar fees from makers, sellers, or promoters of Prescription Drugs. This provision does not prohibit or limit Dr. Seth from providing to patients and posting in his office patient-education information concerning Prescription Drugs, provided that any such activities do not involve remuneration of any kind whatsoever. This provision also does not prohibit Dr. Seth from receiving funds as a passive investor in any pharmacy, provided that Dr. Seth does not send any prescriptions to a pharmacy in which he which he has a greater than 1% ownership interest and prescriptions written by Dr. Seth are not filled at a pharmacy in which he has a greater than 1% ownership interest. This provision also does not prohibit Dr. Seth from receiving remuneration from the prescription of non-controlled substances by his business. This provision also does not prohibit or limit Dr. Seth from accepting for himself and his office staff de minimis items of value from Prescription Drug representatives, including in-office lunches, pens, and other office supplies, provided that the de minimis items do not total more than $500 a year from any Prescription Drug maker, seller, or promoter.

25. Nothing in this Consent Judgment will be construed as an approval by the Attorney General, the Court, the State of Arizona, or any agency thereof of the Seth Defendants' past, present, or future conduct. The Seth Defendants shall not represent or imply that the Attorney General, the Court, the State of Arizona, or any agency thereof has approved or approves of the Seth Defendants' actions or any of the Seth Defendants' past, present or future business practices.

26. The Seth Defendants warrant and represent that there is not any pending case, proceeding, or other action seeking reorganization, arrangement, adjustment, liquidation, dissolution, discharge, or recomposition of the Seth Defendants or their debts under any law relating to bankruptcy, insolvency, reorganization, or the relief of debtors, or seeking the appointment of a receiver, trustee, custodian, or other similar official for the Seth Defendants. The Seth Defendants further warrant and represent that they will not file, or cause to be filed,

any such case, proceeding, or other action prior to ninety-one (91) days after complete payment of all amounts due under this Consent Judgment. If the Seth Defendants do file or cause to be filed such a case, proceeding, or other action prior to the expiration of that time, then the State will have the right, at its sole discretion, to treat that as a material breach of this Consent Judgment, reopen proceedings, and proceed with this case as though this Consent Judgment had not been entered, provided that the Seth Defendants will be entitled to an offset for any amount the Seth Defendants already paid to the State under this Consent Judgment.

27. The Seth Defendants must provide the State with written notice within fifteen (15) days of the Seth Defendants filing or causing to be filed any case, proceeding, or other action seeking reorganization, arrangement, adjustment, liquidation, dissolution, discharge, or recomposition of the Seth Defendants or their debts under any law relating to bankruptcy, insolvency, reorganization, or the relief of debtors, or seeking the appointment of a receiver, trustee, custodian, or other similar official prior to complete payment of all amounts due under this Consent Judgment. If the Seth Defendants fail to provide the notice as required, the State will have the right, at its sole discretion, to treat that as a material breach of this Consent Judgment, reopen proceedings, and proceed with this case as though this Consent Judgment had not been entered, provided that the Seth Defendants will be entitled to an offset for any amount the Seth Defendants already paid to the State under this Consent Judgment.

28. In the event of a material breach of this Consent Judgment, in addition to all other remedies available under Arizona law and the penalties specifically provided under A.R.S. § 44-1532, the State may, in its sole discretion, reopen proceedings and continue with this case as though this Consent Judgment had not been entered, provided that the Seth Defendants will be entitled to an offset for any amount actually paid to the State.

29. The effective date of this Consent Judgment is the date that it is entered by the Court.

30. Jurisdiction is retained by this Court for the purpose of entertaining an application by the State for enforcement of this Consent Judgment.

. . .

31. Pursuant to Rule 54(b) of the Rules of Civil Procedure, the Court has determined that there is no just reason for delay, and it is therefore directed that judgment as provided in this Consent Judgement shall be entered.

DATED _____, 2021.

_____
The Honorable Randall Warner
Judge of the Superior Court

CONSENT TO JUDGMENT

32. The Seth Defendants acknowledge that they were served with a copy of the Summons and First Amended Complaint, have read and fully understands the foregoing Consent Judgment, understand the legal consequences involved in signing it, and are aware of their rights in this matter and have waived the same.

33. The Seth Defendants acknowledge that they are subject to the jurisdiction of the Court and consent to the entry of the foregoing judgment.

34. The Seth Defendants state that, other than what is contained herein, no promise of any kind or nature whatsoever was made to induce them to enter into this Consent Judgment and declare that they have entered into this Consent Judgment voluntarily.

35. This Consent Judgment is entered as a result of a compromise and a settlement agreement between the parties. Only the State may seek enforcement of this Consent Judgment. Nothing herein is intended to create a private right of action by other parties; however, this Consent Judgment does not limit the rights of any private party to pursue any remedies allowed by law.

36. The Seth Defendants acknowledge that their acceptance of this Consent Judgment is for the purpose of settling the ongoing consumer fraud lawsuit filed by the State, and further . . .

acknowledge that this Consent Judgment does not preclude any agency or officer of this State or subdivision thereof from instituting other civil proceedings as may be appropriate.

37. This Consent to Judgment may be executed in counterparts and be delivered by facsimile or electronic transmission, or a copy thereof, such constituting an original counterpart hereof, all of which together will constitute one and the same document.

DATED this _july 20th_____ 2021.

Nikesh Seth			NA	
Name of Business/Industry/Entity				
Peak health and wellness				

Provide explanation below:

In 2016 I was a minority partner in a medical clinic in Utah called Peak Health and Wellness. In 2016, the clinic was investigated by the Utah Board when they noticed that a nurse practitioner that our practice had hired did not renew her medical nurse practitioner license but was still seeing patients. She did have her RN and NP license when we hired her. We did know that she was having some issues with her FNP license renewal but was taking classes and set to renew her license. During this time, she was seeing patients under the supervision of the other physician assistant in the clinic [redacted] the Nurse practitioner, would consult with [redacted] on every patient she would see. [redacted] would also go in the room and see every patient at each visit and approve all medical decision making, documentation, prescriptions ordered, physical examination, etc. In 2016 we were shown documentation that there were times when [redacted] did not consult with [redacted] and allow him to take part in the medical decision making. As medical director of the practice, I was under the impression that all medical decision making would take place by [redacted] Despite this, on a few occasions Shereen made the decision to not consult with [redacted] on her own. This was not known to us and was brought to our attention by the Utah board. The practice and myself, as medical director, were issued a citation for this. During, this time there were no adverse patient outcomes. When we were made aware of these actions we ensured that Shereen took leave from the practice and was no longer allowed to see patients in our practice. [redacted] was also let go after we realized that she did not renew her license in a timely manner. At the time, we ensured that all providers in the practice have active medical licenses to treat patients. We never had any intention of allowing [redacted] to practice without any supervision. At the time of this incidence I had a 5% ownership in the practice and had no knowledge that this had taken place. Once I was aware of this situation we made immediate decisions to terminate [redacted] We paid the fine that was imposed on myself and the practice as well. My medical license was not under scrutiny since I did not actively take part in this issue. I was only investigated since I was medical director of the practice but individually I did not do any harm to patients and as a practice there were no adverse or negative patient outcomes. According to my correspondence the state of Utah did reduce the fine for the practice and removed any further sanctions or restrictions on the practice and myself. The investigation is currently closed and no restrictions on myself, the providers or the practice. I also currently do not own a practice in Utah.

Section 5: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?	✔	
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?	✔	
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 5 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
2018	2018	UT	Layton	davis county
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
na		davis hospital		
Reason/Charge				
didnt renew my hospital privileges				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
na			na	
Name of Business/Industry/Entity				
na				

Provide explanation below:

Regarding termination of privileges at Davis hospital in Utah:

I initially maintained a medical practice in the Salt Lake City area of Utah, where I visited and treated patients intermittently. However, by 2018, I had ceased actively providing patient care in Utah and therefore no longer required hospital credentials in that area. During the renewal and credentialing process with Davis Hospital, my credentialing team inadvertently failed to disclose certain updates regarding my medical license; specifically, an Arizona Medical Board action from august 2019 recommending additional training in medical record keeping, which is described in another document. When Davis Hospital subsequently requested additional information, I decided not to pursue the matter further, as I no longer intended to continue practicing in Utah. My decision not to file an appeal or submit further materials was based solely on my discontinuation of practice in the state. This was an unintentional oversight by the credentialing team, not an attempt to withhold information, and I did not pursue hospital privileges at Davis Hospital or any other Utah facility thereafter. Since I chose not to renew my privileges at the hospital it was shown on my record as a denial of getting privileges at the hospital however in fact I had never actually practiced at that hospital and felt no need to spend the time or money to submit documents in order to renew my credentials at the hospital. I still currently do not practice in the state of Utah.

This is in response to Question # 2 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
03/13/2019	2019	az	scottsdale	maricopa

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
m0751tr2019005459	scottsdale court

Reason/Charge
DUI

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Nikesh Seth is defendent	NA

Name of Business/Industry/Entity
NA

Provide explanation below:

On March 13, 2019, I was charged with DUI in violation of A.R.S. §§ 28-1381(A)(1)-(2) (a regular-level DUI). There was no accident, and the charges were dropped to a misdemeanor. This case has been closed and I settled the case with the court. I had the lowest level charges given to me and was required to take driving classes and to attend various other classes for substance abuse. No substance use disorder was found. At this stage, I have complied with all the requirements of the court and there is no restriction on my medical license nor was there ever a restriction on my license. This was over 7 years ago and there has been no repeat violation since.

State Of Arizona VS. SETH, NIKESH [redacted]	Case #: M-0751-TR-2019005459 Complaint #: 08094035	FLYNN P CAREY [redacted]

Judgment and Sentence

Defendant: NIKESH SETH Date of Birth [redacted]

The Defendant is advised of the charge(s), the determination of guilt, and is given the opportunity to speak.

Pursuant to A.R.S. § 13-607, the court finds as follows:

Waiver of Trial - The Defendant knowingly, voluntarily and intelligently waived all pertinent rights. The basis of finding of guilt was based upon a plea of guilty or no contest.

Count	Charge Date	Charge
1-1	3/13/2019	A.R.S. 28-1381A1 (1ST) DUI LIQUOR/DRUGS/VAPORS/COMBO a Class 1 Misdemeanor

Disposition: Plead Guilty on 8/7/2019

The deputy below certifies that the Defendant's right index fingerprint was permanently affixed to this document at the time of sentencing and in open Court.

IN THE SCOTTSDALE CITY COURT, MARICOPA COUNTY, STATE OF ARIZONA

STATE OF ARIZONA, PLAINTIFF, VS. NIKESH SETH, DEFENDANT.	Complaint No. C-08094035	PLEA AGREEMENT
	Case No. TR-2019005459	1st Offense DUI

The State of Arizona and the defendant hereby agree to the following disposition of this case.

Plea: The defendant agrees to plead guilty to:
Count 1, ARS §28-1381A1 (1ST), DUI LIQUOR/DRUGS/VAPORS/COMBO, a class one misdemeanor, committed on 03/13/2019

1 The defendant shall:

For Count 1:

a) attend an Alcohol Abuse Screening and successfully complete all treatment recommended by the screening agency;
b) serve 10 consecutive day(s) in jail; 9 day(s) to be suspended upon successful completion of alcohol screening and any recommended program; pay jail costs as imposed by the Court, pursuant to A.R.S. § 13-804.01B;
c) pay a fine of $250.00 + 78% surcharge + $106.20 Sentence Enhancement = $551.20
d) Pay a Victims Rights Assessment Fee of $9;
e) Pay a Police Officer Training Equipment Fund Fee of $4;
f) be placed on 0 year(s) and 0 month(s) unsupervised probation and pay probation fees of $0.00;
g) pay a DUI assessment of $500.00;
h) pay a DPS assessment of $500.00;
i) pay a DUI abatement fee of $0.00
j) pay $34.00 to reimburse the Scottsdale Police Department for the blood sample procedure;
k) pay $0.00 to reimburse the Scottsdale Police Department for the search warrant procedure;
l) pay a Jail Video reimbursement fee of $0.00.
m) serve 0 hour(s) of community restitution;
n) MADD Impact;

2. The parties further stipulate to the incorporation by reference of departmental report # 19-05632 for use in determining a factual basis. BAC: 0.114

3. The following Charges are dismissed, or if not yet filed, shall not be brought against the defendant:

Count 2, ARS §28-1381A2 (1ST); Count 3, ARS §28-701A (16-20); Count 4, ARS §28-751.1; Count 5, ARS §28-4135C (1ST);

4. Defendant avows:

no prior convictions for a violation of A.R.S. §§28-692/28-1381, 28-1382, 28-697/28-1383, or an equivalent conviction in any other jurisdiction, within eighty-four (84) months of the date of violation of this case.

5. If this Plea Agreement is rejected, withdrawn, or reversed on appeal, the original charges will automatically be reinstated and set for trial.

6. The defendant hereby gives up any and all motions, defenses, objections, or requests that he/she has made or raised, or could assert hereafter, to the Court's entry of judgment and imposition of sentence consistent with this agreement, unless this plea is rejected or withdrawn.

7. This Plea Agreement does not preclude any other remedies authorized by law. MOTOR VEHICLE DIVISION MAY TAKE ADDITIONAL SEPARATE ACTION THAT MAY AFFECT DEFENDANT'S DRIVERS LICENSE AND/OR VEHICLE REGISTRATION

DEFENDANT: I have read and understand the above. I have discussed the case and my constitutional rights with my lawyer, if I have one. I have been informed of my constitutional rights by the court or my lawyer and understand that I am waiving those rights in order to enter into this plea.

I agree to enter my plea of guilty as indicated above on the terms and conditions set forth in this document. I further understand that if, as a part of this plea agreement, I am placed on probation by the court, the terms and conditions thereof are subject to being modified at any time during the period of probation, in the event that I violate any written condition of my probation.

Date 8/7/19. Defendant Seth

DEFENSE COUNSEL: I have discussed this case with my client in detail and explained his/her constitutional rights to him/her. I believe that the defendant's plea is knowing, intelligent, and voluntary and that the plea and disposition are consistent with law.

Date 8/7/19 Defense Counsel [signature] 25399

PROSECUTOR: I have reviewed this matter and concur that the plea and disposition set forth herein are appropriate and in the interest of justice.

Date 8-7-19. Prosecutor [signature]

INTERPRETER: I have accurately interpreted the terms of this Plea Agreement for the Defendant and ascertained that he/she understands the language of interpretation

All documentation and explanation from the following events –

- Minnesota Board of Nursing date of action 8/31/2022. I held a license in MN prior to losing my license in Texas in 2015. Minnesota BON filed charges against me in 2022 when I applied to renew my MN license based upon their allegation that I did not disclose my previous disciplinary actions in Texas.
- Colorado Board of Nursing date of action 12/29/2020. I applied for a Colorado license in 2020. The CO BON filed charges against me for applying for a license. It was their only way to deny me a license in their state due to the compact state license law.
- California Board of Nursing date of action 11/03/2016 and 6/19/2020. I held a license in CA prior to losing my license in Texas in 2015. CA BON filed charges against me in 2016 when I applied to renew my CA license the disciplinary actions in Texas. My CA license was renewed but I was placed on probation due to the Texas discipline. When COVID hit, I resigned from nursing in 2020. CA law of nursing states that if a nurse in probation chooses to not work, they must resign their license which causes a board investigation.
- HHS Office Of Inspector General date of action 11/19/2015 and 1/7/2019. The 11/19/2015 investigation was because of the Texas nursing discipline. The 1/7/2019 investigation was because of the CA resignation
- Texas Health and Human Services Commission date of action 4/16/2015. This investigation was tied to the Texas discipline.
- Texas Board of Nursing date of action 10/17/2024, 4/16/2015 and 2/11/2025. On 10/17/24 I was disciplined and placed on probation due to an ethical violation. The allegation was that I had a "personal relationship" with a patient. The probation involved limited practice rules to include age and demographics. On 4/16/2015, an insurance company reported to the BON of Texas that I had violated probation by submitting for reimbursement while on probation. During this investigation. The BON suspended my license pending

review. During this review I resigned from nursing due to medical and personal reasons. The BON held me as non compliant to their rules and on 2/11/2015, they revoked my license.

BEFORE THE MINNESOTA
BOARD OF NURSING

In the Matter of
Samuel L. Jerideau, RN
RN License No. 1516548

FINDINGS OF FACT, CONCLUSIONS, AND FINAL ORDER

The above-entitled matter came on for a prehearing conference on June 7, 2022, before Administrative Law Judge ("ALJ") Barbara J. Case at the request of the Minnesota Board of Nursing ("Board") Review Panel. The matter was initiated pursuant to the Notice and Order for Prehearing Conference and Hearing ("Notice of Hearing") issued by the Board Review Panel on April 27, 2022. (A true and correct copy of the Notice of Hearing is attached and incorporated as Exhibit A.) Jamal Zayed, Assistant Attorney General, represented the Board Review Panel. Samuel L. Jerideau, RN ("Licensee") did not appear.

On June 13, 2022, the ALJ issued Findings of Fact, Conclusions of Law, and Recommendation Upon Default ("ALJ's report"), recommending the Board take disciplinary action against Licensee's nursing license. (A true and correct copy of the ALJ's report is attached and incorporated as Exhibit B.)

The Board convened to consider the matter on August 4, 2022, at 1210 Northland Drive, Suite 120, Mendota Heights, Minnesota. Jamal Zayed, Assistant Attorney General, appeared on behalf of the Board Review Panel. Licensee did not appear. Board member Becky Gladis did not participate in deliberations and did not vote in the matter. Leslie Larson, Nursing Practice Specialist for the Board, did not participate in the deliberations. Nicholas Lienesch, Assistant Attorney General, was present as legal advisor to the Board.

FINDINGS OF FACT

The Board has reviewed the record of this proceeding and hereby accepts the ALJ's June 13, 2022, report and accordingly adopts and incorporates by reference the Findings of Fact therein. Paragraph 5 of the ALJ's Conclusions of Law states:

> 5. Under Minn. R. 1400.6000, when a party defaults by failing to appear at a prehearing conference without the prior consent of the judge, the allegations and the issues set out in the Notice and Order for Prehearing Conference and Hearing may be taken as true and deemed proven. The Administrative Law Judge therefore deems the allegations to be true.

(ALJ's report, Ex. B at 3.)

The allegations contained in the Notice of Hearing are as follows:

1. On or about June 13, 2001, the Board granted Licensee a license to practice professional nursing in the State of Minnesota.

