Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
56.4	Doffing procedures are performed in an order that reduces the risk of contamination.	Yes		3.3
56.5	The order of garbing was performed in the appropriate sequence in relation to the placement of the sink. ***Inspector note: If hand hygiene is completed outside of a classified area, alcohol-based hand rub must be used prior to donning garb.***	Yes		3.2, 3.3
56.6	Sterile gloves are donned in a classified room or SCA. ***Inspector note: If hand hygiene is completed outside of a classified area, alcohol-based hand rub must be used prior to donning garb and again before sterile gloves are donned, see USP <797> FAQ #97.***	Yes		3.2
56.7	Skin is not exposed inside the ISO Class 5 PEC.	Yes		3.3
56.8	Garb is replaced immediately if it becomes visibly soiled or if its integrity is compromised.	Yes		3.3

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
58.1	All sterile compounding is performed in a PEC with ISO Class 5 conditions or better. ***If the pharmacy only performs immediate use compounding, inspector should answer this statement as N/A.***	Yes		4.1.2
58.2	**Category 2 and Category 3 only:** All PECs are placed in a cleanroom suite. ***Inspector note: Per USP, "If compounding only Category 1 CSPs, the PEC may be placed in an unclassified SCA."*** ***If the pharmacy only prepares Category 1 CSPs, inspector should answer this statement as N/A.***	Yes		4.1.2
58.3	Compounding personnel ascertain before use that components are of the correct identity, appropriate quality, within the expiration date, and have been stored under the proper conditions.	Yes		9.3.3
58.4	All items are wiped with a sporicidal disinfectant, EPA-registered disinfectant, or sterile 70% IPA prior to being introduced into the clean side of the anteroom, placed into a pass-through chamber, and/or brought into the SCA. ***Inspector note: The wiping procedure or agents used should not compromise the packaging integrity or render the product label unreadable. Disinfectant dwell time minimums, as specified by the manufacturer, are to be followed.***	Yes		8.1

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
58.5	Before any item is introduced into the PEC, it is wiped with sterile 70% IPA using sterile low-lint wipers and allowed to dry before use. ***Inspector note: Per USP, "When sterile items are received in sealed containers designed to keep them sterile until opening, the sterile items may be removed from the covering as the supplies are introduced into the ISO Class 5 PEC without the need to wipe the individual sterile supply items with sterile 70% IPA. The wiping procedure must not render the product label unreadable."***	Yes		8.2
58.6	Aseptic processes and manipulations are performed in a manner intended to minimize the risk of contamination. ***Inspector note: Observe the compounder's technique to ensure proper aseptic technique is utilized such as: preparation occurs in the direct compounding area (DCA); the compounder does not interrupt first air during the compounding process; proper set up of equipment, supplies, and components that ensure first air is not interrupted; the compounder handles the syringe in a manner that does not introduce contaminates (touch contamination on the plunger rod); proper entry and exit of materials in ISO Class 5 PEC; and frequent sanitization of gloves.***	Yes		2.3
58.7	All critical sites (eg, vial stoppers, ampule necks, and IV bag septums) are wiped with sterile 70% IPA in the PEC and allowed to dry before puncturing.	Yes		7, 8.3
58.8	Gloves are disinfected with sterile 70% IPA immediately before compounding and regularly throughout the compounding process. ***Inspector note: Per USP, best practice is to re-sanitize each time hands re-enter the PEC. This may not occur when compounder is staging the next batch.***	Yes		3.3

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
58.9	Gloves are regularly inspected for holes, punctures, or tears, and are replaced immediately if such defects are detected.	Yes		3.3
59.0	Do compounding personnel adhere to the USP established time limits for components after initial puncture or entry in compliance with USP <797> standards? ***Look at punctured, stored containers and confirm if puncture time or BUD is noted on the container and stored within time limits. If no, go to the compliance statements.***	Yes		15
59.1	Single dose containers (entered or punctured only in an ISO Class 5 air or cleaner air) are not used beyond 12 hours after initial puncture or entry or assigned BUD, whichever is shorter. ***Inspector note: This applies to conventionally manufactured single-dose vials, compounded single-dose CSPs used as components, and CSP stock solutions. The labeled storage requirements during that 12-hour period must be maintained. Additionally, per USP, "This time limit for entering or puncturing (a single-dose CSP or CSP stock solution) is not intended to restrict the BUD of the final CSP."***	Yes		15.1, 16.2
59.2	Multiple-use containers are not used for more than 28 days after initial puncture or entry, manufacturer specifications, or assigned BUD, whichever is shorter. ***Inspector note: This applies to conventionally manufactured multiple-dose vials and compounded multiple-dose CSPs used as components. Multiple-dose CSPs are required to meet the criteria for antimicrobial effectiveness testing (USP <51>) and must be stored under the conditions upon which its BUD is based (eg, refrigerator or controlled room temperature).***	N/A		14.5, 15.2, 16.1

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
61.0	Are there procedures for in-process checks performed by a pharmacist? ***Inspector note: In-process checks are safety steps for complex, multi-step compounding processes or high risk drugs or high risk populations (eg, neonates).*** ***These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists and visual inspection of product. Documentation of the compounding accuracy is recommended to be performed by someone other than the compounder to ensure proper measurement, reconstitution, and component usage. Some checks may be done retrospectively and with the assistance of technology.***	Yes	Currently the pharmacy has pharmacist process checks but is working on scale integration for documenting weights computer pictures for volume checks.	2 Table 2, Table 3
62.0	**Cleaning and Disinfection Observation:** Does the pharmacy perform cleaning and disinfection activities in compliance with USP <797> standards? ***If inspector is unable to observe cleaning activities (due to timing of compounding activities observed), inspector should interview compounder(s) to have them walk through their normal process. If this occurs, Inspector should record in notes column "process only."*** ***If no, go to compliance statements.***	Yes		7
62.1	All cleaning and disinfection activities are performed by appropriately garbed personnel.	Yes		7
62.2	Cleaning and disinfection are performed on all surfaces in the classified area and SCA.	Yes		7

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
62.8	Compounding personnel are using the appropriate cleaning and disinfecting procedures and techniques within the PEC. ***Inspector note: Per USP, "All cleaning, disinfecting, and application of sporicidal disinfectants must be documented according to the facility's SOPs"; "Cleaning must be performed in the direction of clean to dirty areas"; and when 70% sterile IPA is used, it is used last and allowed to dry. There are differing opinions on the best order of cleaning. Procedure includes using a sterile low-lint wiper to all surfaces. Allow surfaces to dry completely before beginning compounding.***	Yes		7.1.2 Box 7, Box 8
62.9	The manufacturer's directions or published data for the minimum contact time is followed for each of the cleaning, disinfecting, and sporicidal disinfectant used. ***Per USP, contact times should be included in the SOP based on the agent used.***	Yes		7.1.1 Box 7, Box 8
62.10	Sterile 70% IPA is applied to all surfaces in the ISO Class 5 PEC at the frequencies specified by USP during active compounding. ***Inspector note: Per USP <797>, sterile 70% IPA must be applied: immediately before initiating compounding procedures, to the work surface of the PEC at least every 30 minutes (if the compounding process takes 30 minutes or less), to the work surface of the PEC immediately after compounding (when the compounding process takes more than 30 minutes), after each batch or lot is completed, and after cleaning and disinfecting.***	Yes		7

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
65.1	Sterilization by filtration is performed in an ISO 5 environment.	Yes		4.1.2, 10.2
65.2	Filters used have enough capacity to filter the required volumes. ***Inspector note: Per USP: "The filter dimensions and the CSP to be sterilized by filtration should permit the sterilization process to be completed without the need for replacement of the filter during the process."***	Yes		10.2
65.3	The 0.2 micron sterile micro-porous membrane filter used to sterilize CSP solutions is chemically and physically compatible with the CSP. Inspector note: Per USP <797>, sterilizing filters must be appropriate for pharmaceutical use. Sterilizing filters labeled "for laboratory use" or equivalent must not be used. "Sterilizing filters must be certified by the manufacturer to retain at least 10^7 microorganisms of a strain of Brevundimonas diminuta per square centimeter of upstream filter surface area under conditions similar to those in which the CSPs will be filtered (ie, pressure, flow rate, and volume filtered)."	Yes		10.2
65.4	Confirmation of filter integrity (bubble testing) is performed and documented for each filter used with each batch sterilized by filtration. ***Inspector note: If multiple filters are required for the compounding process, each of the filters must be tested.*** ***If no, collect a copy of the master formulation record and compounding record.***	Yes		10.2

		Observation	Inspector Notes	USP Reference(s)
67.0	**Dry Heat Sterilization:** Does the pharmacy use the appropriate type of sterilization method, equipment, documentation, and testing in compliance with USP <797> standards? ***Inspector note: The sterilization method used must sterilize the CSP without degrading its physical and chemical stability (eg, affecting its strength, purity, or quality) or the packaging integrity. USP <1229.8> also applies.*** ***View documentation on compounding records for CSPs sterilized by dry heat to confirm. If no, go to compliance statements.*** ***If the pharmacy does not use this sterilization method, inspector should answer question as N/A.***	N/A		10.4 USP <1229.8>
67.1	The pharmacy has the appropriate dry heat sterilization equipment. ***Inspector note: Dry heat sterilization is usually performed in an oven designed for sterilization at 160°C or higher. The dry heat oven should be able to get to the appropriate temperature and pressure, for example, not be a toaster oven.***	N/A		10.4
67.2	Solutions are passed through a 1.2 micron or smaller filter into the final containers to remove particulates before sterilization.	N/A		10.4
67.3	During sterilization, sufficient space is left between materials to allow for circulation of hot air.	N/A		10.4
67.4	CSPs and other items are exposed to dry heat for the length of time necessary for all items to reach sterilizing temperature of 160°C or higher. ***Inspector note: Per USP <797>, if lower temperatures are used, they are validated by biological indicators (see USP <1229.8>, Validation of Dry Heat Sterilization, Biological Indicators). The calibrated oven must be equipped with temperature controls and a timer.***	N/A		10.4

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
67.5	The appropriate biological indicators are used to verify the effectiveness each sterilization run or load and documented in the compounding record. ***Inspector note: Per USP <797>, "The effectiveness of dry heat sterilization must be verified and documented with each sterilization run or load by using appropriate biological indicators, such as spores of Bacillus atrophaeus (ATCC 9372; see Biological Indicators for Sterilization USP <1229.5>) and other confirmation methods (e.g., temperature-sensing devices). The date, run, and load numbers of the dry heat oven used to sterilize a CSP must be documented in the CR."***	N/A		10.4 USP <1229.5>
67.6	A calibrated data recorder or chart is used to monitor each cycle and the data is reviewed to identify cycle irregularities (eg, deviations in temperature or exposure time) and results documented on the CR.	N/A		10.4, 20
68.0	**Dry Heat Depyrogenation:** Is the appropriate depyrogenation method used and documented in compliance with USP <797> standards? ***View documentation records of items depyrogenated to confirm. If the pharmacy does not use this method, Inspector should answer question as N/A.***	Yes	Glassware is depyrogenated in the Dry Heat Oven.	10.1 USP <1228.1>
68.1	Glassware, metal, and other thermostable containers are exposed to dry heat for the length of time necessary for all items to be rendered pyrogen free.	Yes		10.1

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
68.2	The effectiveness of the dry heat depyrogenation cycle is established and documented. ***Inspector note: Per USP <797>, this must be done initially, re-established any time there are changes made to the cycle (eg, load conditions, duration, temperature), and verified at least annually by using endotoxin challenge vials (ECVs) to demonstrate that the cycle is capable of achieving a > 3-log reduction in endotoxins (see Bacterial Endotoxins Test USP <85>). The verification must be documented.***	Yes		10.1 USP <1228.1> USP <85>
68.3	Items that are not thermostable are depyrogenated by multiple rinses with sterile, nonpyrogenic water (eg, sterile water for injection or sterile water for irrigation) and then thoroughly drained or dried immediately before use in compounding. ***Inspector note: USP <1228.4> Depyrogenation by Rinsing also applies.***	Yes		10.1 USP <1228.4>
	Master Formulation and Compounding Records **Inspector should review a minimum of five (5) master formulation records and five (5) compounding records.**			11
69.0	Are **Master Formulation Records (MFRs)** created and maintained in compliance with USP <797> standards? ***If no, go to the compliance statements.***	Yes		11.1
69.1	The pharmacy creates and maintains MFRs for CSPs that are prepared for more than one patient.	Yes		11.1, 20
69.2	MFR changes and alterations are approved and documented according to the pharmacy's SOPs.	Yes		11.1
69.3	The pharmacy creates and maintains MFRs for CSPs that are prepared from nonsterile ingredients.	Yes		11.1, 20

e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
74.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest beyond use date of any individual compounded components? ***Inspector note: Per USP, "the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CSP exceeds the BUD assigned to compounded components (eg, pH-altering solutions). If the assigned BUD of the final CSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CSP must not be negatively impacted." Other examples where this may occur: formula within a formula, preservative-free compounded component used in a preserved final CSP, "in-use" times for pharmacy bulk packages, and cyclosporine ophthalmic stock solution.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		14.3
75.0	Are BUDs for **Category 3 CSPs** assigned in compliance with all conditions outlined in USP <797> standards and do not exceed the maximum limits established in Table 14? ***Inspector note: If all of the conditions described for Category 3 CSPs are not met, the applicable BUD must not exceed the established maximum limits in Table 13 for Category 2 CSPs.*** ***If no, go to compliance statements.*** ***If the pharmacy does not prepare Category 3 CSPs, inspector should answer question as N/A.***	N/A		14.3, 14.4., 14.4.1, 14.4.2, 14.4.3, 14.4.4, Table 14
75.1	The assigned BUD does not exceed the shortest expiration date of any of the individual starting components.	N/A		14.3 Table 14

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
75.9	**Category 3 CSPs** undergo an evaluation for the container closure system. ***Inspector note: The container closure system used is evaluated for and conforms to container closure integrity to the end of the BUD (see USP <1207> Package Integrity Evaluation—Sterile Products). Evaluation must be done once for each formulation and for each container closure system in which it will be packaged.***	N/A		14.4.3 Table 14 USP <1207>
76.0	Are **multiple-dose CSPs prepared** in compliance with USP <797> standards? ***If no, go to compliance statements.*** ***If the pharmacy does not prepare multiple-dose CSPs, inspector should answer question as N/A.***	Yes		14.5
76.1	Multiple-dose CSPs are prepared as a Category 2 or Category 3 CSP only.	Yes		14.5
76.2	When preservatives are used, they are appropriate for the CSP formulation and the route of administration. Inspector note: Per USP <797>, "The preservative must not be inactivated by any ingredients in the CSP, and some preservatives are not always appropriate for the patient (eg, neonates) or route of administration (eg, intrathecal or ophthalmic injection)."	Yes		14.5

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
76.3	Aqueous multiple-dose CSPs pass antimicrobial effectiveness testing in accordance with USP <51>. ***Inspector note: Per USP <797>, a test can be one test done for each formulation in the particular container-closure system in which it will be packaged, or test results provided by an FDA-registered facility or in appropriate peer-reviewed literature, provided the sterile compounded preparation formulation and container-closure system used are exactly the same as those tested, unless a bracketing study is performed. The concentration of all other ingredients (including preservatives) must be the same throughout the bracketing study. Additionally, multiple-dose, nonpreserved, aqueous topical, and topical ophthalmic CSPs prepared as a Category 2 or Category 3 CSP are not required to pass antimicrobial effectiveness testing if the preparation is: For use by a single patient, labeled (in the label or labeling) to indicate that, once opened, it must be discarded after 24 hours when stored at controlled room temperature and/or that, once opened, it must be discarded after 72 hours when stored under refrigeration.***	Yes		14.5 USP <51>
76.4	Multiple-dose CSPs are labeled to indicate the beyond use date of the CSP once it is opened or punctured. ***Inspector note: Labeling on the CSP should indicate that once the CSP container is entered or punctured, it must not be used for longer than the assigned BUD or 28 days (if supported by antimicrobial effectiveness testing results), whichever is shorter.*** ***Inspector should review the CR or final compounded preparation to verify the label contains this information.***	Yes		14.5
76.5	Container-closure systems used are evaluated for maintaining integrity (USP <1207>) for each formulation and fill volume. ***Inspector note: Per USP <797>, the container closure integrity test needs to be conducted only once on each formulation and on fill volume in the particular container closure system in which the multiple-dose CSP will be packaged.***	Yes		14.5 USP <1207>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
	Finished Preparation Release Checks and Tests			12
77.0	Are all CSPs visually inspected for quality prior to release or dispensing in compliance with USP <797> standards? ***If no, go to compliance statements.***	Yes		12.1
77.1	The CSP label is visually inspected to confirm that the CSP and its labeling match the prescription or medication order.	Yes		12.1
77.2	CSPs are visually inspected for quality characteristics such as discoloration, visible particulates, or cloudiness.	Yes		12.1
77.3	CSPs are visually inspected to verify container closure integrity (eg, checking for leakage, cracks in the container, or improper seals).	Yes		12.1
77.4	A visual inspection is also repeated prior to release or dispense for CSPs that have been stored in the pharmacy and not released or dispensed on the day of preparation.	Yes		12.1

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
78.3	Pharmacy is utilizing an alternative method for sterility assurance testing (other than USP <71>). ***Inspector note: Per USP, "If an alternative method is used for sterility testing, the method must be validated (see USP <1223>) and demonstrated to be suitable for that CSP formulation."*** ***If an alternative method is used, describe the method used and how the pharmacy ensures they are compliant with state-specific regulations.***	Yes	Scan RDI	12.2 USP <71>, <1223>
78.4	When sterility testing identifies a failure, the pharmacy has processes to investigate and identify any contributing factors. ***Inspector note: Per USP, "Sterility tests resulting in failures must prompt an investigation into the possible causes and must include identification of the microorganism, as well as an evaluation of the sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. The source(s) of the contamination, if identified, must be corrected, and the facility must determine whether the conditions causing the sterility failure affect other CSPs. The investigation and resulting corrective actions must be documented." Additionally, some rapid sterility test methods do not allow for the identification of the recovered microorganisms. If one of these methods is used, the pharmacy is not in compliance with the chapter, as the investigation must include identification of the recovered microorganism.***	Yes		12.2

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
79.0	For any CSPs assigned BUDs that require **bacterial endotoxin testing**, does the pharmacy ensure that all testing is performed and documented in compliance with USP <85> and USP <797> standards? ***Inspector note: Endotoxin limits reflect limits in an official monograph, or calculated as described in USP Chapter <85> for the route of administration for humans, and for animals based on weight.*** ***Although USP <797> refers to USP <85> Bacterial Endotoxins Test for calculating endotoxin limits for the appropriate route of administration, it does not address products administered epidurally or administered directly into the central nervous system. CSPs administered epidurally should have the same endotoxin limit as that of intrathecally administered CSPs.*** ***If no, go to compliance statements.*** ***If the pharmacy does not prepare CSPs that require bacterial endotoxin testing, inspector should answer question as N/A.***	Yes		12.3 USP <85>
79.1	The pharmacy has an appropriate procedure for calculating/determining endotoxin limits. ***Per USP, there are endotoxin limits listed in USP product and compounded preparation monographs. The laboratory may be performing the calculation rather than the pharmacy; however, if done in house, this should be included in the pharmacy SOPs.*** ***If the dosage form does not require, inspector should answer statement as N/A.***	Yes	The testing is performed by Eagle Analytical.	12.3
79.2	The pharmacy collects patient weight to make bacterial endotoxin calculation for an animal patient. ***If the dosage form does not require or the pharmacy does not compound sterile preparations for animals, inspector should answer statement as N/A.***	N/A		12.3

Sterile Compounding Inspection for USP <797>

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
79.3	Bacterial endotoxins testing (USP <85>) is performed on all **injectable Category 2 CSPs** compounded from one or more nonsterile components that are assigned a BUD requiring sterility testing per Table 13. ***Inspector note: USP <797> recommends that all injectable Category 2 CSPs made from one or more nonsterile components is also endotoxin tested.***	Yes		12.3 Table 13 USP <85>
79.4	Bacterial endotoxins testing (USP <85>) is performed on all **injectable Category 3 CSPs** compounded from one or more nonsterile components.	N/A		12.3 Table 13 USP <85>
79.5	Any CSPs with failed endotoxin testing are quarantined, not further released, and action is taken for any product released prior to receipt of failed test results. ***View testing records and note any products with failed results and actions taken.***	Yes		12.2, 12.3
	CSP Packaging, Shipping and Transport			19
80.0	Are processes and techniques for packaging and transporting CSPs in compliance with USP <797> standards? ***If no, go to compliance statements.***	Yes		19.1, 19.2, 19.3
80.1	The pharmacy uses the appropriate shipping containers and packaging materials (eg, coolers and light-resistant packaging) based on the product specifications.	Yes		19.2

Facility Name: Artisan Drug Inc dba Artisan Drug
e-Profile ID: 1790502
Inspection Date: 10/21/2025, 10/28/2025 & 10/29/2025

		Observation	Inspector Notes	USP Reference(s)
82.1	The pharmacy has a formal QA/QC program with documented activities. ***Inspector note: Per USP, "Designated person(s) must ensure that the facility has formal, written QA and QC programs that establish a system of: adherence to procedures; prevention and detection of errors and other quality problems; evaluation of complaints and adverse events, and appropriate investigations and corrective actions."***	Yes		18
82.2	The pharmacy's QA/QC program is reviewed at least once every 12 months by the designated person(s) and the results of the review are documented.	Yes		18
82.3	The designated person(s) reviews all complaints to determine whether the complaint indicates a potential quality problem with the CSP.	Yes		18.2, 20
82.4	All complaints and adverse events are thoroughly investigated. ***Inspector note: Per USP <797>, the timeframe is specified in the facility SOP. Additionally, USP states, "The investigation must consider whether the quality problem extends to other CSPs."*** ***If facility SOP permits a long investigation period, include in the inspector notes the SOP's expected time frame to complete an investigation. State may have a more aggressive time frame to complete an investigation and report quality events to the state.***	Yes		18.2, 18.3, 20

Sterile Compounding Personnel Records Review

Select personnel with compounding responsibilities for your records review; preferably select staff performing compounding duties at time of inspection or staff identified during CR review.
- Recommend also pulling supervising personnel file.
- Inspector can consider pulling non-compounder employee file ("Other") who cleans and stocks compounding area but who does not compound (Note: frequency of competency assessment will be defined by pharmacy SOPs).
Review five (5) personnel files and document your observations. (For applicants seeking a Class E-S Non-Resident Sterile Compounding Inspection (Texas Sampling), review a total of 10 personnel records.)
- *Note: long-term employees may not have initial training available. If this is the case, you may select an alternative file. If an alternate file is not available, document length of service of long-term employee.*
Inspector Note: soybean casein digest medium and trypticase soy broth are the same media.

Inspector Instructions	Demonstrating Knowledge and Competency of Core Skills (Section 2.1)
1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position. **2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.** **3. Select the appropriate response for each item reviewed.** **-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.** **-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.** **-Select "Missing" if the document is not present in the file.** **-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.** **4. Use the notes column to document any pertinent information.**	**USP requirements:** **1. Personnel who perform or oversee compounding or *support activities* must be trained in the SOPs and trained on maintaining the quality of the environment (See Table 2).** **2. Compounding personnel and supervising personnel must complete training needed to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions (See Table 2 and Table 3). This must be completed initially and every 12 months in at least the following areas:** **-Hand hygiene** **-Garbing** **-Cleaning and disinfection** **-Calculations, measuring, and mixing** **-Aseptic technique** **-Achieving and/or maintaining sterility (and apyrogenicity if compounding with nonsterile components)** **-Use of equipment** **-Documentation of the compounding process (eg, master formulation and compounding records)** **-Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area** **-Proper use of PECs** **-Principles of movement of materials and personnel within the compounding area** **3. Personnel who only perform restocking or cleaning and disinfecting duties outside of the primary engineering control (PEC) must complete ongoing training as required by the facility's SOPs (See Table 3).** **4. Personnel compounding only immediate-use CSPs must complete training as required by the facility's SOPs (See Table 3).** **5. All training and evaluations must be documented.**

Employee Record #	Employee Title	Personnel Function	CSP Category Type	Compounding SOPs	Initial Training and Competency in Maintaining the Quality of the Environment	Initial Training and Competency in Sterile Compounding Principles and Practices	Ongoing Training and Competency in Sterile Compounding Principles and Practices	Notes
				Compounders and Supervising Personnel: initially and at least every 12 months Other Personnel (examples: persons who do not compound but clean/disinfect and restock or who perform in-process checks; persons who only compound immediate use): initially and as defined by pharmacy SOPs.				
#1	Pharmacist	Supervising/Direct Oversight	Category 2 only	Yes	Yes	Yes	Yes	Three staff members participate in sterile compounding.

Inspector Instructions
1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position. 2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency. 3. Select the appropriate response for each item reviewed. -Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards. -Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column. -Select "Missing" if the document is not present in the file. -Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column. 4. Use the notes column to document any pertinent information.

Hand Hygiene and Garbing Competency Evaluation (Section 2.2)
USP requirements: 1. The garbing and hand hygiene competency evaluation consists of a visual observation and gloved fingertip and thumb sampling (GFT) of both hands. 2. The initial competency evaluation consists of three (3) separate and complete hand hygiene observation, followed by a full garbing procedure and a GFT after garbing. The initial three (3) successful completions must be in succession—failure of any of the three (3) initial garbing competency evaluations requires repeat testing until personnel successfully complete three (3) evaluations in a row. 3. The pharmacy uses a microbiological growth media device (eg, plates, paddles, or slides) containing general microbial growth agar (eg, trypticase soy agar [TSA]) supplemented with neutralizing additives (eg, lecithin and polysorbate 80) that supports both bacterial and fungal growth. 4. The media device is incubated at 30°C-35°C for no less than 48h and then at 20°C-25°C for no less than an additional five days. 5. Failure is indicated by visual observation of improper hand hygiene and garbing procedures and/or GFT results that exceed the defined action levels. Action level after garbing: >0 cfu/total from both hands. 6. Documentation includes, at minimum: -Name of the person evaluated -Evaluation date and time -Media and components used including manufacturer, expiration date, and lot number -Starting temperature for each interval of incubation -Dates of incubation -Results (the number of cfu per hand must be recorded; microbial identification of the cfu is not required by the chapter for GFT) -Results of the evaluation and any corrective actions -Name of the observer and personnel reading and documenting the results

Employee Record #	Employee Title	Personnel Function	CSP Category Type	Hand Hygiene and Garbing Visual Observation	*Initial GFT x 3 (Post hand washing and garbing)	Subsequent GFT (Post handwashing and garbing)	Documented Failures and Retraining Needs (if none, please mark as N/A)	Notes
				Category 1 and 2 compounders: Initially and at least every 6 months Category 3 compounders: Initially at least every 3 months Supervising Personnel: Initially and at least every 12 months

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.
3. Select the appropriate response for each item reviewed.
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.
4. Use the notes column to document any pertinent information.
5. Document in notes if initial aseptic manipulation competencies are present in files (*unless long-term employee).

Aseptic Manipulation Competency (Section 2.3)

USP requirements:
1. Media-fill testing procedures simulate the most difficult compounding procedures encountered by personnel.
2. The pharmacy conducts media-fill testing as described in Box 2.
3. The final containers are incubated at 20°C-25°C and 30°C-35°C for a minimum of seven days at each temperature band.
4. Failure is indicated by visible turbidity or other visual manifestations of growth in the media in one or more container closure unit(s) on or before 14 days.
5. Immediately following the media-fill test, GFT is performed on both hands and inside of an ISO Class 5 PEC. Failure is indicated by visual observation of GFT results that exceed defined action levels. Action level after media-fill testing: >3 cfu/total from both hands.
6. Immediately following the GFT, a surface sample of the direct compounding area inside the PEC is performed in accordance with USP standards for surface sample monitoring and action levels. Action level ISO Class 5: >3 cfu/media device.
7. Failure in the media fill, GFT, or surface sampling constitutes an overall failure of the aseptic manipulation competency.
8. Documentation includes, at minimum:
-Name of the person evaluated
-Evaluation date and time
-Media and components used including manufacturer, expiration date, and lot number
-Starting temperature for each interval of incubation
-Dates of incubation
-Results (for GFT, the number of cfu per hand must be recorded and for surface samples, the number of cfu per sample must be recorded. Note: microbial identification of the cfu is not required for media-fill testing)
-Results of the evaluation and any corrective actions
-Name of the observer and personnel reading and documenting the results

GLOSSARY USP <797>
ACD: Automated compounding device.
ACPH: Air changes per hour.
Active pharmaceutical ingredient (API): Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans and animals or affecting the structure and function of the body. Also referred to as *Bulk drug substance*. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added substance: An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with the terms *inactive ingredient, excipient, and pharmaceutical ingredient.*
Administration: The direct application of a sterile product or preparation to a single patient by injecting, infusing, or otherwise providing a sterile product or preparation in its final form.
Airlock: A space with interlocked doors, constructed to maintain air pressure control when items move between two adjoining areas (generally with different air cleanliness standards). The intent of an airlock is to prevent ingress of particulate matter and microbial contamination from a lesser-controlled area.
Alcohol-based hand rub: An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Allergenic extract compounding area (AECA): A designated space, area, or room that is not required to be classified, with a visible perimeter that is suitable for preparation of allergenic extract prescription sets.
Allergenic extract prescription set: Combinations of licensed allergenic extracts that would be mixed and diluted to provide subcutaneous immunotherapy to an individual patient, even though these allergenic extract combinations are not specified in the approved BLAs for the licensed biological products.
Allergenic extract: A biological substance used for the diagnosis and/or treatment of allergic diseases such as allergic rhinitis, allergic sinusitis, allergic conjunctivitis, bee venom allergy, and food allergy.
Anteroom: An ISO Class 8 or cleaner room with fixed walls and doors where personnel hand hygiene, garbing procedures, and other activities that generate high particulate levels may be performed. The anteroom is the transition room between the unclassified area of the facility and the buffer room.

NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Aseptic processing: A method by which separate, sterile components (eg, drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (eg, by membrane filtration or by autoclave).
Aseptic technique: A set of methods used to keep objects and areas free of microorganisms and thereby minimize infection risk to the patient. It is accomplished through practices that maintain the microbe count at an irreducible minimum.
Assigned trainer: One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CSPs.
Batch: More than one CSP prepared as described in the MFR in a single, discrete process, and expected to have uniform character and quality, within specified limits.
Beyond-use date (BUD): The date, or the hour and date, after which a CSP must not be used, stored, or transported. The date is determined from the date and time the preparation is compounded.
Biological safety cabinet (BSC), Class II: A ventilated cabinet with an open front and inward and downward unidirectional HEPA-filtered airflow and HEPA-filtered exhaust. A BSC used to prepare a CSP must be capable of providing an ISO Class 5 or better environment for preparation of the CSPs.
Biological safety cabinet (BSC): A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
BLA: Biological license application.
Blood components: Any therapeutic constituent of blood separated by physical or mechanical means (eg, white cells, red cells, platelets, plasma, serum). It is not intended to include plasma-derived products (eg, albumin, coagulation factors, immunoglobulins) manufactured under an approved BLA or equivalent.
BMBL: Biosafety in Microbiological and Biomedical Laboratories.
Buffer room: An ISO Class 7 or cleaner room with fixed walls and doors where PEC(s) that generate and maintain an ISO Class 5 environment are physically located. The buffer room may only be accessed through the anteroom or another buffer room.
Bulk drug substance: See the entry for *Active pharmaceutical ingredient*.

GLOSSARY USP <797>
Category 1 CSP: A CSP that is assigned a BUD of 12 hours or less at controlled room temperature or 24 hours or less refrigerated that is compounded in accordance with all applicable requirements for Category 1 CSPs in this chapter.
Category 2 CSP: A CSP that may be assigned a BUD of greater than 12 hours at controlled room temperature or greater than 24 hours refrigerated that is compounded in accordance with all applicable requirements for Category 2 CSPs in this chapter.
Category 3 CSP: A CSP that may be assigned a BUD exceeding the limits in *Table 13* for Category 2 CSPs and is compounded in accordance with all applicable requirements for Category 3 CSPs in this chapter.
CDC: Centers for Disease Control and Prevention.
Certificate of analysis (COA): A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
CFU: Colony-forming units.
Classified area: An area that maintains an air quality classification based on the ISO standards required in this chapter (see also the definition for *ISO class).*
Cleaning agent: An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Cleaning: The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleanroom suite: A classified area that consists of both an anteroom and buffer room.
Component: Any ingredient used in the compounding of a preparation, including any active ingredient, added substance, or conventionally manufactured product.
Compounded sterile preparation (CSP): A preparation intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance.
Compounded stock solution: A sterile mixture of components that is used to compound additional CSPs.
Compounding area: The area where compounding is occurring (ie, a cleanroom suite, inside the perimeter of the SCA, or AECA).

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Compounding aseptic containment isolator (CACI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for the compounding of sterile HDs.
Compounding aseptic isolator (CAI): A type of RABS that uses HEPA filtration to provide an ISO Class 5 unidirectional air environment designed for compounding of sterile non-HDs.
Compounding record (CR): Documents the compounding of each CSP.
Compounding: The process of combining, admixing, diluting, pooling, reconstituting, repackaging, or otherwise altering a drug product or bulk drug substance to create a sterile preparation.
Container closure system: Packaging components that together contain and protect the dosage form. This includes primary packaging components and secondary packaging components, if the latter are intended to provide additional protection.
Containment glove bag: A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE): A non-ISO classified full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through HEPA filtration and prevent their release into the work environment.
Conventionally manufactured product: A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Critical site: A location that includes any component or fluid pathway surfaces (eg, vial septa, injection ports, and beakers) or openings (eg, opened ampules and needle hubs) that are exposed and at risk of direct contact with air (eg, ambient room or HEPA filtered), moisture (eg, oral and mucosal secretions), or touch contamination.
Designated person(s): One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CSPs.
Direct compounding area (DCA): A critical area within the ISO Class 5 PEC where critical sites are exposed to unidirectional HEPA-filtered air, also known as first air.
Disinfectant: A chemical or physical agent used on inanimate surfaces and objects to destroy fungi, viruses, and bacteria. Sporicidal disinfectants are considered a special class of disinfectants that also are effective against bacterial and fungal spores.
Dynamic airflow smoke pattern test: A PEC test in which a visible source of smoke, which is neutrally buoyant, is used to observe air patterns within the unidirectional space (i.e., the DCA) under dynamic operating conditions (see the entry for *Dynamic operating conditions).* This test is not appropriate for ISO Class 7 or ISO Class 8 cleanrooms that do not have unidirectional airflow (see the entry for *Visual smoke study).*

NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Dynamic operating conditions: Conditions in the compounding area in which operating personnel are present and simulating or performing compounding. The conditions should reflect the largest number of personnel and highest complexity of compounding expected during routine operations as determined by the designated person(s).
ECV: Endotoxin challenge vial.
EPA: US Environmental Protection Agency.
Excipient: See the entry for *Added substance*.
FDA: US Food and Drug Administration.
Filter integrity test: A test (eg, bubble point test) of the integrity of a sterilizing-grade filter performed after the filtration process to detect whether the integrity of the filter has been compromised.
Final yield: The total number of containers prepared at the end of the compounding process prior to release testing.
First air: The air exiting the HEPA filter in a unidirectional air stream.
Formulation: The specific qualitative and quantitative composition of the final CSP.
Garb: Items such as gloves, garments (eg, gowns), shoe covers, head and facial hair covers, masks, and other items designed to reduce particle shedding from personnel and minimize the risk of contamination of CSP(s).
GFT: Gloved fingertip and thumb testing.
Hazardous drug (HD): Any drug identified by at least one of the following six criteria: carcinogenicity, teratogenicity or developmental toxicity, reproductive toxicity in humans, organ toxicity at low dose in humans or animals, genotoxicity, or new drugs that mimic existing HDs in structure or toxicity.
High-efficiency particulate air (HEPA) filtration: Being, using, or containing a filter designed to remove 99.97% of airborne particles measuring 0.3-micron or greater in diameter passing through it.
HVAC: Heating, ventilation, and air conditioning.
Integrated vertical laminar flow zone (IVLFZ): A designated ISO Class 5 area serving as the PEC within an ISO Class 7 or cleaner buffer room. In the IVLFZ, unidirectional airflow is created by placing HEPA filters over the entire surface of the worktables and by effective placement of air returns.
IPA: Isopropyl alcohol.

NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
ISO class: An air-quality classification from the International Organization for Standardization.
ISO: International Organization for Standardization.
Label: The part of the labeling on the immediate container.
Labeling: All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except any outer shipping container.
Laminar airflow system (LAFS): A device or zone within a buffer room that provides an ISO Class 5 or better air quality environment for sterile compounding. The system provides a unidirectional HEPA-filtered airflow.
Laminar airflow workbench (LAFW): A device that is a type of LAFS that provides an ISO Class 5 or better air quality environment for sterile compounding. The device provides a unidirectional HEPA-filtered airflow.
Line of demarcation: A visible line on the floor that separates the clean and dirty sides of the anteroom.
Low-lint wiper: A wiper exhibiting few, if any, fibers or other contamination, visible without magnification, which is separate from or easily removed from the wiper material in a dry condition.
Master formulation record (MFR): A detailed record of procedures that describes how the CSP is to be prepared.
MEA: Malt extract agar.
Media-fill test: A simulation used to qualify processes and personnel engaged in sterile compounding to ensure that the processes and personnel are able to prepare CSPs without contamination.
Monograph: A quality documentary standard within *USP–NF* that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Multiple-dose container: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed to contain more than one dose of the sterile product. A multiple-dose container is usually required to meet the antimicrobial effectiveness testing criteria. See <659>Injection Packaging Systems, Multiple-dose container.
One-step disinfectant cleaner: A product with an EPA-registered (or equivalent) claim that it can clean and disinfect a nonporous surface in the presence of light to moderate organic soiling without a separate cleaning step.