2. On or about May 13, 2014, the Texas Board of Nursing adopted an Order ("2014 Texas Order"), that Licensee agreed to and signed on April 17, 2014, suspending Licensee's licenses to practice advanced practice registered nursing and professional nursing in the State of Texas. The basis for the 2014 Texas Order was Licensee's inappropriate activities with a minor patient that violated professional boundaries. According to Licensee, after seeing the minor patient at his clinic and performing routine physical examination, Licensee exchanged emails and text messages of a romantic nature with an individual who represented herself as a female in her twenties. The individual turned out to be the minor patient, and Licensee paid the minor patient $1,000 for her silence.

3. On April 16, 2015, the Texas Board revoked Licensee's Texas nursing licenses based on Licensee's violation of the 2014 Texas Order by providing care for minor patients and Licensee's violation of the Texas Administrative Code by misrepresenting himself as a doctor.

4. On July 7, 2016, an Administrative Law Judge ("ALJ") held a hearing at the Office of Administrative Hearings in Oakland, California, regarding Licensee's license to practice registered nursing in the State of California. During the hearing, Licensee acknowledged the facts underlying the 2014 Texas Order. On October 4, 2016, the California Board of Registered Nursing ("California Board") adopted the ALJ's proposed decision and

issued an order revoking Licensee's license to practice registered nursing in the State of California, staying the revocation, and placing Licensee on probation for three years.[1]

5. On April 27, 2020, the Board received Licensee's Registered Nurse Renewal Application. Licensee failed to answer "Yes" to the question: "Are you under investigation or are you subject of any pending or past disciplinary action or have you ever been refused a nursing license or any other occupational license in any state, territory or country?"

6. On June 18, 2020, the California Board adopted a Stipulated Surrender of License and Order under which Licensee agreed to voluntarily surrender his license to practice registered nursing in the State of California. Licensee also agreed that the Stipulated Surrender is considered formal discipline against his California nursing license.

7. On October 29, 2020, the Colorado Board of Nursing denied Licensee's application for professional nurse licensure by endorsement based on the 2014 Texas Order and Licensee's attempt to procure his license by fraud, deceit, misrepresentation, misleading omission, or material misstatement of fact.

8. On September 3, 2021, the Board sent Licensee an inquiry letter to the address Licensee provided to the Board on his renewal application in April of 2020. The letter was returned to the Board as "return to sender insufficient address unable to forward" on September 16, 2021. Licensee provided no updated or other mailing address to the Board as required by Minnesota Rule 6310.3300, subpart 2.

(Notice of Hearing, Ex. A at 2-3.)

CONCLUSIONS OF LAW

The Board accepts the ALJ's June 13, 2022, report and accordingly adopts and incorporates the Conclusions of Law therein.

ORDER

Based on the foregoing Findings of Fact and Conclusions and upon the recommendation of the ALJ, the Board issues the following Order:

1. NOW, THEREFORE, IT IS HEREBY ORDERED that Licensee's license to practice professional nursing in the State of Minnesota is **REVOKED** immediately for a

[1] Because Licensee resided outside of California at the time of the 2016 Order, his probation was placed in a "TOLLED" status until March 19, 2018, which became the effective date of the start of his probation.

minimum of two years from the date of this Order and upon reinstatement of Licensee's nursing licenses in the State of Texas.

2. IT IS FURTHER ORDERED that during the period of revocation Licensee shall not engage in any conduct that constitutes the practice of professional nursing as defined in Minnesota Statutes section 148.171 and shall not imply to any person by words or conduct that Licensee is authorized to practice nursing in the State of Minnesota.

3. IT IS FURTHER ORDERED that Licensee may apply for relicensure after a minimum of two years from the date of this Order and upon reinstatement of Licensee's nursing licenses in the State of Texas. The burden of proof will be on Licensee to provide by a preponderance of the evidence that Licensee is fit to practice nursing in a safe, competent, and ethical manner. At the time of Licensee's application, Licensee will be required to meet with a Review Panel and comply with, at a minimum, the following:

a. Self-Report. Licensee shall submit a report to the Board at the time Licensee applies for relicensure. The report shall provide and address:

1) Licensee's job title, dates of employment, work schedule, and the employer's name for every employment Licensee has held while this Order has been in effect;

2) Evidence that the Texas Board of Nursing has reinstated Licensee's nursing licenses.

3) Licensee's future plans in nursing and the steps he has taken to prepare himself to return to nursing practice; and

4) Any other information Licensee believes would assist the Board in its ultimate review of this matter.

b. Waivers. If requested by the Board at any time during the relicensure process, Licensee shall complete and sign waivers allowing representatives of the Board to obtain copies of all of Licensee's personnel records and to discuss Licensee's job performance with his employers.

c. Evidence of Rehabilitation. Licensee must provide any information relevant to his application reasonably requested by the Review Panel. The Board will consider all competent evidence of rehabilitation presented to the Board upon Licensee's application for relicensure.

d. Reexamination, Licensure Application, and Licensure Fee. Licensee must retake the National Council Licensure Examination for Registered Nurses ("NCLEX-RN") and/or the National Council Licensure Examination for Practical Nurses ("NCLEX-PN"), submit completed application(s) for licensure, pay the licensure fee(s), and meet all other licensure requirements in effect at the time of application, including submission of evidence of passing score(s) on the NCLEX-RN and/or NCLEX-PN.

e. Respond to Findings of Fact. Licensee must submit a response to each separate fact set forth in the Findings of Fact.

4. IT IS FURTHER ORDERED that Licensee must surrender to the Board his license. Licensee must personally deliver or mail the license to the Minnesota Board of Nursing, c/o Kimberly S. Miller, Executive Director, 1210 Northland Drive, Suite 120, Mendota Heights, Minnesota 55120, within ten days of the date of this Order.

5. IT IS FURTHER ORDERED that, pursuant to Minnesota Statutes section 148.262, subdivision 4, when Licensee applies for relicensure, he must pay to the Board the total costs of the proceedings which resulted in the revocation of his license, including the

costs paid by the Board to the Office of Administrative Hearings. The total costs of the proceedings are $1,084.60 and shall be paid by cashier's check(s) or money order(s) made payable to the Minnesota Board of Nursing, c/o Kimberly S. Miller, Executive Director, 1210 Northland Drive, Suite 120, Mendota Heights, Minnesota 55120.

6. IT IS FURTHER ORDERED that Licensee's violation of this Order shall constitute the violation of a Board order for purposes of Minnesota Statutes section 148.261, subdivision 1(18), and provide grounds for further disciplinary action.

7. IT IS FURTHER ORDERED that the Board may, at any regularly scheduled meeting following Licensee's application for relicensure of his license, take any of the following actions:

a. Grant nursing licensure to Licensee;

b. Grant nursing licensure to Licensee with limitations upon the scope of Licensee 's practice and/or with conditions for Licensee's practice; or

c. Continue the revocation of Licensee 's license upon Licensee's failure to meet the burden of proof.

Re: RN Applicant
Case Number: 2020-3012

Dear Samuel L Jerideau:

On October 27, 2020, Inquiry Panel A of the State Board of Nursing ("Board") considered the application you submitted for professional nurse licensure by endorsement.

After careful consideration of all information contained in your application file, it was the decision of the Board to deny your application at this time. The basis for the Board's decision to deny your application is pursuant to the Nurse and Nurse Aide Practice Act, sections 12-255-101 to 133, C.R.S., specifically as follows:

12-255-120. Grounds for discipline. (1) "Grounds for discipline", as used in this article 255, means any action by any person who:

(a) Has procured or attempted to procure a license by fraud, deceit, misrepresentation, misleading omission, or material misstatement of fact.

(d) Has had a license to practice nursing or any other health care occupation suspended or revoked in any jurisdiction. A certified copy of the order of suspension or revocation shall be prima facie evidence of the suspension or revocation.

(t) Has been disciplined by another state, territory, or country based upon an act or omission that is defined substantially the same as a ground for discipline pursuant to this subsection (1).

Pursuant to sections 12-255-120, 12-255-121, and 24-4-104(9), C.R.S., you have the right to request a hearing regarding the denial of your application. In order to exercise this right, you must provide written notification to the Board at the above listed address within sixty (60) days from the date of this letter specifically requesting a hearing. You may send your written request for a hearing to DORA_NursingBoard@state.co.us. In the event that you do not make a timely request for a hearing, the denial of your application will become final.

In the Matter of the Stipulated Surrender of License and Order Against: SAMUEL LAMONT JERIDEAU [redacted] Registered Nurse License No. 685172 Respondent.	Case No. 2015-321 OAH No. 2016060594 **STIPULATED SURRENDER OF LICENSE AND ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties that the following matters are true:

PARTIES

1. Loretta Melby, RN, MSN (Complainant) is the Acting Executive Officer of the Board of Registered Nursing, who brought this action solely in her official capacity.

2. Samuel Lamont Jerideau (Respondent), is representing himself in this proceeding and has chosen not to exercise his right to be represented by counsel.

3. On or about August 1, 2006, the Board of Registered Nursing issued Registered Nurse License No. 685172 to Samuel Lamont Jerideau (Respondent). The Registered Nurse License No. 685172 expires on March 31, 2022.

JURISDICTION

4. On October 4, 2016, the Board of Registered Nursing adopted Decision and Order Case No. 2015-321; OAH No. 2016060594, which became effective on November 3, 2016. The Decision and Order requires, inter alia, the respondent to serve a 3-year probation term that includes Probation Conditions # 1-14. The Decision and Order is attached as exhibit A and incorporated herein by reference. Per Condition 4 of Decision and Order Case No. 2015-321; OAH No. 2016060594, Respondent resided outside of California placing his probation in a "TOLLED" status until the return date of March 19, 2018, which became the effective date of probation.

5. At all times after the effective date of Respondent's probation, Condition 13 states,

"**License Surrender.** During Respondent's term of probation, if he ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation, Respondent may surrender his license to the Board. The Board reserves the right to evaluate Respondent's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances, without further hearing. Upon formal acceptance of the tendered license and wall certificate, Respondent will no longer be subject to the conditions of probation.

Surrender of Respondent's license shall be considered a disciplinary action and shall become a part of Respondent's license history with the Board. A registered nurse whose license has been surrendered may petition the Board for reinstatement no sooner than the following minimum periods from the effective date of the disciplinary decision:

(1) Two years for reinstatement of a license that was surrendered for any reason other than a mental or physical illness; or

(2) One year for a license surrendered for a mental or physical illness."

ADVISEMENT AND WAIVERS

6. Respondent has carefully read and understands Decision and Order Case No. 2015-321; OAH No. 2016060594. Respondent has carefully read, and understands the effects of this Stipulated Surrender of License and Order and understands that this Stipulated Surrender, if accepted by the Board, is considered as formal discipline of his license.

7. Respondent understands that by signing this stipulation he enables the Board to accept the surrender of his Registered Nurse License without further process.

CONTINGENCY

8. This stipulation shall be subject to approval by the Board of Registered Nursing. The Respondent understands and agrees that by signing this Stipulated Surrender of License and Order, he may not withdraw his agreement or seek to rescind the stipulation prior to the date it becomes effective. If the Board declines to accept this stipulation as its Decision and Order, the Stipulated Surrender of License and Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

9. This Stipulated Surrender of License and Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Surrender of License and Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

10. The parties understand and agree that facsimile copies of this Stipulated Surrender of License and Order, including facsimile signatures thereto, shall have the same force and effect as the originals.

11. In consideration of the foregoing stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

ORDER

IT IS HEREBY ORDERED that Registered Nurse License No. 685172, issued to Respondent Samuel Lamont Jerideau is surrendered and the surrender is accepted by the Board of Registered Nursing.

1. The surrender of Respondent's Registered Nurse License and the acceptance of the surrendered license by the Board shall constitute the imposition of discipline against Respondent. This stipulation constitutes a record of the discipline and shall become a part of Respondent's license history with the Board.

2. Respondent shall lose all rights and privileges as a Registered Nurse in California as of the effective date of the Board's Decision and Order.

3. Respondent shall cause to be delivered to the Board both his pocket license and wall certificate, if one was issued, on or before the effective date of the Decision and Order.

4. Respondent fully understands and agrees that if he ever files an application for licensure or a petition for reinstatement in the State of California, the Board shall treat it as a petition for reinstatement. Respondent must comply with all the laws, regulations and procedures for reinstatement of a revoked or surrendered license in effect at the time the petition is filed, and all of the charges and allegations contained in Accusation No. 2015-321 shall be deemed to be true, correct and admitted by Respondent when the Board determines whether to grant or deny the petition.

5. Respondent shall not apply for licensure or petition for reinstatement for 1 year from the effective date of the Board of Registered Nursing's Decision and Order.

ACCEPTANCE

I have carefully read the Stipulated Surrender of License and Order. I understand the stipulation and the effect it will have on my Registered Nurse License. I enter into this Stipulated Surrender of License and Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Registered Nursing.

DATED: _____.

SAMUEL LAMONT JERIDEAU	Case No. 2015-321
Registered Nurse License No. 685172,	OAH No. 2016060594
Respondent.	

PROPOSED DECISION

Administrative Law Judge Diane Schneider, Office of Administrative Hearings, State of California, heard this matter on July 7, 2016, in Oakland, California.

Complainant Louise Bailey, M.Ed., R.N., Executive Officer of the Board of Registered Nursing, was represented by Kim M. Settles, Deputy Attorney General.

Respondent Samuel Lamont Jerideau was present and represented himself.

The record was held open for respondent to submit additional documents and for complainant to comment thereon. Respondent timely submitted 25 pages of documents, which were collectively marked as Exhibit I and admitted into evidence as administrative hearsay. Complainant did not submit any comments regarding respondent's submission.

The record closed and the matter was submitted for decision on July 27, 2016.

SUMMARY OF CASE

Respondent was disciplined by the Texas Board of Nursing (Texas Board) for committing multiple errors in judgment while licensed in Texas. However, he demonstrated sufficient evidence of his rehabilitation that the public safety will not be imperiled if he is permitted to retain his nursing license while on probation to the Board of Registered nursing in California. During closing argument complainant recommended that respondent be placed on probation, with appropriate terms and conditions.

FACTUAL FINDINGS

1. Complainant Louise R. Bailey, M.Ed., R.N., filed the accusation in her official capacity as Executive Officer, Board of Registered Nursing (Board), Department of Consumer Affairs.

2. On August 1, 2006, the Board issued registered nurse license number 685172 to respondent Samuel Lamont Jerideau. The license expired on March 31, 2016.[1]

3. On May 13, 2014, the Texas Board issued an Order In the Matter of Advanced Practice Registered Nurse License Number AP112723 & Registered Nurse License Number 651668 issued to Samuel Jerideau (Order). The Order suspended respondent's advanced practice and registered nurse license for two years. The suspension was stayed and respondent was placed on probation for two years, on terms and conditions that included work restrictions and requirements, taking and completing coursework, employment requirements and restrictions, and supervision.

4. The facts and circumstances underlying respondent's discipline are that between June 28 and July 26, 2013, while employed as a family nurse practitioner and owner of J and J Healthcare Clinic in Duncanville, Texas, respondent engaged in inappropriate activities and violated professional boundaries with patient R.A., who was 17 years old at the time. On June 28, 2013, respondent performed a routine physical examination on R.A. Soon thereafter, on a date not established by the evidence, respondent was contacted on Facebook by a person who identified herself as "Veronica," represented that she was a woman in her twenties or thirties. "Veronica" and respondent exchanged romantic text messages and emails. Respondent purchased a cell phone for "Veronica," provided his debit card information, and arranged for them to meet. When respondent met "Veronica" he discovered that she was, in fact, R.A. After R.A. threatened to reveal respondent's behavior, respondent gave R.A. $1,000 for his silence.

5. At hearing complainant amended the accusation, with the consent of respondent, to include paragraph 8, subsections C and D, as follows:

> 8C. On or about April 16, 2015, in the Matter of the Permanent Certificate Numbers AP112733 and 651668 & Prescriptive Authorization Number 5188, Issued to Samuel Jerideau, the Texas Board issued an Order whereby Respondent's Permanent Certificate Numbers AP112733 and 651668 and Prescriptive Authorization Number 5188 are revoked.

[1] The expiration of respondent's license does not deprive the Board of jurisdiction to proceed in the instant case or to render a decision suspending or revoking his license. (Bus. & Prof. Code, § 2764.) It is noted that the date on which respondent's license expired is incorrectly pled in the accusation.

8D. The circumstances of Respondent's discipline are that proper and timely notice of Formal Charges alleged to warrant discipline has been provided to Respondent pursuant to statute and Respondent was given proper and timely notice and opportunity to appear. Respondent did not appear at the hearing and the factual allegations listed in the Formal Charges were deemed admitted by default. The Formal Charges are as follows:

1. Respondent was non-compliant with the Texas Board's Order, as referenced in paragraph 8, subdivision A, above, in that Respondent provided care to minor patients.

2. Respondent misrepresented himself as a Doctor, calling himself "Doctor Sam" on his website, in a manner that was likely to deceive the public.

Respondent's evidence

6. Respondent is a veteran of the United States Army. He received his nursing degree from Texas Woman's University in 1998, and his master's degree in nursing from the Family Nurse Practitioner (FNP) Program from the same institution in 2003. Respondent was licensed to practice nursing in Texas in 1998, and recognized as a FNP and granted prescriptive authority in 2003.

7. Respondent fully acknowledges that he committed a serious error in judgment when he paid R.A. $1,000 to buy R.A.'s silence as to respondent's texting and email contacts with him. Respondent credibly testified that he discovered that "Veronica" was really R.A., when respondent met "Veronica" in person at respondent's home on July 7, 2016. Had respondent known that "Veronica" was really R.A., he never would have engaged in exchanging romantic texts and emails with him. When respondent told R.A. that he was not going to get involved with him romantically R.A. left respondent's home upset. Thereafter, R.A. sent respondent email and text messages in which he threatened to call the police and the medical board, initiate a lawsuit against respondent for "leading [R.A.] on," and post a message on Facebook that respondent was "gay," unless respondent paid him $1,000. Respondent panicked and met R.A. at a restaurant and gave R.A. $1,000 to buy his silence. R.A. later filed a complaint with the Texas Board.

8. Respondent denies, and the evidence failed to demonstrate, that respondent engaged in any inappropriate conduct with R.A. during R.A.'s medical examination or during the meeting at respondent's home. R.A.'s foster parent provided a written statement to the Texas Board in which she states that she was present during respondent's examination of R.A. and that she did not witness any inappropriate behavior. The foster parent questioned the credibility of R.A. and stated that she has taken her grandchildren and foster

children to respondent's clinic for years and never had any complaints regarding respondent's provision of services.