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Oversight: The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available for consultation if and when needed, even if not physically present.
Pass-through chamber: An enclosure with sealed doors on both sides that should be interlocked. The pass-through chamber is positioned between two spaces for the purpose of minimizing particulate transfer while moving materials from one space to another.
Perimeter: A visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA.
Pharmaceutical isolator: An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air operated at a continuously higher pressure than its surrounding environment and is decontaminated using an automated system. It uses only decontaminated interfaces or rapid transfer ports for materials transfer. [Note—A CAI or CACI is not a pharmaceutical isolator.]
Pharmacy bulk package: A conventionally manufactured sterile product for parenteral use that contains many single doses intended for use in a pharmacy admixture program. A pharmacy bulk package may either be used to prepare admixtures for infusion or, through a sterile transfer device, for filling sterile containers. See <659> *Injection Packaging Systems, Pharmacy bulk package*.
Positive-pressure room: A room that is maintained at higher pressure than the adjacent spaces, and therefore the net airflow is out of the room.
PPE: Personal protective equipment.
Preservative: A substance added to inhibit microbial growth.
Primary engineering control (PEC): A device or zone that provides an ISO Class 5 air quality environment for sterile compounding.
Probability of a nonsterile unit (PNSU): The probability of an item being nonsterile after it has been exposed to a verified sterilization process. A PNSU value can only be applied to terminal sterilization. [Note—This is also called the sterility assurance level (SAL).]
Pyrogen: A substance that induces a febrile reaction in a patient.
Quality assurance (QA): A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
Quality control (QC): The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met before release of the CSP.
Reconstitution: The process of adding a diluent to a conventionally manufactured product to prepare a sterile solution or suspension.
Release inspection and testing: Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Repackaging: The act of removing a sterile product or preparation from its original primary container and placing it into another primary container, usually of smaller size without further manipulation.
Restricted-access barrier system (RABS): An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air that allows for the ingress and/or egress of materials through defined openings that have been designed and validated to preclude the transfer of contamination, and that generally are not to be opened during operations. Examples of RABS include CAIs and CACIs.
SDA: Sabouraud dextrose agar.
Secondary engineering control (SEC): The area where the PEC is placed (eg, a cleanroom suite or an SCA). It incorporates specific design and operational parameters required to minimize the risk of contamination within the compounding area.
Segregated compounding area (SCA): A designated space, area, or room that is not required to be classified and is defined with a visible perimeter. The SCA must contain a PEC and is suitable for preparation of Category 1 CSPs only.
Single-dose containers: A container of sterile product for parenteral administration (eg, injection or infusion) that is designed for use with a single patient as a single injection/infusion. A single-dose container usually does not contain a preservative. See <659> Injection Packaging Systems, Single-dose container.
SOP: Standard operating procedure.
Specification: The tests, analytical methods, and acceptance criteria to which any component, CSP, container closure system, equipment, or other material used in compounding CSPs must conform to be considered acceptable for its intended use.
Sporicidal disinfectant: A chemical or physical agent that destroys bacterial and fungal spores when used in sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms.
Stability: The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Sterility assurance level (SAL): See the entry for *Probability of a nonsterile unit* (PNSU).
Sterility: The absence of viable microorganisms.
Sterilization by filtration: Passage of a gas or liquid through a sterilizing-grade membrane to yield filtrates that are sterile.

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

GLOSSARY USP <797>
Sterilizing-grade filter: Filter membranes that are documented to retain 100% of a culture of 10^7 microorganisms of a strain of *Brevundimonas diminuta* per square centimeters of membrane surface under a pressure of not less than 30 psi. Such filter membranes are nominally 0.22- or 0.2-µm pore size.
Terminal sterilization: The application of a lethal process (eg, steam, dry heat, irradiation) to sealed containers for the purpose of achieving a predetermined PNSU of greater than 10−6 or a probability of less than one in one million of a nonsterile unit.
TSA: Trypticase soy agar.
Unclassified space: A space not required to meet any air cleanliness classification based on the ISO.
Unidirectional airflow: Air within a PEC moving in a single direction in a uniform manner and at sufficient velocity to sweep particles away from the DCA.
Verify: To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Visual smoke study: A test, used in ISO Class 7 and ISO Class 8 rooms that do not have unidirectional airflow, in which a visible source of smoke, which is neutrally buoyant, is used to verify an absence of stagnant airflow. This test does not need to be performed under dynamic operating conditions and is not appropriate for PECs (see the entry for *Dynamic airflow smoke pattern test*).
Workflow management system: Technology comprised of hardware and/or software that allows for automation to assist in the verification of components of, and preparation of, CSPs and to document components and processes.

This cause was called for trial in **Harris County, Texas.** The State appeared by her District Attorney.

Counsel / Waiver of Counsel (select one)

☒ Defendant appeared in person with Counsel.
☐ Defendant knowingly, intelligently, and voluntarily waived the right to representation by counsel in writing in open court.

Electronically Filed
Chris Daniel - District Clerk
Harris County
20130123000239

Both parties announced ready for trial. Defendant waived the right of trial by jury and entered the plea indicated above. The Court then admonished Defendant as required by law. It appeared to the Court that Defendant was mentally competent to stand trial, made the plea freely and voluntarily, and was aware of the consequences of this plea. The Court received the plea and entered it of record. Having heard the evidence submitted, the Court found Defendant guilty of the offense indicated above. In the presence of Defendant, the Court pronounced sentence against Defendant.

The Court **FINDS** Defendant committed the above offense and **ORDERS, ADJUDGES AND DECREES** that Defendant is **GUILTY** of the above offense. The Court **FINDS** the Presentence Investigation, if so ordered, was done according to the applicable provisions of TEX. CODE CRIM. PROC. art. 42.12 § 9.

The Court **ORDERS** Defendant punished as indicated above. The Court **ORDERS** Defendant to pay all fines, court costs, and restitution as indicated above.

Punishment Options (select one)

☒ **County Jail—Confinement / Confinement in Lieu of Payment.** The Court **ORDERS** Defendant immediately committed to the custody of the **Sheriff of Harris County, Texas** on the date the sentence is to commence. Defendant shall be confined in the **Harris County Jail** for the period indicated above. The Court **ORDERS** that upon release from confinement, Defendant shall proceed immediately to the **Harris County District Clerk's office**. Once there, the Court **ORDERS** Defendant to pay, or make arrangements to pay, any remaining unpaid fines, court costs, and restitution as ordered by the Court above.

☐ **Fine Only Payment.** The punishment assessed against Defendant is for a **FINE ONLY**. The Court **ORDERS** Defendant to proceed immediately to the **Office of the Harris County District Clerk**. Once there, the Court **ORDERS** Defendant to pay or make arrangements to pay all fines and court costs as ordered by the Court in this cause.

Execution / Suspension of Sentence (select one)

☐ The Court **ORDERS** Defendant's sentence **EXECUTED**.

☒ The Court **ORDERS** Defendant's sentence of confinement **SUSPENDED**. The Court **ORDERS** Defendant placed on community supervision for the adjudged period (above) so long as Defendant abides by and does not violate the terms and conditions of community supervision. The order setting forth the terms and conditions of community supervision is incorporated into this judgment by reference.

The Court **ORDERS** that Defendant is given credit noted above on this sentence for the time spent incarcerated.

Furthermore, the following special findings or orders apply:

CAUSE NUMBER 184615701010

THE STATE OF TEXAS
VS.
SURVAM PATEL

IN COUNTY CRIMINAL COURT
AT LAW NO. 15
HARRIS COUNTY, TEXAS

CONDITIONS OF COMMUNITY SUPERVISION

On this the 23rd day of January, 2013, the defendant being granted 180 Days in the **Harris County Jail** probated 1 Year Community Supervision for the misdemeanor offense of DRIVING WHILE INTOXICATED in accordance with section 3 of Article 42.12, of the Texas Code of Criminal Procedure is hereby ordered to abide by all of the following conditions and terms of Community Supervision during the period of community supervision.

(1) **Commit no offense** against the laws of this or any other State or of the United States.

(2) **Avoid injurious or vicious habits**. You are forbidden to use, possess, or consume any controlled substance, dangerous drug, marijuana, alcohol or prescription drug not specifically prescribed to you by lawful prescription. **You are forbidden to use, consume, or possess alcoholic beverages.**

(3) **Avoid persons or places** of disreputable or harmful character.

(4) Report immediately in person, to the Community Supervision Officer for the County Criminal Court at Law No. **15** on the **23rd** day of **January, 2013** and continue to report to the Community Supervision Officer on the **23rd** of each month thereafter or as directed by the Community Supervision Officer for the remainder of the supervision term unless so ordered differently by the Court.

(5) Permit a Community Supervision Officer to **visit you at your home, place of employment** or elsewhere.

(6) **Abide by the rules and regulations** of the Harris County Community Supervision and Corrections Department (hereinafter referred to as HCCS&CD). Refrain from disorderly conduct, abusive language or disturbing the peace while present at any HCCS&CD office or facility.

(7) **Work faithfully** at suitable employment and present written verification of employment (including all attempts to secure employment) to your Community Supervision Officer on each reporting date. You must notify HCCS&CD within 48 hours of any change in your employment status.

(8) Remain within a specified place, to wit: **THE STATE OF TEXAS**. You may not travel outside of **THE STATE OF TEXAS** unless you receive prior written permission from the Court through your Community Supervision Officer. You must notify HCCS&CD **within 48 hours of any change of residence.**

(9) **Support your dependents** as required by law. Provide your Community Supervision Officer with a certified copy of all Court orders requiring payment of child support.

(10) Submit to **RANDOM drug/alcohol analysis** by authorized personnel of HCCS&CD, including any department having courtesy supervision jurisdiction. Provide proof of any medication legally prescribed to you prior to submitting a specimen.

(11) Participate in the HCCS&CD **Community Service Restitution Program (CSRP).** You shall perform a total of **24** hours, at the rate of 8 hours per **MONTH** beginning **02/23/2013**.

(12) Pay the following fees through HCCS&CD as specified herein. All payments MUST be in the form of a MONEY ORDER or Cashier 's Check. Write SPN and Cause # on Money Order or Cashier 's Check. Personal checks will not be accepted. **A $ 2.00 transaction fee will be charged each time you make a payment.**

12.1 Pay a **Supervision Fee** at the rate of **$ 60.00** per **month** for the **duration** of your community supervision beginning **02/23/2013** to HCCS&CD.

12.2 Pay a **Fine** and **Court Costs** to Harris County through the **District Clerk"s Criminal Courts Collections Division.**

CONDITIONS OF COMMUNITY SUPERVISION

For: SURVAM PATEL

Cause: 184615701010

12.3 Pay **Laboratory Fees of $ 15.00** per **TEST** for the duration of your community supervision beginning **02/23/2013** to HCCS&CD.

12.4 Pay a **$ 12.50** fee for an **Offender Identification Card** by **02/23/2013** to HCCS&CD.

12.5 Pay **$ 25.00** to **Crime Stoppers of Houston** in one lump sum on **03/23/2013** through HCCS&CD.

(13) Report in person to HCCS&CD by **02/23/2013** for the purpose of creating and obtaining your **Offender Identification Card.** You are to carry this identification card on your person at all times.

(14) Submit to an **alcohol/drug evaluation** by **02/23/2013**. Attend **outpatient** treatment and aftercare as recommended. **If ordered by the Court, enter in- patient treatment.** Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court. On each reporting date, submit written verification of your enrollment, attendance and/or successful completion of the program to your Community Supervision Officer, to be retained in HCCS&CD's file.

(15) Participate in the HCCS&CD **Maximum Supervision Program** any time that you are assessed by HCCS&CD to require maximum supervision. Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court.

(16) Submit to an evaluation of your **educational skill level** by **02/23/2013.** If it is determined that you have not attained the average skill of students who have completed the sixth grade in public schools in this State, you shall participate in a program that teaches functionally illiterate persons to read. If you are non- English speaking, you will participate in English as a **Second Language (ESL) program, if it is determined there is a need in order for you to meet the state mandate beginning upon referral.** Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court. On each reporting date, submit written verification of your enrollment, attendance and/or successful completion of the program to your Community Supervision Officer, to be retained in HCCS&CD's file.

(17) Do not drive or operate a motor vehicle in Texas without a valid **Driver 's License and Insurance.**

(18) Participate in and complete, within 180 days from the date Community Supervision is granted **01/23/2013**, an **approved alcohol/drug education program** as required by V.A.C.C.P. Art. 42.12, Sec 13. Comply with all program rules, regulations, and guidelines until successfully discharged or released by further order of the Court.

(19) You shall comply with the **Texas Motor Vehicle Safety Responsibility Act** and provide evidence of financial responsibility, such as an automobile liability insurance policy, to a peace officer or Harris County Community Supervision and Corrections Employee on demand.

(20) Provide a breath specimen for **breathalyzer/intoxilyzer analysis** if requested by any community supervision officer or law enforcement officer.

(21) If during the term of your community supervision you are granted an **Occupational Driver"s License** or if you already have been granted an Occupational Driver"s License, you are required to abide by the terms and conditions of the order until the expiration of the order.

(22) During term of supervision, client is **strictly prohibited from shipping, transporting, possessing, receiving, or purchasing a firearm**, altered firearm, or ammunition, or attempting to ship, transport, possess, receive, or purchase a firearm, altered firearm, or ammunition.

(23) You are **not to lie or make false statements to any employee** of HCCS&CD beginning **01/23/2013**.

(24) You will not use, **ingest, or consume any substance that will alter or adulterate** any urinalysis results.

(25) **You must include HCCSCD as a creditor if at any time during the term of your supervision you file for bankruptcy**. You must provide verbal notification to HCCSCD of any bankruptcy filing during the term of your supervision, within 72 hours of filing for bankruptcy by contacting your Community Supervision Officer by telephone and providing written notification and documentation, including the "Notice of Bankruptcy Filing", to: Harris County Community Supervision Attention: General Counsel 49 San Jacinto, Suite 600 Houston, Texas 77002.

THE STATE OF TEXAS	§	IN THE COUNTY COURT
	§	
V.S.	§	AT LAW NO. 3 OF
Kush Patel	§	
	§	FORT BEND COUNTY, TEXAS

JUDGMENT

On this the 19 day of July, 2011, this cause being called for trial, came the District Attorney for the State of Texas, the Defendant in person and by counsel, Anthony Segura, appeared in open Court, both parties announced ready for trial, and the Defendant, having been duly arraigned, pleaded GUILTY/NO CONTEST to the charge contained in this information herein, to-wit: Reckless Driving, and all parties waiving a trial by jury, submitted this cause to the Court. The Court duly admonished the Defendant of the consequences of HIS/HER plea of GUILTY/NO CONTEST and the Defendant insisted on pleading GUILTY/NO CONTEST of said charge, whereupon, the Court accepted such plea.

After hearing the evidence upon such plea and considering same, the Court adjudged the Defendant guilty and assessed HIS/HER punishment at a fine of $200 and/or 3 days in jail and ALL/NO costs of this prosecution.

It is therefore ORDERED, ADJUDGED and DECREED by the Court that the Defendant is guilty of the offense charged and HE/SHE be assessed punishment at a fine $200 and ALL/NO costs of this prosecution and that the State of Texas do have and recover of the Defendant said fine and costs, and that HE/SHE be committed to the custody of the Sheriff of Fort Bend County, Texas until all such fine and costs are fully paid and time is fully served. And execution may issue against the property of said Defendant for the amount of such fine and costs.

The Defendant is given credit for 3 days already served in the Fort Bend County Jail to apply to this judgment.

ENTERED as of the 19 day of July, 2011.

JUDGE PRESIDING

SENTENCE

On this the 19 day of July, 2011, this cause again being called, the State appeared by the District Attorney of Fort Bend County, Texas and the Defendant appeared in person and by Counsel Anthony Segura, for the purpose of having sentence of law pronounced in accordance with the verdict and judgment rendered against HIM/HER on the 19 day of July, 2011; said Defendant having waived the statutory ten (10) days within which to file motion for new trial and the arrest of judgment herein;

And thereupon the said Defendant was asked by the Court whether HE/SHE had anything to say why sentence should not be pronounced against HIM/HER and HE/SHE answered nothing in bar thereof, whereupon the Court proceeded, in presence of said Defendant, to pronounce sentence against HIM/HER as follows, to-wit:

It is the Order of the Court that the Defendant, who has been adjudged guilty of Reckless Driving, a misdemeanor, and whose punishment has been assessed a fine of $200, and ALL/NO costs of this prosecution and confinement in the County Jail of Fort Bend County, Texas for the confinement in the County Jail of Fort Bend County, Texas for said period of 3 days until said fine of $200 and ALL/NO costs of this prosecution are paid or discharged by law for which a Writ of Commitment shall issue, fine and costs being due and payable.

JUDGE PRESIDING

Cause No. 184615701010

THE STATE OF TEXAS

V.

PATEL, SURVAM A/K/A _____

County Criminal Court at Law No. 15

Harris County, Texas

Order Affecting Community Supervision

On 01/23/2013 the court placed defendant on community supervision for a term ending 01/22/2014.

Today, ☐ the undersigned representative of the Harris County Community Supervision and Corrections Department, ☐ the Defendant, ☐ the undersigned Assistant District Attorney of Harris County, Texas, asks the judge presiding to consider ☐ discharging ☐ terminating community supervision period of the defendant.

1-29-14
Date

George Torres
Signature

Today, after considering the evidence the judge presiding finds that:

☒ The period having expired, defendant is **discharged** by operation of law.

☐ Today the period of supervision expires, and defendant is **discharged.**

☐ The defendant died on _____ and is no longer subject to the jurisdiction of this court.

☐ The defendant was convicted of _____, a misdemeanor/felony, and will be confined in _____ for the remainder of his supervisory term.

☐ The defendant was deported from the United States on _____.

☐ (other) _____.

☐ **Early Term Community Supervision Discharge and Dismissal:** The court finds defendant satisfactorily fulfilled the conditions of supervision for a period in excess of one-third of the supervisory period or two years, whichever is less. Accordingly, this court **ORDERS** the period of supervision reduced to a term ending _____. This court further **ORDERS** defendant's guilty plea withdrawn. If there is no guilty plea, this court **ORDERS** the verdict set aside, and the indictment, complaint, or information **dismissed,** and defendant **discharged** from supervision.

☐ **Full Term Community Supervision Discharge and Dismissal.** The court finds defendant has satisfactorily fulfilled the conditions of supervision. Accordingly, this court **ORDERS** defendant's guilty plea withdrawn. If there is no guilty plea, this court **ORDERS** the verdict **set aside;** the indictment, complaint, or information **dismissed;** and defendant **discharged** from supervision.

☐ **Deferred Adjudication Early Termination.** The Court is of the opinion that the best interests of the defendant and society will be served by dismissing the proceedings and discharging the defendant. Accordingly, this court **ORDERS** the period of supervision **reduced** to a term ending _____. This court further **ORDERS** the proceeding against defendant **dismissed** and defendant **discharged** from supervision.

☐ **Deferred Adjudication Full Termination.** Today the period of community supervision expires. Accordingly, this court **ORDERS** the proceedings against defendant **dismissed** and defendant **discharged** from supervision.

☐ **Other:** _____.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		N/A
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 5, 6 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

In response to Section 8, question 5, I responded "Yes" to this question. This is because Southend Pharmacy ("Southend"), where I serve as the Officer of the pharmacy, was named by Eli Lilly and Company ("Eli Lilly") in a meritless complaint filed on October 22, 2025. In this complaint, Eli Lilly made unfounded allegations Southend's compounding services constitute unfair competition with Eli Lilly's pharmaceutical products.

By way of further detail, Southend denies all allegations made by Eli Lilly in its complaint. In fact, Southend filed a Motion to Dismiss the complaint in its entirety adamantly arguing Eli Lilly's claims are meritless and part of a broader and unsuccessful litigation campaign that courts across the country have consistently rejected and dismissed. This case is just one of several complaints Eli Lilly filed against independent pharmacies that have also been dismissed.

Most recently, on December 30, 2025, the Court granted Southend's Motion to Stay on all claims and all aspects of the case pending a ruling on Southend's Motion to Dismiss. Consequently, the case will not move forward until the court rules on Southend's Motion to Dismiss. This means Southend does not have to file initial disclosures, participate in a case management conference, or otherwise participate in discovery until after the Motion to Dismiss is decided.

Although Southend is confident that its Motion to Dismiss will be granted in its entirety, Southend remains prepared to defend against Eli Lilly's inaccurate and unfounded allegations until a successful resolution is achieved. In light of this, I will supplement this disclosure if deemed necessary/appropriate.

In response to Section 8, question 6, I responded "Yes" to this question. An explanation is attached.

SOUTHEND
PHARMACY

To Whom It May Concern,

In response to question 6 in the application related to pending disciplinary action, we responded "Yes" to this question. This is because Southend Pharmacy ("Southend") currently has a matter pending with the Connecticut Department of Consumer Protection ("Department"). By way of further detail, the Department contacted Southend regarding allegations that Southend did not respond to certain requests for information pertaining to sterile compounding and that Southend did not submit an inspection report to the Department. Southend denies and disagrees with these allegations but is also cooperating with the Department to resolve the matter. Attached to this application is the Department's Compliance Meeting Notice issued to Southend.

By way of further background, June 9, 2023, Southend submitted its initial nonresident pharmacy application to the Department. On August 9, 2023, Southend's application was approved. On November 15, 2024, Southend contacted the Department to obtain a sterile compounding certification. At this time, Southend complied with all requests for information including by providing the Department with an NABP inspection report in support of this certification. Approximately three months later and after Southend submitted its inspection report and requested a sterile compounding certification, public records of the Department's January 29, 2025 meeting minutes reflect the following: *Incorporated dba Southend Pharmacy – Houston, TX Commission Action: Commissioner Inguanti is requesting additional documents for the above nonresident pharmacy applications for further review to approve the request for sterile compounding."* However, this information was never relayed to Southend Pharmacy.

Given that the Department's request for information was never relayed to Southend, Southend engaged in communications with the Department to amicably resolve the Department's allegations to clarify any miscommunications or misconceptions. We note that the compliance meeting was originally scheduled for October 2025 but was subsequently rescheduled to late December 2025 due to the Department's schedule. Following the compliance meeting, which went well, Southend remains in amicable and ongoing discussions with the Department to resolve the matter. Although Southend denies all allegations of wrongdoing, Southend is fully cooperating with the Department on this matter and anticipates that this matter will be resolved amicably. We also would note that Southend's non-resident pharmacy license in Connecticut remains in good standing at this time and during the pendency of the proceedings. Southend will supplement this disclosure with any additional developments but this information is current as of the date of this submission.

Notice of Compliance Meeting
Re: AP Max Incorporated
Non-Resident Pharmacy License No.0004220
Case No. 2025-1024

To Whom It May Concern:

The Department of Consumer Protection (the "Department") has received an investigation report (report attached) prepared by its Drug Control Division. This report alleges violations of provisions of the Connecticut General Statutes concerning your Non-Resident Pharmacy License No.0004220. Specifically, it is alleged that you:

1. Failed to comply with all requests for information made by the commission or department, in violation of Section 20-627(3) of the Connecticut General Statutes;

2. Failed to disclose to the department whether the nonresident pharmacy is dispensing sterile pharmaceuticals within this state, as defined in section 20-633b, within this state, in violation of Section 20-627(4) of the Connecticut General Statutes;

3. Failed to provide the Department of Consumer Protection proof that AP Max Incorporated (Inc.) Pharmacy has passed an inspection in their home state, based on the United Stated Pharmacopeia (USP) chapters, in violation of Section 20-633b(j) of the Connecticut General Statutes; and

4. Failed to provide the Department of Consumer Protection with a copy of the most recent sterile compounding inspection report every two years, in violation of Section 20-633b(j) of the Connecticut General Statutes.

The Department of Consumer Protection is pursuing administrative action against your license based on the allegations outlined in this letter and the investigation report. The first step in the formal administrative enforcement process is to offer you the opportunity to provide evidence contesting the alleged violation at a Compliance Meeting. In accordance with Section 4-182(c) of the Connecticut General Statutes and the remote administrative adjudication process, you are requested to attend a REMOTE Compliance Meeting (compliance meeting description sheet attached) on **Tuesday, October 7, 2025 at 2:00 p.m. EST** to be held via the Microsoft Teams

video meeting platform (Teams). The remote access instructions are attached. At said Compliance Meeting, you will be given the opportunity to show that you were in compliance with the relevant statutes.

Within two weeks of receipt of this notice, please contact Brian Rogers at Teams No. 860-757-6802 or Brian.Rogers@ct.gov to establish remote meeting contact information.

Please contact me if you have any questions. I can be reached at my Teams No. 860-816-8849 or via email at Brett.Aiello@ct.gov.

Sincerely,

/s/ Brett R. Aiello

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Southend Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 4802 North Sam Houston Pkwy West, Suite 100

City: Houston State: TX Zip: 77086

Mailing Address (if different from physical address): _____

Fax: 281-498-4798 Contact Email: licensing@southendpharmacystore.com

Website: southendpharmacystore.com

Nevada Business License # (if applicable) _____

Supervising/Managing Pharmacist Name (NRS 639.220): Ronald Richardson

Supervising/Managing Pharmacist NV Pharmacist Registration #: 22915

Name of Designated Person(s) as defined by revised USP-797 guidelines: Corey Anderson

Email of Designated Person(s): corey.anderson@southendpharmacystore.com

Telephone of Designated Person(s): +1 855-414-5356

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ■ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 11/05/2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? N/A

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Semaglutide/Pyridoxine 1.5/8 mg/mL Injection

Semaglutide/Pyridoxine 5/8 mg/mL Injection

Tirzepatide/Pyridoxine 22/4 mg/mL Injection

NAD+ 200 mg/mL Injection

Sermorelin 3 mg/mL Injection

12. What laboratory performs your sterility or endotoxin testing?

Name: Eagle Analytical Services

Address: 11111 S Wilcrest Dr S1000

City: Houston State: TX Zip: 77099

Telephone: 800-745-8916

13. What is your procedure for visual inspection of compounded sterile products?

Our procedure for visual inspection of compounded sterile products requires 100% inspection of all final preparations by trained personnel immediately prior to release, using appropriate lighting against both white and black backgrounds. Each CSP is gently swirled or inverted and examined to detect visible particulates, discoloration, haze, turbidity, incorrect fill volume, leaks, cracks, chips, incomplete seals, or other container integrity issues, with any suspect units rejected, segregated, documented, and investigated per facility SOPs to ensure all released CSPs are essentially free from visible defects and meet standards.

14. How often do you perform glove fingertip and medial fill testing?

Every 3 months.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Initial training for new personnel includes comprehensive didactic instruction on principles of sterile compounding, aseptic technique, personal hygiene, garbing procedures, facility design, environmental monitoring,use of equipment, cleaning/disinfection, and applicable SOPs. Ongoing training occurs at least annually.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Our cleaning procedure for primary engineering controls and secondary engineering controls involves removing all items, cleaning from cleanest to dirtiest and highest to lowest using low-lint sterile wipes with sterile 70% isopropyl alcohol, applying a sporicidal disinfectant at least monthly to all surfaces in both PECs and SECs, with PECs cleaned and disinfected at the beginning of each work shift, before each batch, between batches, after spills, and whenever contamination is suspected, while SEC floors are mopped daily on compounding days, and walls, ceilings, shelving, and other surfaces are cleaned and disinfected monthly, all performed by trained personnel using documented SOPs, dedicated supplies, appropriate contact times, and logged records.

Agents used: Sterile 70% isopropyl alchohol, Peridox RTU.

17. Who performs the sterile compounding process at your facility?

Licensed, trained, and qualified sterile compounding technicians and pharmacists.

18. Who is responsible and accountable for the sterile compounding process at your facility?

The Designated Person

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

All medications are shipped overnight in insulated containers with ice packs to maintain storage conditions if applicable.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Biological Safety Cabinets (BSCs)		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	■ No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Keep away from heat, moisture and direct sunlight. Keep out of reach of children and pets. Do not freeze. Wipe the rubber stopper with an alcohol swap before each dose. Discard any unused medicine after the beyond use date or 28 days after puncture, which ever occurs first. Do not flush medication or pour down the sink or drain.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

The initial training process for new employees prior to allowing them to independently compound sterile HDs follows a structured, multi-phase approach. This ensures compliance with USP <800> and integrates sterile compounding and nonsterile compounding standards.The process is overseen by the designated person, who is responsible for developing procedures, ensuring competency, and documentation. Training must be job function specific, occur before independent HD handling, and demonstrate effectiveness through competency assessments. It is documented and reassessed at least annually or sooner with introduction of new HDs, equipment, or SOP changes.

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Semaglutide/Pyridoxine 1.5/8 mg/mL Injection

Semaglutide/Pyridoxine 5/8 mg/mL Injection

Tirzepatide/Pyridoxine 22/4 mg/mL Injection

NAD+ 200 mg/mL Injection

Sermorelin 3 mg/mL Injection

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Every 3 Months

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?

Monthly

5. What is the frequency for completing surface sampling? After every compounded lot and all surfaces weekly	
6. What is the frequency for using sporicidal agents? At least monthly	
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	■ Yes No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Texas State Board of Pharmacy

"Red Flags" Checklist for Pharmacies

YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Publication Year
: *Online*

7d. Chapter 795 of the USP/NF concerning Pharmacy Compounding Non-Sterile Preparations (if the pharmacy is compounding non-sterile preparations) *Yes*

Comment

USP Compounding Compendium.

7e. General reference text on veterinary drugs (if the pharmacy dispenses veterinary prescriptions) *Not Applicable*

7f. Basic Antidote Information and telephone number of the nearest Regional Poison Control Center. *Yes*

8.If the pharmacy is compounding sterile preparations, the following references are also required: *Yes*

8a. United States Pharmacopeia/National Formulary or USP Pharmacist's Pharmacopeia containing USP Chapter 797, Pharmaceutical Compounding Sterile Preparations *Yes*

8b. Chapter 71 of the USP/NF concerning Sterility Tests *Yes*

8c. Chapter 85 of the USP/NF concerning Bacterial Endotoxins Test	*Yes*
8d. Chapter 1163 of the USP/NF concerning Quality Assurance in Pharmaceutical Compounding	*Yes*
8e. Handbook on Injectable Drugs (publication year: _____)	*Yes*

Publication Year
: *Online*

8f. Specialty reference text appropriate for the scope of pharmacy services provided by the pharmacy (e.g., if the pharmacy prepares hazardous drugs, a reference text on the preparation of hazardous drugs)	*Yes*
9. Security Requirements can be met to assure the pharmacy will be locked by key, combination, or other mechanical or electronic means to prohibit unauthorized access when a pharmacist is not on-site.	*Yes*
10. Pharmacy has basic alarm system with the off-site monitoring and perimeter and motion sensors. (Alarm must be activated). *If your city requires an alarm permit, provide a copy of the permit.	*Yes*
11. Written policies and procedures/SOPs for the pharmacy's security system that meet the requirements of Rule 291.33(b)(2)(E)	*Yes*
12. An area suitable for confidential patient counseling, if the pharmacy serves the general public	*Yes*
13. If compounding sterile preparations, the pharmacy has controlled area that meets the requirements in Rule 291.133 (d)(6)(A) if the pharmacy is compounding low-risk and medium-risk preparations or Rule291.133(d)(6)(B) if high-risk preparations are being compounded.	*Yes*
14. Certified primary engineering control device (e.g., laminar airflow work benches, biological safety cabinets, compounding aseptic isolators, and compounding aseptic containment isolators).	*Yes*

Comment

Pharmacy has five (MAC 10 standard) PEC all are ISO 5 under dynamic conditions per Valogic certification report 11/05/2025.

15. Certified clean room(s) (e.g. ante area, buffer area).	*Yes*

Comment

Valogicbio certification report- date : 11/05/2025:
Ante ISO : 8
Buffer ISO : 7

Discussion Items

The requirements of TSBP Rule 291.11 and Section 565.0591 of the Pharmacy Act regarding the operation of a pharmacy within 6 months of becoming licensed.	*Not Applicable*

Corresponding Responsibility and the Red Flags checklist using references from the DEA RPh Manual, the Texas Controlled Substances Act, and TSBP Rules 291.29 and 291.34 (b).	*Not Applicable*
Pharmacy will need to conduct an opening inventory of all controlled substances on the first day of business.	*Not Applicable*
Pharmacy will need to report all controlled substances to the PMP as required.	*Not Applicable*

Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and
- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)	✓	
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 1,5,6 **. Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court

Reason/Charge

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

In response to Section 8, question 5, I responded "Yes" to this question. This is because Southend Pharmacy ("Southend"), where I serve as the Officer of the pharmacy, was named by Eli Lilly and Company ("Eli Lilly") in a meritless complaint filed on October 22, 2025. In this complaint, Eli Lilly made unfounded allegations Southend's compounding services constitute unfair competition with Eli Lilly's pharmaceutical products. By way of further detail, Southend denies all allegations made by Eli Lilly in its complaint. In fact, Southend filed a Motion to Dismiss the complaint in its entirety adamantly arguing Eli Lilly's claims are meritless and part of a broader and unsuccessful litigation campaign that courts across the country have consistently rejected and dismissed. This case is just one of several complaints Eli Lilly filed against independent pharmacies that have also been dismissed. Most recently, on December 30, 2025, the Court granted Southend's Motion to Stay on all claims and all aspects of the case pending a ruling on Southend's Motion to Dismiss. Consequently, the case will not move forward until the court rules on Southend's Motion to Dismiss. This means Southend does not have to file initial disclosures, participate in a case management conference, or otherwise participate in discovery until after the Motion to Dismiss is decided. Although Southend is confident that its Motion to Dismiss will be granted in its entirety, Southend remains prepared to defend against Eli Lilly's inaccurate and unfounded allegations until a successful resolution is achieved. In light of this, I will supplement this disclosure if deemed necessary/appropriate.

In response to Section 8, question 6, I responded "Yes" to this question. An explanation is attached.

In response to Section 8, question 1, I responded "Yes" to this question. A reckless driving incident (Class B Misdemeanor) for Kush Patel occurred on June 26, 2010. Disposition occurred on July 19, 2011. Fort Bend County, Texas. County Court at Law 3. Court Documents attached.

THE STATE OF TEXAS § IN THE COUNTY COURT
§
V.S. § AT LAW NO. 3 OF
Kush Patel §
§ FORT BEND COUNTY, TEXAS

JUDGMENT

On this the 19 day of July, 2011, this cause being called for trial, came the District Attorney for the State of Texas, the Defendant in person and by counsel, Anthony Segura, appeared in open Court, both parties announced ready for trial, and the Defendant, having been duly arraigned, pleaded GUILTY/NO CONTEST to the charge contained in this information herein, to-wit: Reckless Driving, and all parties waiving a trial by jury, submitted this cause to the Court. The Court duly admonished the Defendant of the consequences of HIS/HER plea of GUILTY/NO CONTEST and the Defendant insisted on pleading GUILTY/NO CONTEST of said charge, whereupon, the Court accepted such plea.

After hearing the evidence upon such plea and considering same, the Court adjudged the Defendant guilty and assessed HIS/HER punishment at a fine of $200 and/or 3 days in jail and ALL/NO costs of this prosecution.

It is therefore ORDERED, ADJUDGED and DECREED by the Court that the Defendant is guilty of the offense charged and HE/SHE be assessed punishment at a fine $200 and ALL/NO costs of this prosecution and that the State of Texas do have and recover of the Defendant said fine and costs, and that HE/SHE be committed to the custody of the Sheriff of Fort Bend County, Texas until all such fine and costs are fully paid and time is fully served. And execution may issue against the property of said Defendant for the amount of such fine and costs.

The Defendant is given credit for 3 days already served in the Fort Bend County Jail to apply to this judgment.

ENTERED as of the 19 day of July, 2011.

JUDGE PRESIDING

SENTENCE

On this the 19 day of July, 2011, this cause again being called, the State appeared by the District Attorney of Fort Bend County, Texas and the Defendant appeared in person and by Counsel Anthony Segura, for the purpose of having sentence of law pronounced in accordance with the verdict and judgment rendered against HIM/HER on the 19 day of July, 2011; said Defendant having waived the statutory ten (10) days within which to file motion for new trial and the arrest of judgment herein;

And thereupon the said Defendant was asked by the Court whether HE/SHE had anything to say why sentence should not be pronounced against HIM/HER and HE/SHE answered nothing in bar thereof, whereupon the Court proceeded, in presence of said Defendant, to pronounce sentence against HIM/HER as follows, to-wit:

It is the Order of the Court that the Defendant, who has been adjudged guilty of Reckless Driving, a misdemeanor, and whose punishment has been assessed a fine of $200, and ALL/NO costs of this prosecution and confinement in the County Jail of Fort Bend County, Texas for the confinement in the County Jail of Fort Bend County, Texas for said period of 3 days until said fine of $200 and ALL/NO costs of this prosecution are paid or discharged by law for which a Writ of Commitment shall issue, fine and costs being due and payable.

today

FILED FOR RECORD
NO ____ TIME ____ A.M P.M
JUL 19 2011
Dianne Wilson
County Clerk Fort Bend Co. Tex.

The State of Texas do have and recover of the said Defendant the said fine and costs. And execution may issue against the property of said Defendant for the amount of such fine and costs.

This Defendant is given credit for 3 days already served in Fort Bend County Jail, to apply to this sentence.

ENTERED as of the 19 day of July, 2011.

JUDGE PRESIDING

SOUTHEND
PHARMACY

To Whom It May Concern,

In response to question 6 in the application related to pending disciplinary action, we responded "Yes" to this question. This is because Southend Pharmacy ("Southend") currently has a matter pending with the Connecticut Department of Consumer Protection ("Department"). By way of further detail, the Department contacted Southend regarding allegations that Southend did not respond to certain requests for information pertaining to sterile compounding and that Southend did not submit an inspection report to the Department. Southend denies and disagrees with these allegations but is also cooperating with the Department to resolve the matter. Attached to this application is the Department's Compliance Meeting Notice issued to Southend.

By way of further background, June 9, 2023, Southend submitted its initial nonresident pharmacy application to the Department. On August 9, 2023, Southend's application was approved. On November 15, 2024, Southend contacted the Department to obtain a sterile compounding certification. At this time, Southend complied with all requests for information including by providing the Department with an NABP inspection report in support of this certification. Approximately three months later and after Southend submitted its inspection report and requested a sterile compounding certification, public records of the Department's January 29, 2025 meeting minutes reflect the following: *Incorporated dba Southend Pharmacy – Houston, TX Commission Action: Commissioner Inguanti is requesting additional documents for the above nonresident pharmacy applications for further review to approve the request for sterile compounding."* However, this information was never relayed to Southend Pharmacy.

Given that the Department's request for information was never relayed to Southend, Southend engaged in communications with the Department to amicably resolve the Department's allegations to clarify any miscommunications or misconceptions. We note that the compliance meeting was originally scheduled for October 2025 but was subsequently rescheduled to late December 2025 due to the Department's schedule. Following the compliance meeting, which went well, Southend remains in amicable and ongoing discussions with the Department to resolve the matter. Although Southend denies all allegations of wrongdoing, Southend is fully cooperating with the Department on this matter and anticipates that this matter will be resolved amicably. We also would note that Southend's non-resident pharmacy license in Connecticut remains in good standing at this time and during the pendency of the proceedings. Southend will supplement this disclosure with any additional developments but this information is current as of the date of this submission.

Notice of Compliance Meeting
Re: AP Max Incorporated
Non-Resident Pharmacy License No.0004220
Case No. 2025-1024

To Whom It May Concern:

The Department of Consumer Protection (the "Department") has received an investigation report (report attached) prepared by its Drug Control Division. This report alleges violations of provisions of the Connecticut General Statutes concerning your Non-Resident Pharmacy License No.0004220. Specifically, it is alleged that you:

1. Failed to comply with all requests for information made by the commission or department, in violation of Section 20-627(3) of the Connecticut General Statutes;

2. Failed to disclose to the department whether the nonresident pharmacy is dispensing sterile pharmaceuticals within this state, as defined in section 20-633b, within this state, in violation of Section 20-627(4) of the Connecticut General Statutes;

3. Failed to provide the Department of Consumer Protection proof that AP Max Incorporated (Inc.) Pharmacy has passed an inspection in their home state, based on the United Stated Pharmacopeia (USP) chapters, in violation of Section 20-633b(j) of the Connecticut General Statutes; and

4. Failed to provide the Department of Consumer Protection with a copy of the most recent sterile compounding inspection report every two years, in violation of Section 20-633b(j) of the Connecticut General Statutes.

The Department of Consumer Protection is pursuing administrative action against your license based on the allegations outlined in this letter and the investigation report. The first step in the formal administrative enforcement process is to offer you the opportunity to provide evidence contesting the alleged violation at a Compliance Meeting. In accordance with Section 4-182(c) of the Connecticut General Statutes and the remote administrative adjudication process, you are requested to attend a REMOTE Compliance Meeting (compliance meeting description sheet attached) on **Tuesday, October 7, 2025 at 2:00 p.m. EST** to be held via the Microsoft Teams

video meeting platform (Teams). The remote access instructions are attached. At said Compliance Meeting, you will be given the opportunity to show that you were in compliance with the relevant statutes.

Within two weeks of receipt of this notice, please contact Brian Rogers at Teams No. 860-757-6802 or Brian.Rogers@ct.gov to establish remote meeting contact information.

Please contact me if you have any questions. I can be reached at my Teams No. 860-816-8849 or via email at Brett.Aiello@ct.gov.

Sincerely,

/s/ Brett R. Aiello

9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 5, 6. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

In response to Section 8, question 5, I responded "Yes" to this question. This is because Southend Pharmacy ("Southend"), where I serve as the Officer of the pharmacy, was named by Eli Lilly and Company ("Eli Lilly") in a meritless complaint filed on October 22, 2025. In this complaint, Eli Lilly made unfounded allegations Southend's compounding services constitute unfair competition with Eli Lilly's pharmaceutical products.
By way of further detail, Southend denies all allegations made by Eli Lilly in its complaint. In fact, Southend filed a Motion to Dismiss the complaint in its entirety adamantly arguing Eli Lilly's claims are meritless and part of a broader and unsuccessful litigation campaign that courts across the country have consistently rejected and dismissed. This case is just one of several complaints Eli Lilly filed against independent pharmacies that have also been dismissed.
Most recently, on December 30, 2025, the Court granted Southend's Motion to Stay on all claims and all aspects of the case pending a ruling on Southend's Motion to Dismiss. Consequently, the case will not move forward until the court rules on Southend's Motion to Dismiss. This means Southend does not have to file initial disclosures, participate in a case management conference, or otherwise participate in discovery until after the Motion to Dismiss is decided.
Although Southend is confident that its Motion to Dismiss will be granted in its entirety, Southend remains prepared to defend against Eli Lilly's inaccurate and unfounded allegations until a successful resolution is achieved. In light of this, I will supplement this disclosure if deemed necessary/appropriate.

In response to Section 8, question 6, I responded "Yes" to this question. An explanation is attached.

SOUTHEND
PHARMACY

To Whom It May Concern,

In response to question 6 in the application related to pending disciplinary action, we responded "Yes" to this question. This is because Southend Pharmacy ("Southend") currently has a matter pending with the Connecticut Department of Consumer Protection ("Department"). By way of further detail, the Department contacted Southend regarding allegations that Southend did not respond to certain requests for information pertaining to sterile compounding and that Southend did not submit an inspection report to the Department. Southend denies and disagrees with these allegations but is also cooperating with the Department to resolve the matter. Attached to this application is the Department's Compliance Meeting Notice issued to Southend.

By way of further background, June 9, 2023, Southend submitted its initial nonresident pharmacy application to the Department. On August 9, 2023, Southend's application was approved. On November 15, 2024, Southend contacted the Department to obtain a sterile compounding certification. At this time, Southend complied with all requests for information including by providing the Department with an NABP inspection report in support of this certification. Approximately three months later and after Southend submitted its inspection report and requested a sterile compounding certification, public records of the Department's January 29, 2025 meeting minutes reflect the following: *Incorporated dba Southend Pharmacy – Houston, TX Commission Action: Commissioner Inguanti is requesting additional documents for the above nonresident pharmacy applications for further review to approve the request for sterile compounding."* However, this information was never relayed to Southend Pharmacy.

Given that the Department's request for information was never relayed to Southend, Southend engaged in communications with the Department to amicably resolve the Department's allegations to clarify any miscommunications or misconceptions. We note that the compliance meeting was originally scheduled for October 2025 but was subsequently rescheduled to late December 2025 due to the Department's schedule. Following the compliance meeting, which went well, Southend remains in amicable and ongoing discussions with the Department to resolve the matter. Although Southend denies all allegations of wrongdoing, Southend is fully cooperating with the Department on this matter and anticipates that this matter will be resolved amicably. We also would note that Southend's non-resident pharmacy license in Connecticut remains in good standing at this time and during the pendency of the proceedings. Southend will supplement this disclosure with any additional developments but this information is current as of the date of this submission.

Notice of Compliance Meeting
Re: AP Max Incorporated
Non-Resident Pharmacy License No.0004220
Case No. 2025-1024

To Whom It May Concern:

The Department of Consumer Protection (the "Department") has received an investigation report (report attached) prepared by its Drug Control Division. This report alleges violations of provisions of the Connecticut General Statutes concerning your Non-Resident Pharmacy License No.0004220. Specifically, it is alleged that you:

1. Failed to comply with all requests for information made by the commission or department, in violation of Section 20-627(3) of the Connecticut General Statutes;

2. Failed to disclose to the department whether the nonresident pharmacy is dispensing sterile pharmaceuticals within this state, as defined in section 20-633b, within this state, in violation of Section 20-627(4) of the Connecticut General Statutes;

3. Failed to provide the Department of Consumer Protection proof that AP Max Incorporated (Inc.) Pharmacy has passed an inspection in their home state, based on the United Stated Pharmacopeia (USP) chapters, in violation of Section 20-633b(j) of the Connecticut General Statutes; and

4. Failed to provide the Department of Consumer Protection with a copy of the most recent sterile compounding inspection report every two years, in violation of Section 20-633b(j) of the Connecticut General Statutes.

The Department of Consumer Protection is pursuing administrative action against your license based on the allegations outlined in this letter and the investigation report. The first step in the formal administrative enforcement process is to offer you the opportunity to provide evidence contesting the alleged violation at a Compliance Meeting. In accordance with Section 4-182(c) of the Connecticut General Statutes and the remote administrative adjudication process, you are requested to attend a REMOTE Compliance Meeting (compliance meeting description sheet attached) on **Tuesday, October 7, 2025 at 2:00 p.m. EST** to be held via the Microsoft Teams

video meeting platform (Teams). The remote access instructions are attached. At said Compliance Meeting, you will be given the opportunity to show that you were in compliance with the relevant statutes.

Within two weeks of receipt of this notice, please contact Brian Rogers at Teams No. 860-757-6802 or Brian.Rogers@ct.gov to establish remote meeting contact information.

Please contact me if you have any questions. I can be reached at my Teams No. 860-816-8849 or via email at Brett.Aiello@ct.gov.

Sincerely,

/s/ Brett R. Aiello

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)	✓	
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 1 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
8/19/2012	1/27/2014	texas	houston	harris

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
184615701010	State of Texas, Court 15

Reason/Charge
1st DWI

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Survam Patel	Class B Misdemeanor

Name of Business/Industry/Entity
Survam Patel/Ruby Management Services LLC (parent entity of AP Max Incorporated d/b/a Southend Pharmacy)

Provide explanation below:

On August 19th, 2012, I made the decision to get behind the wheel after consuming alcohol. I was charged with Driving While Intoxicated - 1st Offender in Harris County, to which I plead guilty to the Class B Misdemeanor in the Harris County Texas Criminal Court Number 15 on January 23rd, 2013. The terms of my plea bargain were one year of community supervision that included numerous terms, of which one was 24 hours of community service. My community supervision ended on January 22nd, 2014. During the program, I learned and truly understood the gravity of drinking and driving, and the dangerous, life-altering effects it has on society.

Over the last 13 years, my perspective of healthy lifestyle choices has evolved, not only to include omitting ANY alcohol consumption, but to make responsible decisions like using ridesharing services and deterring friends from getting behind the wheel even after one drink. I will always regret my decision that night, take complete responsibility for my actions, and am absolutely certain it will never occur again. I strive to lead by example and exhibit my character through my actions and behavior moving forward as a pharmacy healthcare provider.

- Survam Patel, Pharm.D., RPh.

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Nov 2020		Florida		Pinellas
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
		Florida 6th Judicial State Court		
Reason/Charge				
Lawsuit				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Details in explanation			Lawsuit	
Name of Business/Industry/Entity				
Survam Patel/Ruby Management Services LLC (parent entity of AP Max Incorporated d/b/a Southend Pharmacy)				

Provide explanation below:

Please note that we responded "Yes" in response to Questions #4 contained in Section 8 of the Personal History Application, which asked Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.).

We responded yes because Survam Patel and Ruby Management Services LLC (the parent entity of AP Max Incorporated d/b/a Southend Pharmacy) were previously defendants to a lawsuit which was filed by a now former business partner of the LLC. The case was filed in state court in Florida in November 2020 and settled soon thereafter in early 2021. The plaintiff filed the lawsuit based on his unilateral disagreement over the overall valuation of Ruby Management Services LLC as the plaintiff was exiting the company. Although defendants strongly disagreed with the allegations made by plaintiff, believed that the plaintiff's claims and allegations were inaccurate, and in some instances even frivolous, in consideration of numerous factors, including prominently the time and substantial cost associated with fully defending against the claims, the defendants ultimately agreed to resolve the case voluntarily by entering into a confidential and voluntary settlement agreement with the plaintiff. Although the agreement itself is confidential along with the underlying terms and conditions, we would note and feel comfortable disclosing that there was no admission of liability or wrongdoing under the terms and conditions of the settlement agreement. Since the conclusion of the lawsuit and subsequent settlement, which primarily occurred in late 2020, early 2021, there has been no contact whatsoever between the plaintiff and defendants and the matter is considered fully resolved.

Date of Event/Arrest	Disposition Date	State	City	County
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

In response to Section 8, question 5, I responded "Yes" to this question. This is because Southend Pharmacy ("Southend"), where I serve as the Officer of the pharmacy, was named by Eli Lilly and Company ("Eli Lilly") in a meritless complaint filed on October 22, 2025. In this complaint, Eli Lilly made unfounded allegations Southend's compounding services constitute unfair competition with Eli Lilly's pharmaceutical products.By way of further detail, Southend denies all allegations made by Eli Lilly in its complaint. In fact, Southend filed a Motion to Dismiss the complaint in its entirety adamantly arguing Eli Lilly's claims are meritless and part of a broader and unsuccessful litigation campaign that courts across the country have consistently rejected and dismissed. This case is just one of several complaints Eli Lilly filed against independent pharmacies that have also been dismissed. Most recently, on December 30, 2025, the Court granted Southend's Motion to Stay on all claims and all aspects of the case pending a ruling on Southend's Motion to Dismiss. Consequently, the case will not move forward until the court rules on Southend's Motion to Dismiss. This means Southend does not have to file initial disclosures, participate in a case management conference, or otherwise participate in discovery until after the Motion to Dismiss is decided.Although Southend is confident that its Motion to Dismiss will be granted in its entirety, Southend remains prepared to defend against Eli Lilly's inaccurate and unfounded allegations until a successful resolution is achieved. In light of this, I will supplement this disclosure if deemed necessary/appropriate.

In response to Section 8, question 6, I responded "Yes" to this question. An explanation is attached.

SOUTHEND
PHARMACY

To Whom It May Concern,

In response to question 6 in the application related to pending disciplinary action, we responded "Yes" to this question. This is because Southend Pharmacy ("Southend") currently has a matter pending with the Connecticut Department of Consumer Protection ("Department"). By way of further detail, the Department contacted Southend regarding allegations that Southend did not respond to certain requests for information pertaining to sterile compounding and that Southend did not submit an inspection report to the Department. Southend denies and disagrees with these allegations but is also cooperating with the Department to resolve the matter. Attached to this application is the Department's Compliance Meeting Notice issued to Southend.

By way of further background, June 9, 2023, Southend submitted its initial nonresident pharmacy application to the Department. On August 9, 2023, Southend's application was approved. On November 15, 2024, Southend contacted the Department to obtain a sterile compounding certification. At this time, Southend complied with all requests for information including by providing the Department with an NABP inspection report in support of this certification. Approximately three months later and after Southend submitted its inspection report and requested a sterile compounding certification, public records of the Department's January 29, 2025 meeting minutes reflect the following: *Incorporated dba Southend Pharmacy – Houston, TX Commission Action: Commissioner Inguanti is requesting additional documents for the above nonresident pharmacy applications for further review to approve the request for sterile compounding."* However, this information was never relayed to Southend Pharmacy.

Given that the Department's request for information was never relayed to Southend, Southend engaged in communications with the Department to amicably resolve the Department's allegations to clarify any miscommunications or misconceptions. We note that the compliance meeting was originally scheduled for October 2025 but was subsequently rescheduled to late December 2025 due to the Department's schedule. Following the compliance meeting, which went well, Southend remains in amicable and ongoing discussions with the Department to resolve the matter. Although Southend denies all allegations of wrongdoing, Southend is fully cooperating with the Department on this matter and anticipates that this matter will be resolved amicably. We also would note that Southend's non-resident pharmacy license in Connecticut remains in good standing at this time and during the pendency of the proceedings. Southend will supplement this disclosure with any additional developments but this information is current as of the date of this submission.

Notice of Compliance Meeting
Re: AP Max Incorporated
Non-Resident Pharmacy License No.0004220
Case No. 2025-1024

To Whom It May Concern:

The Department of Consumer Protection (the "Department") has received an investigation report (report attached) prepared by its Drug Control Division. This report alleges violations of provisions of the Connecticut General Statutes concerning your Non-Resident Pharmacy License No.0004220. Specifically, it is alleged that you:

1. Failed to comply with all requests for information made by the commission or department, in violation of Section 20-627(3) of the Connecticut General Statutes;

2. Failed to disclose to the department whether the nonresident pharmacy is dispensing sterile pharmaceuticals within this state, as defined in section 20-633b, within this state, in violation of Section 20-627(4) of the Connecticut General Statutes;

3. Failed to provide the Department of Consumer Protection proof that AP Max Incorporated (Inc.) Pharmacy has passed an inspection in their home state, based on the United Stated Pharmacopeia (USP) chapters, in violation of Section 20-633b(j) of the Connecticut General Statutes; and

4. Failed to provide the Department of Consumer Protection with a copy of the most recent sterile compounding inspection report every two years, in violation of Section 20-633b(j) of the Connecticut General Statutes.

The Department of Consumer Protection is pursuing administrative action against your license based on the allegations outlined in this letter and the investigation report. The first step in the formal administrative enforcement process is to offer you the opportunity to provide evidence contesting the alleged violation at a Compliance Meeting. In accordance with Section 4-182(c) of the Connecticut General Statutes and the remote administrative adjudication process, you are requested to attend a REMOTE Compliance Meeting (compliance meeting description sheet attached) on **Tuesday, October 7, 2025 at 2:00 p.m. EST** to be held via the Microsoft Teams

video meeting platform (Teams). The remote access instructions are attached. At said Compliance Meeting, you will be given the opportunity to show that you were in compliance with the relevant statutes.

Within two weeks of receipt of this notice, please contact Brian Rogers at Teams No. 860-757-6802 or Brian.Rogers@ct.gov to establish remote meeting contact information.

Please contact me if you have any questions. I can be reached at my Teams No. 860-816-8849 or via email at Brett.Aiello@ct.gov.

Sincerely,

/s/ Brett R. Aiello

Cause No. 184615701010

THE STATE OF TEXAS

V.

PATEL, SURVAM A/K/A _____

County Criminal Court at Law No. 15

Harris County, Texas

Order Affecting Community Supervision

On 01/23/2013 the court placed defendant on community supervision for a term ending 01/22/2014.

Today, ☐ the undersigned representative of the Harris County Community Supervision and Corrections Department, ☐ the Defendant, ☐ the undersigned Assistant District Attorney of Harris County, Texas, asks the judge presiding to consider ☐ discharging ☐ terminating community supervision period of the defendant.

1-29-14
Date

George Torres
Signature

Today, after considering the evidence the judge presiding finds that:

☒ The period having expired, defendant is **discharged** by operation of law.

☐ Today the period of supervision expires, and defendant is **discharged.**

☐ The defendant died on _____ and is no longer subject to the jurisdiction of this court.

☐ The defendant was convicted of _____, a misdemeanor/felony, and will be confined in _____ for the remainder of his supervisory term.

☐ The defendant was deported from the United States on _____.

☐ (other) _____.

☐ **Early Term Community Supervision Discharge and Dismissal:** The court finds defendant satisfactorily fulfilled the conditions of supervision for a period in excess of one third of the supervisory period or two years, whichever is less. Accordingly, this court **ORDERS** the period of supervision reduced to a term ending _____. This court further **ORDERS** defendant's guilty plea withdrawn. If there is no guilty plea, this court **ORDERS** the verdict set aside, and the indictment, complaint, or information **dismissed,** and defendant **discharged** from supervision.

☐ **Full Term Community Supervision Discharge and Dismissal.** The court finds defendant has satisfactorily fulfilled the conditions of supervision. Accordingly, this court **ORDERS** defendant's guilty plea withdrawn. If there is no guilty plea, this court **ORDERS** the verdict **set aside;** the indictment, complaint, or information **dismissed;** and defendant **discharged** from supervision.

☐ **Deferred Adjudication Early Termination.** The Court is of the opinion that the best interests of the defendant and society will be served by dismissing the proceedings and discharging the defendant. Accordingly, this court **ORDERS** the period of supervision **reduced** to a term ending _____. This court further **ORDERS** the proceeding against defendant **dismissed** and defendant **discharged** from supervision.

☐ **Deferred Adjudication Full Termination.** Today the period of community supervision expires. Accordingly, this court **ORDERS** the proceedings against defendant **dismissed** and defendant **discharged** from supervision.

☐ **Other:** _____.

2309

Both parties announced ready for trial. Defendant waived the right of trial by jury and entered the plea indicated above. The Court then admonished Defendant as required by law. It appeared to the Court that Defendant was mentally competent to stand trial, made the plea freely and voluntarily, and was aware of the consequences of this plea. The Court received the plea and entered it of record. Having heard the evidence submitted, the Court found Defendant guilty of the offense indicated above. In the presence of Defendant, the Court pronounced sentence against Defendant.

The Court **FINDS** Defendant committed the above offense and **ORDERS, ADJUDGES AND DECREES** that Defendant is **GUILTY** of the above offense. The Court **FINDS** the Presentence Investigation, if so ordered, was done according to the applicable provisions of TEX. CODE CRIM. PROC. art. 42.12 § 9.

The Court **ORDERS** Defendant punished as indicated above. The Court **ORDERS** Defendant to pay all fines, court costs, and restitution as indicated above.

Punishment Options (select one)

☒ **County Jail—Confinement / Confinement in Lieu of Payment.** The Court **ORDERS** Defendant immediately committed to the custody of the **Sheriff of Harris County, Texas** on the date the sentence is to commence. Defendant shall be confined in the **Harris County Jail** for the period indicated above. The Court **ORDERS** that upon release from confinement, Defendant shall proceed immediately to the **Harris County District Clerk's office.** Once there, the Court **ORDERS** Defendant to pay, or make arrangements to pay, any remaining unpaid fines, court costs, and restitution as ordered by the Court above.

☐ **Fine Only Payment.** The punishment assessed against Defendant is for a **FINE ONLY.** The Court **ORDERS** Defendant to proceed immediately to the **Office of the Harris County District Clerk.** Once there, the Court **ORDERS** Defendant to pay or make arrangements to pay all fines and court costs as ordered by the Court in this cause.

Execution / Suspension of Sentence (select one)

☐ The Court **ORDERS** Defendant's sentence **EXECUTED.**

☒ The Court **ORDERS** Defendant's sentence of confinement **SUSPENDED.** The Court **ORDERS** Defendant placed on community supervision for the adjudged period (above) so long as Defendant abides by and does not violate the terms and conditions of community supervision. The order setting forth the terms and conditions of community supervision is incorporated into this judgment by reference.

The Court **ORDERS** that Defendant is given credit noted above on this sentence for the time spent incarcerated.

CAUSE NUMBER 184615701010

THE STATE OF TEXAS
VS.
SURVAM PATEL

IN COUNTY CRIMINAL COURT
AT LAW NO. 15
HARRIS COUNTY, TEXAS

CONDITIONS OF COMMUNITY SUPERVISION

On this the 23rd day of January, 2013, the defendant being granted 180 Days in the **Harris County Jail** probated 1 Year Community Supervision for the misdemeanor offense of DRIVING WHILE INTOXICATED in accordance with section 3 of Article 42.12, of the Texas Code of Criminal Procedure is hereby ordered to abide by all of the following conditions and terms of Community Supervision during the period of community supervision.

(1) **Commit no offense** against the laws of this or any other State or of the United States.

(2) **Avoid injurious or vicious habits.** You are forbidden to use, possess, or consume any controlled substance, dangerous drug, marijuana, alcohol or prescription drug not specifically prescribed to you by lawful prescription. **You are forbidden to use, consume, or possess alcoholic beverages.**

(3) **Avoid persons or places** of disreputable or harmful character.

(4) Report immediately in person, to the Community Supervision Officer for the County Criminal Court at Law No. 15 on the 23rd day of January, 2013 and continue to report to the Community Supervision Officer on the 23rd of each month thereafter or as directed by the Community Supervision Officer for the remainder of the supervision term unless so ordered differently by the Court.

(5) Permit a Community Supervision Officer to **visit you at your home, place of employment** or elsewhere.

(6) **Abide by the rules and regulations** of the Harris County Community Supervision and Corrections Department (hereinafter referred to as HCCS&CD). Refrain from disorderly conduct, abusive language or disturbing the peace while present at any HCCS&CD office or facility.

(7) **Work faithfully** at suitable employment and present written verification of employment (including all attempts to secure employment) to your Community Supervision Officer on each reporting date. You must notify HCCS&CD within 48 hours of any change in your employment status.

(8) Remain within a specified place, to wit: **THE STATE OF TEXAS**. You may not travel outside of **THE STATE OF TEXAS** unless you receive prior written permission from the Court through your Community Supervision Officer. You must notify HCCS&CD **within 48 hours of any change of residence.**

(9) **Support your dependents** as required by law. Provide your Community Supervision Officer with a certified copy of all Court orders requiring payment of child support.

(10) Submit to **RANDOM drug/alcohol analysis** by authorized personnel of HCCS&CD, including any department having courtesy supervision jurisdiction. Provide proof of any medication legally prescribed to you prior to submitting a specimen.

(11) Participate in the HCCS&CD **Community Service Restitution Program (CSRP).** You shall perform a total of 24 hours, at the rate of 8 hours per **MONTH** beginning 02/23/2013.

(12) Pay the following fees through HCCS&CD as specified herein. All payments MUST be in the form of a MONEY ORDER or Cashier 's Check. Write SPN and Cause # on Money Order or Cashier 's Check. Personal checks will not be accepted. **A $ 2.00 transaction fee will be charged each time you make a payment.**

12.1 Pay a **Supervision Fee** at the rate of **$ 60.00 per month** for the **duration** of your community supervision beginning 02/23/2013 to HCCS&CD.

12.2 Pay a **Fine** and **Court Costs** to Harris County through the **District Clerk"s Criminal Courts Collections Division.**

Unofficial Copy Office of Marilyn Burgess District Clerk

CONDITIONS OF COMMUNITY SUPERVISION

For: SURVAM PATEL

Cause: 184615701010

12.3 Pay **Laboratory Fees** of **$ 15.00** per **TEST** for the duration of your community supervision beginning **02/23/2013** to HCCS&CD.

12.4 Pay a **$ 12.50** fee for an **Offender Identification Card** by **02/23/2013** to HCCS&CD.

12.5 Pay **$ 25.00** to **Crime Stoppers of Houston** in one lump sum on **03/23/2013** through HCCS&CD.

(13) Report in person to HCCS&CD by **02/23/2013** for the purpose of creating and obtaining your **Offender Identification Card**. You are to carry this identification card on your person at all times.

(14) Submit to an **alcohol/drug evaluation** by **02/23/2013**. Attend **outpatient** treatment and aftercare as recommended. **If ordered by the Court, enter in- patient treatment**. Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court. On each reporting date, submit written verification of your enrollment, attendance and/or successful completion of the program to your Community Supervision Officer, to be retained in HCCS&CD's file.

(15) Participate in the HCCS&CD **Maximum Supervision Program** any time that you are assessed by HCCS&CD to require maximum supervision. Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court.

(16) Submit to an evaluation of your **educational skill level** by **02/23/2013**. If it is determined that you have not attained the average skill of students who have completed the sixth grade in public schools in this State, you shall participate in a program that teaches functionally illiterate persons to read. If you are non- English speaking, you will participate in English as a **Second Language (ESL) program, if it is determined there is a need in order for you to meet the state mandate beginning upon referral.** Comply with all program rules, regulations and guidelines until successfully discharged or released by further order of the Court. On each reporting date, submit written verification of your enrollment, attendance and/or successful completion of the program to your Community Supervision Officer, to be retained in HCCS&CD's file.

(17) Do not drive or operate a motor vehicle in Texas without a valid **Driver 's License and Insurance**.

(18) Participate in and complete, within 180 days from the date Community Supervision is granted **01/23/2013**, an **approved alcohol/drug education program** as required by V.A.C.C.P. Art. 42.12, Sec 13. Comply with all program rules, regulations, and guidelines until successfully discharged or released by further order of the Court.

(19) You shall comply with the **Texas Motor Vehicle Safety Responsibility Act** and provide evidence of financial responsibility, such as an automobile liability insurance policy, to a peace officer or Harris County Community Supervision and Corrections Employee on demand.

(20) Provide a breath specimen for **breathalyzer/intoxilyzer analysis** if requested by any community supervision officer or law enforcement officer.

(21) If during the term of your community supervision you are granted an **Occupational Driver"s License** or if you already have been granted an Occupational Driver"s License, you are required to abide by the terms and conditions of the order until the expiration of the order.

(22) During term of supervision, client is **strictly prohibited from shipping, transporting, possessing, receiving, or purchasing a firearm**, altered firearm, or ammunition, or attempting to ship, transport, possess, receive, or purchase a firearm, altered firearm, or ammunition.

(23) You are **not to lie or make false statements to any employee** of HCCS&CD beginning **01/23/2013**.

(24) You will not use, **ingest, or consume any substance that will alter or adulterate** any urinalysis results.

(25) **You must include HCCSCD as a creditor if at any time during the term of your supervision you file for bankruptcy.** You must provide verbal notification to HCCSCD of any bankruptcy filing during the term of your supervision, within 72 hours of filing for bankruptcy by contacting your Community Supervision Officer by telephone and providing written notification and documentation, including the "Notice of Bankruptcy Filing", to: Harris County Community Supervision Attention: General Counsel 49 San Jacinto, Suite 600 Houston, Texas 77002.

Board Use Only	Date Received: 3/11/26	Amount: CC $500

Self Explanation of Discipline from the TSBP in 2014-2015:

In 2014, a relief pharmacist had a misfill that was reported to the state board. In 2015, upon state board inspection, the state noted that we had 15 sterile preparations for a single doctor that were made on Sept. 15 of 2015. The same year on Sept. 1 of 2015, the board had changed its requirements for sterile compounding requiring a separate 503A-S license to perform sterile compounding. Our pharmacy was not aware of the change and discontinued any sterile compounding until we later registered for and got certified to perform sterile compounding.

In 2017, Melvin Musgrove, the then owner, was asked to appear before the TSBP. At that time, they asked the Tower Medic for an advisory committee to review procedures and meet regularly to determine the implementation of changes. The TSBP placed Tower Medic on probation for 2 years in 2017.

In 2018, Melvin Musgrove met again in person with the TSBP to review the changes implemented by the TSBP and the TSBP decided to remove the probation effective immediately based on their findings.

AGREED BOARD ORDER #H-16-048-B

RE: IN THE MATTER OF
TOWER MEDIC PHARMACY
(PHARMACY LICENSE #3074)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 3074 issued to Tower Medic Pharmacy (Respondent), 607 West Magnolia, Suite B, Fort Worth, Texas 76104.

By letter dated March 31, 2017, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

> Sections 551.003(16) and (19); 562.156(a); 565.001(a)(1), (2), (12) and (13); and 565.002(a)(3) and (4) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2013); and
>
> Sections 281.7(a)(3), (12) and (13); 291.31(1), (15), (16), (17) and (20); 291.32(a)(2)(H); 291.32(c)(1)(E) and (F); 291.32(c)(2)(B), (D) and (H); 291.33(a)(11); 291.33(c)(2)(A); 291.33(c)(7)(A)(iv); 291.34(c)(2)(C)(vii); 291.36(1); and 295.3 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2015), in that allegedly:

COUNTS

(1) From on or about September 12, 2014, through on or about May 11, 2015, Melvin B. Musgrove, while acting as an employee (pharmacist-in-charge) and managing officer of Tower Medic Pharmacy, 607 West Magnolia, Suite B, Fort Worth, Texas 76104, allowed the pharmacy to unlawfully compound and dispense sterile preparations when it did not possess a Class A-S license. As evidenced by pharmacy records, the pharmacy compounded and dispensed 9 sterile preparations without a Class A-S license during the time period previously described. This violation was discovered during an inspection by the Texas State Board of Pharmacy on June 3, 2015.

(2) On or about May 6, 2015, Martha McFall Holman, while acting as an employee (staff pharmacist) of Tower Medic Pharmacy, 607 West Magnolia, Suite B, Fort Worth, Texas 76104, dispensed morphine 200 mg extended release tablets to W.H. on a new written prescription calling for MS Contin (brand morphine) 20 mg extended release tablets. The prescription vial was labeled 30 morphine 200 mg extended release tablets with directions to "take 1 tablet by mouth every 12 hours as needed for pain." Patient W.H. received treatment in an emergency room and was hospitalized for seven days after taking the wrong dose of the drug for several days and experiencing adverse effects,

including confusion, lethargy, headaches, and nausea. The prescription was assigned prescription number 41705.

This case was initiated following the receipt of a Professional Liability Claim Report Form received by the Texas State Board of Pharmacy on September 22, 2015.

(3) On or about May 6, 2015, Martha McFall Holman, while acting as an employee (staff pharmacist) of Tower Medic Pharmacy, 607 West Magnolia, Suite B, Fort Worth, Texas 76104, failed to evaluate and to identify the clinically significant high dosage of the dispensed prescription described above in Count (2). Patient W.H. had previously received morphine (generic MS Contin) from the pharmacy with directions to take 40 mg of the drug per day. Morphine is generally titrated upward until the desired response is achieved at the lowest possible dosage. The prescription as dispensed instructed patient W.H. to take up to 400 mg of morphine per day. This dosage is 10 times both the previously dispensed and prescribed doses.

(4) On or about May 6, 2015, Tower Medic Pharmacy, 607 West Magnolia, Suite B, Fort Worth, Texas 76104, failed to keep complete and accurate records of the prescription described above in Count (2), in that the patient medication record does not contain the initials of the dispensing pharmacist and the prescription label contains the incorrect initials. Martha McFall Holman's signature appears on the original prescription indicating that she was the responsible pharmacist. The patient medication record does not contain either the name or initials of a dispensing pharmacist, and the prescription label inaccurately lists "MM" as the dispensing pharmacist. According to information provided by the pharmacy to a Texas State Board of Pharmacy investigator, "MM" translates to Melvin Musgrove, who is the pharmacist-in-charge of the pharmacy.

An informal conference was held in the Board's office on July 12, 2017, with Melvin B. Musgrove, R.Ph., Corporate President, Tower Medic Pharmacy, Inc., on behalf of Respondent, and Robert L. Seibert, Legal Counsel for Respondent, in attendance. The informal conference was heard by a Board panel comprised of: Jeanne D. Waggener, R.Ph., Board Member; and Carol Fisher, R.Ph., M.P.A., Director of Enforcement; with Kerstin Arnold, General Counsel. Mary Martha Murphy, Staff Attorney, was also in attendance.

By appearing at the informal conference and by signing this Order, Melvin B. Musgrove and Respondent's counsel neither admit nor deny the truth of the matters previously set out in this Order, and agree that the Board has jurisdiction in this matter and waive the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent's license shall be placed on probation for a period of two (2) years, with such period to commence thirty (30) days after the entry of this Order. During the period of probation, Respondent may actively operate as a pharmacy subject to the terms and conditions listed in this Order. Respondent shall abide by the terms of this Order, and shall not violate any pharmacy or drug statute or rule of this state, another state, or the United States with respect to pharmacy, controlled substances, and dangerous drugs.

(2) Respondent shall pay a probation fee of one thousand two hundred dollars ($1,200) due one hundred twenty (120) days after the entry of this Order.

(3) Respondent shall pay an administrative penalty of three thousand dollars ($3,000) due one hundred twenty (120) days after the entry of this Order.

(4) Respondent shall develop and implement policies and procedures for a Continuous Quality Improvement Program for purposes of preventing and handling dispensing errors. The Continuous Quality Improvement Program shall include pharmacist peer review in compliance with guidelines approved by Board staff. In addition, the policies and procedures for pharmacist peer review shall state that:

(a) The peer review committee will:

- review incident reports;
- determine what caused errors;
- make recommendations to correct the problem that caused the errors; and
- monitor the changes to determine if the changes have improved the operation of Respondent and reduced errors.

(b) The peer review committee must be comprised of at least two employees of Respondent, including the pharmacist-in-charge and other pharmacist(s) or personnel who are employees of Respondent. The committee shall not be solely comprised of a district or regional manager/supervisor and the pharmacist-in-charge and shall not be used for personnel evaluation purposes.

(c) The peer review committee will meet regularly, and no less than quarterly.

(d) The peer review committee will make a record indicating:

- date of meeting
- location of meeting;
- names of persons attending the meeting;
- description of activities;
- discussion of problems in Respondent's operation (e.g., work flow, dispensing process);
- findings;

- description of recommendations; and
- review of actions or changes relating to individuals, systems, or processes made as a result of previous recommendations.

(5) Respondent shall submit a report and/or documentation of such policies and procedures to Board staff within one hundred twenty (120) days after the entry of this Order. Copies of forms used by Respondent to collect the data on errors committed at the pharmacy (i.e., incident report forms) must be submitted to Board staff, as well as any other peer review forms that have been developed by Respondent. Additionally, records of the peer review committee, as described in subparagraph (d) above, shall be maintained for two (2) years at the location of Respondent and made available for inspection by Board employees.