9. As part of the Texas Board's investigation into R.A.'s allegations, the Board required respondent to submit to a sex offender evaluation, at his own cost, to determine if respondent was impaired from safely practicing nursing. Respondent was evaluated by Dr. Timothy James Proctor. Neither Dr. Proctor's credentials nor his report were presented at hearing. Respondent testified, however, that Dr. Proctor found that he was not a threat to the public and recommended that respondent be allowed to continue working as a nurse. Following Dr. Proctor's findings, the Texas Board offered respondent a two year stayed suspension with probation. Respondent agreed, and admitted only that he had given R.A. $1,000. Although respondent's attorney advised him to take the matter to hearing, respondent could not afford to do so since he had already expended $30,000 in legal fees.

10. As to respondent's subsequent violations of the probationary terms set forth in the Texas Board's Order, respondent readily admits that he allowed his patients to call him "Doctor Sam," and that this nickname was used on his website. He did not realize at the time that this nickname could mislead the public. When he learned of this, he immediately stopped this practice and removed the "Doctor Sam" reference from his website. Respondent denies that he violated the Texas Board's probation Order by treating minors. While he did not treat minors, he admits that he did bill insurance companies in his name for exams of minors that were performed by another nurse practitioner at his office. He explained that this occurred during the time period that he was waiting for insurance companies to authorize other personnel to provide medical services to minor patients at the clinic.

11. Respondent deeply regrets that he did not attend the hearing on his probation violations on April 16, 2015. He was unable to do so because he was undergoing treatment for an elbow injury.

12. Respondent has gained insight into his multiple errors of judgment and is remorseful for his mistakes. He explained that at the time he paid R.A. $1,000, he was "spinning out of control" and was "embarrassed at what was happening." Respondent suffers from anxiety and realizes that his anxiety impaired his judgment and ability to respond to the stressful situation with R.A. Respondent has received treatment from a psychologist for his anxiety. He believes this treatment has improved his ability to respond to stressful situations and make sound decisions.

13. Respondent has never practiced nursing in California. In 2003, after becoming licensed as a FNP in Texas, he opened a primary care medical clinic in Duncanville, which is a suburb of Dallas. Following his discipline in Texas, insurance carriers started to "drop him." In October 2014, he closed his medical clinic. He has not been employed since then and has supported himself on savings.

14. Respondent has pursued education and training, excelling in fields outside of nursing: In August 2012 he received a master's degree in Evangelism from Liberty

University, and in 2011, he earned a doctor of theology from Almeda University. Respondent is currently enrolled in a doctor of ministry program at Southwestern Assembly of God University. In 2015 he was admitted into the A+ Texas Teachers Alternative Certification Program and deemed eligible for a probationary teaching certificate in life science, health and physical education. Respondent is currently a cadet in the Cedar Valley College Law Enforcement Academy and expects to graduate in September 2016. Respondent has also started two nonprofit organizations geared to serving at-risk populations.

15. Respondent is active in his church, Greater Harvest North Church, in Sherman, Texas. Bishop William Charles Niblet is the pastor of Greater Harvest North Church. He wrote a letter dated July 10, 2016, in support of respondent's continued licensure. Bishop Niblet has known respondent and his family for over 10 years and observes that respondent has "deep remorse for the mistakes in judgment that he made." Bishop Niblet writes that since respondent's misconduct he has attended counseling sessions, classes and church services regularly.

16. Respondent's former wife, Shuntak Hamilton, R.N., submitted a letter dated July 10, 2016, in support of respondent. She praises respondent as a man of integrity who inspired her to become a registered nurse. Hamilton also describes respondent as a great father to their three children.

17. Respondent also submitted letters of support from individuals who are familiar with respondent personally and professionally. The letters uniformly describe respondent as a hardworking, honest and caring person.

Cost recovery

18. Complainant has incurred Attorney General costs in the amount of $1,770 in its investigation and enforcement of this matter. In the absence of evidence to the contrary, these costs are found to be reasonable.

19. Respondent is unemployed and therefore has a limited financial ability to pay a cost award.

LEGAL CONCLUSIONS

1. The Board may take disciplinary action against a registered nurse who commits unprofessional conduct, which, by definition, includes any disciplinary action taken against a licensee by another state. (Bus. & Prof. Code, § 2761, subd. (a)(4).) Pursuant to Business and Professions Code section 2761, subdivision (a)(4), a certified copy of a disciplinary order from another state constitutes "conclusive evidence of that action." Based upon the matters set forth in Factual Findings 3 and 5, cause for license discipline exists pursuant to Business and Professions Code section 2761, subdivision (a)(4).

Disciplinary determination

2. The Board's disciplinary guidelines (see California Code of Regulations, title 16, § 1444.5) provide that the recommended minimum penalty for respondent's misconduct is a stayed revocation with three years' probation.[2] It is determined that, in consideration of the following factors, a stayed revocation with three years' probation is the appropriate discipline: Respondent fully acknowledges the he committed serious errors in judgment by paying R.A. $1,000 to prevent him from revealing respondent's text and emails to him. In mitigation, respondent credibly testified that he had no idea that R.A. was posing as a female. It is noteworthy there was no evidence that respondent committed any misconduct during his examination of R.A. Additionally, respondent appears to have been unable to attend his probation violation hearing in Texas. While his failure to abide by the terms of his probation is concerning, respondent did not believe that his behaviors placed him in violation of his probation. In hindsight he realizes that it is not appropriate for his patients to call him "Doctor Sam," and that he should not have billed insurance companies for examinations performed by other personnel at his clinic. Respondent has gained insight into his misconduct and is remorseful for his mistakes. He realizes that his ability to make sound decisions was impaired by his anxiety. Through psychological treatment and reflection he appears to have developed skills to enable him to make better decisions when faced with stressful situations.

Accordingly, it is concluded that respondent has demonstrated sufficient evidence of his rehabilitation that the public safety will not be put at risk if he is permitted to retain his nursing license while on probation to the Board, subject to the terms and conditions set forth below. Since respondent did not submit any report from his treating psychologist, a question remains as to the status of respondent's treatment for his anxiety. As a condition of probation, therefore, respondent will be required to undergo a mental health examination to determine whether he requires ongoing treatment for his anxiety. Additionally, respondent will be required to complete classes in professional boundaries and ethics.

Cost recovery

3. Business and Professions Code section 125.3 provides that a licensee found to have violated licensing laws may be ordered to pay the Board "a sum not to exceed the reasonable costs of the investigation and enforcement of the cause." The Board incurred fees in the amount of $1,770 in connection with its enforcement of this case. In determining the reasonableness of the costs, the following factors have been considered: whether respondent succeeded in getting the charges dismissed or the severity of discipline reduced, whether respondent presented a "colorable challenge" to the proposed discipline, whether respondent possessed a "subjective good faith belief" in the merits of his position, and whether respondent is financially able to pay such costs. (*Zuckerman v. Board of Chiropractic Examiners* (2002) 29 Cal.4th 32, 45.) Additionally, under *Zuckerman*, the Board must not

[2] Under the guidelines, the level of discipline is determined by the conduct underlying the out-of-state disciplinary order.

assess full enforcement costs when to do so would penalize an individual who has committed some misconduct, but who has used the hearing process to reduce the severity of the discipline imposed. (*Ibid.*)

In the instant case, respondent came from Texas to attend the hearing. He used the hearing process to submit rehabilitation evidence that demonstrates to the Board that the appropriate discipline should be a stayed suspension with probation rather than a license revocation. Additionally, respondent is currently unemployed he has a limited financial ability to pay a cost a cost award. In consideration of these factors, it is determined the Board's costs should be reduced by about one-half, for a total of $900.

ORDER

It is hereby ordered that registered nurse license number 685172, issued to respondent Samuel Lamont Jerideau, is revoked. However, the revocation is stayed and respondent is placed on probation for three years on the following conditions. Each condition of probation contained herein is a separate and distinct condition. If any condition of this Order, or any application thereof, is declared unenforceable in whole, in part, or to any extent, the remainder of this Order, and all other applications thereof, shall not be affected. Each condition of this Order shall separately be valid and enforceable to the fullest extent permitted by law.

1. Obey All Laws

   Respondent shall obey all federal, state and local laws. A full and detailed account of any and all violations of law shall be reported by respondent to the Board in writing within 72 hours of occurrence. To permit monitoring of compliance with this condition, respondent shall submit completed fingerprint forms and fingerprint fees within 45 days of the effective date of the decision, unless previously submitted as part of the licensure application process.

2. Comply with the Board's Probation Program

   Respondent shall fully comply with the conditions of the Probation Program established by the Board and cooperate with a representative of the Board in its monitoring and investigation of respondent's compliance with the Board's Probation Program. Respondent shall inform the Board in writing within no more than 15 days of any address change and shall at all times maintain an active, current license status with the Board, including during any period of suspension.

   Upon successful completion of probation, respondent's license shall be fully restored.

3. Report in Person

Respondent, during the period of probation, shall appear in person at interviews/meetings as directed by the Board or its designated representatives.

4. Residency, Practice, or Licensure Outside of State

Periods of residency as a registered nurse outside of California shall not apply toward a reduction of this probation time period. Respondent's probation is tolled, if and when he resides outside of California. Respondent must provide written notice to the Board within 15 days of any change of residency or practice outside the state, and within 30 days prior to re-establishing residency or returning to practice in this state.

Respondent shall provide a list of all states and territories where he has ever been licensed as a registered nurse, vocational nurse, or practical nurse. Respondent shall further provide information regarding the status of each license and any changes in such license status during the term of probation. Respondent shall inform the Board if he applies for or obtains a new nursing license during the term of probation.

5. Submit Written Reports

Respondent, during the period of probation, shall submit or cause to be submitted such written reports/declarations and verification of actions under penalty of perjury, as required by the Board. These reports/declarations shall contain statements relative to respondent's compliance with all the conditions of the Board's Probation Program. Respondent shall immediately execute all release of information forms as may be required by the Board or its representatives.

Respondent shall provide a copy of this decision to the nursing regulatory agency in every state and territory in which he has a registered nurse license.

6. Function as a Registered Nurse

Respondent, during the period of probation, shall engage in the practice of registered nursing in California for a minimum of 24 hours per week for six consecutive months or as determined by the Board.

For purposes of compliance with the section, "engage in the practice of registered nursing" may include, when approved by the Board, volunteer work as a registered nurse, or work in any non-direct patient care position that requires licensure as a registered nurse.

If respondent has not complied with this condition during the probationary term, and respondent has presented sufficient documentation of his good faith efforts to comply with this condition, and if no other conditions have been violated, the Board, in its discretion, may grant an extension of respondent's probation period up to one year without further hearing in order to comply with this condition. During the one year extension, all original conditions of probation shall apply.

7. Employment Approval and Reporting Requirements

Respondent shall obtain prior approval from the Board before commencing or continuing any employment, paid or voluntary, as a registered nurse. Respondent shall cause to be submitted to the Board all performance evaluations and other employment related reports as a registered nurse upon request of the Board.

Respondent shall provide a copy of this decision to his employer and immediate supervisors prior to commencement of any nursing or other health care related employment.

In addition to the above, respondent shall notify the Board in writing within 72 hours after he obtains any nursing or other health care related employment. Respondent shall notify the Board in writing within 72 hours after he is terminated or separated, regardless of cause, from any nursing, or other health care related employment with a full explanation of the circumstances surrounding the termination or separation.

8. Supervision

Respondent shall obtain prior approval from the Board regarding respondent's level of supervision and/or collaboration before commencing or continuing any employment as a registered nurse, or education and training that includes patient care.

Respondent shall practice only under the direct supervision of a registered nurse in good standing (no current discipline) with the Board of Registered Nursing, unless alternative methods of supervision and/or collaboration (e.g., with an advanced practice nurse or physician) are approved.

Respondent's level of supervision and/or collaboration may include, but is not limited to the following:

a) Maximum – The individual providing supervision and/or collaboration is present in the patient care area or in any other work setting at all times.

b) Moderate – The individual providing supervision and/or collaboration is in the patient care unit or in any other work setting at least half the hours respondent works.

c) Minimum – The individual providing supervision and/or collaboration has person-to-person communication with respondent at least twice during each shift worked.

d) Home Health Care – If respondent is approved to work in the home health care setting, the individual providing supervision and/or collaboration shall have person-to-person communication with respondent as required by the Board each work day. The individual providing supervision and/or collaboration shall conduct, as required by the Board, periodic, on-site visits to patients' homes visited by respondent with or without respondent present.

9. Employment Limitations

Respondent shall not work for a nurse's registry, in any private duty position as a registered nurse, a temporary nurse placement agency, a traveling nurse, or for an in-house nursing pool.

Respondent shall not work for a licensed home health agency as a visiting nurse unless the registered nursing supervision and other protections for home visits have been approved by the Board. Respondent shall not work in any other registered nursing occupation where home visits are required.

Respondent shall not work in any health care setting as a supervisor of registered nurses. The Board may additionally restrict respondent from supervising licensed vocational nurses and/or unlicensed assistive personnel on a case-by-case basis.

Respondent shall not work as a faculty member in an approved school of nursing or as an instructor in a Board approved continuing education program.

Respondent shall work only on a regularly assigned, identified and predetermined worksite(s) and shall not work in a float capacity.

If respondent is working or intends to work in excess of 40 hours per week, the Board may request documentation to determine whether there should be restrictions on the hours of work.

10. Complete Nursing Courses

Respondent, at his own expense, shall enroll and successfully complete courses in professional boundaries and ethics no later than six months prior to the end of his probationary term.

Respondent shall obtain prior approval from the Board before enrolling in the course. Respondent shall submit to the Board the original transcripts or certificates of completion for the above required course. The Board shall return the original documents to respondent after photocopying them for its records.

11. Cost Recovery

Respondent shall pay to the Board costs associated with its investigation and enforcement pursuant to Business and Professions Code Section 125.3 in the amount of $900. Respondent shall be permitted to pay these costs in a payment plan approved by the Board, with payments to be completed no later than three months prior to the end of the probation term.

If respondent has not complied with this condition during the probationary term, and respondent has presented sufficient documentation of his good faith efforts to comply with this condition, and if no other conditions have been violated, the Board, in its discretion, may grant an extension of respondent's probation period up to one year without further hearing in order to comply with this condition. During the one year extension, all original conditions of probation will apply.

12. Violation of Probation

If respondent violates the conditions of his probation, the Board after giving respondent notice and an opportunity to be heard, may set aside the stay order and impose the stayed discipline (revocation/suspension) of respondent's license.

If during the period of probation, an accusation or petition to revoke probation has been filed against respondent's license or the Attorney General's Office has been requested to prepare an accusation or petition to revoke probation against respondent's license, the probationary period shall automatically be extended and shall not expire until the accusation or petition has been acted upon by the Board.

13. License Surrender

During respondent's term of probation, if he ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation, respondent may surrender his license to the Board. The Board reserves the right to evaluate respondent's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances, without further hearing. Upon formal acceptance of the tendered license and wall certificate, respondent will no longer be subject to the conditions of probation.

Surrender of respondent's license shall be considered a disciplinary action and shall become a part of respondent's license history with the Board. A registered nurse whose license has been surrendered may petition the Board for reinstatement no sooner than the following minimum periods from the effective date of the disciplinary decisions:

1) Two years for reinstatement of a license that was surrendered for any reason other than a mental or physical illness; or

2) One year for a license surrendered for a mental or physical illness.

14. Mental Health Examination

Respondent shall, within 45 days of the effective date of this decision, have a mental health examination including psychological testing as appropriate to determine his capability to perform the duties of a registered nurse. The examination will be performed by a psychiatrist, psychologist or other licensed mental health practitioner approved by the Board. The examining mental health practitioner will submit a written report of that assessment and recommendations to the Board. All costs are the responsibility of respondent. Recommendations for treatment, therapy or counseling made as a result of the mental health examination will be instituted and followed by respondent.

If respondent is determined to be unable to practice safely as a registered nurse, the licensed mental health care practitioner making this determination shall immediately notify the Board and respondent by telephone, and the Board shall request that the Attorney General's office prepare an accusation or petition to revoke probation. Respondent shall immediately cease practice and may not resume practice until notified by the Board. During this period of suspension, respondent shall not engage in any practice for which a license issued by the Board is required, until the Board has notified respondent that a mental health determination permits respondent to resume practice. This period of suspension will not apply to the reduction of this probationary time period.

If respondent fails to have the above assessment submitted to the Board within the 45-day requirement, respondent shall immediately cease practice and shall not resume practice until notified by the Board. This period of suspension will not apply to the reduction of this probationary time period. The Board may waive or postpone this suspension only if significant, documented evidence of mitigation is provided. Such evidence must establish good faith efforts by respondent to obtain the assessment, and a specific date for compliance must be provided. Only one such waiver or extension may be permitted.

Attorneys for Complainant

BEFORE THE
BOARD OF REGISTERED NURSING
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **SAMUEL LAMONT JERIDEAU** [redacted] **Registered Nurse License No. 685172** Respondent.	Case No. 2015-321 **ACCUSATION**

Complainant alleges:

PARTIES

1. Louise R. Bailey, M.Ed., RN (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Registered Nursing, Department of Consumer Affairs.

2. On or about August 1, 2006, the Board of Registered Nursing issued Registered Nurse License Number 685172 to Samuel Lamont Jerideau (Respondent). The Registered Nurse License expired on March 31, 2008, and has not been renewed.

JURISDICTION

3. This Accusation is brought before the Board of Registered Nursing (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 2750 of the Business and Professions Code ("Code") provides, in pertinent part, that the Board may discipline any licensee, including a licensee holding a temporary or an inactive license, for any reason provided in Article 3 (commencing with section 2750) of the Nursing Practice Act.

5. Section 2764 of the Code provides, in pertinent part, that the expiration of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary proceeding against the licensee or to render a decision imposing discipline on the license.

6. Section 2761 of the Code states, in pertinent part:

"The board may take disciplinary action against a certified or licensed nurse or deny an application for a certificate or license for any of the following:

"(a) Unprofessional conduct, which includes, but is not limited to, the following:

. . .

"(4) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license or certificate by another state or territory of the United States, by any other government agency, or by another California health care professional licensing board. A certified copy of the decision or judgment shall be conclusive evidence of that action."