(6) Respondent shall develop and implement policies and procedures to ensure compliance with pharmacy and pharmacist licensure requirements from licensing entities in states where Respondent operates or seeks to operate as a pharmacy or wholesale facility. A written report of such policies and procedures shall be submitted to Board staff within one hundred twenty (120) days after the entry of this Order.

(7) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(8) Respondent shall allow Board staff to directly contact Respondent on any matter regarding the enforcement of this Order.

(9) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2015), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2017).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

SIGNED AND ENTERED ON THIS 1st day of August, 2017.

AGREED BOARD ORDER #M-18-023

RE: IN THE MATTER OF
TOWER MEDIC PHARMACY
(PHARMACY LICENSE #3074)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 3074 issued to Tower Medic Pharmacy (Petitioner), 607 West Magnolia, Suite B, Fort Worth, Texas 76104.

By communication received by the Board on July 27, 2018, Petitioner requested an informal conference before a Board panel to consider modification of Agreed Board Order #H-16-048-B. By letter dated August 7, 2018, the Texas State Board of Pharmacy notified Petitioner of the procedures for modification.

PREVIOUS HISTORY

On or about August 1, 2017, the Texas State Board of Pharmacy entered Agreed Board Order #H-16-048-B in the matter of Tower Medic Pharmacy. The Order was based on allegations that the pharmacy engaged in sterile compounding without a Class A-S license, that a pharmacist erroneously dispensed the incorrect strength of morphine to a patient and failed to conduct an adequate drug regimen review, and that the pharmacy failed to keep proper records for the prescription. The Order imposed a two-year probation, a $3,000 penalty, and required the implementation of a Continuous Quality Improvement Program and policies and procedures to ensure appropriate licensure.

An informal conference was held in the Board's office on October 10, 2018, with Glenn Luther Hall, R.Ph., Consultant; and Melvin B. Musgrove, R.Ph., Chief Executive Officer, Tower Medic Pharmacy, Inc., on behalf of Petitioner, in attendance. The informal conference was heard by Board Members: Bradley A. Miller, Ph.T.R.; and Rick Fernandez, R.Ph.; with Kerstin Arnold, General Counsel. Mary Martha Murphy, Staff Attorney, was also in attendance.

The following information was presented by Petitioner at the aforementioned informal conference:

(1) Petitioner presented Agreed Board Order #H-16-048-B, which was entered August 1, 2017, concerning pharmacy license number 3074 held by Petitioner.

(2) Petitioner has complied with the terms of Agreed Board Order #H-16-048-B, and satisfied all terms and conditions of the Order, save for completing the probationary period.

At the aforementioned conference, Melvin B. Musgrove, on behalf of Petitioner, waived the right to be represented by legal counsel. By signing this Order, Melvin B. Musgrove, on behalf of Petitioner, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that effective thirty (30) days after the entry of this Order, the requirements of Agreed Board Order #H-16-048-B shall be terminated and of no further force and effect.

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

SIGNED AND ENTERED ON THIS 6th day of November, 2018.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Nevada Business License # (if applicable) NV20253480244

Supervising/Managing Pharmacist Name (NRS 639.220): Tri Salihima, PharmD

Supervising/Managing Pharmacist NV Pharmacist Registration #: N/A - Non-Resident Pharmacy License

Name of Designated Person(s) as defined by revised USP-797 guidelines: Tri Salihima, PharmD

Email of Designated Person(s): will@towermedic.com

Telephone of Designated Person(s): (817) 768-6884

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

   ■ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ■ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 09-05-2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months per TSBP

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Once per month per USP797

10. Will you be performing sterile hazardous drug compounding? ☐ Yes ■ No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Glutathione
NAD+
Methylcobalamin
Zinc Sulfate
L-Carnitine, Methionine, Inositol, Choline, Cyanocobalamin

12. What laboratory performs your sterility or endotoxin testing?

Name: In-House testing per TSBP - Tower Medic Pharmacy

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

13. What is your procedure for visual inspection of compounded sterile products?
Visual inspection of visible particles or precipitation with every batch.

14. How often do you perform glove fingertip and medial fill testing?
Every 6 months per the TSBP.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
We have SOP's specific for initial training:
3 fingertip tests
1 media fill test
Didactic learning and hands-on garbing and for aseptic techniques

Ongoing training:
Didactic tests for each technician
Finger tip and media fill testing

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
The PEC is cleaned daily with TB1-330 and sterile 70% Isopropyl Alcohol.
The PEC is cleaned weekly with Peridox (sporadical).

The SEC is cleaned daily with PREempt and 70% Isopropyl Alcohol.
The SEC is cleaned weekly with Peridox (sporicidal) and 70% Isopropyl Alcohol.

17. Who performs the sterile compounding process at your facility?

Tri Salihima, PharmD

18. Who is responsible and accountable for the sterile compounding process at your facility?
Tri Salihima, PharmD

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Secure packaging with no identifiable patient information. If requiring refrigeration, we pack all products in certified cold-chain packaging with the appropriate ice packs to sustain a 2 day transit. All refrigerated items are shipped overnight.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A we do not currently have a USP800 room.		
2. Are you complying with all USP 800 guidelines?	■ Yes	■ No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	■ No
4. Is your BSC or CACI vented 100% to the outside?	Yes	■ No
5. Do you have a negative pressure buffer room at your facility?	Yes	■ No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	■ No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	■ No
8. Will you be utilizing a closed system transfer device?	Yes	■ No
9. If yes, list the name of the device: N/A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:
N/A

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?
N/A

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?
N/A

5. What is the frequency for completing surface sampling? N/A		
6. What is the frequency for using sporicidal agents? N/A		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Type: *Compliance* **Purpose:** *Routine*

Date: *11/12/2025* **Arrival Time:** *9:30 AM*

Acknowledgment

This is to acknowledge that Texas State Board of Pharmacy Agent has presented official credentials and this Notice of Inspection citing Sections 554.001, 556.001, 556.051-556.054, and 556.101 of the Texas Pharmacy Act which authorizes an inspection of the above described facility. By my signature, I hereby acknowledge receipt of this Notice of Inspection and certify that:

1. I have read the Notice of Inspection and understand its contents and purpose;
2. I have the authority to act in this matter and have signed this Notice of Inspection pursuant to my authority;
3. I have had the purpose of the entry into the above-described facility by the Boards agent stated to me; and
4. I have consented to an inspection of the above-described facility voluntarily and without any manner of threats.

General Comments:

Licenses/Registration

Verify personnel have active licenses & address with PIC/RPh if necessary	*Satisfactory*
01. Required licenses posted	*Satisfactory*
09. Active licenses/certifications	*Satisfactory*
62. No aiding and abetting	*Satisfactory*
65. Proper registration procedures	*Satisfactory*
79. Identification badges	*Satisfactory*

Inventory Records

15. Change of PIC inventory	*Not Applicable*
17. Meets inventory requirements	*Satisfactory*
59. Proper drug destruction	*Satisfactory*
68. Change of ownership controlled substance inventory	*Not Applicable*
69. Annual controlled substance inventory	*Satisfactory*

Comment

Annual controlled substance inventory completed on: 5/8/2025 closing

Notifications

31. Closed pharmacy (Is pharmacy engaged in the business described in application for licensure?)	*Satisfactory*
34. Notifications	*Satisfactory*

76. PIC (Does the pharmacy have a pharmacist-in-charge?) *Satisfactory*

Environment/Equipment/Security

03. Orderly/Clean *Satisfactory*

04. Balance inspection *Satisfactory*

Comment

Number of balances: 2 balances registered

05. Equipment Inspection *Satisfactory*

07. Security *Satisfactory*

08. Environment *Satisfactory*

48. Drugs (procurement, temperature, security, out-of-date, samples) *Satisfactory*

Comment

Advise to remove all expired medication from active pharmacy shelves.

90. TSBP complaint notification *Satisfactory*

Controlled Substances

10. Prescriptions separated *Satisfactory*

24. Theft/Loss *Satisfactory*

Comment

No theft or loss has occurred.

26. Controlled substance prescription compliance ***Unsatisfactory***

291.34(b)(2)(B)(ii).

Prescriptions. Written prescription drug orders. Prescription drug orders written by practitioners in another state. A pharmacist may dispense prescription drug orders for controlled substances in Schedule III, IV, or V issued by a physician, dentist, veterinarian, or podiatrist in another state provided:

- the prescription drug order is issued by a person practicing in another state and licensed by another state as a physician, dentist, veterinarian, or podiatrist, who has a current federal DEA registration number, and who may legally prescribe Schedule III, IV, or V controlled substances in such other state;
- the prescription drug order is not dispensed or refilled more than six months from the initial date of issuance and may not be refilled more than five times; and
- if there are no refill instructions on the original prescription drug order (which shall be interpreted as no refills authorized) or if all refills authorized on the original prescription drug order have been dispensed, a new prescription drug order is obtained from the prescribing practitioner prior to dispensing any additional quantities of controlled substances

26. Controlled substance prescription compliance *(continued)* — ***Unsatisfactory***

Warning Notice — Due Date for Completed Correction: 12/12/2025

Failure to comply regarding dispensing prescriptions from out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by dote noted.

30. Controlled substance invoices dated/initialed by pharmacist — *Satisfactory*

35. Controlled substance invoices separated — *Satisfactory*

46. Drug distribution — *Satisfactory*

53. Possession of controlled substances — *Satisfactory*

Corresponding responsibility (Does the pharmacist exercise sound professional judgment with respect to the accuracy or authenticity of a prescription drug order?) — *Satisfactory*

Labeling/Prepackaging

32. Prescription label (Is prescription label complete?) — *Satisfactory*

45. Proper dispensing/labeling — *Satisfactory*

54. Proper prepackaging procedures — *Satisfactory*

Library

06. Required Library — *Satisfactory*

Training

60. Documentation of required training — *Satisfactory*

Comment

Advised to complete documentation of initial training and/or in-service training for all technicians.

61. Supervision of supportive personnel — *Satisfactory*

Patient/Computer/Dispensing Records

18. Records available — *Satisfactory*

22. Data processing system compliance — *Satisfactory*

25. Prescriptions (complete, retrievable, auto-refills, accelerated refills) — *Satisfactory*

37. Legal dispensing (Are valid prescriptions being dispensed by a pharmacist?) — *Satisfactory*

56. Prescription transfers — *Satisfactory*

67. Written drug information provided — *Satisfactory*

80. Patient counseling — *Satisfactory*

82. Patient Medication Records *Satisfactory*

84. Drug regimen review *Satisfactory*

86. Absence of pharmacist records *Not Applicable*

Policies & Procedures/SOPs

70. Required policies & procedures/SOPs *Satisfactory*

92. Automated dispensing policy & procedures/SOPs *Satisfactory*

Non-Sterile Compounding

03. Orderly/Clean/Hand Hygiene *Satisfactory*

04. Balance inspection (for non-sterile compounding) ***Unsatisfactory***

291.10.

Pharmacy Balance Registration/Inspection

(a) Definitions. The following words and terms, when used in this section, shall have the following meanings, unless the context clearly indicates otherwise. Pharmacy balance--An instrument for weighing including balances and scales.

(b) Registration.

(1) A pharmacy shall annually or biennially register each pharmacy balance. The fee for the annual registration shall be $12.50 per pharmacy balance. The fee for the biennial registration shall be $25.00 per pharmacy balance.

(2) The expiration date for pharmacy balance registrations shall coincide with the pharmacy license expiration date.

(c) Inspection.

(1) The Board shall periodically inspect pharmacy balances to verify accuracy.

(2) If a pharmacy balance fails the accuracy inspection, the following is applicable.

(A) The pharmacy balance may not be used until it is repaired by an authorized repair person.

(B) A tag indicating that the pharmacy balance failed the inspection and may not be used shall be placed on the pharmacy balance.

Warning Notice **Due Date for Completed Correction:** *12/12/2025*

Failure to register the new balance the IV room .
Balance QT124iMU-s serial number 0046004820

05. Equipment Inspection *Satisfactory*

06. Non-sterile Library *Satisfactory*

32. Non-sterile compound label (Is label complete?) *Satisfactory*

Comment

Advised to include all required information on label for non-sterile preparation including the generic name(s) or the official name of the principal active ingredient(s) of the compounded preparation.

38. Area/Environment for non-sterile compounding *Satisfactory*

43. Records for non-sterile compounding ***Unsatisfactory***

291.131(e).

Records.

(1) Maintenance of records. Every record required by this section shall be:

(A) kept by the pharmacy and be available, for at least two years, for inspecting and copying by the board or its representative and to other authorized local, state, or federal law enforcement agencies; and

(B) supplied by the pharmacy within 72 hours, if requested by an authorized agent of the Texas State Board of Pharmacy. If the pharmacy maintains the records in an electronic format, the requested records must be provided in an electronic format. Failure to provide the records set out in this section, either on site or within 72 hours, constitutes prima facie evidence of failure to keep and maintain records in violation of the Act.

(C) Documentation of the performance of quality control procedures is not required if the compounding process is done pursuant to a patient specific order and involves the mixing of two or more commercially available oral liquids or commercially available preparations when the final product is intended for external use.

(2) Master Formulation Record and Compounding Record.

(A) Master Formulation Record. A master formulation record shall be developed and approved by a pharmacist for all compounded preparations. Once approved, a duplicate of the master formulation record shall be used as the compound record each time the compound is prepared and on which all documentation for that compound occurs. The master formulation record shall contain at a minimum:

(i) the formula;

(ii) the components;

(iii) the compounding directions;

(iv) evaluation and testing requirements;

(v) specific equipment used during preparation;

(vi) storage requirements;

(vii) a reference to the location of the following documentation which may be maintained with other records, such as quality control records:

(I) the criteria used to determine the beyond-use date; and

(II) documentation of performance of quality control procedures, including, but not limited to, expected physical appearance of the final product.

(B) Compounding Record. The record for each preparation shall document the following:

(i) identity of all components and their corresponding amounts, concentrations, or volumes;

(ii) lot number and expiration date of each component;

(iii) component manufacturer/distributor or suitable identifying number;

(iv) container specifications;

(v) unique lot or control number;

(vi) beyond use date;

(vii) date of preparation;

(viii) name, initials, or electronic signature of the person(s) involved in the preparation;

(ix) name, initials, or electronic signature of the responsible pharmacist;

(x) finished preparation evaluation and testing specifications, if applicable; and

(xi) comparison of actual yield to anticipated or theoretical yield, when appropriate.

Warning Notice **Due Date for Completed Correction: *12/12/2025***

Failure to maintain complete non-sterile compounding records, including date of compounding, compounding

43. Records for non-sterile compounding (continued) **Unsatisfactory**

directions, name of responsible pharmacist verifying the batch compounding, criteria to determine beyond-use date. Correct/resolve deficiency by date noted.

Comment

Advised to ensure the pharmacy documents the need for compounding commercially available products by maintaining a prescription with the individual patient needs determined by the prescribing practitioner.

60. Documentation of non-sterile required training *Satisfactary*

Comment

Advised to maintain documentation of training in the required areas for all personnel involved in non-sterile compounding including hand hygiene and garbing.

70. Required policies & procedures/SOPs *Satisfactory*

87. Quality Control/Assurance *Satisfactory*

Compounded Dosage Forms

Allergen extracts	*No*
Parenteral solutions	*Yes*
Parenteral suspensions	*No*
Preservative-free parenterals	*No*
Ophthalmic preparations	*No*
Oral or nasal inhalation preparations (not topical spray)	*Yes*
Bath or soaks for live organs/tissues	*No*
Irrigations for wounds or body cavities	*No*
Any other sterile preparations (implants, pellets, etc) [list]	*No*
Investigational drugs	*No*
Blood products or other biological materials (wound care, autologous, eye drops, etc)	*No*
Any compounds using federally controlled substances Schedule I-V (list and percentage)	*Yes*
Does the pharmacy use lyophilizer?	*No*

Environment (Sterile)

S109. Is the cleanroom clean and free of objects that shed particles? *Satisfactory*

S110. Is the cleanroom used only for sterile preparations? *Satisfactory*

S119. Does the cleanroom contain only appropriate supplies? *Satisfactory*

S101. Does the ante-area provide at least ISO Class 8 air quality under dynamic conditions? *Satisfactory*

S115. Does the ante-area contain a hands-free sink with hot and cold running water?	*Satisfactory*
S102. Does the buffer area provide at least ISO Class 7 air quality under dynamic conditions?	*Satisfactary*
S106. Is the buffer area free from sources of water (e.g., sink, floor drains)?	*Satisfactory*
S108. Is there hands-free access to the buffer area?	*Satisfactary*
S113. Are floors, walls, ceilings & fixtures smooth, impervious and free from cracks & crevices?	*Satisfactory*
S112. Does the floor covering enable regular disinfection?	*Satisfactory*
S118. Are supplies stored above the floor to permit adequate floor cleaning?	*Satisfactory*
S127. Does the clean room have a pressure gauge or velocity meter to monitor pressure differential between buffer area and ante-area and between the ante-area and the general environment? Is the pressure differential at least 0.02" wc?	*Satisfactory*
S116. Are temperature and humidity monitored, documented and within the required range?	*Satisfactory*
S167. Is there a thermometer available for the cleanroom and refrigerator(s)?	*Satisfactory*

Primary Engineering Control (PECs) Device

S126. Is the laminar air flow hood located in a buffer area that has a minimum differential positive pressure of 0.02" wc?	*Satisfactory*
S121. Is the PEC able to maintain at least ISO Class 5 conditions while compounding sterile preparations?	*Satisfactory*
S246. Are hazardous drugs prepared in a Class II/III vertical flow BSC or CACI located in an ISO Class 7 area physically separated from other areas?	*Satisfactory*
S247. Does the area where the BSC or CACI is located have not less than 0.01" wc negative pressure adjacent to the positive pressure ISO Class 7 area?	*Satisfactory*
S105. Does the CAI or CACI provide unidirectional airflow?	*Not Applicable*
S104. If the CAI or CACI is used for high-risk sterile compounding, is it placed in an ISO Class 8 area?	*Not Applicable*
S122. If the CAI is not required to be placed in an ISO Class 7 area, does the pharmacy maintain documentation from the manufacturer?	*Not Applicable*
S124. Is the PEC certified by an independent contractor every 6 months and when relocated?	*Satisfactory*
S125. Are prefilters inspected periodically and replaced as needed?	*Satisfactory*
S128. Are differential pressures monitored and documented at least every work shift (at a minimum daily) or by a continuous recording device?	*Satisfactory*

Equipment and Supplies

S174. Does the pharmacy have disposable needles, syringes, and other required or applicable supplies?	*Satisfactory*
S177. Does the pharmacy have lint-free towels or wipes?	*Satisfactory*

S180. Does the pharmacy have masks, caps, gowns with tight cuffs, shoes covers, and beard covers (if applicable)?	*Satisfactory*
S176. Does the pharmacy have handwashing agents with bactericidal action?	*Satisfactory*
S175. Does the pharmacy have disinfectant cleaning solutions and dedicated cleaning supplies?	*Satisfactory*
S179. Does the pharmacy have hazardous spill kits, if applicable?	*Satisfactory*
S171. Does the pharmacy have appropriate containers for needles and syringes?	*Satisfactory*
S170. Does the pharmacy have sterile isopropyl alcohol, sterile gloves, and waterless alcohol-based surgical hand scrub?	*Satisfactory*
S178. Does the pharmacy have appropriate filters and filtration equipment?	*Satisfactory*
S181. If an automated compounding device is used, does the pharmacy calibrate & verify the device for accuracy, and document at least daily?	*Satisfactory*
S172. Does the pharmacy have packaging or delivery containers to maintain proper storage conditions for sterile preparations?	*Satisfactory*

High Risk CSPs

S103. If high-risk CSPs are compounded, does the buffer area provide physical separation from other compounding areas?	*Sotisfactory*
S231. Is sterility testing performed if CSPs are prepared in groups > 25, or	*Satisfactory*
S232. If MDVs are prepared for multiple patients or when exposed > 12 hours at 2-8 degrees C before sterilized, or	*Not Applicable*
S233. If exposed > 6 hours at warmer than 8 degrees C before sterilized?	*Not Applicable*
S237. Are all non-sterile measuring, mixing, and purifying devices rinsed thoroughly with pyrogen-free or depyrogenated sterile water, and then thoroughly drained or dried immediately before use for high-risk sterile compounding?	*Satisfactory*
S238. Are all high-risk sterile solutions subjected to terminal sterilization prefiltered using no larger than a 1.2-micron filter to remove particulate matter? Is sterilization by filtration performed with a sterile 0.2 – 0.22 micrometer pore size filter within an ISO Class 5 environment or better?	*Satisfactory*
S165. Are filter integrity tests being performed and documented (e.g., bubble point test)?	***Unsatisfactory***

291.133(d)(14)(A)(iii)(III).

Filter Integrity Testing. Filters need to undergo testing to evaluate the integrity of filters used to sterilize high-risk preparations, such as Bubble Point Testing or comparable filter integrity testing. Such testing is not a replacement for sterility testing and shall not be interpreted as such. Such test shall be performed after a sterilization procedure on all filters used to sterilize each high-risk preparation or batch preparation and the results documented. The results should be compared with the filter manufacturer's specification for the specific filter used. If a filter fails the integrity test, the preparation or batch must be sterilized again using new unused filters.

Warning Notice — Due Date for Completed Correction: *12/12/2025*

Failure to record bubble point testing. Comply going forward.

S239. Are pre-sterilization procedures (weighing and mixing) completed in an ISO Class 8 environment or better? *Satisfactory*

Sterile Library

S154. Does the pharmacy have a reference on injectable drugs? *Satisfactory*

S155. Does the pharmacy have a specialty reference? *Satisfactory*

Comment

PCCA, Medisca for specialty reference

S156. Does the pharmacy have all of the required (USP chapters 71, 85, 795, 797, 1163) and applicable USP chapters? *Satisfactory*

Hazardous CSPs

S242. Do personnel wear protective apparel at all times when hazardous drugs are handled? *Not Applicable*

S243. Do personnel use appropriate safety and containment techniques when preparing hazardous CSPs? *Not Applicable*

S244. Do personnel dispose of hazardous waste in compliance with local, state, and federal regulations? *Not Applicable*

S245. Do personnel affix a proper label, including proper precautions inside and outside of the packaging? *Not Applicable*

S248. Does the pharmacy have a pressure indicator that can be readily monitored for correct room pressurization? *Not Applicable*

S249. Does the pharmacy meet the requirements for low volume preparation of hazardous drugs by using a device that provides two-tiers of containment (e.g., closed-system vial transfer device within a BSC)? *Not Applicable*

S250. Are hazardous drugs stored separately from other inventory in a manner to prevent contamination and personnel exposure? *Not Applicable*

Does the pharmacy have a plan to comply with USP <800> by the implementation date? *Not Applicable*

Are hazardous drugs stored separately in compliance with USP <800> (negative pressure at least -0.01" wc to adjacent areas and with at least 12 ACPH)? *Not Applicable*

Is hazardous drug waste quarantined in a designated area? *Not Applicable*

Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Not Applicable*

Personnel Cleansing, Garbing, Hand Hygiene

S202. Does hand sanitizing and gowning occur in the ante-area (outside of the buffer area)? *Satisfactory*

S180. Do compounding personnel don clean non-shedding gowns with sleeves that fit snugly around the wrists and enclose at the neck? Is the order of garbing appropriate (dirtiest to cleanest)? *Satisfactory*

S194. Before entering the buffer area, do compounding personnel remove cosmetics?	*Satisfactory*
S195. Before entering the buffer area, do compounding personnel remove all hand, wrist, and other body jewelry/piercings?	*Satisfactory*
S196. Are natural nails kept neat and trim and no wearing of artificial nails or extenders?	*Satisfactory*
S200. Do compounding personnel remove debris from underneath fingernails using a nail cleaner under running warm water?	*Satisfactory*
S192. Are personnel with an apparent illness or open lesions compounding sterile preparations?	*Satisfactory*
S241. When compounding personnel temporarily exit the ISO Class 7 environment, are re-donning procedures properly followed?	*Satisfactory*
S201. Do compounding personnel engage in proper hand hygiene?	*Satisfactory*
S203. Do compounding personnel completely dry hands and forearms using lint-free disposable towels or hand dryer?	*Satisfactory*
S204. Is antiseptic hand cleansing performed using waterless alcohol-based surgical scrub once inside the buffer area and prior to donning sterile gloves?	*Satisfactory*
S206. Is sterile isopropyl alcohol applied to gloves throughout the day and when non-sterile surfaces are touched?	*Satisfactory*

Cleaning/Disinfection Procedures

S182. Does the pharmacy have written procedures on the cleaning and disinfecting of the direct and contiguous compounding areas (e.g., beginning of shift, every 30 minutes, before each batch, spills)?	*Satisfactory*
S230. Is cleaning performed by trained personnel using approved agents (described in written SOPs)?	*Satisfactory*
S228. Are supplies & equipment that are removed from shipping cartons wiped with a disinfecting agent (e.g., sterile IPA)?	*Satisfactory*
S226. Are work surfaces and floors in the ante-area and buffer area cleaned and disinfected daily with dedicated supplies?	*Satisfactory*
S227. Are walls, ceilings and shelving in the ante-area and buffer area cleaned and disinfected at least monthly?	*Satisfactory*
S229. Does the pharmacy maintain documentation of cleaning procedures (i.e., date/time of cleaning, type of cleaning, name of individual who performed the cleaning)?	*Satisfactory*

Environmental Sampling

S270. Is surface sampling conducted in all ISO classified areas on a periodic basis?	*Satisfactory*
S272. Is viable air sampling performed?	*Satisfactory*
S273. Is viable air sampling documented by properly trained individuals for all risk levels every 6 months?	*Satisfactory*

S271. Are environmental sampling results evaluated and addressed (i.e., action levels followed)? *Satisfactory*

Records of CSPs

S252. Does the pharmacy maintain records relating to CSPs for a minimum of 2 years? *Satisfactory*

S253. Do compounding records include the date and time of preparation of a CSP? *Satisfactory*

S254. Do compounding records include the complete formula of a CSP? *Satisfactory*

S257. Do compounding records include the quantities of materials used in a CSP? *Satisfactory*

S255. Do compounding records include the signature or initials of who prepared a CSP? *Satisfactory*

S256. Do compounding records include the signature or initials of who conducted the final check of a CSP? *Satisfactory*

S258. Do compounding records include the container used and the number of units prepared for a CSP? *Satisfactory*

S259. Do compounding records include the criteria used to determine the beyond-use date of a CSP? *Satisfactory*

Comment

Advise to include , see rule S220

S260. Do compounding records include the documentation of performance of quality control procedures? *Satisfactory*

S261. Are master worksheets and preparation worksheets for batch compounding complete? *Satisfactory*

S262. Are master worksheets developed and approved by a pharmacist? *Satisfactory*

General Operational Requirements

S166. Is a pharmacist available at all times (24/7)? *Satisfactory*

S187. Are written SOPs developed and implemented for all significant procedures in the compounding area to include at a minimum: the facility, equipment, personnel, preparation evaluation, quality assurance, preparation recall, packaging, and storage of CSPs? *Satisfactory*

S188. Does the pharmacy have all required written policies (e.g., pharmaceutical care services, sampling plan, recalls)? *Satisfactory*

S158. If the pharmacy compounds commercially available products, does the pharmacy document the need by verifying and monitoring a drug shortage list (including if the preparation is quarantined/not available once removed from the shortage list)? Or, *Satisfactory*

S158. Does the pharmacy document the need for compounding commercially available products by individual patient needs determined by the prescribing practitioner (i.e, hypersensitivity to inactive ingredients or alternate dosage form)? ***Unsatisfactory***

291.133(d)(1)(D).

Operational Standards. General Requirements. A pharmacy may not compound preparations that are essentially

S158. Does the pharmacy document the need for compounding commercially available products by individual patient needs determined by the prescribing practitioner (i.e, hypersensitivity to inactive ingredients or alternate dosage form)? *(continued)* ***Unsatisfactory***

copies of commercially available products (e.g., the preparation is dispensed in a strength that is only slightly different from a commercially available product) unless the prescribing practitioner specifically orders the strength or dosage form and specifies why the individual patient needs the particular strength or dosage form of the preparation or why the preparation for office use is needed in the particular strength or dosage form of the preparation. The prescribing practitioner shall provide documentation of a patient specific medical need and the preparation produces a clinically significant therapeutic response (e.g., the physician requests an alternate preparation due to hypersensitivity to excipients or preservative in the FDA-approved product, or the physician requests an effective alternate dosage form) or if the drug product is not commercially available. The unavailability of such drug product must be documented prior to compounding. The methodology for documenting unavailability includes maintaining a copy of the wholesaler's notification showing back-ordered, discontinued, or out-of-stock items. This documentation must be available in hard-copy or electronic format for inspection by the board.

Warning Notice **Due Date for Completed Correction:** *12/12/2025*

Failure to ensure the pharmacy documents the need for compounding commercially available products with individual patient needs determined by the prescribing practitioner. Correct/resolve deficiency by date noted.

S275. If the pharmacy dispenses prescriptions to patients in other states, does the pharmacy have proper licensure in those states? *Satisfactory*

Office Use Compounding & Distribution of CSPs

S163. Does the pharmacy have a written agreement with the prescriber that meets all requirements to distribute compounded sterile preparations to practitioners for office use? *Not Applicable*

S162. If the pharmacy is distributing CSPs to another pharmacy, does the pharmacy meet the requirements for such distribution? *Not Applicable*

Is the pharmacy registered with the FDA as an Outsourcing Facility (503B)? *Not Applicable*

Quality Control & Verification of Compounding Accuracy

S207. Does a pharmacist review all compounding records for accuracy and perform the final check of a CSP? *Satisfactory*

S185. Are periodic in-process checks for CSPs defined in written procedures and conducted as defined? *Satisfactory*

S191. Are all drug components USP/NF grade substances manufactured in an FDA-registered facility? If USP/NF grade substances are not available, are the drug components of chemical grade in CP, AR, ACS, or Food Chemical Codex categories? *Satisfactory*

S191. Is a Certificate of Analysis available for all components of the preparation if materials are not purchased through an FDA-registered facility? *Satisfactory*

S191. Are any CSPs prepared by the pharmacy listed on the federal FDA list of drug products that are withdrawn or removed from the market for safety reasons? *Satisfactory*

Veterinary Compounding

Are APIs or other components labeled for veterinary use segregated or marked to prevent use for human compounding?	*Not Applicable*
Does the pharmacy meet the same standards for animal compounding as human compounding?	*Not Applicable*
Is the pharmacist knowledgeable or does the pharmacy have up-to-date references regarding species limits that can result in toxicity when compounding with particular drugs/excipients?	*Not Applicable*
Does the pharmacy document if the animal is a pet or used for food?	*Not Applicable*
Is the pharmacist familiar with, or does the pharmacy have the most up-to date references regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals?	*Not Applicable*
Does the pharmacy have a list of drugs and components that have been designated by state or federal authorities as prohibited ingredients in CSPs for food-producing animals?	*Not Applicable*
Is the pharmacist familiar with, or does the pharmacy have the most up-to-date reference regarding regulations for drug use in performance animals?	*Not Applicable*

Label

S209. Is the CSP properly labeled to include the generic name(s), and	*Satisfactory*
S210. For outpatient prescriptions, does the label include a statement that the CSP has been compounded by the pharmacy?	*Satisfactory*
S211. Does the label include a beyond-use date?	*Satisfactory*
S213. If the CSP is compounded as a batch, does the label contain a unique lot number assigned to the batch, and	*Satisfactory*
S214. Quantity, and	*Satisfactory*
S21S. Appropriate ancillary instructions, such as storage or cautionary statements, and	*Satisfactory*
S216. Any device-specific instructions, if appropriate?	*Satisfactory*
S220. Are CSPs assigned a beyond-use date based on the specified labeling for the drug, appropriate literature sources, or direct testing?	***Unsatisfactory***

291.133(d)(6)(H).

Operational Standards. Environment. Compounding facilities shall be physically designed and environmentally controlled to minimize airborne contamination from contacting critical sites. Storage requirements and beyond-use dating.

(i) Storage requirements. All drugs shall be stored at the proper temperature and conditions, as defined in the USP/NF and in §291.15 of this title (relating to Storage of Drugs).

(ii) Beyond-use dating.

(I) Beyond-use dates for compounded sterile preparations shall be assigned based on professional experience, which shall include careful interpretation of appropriate information sources for the same or similar formulations.

(II) Beyond-use dates for compounded sterile preparations that are prepared strictly in accordance with manufacturers' product labeling must be those specified in that labeling, or from appropriate literature sources or direct testing.

S220. Are CSPs assigned a beyond-use date based on the specified labeling for the drug, appropriate literature sources, or direct testing? *(continued)* ***Unsatisfactory***

(III) When assigning a beyond-use date, compounding personnel shall consult and apply drug-specific and general stability documentation and literature where available, and they should consider the nature of the drug and its degradation mechanism, the container in which it is packaged, the expected storage conditions, and the intended duration of therapy.

(IV) The sterility and storage and stability beyond-use date for attached and activated container pairs of drug products for intravascular administration shall be applied as indicated by the manufacturer.

Warning Notice — Due Date for Completed Correction: *12/12/2025*

Failure to ensure compounded sterile preparations are assigned a beyond-used date in accordance with specified manufacturers' product labeling, appropriate literature sources, or direct testing. Drug-specific and general stability documentation and literature should also be considered. The nature of the drug and its degradation mechanism, the container in which the CSP is packaged, the expected storage conditions, and the intended duration of therapy should be taken into consideration when assigning a beyond-use date. Correct/resolve deficiency by date noted.

Training & Competency Testing

S129. Has each pharmacist completed the required education and training prior to engaging in sterile compounding? ***Unsatisfactory***

291.133(c)(2)(B)(i)(II).

Personnel. Pharmacists. Initial training and continuing education. All pharmacists who compound sterile preparations or supervise pharmacy technicians and pharmacy technician trainees compounding sterile preparations shall comply with the following:

Complete a structured on-the-job didactic and experiential training program at this pharmacy which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures. Such training may not be transferred to another pharmacy unless the pharmacies are under common ownership and control and use a common training program.

Warning Notice — Due Date for Completed Correction: *12/12/2025*

Failure to ensure pharmacist involved with sterile compounding has completed a structured on-the-job didactic and experiential training program at this pharmacy which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures. Such training may not be transferred to another pharmacy unless the pharmacies are under common ownership and control and use a common training program. Correct/resolve deficiency by date noted.

S130. Has each pharmacy technician completed the required education and training prior to engaging in sterile compounding? ***Unsatisfactory***

291.133(c)(3)(B)(ii)(II).

Personnel. Pharmacy technicians and pharmacy technician trainees. Initial training and continuing education. All pharmacy technicians and pharmacy technician trainees who compound sterile preparations for administration to patients shall:

(-a-) complete a structured on-the-job didactic and experiential training program at this pharmacy which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures. Such training may not be transferred to another pharmacy unless the pharmacies are under common ownership and control and use a common training program; and

(-b-) possess knowledge about:

S130. Has each pharmacy technician completed the required education and training prior to engaging in sterile compounding? *(continued)* **Unsatisfactory**

(-1-) aseptic processing;
(-2-) quality control and quality assurance as related to environmental, component, and finished preparation release checks and tests;
(-3-) chemical, pharmaceutical, and clinical properties of drugs;
(-4-) container, equipment, and closure system selection; and
(-5-) sterilization techniques.

Warning Notice Due Date for Completed Correction: *12/12/2025*

Failure to ensure pharmacy technicians and pharmacy technician trainees involved with sterile compounding be supervised by an individual who is actively engaged in performing sterile compounding, qualified and has completed training when performing the experiential portion of a training program. Correct/resolve deficiency by date noted.

S142. Does the pharmacy maintain documentation to demonstrate that all compounding personnel have successfully passed initial competency evaluation/testing (e.g., media-fill testing, gloved fingertip/thumb testing)? Does the pharmacy have an on-the-job training program? *Satisfactory*

S144. Does the pharmacy maintain documentation of on-going training and testing for all compounding personnel (e.g., observation of aseptic technique, media-fill testing, gloved fingertip/thumb testing, continuing education)? *Satisfactory*

Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and
- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

SALIHIMA, TRI ASLAMSYAH

Warning Notice of Violation(s) Requiring Correction

Facility Information

Name: *TOWER MEDIC PHARMACY* **License Number:** *3074*

Class of License: *AS*

Signatures

Notice is hereby given that you are not in compliance with the following laws and rules governing the practice of pharmacy. Unless the conditions noted below are corrected, disciplinary action may be instituted against the pharmacy license and the license of the pharmacist-in-charge.

I hereby acknowledge that the laws and/or rules cited in the Warning Notice below have been explained to me by the Board of Pharmacy Officer/Inspector.

SALIHIMA, TRI ASLAMSYAH

11/12/2025
Date

Warning Notice

1. **Rule/Law/Code:** 291.34(b)(2)(B)(ii).

   Explanation of Violation and Correction Needed:
   Failure to comply regarding dispensing prescriptions from out-of-state APNs and PAs. Cease this practice and correct/resolve deficiency by date noted.
   Due Date for Completed Correction: *12/12/2025*

2. **Rule/Law/Code:** 291.10.

   Explanation of Violation and Correction Needed:
   Failure to register the new balance the IV room .
   Balance QT124iMU-s serial number 0046004820
   Due Date for Completed Correction: *12/12/2025*

3. **Rule/Law/Code:** 291.131(e).