COST RECOVERY

7. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licentiate to comply subjecting the license to not being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be included in a stipulated settlement.

CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Out of State Discipline)

8. Respondent has subjected his registered nurse license to disciplinary action under Code section 2761, subdivision (a)(4), based on disciplinary action against his advanced practice

registered nurse license and registered nurse license in another state. The circumstances are as follows:

A. On or about May 13, 2014, in *In the Matter of Advanced Practice Registered Nurse License Number AP112733 & Registered Nurse License Number 651668 issued to Samuel Jerideau*, the Texas Board of Nursing (Texas Board) issued an Order whereby Respondent's advanced practice nursing license and registered nurse license are suspended for two years, with the suspension stayed, and Respondent is placed on probation for two years, on terms and conditions, including work restrictions and requirements, taking and completing coursework, employment requirements and restrictions, and supervision.

B. The circumstances of Respondent's discipline are that on or between June 28, 2013, through July 26, 2013, while employed as a family nurse practitioner and owner of a Healthcare Clinic in Duncanville, Texas, Respondent engaged in inappropriate activities with a minor patient, who was treated at the clinic. On or about June 28, 2013, Respondent performed a routine physical examination on the minor patient, then exchanged romantic text messages and emails with "Veronica," who represented herself as a female in her twenties, but was in fact the minor patient. Respondent purchased a cell phone for "Veronica" and provided his debit card information, and arranged a personal meeting. After Respondent found out that "Veronica" was the minor patient, and the patient threatened to reveal Respondent's inappropriate behavior, Respondent gave the minor patient one thousand dollars for her silence.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters alleged in this Accusation, and that following the hearing, the Board of Registered Nursing issue a decision:

1. Revoking or suspending Registered Nurse License Number 685172, issued to Samuel Lamont Jerideau;

2. Ordering Samuel Lamont Jerideau to pay the Board of Registered Nursing the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3;

///

3. Taking such other and further action as deemed necessary and proper.

DATED: October 18, 2014

LOUISE R. BAILEY, M.ED., RN

BEFORE THE TEXAS BOARD OF NURSING

****

In the Matter of Advanced Practice Registered Nurse License Number AP112733 & Registered Nurse License Number 651668 issued to SAMUEL JERIDEAU	§ § § §	AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of SAMUEL JERIDEAU, Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 3, 2014, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.

3. Respondent is currently licensed to practice professional nursing in the State of Texas.

4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1998, and received a Master's Degree in Nursing from the Family Nurse Practitioner (FNP) Program with Texas Woman's University, Denton, Texas, on August 25, 2003. Respondent was licensed to practice professional nursing in the State of

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Executive Director of the Board

Texas on June 23, 1998, was Board recognized as a FNP on September 26, 2003, and was Board recognized FNP with Prescriptive Authority on October 8, 2003,

5. Respondent's nursing employment history in unknown.

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Family Nurse Practitioner (FNP) and owner of J and J Healthcare Clinic, Duncanville, Texas.

7. On or about June 28, 2013, through July 26, 2013, while employed as a Family Nurse Practitioner and owner of J and J Healthcare Clinic, Duncanville, Texas, Respondent engaged in inappropriate activities with Pt. R.A., who was a minor at the time, which violated professional boundaries. According to Respondent, after seeing Patient R.A. at his clinic on June 28, 2013, and performing routine physical examination, there was an exchange of email and text messages of a romantic nature with "Veronica", an individual representing herself as a female in her 20's, via Facebook. Respondent states that he was unaware the "Veronica" was, in fact, Pt. R.A. Without any reasonable therapeutic basis, Respondent purchased a cell phone for this individual as well as providing his debit card information. Respondent arranged a personal meeting with "Veronica." However, after learning that "Veronica" was actually Pt. R.A., Respondent still gave Pt. R.A. one thousand ($1,000) dollars for his silence after Pt. R.A. threatened to reveal the inappropriate behavior. Respondent's conduct was likely to injure the patient in that boundary violations can cause delayed stress for the patient which may not be recognized of felt by the patient until harmful consequence occur.

8. In response to the incident in FOF #7, Respondent denies any wrongdoing with R.A., and specifically denies any touching of any kind outside the initial contact which occurred during the medical examination. Respondent states that he would never have engaged in any if the behavior referenced above if he had known that: "Veronica" was, in fact, R.A; "Veronica" was a patient; or if "Veronica" was a minor.

9. Formal Charges were filed on March 10, 2014.

10. Charges were mailed to Respondent on March 10, 2014.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(J)&(4)(A) and 22 TEX. ADMIN. CODE §217.12(1)(A),(4),(6)(D)&(6)(E).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, heretofore issued to SAMUEL JERIDEAU, including revocation of Respondent's license(s) to practice nursing in the State of Texas.

ORDER

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, previously issued to SAMUEL JERIDEAU, to practice nursing in Texas is/are hereby SUSPENDED for a period of two (2) years with the suspension STAYED and Respondent is hereby placed on PROBATION for two (2) years with the following agreed terms of probation:

IT IS FURTHER AGREED and ORDERED that, while under the terms of this Order, this Order SHALL apply to any and all future licenses issued to Respondent to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that this Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that while Respondent's license(s) is/are encumbered by this order Respondent may not work outside the State of Texas pursuant to a nurse licensure compact privilege without the written permission of the Texas Board of Nursing and the Board of Nursing in the party state where Respondent wishes to work.

(1) RESPONDENT SHALL comply in all respects with the Nursing Practice Act,

Texas Occupations Code, §§301.001 *et seq.*, the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §211.1 *et seq.* and this Order.

(2) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in Texas nursing jurisprudence and ethics. RESPONDENT SHALL obtain Board approval of the course prior to enrollment only if the course is not being offered by a pre-approved provider. Home study courses and video programs will not be approved. In order for the course to be approved, the target audience shall include nurses. It shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. RESPONDENT SHALL CAUSE the sponsoring institution to submit a Verification of Course Completion form, provided by the Board, to the Office of the Board to verify RESPONDENT'S successful completion of the course. This course shall be taken in addition to any other courses stipulated in this Order, if any, and in addition to any continuing education requirements the Board has for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(3) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete the course "Sharpening Critical Thinking Skills," a 3.6 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing

education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(4) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in "Respecting Professional Boundaries," a 3.9 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Information regarding Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

IT IS FURTHER AGREED, SHOULD RESPONDENT PRACTICE AS A NURSE IN THE STATE OF TEXAS, RESPONDENT WILL PROVIDE DIRECT PATIENT CARE AND PRACTICE IN A HOSPITAL, NURSING HOME, OR OTHER CLINICAL SETTING AND RESPONDENT MUST WORK AS AN ADVANCED PRACTICE REGISTERED NURSE IN SUCH SETTING A MINIMUM OF SIXTY-FOUR (64) HOURS PER MONTH UNDER THE FOLLOWING PROBATIONARY CONDITIONS FOR TWO (2) YEAR(S) OF EMPLOYMENT. THE LENGTH OF THE STIPULATION PERIOD WILL BE EXTENDED UNTIL SUCH TWENTY-FOUR (24) MONTHS HAVE ELAPSED. PERIODS OF UNEMPLOYMENT OR OF EMPLOYMENT THAT DO NOT REQUIRE THE USE OF AN ADVANCED PRACTICE REGISTERED NURSE (APRN) LICENSE NOT APPLY TO THIS

STIPULATION PERIOD:

(5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patient's needs and strengths; and providing nursing care.

(6) RESPONDENT SHALL notify each present employer, practice site and/or credentialing agency in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each present employer, practice site and/or credentialing agency in nursing within five (5) days of receipt of this Order. RESPONDENT SHALL notify all future employers, practice sites and/or credentialing agencies in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each future employer, practice site and/or credentialing agency in nursing prior to accepting an offer of employment and/or assignment.

(7) RESPONDENT SHALL CAUSE each present employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within ten (10) days of receipt of this Order. RESPONDENT SHALL CAUSE each future employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within five (5) days of employment as a nurse.

(8) For the first year of employment as an Advanced Practice Registered Nurse under

the terms of this Order, RESPONDENT SHALL be directly supervised by a Family Nurse Practitioner or Physician. Direct supervision requires another Family Nurse Practitioner or Physician to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). The RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(9) For the remainder of the probationary period, RESPONDENT'S PRACTICE SHALL be supervised by a Family Nurse Practitioner or Physician who is on the premises. The supervising Family Nurse Practitioner or Physician is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising Family Nurse Practitioner or Physician shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(10) RESPONDENT SHALL CAUSE the supervising Family Nurse Practitioner or Physician to submit, on forms provided to the Respondent by the Board, periodic reports as to RESPONDENT'S capability to practice nursing. These reports shall be completed by the Family Nurse Practitioner or Physician who supervises the RESPONDENT. These reports shall be submitted by the supervising Family Nurse Practitioner or Physician to the office of the Board at the

end of each three (3) month period for two (2) of years of employment as a Family Nurse Practitioner.

IT IS FURTHER AGREED and ORDERED that if during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

IT IS FURTHER AGREED, that upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK.

CONTINUED ON NEXT PAGE.

RESPONDENT'S CERTIFICATION

I understand that I have the right to legal counsel prior to signing this Agreed Order. I have reviewed this Order. I neither admit nor deny the violation(s) alleged herein. By my signature on this Order, I agree to the Findings of Fact, Conclusions of Law, Order, and any conditions of said Order, to avoid further disciplinary action in this matter. I waive judicial review of this Order. I understand that this Order is subject to ratification by the Board. When this Order is ratified, the terms of this Order become effective, and a copy will be mailed to me. I understand that if I fail to comply with all terms and conditions of this Order, I will be subject to investigation and disciplinary sanction, including revocation of my license(s) to practice nursing in the State of Texas, as a consequence of my noncompliance.

Signed this 17 day of April, 20 14.

	§	**BOARD OF NURSING**

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Executive Director of the Board

ORDER OF TEMPORARY SUSPENSION

TO: SAMUEL JERIDEAU
1666 NORTH HAMPTON ROAD, #111
DESOTO, TX 75115

A public meeting of the Texas Board of Nursing was held on October 17, 2014 at 333 Guadalupe, Room 3-460, Austin, Texas, in which the Temporary Suspension of AP112733, Permanent Registered Nurse License Number 651668, issued to SAMUEL JERIDEAU was considered pursuant to Section 301.455, TEXAS OCCUPATIONS CODE. Staff of the Texas Board of Nursing appeared and presented information and evidence concerning the conduct of SAMUEL JERIDEAU and whether his continued practice as a nurse would constitute a continuing and imminent threat to the public welfare.

After review and due consideration of the evidence and information presented, the Board finds that the following charges are substantiated:

1. On or about May 14, 2014, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent became non-compliant with the agreed order issued to him by the Texas Board of Nursing on May 13, 2014. Non-compliance is the result of Respondent providing care for minor patients. Stipulation Number Five (5) of the agreed order issued to him on May 13, 2014, states:

   (5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patient's needs and strengths; and providing

nursing care.

2. On or about September 25, 2014, to present, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent misrepresented himself as a Doctor, calling himself "Doctor Sam" on his website, Jandjhealthcareclinic.com/DoctorProfile. Respondent's conduct was likely to deceive the public regarding his credentials.

The Texas Board of Nursing further finds that, given the nature of the charges, the continued practice of nursing by SAMUEL JERIDEAU constitutes a continuing and imminent threat to public welfare and that the temporary suspension of AP112733, Permanent Registered Nurse License Number 651668, is justified pursuant to Section 301.455, TEXAS OCCUPATIONS CODE.

NOW, THEREFORE, IT IS ORDERED that AP112733, Permanent Registered Nurse License Number 651668, issued to SAMUEL JERIDEAU, to practice nursing in the State of Texas be, and the same is/are, hereby SUSPENDED IMMEDIATELY in accordance with Section 301.455, TEXAS OCCUPATIONS CODE.

IT IS FURTHER ORDERED that a probable cause hearing be conducted in accordance with Section 301.455(c) not later than seventeen (17) days following the date of the entry of this order, and a final hearing on the matter be conducted in accordance with 301.455(d) not later than the 61st day following the date of the entry of this order.

Entered this 17th day of October, 2014.

Permanent Advanced Practice Registered	§	
Nurse License Number AP112733,	§	
Permanent Registered Nurse	§	
License Number 651668	§	
Issued to SAMUEL JERIDEAU,	§	
Respondent	§	**BOARD OF NURSING**

FORMAL CHARGES

This is a disciplinary proceeding under Section 301.452(b), Texas Occupations Code. Respondent, SAMUEL JERIDEAU, is an Advanced Practice Registered Nurse holding License Number AP112733, which is in current status at the time of this pleading, is a Registered Nurse holding License Number 651668, which is in current status at the time of this pleading.

Written notice of the facts and conduct alleged to warrant adverse licensure action was sent to Respondent at Respondent's address of record and Respondent was given opportunity to show compliance with all requirements of the law for retention of the license prior to commencement of this proceeding.

CHARGE I.

On or about May 14, 2014, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent became non-compliant with the agreed order issued to him by the Texas Board of Nursing on May 13, 2014. Non-compliance is the result of Respondent providing care for minor patient's. Stipulation Number Five (5) of the agreed order issued to him on May 13, 2014, states:

> (5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patients needs and strengths; and providing nursing care.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(1)&(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(3)&(11)(B).

CHARGE II.

On or about September 25, 2014, to present, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent misrepresented himself as a Doctor, calling himself "Doctor Sam" on his website, Jandjhealthcareclinic.com/DoctorProfile. Respondent's conduct was likely to deceive the public regarding his credentials.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(4)&(6)(H).

NOTICE IS GIVEN that staff will present evidence in support of the recommended disposition of up to, and including, revocation of Respondent's license/s to practice nursing in the State of Texas pursuant to the Nursing Practice Act, Chapter 301, Texas Occupations Code and the Board's rules, 22 Tex. Admin. Code §§ 213.27 - 213.33. Additionally, staff will seek to impose on Respondent the administrative costs of the proceeding pursuant to Section 301.461, Texas Occupations Code. The cost of proceedings shall include, but is not limited to, the cost paid by the Board to the State Office of Administrative Hearings and the Office of the Attorney General or other Board counsel for legal and investigative services, the cost of a court reporter and witnesses, reproduction of records, Board staff time, travel, and expenses. These shall be in an amount of at least one thousand two hundred dollars ($1200.00).

NOTICE IS GIVEN that all statutes and rules cited in these Charges are incorporated as part of this pleading and can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that to the extent applicable, based on the Formal Charges, the Board will rely on Adopted Disciplinary Guidelines for Criminal Conduct and on Adopted Disciplinary Sanction Policies for Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder, for Lying and Falsification, for Fraud, Theft and Deception, and for Sexual Misconduct, which can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that, based on the Formal Charges, the Board will rely on the Disciplinary Matrix, which can be found at www.bon.texas.gov/disciplinaryaction/discp-matrix.html.

NOTICE IS ALSO GIVEN that Respondent's past disciplinary history, as set out below and described in the Order(s) which is/are attached and incorporated by reference as part of these charges, will be offered in support of the disposition recommended by staff: Order dated May 13, 2014.

BEFORE THE TEXAS BOARD OF NURSING

****

In the Matter of Advanced Practice Registered Nurse License Number AP112733 & Registered Nurse License Number 651668 issued to SAMUEL JERIDEAU	§ § § §	AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of SAMUEL JERIDEAU, Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 3, 2014, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.

3. Respondent is currently licensed to practice professional nursing in the State of Texas.

4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1998, and received a Master's Degree in Nursing from the Family Nurse Practitioner (FNP) Program with Texas Woman's University, Denton, Texas, on August 25, 2003. Respondent was licensed to practice professional nursing in the State of

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.
Executive Director of the Board

Texas on June 23, 1998, was Board recognized as a FNP on September 26, 2003, and was Board recognized FNP with Prescriptive Authority on October 8, 2003,

5. Respondent's nursing employment history in unknown.

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Family Nurse Practitioner (FNP) and owner of J and J Healthcare Clinic, Duncanville, Texas.

7. On or about June 28, 2013, through July 26, 2013, while employed as a Family Nurse Practitioner and owner of J and J Healthcare Clinic, Duncanville, Texas, Respondent engaged in inappropriate activities with Pt. R.A., who was a minor at the time, which violated professional boundaries. According to Respondent, after seeing Patient R.A. at his clinic on June 28, 2013, and performing routine physical examination, there was an exchange of email and text messages of a romantic nature with "Veronica", an individual representing herself as a female in her 20's, via Facebook. Respondent states that he was unaware the "Veronica" was, in fact, Pt. R.A. Without any reasonable therapeutic basis, Respondent purchased a cell phone for this individual as well as providing his debit card information. Respondent arranged a personal meeting with "Veronica." However, after learning that "Veronica" was actually Pt. R.A., Respondent still gave Pt. R.A. one thousand ($1,000) dollars for his silence after Pt. R.A. threatened to reveal the inappropriate behavior. Respondent's conduct was likely to injure the patient in that boundary violations can cause delayed stress for the patient which may not be recognized of felt by the patient until harmful consequence occur.

8. In response to the incident in FOF #7, Respondent denies any wrongdoing with R.A., and specifically denies any touching of any kind outside the initial contact which occurred during the medical examination. Respondent states that he would never have engaged in any if the behavior referenced above if he had known that: "Veronica" was, in fact, R.A; "Veronica" was a patient; or if "Veronica" was a minor.

9. Formal Charges were filed on March 10, 2014.

10. Charges were mailed to Respondent on March 10, 2014.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(J)&(4)(A) and 22 TEX. ADMIN. CODE §217.12(1)(A),(4),(6)(D)&(6)(E).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, heretofore issued to SAMUEL JERIDEAU, including revocation of Respondent's license(s) to practice nursing in the State of Texas.

ORDER

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, previously issued to SAMUEL JERIDEAU, to practice nursing in Texas is/are hereby SUSPENDED for a period of two (2) years with the suspension STAYED and Respondent is hereby placed on PROBATION for two (2) years with the following agreed terms of probation:

IT IS FURTHER AGREED and ORDERED that, while under the terms of this Order, this Order SHALL apply to any and all future licenses issued to Respondent to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that this Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that while Respondent's license(s) is/are encumbered by this order Respondent may not work outside the State of Texas pursuant to a nurse licensure compact privilege without the written permission of the Texas Board of Nursing and the Board of Nursing in the party state where Respondent wishes to work.