   Explanation of Violation and Correction Needed:
   Failure to maintain complete non-sterile compounding records, including date of compounding, compounding directions, name of responsible pharmacist verifying the batch compounding, criteria to determine beyond-use date. Correct/resolve deficiency by date noted.
   Due Date for Completed Correction: *12/12/2025*

Warning Notice *(continued)*

4. **Rule/Law/Code:** 291.133(d)(14)(A)(iii)(III).

Explanation of Violation and Correction Needed:
Failure to record bubble point testing. Comply going forward.
Due Date for Completed Correction: *12/12/2025*

5. **Rule/Law/Code:** 291.133(d)(1)(D).

Explanation of Violation and Correction Needed:
Failure to ensure the pharmacy documents the need for compounding commercially available products with individual patient needs determined by the prescribing practitioner. Correct/resolve deficiency by date noted.
Due Date for Completed Correction: *12/12/2025*

6. **Rule/Law/Code:** 291.133(d)(6)(H).

Explanation of Violation and Correction Needed:
Failure to ensure compounded sterile preparations are ossigned a beyond-used date in accordance with specified manufacturers' product labeling, appropriate literature sources, ar direct testing. Drug-specific and general stability documentation and literature should also be considered. The nature of the drug and its degradation mechanism, the container in which the CSP is packaged, the expected storage conditions, and the intended duration of therapy should be taken into consideration when assigning a beyond-use date. Correct/resolve deficiency by date noted.
Due Date for Completed Correction: *12/12/2025*

7. **Rule/Law/Code:** 291.133(c)(2)(B)(i)(II).

Explanation of Violation and Correction Needed:
Failure to ensure pharmacist involved with sterile compounding has completed a structured on-the-job didactic and experiential training program at this pharmacy which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures. Such training may not be transferred to another pharmacy unless the pharmacies are under common ownership and control and use a common training program. Correct/resolve deficiency by date noted.
Due Date for Completed Correction: *12/12/2025*

8. **Rule/Law/Code:** 291.133(c)(3)(B)(ii)(II).

Explanation of Violation and Correction Needed:
Failure to ensure pharmacy technicians and pharmacy technician trainees involved with sterile compounding be supervised by an individual who is actively engaged in performing sterile compounding, qualified and has completed training when performing the experiential portion of a training program. Correct/resolve deficiency by date noted.
Due Date for Completed Correction: *12/12/2025*

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✔	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 6 . Provide all the following *where applicable*:

Letter of Explanation for Affirmative Response to Disciplinary Action Question

In 2016, Pharmacist-in-Charge, Kelly Swiggett (also known as Steele), received a reprimand from the Delaware Board of Pharmacy.

During the licensure renewal period of October 1, 2012, to September 30, 2014, Ms. Swiggett (aka Steele) failed to complete the required continuing education in a timely manner, as mandated by the Delaware Board of Pharmacy statutes and regulations. She also inaccurately attested to compliance with the Board's continuing education requirements on her renewal application.

As a result, the Board issued a reprimand. Ms. Swiggett was permitted to complete makeup continuing education credits to satisfy the audit requirements for that period and was placed on notice for audit during the subsequent 2014-2016 biennial renewal cycle. Ms. Swiggett fully complied with the terms of the reprimand and associated guidelines.

A copy of the Final Order is enclosed.

Sincerely,

Kelly Swiggett

IN THE MATTER OF:	)
	)
Kelly Steele	)
n/k/a Kelly Santiago	)
	)
(License No. A1-0003646)	)

FINAL ORDER

Pursuant to 29 *Del. C.* § 8735(v)(1)d, on October 16, 2015, a properly noticed hearing was conducted before a Hearing Officer to consider the above referenced rule to show cause matter against Kelly Steele, a Delaware licensed pharmacist. Ms. Steele was required to show cause why the Delaware Board of Pharmacy ("Board") should not discipline her license due to her failure to provide evidence of compliance with the Board's continuing education ("CE") requirements during the course of its post-renewal compliance audit for the renewal period October 1, 2012 – September 30, 2014. Pharmacy Board Rule 1.4.1 requires that pharmacists complete 30 hours of CE during each licensure renewal period. The Hearing Officer found that Ms. Steele submitted documentation showing completion of just 14.75 CEs during the renewal period. Ms. Steele was, therefore, deficient 15.25 CEs at the time of renewal. The Hearing Officer recommended that the Board issue a Letter of Reprimand to Ms. Steele.

Ms. Steele was given 20 days from October 30, 2015, the date of the Hearing Officer's recommendation, to submit written exceptions, comments and arguments concerning the conclusions of law and recommended penalty. No written exceptions, comments or arguments were submitted by Ms. Steele.

The Board is bound by the findings of fact made by the Hearing Officer. 29 *Del. C.* § 8735(v)(1)d. However, the Board may affirm or modify the Hearing Officer's conclusions of law and recommended penalty. The Board deliberated on the Hearing Officer's conclusions of

law and recommended penalty on January 20, 2016.

As stated by the Hearing Officer, the Board's primary objective is to protect the general public, while the secondary objective is to ensure minimum standards of professional competency in the practice of pharmacy. The Board's CE requirements advance this secondary objective. A licensee's failure to complete the required CE increases the likelihood that he or she may engage in unsafe practices and thereby endanger the public health, safety and welfare.

In this case, Ms. Steele explained her deficiency by offering that in Florida, where she practices, the reporting period is in opposite years as Delaware's. This circumstance did not relieve Ms. Steele of her obligation to comply with the Board's CE requirements. Further, Ms. Steele falsely attested to compliance when she renewed her license. Based on these factual findings, the Board affirms the Hearing Officer's conclusions of law and recommended discipline.

NOW THEREFORE, by the unanimous vote of the participating members of the Board of Pharmacy[1], the Board enters the following Final Order:

1. Kelly Steele shall be issued a Letter of Reprimand;
2. The 16 CEs earned by Ms. Steele from January 3 and March 13, 2015 shall be used as "make-up" CE for the 2012 – 2014 renewal period only and may not be applied to any other renewal period;
3. Ms. Steele shall be flagged for audit for the 2014 – 2016 renewal period; and
4. A copy of this Order shall be served personally or by certified mail, return receipt requested, upon Ms. Steele. This is a public disciplinary action reportable to national

[1] The participating Board members were Susan Esposito, Hooshang Shanehsaz, Kimberly Robbins, Tejal Patel, Bonnie Wallner, Kenneth Sellers, Julia Wheatley, and Jay Galloway.

practitioner data banks. A copy of the Hearing Officer's Recommendation shall be attached hereto and incorporated herein as modified by this Final Order.

IT IS SO ORDERED this 9th day of **March, 2016.**

BOARD OF PHARMACY

Susan Esposito
President
Pursuant to 29 *Del. C.* § 10128(g)

APPEAL RIGHTS

29 *Del. C.* § 10142 provides:

> (a) Any party against whom a case decision has been decided may appeal such decision to the Court.
>
> (b) The appeal shall be filed within 30 days of the day the notice of the decision was mailed.
>
> (c) The appeal shall be on the record without a trial de novo. If the Court determines that the record is insufficient for its review, it shall remand the case to the agency for further proceedings on the record.
>
> (d) The court, when factual determinations are at issue, shall take due account of the experience and specialized competence of the agency and of the purposes of the basic law under which the agency has acted. The Court's review, in the absence of actual fraud, shall be limited to a determination of whether the agency's decision was supported by substantial evidence on the record before the agency.

RE: Letter of Reprimand

Dear Ms. Steele:

Pursuant to the enclosed Final Order, the Delaware Board of Pharmacy ("Board") issues this Letter of Reprimand. You are a Delaware licensed pharmacist. During the licensure renewal period October 1, 2012 – September 30, 2014, you failed to timely complete the continuing education required by 24 *Del. C.* § 2512(b) and Board Rule 1.4. Further, you falsely attested to compliance with the Board's requirements. You are, therefore, subject to discipline.

Please be advised that a copy of this Letter of Reprimand will be retained in your permanent file.

If you have any questions, please contact the Board office at (302) 744-4500.

Sincerely,

Susan L Esposito

RE: In the Matter of Kelly A. Steele
Board of Pharmacy - RTSC

Dear Ms. Steele:

Enclosed please find the recommendation that has been submitted to the Board of Pharmacy with regard to the above referenced case. If you have any exceptions, comments or arguments regarding the enclosed recommendation, you must file them in writing to the attention of the Board of Pharmacy at the above address within twenty (20) days of the date of this letter pursuant to 29 *Del. C.* §8735(v)(1)d.

Please note this is a recommendation to the Board of Pharmacy. Other than any exceptions, comments or arguments you wish to submit, no action is required on your part at this time. The Board will review the recommendation and make the final decision at its meeting which begins at **9:30 a.m. on January 20, 2016.** You have the right to appear personally when the Board considers this recommendation and any exceptions, comments or arguments submitted by the parties. You also have the right to be represented by an attorney at this Board meeting. The Board will reach its decision based on its consideration of the recommendation and any submissions from the parties.

All Board of Pharmacy meetings are held at 861 Silver Lake Blvd., Cannon Building, Dover, DE 19904 unless indicated otherwise. Notices of meetings are posted on the Division of Professional Regulation website at least 7 calendar days prior to the meeting date. Please confirm the date, time, and meeting agenda using the Division of Professional Regulation's online calendar at http://dpr.delaware.gov/.

If you have any questions please contact the Board Liaison for the Board of Pharmacy through customer service at (302) 744-4500.

Thank you.

Sincerely,
Kristin S. Gibbons

License No. A1-0003646	)	

RECOMMENDATION OF HEARING OFFICER

Nature of the Proceedings

An evidentiary hearing was held on October 16, 2015 at 1:00 p.m. before the undersigned hearing officer of the Division of Professional Regulation ("Division") in Conference Room C, 861 Silver Lake Boulevard, Dover, Delaware. The purpose of the hearing was to provide an opportunity for Kelly Steele[1] ("Ms. Steele") to show cause why the Delaware Board of Pharmacy (the "Board") should not suspend, revoke or impose other disciplinary sanctions against her license for failure to comply with the Board's post-renewal compliance audit.

During the license renewal process, Ms. Steele attested to having completed the required number of continuing education credits ("CE's") in order to obtain renewal of her license. Upon a random audit by the Board and a subsequent audit notice sent, Ms. Steele failed to fully comply with the CE requirements. Ms. Steele received due notice in accordance with 29 *Del. C.* §10131(c) and 29 *Del. C.* §10122. The hearing was held before a hearing officer in accordance with 29 *Del. C.* §8735(v) and audio recorded.

Summary of Evidence

Ms. Steele confirmed that she received the hearing notice, which was admitted as Administrative Hearing Unit Exhibit 1 ("AHU X1"). Ms. Steele understood her right to counsel and proceeded without an attorney.

[1] Ms. Steele has since married and her last name is "Santiago".

Christine Mast testified first. Ms. Mast serves as the liaison to the Board. Her duties include processing applications for licensing, communicating with the Board and the public, as well as assisting with audits. The Board conducted an audit, and Ms. Steele was randomly selected and sent notice on December 4, 2014. The audit period was October 1, 2012 to September 30, 2014 and she was to provide proof of 30 CE's earned during the period. She was requested to return a copy of the audit notice with her documentation by January 12, 2015. The audit notice was admitted as Board Exhibit 1 ("BX 1").

On January 11, 2015, Ms. Steele emailed and stated she realized that she did not have enough CE's when she printed her CE transcript and asked about her options, as she practices in Florida. A copy of the email "ticket" and her CPE Monitor Activity Transcript was admitted as Licensee Exhibit 1 ("LX 1"). On January 13, 2015, Ms. Mast emailed Ms. Steele to request her certificates of attendance for the courses on her transcript. The email was admitted as BX 2. A few days later on January 15th she sent in copies of her corresponding certificates of completion. The submission was admitted as LX 2 and reviewed by the Board's Executive Director, David Dryden. It was determined that she had earned 14.75 hours during the audit period. A copy of the Board's audit checklist outlining that was admitted as BX 3.

Ms. Steele testified that Florida's reporting period is in opposite years as Delaware's. When she went to respond she realized she was out of range by two months. She should have checked and not just assumed she was within the correct period. She has probably completed about 45 CE's since the audit period ended but did not bring copies of those certificates. The hearing officer allowed the hearing record be left open for three days to allow the submission of the additional CE certificates, which Ms. Steele sent. The submission showed that 50 CE's were

earned by her between January 3 and September 16, 2015, and the transcript and certificates were admitted as LX 3. Ms. Steele appeared honest about her oversight.

Findings of Fact

Notice of the hearing was properly posted by Division personnel to Ms. Steele, who acknowledged its receipt. The Board conducted a random post-renewal audit of a percentage of its licensees for the period of October 1, 2012 to September 30, 2014. Ms. Steele was selected and sent notice on December 4, 2014. Her documentation with certificates showed that she had earned 14.75 CE's during the audit period. LX 1. This left her a deficiency of 15.25 CE's. I find that Ms. Steele failed to complete all 30 required CE's within the audit period. She was deficient at the time of renewal and thus falsely attested. Ms. Steele was confused between her renewal dates in Florida where she actively practices admitted her mistake. She supplied an additional 50 CE's earned in 2015 alone. I found her humble and honest and believe that this was a one-time mistake on her part.

Conclusions of Law

Notice sent to Ms. Steele of the date, time and place of this show cause hearing was properly posted by Division personnel and otherwise conforms with the applicable provisions of the Delaware Administrative Procedures Act at 29 *Del.C.* §10131(c) and 29 *Del. C.* §10122 and with the applicable statutes governing the Board of Pharmacy at 24 *Del. C.* §2517(a). Ms. Steele represented herself in the hearing.

The objectives of the Board of Pharmacy are found at 24 *Del. C.* §2501. The primary objective of the Board is to promote, preserve, and protect the public health, safety, and welfare, while the secondary objective is to maintain minimum standards of professional competency in the practice of pharmacy. In accordance with its statutory authority pursuant to 24 *Del. C.*

§2506(6) the Board is charged with establishing regulations regarding continuing education standards for renewal of licenses to ensure that the secondary objective of professional competency is maintained. The Board's corresponding regulations are found at Board of Pharmacy Reg. 1.4.1 and require 3.0 CEU's, which is 30 hours per biennial license period. Such a Board regulation is a valid exercise of State authority rationally related to the goal of ensuring minimum standards of competency for pharmacists in Delaware. Failure of a licensee to complete the required number of continuing education credits increases the likelihood that he or she may engage in unsafe practices, thereby endangering the public health, safety and welfare.

A pharmacist is required to renew his or her license biennially per 24 *Del. C.* §2512(b) and Board of Pharmacy Reg. 1.4. In accordance with Board of Pharmacy Reg. 1.6, a pool of 10% of licensed pharmacists are randomly audited every biennial term and must show proof that they have met the continuing education requirements as established by the Board in its Regulations at 1.4.1 and a failure to do so may be grounds for discipline pursuant to 24 *Del. C.* §2515(a)(6). Ms. Steele had a 15.25 CE deficiency for biennial period of October 1, 2012 through September 30, 2014. In mitigation, she was honest and diligently completed 50 CE's since the audit period ended. However, she was deficient and is subject to discipline in accordance with 24 *Del. C.* §2515(a)(6) and Board Reg. 1.6.

Due process was afforded in these proceedings.

Recommended Discipline

Based on the relevant evidence in this case and the findings of fact and conclusions of law set forth above, the following discipline is recommended for Kelly Steele:

1. That the Board issue a Letter of Reprimand to Ms. Steele;
2. That the 16 CE's Ms. Steele earned between January 3 and March 13, 2015 be applied as "make up" CE's for the 2012-2014 audit period;
3. That the "make up" CE's in Paragraph 2 should not be applied to the current or any other biennium;
4. That Ms. Steele be flagged for audit in the 2014-2016 biennial renewal period. At that time additional penalties may be imposed if the Board finds, after a hearing, that Ms. Steele has failed to comply with her continuing education requirements.

Kristin S. Gibbons

Dated: Oct. 30, 2015

Kristin S. Gibbons
Hearing Officer

Any party to this proceeding shall have twenty (20) days from the date on which this recommendation was signed by the hearing officer in which to submit in writing to the Board of Pharmacy any exceptions, comments, or arguments concerning the conclusions of law and recommended penalty stated herein. 29 *Del.C.* §8735(v)(1)d.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ■ Category 3

If you marked "**Category 3**", you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? February 2026

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? N/A

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked "**Yes**", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Gonadorelin, Methylcobalamin, Semaglutide, Tirzepatide, Testosterone, Nandrolone

12. What laboratory performs your sterility or endotoxin testing?

Name: Pharmetric Labs

Address: 7265 Ulmerton Rd

City: Largo State: FL Zip: 33771

Telephone: 727-209-5778

13. What is your procedure for visual inspection of compounded sterile products?

For Vials
1. Visually inspect each vial against a black and white background at the visual inspection station.
2. Check vials for the absence of fibers, particles (colored or clear), glass particles, sealing defects, air pocket, hairline cracks, low volume & high volume.
3. Keep visually inspected "PASS" and "FAIL" vials separate.
4. Inspector shall initial on the QA Checklist for Sterile Preparations upon completion of the particle inspection.

14. How often do you perform glove fingertip and medial fill testing?

Initial qualification and every 3 months for sterile compounding personnel, every 12 months for the Designated Person

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

All sterile personnel undergo an ASHP didactic program which includes aseptic principles, calculations, environmental controls, etc. All personnel then undergo gowning, gloving, weighing, compounding, aseptic compounding including exams and observational assessments. Once complete, all personnel complete glove tip testing, a media fill and surface sampling.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Cleanroom and pharmacy shall only be cleaned with lint-free wipes soaked with SIPA 70% and allowed to dry or sterile Peridox RTU (dwell time 3 min) followed by SIPA 70% and allowed to dry. All HD services shall be cleaned and disinfected using sterile PeridoxRTU (dwell time 3min) followed by SIPA 70% and allowed to dry.
The following are performed daily: Clean and disinfect all work surfaces in LAFW/BSC, beginning at the top and moving downward, then from the back to the front.Clean and disinfect all tables and items stored on the tables. Clean and disinfect all PCH and items stored in the PCH.Clean and disinfect all flooring, working from the corner furthest from the door towards the door. All flooring is cleaned using a mixture of sterile water for irrigation or distilled water (700mL) and Lysol IC (2.77mL).
The following are performed weekly as sporicidal and disinfecting duties: Clean and disinfect all ceiling tiles and inspect silicone caulking. Clean and disinfect all walls, doors and door frames beginning at the top and moving downward. Clean and disinfect all bins and items stored in the bins. Clean and disinfect all shelving and exterior PEC surfaces.Clean and disinfect all counters, tables, horizontal surfaces and computers. Clean and disinfect all carts and items stored on the carts. Clean and disinfect all flooring, working from the corner furthest from the door towards the door.

17. Who performs the sterile compounding process at your facility?

Sterile trained and qualified personnel only

18. Who is responsible and accountable for the sterile compounding process at your facility?

Designated Person (Michael Clurman, PharmD)

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

Validated insulated mylar envelopes with ice packs are used for all refrigerated compounds
All refrigerated items ship Next Day Air with no exceptions

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? BSC Class II, Type A2		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	■ No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Any hazardous drug substances that may expose the patient to Hazardous Drugs are provided and instruction sheet on use and precautions related to the hazardous substance. A toll-free number is provided if the patient has questions or would like additional information, including MSDS sheets.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

All sterile personnel undergo an ASHP didactic program which includes aseptic principles, calculations, environmental controls, etc. All personnel then undergo gowning, gloving, weighing, compounding, aseptic compounding including exams and observational assessments. Once complete, all personnel complete glove tip testing, a media fill and surface sampling.

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Gonadorelin, Methylcobalamin, Semaglutide, Tirzepatide, Testosterone, Nandrolone

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Initial qualification and every 3 months for sterile compounding personnel, every 12 months for the Designated Person

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?

Monthly

5. What is the frequency for completing surface sampling? Weekly if no compounding operations, after each compound when compounding		
6. What is the frequency for using sporicidal agents? Sporicidal agents are used daily (before compounding and upon completion of compounding)		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	■ Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

INV797 - USP Sterile Compounding
(Revision 1, USP 797 2022. August 2024)

A. INTRODUCTION & SCOPE – ALL CATEGORIES

DESIGNATED PERSON: A designated person(s) is identified who is responsible and accountable for the performance and operation of the facility and personnel involved in the preparation of CSPs. [USP 797 Section 1.1.3] ****DP: Michael Clurman*	Yes
IMMEDIATE USE COMPOUNDING: When preparing immediate use preparations, written SOPs are in place for all requirements and all criteria are met including 1. aseptic technique, processes, and procedures; and, 2. personnel are trained and demonstrate competency in aseptic processes as they relate to assigned tasks and SOP's, 3. the preparation is performed in accordance with evidence-based information for physical and chemical compatibility of the drugs, 4. the preparation involves not more than 3 different sterile products, 5. Any unused starting component from a single-dose container is discarded, 6. Administration begins within 4 hours following the start of preparation and, 7. Unless directly administered by the preparer or administration is witnessed by the preparer, the CSP is labeled with the names and amounts of all active ingredients, the name or initials of the preparer and the 4 hour period within which administration must begin. [USP 797 Section 1.3]	N/A
BAG & VIAL SYSTEM: Docking of vial and bag systems for future activation and administration is performed in an ISO 5 environment and BUDs are not longer than those specified in the manufacturer's labeling. [USP 797 Section 1.4]	N/A
REPACKAGING: Repackaging of sterile products or preparations from its original container into another container are prepared according to all applicable USP 797 requirements. [USP 797 Section 1.1.2]	N/A

B. COMPONENT BUDs (Single and Multi-dose Containers) – ALL CATEGORIES

SINGLE DOSE CONTAINERS (SDCs): SDCs are entered or punctured only in an ISO Class 5 or cleaner air and are used up to 12 hours after initial entry or puncture if the labeled storage requirements during that 12-hour period are maintained. [USP 797 Section 15.1]	N/A
AMPULES: Opened SINGLE DOSE AMPULES are used immediately and not stored for any time period. [USP 797 Section 15.1]	N/A
MULTIDOSE CONTAINERS (MDCs): Upon initially entering or puncturing a conventionally manufactured MDC, the MDC is not used for more than 28 days unless otherwise specified by the manufacturer on the labeling. [USP 797 Section 15.2]	N/A
PHARMACY BULK PACKAGES: Conventionally manufactured pharmacy bulk packages are entered or punctured only in an ISO Class 5 PEC and must be used according to the manufacturer's labeling. [USP 797 Section 15.3]	Yes
SINGLE DOSE COMPONENT CSPs & STOCK SOLUTIONS: When single-dose CSPs or CSP stock solutions are used as a component to compound additional CSPs, the original compounded single-dose component CSP or CSP stock solution is entered or punctured in ISO Class 5 or cleaner air and is stored under the conditions upon which its BUD is based (e.g., refrigerator or controlled room temperature). Once punctured, the component CSP is used for sterile compounding for up to 12 hours or its assigned BUD, whichever is shorter, and any remainder is discarded. [USP 797 Section 16.2]	N/A

C. CSP LABELING – ALL CATEGORIES

CSP LABEL REQUIREMENTS: CSP immediate container label prominently and legibly displays 1) assigned internal identification number; 2) active ingredient(s) and their amount(s), or concentration(s); 3) storage conditions if other than controlled room temperature; 4) BUD; 5) dosage form; 6) total amount or volume; 7) statement if CSP is a single dose container (when space permits) or multi-dose container. Labeling of CSP displays 1) route of administration, 2) special handling instructions, 3) warning statements, and the compounding facility name and contact information if the CSP is sent outside of the facility in which it was compounded. [USP 797 Section 13]	Yes
ADDITIONAL REQUIREMENTS FOR A CLASS II OR III FACILITY: 1) identification of responsible compounding personnel and/or dispensing pharmacist;2) labels for batch-prepared CSPs must also include: Control or lot number, auxiliary labeling (including precautions); and device-specific instructions. Patient specific medications must also include patient's name, location the medication is to be delivered to and directions for use. [USP 797 Section 13] [F.A.C.64B16-28.108(10)]	Yes
LABELING SOP: SOPs describe labeling procedures and are followed to prevent labeling errors and CSP mix-ups. [USP 797 Section 13]	Yes
LABEL VERIFICATION: CSP labels are verified to ensure that they conform with the prescription or medication order, MFR (if required), and the CR. [USP 797 Section 13]	Yes

D. PERSONNEL PREPARATION & OBSERVATION – ALL CATEGORIES

UNNECESSARY ITEMS: Personnel remove outer garments (e.g., bandanas, coats, hats, jackets, sweaters, vests); cosmetics, and all hand, wrist, and other exposed jewelry, including piercings that may interfere with effectiveness of garbing. Items not necessary for compounding (e.g., food, drinks, mints, gum, earbuds, headphones) are not introduced into the compounding environment. Accommodations are documented. [USP 797 Section 3.1]	Yes
NAILS: Nails are clean and trimmed. Nail products (e.g., polish, artificial nails, and extenders) are not worn. Personnel clean under nails under warm running water with a disposable nail cleaner. Hands and forearms are washed with soap and water for at least 30 seconds prior to entering a compounding area. [USP 797 Section 3.2]	Yes
REQUIRED PPE GARBING ORDER & STORAGE: Personnel garb (don and doff) in en order that reduces risk of contamination per SOP. Required garb, manner of storage, and order or garbing is documented in SOP's. The minimum required PPE when preparing CSPs includes a garment with sleeves that fit around wrists and enclosed neck, shoe covers, head/facial hair cover, face mask, and sterile powder-free gloves. All PPE is low lint for Category 1 & 2 compounding or sterile if Category 3. Gowns and other garb are stored in a manner that minimizes contamination (e.g., away from sinks) and within a classified area or SCA. [USP 797 Section 3.3]	Yes
INAPPROPRIATE HAND HYGIENE PRACTICES: Brushas and hand dryers are not used, and soap containers are not refilled or topped off. [USP 797 Section 3.2]	Yes
ALCOHOL-BASED HAND RUB: Hands are sanitized with alcohol-based hand rub prior to donning gloves. Handrub is used prior to donning garb when hand hygiene is done outside of a classified area. [USP 797 Section 3.3]	Yes
STERILE GLOVES USED: Sterile gloves are donned in classified room or SCA. Skin is not exposed inside ISO 5 PEC (e.g., gloves are not donned or doffed). [USP 797 Section 3.3]	Yes
SANITIZATION OF STERILE GLOVES: Sterile 70% IPA is applied to gloves prior to compounding and regularly throughout the compounding process. [USP 797 Section 3.3]	Yes
SANITIZATION OF ITEMS INTRODUCED INTO PEC: Items are wiped with sterile 70% IPA and sterile low-lint wipers just prior to being introduced into the PEC and allowed to dry before use. [USP 797 Section 8.2]	Yes
CRITICAL SITES (e.g., vial stoppers, ampule necks, and intravenous bag septum's) are wiped with sterile 70% IPA in the PEC to provide both chemical and mechanical actions to remove contaminants. The sterile 70% IPA is allowed to dry before personnel enter or puncture stoppers and septum's or break the necks of ampules. [USP 797 Section 8.3]	Yes

MATERIALS AND EQUIPMENT DISINFECTION: Before any item is introduced into the clean side of enteroom(s), placed into pass-through chamber(s), or brought into the SCA, it is wiped with a sporicidal disinfectant, EPA-registered disinfectant, or sterile 70% IPA using low-lint wipers by personnel wearing gloves. Dwell time is followed. [USP 797 Section 8.1 & 9.1]	Yes

E. EQUIPMENT, SUPPLIES, & COMPONENTS – ALL CATEGORIES

DAILY ACD ACCURACY ASSESSMENT: An accuracy assessment is conducted for Automated Compounding Devices (ACDs) or similar equipment before the first use and again each day the equipment is used to compound CSPs. A daily record of accuracy measurements is maintained. Corrective actions are implemented if accuracy measurements are outside of manufacturer's specifications. [USP 797 Section 9.1] ****Repeater pumps calibrated with each batch, currently not recorded on CR but facility to add for future CSPs*	Yes
EQUIPMENT SOPs: Written SOPs for the calibration, maintenance, cleaning, and use of equipment are established and are based on the manufacturer's recommendations. Procedures are followed and records are maintained. [USP 797 Section 9.1] ****Equipment last calibrated by TMI 8/5/25, next due 8/5/26*	Yes

F. SEGREGATED COMPOUNDING AREA: Category 1

CATEGORY 1 MAXIMUM BUDs & COMPOUNDING AREA REQUIREMENTS: Category 1 CSPs are compounded in an ISO class 5 PEC located within a SCA and are assigned a BUD of 12 hours or less at controlled room temperature or 24 hours or less when refrigerated. [USP 797 Section 1.5, 4.2.1]	
DEDICATED AREA FOR SCA: The SCA is separated from areas not directly related to compounding, and all surfaces (walls, floors, counters, and equipment) are clean, uncluttered, and dedicated to compounding. [USP 797 Section 4.2.1]	
SCA LOCATION: The SCA is located away from unsealed windows, doors that connect to the outdoors, and traffic flow, all of which may adversely affect the air quality in the PEC. SCA is not located where environmental control challenges (e.g., restrooms, warehouses, or food preparation areas) could negatively affect the air quality of the PEC within the SCA. A sink is not located within 1 meter of PEC. [USP 797 Section 4.2.1]	
ITEMS WITHIN SCA: Only furniture, equipment, and other materials necessary for performing compounding activities are located within the SCA. [USP 797 Section 4.2.1]	

G. FACILITIES & SECONDARY ENGINEERING CONTROLS – Categories 2 and 3

STERILE SUITE CONSTRUCTION: The ISO-classified anteroom and buffer room are separated from the surrounding unclassified areas of the facility by fixed walls and doors, and controls are in place. [USP 797 Section 4.2.1]	Yes
HEPA FILTERED AIR: Air supplied to the cleanroom suite is introduced through HEPA filters located in the ceiling of the buffer room and anteroom. [USP 797 Section 4.2.1]	Yes
AIR RETURNS: Air returns in the cleanroom suite are low on the wall unless a visual smoke study demonstretes an absence of stagnant airflow. [USP 797 Section 4.2.1]	Yes
LINE OF DEMARCATION: The anteroom has a line of demarcation to separate the clean side from the dirty side. [USP 797 Section 4.2.1]	Yes
SURFACES & WALLS: The surfaces of ceilings, walls, floors, doors, door frames, fixtures, shelving, work surfaces, counters, and cabinets in the classified area are smooth, impervious, free from cracks and crevices, and non-shedding. Walls are constructed of/or covered with durable material. [USP 797 Section 4.3.1]	Yes
CEILINGS & FLOORS: Inlaid panels of ceilings are caulked around each panel to seal them to the support frame. Junctures between the ceiling and the walls and between the walls and the floor are sealed to eliminate cracks and crevices where dirt can accumulate. Floors include coving to the sidewall, or the juncture between the floor and the wall are caulked. [USP 797 Section 4.3.1]	Yes
LEDGES & OVERHANGS: Overhangs and ledges are easily cleanable, and the exterior lens surface of ceiling light fixtures are smooth, mounted flush, and sealed. [USP 797 Sections 4.3.1]	Yes
FURNITURE, EQUIPMENT, & MATERIALS: Only furniture, equipment, and other materials necessary for performing compounding activities are permitted in a classified area or SCA. Tacky mats are not placed within ISO-classified areas. Carts used to transport components or equipment into classified areas are constructed from nonporous materials with cleanable casters and wheels. [USP 797 Sections 4.2.1 & 4.5]	Yes
TEMPERATURE & HUMIDITY MONITORING: Temperature and humidity in the cleanroom suite are controlled through a heating, ventilation, and air conditioning (HVAC) system. The temperature and humidity are monitored in each room of the cleanroom suite each day that compounding is performed, either manually or by a continuous recording device. They are documented at least once daily or stored in the continuous recording device and are retrievable and are reviewed as described in the facility's SOP. [USP 797 Section 4.2] ****Monitoring continuously plus recording daily. Facility added temperature and humidity sensor to anteroom during inspection*	Yes
PRESSURE DIFFERENTIATION MONITORING & DOCUMENTATION: Facility maintains a minimum differential positive pressure of 0.020-inch water column between the nonhazardous buffer room to anteroom and anteroom to unclassified area. A pressure differential monitoring device is used to continuously monitor the pressure differentials. Quantitative results from the pressure monitoring device are reviewed and documented at least daily on the days when compounding is occurring. [USP 797 Sections 4.2.5]	Yes
PEC LOCATION: PECs are located in a buffer room in a manner that minimizes conditions that could increase the risk of microbial contamination (strong air currents, personnel traffic, or air streams from HVAC system(s)) and allows for cleaning around the PEC. [USP 797 Sections 4.2.2 & 4.2.3]	Yes
INTEGRATED VERTICAL LAMINAR FLOW ZONES: IVLFZ is separated from ISO Class 7 area with a physical barrier and there is full covarage of HEPA filters above the work surface. [USP 797 Section 4.2.3]	N/A

H. CERTIFICATION AND RECERTIFICATION – ALL CATEGORIES

PEC & SEC CERTIFICATION: PECs are certified initially and every 6 months to meet ISO Class 5 or better conditions, during dynamic operating conditions. SECs are certified initially and every 6 months to meet ISO Class 7 or 8 or better conditions, during dynamic operating conditions (including presterilization activities if applicable). Anterooms providing access to positive-pressure buffer rooms are at least ISO 8 and at least ISO 7 for anterooms providing access to negative-pressure buffer rooms. ISO Class 7 rooms maintain a minimum of 30 total HEPA-filtered ACPH during dynamic operating conditions, at least 15 ACPH come from the HVAC through HEPA filters located in the ceiling. ISO Class 8 rooms maintain a minimum of 20 total HEPA-filtered ACPH during dynamic operating conditions; 15 ACPH must come from the SEC. The ACPH from HVAC, ACPH contributed from the PEC, and the total ACPH are documented on the certification report. HEPA filter integrity testing for both SECs & PECs is conducted initially and every 6 months as part of total particle testing. Classified areas are recertified when changes occur that could affect airflow or air quality [USP 797 Sections 4.1, 4.2.4, 4.2.6, & 5.0] ****Last certification performed by MTA on 8/27/25. Next scheduled for 2/25/26*	Yes
DOCUMENTATION OF PERSONNEL PRESENT DURING CERTIFICATION: The number of personnel present in each PEC and SEC during total particle counts and dynamic airflow smoke-pattern tests is documented on the certification report. [USP 797 Section 5.0]	Yes
PEC DYNAMIC SMOKE PATTERN TEST: Smoke pattern tests are performed under dynamic conditions initially to demonstrate minimal disruption in airflow and repeated if equipment is placed in a different location. Smoke pattern tests are performed under dynamic conditions every 6 months to demonstrate unidirectional airflow and sweeping action over and away from the preparation(s). [USP 797 Section 5.0]	Yes

ROBOTICS / ROBOTIC ENCLOSURES: Robotic enclosures used as a PEC or placed within a PEC have a dynamic airflow smoke pattern test is performed initially and at least every 6 months that confirms 1) the robotic device is properly integrated into the facility, 2) there is no turbulence or refluxing at any critical site(s), 3) room air does not enter the PEC where sterile products and/or preparations may be exposed, and 4) all processes can be performed without introducing contamination to the DCA(s). [USP 797 Section 4.2.3]	N/A
MONITORING DEVICE CERTIFICATION: Temperature and humidity monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. [USP 797 Section 4.2]	Yes
CONTAINMENT DEVICES USED FOR PRESTERILIZATION PROCEDURES: CVEs, BSCs, or CACIs used for presterilization procedures are certified at least once every 6 months. Presterilization procedures do not adversely affect the required air quality of the SEC as demonstrated during certification under dynamic operating conditions. [USP 797 Section 4.2.6]	Yes
CERTIFICATION REPORT REVIEW BY DESIGNATED PERSON: All certification and recertification records are reviewed by the designated person(s). A corrective action plan is implemented and documented in response to any out-of-range results on certification report and data reviewed to confirm that the actions taken have been effective. [UPS 797 Section 5.0]	Yes

I. RABS

LOCATION: If used to prepare Category 2 or Category 3 CSP's RABS are located in a cleanroom suite with an ISO Class 7 or better buffer room with an ISO Class 8 or better anteroom. [USP 797 Section 4.2.3]	
RECOVERY TIME: When a RABS is used, the recovery time after opening the transfer chamber to achieve ISO Class 5 air is documented and internal procedures are developed to ensure that adequate recovery time is allowed after opening and closing the RABS. [USP 797 Section 4.2.3]	
STERILE GLOVES: are worn over gloves attached to RABS sleeves. [USP 797 Section 3.3]	

J. CATEGORY 2 CSPs WITHOUT STERILITY TESTING

CATEGORY 2 COMPOUNDING ENVIRONMENT: Category 2 CSPs are compounded in an ISO class 5 PEC located within an ISO classified anteroom and buffer room. [USP 797 Sections 4.1 & 14.3]	
CATEGORY 2 BUDs FROM STERILE COMPONENTS WITHOUT STERILITY TESTING: Category 2 CSPs compounded aseptically from all sterile starting components and in the absence of sterility testing do not exceed the following BUDs: 4 days room temperature, 10 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	
CATEGORY 2 BUDs FROM NONSTERILE COMPONENTS WITHOUT STERILITY TESTING: Category 2 CSPs compounded aseptically from one or more nonsterile starting components and in the absence of sterility testing do not exceed the following BUDs: 1 day room temperature, 4 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	