(1) RESPONDENT SHALL comply in all respects with the Nursing Practice Act,

Texas Occupations Code, §§301.001 *et seq.*, the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §211.1 *et seq.* and this Order.

(2) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in Texas nursing jurisprudence and ethics. RESPONDENT SHALL obtain Board approval of the course prior to enrollment only if the course is not being offered by a pre-approved provider. Home study courses and video programs will not be approved. In order for the course to be approved, the target audience shall include nurses. It shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. RESPONDENT SHALL CAUSE the sponsoring institution to submit a Verification of Course Completion form, provided by the Board, to the Office of the Board to verify RESPONDENT'S successful completion of the course. This course shall be taken in addition to any other courses stipulated in this Order, if any, and in addition to any continuing education requirements the Board has for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(3) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete the course "Sharpening Critical Thinking Skills," a 3.6 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing

education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(4) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in "Respecting Professional Boundaries," a 3.9 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Information regarding Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

IT IS FURTHER AGREED, SHOULD RESPONDENT PRACTICE AS A NURSE IN THE STATE OF TEXAS, RESPONDENT WILL PROVIDE DIRECT PATIENT CARE AND PRACTICE IN A HOSPITAL, NURSING HOME, OR OTHER CLINICAL SETTING AND RESPONDENT MUST WORK AS AN ADVANCED PRACTICE REGISTERED NURSE IN SUCH SETTING A MINIMUM OF SIXTY-FOUR (64) HOURS PER MONTH UNDER THE FOLLOWING PROBATIONARY CONDITIONS FOR TWO (2) YEAR(S) OF EMPLOYMENT. THE LENGTH OF THE STIPULATION PERIOD WILL BE EXTENDED UNTIL SUCH TWENTY-FOUR (24) MONTHS HAVE ELAPSED. PERIODS OF UNEMPLOYMENT OR OF EMPLOYMENT THAT DO NOT REQUIRE THE USE OF AN ADVANCED PRACTICE REGISTERED NURSE (APRN) LICENSE NOT APPLY TO THIS

STIPULATION PERIOD:

(5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patient's needs and strengths; and providing nursing care.

(6) RESPONDENT SHALL notify each present employer, practice site and/or credentialing agency in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each present employer, practice site and/or credentialing agency in nursing within five (5) days of receipt of this Order. RESPONDENT SHALL notify all future employers, practice sites and/or credentialing agencies in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each future employer, practice site and/or credentialing agency in nursing prior to accepting an offer of employment and/or assignment.

(7) RESPONDENT SHALL CAUSE each present employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within ten (10) days of receipt of this Order. RESPONDENT SHALL CAUSE each future employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within five (5) days of employment as a nurse.

(8) For the first year of employment as an Advanced Practice Registered Nurse under

the terms of this Order, RESPONDENT SHALL be directly supervised by a Family Nurse Practitioner or Physician. Direct supervision requires another Family Nurse Practitioner or Physician to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). The RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(9) For the remainder of the probationary period, RESPONDENT'S PRACTICE SHALL be supervised by a Family Nurse Practitioner or Physician who is on the premises. The supervising Family Nurse Practitioner or Physician is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising Family Nurse Practitioner or Physician shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(10) RESPONDENT SHALL CAUSE the supervising Family Nurse Practitioner or Physician to submit, on forms provided to the Respondent by the Board, periodic reports as to RESPONDENT'S capability to practice nursing. These reports shall be completed by the Family Nurse Practitioner or Physician who supervises the RESPONDENT. These reports shall be submitted by the supervising Family Nurse Practitioner or Physician to the office of the Board at the

end of each three (3) month period for two (2) of years of employment as a Family Nurse Practitioner.

IT IS FURTHER AGREED and ORDERED that if during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

IT IS FURTHER AGREED, that upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK.

CONTINUED ON NEXT PAGE.

WHEREFORE, PREMISES CONSIDERED, the Texas Board of Nursing does hereby ratify and adopt the Agreed Order that was signed on the 17th day of April, 2014, by SAMUEL JERIDEAU, Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, and said Order is final.

Effective this 13th day of May, 2014.

Katherine A. Thomas, MN, RN, FAAN
Executive Director on behalf
of said Board

Executive Director of the Board

OPINION AND ORDER OF THE BOARD

TO: SAMUEL JERIDEAU
[redacted]

BETH BIERMAN
[redacted]

At the regularly scheduled public meeting on April 16-17, 2015, the Texas Board of Nursing (Board) considered the following items: (1) Order No. 2, *Dismissing Case,* issued by the ALJ in the above cited matter; (2) Staff's recommendation that the Board revoke the Respondent's advanced practice registered nursing license, prescriptive authorization, and registered nursing license by default; and (3) Respondent's recommendation to the Board regarding the above cited matter, if any.

On December 8, 2014, the ALJ convened a hearing on the merits in this matter. Staff of the Board was present for the hearing. However, the Respondent was not present at the hearing, and no one appeared on his behalf. During the hearing on December 8, 2014, Staff introduced evidence into the record demonstrating that Respondent had been sent a Notice of Final Hearing by first class certified mail return receipt requested to his last known address of record maintained by the Board in accordance with 22 Tex. Admin. Code §213.10(a). The ALJ found that Staff's notice was adequate and issued Order No. 2, *Dismissing Case*, granting Staff's Motion for Default and dismissing the case from the docket of SOAH and remanding it to the Board for informal disposition on a default basis in accordance with the Government Code §2001.056.

The Board, after review and due consideration of the Order No. 2, issued by the ALJ in the above cited matter, finds that notice of the facts or conduct alleged to warrant disciplinary action has been provided to Respondent in accordance with the Government Code §2001.054(c) and Respondent has been given an opportunity to show compliance with all the requirements of the Occupations Code Chapter 301 (Nursing Practice Act) for retention of Respondent's licenses to practice advanced practice registered nursing with prescriptive authority and professional nursing in the State of Texas. The Board further finds that the Formal Charges were properly initiated and filed in accordance with the Occupations Code §301.458. The Board further finds that proper and timely notice regarding the violations alleged in the Formal Charges was given to Respondent in accordance with the requirements of the Government Code §2001.051 and §2001.052 and

1 Tex. Admin. Code §155.501. The Board further finds that the Respondent failed to appear in accordance with 22 Tex. Admin. Code Chapter 213 and 1 Tex. Admin. Code §155.501. As a result of the Respondent's failure to appear, the Board has determined that the factual allegations listed in the Formal Charges are to be deemed admitted by default and the Board is authorized to enter a default order against the Respondent pursuant to the Government Code §2001.056 and 22 Tex. Admin. Code §213.22. Further, the Board has determined that it is entitled to revoke the Respondent's advanced practice registered nursing license, prescriptive authorization, and registered nursing license pursuant to 22 Tex. Admin. Code §213.33(m).

Therefore, the Board hereby adopts the factual allegations, which have been deemed admitted, and the conclusions of law contained in the Formal Charges, which are attached hereto and incorporated herein by reference for all purposes, and Staff's recommended sanction of revocation by default. This Order will be properly served on all parties and all parties will be given an opportunity to file a motion for rehearing in accordance with the Government Code Chapter 2001 and 22 Tex. Admin.Code §213.23(l), as applicable. All parties have a right to judicial review of this Order. All proposed findings of fact and conclusions of law filed by any party not specifically adopted herein are hereby denied.

IT IS, THEREFORE, ORDERED THAT Permanent Certificate Numbers AP112733 and 651668 and prescriptive authorization number 5188, previously issued to SAMUEL JERIDEAU, to practice nursing in the State of Texas be, and the same are hereby, REVOKED.

IT IS FURTHER ORDERED that this Order SHALL be applicable to Respondent's multi-state privileges, if any, to practice nursing in the State of Texas.

FURTHER, pursuant to the Occupations Code §301.467, RESPONDENT is not eligible to petition for reinstatement of licensure until at least one (1) year has elapsed from the date of this Order. Further, upon petitioning for reinstatement, RESPONDENT must satisfy all then existing requirements for relicensure.

Entered this 16th day of April, 2015.

FORMAL CHARGES

This is a disciplinary proceeding under Section 301.452(b), Texas Occupations Code. Respondent, SAMUEL JERIDEAU, is an Advanced Practice Registered Nurse holding License Number AP112733, which is in current status at the time of this pleading, is a Registered Nurse holding License Number 651668, which is in current status at the time of this pleading.

Written notice of the facts and conduct alleged to warrant adverse licensure action was sent to Respondent at Respondent's address of record and Respondent was given opportunity to show compliance with all requirements of the law for retention of the license prior to commencement of this proceeding.

CHARGE I.

On or about May 14, 2014, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent became non-compliant with the agreed order issued to him by the Texas Board of Nursing on May 13, 2014. Non-compliance is the result of Respondent providing care for minor patient's. Stipulation Number Five (5) of the agreed order issued to him on May 13, 2014, states:

> (5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patients needs and strengths; and providing nursing care.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(1)&(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(3)&(11)(B).

CHARGE II.

On or about September 25, 2014, to present, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent misrepresented himself as a Doctor, calling himself "Doctor Sam" on his website, Jandjhealthcareclinic.com/DoctorProfile. Respondent's conduct was likely to deceive the public regarding his credentials.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(4)&(6)(H).

NOTICE IS GIVEN that staff will present evidence in support of the recommended disposition of up to, and including, revocation of Respondent's license/s to practice nursing in the State of Texas pursuant to the Nursing Practice Act, Chapter 301, Texas Occupations Code and the Board's rules, 22 Tex. Admin. Code §§ 213.27 - 213.33. Additionally, staff will seek to impose on Respondent the administrative costs of the proceeding pursuant to Section 301.461, Texas Occupations Code. The cost of proceedings shall include, but is not limited to, the cost paid by the Board to the State Office of Administrative Hearings and the Office of the Attorney General or other Board counsel for legal and investigative services, the cost of a court reporter and witnesses, reproduction of records, Board staff time, travel, and expenses. These shall be in an amount of at least one thousand two hundred dollars ($1200.00).

NOTICE IS GIVEN that all statutes and rules cited in these Charges are incorporated as part of this pleading and can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that to the extent applicable, based on the Formal Charges, the Board will rely on Adopted Disciplinary Guidelines for Criminal Conduct and on Adopted Disciplinary Sanction Policies for Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder, for Lying and Falsification, for Fraud, Theft and Deception, and for Sexual Misconduct, which can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that, based on the Formal Charges, the Board will rely on the Disciplinary Matrix, which can be found at www.bon.texas.gov/disciplinaryaction/discp-matrix.html.

NOTICE IS ALSO GIVEN that Respondent's past disciplinary history, as set out below and described in the Order(s) which is/are attached and incorporated by reference as part of these charges, will be offered in support of the disposition recommended by staff: Order dated May 13, 2014.

BEFORE THE TEXAS BOARD OF NURSING

****

In the Matter of Advanced Practice Registered Nurse License Number AP112733 & Registered Nurse License Number 651668 issued to SAMUEL JERIDEAU	§ § § §	AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of SAMUEL JERIDEAU, Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 3, 2014, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.

3. Respondent is currently licensed to practice professional nursing in the State of Texas.

4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1998, and received a Master's Degree in Nursing from the Family Nurse Practitioner (FNP) Program with Texas Woman's University, Denton, Texas, on August 25, 2003. Respondent was licensed to practice professional nursing in the State of

Texas on June 23, 1998, was Board recognized as a FNP on September 26, 2003, and was Board recognized FNP with Prescriptive Authority on October 8, 2003.

5. Respondent's nursing employment history in unknown.

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Family Nurse Practitioner (FNP) and owner of J and J Healthcare Clinic, Duncanville, Texas.

7. On or about June 28, 2013, through July 26, 2013, while employed as a Family Nurse Practitioner and owner of J and J Healthcare Clinic, Duncanville, Texas, Respondent engaged in inappropriate activities with Pt. R.A., who was a minor at the time, which violated professional boundaries. According to Respondent, after seeing patient R.A. at his clinic on June 28, 2013, and performing routine physical examination, there was an exchange of email and text messages of a romantic nature with "Veronica", an individual representing herself as a female in her 20's, via Facebook. Respondent states that he was unaware the "Veronica" was, in fact, Pt. R.A. Without any reasonable therapeutic basis, Respondent purchased a cell phone for this individual as well as providing his debit card information. Respondent arranged a personal meeting with "Veronica." However, after learning that "Veronica" was actually Pt. R.A., Respondent still gave Pt. R.A. one thousand ($1,000) dollars for his silence after Pt. R.A. threatened to reveal the inappropriate behavior. Respondent's conduct was likely to injure the patient in that boundary violations can cause delayed stress for the patient which may not be recognized of felt by the patient until harmful consequence occur.

8. In response to the incident in FOF #7, Respondent denies any wrongdoing with R.A., and specifically denies any touching of any kind outside the initial contact which occurred during the medical examination. Respondent states that he would never have engaged in any if the behavior referenced above if he had known that: "Veronica" was, in fact, R.A; "Veronica" was a patient; or if "Veronica" was a minor.

9. Formal Charges were filed on March 10, 2014.

10. Charges were mailed to Respondent on March 10, 2014.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(J)&(4)(A) and 22 TEX. ADMIN. CODE §217.12(1)(A),(4),(6)(D)&(6)(E).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, heretofore issued to SAMUEL JERIDEAU, including revocation of Respondent's license(s) to practice nursing in the State of Texas.

ORDER

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, previously issued to SAMUEL JERIDEAU, to practice nursing in Texas is/are hereby SUSPENDED for a period of two (2) years with the suspension STAYED and Respondent is hereby placed on PROBATION for two (2) years with the following agreed terms of probation:

IT IS FURTHER AGREED and ORDERED that, while under the terms of this Order, this Order SHALL apply to any and all future licenses issued to Respondent to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that this Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that while Respondent's license(s) is/are encumbered by this order Respondent may not work outside the State of Texas pursuant to a nurse licensure compact privilege without the written permission of the Texas Board of Nursing and the Board of Nursing in the party state where Respondent wishes to work.

(1) RESPONDENT SHALL comply in all respects with the Nursing Practice Act,

Texas Occupations Code, §§301.001 *et seq.*, the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §211.1 *et seq.* and this Order.

(2) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in Texas nursing jurisprudence and ethics. RESPONDENT SHALL obtain Board approval of the course prior to enrollment only if the course is not being offered by a pre-approved provider. Home study courses and video programs will not be approved. In order for the course to be approved, the target audience shall include nurses. It shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. RESPONDENT SHALL CAUSE the sponsoring institution to submit a Verification of Course Completion form, provided by the Board, to the Office of the Board to verify RESPONDENT'S successful completion of the course. This course shall be taken in addition to any other courses stipulated in this Order, if any, and in addition to any continuing education requirements the Board has for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(3) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete the course "Sharpening Critical Thinking Skills," a 3.6 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing

education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(4) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in "Respecting Professional Boundaries," a 3.9 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Information regarding Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

IT IS FURTHER AGREED, SHOULD RESPONDENT PRACTICE AS A NURSE IN THE STATE OF TEXAS, RESPONDENT WILL PROVIDE DIRECT PATIENT CARE AND PRACTICE IN A HOSPITAL, NURSING HOME, OR OTHER CLINICAL SETTING AND RESPONDENT MUST WORK AS AN ADVANCED PRACTICE REGISTERED NURSE IN SUCH SETTING A MINIMUM OF SIXTY-FOUR (64) HOURS PER MONTH UNDER THE FOLLOWING PROBATIONARY CONDITIONS FOR TWO (2) YEAR(S) OF EMPLOYMENT. THE LENGTH OF THE STIPULATION PERIOD WILL BE EXTENDED UNTIL SUCH TWENTY-FOUR (24) MONTHS HAVE ELAPSED. PERIODS OF UNEMPLOYMENT OR OF EMPLOYMENT THAT DO NOT REQUIRE THE USE OF AN ADVANCED PRACTICE REGISTERED NURSE (APRN) LICENSE NOT APPLY TO THIS

STIPULATION PERIOD:

(5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patient's needs and strengths; and providing nursing care.

(6) RESPONDENT SHALL notify each present employer, practice site and/or credentialing agency in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each present employer, practice site and/or credentialing agency in nursing within five (5) days of receipt of this Order. RESPONDENT SHALL notify all future employers, practice sites and/or credentialing agencies in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each future employer, practice site and/or credentialing agency in nursing prior to accepting an offer of employment and/or assignment.

(7) RESPONDENT SHALL CAUSE each present employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within ten (10) days of receipt of this Order. RESPONDENT SHALL CAUSE each future employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within five (5) days of employment as a nurse.

(8) For the first year of employment as an Advanced Practice Registered Nurse under

the terms of this Order, RESPONDENT SHALL be directly supervised by a Family Nurse Practitioner or Physician. Direct supervision requires another Family Nurse Practitioner or Physician to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). The RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(9) For the remainder of the probationary period, RESPONDENT'S PRACTICE SHALL be supervised by a Family Nurse Practitioner or Physician who is on the premises. The supervising Family Nurse Practitioner or Physician is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising Family Nurse Practitioner or Physician shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(10) RESPONDENT SHALL CAUSE the supervising Family Nurse Practitioner or Physician to submit, on forms provided to the Respondent by the Board, periodic reports as to RESPONDENT'S capability to practice nursing. These reports shall be completed by the Family Nurse Practitioner or Physician who supervises the RESPONDENT. These reports shall be submitted by the supervising Family Nurse Practitioner or Physician to the office of the Board at the

end of each three (3) month period for two (2) of years of employment as a Family Nurse Practitioner.

IT IS FURTHER AGREED and ORDERED that if during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

IT IS FURTHER AGREED, that upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK.

RESPONDENT'S CERTIFICATION

I understand that I have the right to legal counsel prior to signing this Agreed Order. I have reviewed this Order. I neither admit nor deny the violation(s) alleged herein. By my signature on this Order, I agree to the Findings of Fact, Conclusions of Law, Order, and any conditions of said Order, to avoid further disciplinary action in this matter. I waive judicial review of this Order. I understand that this Order is subject to ratification by the Board. When this Order is ratified, the terms of this Order become effective, and a copy will be mailed to me. I understand that if I fail to comply with all terms and conditions of this Order, I will be subject to investigation and disciplinary sanction, including revocation of my license(s) to practice nursing in the State of Texas, as a consequence of my noncompliance.

Signed this 17 day of April, 20 14.