K. CATEGORY 2 EXTENDED BUD REQUIREMENTS

CATEGORY 2 BUDs FOR ASEPTICALLY PROCESSED CSPs WITH STERILITY TESTING: Category 2 CSPs compounded aseptically, and which have passed sterility testing do not exceed the following BUDs: 30 days room temperature, 45 days refrigerated, or 60 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	
CATEGORY 2 BUDs FOR TERMINALLY STERILIZED CSPs WITHOUT STERILITY TESTING: Category 2 CSPs terminally sterilized and in the absence of sterility testing do not exceed the following BUDs: 14 days room temperature, 28 days refrigerated, or 45 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	
CATEGORY 2 BUDs FOR TERMINALLY STERILIZED CSPs WITH STERILITY TESTING: Category 2 CSPs terminally sterilized, and which have passed sterility testing do not exceed the following BUDs: 45 days room temperature, 60 days refrigerated, or 90 days frozen. A shorter BUD is assigned when the stability of the CSP or its components is less than the maximum BUDs stated above. [USP 797 Section 14.3]	
ANTIMICROBIAL EFFECTIVENESS TESTING FOR MULTI-DOSE CSPs: Aqueous multiple-dose CSPs (e.g., injectables and ophthalmics) pass USP <51> compliant antimicrobial effectiveness testing once for each unique formulation and each container closure system in which it is packaged. Bracketing studies are allowed. [USP 797 Section 14.5 & 16.1]	
CONTAINER CLOSURE TESTING: Container closure integrity testing is performed once for each unique CSP formulation and container closure system in which it is packaged. For multi-dose (i.e., preserved CSPs), container integrity testing is performed per fill volume for each unique CSP formulation and container closure system. [USP 797 Sections 14.3.3 & 14.5]	
MULTI-DOSE, NON-PRESERVED AQUEOUS CSPs: Multi-dose, non-preserved aqueous CSPs (i.a., topical, or ophthalmic solutions) are assigned are prepared as a Category 2 CSP, for use by a single patient, and labeled to indicate that once opened, the CSP must be discard after 24 hours if stored at controlled room temperature or 72 hours when stored under refrigeration. [USP 797 14.5]	
MULTI-DOSE CSPs USED AS A COMPONENT: Meet the criteria for anti-microbial effectiveness testing (see <51>) If aqueous, are stored under the conditions upon which the BUD is based, Multiple-dose CSP after initially entered or punctured, are not used for longer than the assigned BUD or 28 days, whichever is shorter. [USP 797 Sections 14.5 & 16.1]	
OUTSOURCED STERILITY TESTING: Sterility testing is performed for all Category 2 CSPs assigned a BUD requiring sterility testing according to USP <71> or a validated alternative and noninferior method. Membrane Filtration as described in USP <71> is the preferred method when the formulation allows. [USP 797 Section 12.2]	
INHOUSE STERILITY TESTING: Sterility testing is according to USP <71> or a validated alternative and noninferior method. Membrane filtration is used if appropriate and filters are rinsed according to USP <71>. Direct inoculation is done only when membrane filtration cannot be carried out. Volume inoculated does not exceed 10% of the culture media volume. Growth promotion test has been done on the media with the 5 specified organisms (not more than 100 CFU) according to USP <71>. TSB or SCD is incubated at 20-25C for 14 days; FTM is incubated at 30-35C for 14 days. (2 incubators present).	
METHOD SUITABILITY TEST: A Method Suitability Test (or equivalent validation for altamative testing methods) is performed to validate suitability of the sterility testing method. [USP 797 Section 12.2]	
MAXIMUM BATCH SIZE: The maximum batch size for all CSPs requiring sterility testing is 250 final yield units. [USP 797 Section 12.2]	
INVESTIGATION OF STERILITY TEST FAILURES: Sterility tests resulting in failure undergo prompt investigation into possible causes and requires identification of the microorganism(s) as well as evaluation of sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. Impact to other CSPs is assessed. Investigation and resulting corrective actions are documented. [USP 797 Section 12.2]	
STERILITY TESTING QUANTITY & VOLUME DETERMINATION: The minimum quantity of each container tested for sterility is per USP <71> Table 2 and the number of containers tested in relation to the batch size is per USP <71> Table 3. For 1-39 CSPs compounded as single batch, sterility testing is performed on a number of containers or units equal to 10% of the number of CSPs prepared rounded to the next whole number. [USP 797 Section 12.2]	
ENDOTOXIN TESTING: Category 2 injectable CSPs compounded from one or more nonsterile component(s) and assigned a BUD that requires sterility testing are tested for bacterial endotoxins. [USP 797 Section 12.3]	

ENDOTOXIN LIMITS: In the absence of a bacterial endotoxin limit in an official USP–NF monograph or other CSP formula or scientifically supported source, the CSP does not exceed the endotoxin limit calculated as described in USP <85> for the appropriate route of administration for humans or largest recommend dose per weight for nonhuman species. [USP 797 Section 12.3]	

L. CATEGORY 3 CSPs, BUDs, & RELATED REQUIREMENTS

CATEGORY 3 REQUIREMENTS: All requirements associated with Category 3 compounding (e.g., garbing, cleaning, environmental monitoring) apply to all personnel entering the buffer room where Category 3 CSPs are compounded and always apply regardless of whether Category 3 CSPs are compounded on a given day. [USP 797 Section 14.4.2]	Yes
STERILE/SINGLE USE GARB: When compounding Category 3 CSPs, skin is not exposed in buffer room (i.e., face and neck are covered) and all low lint outer garb is sterile, including sterile sleeves over RABS gauntlet sleeves. Disposable garb items are not reused. [USP 797 Section 3.3]	Yes
STERILIZED/REUSABLE GARB: Non-disposable garb is not reused without being laundered and resterilzed with a validated cycle. Disinfection procedures described in facility SOPs are followed before reusing goggles, respirators, and other equipment. [USP 797 Section 3.3]	Yes
CATEGORY 3 BUDs FOR ASEPTICALLY PROCESSED CSPs: Category 3 CSPs aseptically processed, sterility tested, and passing all applicable tests (including stability indicating assay, endotoxin, and other dosage form appropriate tests) do not exceed the following BUDs: 60 days room temperature, 90 days refrigerated, or 120 days frozen. Shorter BUDs are assigned when physical or chemical stability of the CSP is less than the maximum allowable Category 3 BUDs for aseptically processed CSPs. [USP 797 Section 14.4.3]	Yes
CATEGORY 3 BUDs FOR TERMINALLY STERILIZED CSPs: Category 3 CSPs aseptically processed, sterility tested, and passing all applicable tests (including stability indicating assay, endotoxin, and other dosage form appropriate tests) do not exceed the following BUDs: 90 days room temperature, 120 days refrigerated, or 180 days frozen. Shorter BUDs are assigned when physical or chemical stability of the CSP is less than the maximum allowable Category 3 BUDs for terminally sterilized CSPs. [USP 797 Section 14.4.3] ****Facility preparing for terminally sterilized CSPs but not doing so at this time*	N/A
MAXIMUM BATCH SIZE: Category 3 CSP batch sizes do not excaed 250 final yield units. [USP 797 Section 12.2]	Yes
STABILITY INDICATING ASSAYS: All Category 3 CSP formulations are supported by data obtained using a validated stability-indicating analytical method that can distinguish active ingredients from degradants and impurities and quantify the amount of active ingredient. CSPs are prepared according to the exact formulation, components, and packaged in a container closure system of the same materials of composition. Facilities have documentation of the stability study, its results, and the method validation available for review. [USP 797 Section 14.3.3] ****Previously completed under different business name and address (JRC Compounding - 18114 Powell Road, Brooksville, FL, 34604) under the same owner. Pharmetric stated that since these are identical formulations they may be transferred to this facility and will update client and client address on forms*	Yes
STERILITY TESTING: All category 3 CSPs and batches undergo sterility testing performed according to USP <71> or a validated alternative and noninferior method. [USP 797 Sections 12.2 & 14.4.4] ****Completed by Pharmetric for every batch*	Yes
METHOD SUITABILITY TEST: A Method Suitability Test (or equivalent validation for alternative testing methods) is performed to validate suitability of the sterility testing method for each formulation. [USP 797 Section 12.2] ****Previously completed under different business name and address (JRC Compounding - 18114 Powell Road, Brooksville, FL, 34604) under the same owner. Pharmetric stated that these may be transferred to this facility and will update client and client address on forms*	Yes
STERILITY TESTING QUANTITY & VOLUME DETERMINATION: The minimum quantity of each container tested for sterility is per USP <71> Table 2 and the number of containers tested in relation to the batch size is per USP <71> Table 3. For 1-39 CSPs compounded as single batch, sterility testing is performed on a number of containers or units equal to 10% of the number of CSPs prepared rounded to the next whole number. [USP 797 Section 12.2]	Yes
INVESTIGATION OF STERILITY TEST FAILURES: Sterility tests resulting in failure undergo prompt investigation into possible causes and requires identification of the microorganism(s) as well as evaluation of sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. Impact to other CSPs is assessed. Investigation and resulting corrective actions are documented. [USP 797 Section 12.2] ****Facility has not had any sterility testing failures but has policies and procedures in place to address them*	N/A
ENDOTOXIN TESTING: Category 3 injectable CSPs compounded from one or more nonsterile component(s) are tested for bacterial endotoxins. [USP 797 Section 12.3]	Yes
ENDOTOXIN LIMITS: In the absence of a bacterial endotoxin limit in an official USP–NF monograph or other CSP formula or scientifically supported source, the CSP does not exceed the endotoxin limit calculated as described in USP <85> for the appropriate route of administration for humans or largest recommend dose per weight for nonhuman species. [USP 797 Section 12.3]	Yes
PARTICULATE MATTER TESTING: Category 3 injectable CSPs undergo USP <788> (Particulate Matter in Injections) and ophthalmic solutions undergo USP <789> (Particulate Matter in Ophthalmic Solutions) test once per formulation with acceptable results. [USP 797 Section 14.3.3] ****Some particular matter testing completed for Cat 3 CSPs but not available for all CSPs at the time of this inspection. Facility recently sent out samples for certification through Pharmetric, awaiting results.*	No
ANTIMICROBIAL EFFECTIVENESS TESTING FOR MULTI-DOSE CSPs: Aqueous multiple-dose CSPs (e.g., injectables and ophthalmic) pass USP <51> compliant antimicrobial effectiveness testing once for each unique formulation and each container closure system in which it is packaged. Bracketing studies are allowed. [USP 797 Section 14.5 & 16.1] ****No antimicrobial effectiveness testing completed for Cat 3 CSPs at the time of this inspection. Facility recently sent out samples for certification through Pharmetric, awaiting results.*	No
CONTAINER CLOSURE TESTING: Container closure integrity testing is performed once for each unique CSP formulation and container closure system in which it is packaged. For multi-dose (i.e., preserved multi-dose CSPs), container closure integrity testing is also performed per fill volume for each unique CSP formulation and container closure system. [USP 797 Sections 14.3.3 & 14.5] ****No container closure testing completed for Cat 3 CSPs at the time of this inspection. Facility recently sent out samples for certification through Pharmetric, awaiting results.*	No
MULTI-DOSE, NON-PRESERVED AQUEOUS CSPs: Multi-dose, non-preserved aqueous CSPs (i.e., topical, or ophthalmic solutions) are prepared for use by a single patient, and labeled to indicate that once opened, the CSP must be discard after 24 hours if stored at controlled room temperature or 72 hours when stored under refrigeration. [USP 797 14.5]	N/A
MULTI-DOSE CSPs USED AS A COMPONENT: Meet the criteria for anti-microbial effectiveness testing (see <51>) if aqueous, are stored under the conditions upon which the BUD is based, Multiple-dose CSP after initially entered or punctured, are not used for longer than the assigned BUD or 28 days, whichever is shorter. [USP 797 Sections 14.5 & 16.1]	N/A

M. PERSONNEL TRAINING & COMPETENCIES - ALL CATEGORIES

TRAINING PROGRAM & SOP: Facility maintains a written training program and corresponding SOP which defines required trainings, frequency of training and the process for evaluating the performance of individuals who compound, have direct oversight of compounding personnel, perform in-process checks, final verification and dispensing of CSP's. The training program equips personnel with the appropriate knowledge and training in the required skills necessary to perform their assigned tasks. [USP 797 Section 2]	Yes

INITIAL DIDACTIC TRAINING & SKILLS ASSESSMENT: Before beginning to compound CSPs independently or have direct oversight of compounding personnel, personnel complete training and can demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions as applicable to their assigned job functions. [USP 797 Section 2.1]	Yes
INITIAL GLOVED FINGERTIP & HAND HYGIENE/GARBING COMPETENCY: Before beginning to compound independently or have direct oversight of compounding personnel, personnel successfully complete an initial gloved fingertip (GFT) competency no fewer than 3 separate times, with a documented visual audit while performing hand hygiene and garbing procedures. GFT samples are collected before applying sterile 70% IPA to gloves. [USP 797 Section 2.2]	Yes
INITIAL MEDIA FILL & ASEPTIC TECHNIQUE ASSESSMENT: Before beginning to compound independently or have direct oversight of compounding personnel, personnel who compound or have direct oversight of compounding successfully complete an initial aseptic manipulation competency evaluation which consists of a visual observation, media-fill testing followed by a gloved fingertip and thumb sampling on both hands, and surface sampling of the direct compounding area. [USP 797 Section 2.3]	Yes
GFT & MEDIA FILL INCUBATION: Documentation includes the name of the person evaluated, evaluation date and time, media and components used to include their manufacturer or supplier, expiration dates and lot numbers, starting temperature for each interval of incubation, dates of incubation, the results, and the names or other identification of the observer and the person who reads and documents the results. [USP 797 Section 2.3]	Yes
ONGOING CATEGORY 1 AND 2- GFT & GARBING ASSESSMENT: After initial garbing competency evaluations, compounding personnel complete garbing competency evaluation and GFT every 6 months for Category 1 and Category 2 CSP's. Direct oversight personnel who do not compound complete garbing competency and GFT every 12 months. GFTs are appropriately incubated. [USP 797 Section 2.2] ****Cat 3 only*	N/A
ONGOING CATEGORY 1 AND 2- MEDIA FILL & ASSESSMENT: After initial aseptic manipulations competency evaluations, compounding personnel complete aseptic technique competency, media fill, GFTs, and surface sampling of DCA every 6 months for Category 1 and Category 2 CSP's. Direct oversight personnel who do not compound complete media fill every 12 months. GFTs and surface samples are appropriately incubated. [USP 797 Section 2.3] ****Cat-3 only*	N/A
ONGOING KNOWLEDGE & COMPENTENCY OF CORE SKILLS: Training and knowledge assessment of sterile compounding principles or core skills is completed at least every 12 months. [USP 797 Section 2.1]	N/A
FAILED COMPETENCY INVESTIGATION: Initial and ongoing competency assessment failures are investigated, remediated, and documented in a Corrective Action Plan. [USP 797 Sections 2.2 & 2.3]	N/A
STAFF TRAINING IN VIABLE AIR AND SURFACE SAMPLING: Personnel are trained and competent in air and surface sampling procedures to ensure accurate and reproducible sampling. [USP 797 Section 6.1]	Yes
CLEANING PERSONNEL: Cleaning and disinfecting activities are performed by trained and appropriately garbed personnel using facility-approved agents and procedures. Cleaning personnel demonstrate knowledge and competency of core skills related to cleaning, disinfection, and maintenance of environmental conditions initially and at least once every 12 months. [USP 797 Sections 7 & 2.1]	Yes

FACILITY COMPOUNDS CATEGORY 3

ONGOING CATEGORY 3 GFT & GARBING ASSESSMENT: After initial garbing competency evaluations, compounding personnel complete garbing competency and GFT every 3 months for Category 3 CSP's. Direct oversight personnel who do not compound complete garbing competency and GFT every 12 months. GFTs are appropriately incubated. [USP 797 Section 2.2]	Yes
ONGOING CATEGORY 3 ASEPTIC PROCESSING COMPETENCY: Aseptic competency is repeated at least one time every 3 months for personnel compounding Category 3 CSPs. The simulation must capture elements that could potentially affect the sterility of the CSP. Immediately following the media-fill test, gloved fingertip and thumb sampling is performed on both hands and surface sampling of the direct compounding area. Direct oversight personnel who do not compound must complete media fill every 12 months. [USP 797 Section 2.3]	Yes

N. MICROBIOLOGICAL AIR AND SURFACE MONITORING: ALL CATEGORIES

ENVIRONMENTAL MONITORING PROGRAM & SOPs: The microbiological air and surface monitoring program is clearly described in the facility's SOPs, which includes a diagram of the sampling locations, procedures for collecting samples, frequency of sampling, size of samples (e.g., surface area, volume of air), time of day of sampling in relation to activities in the compounding area, and action levels that trigger corrective action. [USP 797 Section 6]	Yes
VIABLE AIR SAMPLING: Volumetric active air sampling using an impaction air sampler collecting at least 1000L of air is conducted in each classified area [e.g., ISO Class 5 PEC and ISO Class 7 and 8 room(s)] during dynamic operating conditions and is completed at least every 6 months. [USP 797 Section 6.2]	Yes
AIR IMPACTION DEVICE: Device is serviced and calibrated according to the manufacturer's recommendations. [USP 797 Section 6.1]	Yes
SURFACE SAMPLING: Microbiological surface sampling is conducted in all classified areas and pass-through chambers under dynamic operating conditions and performed at least once monthly. [USP 797 Section 6.3]	Yes
GROWTH MEDIA: A general microbiological growth media that supports the growth of bacteria and fungi is used and a COA from the manufacturer is available. Growth media used for surface sampling contains neutralizing agents (e.g., lecithin and polysorbate 80). [USP 797 Sections 6.2 & 6.3]	Yes
MEDIA INCUBATION: Samples are incubated at 30°C - 35°C for 48 hours and 20°C - 25°C for an additional 5 days; if dual growth media are used, incubate one media device at 30°C - 35°C for 48 hours and the second media device at 20°C - 25°C for 5 days. The incubator temperature is monitored during incubation, either manually or by a continuous recording device, and results are reviewed and documented as described in the facility's SOPs. Incubators are placed in a location outside of the sterile compounding area. [USP Sections 6.2.2 (Box 5) & 6.3.2 (Box 6)]	Yes
ENVIRONMENTAL MONITORING TREND ANALYSIS: Regular review of sampling data is performed to detect trends and review of trending data is documented. [USP 797 Section 6.1]	Yes
CORRECTIVE ACTION: When microbial growth exceeds action levels, the cause is investigated, and corrective action is taken; corrective actions taken are reviewed for effectiveness. An attempt to identify microorganisms at the genus level is made. [USP Sections 6.2.3 & USP 6.3.3]	Yes

FACILITY COMPOUNDS CATEGORY 3

CATEGORY 3-VIABLE AIR SAMPLING: Volumetric air sampling is completed within 30 days prior to the commencement of any Category 3 compounding and at least monthly thereafter regardless of the frequency of compounding Category 3 CSPs.Air sampling sites are selected in all classified areas. [USP 797 6.2.1]	Yes
CATEGORY 3-SURFACE SAMPLING: Surface sampling for any Category 3 CSPs, is completed in all classified areas, and pass-through chambers connecting to classified areas, prior to assigning a BUD longer than BUD limits for Category 2 CSPs (defined in Table 13 of USP 797) and at least weekly on a regularly scheduled basis regardless of the frequency of compounding Category 3 CSPs. [USP 797 6.2.2]	Yes
CATEGORY 3-BATCH SURFACE SAMPLING: Surface sampling is conducted within the PEC used to prepare Category 3 CSPs, at the end of each batch before cleaning and disinfection occurs, unless a self-enclosed robotic device is used. When a self-enclosed robotic device is used as the PEC, surface sampling is conducted at least once daily at the end of compounding operations before cleaning and disinfection occurs. [USP 797 Section 6.3.2]	Yes

O. CLEANING AND DISINFECTING: ALL CATEGORIES

CLEANING SOPS: The frequency, method(s), documentation requirements, and location(s) of cleaning, disinfecting, and applying sporicidal disinfectants are described in written SOPs; use of agents is in accordance with manufacturer's instructions, procedures, and in adherence with minimum wet contact times. SOPs describe the time period during which, once opened, sterile cleaning and disinfecting agents, supplies, and sterile 70% IPA may be reused. Sterile water is used to dilute concentrated cleaning agents used inside of PECs (if applicable). Cleaning and disinfecting agents are EPA-registered. If a one-step disinfectant cleaner is not used, surfaces are cleaned prior to being disinfected. [USP 797 Section 7]	Yes
DAILY PEC CLEANING & DISINFECTION WITH STERILE AGENTS: Equipment and all interior surfaces of the PEC are cleaned and disinfected daily on days when compounding occurs and when surface contamination is known or suspected. Sterile 70% IPA is applied after cleaning, disinfecting, or after one-step disinfectant cleaner or sporicidal agent application to remove residue. [USP 797 Section 7]	Yes
CATEGORY 1 AND 2-MONTHLY PEC SPORICIDAL DISINFECTION: Equipment and all interior surfaces of the PEC, including underneath of removable work trays, are cleaned with a sporicidal agent monthly. [USP 797 Section 7]	N/A
DAILY SEC & SCA CLEANING & DISINFECTION: Work surfaces, floors, sink surfaces, and pass-through chambers are cleaned and disinfected daily on days when compounding occurs. [USP 797 Section 7]	Yes
CATEGORY 1 AND 2 -MONTHLY PEC, SEC & SCA SPORICIDAL DISINFECTION: Equipment and all interior surfaces of the PEC, including underneath of removable work trays, work surfaces, pass-through chambers, storage shelving and bins, equipment outside of PEC's, sink surfaces, floors, ceilings*, walls, doors, and doors frames at least once monthly. SCA ceilings (if applicable) are only cleaned, disinfected, and have sporicidal agents applied when visibly soiled and when surface contamination is known or suspected. [USP 797 Section 7]	N/A
PEC SANITIZATION WITH STERILE 70% IPA: Sterile 70% IPA is applied to the horizontal work surface, including removable trays, immediately before initiating compounding and at least every 30 minutes. If a compounding process takes more than 30 minutes, the work surface is disinfected immediately after the end of the compounding process. Sterile 70% IPA is allowed to dry. [USP 797 Section 7]	Yes
CLEANING SUPPLIES & TOOLS: All cleaning and disinfecting supplies (e.g., wipers, sponges, pads, and mop heads), except for tool handles and holders, are low lint. Supplies used inside PECs are sterile. [USP 797 Section 7.1.2]	Yes
REUSABLE CLEANING TOOLS: Reusable cleaning tools (e.g., mop frames) are made of cleaneble materials and are cleaned and disinfected before and after each use. Reusable tools are dedicated for use in the classified areas or SCA and are not removed. Mops used in HD compounding areas, are dedicated for use only in those areas. [USP 797 Section 7.1.2]	Yes

FACILITY COMPOUNDS CATEGORY 3

WEEKLY SPORICIDAL CLEANING OF PECs & SECs: Weekly cleaning using a sporicidal agent is performed on all internal surfaces of PEC and equipment in PEC's, on work surfaces outside the PEC, pass-through chambers, and floors. [USP 797 Section 7]	Yes
MONTHLY SEC SPORICIDAL DISINFECTION: A sporicidal disinfectant is applied to storage shelving and bins, equipment outside of PEC's, sink surfaces, ceilings, walls, doors, and doors frames at least once monthly. [USP 797 Section 7]	Yes

P. COMPOUNDING CSPs FROM NONSTERILE COMPONENTS OR SUPPLIES – CATEGORY 2 & 3

PRESTERILIZATION ACTIVITY CONTAINMENT ENCLOSURES: Pre-sterilization procedures, such as weighing and mixing of nonsterile components, occur in ISO Class 8 or better environment (e.g., anteroom or buffer room) and are performed in single-use containment glove bags, CVEs, BSCs, or CACIs. [USP 797 Section 4.2.6]	Yes
LOCATION OF STERILE & NONSTERILE PECs: PECs used for sterile and nonsterile compounding (e.g., pre-sterilization procedures) are placed in separate rooms unless the buffer room can maintain an ISO Class 7 classification during particulate generating activities. Co-located PECs are at least 1 meter apart and particle-generating activities are not performed during sterile compounding processes [USP 797 Section 4.2.1; USP 800 Section 5.3]	Yes
COMPONENT SOPs: Written SOPs address the selection, receipt, evaluation, handling, storage, and documentation of all CSP components including ingredients and container closures. [USP 797 Section 9.3]	Yes
COMPONENT QUALITY & COA: APIs and components comply with the criteria in the USP-NF (if one exists for inactive components) and have a COA including specifications and test results showing the API or component meets expected quality. APIs and other components labeled "not for pharmaceutical use", "not for injectable use", "not for human use", or equivalent are not used in CSPs. [USP 7 Section 9.3.1]	Yes
API MANUFACTURERS: APIs are manufactured by an FDA-registered facility in the U.S. or comply with the laws and regulations of the applicable regulatory jurisdictions outside of the U.S. [USP 797 Section 9.3.1]	Yes
COMPONENT STORAGE: Components are handled and stored in a manner that prevents contamination, mix-ups, and deterioration and under temperature, humidity, and lighting conditions consistent with those indicated in official monographs or specified by the suppliers and/or manufacturers. [USP 797 Section 9.3.4]	Yes
STERILE, DEPYROGENATED SUPPLIES: Supplies in direct contact with CSPs are sterile and depyrogenated. A COA or similar conformance documentation is reviewed. [USP 797 Section 9.3.1]	Yes
COMPONENT RECEIPT: Upon receipt, the external packaging of components is examined and components of unacceptable quality or showing deterioration are promptly labeled as rejected and segregated from active stock. APIs and components are inspected for a visible manufacturer expiration date. Components lacking expiration dates are assigned an expiration date no more than 1 year after receipt and both the date of receipt and facility assigned expiration date is clearly marked on the component packaging. [USP 797 Section 9.3.2]	Yes
STERILIZATION OF INJECTABLES WITHIN 6 HOURS OF COMPLETION: Injectable CSPs containing nonsterile components or that come into contact with nonsterile devices (e.g., containers, tubing) during compounding are sterilized within 6 hours of completion. [USP 797 Section 10]	Yes

Q. STERILIZATION OF CSPs - CATEGORY 2 & 3

STERILIZING FILTERS: Sterilizing filters used are sterile, depyrogenated, have a nominal pore size of 0.22 µm or smaller, and are appropriate for pharmaceutical use. Sterilizing filters are certified by the manufacturer to retain at least 10,000,000 microorganisms of a strain of Brevundimonas diminuta per square centimeter of upstream filter surface area. Filters are chemically and physically compatible with all ingredients in the CSP (e.g., water-miscible alcohols may damage filter integrity); chemically stable at the pressure and temperature conditions that will be used; and have enough capacity to filter the required volumes. [USP 797 Section 10.2]	Yes
BUBBLE POINT TESTING: Sterilizing filters are subjected to the manufacturers' recommended integrity testing, such as a post-use bubble point test. If multiple filters are required for the compounding process, each of the filters passes a filter-integrity test. [USP 797 Section 10.2] For failed BP testing, CSP is discarded or, after investigating, refiltered not more than one time. [USP 797 Section 10.2]	Yes
CSP PREFILTRATION: When CSPs are known to contain excessive particulate matter, prefiltration is performed using a filter of larger nominal pore size (e.g., 1.2 µm) or a separate filter of larger nominal pore size placed upstream of (i.e., prior to) the sterilizing filter. [USP 797 Section 10.2]	N/A
CSP TERMINAL STERILIZATION SOP includes: 1) A description of CSP terminal sterilization process(es), including the temperature, pressure (if applicable), duration, permissible load conditions for each cycle, and the use of biological indicators and endotoxin challenge vials (ECVs). 2) Personnel training and competency assessment on sterilization methods and equipment. 3) Schedule and method for establishing and verifying the effectiveness of methods selected. [USP 797 Section 10]	N/A

STEAM OR DRY HEAT STERILIZATION CYCLES FOR CSPs: Sterilization cycles allow for an exposure duration that includes sufficient time for the entire contents of the CSP to reach and remain at the sterilizing temperature during the duration of the sterilization period. CSPs sterilized vial steam are placed in the autoclave to allow steam to reach CSPs without entrapment of air. CSPs sterilized via dry heat are placed with sufficient space between materials to allow for hot air circulation. Sterilization cycle parameters (e.g., temperature, pressure, and duration) and load configuration(s) are documented. [USP 797 Section 10.3 & 10.4]	N/A
BIOLOGICAL INDICATOR USE: The effectiveness of steam or dry heat sterilization of CSPs is verified and documented for each sterilization run or load by using appropriate biological indicators (e.g., Geobacillus stearothermophilus for steam, Bacillus atrophaeus for dry heat) and other confirmation methods. [USP 797 Section 10.3]	N/A
STEAM & DRY HEAT CSP PREFILTRATION: Immediately before filling containers that will be sterilized via steam, or dry heat, CSP solutions are passed through a filter with a nominal pore size of not larger than 1.2 µm for removal of particulate matter. [USP 797 Section 10.3]	N/A
CALIBRATED DATA RECORDER: A calibrated data recorder or chart is used to monitor each steam or dry heat sterilization cycle and to examine for cycle irregularities (e.g., deviations in temperature or pressure). The calibrated oven is equipped with temperature controls and a timer. [USP 797 Section 10.3 & 10.4]	N/A

R. STERILIZATION & DEPYROGENATION OF SUPPLIES & CONTAINER CLOSURE SYSTEMS - CATEGORY 2 & 3

STERILIZATION & DEPYROGENATION SOP's include: 1) A description of sterilization and depyrogenation process(es) used to sterilize and/or depyrogenated compounding supplies and container closure systems, including the temperature, duration, permissible load conditions for each cycle, and the use of biological indicators and endotoxin challenge vials (ECVs). 2) Personnel training and competency assessment on sterilization and depyrogenation methods and equipment used by the facility. 3) Schedule and method for establishing and verifying the effectiveness of methods selected. [USP 797 Section 10]	Yes
DEPYROGENATION VIA DRY HEAT: Dry heat depyrogenation is used to render glassware, metal, and other thermostable containers and components pyrogen free. The exposure period includes sufficient time for items to reach the depyrogenation temperature; items remain at the depyrogenation temperature for the duration of the depyrogenation period. [USP 797 Section 10.1 & USP 1228.4]	Yes
DEPYROGENERATION VIA RINSING: Non-thermostable items are sterilized via a validated sterilization method and cycle: these items are also depyrogenated by multiple rinses with sterile, nonpyrogenic water (e.g., Sterile Water for Injection or Sterile Water for Irrigation) and then thoroughly drained or dried immediately before use in compounding. [USP 797 Section 10 & 10.1]	N/A
DEPYROGENATION PROCESS VALIDATION: The effectiveness of the dry heat depyrogenation cycle(s) is established initially and verified annually using Endotoxin Challenge Vials (ECVs) to demonstrate the cycle achieves a greater than or equal to 3-log endotoxin reduction. The effectiveness of the depyrogenation cycle is re-established if there are changes to the cycle parameters . Cycle verifications are documented. [USP 797 Section 10.1]	Yes
STERILIZATION CYCLE VALIDATION: When performed onsite, the efficacy of sterilization cycles used for supplies or container closure systems are established and documented. Each sterilization run or load is verified and documented by using appropriate biological indicators (e.g., spores of Geobacillus stearothermophilus) and other confirmation methods. [USP 797 Section 9.3.1 & USP 1229]	Yes

S. MASTER FORMULATION AND COMPOUNDING RECORDS – ALL CATEGORIES

MASTER FORMULATION RECORD (MFR): A MFR is created for all CSPs prepared from nonsterile ingredient(s) or CSPs prepared for more than one patient and any changes or alterations to an MFR are approved and documented per facility's SOPs. [USP 797 Section 11.1]	Yes
MFR DOCUMENTATION: An MFR includes at least the following: 1) Name, strength or activity, and dosage form of the CSP; 2) Identities, amounts of all ingredients, and, if applicable, relevant characteristics of components; 3) Type and size of container closure system(s); 4) Complete instructions for preparing the CSP including equipment, supplies, a description of the compounding steps, and any special precautions; 5) Physical description of the of the final CSP; 6) BUD and storage requirements; 6) Stability reference; 7) Quality control procedures; 8) other information as needed to describe the compounding process and ensure repeatability. [USP 797 Section 11.1 (Box 9)] ****Facility to add size to container closure used*	Yes
COMPOUNDING RECORD (CR): A CR is created for all Category 1, Category 2, and Category 3 CSPs. A CR is created for immediate-use CSPs prepared for more than one patient. A CR includes at least the following: 1) Name, strength or activity, and dosage form of the CSP; 2) Date and time of preparation of the CSP; 3) Assigned internal identification number (e.g., prescription, order, or lot number); 4) A method to identify the individuals involved in the compounding process and individuals verifying the final CSP; 5) Name of each component; 6) Vendor, lot number, and expiration date for each component for CSPs prepared for more than one patient and for CSPs prepared from nonsterile ingredient(s); 7) Weight or volume of each component; 8) Strength or activity of each component; 9) Total quantity compounded; 10) Final yield; 11) Assigned BUD and storage requirements; 12) Results of QC procedures. And, if applicable, 13) MFR reference for the CSP; and 14) Calculations made to determine and verify quantities and/or concentrations of components. [USP 797 Section 11.2]	Yes
STERILIZATION CYCLE DOCUMENTATION: The date, run, and load numbers of the steam or dry heat sterilizer used to sterilize a CSP are documented on the CR if applicable. [USP 797 Sections 10.3 & 10.4]	N/A

T. RELEASE INSPECTION AND TESTING – ALL CATEGORIES

RELEASE TESTING PROCEDURES: All release testing procedures (e.g., visual inspections and testing) are included in facility documentation such as MFRs and SOPs. [USP 797 Section 12]	Yes
VISUAL INSPECTION: CSPs are visually inspected before release and dispensing to determine whether the 1) physical appearance of the CSP is as expected (e.g., free of inappropriate visible particulates or other foreign matter, discoloration, or other defects), 2) container closure integrity is intact (e.g., checking for leakage, cracks in the container, or improper seals), 3) CSP and its labeling match the prescription or medication order. [USP 797 Section 12.1]	Yes
DELAYED DISPENSING VISUAL INSPECTION: When CSPs are not released or dispensed on the day of preparation, a visual inspection is conducted immediately before its release to ensure the CSP is free from any defects such as precipitation, cloudiness, or leakage, which could develop during storage. [USP 797 Section 12.1]	Yes
CSP REJECTION & QUARANTINE: CSPs found to be of unacceptable quality (e.g., observed defects) are promptly rejected, clearly labeled as rejected, and segregated from active stock. [USP 797 Section 12.1]	Yes
INVESTIGATION OF OOS RESULTS: Out-of-specifications results and defects indicating sterility or stability problems are investigated to determine the root cause and a corrective action plan is implemented and documented per facility SOPs. [USP 797 Section 12 & 12.1]	Yes

U. CSP HANDLING, STORAGE, PACKAGING, SHIPPING, & TRANSPORT – ALL CATEGORIES

STORAGE AREA TEMPERATURE MONITORING: Temperature in CSP & component storage areas is monitored at least once daily and recorded on a log on days when the facility is open or by a continuous temperature recording device; temperature data is readily retrievable. Monitoring equipment is calibrated or verified for accuracy as recommended by the manufacturer or every 12 months. When CSPs have been exposed to temperature excursions above or below storage temperature limits for the CSP, a Designated Person determines whether the CSP has retained its integrity or quality. [USP 797 Sections 9.3 & 19.1]	Yes
CSP PACKAGING: CSP packaging and shipping materials are selected to protect CSPs from damage, leakage, contamination, degradation, adsorption and prevent inadvertent exposure to transport personnel. [USP 797 Section 19.2]	Yes

SHIPPING & TRANSPORTING: Modes of transport are selected that are expected to deliver properly packaged CSPs in an undamaged, sterile, and stable condition. Special handing instructions are provided and/or affixed to the exterior of the container when applicable. [USP 797 Section 19.2]	Yes

V. STERILE QUALITY PROGRAM, SOP's & DOCUMENTATION- ALL CATEGORIES

QA/QC PROGRAM & SOPs: A Quality Assurance (QA) and Quality Control (QC) program is documented in facility SOPs and formally establishes a system of 1) adherence to procedures, 2) prevention and detection of errors and other quality problems, 3) evaluation of complaints and adverse events, and 4) appropriate investigations and corrective actions. The QA/QC SOPs describe the roles, duties, and training of personnel responsible for each aspect of the QA program. [USP 797 Section 18]	Yes
INVESTIGATIONS & CAPAs: A designated person(s) follows up to ensure investigations are conducted and corrective actions are taken if problems, deviations, failures, or errors are identified or when complaints or adverse reactions are reported. A complete record of each reported complaint and adverse reaction is created and retained. Investigations and corrective actions are documented. [USP 797 Sections 17, 18.2, & 18.3]	Yes
ADR & COMPLAINT DOCUMENTATION: A complete record of each reported complaint and adverse reaction is created and retained per USP 797. [USP 797 Section 18.1]	Yes
RECALL PROCEDURES & SOP: If CSPs are dispensed or administered before the results of release testing are known, procedures are in place to immediately notify the prescriber of a failure of specifications with a potential to cause patients harm; determine the severity of the problem and urgency for implementation/completion of recall; identify patients (or other points of distribution) who have received affected CSP; recall any unused dispensed CSPs; quarantine remaining stock in the pharmacy; investigate if other lots are affected and recalled if needed; conduct investigation and document reason for the failure. Recalls are reported to the appropriate regulatory body as required by the laws and regulations of the applicable regulatory jurisdiction. [USP 797 Section 18]	Yes
ANNUAL SOP & QA/QC COMPLIANCE REVIEW: Facility sterile compounding SOPs are reviewed every 12 months by the Designated Person(s); the review is documented. Changes to SOP are made only by the Designated Person and documented. Acknowledgement of revisions to SOP's are communicated to all personnel. The overall QA/QC Program is reviewed at least once every 12 months by the Designated Person(s); the review is documented, and corrective actions are taken if needed. [USP 797 Section 17 & 18]	N/A

W. HAZARDOUS DRUG HANDLING & COMPOUNDING – ALL CATEGORIES

DESIGNATED PERSON: The entity has a Designated Person who is qualified and trained to be responsible for implementing appropriate HD procedures, overseeing compliance with USP 800 requirements, ensuring environmental control of the storage and compounding areas, monitoring HD facility operations, testing, and acting on results. [USP 800 Section 4] ****Michael*	Yes
HAZARD COMMUNICATION PROGRAM (HCP): Facility has SOPs to ensure effective training regarding proper labeling, transport, storage, and disposal of HDs and use of Safety Data Sheets. The HCP and HD SOPs include a written plan describing 1) how USP 800 requirements are implemented, 2) HD chemical container labelling with the identity of the material and appropriate hazard warnings, 3) readily accessible location of HD chemical SDSs known and accessible by all personnel, 4) HD risk training and information provided to all personnel with HD exposure risk before initial HD handling work assignment and whenever hazard changes, 5) personnel of reproductive capability written acknowledgement of understanding of HD handling risks. [USP 800 Section 8]	Yes
LIST OF HAZARDOUS DRUGS & ASSESSMENT OF RISK: Facility maintains a list of HDs that includes any items on the current NIOSH that the entity handles. The list is reviewed every 12 months and whenever a new agent or dosage form is used. All HD drugs follow the requirements of USP 800 unless an assessment of risk (AOR) is performed. If an assessment of risk approach is taken, the entity must documents what alternative containment strategies and/or work practices are being employed for specific dosage forms to minimize occupational exposure. The AOR minimally contains the type of HD, dosage form, risk of exposure, packaging, and manipulation considerations. The HD drug list & AOR is reviewed at least every 12 months and whenever a new agent or dosage form is used. [USP 800 Section 2]	Yes
CONTAINMENT REQUIREMENTS: All antineoplastic HDs requiring manipulation and HD active pharmaceutical ingredients (APIs) on the NIOSH list follow all the requirements of USP 800. [USP 800 Section 2, Box 1]	Yes
HD HANDLING, RECEIPT & STORAGE SOPs: SOPs are created and followed for the safe handling of HDs used by the facility. [USP 800 Section 17]	Yes
HD HANDLING AREAS, SIGNAGE, & ACCESS: Signage designating HD handling areas are prominently displayed and access to HD handling areas is restricted to authorized personnel. Designated areas are available for receipt, unpacking, storage, and sterile compounding of HDs. [USP 800 Section 5] ****Signage added to cleanroom suite during inspection*	Yes
HD STORAGE: HDs are stored to prevent spillage or breakage, off floors, and in areas appropriate for natural disasters. Antineoplastic HDs and HD API are stored separately from non-HDs to prevent contamination and personnel exposure. HD storage areas are externally ventilated and negative-pressure rooms with at least 12 ACPH. Refrigerated antineoplastic HDs are stored in a dedicated refrigerator, in a negative pressure area with at least 12 ACPH. Pass through refrigerators are not used. [USP 800 Section 5.2]	Yes
STERILE HDs COMPOUNDED IN A C-SCA: C-SCA maintains a minimum of 12 ACPH of HEPA- filtered air and has negative pressure to adjacent areas of -0.01" w.c. to -0.03" w.c. [USP 800, sections 5.3.2 Table 3]	N/A
C-SEC DESIGN AND ENGINEERING CONTROLS: The C-SEC has fixed walls physically separated from other preparation areas, is externally ventilated has 30 ACPH, and negative pressure to adjacent areas of -0.01" w.c. to -0.03" w.c. [USP 800 Section 5.3.2 Table 3]	Yes
C-SEC ACCESS: The Ante Room used for entry into the negative pressure buffer room has fixed walls and maintains a minimum of 30 ACPH of HEPA-filtered air, positive pressure of +0.02" w.c. to all adjacent unclassified areas, and ISO7 or better classification. Alternatively, a negative-pressure HD buffer entered exclusively through a positive pressure non-HD buffer room contains a line of demarcation (LOD) within the negative-pressure buffer room for donning/doffing HD PPE and a method e transport of HDs, HD CSPs, and HD waste into and out of the HD buffer (e.g., pass-through chamber). Pass through chambers are included in semi-annual facility certification. [USP 800 Section 5.3.2]	Yes
C-SEC SINK & SAFETY EQUIPMENT: A sink is available for hand washing and an eyewash station and/or other emergency safety precautions meeting applicable laws and regulations are readily available and located where operation does not interfere with ISO classifications. Sinks are located at least 1 meter from the entrance into the buffer room (or at least 1 meter from the C-PEC in a C-SCA). [USP 800 Sections 5.3 & 5.3.2]	Yes
C-PEC LOCATION, VENTING, & OPERATION: All C-PECs used for sterile HD compounding (e.g., CACIs or BSCs), are located within a C-SEC or C-SCA, externally vented, and maintain an ISO 5 or better air quality. C-PECs operate continuously if supplying some or all the negative pressure in the C-SEC or if used for sterile compounding. During power outages, repairs, or relocation, C-PEC use is suspended immediately. Once C-PEC power is restored, all PEC surfaces are decontaminated, cleaned, and disinfected, and compounding is not resumed until the manufacturer's specified recovery time has elapsed. [USP 800 Section 5.3.2]	Yes
REQUIRED HD PPE: When compounding HDs, gowns, head, hair, shoe covers, and two pairs of chemotherapy gloves are donned per facility SOPs. Chemotherapy gloves are tested to ASTM standard D6978 (or its successor) and are powder free and two pair of chemotherapy gloves are donned per SOP. Gloves are inspected for physical defects. Gloves are changed when torn, punctured, or contaminated. Personnel wash hands with soap and water after removing gloves. HD gowns are disposable, resistant to permeability by HDs, close in back, are long sleeved, closed cuff, and seamless. Gowns are changed per manufacturer's permeation information; if no data is available, HD gowns are change every 2-3 hours or immediately after a spill or splash. Gowns are limited to HD handling areas and are donned over the sterile compounding garment. When compounding, a second pair of shoe covers is donned before entering the C-SEC and doffed when exiting the C-SEC. HD PPE is disposed of appropriately prior to exiting the C-SEC. Chemotherapy gloves and sleeve covers (if used during compounding) are carefully removed and discarded immediately into an appropriate waste container inside of the C-PEC or contained in a sealable bag for discarding outside of the C-PEC. Reusable PPE is decontaminated and cleaned after each use. [USP 800 Section 7]	Yes

EYE AND FACE PROTECTION: Appropriate eye (goggles) and face protection (face shield) are worn when there is a risk for spills or splashes or when working outside of a C-PEC. Surgical masks are not used when respiratory protection is required per SOP and/or AOR as protection from HD exposure. [USP 800 Section 7.4]	Yes
HD TRAINING & COMPETENCY ASSESSMENT: Personnel who handle HDs are trained and demonstrate competency initially before independently handling HDs, annually, and when a new HD medication, process, SOP, or equipment is introduced. Training minimally includes an overview of the entity's HD list and their risks; review of HD SOPs; proper use of PPE, equipment, and devices; prevention of HD exposures and spills; HD exposure and spill response; use of a spill kit, PPE, and NIOSH-certified respirators; and HD disposal. Based on job duties, personnel receive additional HD training in HD acquisition and receipt, preparation, compounding, dispensing, labeling, storage, and transport. Training and competency assessments are documented. [USP 800 Sections 8, 9, 11.1, 16, & 17]	Yes
HD ATTESTATION: Personnel of reproductive capability have a written acknowledgement attesting to their understanding of HD handling risks. [USP 800 Section 8]	Yes
DEDICATED HD EQUIPMENT: Disposable or cleanable equipment for compounding (e.g., mortar and pestle, graduated cylinder, spatulas) is dedicated for use with HDs. [USP 800 Section 13]	Yes
NON-HD COMPOUNDING IN A C-PEC: Non-HDs compounded in a HD C-PEC are placed in protective outer wrapping, labeled for PPE handling precautions, and treated as an HD. The C-PEC worksurface is decontaminated between compounding of different HDs. [USP 800 Section 5.3.2 and Table 3]	N/A
DEACTIVATION, DECONTAMINATION, CLEANING & DISINFECTION (D/D/C/D): Areas where HDs are handled and all reusable equipment and devices are deactivated/decontaminated, and cleaned. Sterile compounding areas and devices are subsequently disinfected. Written procedures for decontamination, deactivation, cleaning, and disinfection are available and followed. Procedures include agents used, dilutions (if used), frequency, and documentation requirements. Agents selected are appropriate for the type of HD contamination(s), location, and surface materials. Sterile 70% IPA is used to remove residue left on sterile surfaces and compounding areas by decontaminating agents. [USP 800 Section 15]	Yes
D/D/C/D TRAINING & PPE REQUIREMENTS: Personnel are trained in deactivation/decontamination, cleaning, and disinfection to protect themselves and the environment from contamination. Personnel wear appropriate PPE resistant to cleaning agents used, including 2 pairs of ASTM-tested chemotherapy gloves and impermeable disposable gowns. Eye protection and face shields are worn if splashing may occur. [USP 800 Section 15]	Yes
C-PEC D/D/C/D: C-PEC is decontaminated at least daily (when used), after as spill, before and after certification, voluntary interruption, or if ventilation tool is removed. The C-PEC worksurface is decontaminated between compounding of different HDs. The area under the work tray of a C-PEC is deactivated, decontaminated, and cleaned at least monthly. [USP 800 Section 15.2]	Yes
HD LABELING, PACKAGING, TRANSPORT & SPILLS HANDLING: Facility follows SOP for the labeling, handling, packaging, and transport of HDs which addresses the prevention of spills/exposures, training for exposure, and spill handling. HD CSPs are identified as hazardous and labeled with special handling precautions. Labeling process for compounded HD products does not introduce contaminated materials into non-HD areas. [USP 800 Section 11 & 11.2]	Yes
SPILL KITS, & SINGAGE: Spill kits are readily available with appropriate supplies, PPE, and signs to restrict access to affected areas. restriction posted, and documentation of spills occur when needed. [USP 800 Section 16]	Yes

X. LYOPHILIZATION

Sterile preparations prepared for lyophilization are maintained in ISO 5 unidirectional laminar flow air throughout sterilization, filling, and transport to the lyophilizer. [64B16-27.797(5) F.A.C.]	
A recorded smoke study is available and demonstrates that transport from the PEC to the lyophilizer is accomplished in ISO 5 laminar flow air at all times. [64B16-27.797(5) F.A.C.]	
The pharmacy has established and follows policies and procedures for the high-level disinfection of the lyophilizer chamber, piping, and all other areas of the unit which pose a potential risk for contamination of the product. [64B16-27.797(5) F.A.C.]	
The pharmacy validated the high-level disinfection procedure initially, and after changes to the cleaning process or agents. Documentation of studies is available for inspection. [64B16-27.797(5) F.A.C.]	
Validation studies for high level disinfection are performed with the 5-aerobic bacterial and fungal ATCC organisms referenced in USP<71> are conducted by an external vendor unless the firm has an internal laboratory capable of performing the studies. An internal laboratory is separate from the compounding and work areas of the pharmacy to prevent contamination in the pharmacy. [64B16-27.797(5) F.A.C.]	
Policies and procedures are established and followed for cleaning the lyophilizer prior to disinfection and include cleaning agents and schedules. Documentation of cleaning is maintained and available for inspection. [64B16-27.797(5) F.A.C.]	
Policies and procedures are established for the maintenance of the lyophilizer and at a minimum include the manufacturers recommendations. [64B16-27.797(5) F.A.C.]	
The maintenance schedule includes provisions for periodic testing of the chamber for leaks and all other recommended procedures described by the equipment manufacturer. Documentation of routine maintenance is available for inspection. [64B16-27.797(5) F.A.C.]	
SOPs and quality assurance program established to include validation of the filling process, container closure integrity, frequent monitoring of fill volumes, identification of over fills and underfills, assessment of personnel involved in compounding for lyophilization, equipment qualification, formula verification, and evaluation of finished product for conformance to specifications. [64B16-27.797(5) F.A.C.]	
The pharmacy has provisions for sterilizing, with filters, the inert gas or air used for backfilling during the vacuum release phase. These Sterilizing filters undergo the manufacturers recommended integrity test. [64B16-27.797(5) F.A.C.]	
Media fills are conducted every six months using the maximum batch size and demonstrate the filling, transport to the lyophilizer, loading and stoppering operations. Media is NOT frozen during the media fill operation. [64B16-27.797(5) F.A.C.]	
Personnel preparing sterile compounds for lyophilization wear sterile Personal Protective Equipment that covers all exposed skin. [64B16- 27.797(5) F.A.C.]	
Glove Fingertip Sampling is performed with every batch after fill and transport into the lyophilizer on all personnel compounding for lyophilization. The results are incorporated into the batch record. [64B16-27.797(5) F.A.C.]	
In-process acceptance criteria such as color, moisture limits and visual appearance are established for each lyophilized product. [64B16- 27.797(5) F.A.C.]	
A 100% visual examination of the finished product is conducted to determine that the product conforms to the established visual criteria and is incorporated into the batch record. [64B16-27.797(5) F.A.C.]	
Finished product testing is conducted on all batches. Procedures have been established for selecting test samples from the batch and are written and followed. Such procedures may include location of vials in the lyophilizer and positions in the fill line. [64B16-27.797(5) F.A.C.]	
Finished product testing includes sterility testing using a USP<71> method unless an alternative test method has been validated and shown to be equivalent or better. Diluents used to reconstitute the sample vials for testing are preservative free. [64B16-27.797(5) F.A.C.]	

Each batch of lyophilized product with a beyond use date that falls within the USP<797> guidelines and is not tested for sterility, has viable air and surface sampling that is collected in critical areas of ISO 5 locations as well as sampling of the gloves and sleeves of personnel documented in the batch record. [64B16-27.797(5) F.A.C.]	
Every lyophilized product has established endotoxin levels Each batch of lyophilized product is tested for endotoxin in accordance with USP<85> and confirmed to fall within the set limits and documented in the batch record. [64B16-27.797(5) F.A.C.]	
Potency, radiochemical purity, or applicable test to assure label claim is conducted on every batch and documented in the batch record. In lieu of potency testing, weight-based verification may occur based on formula verification. Potency testing shall be based on the USP monograph if one is available. [64B16-27.797(5) F.A.C.]	

Y. SPECIAL PARENTERAL ENTERAL & EXTENDED SCOPE

Technicians properly identified. [64B16-27.100 (2) F.A.C.]; [64B16-27.4001 F.A.C.]; [64B16-27.410 F.A.C.]; [64B16- 27.420 F.A.C.].	
Medication is properly labeled for dispensing to patient. [64B16-28.108(2) F.A.C.]	
Outdated medications removed from active stock. [64B16-28.110 F.A.C.]; [64B16-28.1191 F.A.C.]	
Continuous Quality Improvement Program described in the Pharmacy policy and procedure manual and quarterly summarization of Quality Related Events are available for inspection. [64B 16 27.300 F.A.C.]; [766.101 (1) (a)(i) F.S.]	
Pharmacy maintains patient profile with allergy information and medications dispensed. [64B16-27.800, F.A.C.]	
All controlled substance prescriptions (electronic, faxed, verbal and written) contain required information. [893.04(a)(b)(c) F.S.]; [21CFR1306.05]	
Prescriptions for controlled substances are on counterfeit-proof prescription pads or blanks purchased from a department-approved vendor and the quantity and date meet the requirements of [456.42(2), F.S.].	
Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a), F.S.] [21CFR1304.11] [21CFR1304.04]	
DEA 222 forms properly completed or records of CSOS orders electronically completed, linked to the original order, archived and retrievable. [893.07(2) F.S.]; 21CFR 1305.13(e)]; [21CFR1305.22(g)]	
Controlled substance records and prescription information in computer system are retrievable and maintained for 4 years. [21CFR1304.04]; [465.022(12) (a) F.S.]; [21CFR1306.22]; [64B16-28.140 F.A.C.]	
Certified daily log or signed printout maintained. [21CFR1306.22(f)(3)]; [64B16-28.140(3)(d) F.A.C]	
Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4) (3)(a), F.S.]	
Invoices for medications purchased from a Florida licensed wholesaler/distributor are retrievable for inspection. [499.005 (14) F.S.]	
A special sterile products and parenteral/enteral compounding pharmacy provides telephone accessibility to its pharmacist(s) for its patients at all hours. [64B16-28.820(3)(b)]	
A special sterile products and parenteral/enteral compounding pharmacy provides special handling and packaging of compounded parenteral and enteral preparations when delivering from the pharmacy to the patient or institution as required to maintain stability of the preparations. [64B16-28.820(3)(b)]	

Z. Miscellaneous

BLOOD-DERIVED OR BIOLOGICAL MATERIAL MANIPULATIONS: Compounding activities that require the manipulation of a patient's blood-derived or other biological material (e.g., autologous serum), are clearly separated from other compounding activities and equipment used in CSP preparation activities and controlled by specific SOPs to avoid cross-contamination. [USP 797 Section 1.1.2]	
ALLERGENIC EXTRACTS: Licensed allergenic extracts are mixed and diluted to prepare prescription sets for administration to patients. A prescriptions set is a vial or set or vials of premixed licensed allergenic extracts for subcutaneous immunotherapy that have been diluted with an appropriate diluent for an individual patient. Compounding allergenic extracts 1) minimally complies with all aspects of USP <797> Section 21; 2) involves transfer via sterile needles and syringes of conventionally manufactured sterile allergen products and appropriate conventionally manufactured sterile added substances; and 3) manipulations are limited to penetrating stoppers on vials with sterile needles and syringes and transferring sterile liquids in sterile syringes to sterile vials. If these conditions are not met, compounding of allergenic extracts follows all aspects of USP <797>. [USP 797 Sections 1.1.2 and 21]	

Corrective Action Plan

A corrective action plan is required to be submitted within 30 days for the non-compliant items listed above. [64B16-27.797(5), F.A.C.]	Yes

Remarks:

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

RE: Pharmacy Permit 36016 - Special Sterile Compounding

The State of Florida Department of Health Investigative Services, represented by Manuel Diz completed an inspection on February 19 and February 20, 2026. A Corrective Action Plan or follow up was requested by the inspector for deficiencies listed on INV797 USP Sterile Compounding:

L. CATEGORY 3 CSPs, BUDs, & RELATED REQUIREMENTS
PARTICULATE MATTER TESTING: Category 3 injectable CSPs undergo USP <788> (Particulate Matter in Injections) and ophthalmic solutions undergo USP <789> (Particulate Matter in Ophthalmic Solutions) test once per formulation with acceptable results. [USP 797 Section 14.3.3]

Particulate testing has been completed on all formulations and passing results have been achieved for all formulations. All results from Pharmetric Labs are attached for review.

ANTIMICROBIAL EFFECTIVENESS TESTING FOR MULTI-DOSE CSPs: Aqueous multiple-dose CSPs (e.g., injectables and ophthalmic) pass USP <51> compliant antimicrobial effectiveness testing once for each unique formulation and each container closure system in which it is packaged. Bracketing studies are allowed. [USP 797 Section 14.5 & 16.1]

Antimicrobial Effectiveness Testing (AET) has been submitted to Pharmetric Labs for all formulations. AET testing takes over 90 days to complete so final results are not yet available, but as results become available, the pharmacy shall forward all results.

CONTAINER CLOSURE TESTING: Container closure integrity testing is performed once for each unique CSP formulation and container closure system in which it is packaged. For multi-dose (i.e., preserved multi-dose CSPs), container closure integrity testing is also performed per fill volume for each unique CSP formulation and container closure system. [USP 797 Sections 14.3.3 & 14.5]

Container Closure Testing (CCT) and Container Closure Integrity Test (CCIT) Validation has been submitted to Pharmetric Labs for all formulations (aqueous and oil) and volumes. CCT/CCIT testing takes over 90 days to complete so final results are not yet available, but as results become available, the pharmacy shall forward all results.

If there are any questions or to request additional information, please do not hesitate to contact me.

Respectfully,

Michael Clurman, PharmD

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President (title) for All Discount Pharmacy, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, David M Phillips hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the PIC (title) for All Discount Pharmacy, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

David M. Phillips

Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a), F.S.] [21CFR1304.11] *Policy in place, upon inventory stocking, BiAnnual will commence as per statute*	Yes
DEA 222 forms properly completed or records of CSOS orders electronically completed, linked to the original order, archived and retrievable. [893.07(2), F.S.] [21CFR 1305.13(e)] [21CFR1305.22(g)]	Yes
Controlled substance records and prescription information in computer system are retrievable and maintained for 4 years. [465.022(12)(a), F.S.] [64B16-28.140, F.A.C.] [21CFR1306.22] [21CFR1304.04]	Yes
Pharmacy is reporting to law enforcement any instance of fraudulent prescriptions within 24 hours or close of business on next business day of learning of instance. Reports include all required information. [465.015(3), F.S.] *Policy in place, no instances*	Yes
Record of theft or significant loss of all controlled substances is being maintained and reported to the sheriff and board within 24 hours of discovery. [893.07(5)(b), F.S.] [465.022(11)(b), F.A.C.] *Policy in place, no instances*	Yes
Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4)(3)(a), F.S.]	Yes

Pharmacy Ships Medicinal Drugs to Patients [64B16-28.10801, F.A.C]

Pharmacy has policies and procedures in place to provide instructions to the patient on reporting concerns with delivery and storage of medicinal drugs.	Yes
Pharmacy has policies and procedures in place to ensure that medicinal drugs are not adulterated at the time of receipt by the patient or their agent.	Yes

Automated Pharmacy System [465.0235, F.S.]

Pharmacy maintains a record of the medicinal drugs dispensed, including the identity of the pharmacist responsible for verifying the accuracy of the dosage and directions and providing patient counseling.	

Pharmacy maintains written policies and procedures to ensure the proper, safe, and secure functioning of the automated pharmacy system for a minimum of 4 years.	

Pharmacy engages in Centralized Prescription Filling [64B16-28.450, F.A.C.]

Pharmacies have the same owner or have a written contract specifying the services to be provided by each pharmacy.	
The central fill pharmacy is identified by name and address or a by a code available at the originating pharmacy.	
Current P&P Manual available for inspection designating at minimum: types of medications that may be filled, procedures for communicating orders, procedures for securely transporting the filled prescriptions.	
If a controlled substance, the word "central fill" appears on the face of the original prescription.	
The originating pharmacy keeps a record of receipt of the filled prescription, including the date of receipt, method of delivery and the name of the originating pharmacy's employee accepting delivery.	

Internet Pharmacy

A toll-free telephone number is provided to facilitate communication between patients in this state and a pharmacist at the pharmacy who has access to the patient's records. [465.0197 (3)(e), F.S.]	
Toll free number is disclosed on the label affixed to each container of dispensed medicinal drugs. [465.0197(3)(e), F.S.]	
Documentation of a valid, unexpired pharmacy license, permit or registration in the state in which the dispensing facility is located and from which the medicinal drugs shall be dispensed. [465.0197(3)(a) F.S]	

HIV Infection Prevention Drugs

Pharmacists are screening, ordering or dispensing HIV postexposure prophylaxis drugs under a written Collaborative Practice Agreement. [465.1861, F.S.]	
An access-to-care plan has been submitted to the board office and is in place to assist patients in gaining access to appropriate care settings when they present to a pharmacist for HIV screening and indicate that they lack regular access to primary care. [465.1861, F.S.]	

Remarks:

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

RE: License Certification for All Discount Pharmacy, Llc

To Whom It May Concern:

This is to certify the following information, maintained in the records of the Department of Health:

PROFESSION:	Pharmacy
LICENSE NUMBER:	PH35932
ORIGINAL CERTIFICATION:	08/18/2025
EXPIRATION DATE:	02/28/2027
CURRENT STATUS OF LICENSE:	Clear,
AGENCY ACTION:	No
LICENSE GRANTED BY:	N/A
OTHER CERTIFICATIONS:	Community Pharmacy, Schedule Ii & Iii

To expedite the verification process, the above format is the standard format for all license certifications. If you have questions regarding the status of this license, please call the Customer Contact Center at (850) 488-0595, option 5.

Sincerely,

Michelle Burns
Michelle Burns
Operations and Management Consultant Manager

Your license number is PH 35932.

Please use it in all correspondence with your board/council. Each licensee is solely responsible for notifying the Department in writing of the licensee's current mailing address and practice location address. If you have not received your renewal notice 90 days prior to the expiration date shown on this license, please visit www.FLHealthSource.gov and click "Renew A License" to renew online.

The Medical Quality Assurance Online Services Portal gives you the ability to manage your license to perform address updates, name changes and much more.

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Tanvi Patel hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Vice President (title) for PillPack LLC dba Amazon Pharmacy #016 (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

PillPack LLC dba Amazon Pharmacy #016 has no discipline. The following disciplinary actions are associated with PillPack LLC and reportable here as an owner of PillPack LLC dba Amazon Pharmacy #016

PillPack, LLC - Pharmacy Disciplinary Summary

In December 2014 PillPack, Inc.'s renewal for the out of state pharmacy license for Alabama was denied as there was a change of rule that required that PillPack, Inc. have an Alabama licensed pharmacist named on the permit. PillPack, Inc. immediately contacted the Alabama board and informed them they would have two pharmacists licensed as soon as possible. The Board indicated that the facility would still be able to ship during the interim period. Two pharmacists were scheduled to appear before the board at their February meeting. Unfortunately the February meeting was canceled due to inclement weather in Alabama. The pharmacists attended the March meeting and both were granted an Alabama pharmacist license. PillPack, Inc. assumed that the denied application would then be approved. This was not the case and upon checking with the board PillPack, Inc. was told they would have to resubmit the renewal license application, which was done. When PillPack, Inc. received their new license they were cited for shipping medication to Alabama without an active license and asked to sign a consent form with a $500.00 penalty. PillPack, Inc. signed off on that order and paid the administrative fee. The PIC for Alabama was also assessed a $500.00 fee and a similar consent form.

On November 2, 2021, PillPack by Amazon Pharmacy located at 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101 (the "Pharmacy"), entered into Agreed Board Order #2019-05709 with the Texas Board of Pharmacy to resolve allegations that a pharmacist incorrectly verified the data entry of a new facsimile prescription for a patient calling for a look-alike sound-alike medication. This letter constitutes notice of the Texas Board of Pharmacy's imposition of a reprimand requiring that the Pharmacy implement a Continuous Quality Improvement Program for purposes of preventing and handling dispensing errors. A copy of the Agreed Board Order is attached for your reference. Importantly, the Board's Order does not impose any restrictions on the Pharmacy's ability to provide pharmacy services.

On May 2, 2022, PillPack LLC entered into a settlement with the federal government related to how it dispensed and billed for insulin pen prescriptions from 2014 to November 2019. Patient health and wellness is at the core of everything we do. A 2019 review of our insulin pen dispensing and billing practices indicated that some customers may have received more insulin pens than their pharmacy benefits plan allowed. This review resulted in Amazon Pharmacy changing its practice. Amazon Pharmacy's historical practices did not have an impact on patient safety and neither patients nor the government were charged for more insulin pens than what was dispensed. It should be noted that nothing in this settlement impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

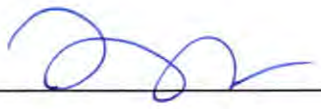
On June 20, 2022, PillPack by Amazon Pharmacy located at 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101 (the "Pharmacy"), entered into a Settlement Agreement with the Hawaii Board of Pharmacy (the "Settlement Agreement"). This Settlement Agreement was accepted by the Hawaii Board of Pharmacy on July 29, 2022. This Settlement Agreement is a result of follow-on discipline from the Hawaii Board of Pharmacy related to discipline the Pharmacy received from the Texas Board of Pharmacy on November 5, 2021. We previously notified you of the underlying Texas discipline on November 5, 2021. Importantly, the Board's Order does not impose any restrictions on the Pharmacy's ability to provide pharmacy services.

On December 24, 2022, The Missouri State Board of Pharmacy has elected to enter into a settlement agreement with PillPack LLC dba PillPack by Amazon Pharmacy [MO permit number 2018043786], effective

December 24, 2022 as a follow-on to the settlement agreement entered into between PillPack LLC and the federal government, related to how the pharmacy dispensed and billed for insulin pen prescriptions from 2014 to November 2019, a notice of which was provided to this board on or about 5/2/2022. This discipline is a Public Censure and it should be noted that nothing in the aforementioned settlement impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

On June 21, 2023, The Hawaii Regulated Industries Complaints Office (RICO) elected to enter into a settlement agreement with PillPack LLC dba PillPack by Amazon Pharmacy [HI permit numbers PMP-891, PMP-1728, PMP-1579, PMP-1760, PMP-1790, PMP-1839], as a follow-on to the settlement agreement entered into between PillPack LLC and the federal government, related to how the pharmacy dispensed and billed for insulin pen prescriptions from 2014 to November 2019, a notice of which was provided to this board on or about 5/2/2022. It should be noted that nothing in the aforementioned negotiation impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

On June 28, 2023, PillPack LLC dba PillPack by Amazon Pharmacy [NH permit 0796] entered into a Settlement Agreement with the U.S. Department of Justice ("DOJ"). This Settlement resolves alleged violations of the recordkeeping provisions of the Controlled Substances Act made by the Drug Enforcement Administration based on an inspection conducted in October 2020. Amazon Pharmacy has cooperated with the DOJ in coming to this resolution and continues to take patient safety and compliance seriously.
It should be noted that nothing in this Settlement Agreement impacts Amazon Pharmacy's ability to practice pharmacy or service customers.



On February 14, 2024, PillPack entered into a Settlement Agreement with the Office of Inspector General (OIG). This settlement is a result of voluntary self-disclosures to the OIG in 2022 and 2023. The first disclosure related to the OIG's contention that the Pharmacy accepted and honored pharmaceutical manufacturers' copayment coupons and other copayment assistance programs for federal health care payers between January 1, 2017 and June 30, 2022. The second relates to OIG's contention that during the period from November 2, 2017 through January 2, 2023, PillPack provided prescription drugs exceeding the prescribed amount in certain circumstances and billed Medicare, Medicaid, and TRICARE for those prescription drugs. Both self-disclosures impacted a very small percentage of billed claims. The settlement reflects OIG's determination that PillPack receive a benefit for voluntarily disclosing the conduct and cooperating with the agency in the resolution of the matter. PillPack remains committed to patient safety and operating in full compliance with all applicable rules and regulations. This Agreement is not an admission of liability by PillPack. It should be noted that nothing in this Settlement Agreement impacts PillPack's ability to practice pharmacy or service customers.

On April 23, 2024, The Hawaii Regulated Industries Complaints Office (RICO) elected to enter into its own settlement agreement with PillPack LLC dba PillPack by Amazon Pharmacy (HI permit numbers PMP-891) as a follow-on to the settlement agreement entered into between PillPack LLC dba PillPack by Amazon Pharmacy and the U.S. Department of Justice ("DOJ"), related to the resolution of alleged violations of the recordkeeping provisions of the Controlled Substances Act made by the Drug Enforcement Administration based on an inspection conducted in October 2020, a notice of which was provided to this board on or about 6/28/2023. It should be noted that nothing in the aforementioned negotiation impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

On February 19, 2025, PillPack LLC dba PillPack by Amazon Pharmacy [IL permit 054.021076]

entered into a Settlement Agreement with the Illinois Department of Financial and Professional Regulation. This Agreement is a follow-on to previously reported matters between PillPack LLC and the Texas Board of Pharmacy, the Southern District of New York, and the Department of Justice. Each of the aforementioned matters were previously reported to this board. Amazon Pharmacy has cooperated with the Illinois Department of Financial and Professional Regulation in coming to this resolution, and remains committed to patient safety and operating in full compliance with all applicable rules and regulations. This Agreement is not an admission of liability by Amazon Pharmacy. Nothing in this Settlement Agreement impacts Amazon Pharmacy's ability to practice pharmacy or service customers.

On November 24, 2025, PillPack by Amazon Pharmacy entered into a Settlement Agreement with The Ohio State Board of Pharmacy, as a follow-on to the Settlement entered into between PillPack LLC and the Office of Inspector General (OIG), related to voluntary self-disclosures to the OIG in 2022 and 2023, which was previously disclosed to this Board. It should be noted that nothing in this Settlement Agreement impacts PillPack's ability to practice pharmacy or service customers. PillPack remains committed to patient safety and operating in full compliance with all applicable rules and regulations.

PILL PACK
250 Commercial Street – Suite 2012
Manchester, NH 03101

Dear Ms. Croteau:

According to our records and investigation, you have engaged in the selling, offering for sale, compounding or dispensing drugs during 2015 without first having received your permit in violation of Code of Alabama (1975) §34-23-30. Based on this conduct, you are subject to discipline pursuant to Code of Alabama (1975) §34-23-33(7).

As a result, this letter is to inform you of two (2) options. First you can waive various rights to which you are entitled, including but not limited to, a notice of charges, hearing, counsel presentation of evidence against you, cross-examination, etc., admit your guilt and sign a Consent Order. This sanction will be a fine in the amount of Five Hundred Dollars ($500.00) which must be submitted at the same time as the signed Consent Order.

Your second option is to contest the allegations set forth in this letter and in that case the Board will schedule an administrative disciplinary hearing and serve you with a notice of charges.

It should also be understood that you will not be allowed to continue to operate as a pharmacy until a Consent Order is signed or in the event you desire an administrative disciplinary hearing, until a Final Order is issued which may allow you to practice.

If you desire to accept the first option set forth above, please sign where indicated below. By accepting this option, you understand and acknowledge that you are freely and voluntarily waiving certain rights to which you are entitled as set forth in the Alabama Pharmacy Practice Act and the Alabama Administrative Procedure Act, including but not limited to those rights set forth in this letter. If your acceptance of this option is not received within ten (10) days from the date of this letter, the Board will assume you contest

Exhibit "A"

the referenced allegations and will schedule a hearing.

Sincerely,

FOR THE ALABAMA STATE BOARD OF PHARMACY

Susan P. Alverson

Susan P. Alverson, D.P.A., RPh
Alabama State Board of Pharmacy

I hereby agree to plead guilty to a violation of Code of Alabama (1975) Section 34-23-33(7) and accept the sanctions set forth in this letter. I understand that I will be required to sign a Consent Order which will incorporate my plea of guilt, punishment and other standard provisions, such as a provision acknowledging my waiver of rights and procedures pursuant to the Alabama Pharmacy Practice Act and the Alabama Administrative Act and my release of the Board or its agents from any liability in connection with this matter.

IN THE MATTER OF:

PILL PACK
Non- Resident Pharmacy
Permit #114193/202198

) BEFORE THE ALABAMA STATE
)
)
) BOARD OF PHARMACY
)

CONSENT ORDER

THIS case came before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against PILL PACK (hereinafter referred to as "PILL") relating to engaging in the selling, offering for sale, compounding or dispensing drugs during the year 2015 without first receiving your permit from the Board required by Code of Alabama (1975) §34-23-30 in violation of Code of Alabama (1975), §34-23-33(7) as more specifically set forth in Exhibit "A" hereto:

Prior to a hearing in this case, PILL pled guilty to violating Code of Alabama (1975) §34-23-33(7), based upon engaging in the selling, offering for sale, compounding or dispensing of drugs during the year 2015 without first having your permit with the Board by evidenced by your execution of Exhibit "A". Accordingly, pursuant to Code of Alabama (1975) §§ 34-23-33 and 41-22-12(e), the matters at issue have been resolved informally by the parties and the parties have agreed that this Consent Order can be entered and include the following terms:

1. That PILL is guilty of violating Code of Alabama (1975) §34-23-33 (7) by engaging in the selling, offering for sale, compounding or dispensing drugs during the year 2015 without first having renewed your permit with the Board in violation of Code of Alabama (1975) §34-23-30.

2. That PILL shall pay to the Board simultaneously with the

execution of this Consent Order a fine in the amount of Five Hundred Dollars ($500.00). This obligation of payment to the Board shall not be dischargeable in bankruptcy and PILL shall not attempt to discharge the same in any bankruptcy proceeding.

3. By execution of this Consent Order PILL hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and complaint.

4. That PILL expressly waives their rights pursuant to the Alabama Pharmacy Practice Act, Code of Alabama (1975) §34-23-1 et seq., and the Alabama Administrative Procedure Act, Code of Alabama (1975) §41-22-1 et seq., including but not limited to Code of Alabama (1975) §§§§§34-23-34, 34-23-92(7) and (12), 34-23-94, 41-22-12 and 41-22-20, and including but not limited to a statement or notice of charges and the opportunity for a hearing before the Board in connection with any charges against PILL. PILL further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975) §41-22-18.

5. That PILL agrees that any future violation of the Alabama Pharmacy Practice Act, the rules and regulations of the Alabama State Board of Pharmacy or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against their license.