****

In the Matter of	§	REINSTATEMENT
Registered Nurse License Number 651668	§	AGREED ORDER
issued to SAMUEL JERIDEAU	§	
	§	

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considere the Petition for Reinstatement, hereinafter referred to as the Petition, of Registered Nurse License Number 651668, held by SAMUEL JERIDEAU, hereinafter referred to as Petitioner.

An informal conference was conducted on September 3, 2024, in accordance with Section 301.464, Texas Occupations Code. Petitioner was represented by Catherine Tabor, Attorney at Law.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Petitioner and Petitioner was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Petitioner waived notice and hearing, and agreed to the entry of this Reinstatement Agreed Order.

3. Petitioner received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1998, and received a Master's Degree in Nursing from the Family Nurse Practitioner Program with Texas Woman's University, Denton, Texas, on August 25, 2003. Petitioner was licensed to practice professional nursing in the State of Texas on June 23, 1998. Petitioner was licensed to practice advanced practice registered nursing in the State of Texas with authorization as a Family Nurse Practitioner with Prescription Authorization on September 26, 2003, and was Board recognized FNP with Prescriptive Authority on October 8, 2003.

4. Petitioner's nursing employment history includes:

1998-2003	RN	VAMC Dallas, Texas

Petitioner's nursing employment history continued:

2003 – 2014	FNP	J&J Healthcare Duncanville, Texas
2017- 2018	RN Case Manager	Ferris ISD Ferris, Texas
2018- 2019	RN Case Manager	Sonoran Winds Hospice Buena Park, California
2020 – 6/2020	RN Case Manager	Vitas Hospice Care Torrance, California

5. On or about May 13, 2014, Petitioner's license(s) to practice nursing in the State of Texas were Suspended with the Suspension stayed and Petitioner was placed on probation through an Order of the Board. A copy of the May 13, 2014, Order is attached and incorporated herein by reference as part of this Reinstatement Agreed Order.

6. On or about April 16, 2015, Petitioner's license(s) to practice nursing in the State of Texas were Revoked through an Order of the Board. A copy of the April 16, 2015, Order is attached and incorporated herein by reference as part of this Reinstatement Agreed Order.

7. On or about March 7, 2024, Petitioner submitted a Petition for Reinstatement of License to practice nursing in the State of Texas.

8. Petitioner presented the following in support of said petition:
   A. Letter of support dated March 12, 2024, from Mayuri Sarkur.
   B. Letter of support dated January 26, 2021, from Regina Hayden.
   C. Letter of support dated January 26, 2021, from Peggy Haynes.
   D. Letter of support dated March 12, 2024, from Pastor Henry L. Marine.
   E. Letter of support dated March 12, 2024, from Dr. Tran M. Lewis, Jr.
   F. Letter of support dated March 12, 2024, from Patricia Lewis.
   C. Documentation of the required continuing education contact hours.

9. The Executive Director considered evidence of Petitioner's past behavior in light of the factors set out in 22 TEX. ADMIN. CODE §213.27 and determined that Petitioner currently demonstrates the criteria required for relicensure.

10. Relicensure of Petitioner poses no direct threat to the health and safety of patients or the public provided Petitioner complies with the stipulations outlined in this Order.

11. The Executive Director's review of Petitioner's eligibility for relicensure has been made on the basis of Petitioner's disclosures.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. This reinstatement is made pursuant to Sections 301.453(c) and 301.467, Texas Occupations Code and 22 TEX. ADMIN. CODE §213.26.

3. The Board may relicense an individual upon evaluation of the factors in 22 TEX. ADMIN. CODE §213.27, and pursuant to 22 TEX. ADMIN. CODE §213.33, if the Board is satisfied that the individual is able to consistently conform his conduct to the requirements of the Nursing Practice Act, the Board's Rules and Regulations, and generally accepted standards of nursing practice.

4. This Order is conditioned upon the accuracy and completeness of Petitioner's disclosures. Any subsequently discovered discrepancies will result in investigation and possible disciplinary action, up to revocation of Petitioner's license(s).

5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.

TERMS OF ORDER

I. REINSTATEMENT OF LICENSURE AND APPLICABILITY

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that the petition of SAMUEL JERIDEAU for reinstatement of license to practice nursing in the State of Texas be **GRANTED** and Registered Nurse License Number 651668 is/are hereby **REINSTATED** in accordance with the terms of this Order.

A. Until successfully completed, this Order SHALL apply to any and all future licenses issued to PETITIONER to practice nursing in the State of Texas.

B. Until successfully completed, this Order SHALL be applicable to PETITIONER'S nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

C. Until successfully completed, PETITIONER may not practice nursing in the State of Texas except in accordance with the terms of this Order.

D. As a result of this Order, PETITIONER'S license(s) will be designated "single state" as applicable and PETITIONER may not work outside the State of Texas in another nurse licensure compact party state using a Texas compact license.

II. COMPLIANCE WITH LAW

While under the terms of this Order, PETITIONER agrees to comply in all respects with the Nursing Practice Act, Texas Occupations Code, §§301.001 *et seq.*, the Rules and Regulations Relating to Nursing Education, Licensure and Practice, 22 TEX. ADMIN. CODE §§211.1 *et seq.*, and this Reinstatement Agreed Order.

III. REQUIREMENTS FOR REFRESHER COURSE, EXTENSIVE ORIENTATION, OR NURSING PROGRAM OF STUDY IN PROFESSIONAL REGISTERED NURSING

Prior to practicing as a registered nurse in the State of Texas, PETITIONER SHALL:

A. **Apply for a Six Month Temporary Permit to Complete Refresher Course, Extensive Orientation, or Nursing Program of Study in Professional Registered Nursing** for the limited purpose of completing a refresher course, extensive orientation, or nursing program of study in professional registered nursing. The application for the Six Month Temporary Permit is available via the Nurse Portal on the Board's website (*www.bon.texas.gov*). PETITIONER SHALL NOT, in any way, attempt to use the temporary permit for any purpose other than completing the refresher course, extensive orientation, or nursing program of study in professional registered nursing.

B. **Successfully complete a Board approved refresher course, extensive orientation, or nursing program of study for professional registered nursing. Petitioner MUST obtain Board approval of the nursing refresher course, extensive orientation, or nursing program, as applicable, prior to enrollment.** In order for the course to be approved, the target audience shall include registered nurses and the course's content shall, at a minimum, include: 1) Review of NPA, Rules, Position Statements; 2) Determination of Individual Scope of Practice and role in patient safety; 3) Review of the nursing process to include assessment, planning, implementation, and evaluation; 4) Pharmacology review; 5)

Medication administration; 6) Documentation, quality assurance, and legal implication for nursing practice; and, 7) Documentation of current CPR certification prior to beginning precepted clinical learning experience. The course must contain no less than a total of 80 hours of clinical practice providing direct patient care supervised by a qualified registered nurse instructor who meets or exceeds the Board's minimum criteria for eligibility as an instructor. Home study courses and video programs will not be approved.

C. **Upon completion of the refresher course, extensive orientation, or nursing program of study for professional registered nursing,** PETITIONER SHALL return the temporary permit to the Board's office and PETITIONER SHALL CAUSE the sponsoring institution to notify the Board, on a form provided by the Board, of Petitioner's successful completion of the refresher course, including the required 80 hours of supervised practice.

D. **Upon verification of successful completion of the conditions** as set out in Paragraphs A through C of this Section, PETITIONER SHALL submit a completed License Reactivation Form for Registered Nurses, which is available via the Nurse Portal on the Board's website (*www.bon.texas.gov*). PETITIONER shall pay all re-registration fees and, subject to meeting all other requirements for licensure in Texas, shall be issued the applicable license to practice registered nursing in the State of Texas, which shall be subject to the terms of this Order.

IV. REQUIREMENTS FOR CERTIFICATION EXAMINATION REVIEW COURSE & REFRESHER COURSE / EXTENSIVE ORIENTATION FOR ADVANCED PRACTICE REGISTERED NURSES

Prior to practicing as an advanced practice registered nurse in the State of Texas, PETITIONER SHALL:

A. **Complete a certification examination review** for clinical nurse specialists that is at least fifteen (15) hours in length and which includes clinical nurse specialists as the target audience.

B. **Apply for a Six Month Temporary Permit for Advanced Practice Registered Nurses** for the limited purpose of completing a refresher course / extensive orientation for advanced practice registered nurses. The application for a Six Month Temporary Permit for Advanced Practice Registered Nurses is available via the Nurse Portal on the Board's website at *www.bon.texas.gov*. PETITIONER SHALL NOT, in any way, attempt to use the temporary permit for any purpose other than completing the refresher course/extensive orientation.

C. **Successfully complete a refresher course/extensive orientation for advanced practice registered nurses** which meets the Board's requirements, which can be obtained from the Board's website *www.bon.texas.gov* under Forms / Applications / Advanced Practice Registered Nurse / Refresher Course/Extensive Orientation for APRNs Returning to Practice after 4 Years. PETITIONER SHALL obtain Board approval of the course prior to enrollment. The refresher course/extensive orientation must cover the full scope of practice for the applicable advanced practice role and population focus area through clinical and/or didactic learning experiences. At a minimum, the content must include:

- Advanced assessment;
- Pharmacotherapeutics;
- Diagnosis and management of diseases and conditions consistent with current standards of care;
- Ordering and interpreting diagnostic and laboratory tests;
- Demonstration of safe and competent performance of procedures; and
- Demonstration of knowledge of the scope of practice as defined by the Nursing Practice Act and Board rules related to professional and advanced practice nursing role and responsibilities, as appropriate.

The course must contain no less than a total of 400 hours of clinical practice supervised by a qualified instructor who meets or exceeds the Board's minimum criteria for eligibility as an Instructor.

D. **Upon completion of the refresher course,** PETITIONER SHALL return the temporary permit to the Board's office and PETITIONER SHALL CAUSE the sponsoring institution to notify the Board, on a form provided by the Board, of Petitioner's successful completion of the refresher course, including the required 400 hours of supervised practice.

E. **Upon verification of successful completion of the conditions of reinstatement** as set out in Paragraphs A through D of this Section, PETITIONER SHALL submit a completed Reactivation Application for Recognition as an Advanced Practice Nurse, which is available via the Nurse Portal on the Board's website at *www.bon.texas.gov/licensure_renewal.asp*. PETITIONER shall pay all re-registration fees and, subject to meeting all other requirements for APRN licensure in Texas, shall be issued the applicable license to practice as an advanced practice registered nurse in the State of Texas, which shall be subject to the terms of this Order.

V. REMEDIAL EDUCATION COURSE(S)

In addition to any continuing education requirements the Board may require for licensure renewal, PETITIONER SHALL successfully complete the following remedial education course(s) **within one (1) year of relicensure, unless otherwise specifically indicated**:

A. **A Board-approved course in Texas nursing jurisprudence and ethics** that shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft, and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. Home study and video programs will not be approved.

B. **The course "Righting a Wrong,"** a 3.0 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) International Center for Regulatory Scholarship (ICRS).

C. **The course "Upholding the Standard: Professional Accountability in Nursing,"** a 5.5 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) International Center for Regulatory Scholarship (ICRS).

In order to receive credit for completion of this/these course(s), PETITIONER SHALL CAUSE the instructor to submit a Verification of Course Completion form or SHALL submit the continuing education certificate, as applicable, to the attention of Monitoring at the Board's office. PETITIONER SHALL first obtain Board approval of any course prior to enrollment if the course is not being offered by a pre-approved provider. *Information about Board-approved courses and Verification of Course Completion forms are available from the Board at www.bon.texas.gov/compliance.*

VI. EMPLOYMENT REQUIREMENTS

In order to complete the terms of this Order, PETITIONER must work as a nurse in the State of Texas, providing direct patient care in a clinical healthcare setting, for a minimum of sixty-four (64) hours per month for eight (8) quarterly periods [two (2) years] of employment. This requirement will not be satisfied until eight (8) quarterly periods of

employment as a nurse have elapsed. Periods of unemployment or of employment that do not require the use of a registered nurse (RN) or a vocational nurse (LVN) license, as appropriate, will not apply to this period and will not count towards completion of this requirement.

A. **Notifying Present and Future Employers:** PETITIONER SHALL notify each present employer in nursing and present each with a complete copy of this Order, including all attachments, if any, within five (5) days of receipt of this Order. While under the terms of this Order, PETITIONER SHALL notify all future employers in nursing and present each with a complete copy of this Order, including all attachments, if any, prior to accepting an offer of employment.

B. **Notification of Employment Forms:** PETITIONER SHALL CAUSE each present employer in nursing to submit the Board's "Notification of Employment" form to the Board's office within ten (10) days of receipt of this Order. PETITIONER SHALL CAUSE each future employer to submit the Board's "Notification of Employment form" to the Board's office within five (5) days of employment as a nurse.

C. **Indirect Supervision:** PETITIONER SHALL be supervised by a Registered Nurse, if licensed as a Registered Nurse, or by a Licensed Vocational Nurse or a Registered Nurse, if licensed as a Licensed Vocational Nurse, **who is on the premises.** The supervising nurse is not required to be on the same unit or ward as PETITIONER, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising nurse shall have a minimum of two (2) years of experience in the same or similar practice setting to which the PETITIONER is currently working. PETITIONER SHALL work only regularly assigned, identified and predetermined unit(s). PETITIONER SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. PETITIONER SHALL NOT be self-employed or contract for services. Multiple employers are prohibited.

D. **Nursing Performance Evaluations:** PETITIONER SHALL CAUSE each employer to submit, on forms provided to the PETITIONER by the Board, periodic reports as to PETITIONER'S capability to practice nursing. These reports shall be completed by the individual who supervises the PETITIONER and these reports shall be submitted by the supervising individual to the office of the Board at the end of each three (3) month quarterly period for eight (8) quarters [two (2) years] of employment as a nurse.

VII. RESTORATION OF UNENCUMBERED LICENSE(S)

Upon full compliance with the terms of this Reinstatement Agreed Order, all encumbrances will be removed from PETITIONER'S license(s) and/or privilege(s) to practice nursing in the State of Texas and, subject to meeting all existing eligibility requirements in Texas Occupations Code Chapter 304, Article III, PETITIONER may be eligible for nurse licensure compact privileges, if any.

I do hereby certify this to be a complete, accurate, and true copy of the document which is on file or is of record in the offices of the Texas Board of Nursing.

Executive Director of the Board

OPINION AND ORDER OF THE BOARD

TO: SAMUEL JERIDEAU
[redacted]

BETH BIERMAN
ADMINISTRATIVE LAW JUDGE
[redacted]

At the regularly scheduled public meeting on April 16-17, 2015, the Texas Board of Nursing (Board) considered the following items: (1) Order No. 2, *Dismissing Case,* issued by the ALJ in the above cited matter; (2) Staff's recommendation that the Board revoke the Respondent's advanced practice registered nursing license, prescriptive authorization, and registered nursing license by default; and (3) Respondent's recommendation to the Board regarding the above cited matter, if any.

On December 8, 2014, the ALJ convened a hearing on the merits in this matter. Staff of the Board was present for the hearing. However, the Respondent was not present at the hearing, and no one appeared on his behalf. During the hearing on December 8, 2014, Staff introduced evidence into the record demonstrating that Respondent had been sent a Notice of Final Hearing by first class certified mail return receipt requested to his last known address of record maintained by the Board in accordance with 22 Tex. Admin. Code §213.10(a). The ALJ found that Staff's notice was adequate and issued Order No. 2, *Dismissing Case*, granting Staff's Motion for Default and dismissing the case from the docket of SOAH and remanding it to the Board for informal disposition on a default basis in accordance with the Government Code §2001.056.

The Board, after review and due consideration of the Order No. 2, issued by the ALJ in the above cited matter, finds that notice of the facts or conduct alleged to warrant disciplinary action has been provided to Respondent in accordance with the Government Code §2001.054(c) and Respondent has been given an opportunity to show compliance with all the requirements of the Occupations Code Chapter 301 (Nursing Practice Act) for retention of Respondent's licenses to practice advanced practice registered nursing with prescriptive authority and professional nursing in the State of Texas. The Board further finds that the Formal Charges were properly initiated and filed in accordance with the Occupations Code §301.458. The Board further finds that proper and timely notice regarding the violations alleged in the Formal Charges was given to Respondent in accordance with the requirements of the Government Code §2001.051 and §2001.052 and

1 Tex. Admin. Code §155.501. The Board further finds that the Respondent failed to appear in accordance with 22 Tex. Admin. Code Chapter 213 and 1 Tex. Admin. Code §155.501. As a result of the Respondent's failure to appear, the Board has determined that the factual allegations listed in the Formal Charges are to be deemed admitted by default and the Board is authorized to enter a default order against the Respondent pursuant to the Government Code §2001.056 and 22 Tex. Admin. Code §213.22. Further, the Board has determined that it is entitled to revoke the Respondent's advanced practice registered nursing license, prescriptive authorization, and registered nursing license pursuant to 22 Tex. Admin. Code §213.33(m).

Therefore, the Board hereby adopts the factual allegations, which have been deemed admitted, and the conclusions of law contained in the Formal Charges, which are attached hereto and incorporated herein by reference for all purposes, and Staff's recommended sanction of revocation by default. This Order will be properly served on all parties and all parties will be given an opportunity to file a motion for rehearing in accordance with the Government Code Chapter 2001 and 22 Tex. Admin.Code §213.23(l), as applicable. All parties have a right to judicial review of this Order. All proposed findings of fact and conclusions of law filed by any party not specifically adopted herein are hereby denied.

IT IS, THEREFORE, ORDERED THAT Permanent Certificate Numbers AP112733 and 651668 and prescriptive authorization number 5188, previously issued to SAMUEL JERIDEAU, to practice nursing in the State of Texas be, and the same are hereby, REVOKED.

IT IS FURTHER ORDERED that this Order SHALL be applicable to Respondent's multi-state privileges, if any, to practice nursing in the State of Texas.

FURTHER, pursuant to the Occupations Code §301.467, RESPONDENT is not eligible to petition for reinstatement of licensure until at least one (1) year has elapsed from the date of this Order. Further, upon petitioning for reinstatement, RESPONDENT must satisfy all then existing requirements for relicensure.

Entered this 16th day of April, 2015.

TEXAS BOARD OF NURSING

KATHERINE A. THOMAS, MN, RN, FAAN
EXECUTIVE DIRECTOR FOR THE BOARD

Attachment: Formal Charges

In the Matter of	§	BEFORE THE TEXAS
Permanent Advanced Practice Registered	§	
Nurse License Number AP112733,	§	
Permanent Registered Nurse	§	
License Number 651668	§	
Issued to SAMUEL JERIDEAU,	§	
Respondent	§	BOARD OF NURSING

FORMAL CHARGES

This is a disciplinary proceeding under Section 301.452(b), Texas Occupations Code. Respondent, SAMUEL JERIDEAU, is an Advanced Practice Registered Nurse holding License Number AP112733, which is in current status at the time of this pleading, is a Registered Nurse holding License Number 651668, which is in current status at the time of this pleading.

Written notice of the facts and conduct alleged to warrant adverse licensure action was sent to Respondent at Respondent's address of record and Respondent was given opportunity to show compliance with all requirements of the law for retention of the license prior to commencement of this proceeding.

CHARGE I.

On or about May 14, 2014, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent became non-compliant with the agreed order issued to him by the Texas Board of Nursing on May 13, 2014. Non-compliance is the result of Respondent providing care for minor patient's. Stipulation Number Five (5) of the agreed order issued to him on May 13, 2014, states:

> (5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patients needs and strengths; and providing nursing care.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(1)&(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(3)&(11)(B).

CHARGE II.

On or about September 25, 2014, to present, while operating, and practicing as a Family Nurse Practitioner with J & J Healthcare Clinic, DeSoto, Texas, Respondent misrepresented himself as a Doctor, calling himself "Doctor Sam" on his website, Jandjhealthcareclinic.com/DoctorProfile. Respondent's conduct was likely to deceive the public regarding his credentials.

The above action constitutes grounds for disciplinary action in accordance with Section 301.452(b)(10), Texas Occupations Code, and is a violation of 22 TEX. ADMIN. CODE §217.12(4)&(6)(H).

NOTICE IS GIVEN that staff will present evidence in support of the recommended disposition of up to, and including, revocation of Respondent's license/s to practice nursing in the State of Texas pursuant to the Nursing Practice Act, Chapter 301, Texas Occupations Code and the Board's rules, 22 Tex. Admin. Code §§ 213.27 - 213.33. Additionally, staff will seek to impose on Respondent the administrative costs of the proceeding pursuant to Section 301.461, Texas Occupations Code. The cost of proceedings shall include, but is not limited to, the cost paid by the Board to the State Office of Administrative Hearings and the Office of the Attorney General or other Board counsel for legal and investigative services, the cost of a court reporter and witnesses, reproduction of records, Board staff time, travel, and expenses. These shall be in an amount of at least one thousand two hundred dollars ($1200.00).

NOTICE IS GIVEN that all statutes and rules cited in these Charges are incorporated as part of this pleading and can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that to the extent applicable, based on the Formal Charges, the Board will rely on Adopted Disciplinary Guidelines for Criminal Conduct and on Adopted Disciplinary Sanction Policies for Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder, for Lying and Falsification, for Fraud, Theft and Deception, and for Sexual Misconduct, which can be found at the Board's website, www.bon.texas.gov.

NOTICE IS GIVEN that, based on the Formal Charges, the Board will rely on the Disciplinary Matrix, which can be found at www.bon.texas.gov/disciplinaryaction/discip-matrix.html.

NOTICE IS ALSO GIVEN that Respondent's past disciplinary history, as set out below and described in the Order(s) which is/are attached and incorporated by reference as part of these charges, will be offered in support of the disposition recommended by staff: Order dated May 13, 2014.

BEFORE THE TEXAS BOARD OF NURSING

****

In the Matter of Advanced Practice Registered Nurse License Number AP112733 & Registered Nurse License Number 651668 issued to SAMUEL JERIDEAU	§ § § §	AGREED ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board considered the matter of SAMUEL JERIDEAU, Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 3, 2014, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.

3. Respondent is currently licensed to practice professional nursing in the State of Texas.

4. Respondent received a Baccalaureate Degree in Nursing from Texas Woman's University, Denton, Texas, on May 1, 1998, and received a Master's Degree in Nursing from the Family Nurse Practitioner (FNP) Program with Texas Woman's University, Denton, Texas, on August 25, 2003. Respondent was licensed to practice professional nursing in the State of

Texas on June 23, 1998, was Board recognized as a FNP on September 26, 2003, and was Board recognized FNP with Prescriptive Authority on October 8, 2003.

5. Respondent's nursing employment history in unknown.

6. At the time of the incident in Finding of Fact Number Seven (7), Respondent was employed as a Family Nurse Practitioner (FNP) and owner of J and J Healthcare Clinic, Duncanville, Texas.

7. On or about June 28, 2013, through July 26, 2013, while employed as a Family Nurse Practitioner and owner of J and J Healthcare Clinic, Duncanville, Texas, Respondent engaged in inappropriate activities with Pt. R.A., who was a minor at the time, which violated professional boundaries. According to Respondent, after seeing patient R.A. at his clinic on June 28, 2013, and performing routine physical examination, there was an exchange of email and text messages of a romantic nature with "Veronica", an individual representing herself as a female in her 20's, via Facebook. Respondent states that he was unaware the "Veronica" was, in fact, Pt. R.A. Without any reasonable therapeutic basis, Respondent purchased a cell phone for this individual as well as providing his debit card information. Respondent arranged a personal meeting with "Veronica." However, after learning that "Veronica" was actually Pt. R.A., Respondent still gave Pt. R.A. one thousand ($1,000) dollars for his silence after Pt. R.A. threatened to reveal the inappropriate behavior. Respondent's conduct was likely to injure the patient in that boundary violations can cause delayed stress for the patient which may not be recognized or felt by the patient until harmful consequence occur.

8. In response to the incident in FOF #7, Respondent denies any wrongdoing with R.A., and specifically denies any touching of any kind outside the initial contact which occurred during the medical examination. Respondent states that he would never have engaged in any if the behavior referenced above if he had known that: "Veronica" was, in fact, R.A; "Veronica" was a patient; or if "Veronica" was a minor.

9. Formal Charges were filed on March 10, 2014.

10. Charges were mailed to Respondent on March 10, 2014.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(J)&(4)(A) and 22 TEX. ADMIN. CODE §217.12(1)(A),(4),(6)(D)&(6)(E).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, heretofore issued to SAMUEL JERIDEAU, including revocation of Respondent's license(s) to practice nursing in the State of Texas.

ORDER

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that Advanced Practice Registered Nurse License Number AP112733 and Registered Nurse License Number 651668, previously issued to SAMUEL JERIDEAU, to practice nursing in Texas is/are hereby SUSPENDED for a period of two (2) years with the suspension STAYED and Respondent is hereby placed on PROBATION for two (2) years with the following agreed terms of probation:

IT IS FURTHER AGREED and ORDERED that, while under the terms of this Order, this Order SHALL apply to any and all future licenses issued to Respondent to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that this Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

IT IS FURTHER AGREED and ORDERED that while Respondent's license(s) is/are encumbered by this order Respondent may not work outside the State of Texas pursuant to a nurse licensure compact privilege without the written permission of the Texas Board of Nursing and the Board of Nursing in the party state where Respondent wishes to work.

(1) RESPONDENT SHALL comply in all respects with the Nursing Practice Act,

Texas Occupations Code, §§301.001 *et seq.*, the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §211.1 *et seq.* and this Order.

(2) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in Texas nursing jurisprudence and ethics. RESPONDENT SHALL obtain Board approval of the course prior to enrollment only if the course is not being offered by a pre-approved provider. Home study courses and video programs will not be approved. In order for the course to be approved, the target audience shall include nurses. It shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. RESPONDENT SHALL CAUSE the sponsoring institution to submit a Verification of Course Completion form, provided by the Board, to the Office of the Board to verify RESPONDENT'S successful completion of the course. This course shall be taken in addition to any other courses stipulated in this Order, if any, and in addition to any continuing education requirements the Board has for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(3) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete the course "Sharpening Critical Thinking Skills," a 3.6 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing

education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

(4) RESPONDENT SHALL, within one (1) year of entry of this Order, successfully complete a course in "Respecting Professional Boundaries," a 3.9 contact hour online program provided by the National Council of State Boards of Nursing (NCSBN) Learning Extension. In order to receive credit for completion of this program, RESPONDENT SHALL SUBMIT the continuing education certificate of completion for this program to the Board's office, to the attention of Monitoring. This course is to be taken in addition to any continuing education requirements the Board may have for relicensure. *Information regarding Board-approved courses may be found at the following Board website address: http://www.bon.texas.gov/compliance.*

IT IS FURTHER AGREED, SHOULD RESPONDENT PRACTICE AS A NURSE IN THE STATE OF TEXAS, RESPONDENT WILL PROVIDE DIRECT PATIENT CARE AND PRACTICE IN A HOSPITAL, NURSING HOME, OR OTHER CLINICAL SETTING AND RESPONDENT MUST WORK AS AN ADVANCED PRACTICE REGISTERED NURSE IN SUCH SETTING A MINIMUM OF SIXTY-FOUR (64) HOURS PER MONTH UNDER THE FOLLOWING PROBATIONARY CONDITIONS FOR TWO (2) YEAR(S) OF EMPLOYMENT. THE LENGTH OF THE STIPULATION PERIOD WILL BE EXTENDED UNTIL SUCH TWENTY-FOUR (24) MONTHS HAVE ELAPSED. PERIODS OF UNEMPLOYMENT OR OF EMPLOYMENT THAT DO NOT REQUIRE THE USE OF AN ADVANCED PRACTICE REGISTERED NURSE (APRN) LICENSE NOT APPLY TO THIS

STIPULATION PERIOD:

(5) While under the terms of this Order, RESPONDENT SHALL NOT provide patient care to minors. For the purposes of this Order, patient care involves any relationship between RESPONDENT and the patient, and includes, but is not limited to: teaching; counseling; assessing the patient's needs and strengths; and providing nursing care.

(6) RESPONDENT SHALL notify each present employer, practice site and/or credentialing agency in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each present employer, practice site and/or credentialing agency in nursing within five (5) days of receipt of this Order. RESPONDENT SHALL notify all future employers, practice sites and/or credentialing agencies in nursing of this Order of the Board and the probationary conditions on RESPONDENT'S license(s). RESPONDENT SHALL present a complete copy of this Order and all Proposals for Decision issued by the Administrative Law Judge, if any, to each future employer, practice site and/or credentialing agency in nursing prior to accepting an offer of employment and/or assignment.

(7) RESPONDENT SHALL CAUSE each present employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within ten (10) days of receipt of this Order. RESPONDENT SHALL CAUSE each future employer, practice site and/or credentialing agency in nursing to submit the Board's "Notification of Employment" form, which is provided to the Respondent by the Board, to the Board's office within five (5) days of employment as a nurse.

(8) For the first year of employment as an Advanced Practice Registered Nurse under

the terms of this Order, RESPONDENT SHALL be directly supervised by a Family Nurse Practitioner or Physician. Direct supervision requires another Family Nurse Practitioner or Physician to be working on the same unit as RESPONDENT and immediately available to provide assistance and intervention. RESPONDENT SHALL work only on regularly assigned, identified and predetermined unit(s). The RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(9) For the remainder of the probationary period, RESPONDENT'S PRACTICE SHALL be supervised by a Family Nurse Practitioner or Physician who is on the premises. The supervising Family Nurse Practitioner or Physician is not required to be on the same unit or ward as RESPONDENT, but should be on the facility grounds and readily available to provide assistance and intervention if necessary. The supervising Family Nurse Practitioner or Physician shall have a minimum of two (2) years experience in the same or similar practice setting to which the Respondent is currently working. RESPONDENT SHALL work only regularly assigned, identified and predetermined unit(s). RESPONDENT SHALL NOT be employed by a nurse registry, temporary nurse employment agency, hospice, or home health agency. RESPONDENT SHALL NOT contract for services. Multiple employers are prohibited.

(10) RESPONDENT SHALL CAUSE the supervising Family Nurse Practitioner or Physician to submit, on forms provided to the Respondent by the Board, periodic reports as to RESPONDENT'S capability to practice nursing. These reports shall be completed by the Family Nurse Practitioner or Physician who supervises the RESPONDENT. These reports shall be submitted by the supervising Family Nurse Practitioner or Physician to the office of the Board at the

end of each three (3) month period for two (2) of years of employment as a Family Nurse Practitioner.

IT IS FURTHER AGREED and ORDERED that if during the period of probation, an additional allegation, accusation, or petition is reported or filed against the Respondent's license(s), the probationary period shall not expire and shall automatically be extended until the allegation, accusation, or petition has been acted upon by the Board.

IT IS FURTHER AGREED, that upon full compliance with the terms of this Order, all encumbrances will be removed from RESPONDENT'S license(s) to practice nursing in the State of Texas and RESPONDENT may be eligible for nurse licensure compact privileges, if any.

BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK.

CONTINUED ON NEXT PAGE.

RESPONDENT'S CERTIFICATION

I understand that I have the right to legal counsel prior to signing this Agreed Order. I have reviewed this Order. I neither admit nor deny the violation(s) alleged herein. By my signature on this Order, I agree to the Findings of Fact, Conclusions of Law, Order, and any conditions of said Order, to avoid further disciplinary action in this matter. I waive judicial review of this Order. I understand that this Order is subject to ratification by the Board. When this Order is ratified, the terms of this Order become effective, and a copy will be mailed to me. I understand that if I fail to comply with all terms and conditions of this Order, I will be subject to investigation and disciplinary action, including revocation of my license(s) to practice nursing in the State of Texas, as a consequence of my noncompliance.

Signed this 17 day of April, 20 14.

Stuart M. Feldman	

Name of Business/Industry/Entity

Provide explanation below:

02/22/2010, DEA investigation led to my arrest for controlled substance violation. I was being treated for a painful back condition and became addicted to pain medication. I was arrested for prescribing carisoprodol to someone else, but had them give it back to me for my own self use. I entered and completed the 90 program at Promises Drug Treatment Center in California. For the next five years, I was under the treatment and supervision of [redacted] M.D., who ran the Nevada Professional Assistance Program (NPAP). I had weekly meeting and was tested/submitted to random drug testing anytime Dr. [redacted] requested it. I never had any problem. I am proud to say that I am more than 16 years sober. On 03/08/2010. The NSBP suspended my license for this issue (Case No. 0805), but they stayed the suspension, allowing me to keep practicing Podiatry, for which I'm still very grateful.

Effective 07/13/2015, upon completion of the in-patient drug rehab program and successful completion of Dr. [redacted] five year NPAP program, the NSBP rescinded my suspension and it became null and void, retroactively, as if there never was a suspension. For this reason, I answered question 4 "No". In 2009, I did pay a penalty of $1,693.36 to the NSBP to reimburse them for investigative, administrative and proceedings in connection with this matter.

Enclosed you will find the 07/20/2025 letter from the NSBP releasing my probationary status. You will also find the 6/05/2012 Honorable Discharge from Probation from the 8th Judicial District Court of the State of Nevada.

New * On 05/27/2026 Case No. C-25-396154-1 I was found guilty of a misdemeanor for Disorderly Conduct CCCC 12.33.010 - NOC 56761. (see enclosed)

Case No: C271055
Petition and Order for Honorable Discharge from Probation:

IN THE EIGHTH JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA
IN AND FOR THE COUNTY OF CLARK

FILED
JUN 7 5 08 PM '12
CLERK OF THE COURT

THE STATE OF NEVADA,
Plaintiff

vs.

FELDMAN, Stuart
Defendant

PETITION

To the Honorable Judge Michelle Leavitt, of the Eighth Judicial District Court of the State of Nevada, in and for the County of Clark, the Undersigned Chief Probation Officer for the State of Nevada now reports as follows concerning the above Defendant: Said Defendant was placed on probation by order of this Court for a term not to exceed 3 years, said Order being dated the 22nd day of March, 2011. Said Probationer has satisfactorily completed all of the conditions of probation, while under supervision in the State of Nevada.

THEREFORE, the undersigned recommends that said Probationer be honorably discharged and released from further supervision.

Dated this 23rd day of May, 2012.

Pursuant to NRS 239B.030, the undersigned hereby affirms this document does not contain the social security number of any person.

Bernard W. Curtis, Chief Parole and Probation Officer

ORDER HONORABLY DISCHARGING PROBATIONER

In accordance with NRS 176A.850

With Restoration of Civil Rights

In this cause it appearing that the above-named Defendant was heretofore placed on probation under the authority of the Chief Parole and Probation Officer of the State of Nevada, and it further appearing from the petition of said Probation Officer that the period of such probation expired on 10-13-2014.

IT IS HEREBY ORDERED that said Probationer be honorably discharged from said probation.

IT IS FURTHER ORDERED that as of the date this order is signed by the Court, said probationer is restored to his civil rights to vote and serve as a juror in a civil action;

IT IS FURTHER ORDERED that FOUR YEARS from the date this order is signed by the Court, said probationer will be restored his civil rights to hold office;

IT IS FURTHER ORDERED that SIX YEARS from the date this order is signed by the Court, said probationer will be restored his civil rights to serve as a juror in a criminal action.

MICHELLE LEAVITT

Dear Dr. Feldman:

This letter is to verify that the Nevada State Board of Podiatry has released the probationary status on your license #0105 to practice Podiatric Medicine in Nevada effective July 13, 2015. You have successfully completed the requirements of the Nevada Professional's Health Program as stipulated in your Consent Decree dated February 1 6, 2011.

Should you have any questions or need further assistance, please feel free to contact our office at 775-789-2605.

Sincerely,

Stacey Whittaker

Sent By Certified Mail

Nevada State Board of Pharmacy:

Enclosed you will find the following:

1. Completed Renewal Application
2. Payment of $120

Explanations to Section 1

1-3. I was convicted of a gross misdemeanor for prescribing 30 carisoprodol tablets to someone else for my own use. I was in the midst of my addiction to pain medication and deeply regret the decision I made. I took pain medications for chronic back pain that led to dependency issues. I completed a three month in-patient program in Los Angeles, CA. I was also a participant in the Nevada Professional Assistance Program (NPAP), where I attend meetings twice weekly with Dr. [redacted] who is the program director. Dr. [redacted] can be reached at [redacted]. I called in on a daily basis for random drug testing and when selected provide same.

The State of Nevada sentenced me to probation, which I completed and was honorably discharged from on June 5, 2012. I am proud to say that I am doing well in my recovery and have been sober 5 years and 5 months. I completed the requirements that the Nevada State Board of Podiatry imposed, which was that my license was on probation for 5 years and that I meet the requirements of the Nevada professional Assistance Program (NPAP) directed by [redacted], M.D. **The Board released my probationary status in August 2015. My DEA license was reinstated July 8, 2014.**

I respectfully request that my Nevada controlled substance license be reinstated.

If you need any further information, feel free to contact [redacted] who is my credentialing manager.

Sincerely,

Stuart M. Feldman, D.P.M.

BEFORE THE STATE OF NEVADA

BOARD OF PODIATRY

IN THE MATTER OF: STUART FELDMAN, D.P.M. LICENSE NO. 0105 Respondent.	)	CASE NO. 0805

CONSENT DECREE

The State of Nevada Board of Podiatry (hereinafter referred to as the "BOARD") has jurisdiction over licensee, STUART FELDMAN, D.P.M. (hereinafter referred to as "FELDMAN"), pursuant to NRS 635.130; a complaint against said licensee having been received alleging violations of the Nevada statutes and regulations controlling the practice of podiatry; and the parties being mutually desirous of settling the controversy between them relative to the pending complaints;

IT IS HEREBY STIPULATED AND AGREED between the undersigned parties that this matter shall be settled and resolved upon the following terms.

VOLUNTARY WAIVER OF RIGHTS

FELDMAN is aware of, understands, and has been advised of the effect of this Consent Decree, which FELDMAN has carefully read and fully acknowledges. FELDMAN has had the opportunity to consult with competent counsel of his choice. No coercion has been exerted upon FELDMAN, nor have any promises been made other than those reflected in this Consent Decree.

FELDMAN has freely and voluntarily entered into this Consent Decree, and he is aware of his rights to contest the charges pending against him. These rights include representation by an attorney at his own expense, the right to a public hearing on any charges or allegations formally filed, the right to confront and cross-examine witnesses called to testify against him, the right to present evidence on his own behalf, the right to testify on his own behalf, the right to receive written findings of fact and conclusions of law supporting the decision on the merits of the complaint, and the right to obtain judicial review of the decision. All of these rights are being

Attorney General's Office
555 E. Washington, Suite 3900
Las Vegas, NV 89101

voluntarily waived by FELDMAN in exchange for the BOARD's acceptance of this Consent Decree.

If the Consent Decree is not accepted by the BOARD, no member of the BOARD will be disqualified from further hearing this matter by reason of his or her consideration of the Consent Decree and FELDMAN hereby waives any claim of bias or prejudice based upon said consideration by any member of the BOARD in any subsequent hearing conducted by the BOARD.

JURISDICTION

FELDMAN acknowledges that the BOARD has jurisdiction over him and the alleged conduct which has precipitated this Consent Decree. FELDMAN acknowledges that the BOARD has the legal power and authority to take disciplinary action, including, but not limited to, the revocation of his license to practice podiatry in Nevada upon proof of the allegations pending against him.

FELDMAN acknowledges that the BOARD will retain jurisdiction over this matter until all terms and conditions set forth in this Consent Decree have been met to the satisfaction of the BOARD.

PUBLICATION OF CONSENT DECREE

FELDMAN acknowledges that this Consent Decree becomes a public document and will be reported to such national databases as required by law. It is also understood that the minutes of the meeting at which the BOARD accepts this Consent Decree are a public document, available for inspection by any person so requesting.

ALLEGATIONS

FELDMAN understands the nature of the allegations under consideration by the BOARD. FELDMAN acknowledges the alleged conduct described herein below may constitute a violation of the Nevada Podiatry Practice Act (NRS and NAC 635) if this matter were to be taken to disciplinary hearing before the BOARD and proven by a preponderance of the evidence and that by acknowledging the same, he is subject to disciplinary action by the BOARD. The Complaint contains the following allegations:

Attorney General's Office
555 E. Washington, Suite 3900
Las Vegas, NV 89101

1. Dr. Feldman provided Brian Sponnick with a prescription for a controlled substance, Carisoprodol on or about June 18, 2009. There was no medical indication or necessity for said prescription to be issued.

2. Mr. Sponnick filled said prescription and returned the medication to Dr. Feldman for payment or other compensation.

3. Dr. Feldman provided Brian Sponnick with a prescription for a controlled substance, Hydrocodone on or about July 22, 2009. There was no medical indication or necessity for said prescription to be issued. Mr. Sponnick filled said prescription and returned the medication to Dr. Feldman for payment of thirty dollars ($30).

VIOLATIONS OF LAW

1. Based on the facts outlined above, Dr. Feldman admits to one violation of NRS 635.130(2) (g). (h), (k) and (l).

STIPULATED ADJUDICATION

By signing this consent decree, FELDMAN stipulates as follows:

1. That RESPONDENT'S license to practice podiatric medicine in the State of Nevada shall be suspended. However, said suspension shall be stayed pending RESPONDENT'S in-patient treatment through the Nevada Professionals Health Program. Upon successful completion of this in-patient program, said suspension shall be rescinded and become null and void retroactively, as if there never was a suspension.

2. That RESPONDENT'S license to practice podiatric medicine in the State of Nevada shall be placed on probation from the date of his release from in-patient treatment, and continue for the period of time he is in the monitoring period with the Nevada Professionals Health Program, thereby leaving RESPONDENT in probationary status until at least April 30, 2015. Any failure on the part of RESPONDENT to satisfy the requirements of the Nevada Professionals Health Program, or any violations of NRS or NAC 706 during this time period, will be deemed violations of the probation and will result in disciplinary action.

3. That if RESPONDENT'S monitoring period is extended by the Nevada

Attorney General's Office
555 E Washington, Suite 3900
Las Vegas, NV 89101

Professionals Health Program for any reason, this BOARD'S probation of RESPONDENT'S license to practice podiatric medicine shall remain in effect, concurrent with any such extension.

4. That RESPONDENT will execute any and all Releases of Information requested by an agent or staff member of the BOARD to allow BOARD staff to have unlimited communication with any diversionary program in which the RESPONDENT participates (or has participated) and any other program, school, psychologist, therapist or psychiatrist with knowledge of RESPONDENT'S fitness and/or ability to practice podiatric medicine.

5. That RESPONDENT shall submit quarterly declarations under penalty of perjury to the Board stating whether there has been complete compliance with the terms agreed to with the Nevada Professionals Health Program Conditions for Participation.

6. Pursuant to NRS 622.400(1)(b), RESPONDENT further agrees that he is obligated to reimburse the BOARD for its investigative, administrative and disciplinary proceedings in connection with this matter within one year of reinstatement of RESPONDENT'S license to practice podiatric medicine in the State of Nevada. The total amount of costs incurred by the Board is $1693.36.

Attorney General's Office
555 E. Washington, Suite 3900
Las Vegas, NV 89101

VIOLATION OF TERMS OF CONSENT DECREE

FELDMAN agrees that the BOARD may, upon at least twenty (20) days notice to FELDMAN, convene a hearing to consider whether a condition of this consent decree has been violated. If such a hearing results in a finding of a violation of this Consent Decree, the BOARD may impose any penalty upon FELDMAN authorized by NRS §635.130(1).

ACCEPTANCE BY THE BOARD

IT IS HEREBY AGREED BETWEEN THE PARTIES that this Consent Decree shall be presented to the BOARD with a recommendation for approval from the investigating board member and from the Attorney General's Office at the next regularly-scheduled meeting of the BOARD. FELDMAN understands that the BOARD is free to accept or reject this Consent Decree, and if rejected by the BOARD, a disciplinary proceeding will be commenced.

If the Consent Decree is not accepted by the BOARD, it shall be regarded as null and void, and no member of the BOARD will be disqualified from further hearing this matter by

reason of his or her consideration of the Consent Decree.

Admissions by FELDMAN in the Consent Decree will not be regarded as evidence against him at a subsequent disciplinary hearing. FELDMAN will be free to defend himself and no inferences against him will be drawn from his willingness to enter into this Consent Decree.

The Consent Decree will not be submitted for BOARD consideration until after it has been agreed to and executed by FELDMAN. The Consent Decree shall not become effective until it has been approved by a majority of the BOARD and executed by a representative member of the BOARD.

COMPLETE CONSENT DECREE

This Consent Decree embodies the entire agreement between the BOARD and FELDMAN. It may not be altered, amended, or modified without express written consent of the parties.

DATED this 16 day of Feb, 2011

Dr. Stuart M. Feldman-Nevada Controlled Substance Application Supplemental Information-Explanation for Case No. C-25-396154-1 of event on or after September 17, 2025.

Background Information-Dispute with Infectious Disease Specialist

04/17/2025 Patient, a [redacted] was first seen for bilateral full thickness wounds on her 5th digit. A type 2 diabetic with severe neuropathy, as well as CHF, HTN and morbid obesity. She uses a walker and lives alone. Her bilateral wounds were healing well, with weekly or bi-weekly office visits that included debridement and wound care.

06/09/2025 Patient seen as an emergency, due to ambulating barefoot on her black tar driveway. It was 107 degrees outside. She stated, "It was just for five minutes." As a consequence, she developed bilateral second-degree burns on both plantar feet with one third-degree burn on the right plantar lateral midfoot that had a stable eschar with various debridement, antibiotic therapy and wound care. Most of the second-degree burns completely healed. The eschar was still stable and I wanted the remaining left 5th digit wound to heal before removing the eschar.

09/10/2025 Patient was seen for continued wound care for bilateral second-degree burns. The goal was to remove the eschar and apply an amniotic graft. Unfortunately, the patient had cellulitis developing in her right lower leg and the wound deteriorated and was now malodorous. I decided that before placing the graft, I'd refer her to infectious disease for a possible Dalvance infusion. Patient was also written for oral antibiotics.

Dr. Stuart M. Feldman-Nevada Controlled Substance Application
Supplemental Information-Continued Explanation for Case No. C-25-396154-1 of event on or after September 17, 2025.

The referral was sent to an infectious disease specialist for consult and infusion, not wound care. I have nothing personally against this specialist or any of his staff. Over the past 25 years, I have referred numerous patients to him and had no issues, until now.

I'd informed the patient that once she responded to the infusion, we would proceed with the amniotic graft in a week or two. Patient was extremely non-compliant during the course of her treatment, consistently ambulating and performing activity against medical orders. She said that she lives alone, so she has to walk and drive, as she does not have any help. She advised that her ex-husband would come from CA to "take care of her for a week".

09/11/2025 Patient was referred and went to the infectious disease specialist (hereafter "specialist") office and was seen by a nurse practitioner (hereafter "NP"). This was a business dispute. I was very upset that after I sent a referral for infectious disease and infusion, the NP began the visit by disparaging me professionally, telling patient, "Dr. Feldman should have been more aggressive with eschar" and then the NP proceeded to advise the patient that "they can do her wound care including grafts there or at another office location". NP intimating to my patient that "they could do better".

09/12/2025 Patient called my office and spoke with my medical assistant (hereafter "MA"). The patient advised my MA that the NP told her that "Dr. Feldman was not aggressive enough with the eschar and that it should be removed sooner, etc." Patient was then told by this NP that "they could do the patient's wound care, either there or another location, including grafts".

I briefly spoke with the patient and told her that she was referred to infectious disease for the infusion only and that I was providing her wound care.

Dr. Stuart M. Feldman-Nevada Controlled Substance Application
Supplemental Information-Continued Explanation for Case No. C-25-396154-1 of event on or after September 17, 2025.

I reminded her that almost every burn was now healed at this point and that after the infusion, we were ready to place her graft.

I received a copy of the NP's note regarding my patient's visit to the specialist's office. It does not mention the NP's conversation with my patient about wound care at all. Obviously, this was omitted for a reason.
My patient had no reason to call us and make up the conversation. I left an angry voice message for the referral assistant of the specialist, asking why they were trying to take my wound care patient knowing that I was her podiatrist and had been doing her wound care since April 2025. I said very hurtful and angry things that I am not proud of and would never say again. I absolutely regret the message I left. It was not like how I normally act at all. I was just so upset at losing my longstanding patient to this other group for no reason. On 09/17/2025, I was arrested for the voice mail message.

In hindsight, it's possible that the specialist and referral assistant didn't know that their NP advised the patient that "their office did wound care and could do hers" after intimating that "Dr. Feldman was not aggressive enough with the debridement of eschar". I know that the NP did not know the extent of the patient's problems and how far we'd come to get her to this point.

The statements made by the specialist's PA to the patient was the reason I was so upset. I do, absolutely regret how I handled the situation. I certainly never acted in this manner previously. I would not respond like that again. I was just extremely upset about losing a patient, due to being professionally slandered the NP and her then advising my patient that they could do her wound care at their office or one of their other offices.

Dr. Stuart M. Feldman-Nevada Controlled Substance Application
Supplemental Information-Continued Explanation for Case No. C-25-396154-1 of event on or after September 17, 2025.

I pled guilty to a gross misdemeanor, which was accepted by the court. The court ordered probation and included the following conditions:

1. Payment of $1,000 fine. Completed.
2. Undergo a mental health evaluation & complete any follow-up. This has been completed. However, I decided to keep treating with my mental health counselor, as I feel it is really helping me.
3. Probation for no more than nine months. Completed in 5 months.
4. No contact with the Specialist or anyone on his staff in any manner. I've made no contact with anyone from their office.
5. After successful completion of probation, I was able to request that my guilty plea to the gross misdemeanor be dropped down to the misdemeanor of "Disorderly Conduct." The court granted my request and I sent this information to your office in my original application materials.

I absolutely regret how I handled the situation. I would not act in this manner ever again. If you have any additional questions, please feel free to call me at my office at: 702-407-2548. I look forward to speaking with you.

Sincerely,

Dr. Stuart M. Feldman

PRODUCTS THAT ARE PRECURSORS TO METHAMPHETAMINE

NAC 639.815 Real-time, stop sale system: Minimum requirements for approval by the Board. (NRS 639.070**,** 639.430**)**

1. For a real-time, stop sale system to be approved by the Board pursuant to NRS 639.430 for use by pharmacies in this State, the real-time, stop sale system must, at a minimum:

(a) Satisfy the requirements set forth in subsection 1 of NRS 639.430;

(b) Allow pharmacies in this State to electronically submit the following information to the system:

(1) The information set forth in subsection 2 of NRS 453.357; and

(2) The name or initials of or the unique identifier which is approved by the Board for the pharmacist or the employee of the pharmacy who sold or transferred the product;

(c) Be capable of producing a record of the information described in paragraph (b) for use by law enforcement agencies; and

(d) Maintain the confidentiality of all data and information entered into the system and be capable of preventing access to the data and information in the system unless such access is authorized pursuant to a specific state or federal law.

2. The Board will deem the electronic record created by a real-time, stop sale system approved by the Board pursuant to NRS 639.430 as satisfying the requirements for entering information in a logbook pursuant to subsection 2 of NRS 453.357.

(Added to NAC by Bd. of Pharmacy by R097-13, eff. 3-28-2014)

NAC 639.817 Real-time, stop sale system: Duties of pharmacy; completion of sale or transfer despite an alert from or without first consulting the system authorized in certain circumstances. (NRS 639.070**,** 639.430**,** 639.440**)**

1. Except as otherwise provided in NRS 639.440, on or before the 90th day after a pharmacy in this State receives notice from the Board that it has approved a real-time, stop sale system pursuant to NRS 639.430, the pharmacy shall:

(a) Obtain access to and begin using the real-time, stop sale system to document the sale or transfer of each product that is a precursor to methamphetamine;

DRAFT

(b) Verify that the pharmacy is submitting to the system the information required pursuant to paragraph (b) of subsection 1 of NAC 639.815 in real time;

(c) In accordance with NRS 639.440, obtain any information necessary from the person seeking the purchase or transfer of a product that is a precursor to methamphetamine to receive notice from the real-time, stop sale system;

(d) Review the information provided by the real-time, stop sale system before completing any sale or transfer of a product that is a precursor to methamphetamine to verify that the sale or transfer of the product does not violate NRS 453.355 or any other state or federal law which prohibits the sale or transfer of a product that is a precursor to methamphetamine; and

(e) Except as otherwise provided in subsection 2, not allow the sale or transfer of a product to be completed if the pharmacy receives an alert from the real-time, stop sale system that the sale or transfer of the product may violate NRS 453.355 or any other state or federal law which prohibits the sale or transfer of a product that is a precursor to methamphetamine.

2. A pharmacist or an employee of the pharmacy may complete a sale or transfer of a product despite an alert from the real-time, stop sale system that the sale or transfer of the product may violate NRS 453.355 or any other state or federal law which prohibits the sale or transfer of a product that is a precursor to methamphetamine if the pharmacist or employee of the pharmacy has a reasonable fear of imminent bodily harm if the sale or transfer is not completed. If a pharmacist or an employee of the pharmacy completes a sale or transfer pursuant to this subsection, the pharmacist or employee of the pharmacy shall report the sale or transfer to the Board and an appropriate law enforcement agency as soon as the pharmacist or the employee of the pharmacy reasonably believes that the imminent danger has subsided but not later than 24 hours after the sale or transfer.

3. A pharmacist or an employee of a pharmacy may complete a sale or transfer of a product that is a precursor to methamphetamine without first consulting a real-time, stop sale system approved by the Board pursuant to NRS 639.430 if the pharmacy:

(a) Experiences a mechanical or electronic failure of the real-time, stop sale system or the real-time, stop sale system is otherwise unavailable;

(b) Requests and is granted from the Executive Secretary a temporary waiver of the requirement of using the real-time, stop sale system; and

DRAFT

(c) Maintains the information required to be submitted to the real-time, stop sale system pursuant to NAC 639.815 on a written list or in another alternative format until the waiver is terminated.

NRS 453.3535 "Retail distributor" defined. "Retail distributor" means a grocery store, general merchandise store, drugstore, pharmacy or other entity or person whose exclusively or almost exclusively to sales for personal use by an ultimate user, both in number of sales and volume of sales, either directly to walk-in customers or in face-to-face transactions by direct sales.

(Added to NRS by 2007, 775, 3123)

New language

NAC 639.818 Digital identify verification and use of real-time, stop sale system:

1. Except as provided in this section, a pharmacy may use the Internet or any other lawful means of exchange to effectuate the retail sale of a product that is a precursor to methamphetamine as defined in NRS 639.400 and NRS 453.353.

2. If the retail sale of a product that is a precursor to methamphetamine is not conducted in person, the pharmacy must submit the purchaser's identification information through a real-time, stop sale system that utilizes a secure digital identification system.

3. After reviewing the identification of the purchaser the real-time, stop sale system will return to the pharmacy an approval or a stop-sale response.

4. As used in this section, the term "real-time, stop sale system" means a system approved by the Board pursuant to NRS 639.430.