Source: ~ ALABAMA@NICK

Original document #: 176675 received on 8/10/2015 11:00 AM EDT

6. That PILL acknowledges, stipulates and agrees that they have read this Consent Order and that they fully understand the terms, conditions and contents of the same. PILL acknowledges, stipulates and agrees that they voluntarily and of their own free will accepts the terms and conditions set out in this Consent Order and is executing this Consent Order freely and voluntarily without coercion, duress or threats or pursuant to any promises.

DONE this the 20th day of JUNE, 2015.

Re: Notice of Agreed Board Order for license PH03946

Dear Mr. Dave Wuest,

On November 2, 2021, PillPack by Amazon Pharmacy located at 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101, Board license number PH03946 (the "Pharmacy"), entered into Agreed Board Order #2019-05709 with the Texas Board of Pharmacy to resolve allegations that a pharmacist incorrectly verified the data entry of a new facsimile prescription for a patient calling for a look-alike sound-alike medication. This letter constitutes notice of the Texas Board of Pharmacy's imposition of a reprimand requiring that the Pharmacy implement a Continuous Quality Improvement Program for purposes of preventing and handling dispensing errors. A copy of the Agreed Board Order is attached for your reference. Please let us know if you request a fully executed copy of the Order, if so, we can provide it upon receipt from the Texas Board of Pharmacy.

Importantly, the Board's Order does not impose any restrictions on the Pharmacy's ability to provide pharmacy services.

If you have any questions about this notice, please feel free to contact Bethany Francis, our Pharmacist-In-Charge, at bethany@pillpack.com.

Sincerely,

Bethany Francis, Pharmacist-in-Charge

AGREED BOARD ORDER #2019-05709

RE: IN THE MATTER OF
PILLPACK BY AMAZON PHARMACY
(PHARMACY LICENSE #29030)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 29030 issued to PillPack by Amazon Pharmacy (Respondent), 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101.

By letter dated February 4, 2021, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 565.001(a)(1), (2), (12) and (13); and 565.002(a)(3) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2019);

Sections 281.7(a)(12) and (13); 291.31(1), (15), (16) and (17); 291.32(c)(1)(E) and (F); 291.32(c)(2)(B) and (D); 291.104(a)(15); and 295.3(b) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2020); and

Section 431.021(r) of the Texas Food, Drug, and Cosmetic Act, TEX. HEALTH & SAFETY CODE ANN. (2017), in that allegedly:

COUNT

On or about May 8, 2019, a pharmacist of PillPack by Amazon Pharmacy, 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101, incorrectly verified the data entry of a new facsimile prescription for patient S.G. calling for clomiphene 50 mg tablets as calling for clomipramine 50 mg capsules. The prescription was incorrectly data entered into the pharmacy's data processing system by a pharmacy technician. The prescription was dispensed to patient S.G. in a prescription vial labeled 30 clomipramine 50 mg capsules with directions to "take 1 capsule by mouth twice daily." Subsequently, on or about June 10, 2019, a refill of the incorrectly verified prescription was dispensed to patient S.G. Patient S.G. took the wrong drug until the error was identified after the prescription was refilled and reported experiencing adverse effects, including vision changes, irritability, and decreased libido. The prescription was assigned prescription number 63432299.

An informal conference was held via videoconference on September 9, 2021, with Emily Haugh, R.Ph.; Christopher Rochon, R.Ph., Senior Pharmacist-in-Charge Manager, Pharmacy Risk Management, on behalf of Respondent; and Robert Wolin, Legal Counsel for Respondent, in attendance. The informal conference was heard by a Board panel comprised of: Donna

Montemayor, R.Ph., Board Member; Rick Tisch, Board Member; and Tim Tucker, Pharm.D., Executive Director/Secretary; with Megan G. Holloway, General Counsel. Mary Martha Murphy, Assistant General Counsel, was also in attendance.

By signing this Order, Timothy Parker, Managing Officer, PillPack LLC, on behalf of Respondent, and Respondent's counsel neither admit nor deny the truth of the matters previously set out in this Order, and agree that the Board has jurisdiction in this matter and waive the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent's license is reprimanded.

(2) Respondent shall develop and implement policies and procedures for a Continuous Quality Improvement Program for purposes of preventing and handling dispensing errors. The Continuous Quality Improvement Program shall include pharmacist peer review in compliance with guidelines approved by Board staff. In addition, the policies and procedures for pharmacist peer review shall state that:

(a) The peer review committee will:

- review incident reports;
- determine what caused errors;
- make recommendations to correct the problem that caused the errors; and
- monitor the changes to determine if the changes have improved the operation of Respondent and reduced errors.

(b) The peer review committee must be comprised of at least two employees of Respondent, including the pharmacist-in-charge and other pharmacist(s) or personnel who are employees of Respondent. The committee shall not be solely comprised of a district or regional manager/supervisor and the pharmacist-in-charge and shall not be used for personnel evaluation purposes.

(c) The peer review committee will meet regularly, and no less than quarterly.

(d) The peer review committee will make a record indicating:

- date of meeting;
- location of meeting;
- names of persons attending the meeting;

- description of activities;
- discussion of problems in Respondent's operation (e.g., work flow, dispensing process);
- findings;
- description of recommendations; and
- review of actions or changes relating to individuals, systems, or processes made as a result of previous recommendations.

(3) Respondent shall submit a report and/or documentation of such policies and procedures to Board staff within one hundred twenty (120) days after the entry of this Order. Copies of forms used by Respondent to collect the data on errors committed at the pharmacy (i.e., incident report forms) must be submitted to Board staff, as well as any other peer review forms that have been developed by Respondent. Additionally, records of the peer review committee, as described in subparagraph (d) above, shall be maintained for two (2) years at the location of Respondent and made available for inspection by Board employees.

(4) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(5) Respondent shall allow Board staff to directly contact Respondent on any matter regarding the enforcement of this Order.

(6) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2021), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2021).

DocuSign Envelope ID: 19D459B7-869B-43F2-B853-D298F062623E

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

SIGNED AND ENTERED ON THIS 2nd day of November, 2021.

VIA UPS AND EMAIL - pharmacy@pharmacy.nv.gov

Nevada State Board of Pharmacy
985 Damonte Ranch Pkwy Ste 206
Reno,NV 89521

To Mr. Dave Wuest:

We are writing on behalf of the Amazon pharmacies licensed by your state PH03946, PH03870, PH03741, PH03988, PH04407, PH04408, and PH04409 (collectively, "Amazon Pharmacy"). We are writing to inform the Nevada State Board of Pharmacy that on 5/2/2022, PillPack LLC entered into a settlement with the federal government related to how it dispensed and billed for insulin pen prescriptions from 2014 to November 2019.

Patient health and wellness is at the core of everything we do. A 2019 review of our insulin pen dispensing and billing practices indicated that some customers may have received more insulin pens than their pharmacy benefits plan allowed. This review resulted in Amazon Pharmacy changing its practice. Amazon Pharmacy's historical practices did not have an impact on patient safety and patients nor the government were charged for more insulin pens than what was dispensed.

It should be noted that nothing in this settlement impacts Amazon Pharmacy's ability to practice pharmacy or serve customers. If you have any questions or require additional information, please contact Nick Guletsky at Nick@pillpack.com.

Thank you,

Nick Guletsky
Senior Manager, Quality and Compliance

UNITED STATES DISTRICT COURT

UNITED STATES OF AMERICA, ALASKA, CALIFORNIA, COLORADO, CONNECTICUT, DELAWARE, FLORIDA, GEORGIA, HAWAII ILLINOIS, INDIANA, IOWA, LOUISIANA, MARYLAND, MASSACHUSETTS, MICHIGAN, MINNESOTA, MONTANA, NEVADA, NEW HAMPSHIRE, NEW JERSEY, NEW MEXICO, NEW YORK, NORTH CAROLINA, OKLAHOMA, RHODE ISLAND, TENNESSEE, TEXAS, VERMONT, VIRGINIA, WASHINGTON and the DISTRICT OF COLUMBIA *ex rel.* JOHN ERICKSON and DAVID BARRY,

Plaintiffs,

v.

AMAZON.COM, INC. and AMAZON PILLPACK f/k/a PILLPACK, LLC,

Defendants.

UNITED STATES OF AMERICA,

Plaintiff-Intervenor,

v.

PILLPACK LLC,

Defendant.

STIPULATION OF SETTLEMENT

WHEREAS, this Stipulation of Settlement ("Stipulation") is entered into by and among plaintiff the United States of America (the "United States" or the "Government"), by its attorney, Damian Williams, United States Attorney for the Southern

District of New York; the relators John Erickson and David Barry ("Relators"), by their authorized representatives; and defendant PillPack LLC ("PillPack" or "Defendant", and together with the Government and Relators, the "Parties"), by its authorized representatives;

WHEREAS, PillPack is an online retail pharmacy headquartered in Manchester, New Hampshire, that is licensed to dispense prescription drugs to patients in all 50 states and the District of Columbia;

WHEREAS, PillPack is a wholly-owned subsidiary of Amazon.com, Inc. ("Amazon"), the online retailer headquartered in Seattle, Washington. In September 2018, Amazon acquired the corporate predecessor of PillPack, PillPack, Inc., which was founded in 2013 and began serving customers in 2014;

WHEREAS, on or about July 18, 2019, Relators filed a complaint ("Relator Complaint") under the *qui tam* provisions of the False Claims Act ("FCA"), 31 U.S.C. § 3729 *et seq.*, and comparable state false claims and insurance fraud laws, against Amazon, and Amazon PillPack f/k/a PillPack, LLC alleging, among other things, that they engaged in a pattern of submitting false claims to Medicare and Medicaid seeking reimbursement for insulin pens dispensed to patients that exceeded the amounts prescribed by the patients' physicians for the time periods specified in the claims;

WHEREAS, the Government alleges that from April 2014 through November 2019 (the "Covered Period"), PillPack violated the FCA by submitting to Government Healthcare Programs, including Medicare, Medicaid, TRICARE, and the Federal Employees Health Benefits Program ("FEHBP," and collectively, "GHPs"), reimbursement claims for insulin pens[1] that falsely under-reported the days-of-supply (*i.e.*, the number of days that insulin pens should last if the patient used insulin according to the prescribers' directions for use) and were dispensed substantially

[1] A list of the types of insulin pens relevant to this Stipulation, by brand names and by national drug codes, is attached as Exhibit A herein.

earlier than the patients actually needed insulin pen refills according to the prescribers' instructions; and that, due to this practice, the GHPs reimbursed Defendant for more insulin than certain patients needed. The conduct described in this Paragraph is the "Covered Conduct" for purposes of this Stipulation;

WHEREAS, on or about April 21, 2022, the Government filed a Notice of Election to Intervene and Complaint-In-Intervention in the above-referenced *qui tam* action (the "Government Complaint"), in which it asserts claims against Defendant under the FCA for the Covered Conduct;

WHEREAS, in February 2020, the U.S. Attorney's Office for the Southern District of New York ("SDNY") contacted Defendant about SDNY's ongoing investigation of the Covered Conduct. Subsequently, counsel for PillPack informed SDNY that PillPack weeks before had started to prepare a submission to the U.S. Department of Health and Human Services Office of the Inspector General ("OIG") related to the Covered Conduct in order to request acceptance into OIG's Healthcare Fraud Self-Disclosure Protocol (the "Request"). On or about May 8, 2020, PillPack submitted the Request to OIG. OIG subsequently denied the Request;

WHEREAS, Defendant intends to enter into separate settlement agreements with a number of States and the District of Columbia named as plaintiffs in this Action (collectively, the "States") to resolve claims asserted by the States under state false claims laws for the Covered Conduct (the "State Settlements"), and has agreed to pay a total of $175,522.55 to the States pursuant to the State Settlements;

WHEREAS, the Relators' claim to a share of the proceeds from the settlement of claims arising from the Relators' Complaint is the subject of a separate agreement between the Relators and the United States;

WHEREAS, the Parties have, through this Stipulation, reached a mutually agreeable resolution addressing the claims asserted against Defendant in the Government Complaint and the Relator Complaint, for the Covered Conduct;

NOW, THEREFORE, IT IS HEREBY AGREED THAT:

TERMS AND CONDITIONS

1. The Parties agree that this Court has subject matter jurisdiction over this action and consent to this Court's exercise of personal jurisdiction over each of them.

2. Defendant admits, acknowledges, and accepts responsibility for the following conduct (the "Admitted Conduct"):

a. Insulin "pens" are a common way for diabetic patients, including GHP beneficiaries, to self-administer insulin. Manufacturers distribute the insulin pens relevant here in tamper-evident cartons containing between two and five pens and with labeling approved by the U.S. Food and Drug Administration ("FDA")[2]. Insulin pens are most frequently marketed in carton sizes containing five 100 unit/mL pens. In the five-pen boxes, each pen consists of a syringe, which contains 300 units (3 mL) of insulin solution, inside a hard plastic case. A box of five pens contains 1500 (15 mL) units of insulin solution.

b. FDA classifies the insulin pens relevant here as prescription drug products. Pharmacies can dispense such pens to patients only with valid prescriptions from licensed prescribers. Valid insulin prescriptions must set forth the "directions for use," which typically designate both how much insulin to administer (*e.g.*, 10 units) and the frequency and/or timing of when to administer it (*e.g.*, once a day at bedtime).

c. At all relevant times, when PillPack sought reimbursement for insulin pens from GHPs, it was required to report, among other data fields, the quantity dispensed and the days-of-supply. In pharmacy billing, "quantity dispensed" specifies the amount of medication being dispensed to a patient when they fill their prescription, and "days-of-supply" refers to the number of days that the quantity of medication dispensed should last if the patient uses the medication according to the directions for use. Typically, to calculate days-of-supply, a pharmacist divides the total quantity of medication being dispensed to a particular patient by that patient's "daily dose," *i.e.*, the amount of medication that the prescriber directs the patient to use each day.

d. GHPs, or pharmacy benefit managers ("PBMs") working on their behalf, typically establish procedures to calculate the date on which a prescription refill would be needed (the "refill due date") based on the date when a patient last filled a prescription and the days-of-supply reported by the pharmacy for that prior fill.

[2] In November 2019, the FDA approved revisions to the labeling for insulin pens to emphasize the agency's recommendation for dispensing insulin pens to a single patient in their original sealed carton. The FDA strongly encouraged the manufacturers of insulin pens to consider developing smaller carton sizes to better accommodate variable insulin doses and needs. The FDA also suggested that organizations facing challenges with large carton sizes (multiple-pen cartons) contact the manufacturers to express the need for smaller (and single-pen) carton sizes. The FDA approved the first single-pen carton size for an insulin product on June 11, 2020.

GHPs, and the PBMs working on their behalf, also typically establish automated processes to deny claims for reimbursement for refills that are submitted too far in advance of the refill due dates. The reliability of these procedures and processes depends on the accuracy of the days-of-supply reported by pharmacies.

e. PillPack was aware that GHPs and payors working on their behalf had established dispensing limits for prescription drug products in terms of quantity and days-of-supply and that such GHPs and payors would deny a claim if the reported days-of-supply exceeded those days-of-supply limits, unless PillPack obtained an override from the GHP or payor authorizing PillPack to dispense the quantity of medication exceeding the days-of-supply limit.

f. During the Covered Period, PillPack's insulin pen dispensing practice was to supply patients with a full carton of insulin pens. In many instances, this resulted in exceeding the GHP's applicable days-of-supply limit. Instead of accurately reporting the days-of-supply and contacting the GHP or its agent to attain the requisite override, in many instances PillPack would dispense and bill for the full carton, and reduce the days-of-supply reported to the GHP to conform to the GHP's days-of-supply limit. As a result, for those claims, PillPack reported days-of-supply data to GHPs that were different from, and lower than, the days-of-supply that should have been reported had PillPack calculated days-of-supply according to the typical pharmacy billing formula of dividing the quantity of insulin dispensed by the daily dose.

g. PillPack utilizes prescription management and dispensing software, including a technology called the Refill Logic, to determine refill due dates for medications. The Refill Logic program is designed to prevent PillPack pharmacists from prematurely dispensing refills to patients, and to ensure that refills are not dispensed before patients should have taken approximately 80% of the medication dispensed through the last fill. Prior to April 2019, PillPack's Refill Logic program determined refill dates based on the reported days-of-supply. Thus, during this time period, when PillPack pharmacists reported inaccurate lower days-of-supply data to GHPs and payors working on their behalf, the Refill Logic program used this inaccurate data to generate premature refill due dates, causing PillPack pharmacists to dispense insulin pen refills to patients days or weeks before the patients actually needed them according to their prescriptions.

h. During the Covered Period, PillPack received audit reports from PBMs, acting on behalf of GHPs, requesting that PillPack repay the overpayments it had received for insulin pen prescription claims due to inaccurate days-of-supply reporting.

i. GHPs and payors working on their behalf approved and paid claims submitted by PillPack for insulin pen refills that they would not have approved if PillPack had accurately reported the days-of-supply for previous fills according to the typical pharmacy billing formula of dividing the quantity dispensed by the daily dose. Specifically, PillPack's practice of dispensing and submitting reimbursement claims for insulin pen refills using inaccurate lower days-of-supply data prevented GHPs and payors working on their behalf from reliably calculating refill due dates and confirming that refills had not been prematurely dispensed before approving PillPack's claims for reimbursement.

j. In certain instances, over time, patients accumulated multiple extra insulin pens that they did not need according to their prescriptions.

3. Defendant shall pay to the Government within fourteen (14) business days of the Effective Date (defined below in Paragraph 30) the sum of $5,616,136.85 plus interest which shall be compounded annually at a rate of 1.5% accruing from January 21, 2022, to the date of the payment (the "Settlement Amount") in accordance with instructions to be provided by the Financial Litigation Unit of the SDNY. Of the Settlement Amount, $2,808,068.43 plus applicable interest constitutes restitution to the United States.

4. Defendant agrees to cooperate fully and truthfully with the United States' investigation of individuals and entities not released in this Stipulation. Upon reasonable notice, Defendant shall encourage, and agrees not to impair, the cooperation of its directors, officers, and employees, and shall use its best efforts to make available, and encourage, the cooperation of former directors, officers, and employees for interviews and testimony, consistent with the rights and privileges of such individuals. Defendant further agrees to furnish to the United States, upon request, complete and unredacted copies of all non-privileged documents, reports, memoranda of interviews, and records in its possession, custody, or control concerning any investigation of the Covered Conduct that it has undertaken, or that has been performed by another on its behalf.

5. Subject to the exceptions in Paragraph 9 (concerning reserved claims) below and subject to Paragraph 10 (concerning default) and Paragraph 15 (concerning bankruptcy proceedings) below, and conditioned on Defendant's full compliance with the terms of this Stipulation, including full payment of the Settlement Amount to the United States pursuant to Paragraph 3 above, the United States releases Defendant, including its parents, subsidiaries and corporate predecessors, successors and assigns, from any civil or administrative monetary claim that the United States has for the Covered Conduct under

the FCA, the Civil Monetary Penalties Law, 42 U.S.C. § 1320a-7a, the Program Fraud Civil Remedies Act, 31 U.S.C. § 3801-3812, and the common law theories of fraud, payment by mistake, and unjust enrichment. For avoidance of doubt, this Stipulation does not release any current or former officer, director, employee, or agent of Defendant from liability of any kind.

6. Defendant fully and finally releases the United States, its agencies, officers, employees, servants, and agents from any claims (including attorneys' fees, costs, and expenses of every kind and however denominated) that Defendant has asserted, could have asserted, or may assert in the future against the United States, its agencies, officers, employees, servants, or agents related to the Covered Conduct or the United States' investigation, prosecution and settlement thereof.

7. Subject to Defendant's full payment of the Settlement Amount to the United States pursuant to Paragraph 3 above, Relators, for themselves and their heirs, successors, attorneys, agents, and assigns, release Defendant, including its parents, subsidiaries and corporate predecessors, successors and assigns, as well as all of its current and former officers, directors, employees, attorneys, and other agents, from any and all manner of claims, proceedings, liens, and causes of action of any kind or description that Relators have against Defendant up to and through the Effective Date of this Stipulation; provided, however, that nothing in this Stipulation shall preclude Relators from seeking to recover their reasonable expenses and attorneys' fees and costs pursuant to 31 U.S.C. § 3730(d).

8. In consideration of the execution of this Stipulation by Relators and the Relators' release as set forth in Paragraph 7 above, Defendant, including its subsidiaries, predecessors, and corporate successors and assigns, as well as all of its current and former officers, directors, employees, attorneys, and other agents, release Relators and their heirs, successors, attorneys, agents, and assigns, from any and all manner of claims, proceedings,

liens, and causes of action of any kind or description that Defendant has against Relators up to and through the Effective Date of this Stipulation.

9. Notwithstanding the releases given in Paragraph 5 above, or any other term of this Stipulation, the following claims of the Government are specifically reserved and are not released by this Stipulation:

a. any liability arising under Title 26, United States Code (Internal Revenue Code);

b. any criminal liability;

c. except as explicitly stated in this Stipulation, any administrative liability or enforcement right, including but not limited to the mandatory or permissive exclusion from Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) under 42 U.S.C. § 1320a-7(a) (mandatory exclusion) or 42 U.S.C. § 1320a-7(b) (permissive exclusion);

d. any liability to the United States (or its agencies) for any conduct other than the Covered Conduct;

e. any liability based upon obligations created by this Stipulation; and

f. any liability of individuals.

10. Defendant shall be in default of this Stipulation if Defendant fails to make the required payment set forth in Paragraph 3 above on or before the due date for such payment, or if it fails to comply materially with any other term of this Stipulation that applies to it ("Default"). The Government will provide a written Notice of Default to Defendant of any Default in the manner set forth in Paragraph 29 below. Defendant shall then have an opportunity to cure the Default within seven (7) calendar days from the date of receipt of the Notice of Default by making the payment due and paying any additional interest accruing under the Stipulation up to the date of payment. If Defendant fails to cure the Default within seven (7) calendar days of receiving the Notice of Default ("Uncured Default"), interest on the remaining unpaid balance shall thereafter accrue at the rate of 12% per annum, compounded daily from the date of Default, on the remaining unpaid total

(principal and interest balance). In the event of an Uncured Default, Defendant shall agree to the entry of a consent judgment in favor of the United States against Defendant in the amount of the Settlement Amount as attached hereto as Exhibit B. Defendant also agrees that the United States, at its sole discretion, may (i) retain any payments previously made, rescind this Stipulation, and reinstate the claims asserted against Defendant in the Government Complaint, or bring any civil and/or administrative claim, action, or proceeding against Defendant for the claims that would otherwise be covered by the releases provided in Paragraph 5 above with any recovery reduced by the amount of any payments previously made by Defendant to the United States under this Stipulation; (ii) take any action to enforce this Stipulation in a new action or by reinstating the Government Complaint; (iii) offset the remaining unpaid balance from any amounts due and owing to Defendant and/or affiliated companies by any department, agency, or agent of the United States at the time of Default or subsequently; and/or (iv) exercise any other right granted by law, or under the terms of this Stipulation, or recognizable at common law or in equity. The United States shall be entitled to any other rights granted by law or in equity by reason of Default, including referral of this matter for private collection. In the event the United States pursues a collection action, Defendant agrees immediately to pay the United States the greater of (i) a ten-percent (10%) surcharge of the amount collected, as allowed by 28 U.S.C. § 3011(a), or (ii) the United States' reasonable attorneys' fees and expenses incurred in such an action. In the event that the United States opts to rescind this Stipulation pursuant to this paragraph, Defendant waives and agrees not to plead, argue, or otherwise raise any defenses of statute of limitations, laches, estoppel or similar theories, to any civil or administrative claims that (i) are filed by the United States against Defendant within 120 days of written notification that this Stipulation has been rescinded, and (ii) relate to the Covered Conduct, except to the extent these defenses were available on July 18, 2019.

Defendant agrees not to contest any offset, recoupment, and/or collection action undertaken by the United States pursuant to this paragraph, either administratively or in any state or federal court, except on the grounds of actual payment to the United States.

11. Defendant, having truthfully admitted to the Admitted Conduct set forth in Paragraph 2 hereof, agrees it shall not, through its attorneys, agents, officers, or employees, make any public statement, including but not limited to, any statement in a press release, social media forum, or website, that contradicts or is inconsistent with the Admitted Conduct or suggests that the Admitted Conduct is not wrongful (a "Contradictory Statement"). Any Contradictory Statement by Defendant, its attorneys agents, officers, or employees, shall constitute a violation of this Stipulation, thereby authorizing the Government to pursue any of the remedies set forth in Paragraph 10 hereof, or seek other appropriate relief from the Court. Before pursuing any remedy, the Government shall notify Defendant that it has determined that Defendant has made a Contradictory Statement. Upon receiving notice from the Government, Defendant may cure the violation by repudiating the Contradictory Statement in a press release or other public statement within four business days. If Defendant learns of a potential Contradictory Statement by its attorneys, agents, officers, or employees, Defendant must notify the Government of the statement within 24 hours. The decision as to whether any statement constitutes a Contradictory Statement or will be imputed to Defendant for the purpose of this Stipulation, or whether Defendant adequately repudiated a Contradictory Statement to cure a violation of this Stipulation, shall be within the sole discretion of the Government. Consistent with this provision, Defendant may raise defenses and/or assert affirmative claims or defenses in any proceeding brought by private and/or public parties, so long as doing so would not contradict or be inconsistent with the Admitted Conduct.

12. Relators and their heirs, successors, attorneys, agents, and assigns shall not object to this Stipulation; Relators agree and confirm that the terms of this Stipulation are fair, adequate, and reasonable under all the circumstances, pursuant to 31 U.S.C. § 3730(c)(2)(B).

13. Defendant agrees that it waives and shall not seek payment for any of the health care billings covered by this Stipulation from any health care beneficiaries or their parents, sponsors, legally responsible individuals, or third party payors based upon the claims defined as Covered Conduct.

14. Defendant waives and shall not assert any defenses Defendant may have to any criminal prosecution or administrative action relating to the Covered Conduct that may be based in whole or in part on a contention that, under the Double Jeopardy Clause in the Fifth Amendment of the Constitution, or under the Excessive Fines Clause in the Eighth Amendment of the Constitution, this Stipulation bars a remedy sought in such criminal prosecution or administrative action.

15. In exchange for valuable consideration provided in this Stipulation, Defendant acknowledges the following:

a. Defendant has reviewed its financial situation and warrants that it is solvent within the meaning of 11 U.S.C. §§ 547(b)(3) and 548(a)(1)(B)(ii)(I) and shall remain solvent following payment to the United States of the Settlement Amount.

b. In evaluating whether to execute this Agreement, the Parties intend that the mutual promises, covenants, and obligations set forth herein constitute a contemporaneous exchange for new value given to Defendant, within the meaning of 11 U.S.C. § 547(c)(1), and the Parties conclude that these mutual promises, covenants, and obligations do, in fact, constitute such a contemporaneous exchange.

c. The mutual promises, covenants, and obligations set forth herein are intended by the Parties to, and do in fact, constitute a reasonably equivalent exchange of value.

d. The Parties do not intend to hinder, delay, or defraud any entity to which Defendant was or became indebted on or after the date of any transfer contemplated in this Stipulation, within the meaning of 11 U.S.C. § 548(a)(1).

e. If Defendant's obligations under this Stipulation are avoided for any reason (including but not limited to through the exercise of a trustee's avoidance powers under the Bankruptcy Code) or if, before the Settlement Amount is paid in full, Defendant or a third party commences a case, proceeding, or other action under any law relating to bankruptcy, insolvency, reorganization, or relief of debtors seeking any order for relief of Defendant's debts, or to adjudicate Defendant as bankrupt or insolvent, or seeking appointment of a receiver, trustee, custodian, or other similar official for Defendant or for all or any substantial part of Defendant's assets:

(1) the United States may rescind the releases in this Stipulation and bring any civil and/or administrative claim, action, or proceeding against Defendant for the claims that would otherwise be covered by the releases provided in Paragraph 5 above;

(2) the United States has an undisputed, noncontingent, and liquidated allowed claim against Defendant in the amount of $5,616,136.85 less any payments received pursuant to the Stipulation, provided, however, that such payments are not otherwise avoided and recovered from the United States by Defendant, a receiver, trustee, custodian, or other similar official for Defendant; and

(3) if any payments are avoided and recovered by Defendant, a receiver, trustee, custodian, or similar official for Defendant, Relators shall, within thirty days of written notice from the United States to the undersigned Relators' counsel, return any portions of such payments already paid by the United States to Relators.

f. Defendant agrees that any civil and/or administrative claim, action, or proceeding brought by the United States under Paragraph 15(e) above is not subject to an "automatic stay" pursuant to 11 U.S.C. § 362(a) because it would be an exercise of the United States' police and regulatory power. Defendant shall not argue or otherwise contend that the United States' claim, action, or proceeding is subject to an automatic stay and, to the extent necessary, consents to relief from the automatic stay for cause under 11 U.S.C. § 362(d)(1). Defendant waives and shall not plead, argue, or otherwise raise any defenses under the theories of statute of limitations, laches, estoppel, or similar theories, to any such civil or administrative claim, action, or proceeding brought by the United States within 120 days of written notification to Defendant that the releases have been rescinded pursuant to this paragraph, except to the extent such defenses were available on July 18, 2019.

16. The Settlement Amount shall not be decreased as a result of the denial of claims for payment now being withheld from payment by any Medicare, Medicaid, TRICARE, or FEHBP contractor (*e.g.*, Medicare, Medicaid, TRICARE, or FEHBP Administrative Contractor, fiscal intermediary, carrier) or any state payor related to the Covered Conduct; and Defendant agrees not to resubmit to any Medicare, Medicaid, TRICARE, or FEHBP

contractor or any state payor any previously denied claims related to the Covered Conduct, agrees not to appeal any such denials of claims, and agrees to withdraw any such pending appeals.

17. Defendant agrees to the following:

a. Unallowable Costs Defined: All costs (as defined in the Federal Acquisition Regulation, 48 C.F.R. § 31.205-47; and in Titles XVIII and XIX of the Social Security Act, 42 U.S.C. **§§ 1395-1395lll and 1396-1396w-6**; and the regulations and official program directives promulgated thereunder) incurred by or on behalf of Defendant, including its present or former officers, directors, employees, and agents in connection with:

(1) the matters covered by this Stipulation;

(2) the United States' and States' audit(s) and civil investigation(s) of matters covered by this Stipulation;

(3) Defendant's investigation, defense, and corrective actions undertaken in response to the United States' and States' audit(s) and civil investigation(s) in connection with matters covered by this Stipulation and the State Settlement (including attorneys' fees);

(4) the negotiation and performance of this Stipulation and the State Settlement; and

(5) any payment Defendant makes to the United States pursuant to this Stipulation, any payment Defendant makes to the States pursuant to the State Settlement, and any payment Defendant may make to Relators, including expenses, costs and attorneys' fees;are unallowable costs for government contracting purposes and under the Medicare Program, Medicaid Program, TRICARE Program, and FEHBP (hereinafter referred to as "Unallowable Costs").

b. Future Treatment of Unallowable Costs: Unallowable Costs shall be separately determined and accounted for by Defendant, and Defendant shall not charge such Unallowable Costs directly or indirectly to any contracts with the United States or any State Medicaid program, or seek payment for such Unallowable Costs through any cost report, cost statement, information statement, or payment request submitted by Defendant or any of its subsidiaries or affiliates to the Medicare, Medicaid, TRICARE, or FEHBP Programs.

c. Treatment of Unallowable Costs Previously Submitted for Payment: Within 90 days of the Effective Date of this Stipulation, Defendant shall identify to applicable Medicare and TRICARE fiscal intermediaries, carriers, and/or contractors, and Medicaid and FEHBP fiscal agents, any Unallowable Costs (as defined in this paragraph) included in payments previously sought from the United States, or any

State Medicaid program, including, but not limited to, payments sought in any cost reports, cost statements, information reports, or payment requests already submitted by Defendant or any of its subsidiaries or affiliates, and shall request, and agree, that such cost reports, cost statements, information reports, or payment requests, even if already settled, be adjusted to account for the effect of the inclusion of the Unallowable Costs. Defendant agrees that the United States, at a minimum, shall be entitled to recoup from Defendant any overpayment plus applicable interest and penalties as a result of the inclusion of such Unallowable Costs on previously-submitted cost reports, information reports, cost statements, or requests for payment. Any payments due after the adjustments have been made shall be paid to the United States pursuant to the direction of the Department of Justice and/or the affected agencies. The United States, including the Department of Justice and/or the affected agencies, reserves their rights to disagree with any calculation submitted by Defendant or any of its subsidiaries or affiliates on the effect of inclusion of Unallowable Costs (as defined in this paragraph) on Defendant or any of its subsidiaries or affiliates' cost reports, cost statements, or information reports.

d. Nothing in this Stipulation shall constitute a waiver of the rights of the United States to audit, examine, or re-examine Defendant's books and records to determine that no Unallowable Costs have been claimed in accordance with the provisions of this Paragraph.

18. This Stipulation is intended to be for the benefit of the Parties only. The Parties do not release any claims against any other person or entity except as otherwise provided herein.

19. Each Party shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Stipulation; provided, however, nothing in this Stipulation shall preclude Relators from seeking to recover their expenses or attorneys' fees and costs from Defendant, pursuant to 31 U.S.C. § 3730(d).

20. Any failure by the Government to insist upon the full or material performance of any of the provisions of this Stipulation shall not be deemed a waiver of any of the provisions hereof, and the Government, notwithstanding that failure, shall have the right thereafter to insist upon the full or material performance of any and all of the provisions of this Stipulation.

21. This Stipulation is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this Stipulation is the United States

District Court for the Southern District of New York.

22. The Parties agree that the Court shall retain jurisdiction over any disputes related to this Stipulation, including any action to enforce the terms of this Stipulation and any claim by Relators against Defendant for expenses, costs, or attorneys' fees pursuant to 31 U.S.C. § 3730(d).

23. For purposes of construing this Stipulation, this Stipulation shall be deemed to have been drafted by all Parties to this Stipulation and shall not, therefore, be construed against any Party for that reason in any subsequent dispute.

24. This Stipulation constitutes the complete agreement between the Parties with respect to the subject matter hereof. This Stipulation may not be amended except by written consent of the Parties. No prior agreements, oral representations or statements shall be considered part of this Stipulation.

25. The undersigned counsel and other signatories represent and warrant that they are fully authorized to execute this Stipulation on behalf of the persons and the entities indicated below.

26. This Stipulation is binding on Defendant's successors, transferees, heirs, and assigns.

27. This Stipulation is binding on Relators' successors, transferees, heirs, and assigns.

28. This Stipulation may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same Stipulation. E-mails that attach signatures in PDF form or facsimiles of signatures shall constitute acceptable, binding signatures for purposes of this Stipulation.

29. Any notice pursuant to this Stipulation shall be in writing and shall, unless expressly provided otherwise herein, be delivered by hand, express courier, or e-mail transmission followed by postage-prepaid mail, and shall be addressed as follows:

RE: PillPack by Amazon Pharmacy
Permit Number: PH03946

Dear Mr. Dave Wuest,

On June 20, 2022, PillPack by Amazon Pharmacy located at 250 Commercial Street, Suite 2012, Manchester, New Hampshire 03101, Board license number PH03946 (the "Pharmacy"), entered into a Settlement Agreement with the Hawaii Board of Pharmacy (the "Settlement Agreement"). This Settlement Agreement was accepted by the Hawaii Board of Pharmacy on July 29, 2022. This Settlement Agreement is a result of follow on discipline from the Hawaii Board of Pharmacy related to discipline the Pharmacy received from the Texas Board of Pharmacy on November 5, 2021. We previously notified you of the underlying Texas discipline on November 5, 2021.

Attached is a copy of the Settlement Agreement as well as a copy of the previously provided notice of the underlying Texas Board of Pharmacy matter to completeness.
Importantly, the Board's Order does not impose any restrictions on the Pharmacy's ability to provide pharmacy services.

If you have any questions about this notice, please feel free to contact me at pmh1-licensing@pillpack.com.

Very truly yours,

Bethany Francis, Pharmacist-In-Charge

BOARD OF PHARMACY
DEPARTMENT OF COMMERCE AND CONSUMER
STATE OF HAWAII

In the Matter of the Miscellaneous Permit of	PHA 2022-17-L
PILLPACK LLC,	SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER
Respondent.	

SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION
FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

Petitioner, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' REGULATED INDUSTRIES COMPLAINTS OFFICE (hereinafter "RICO" or "Petitioner"), through its undersigned attorney(s), and Respondent PILLPACK LLC (hereinafter "Respondent"), enter into this Settlement Agreement on the terms and conditions set forth below.

A. UNCONTESTED FACTS:

1. At all relevant times herein, Respondent was permitted by the Board of Pharmacy (hereinafter the "Board") as a miscellaneous permit holder under permit number PMP 891. The miscellaneous permit was issued on or about October 10, 2013. The miscellaneous permit is set to expire or forfeit on or about December 31, 2023.

2. Respondent's mailing address for purposes of this action is c/o Rafael del Castillo & Associates, AAL, LLLC, 289 Kawaihae Street No. 222, Honolulu, Hawaii 96825-1901.

I HEREBYCERTIFY THAT THE ATTACHED IS A TRUE AND CORRECT COPY OF THE ORIGINAL ON FILE IN THE DEPARTMENT OF COMMERCE & CONSUMER AFFAIRS.
Jennifer Haida

3. On or about November 2, 2021, Respondent entered into an Agreed Board Order #2019-05709 ("Agreed Order") with the Texas Board of Pharmacy resolving allegations that a Pillpack pharmacist incorrectly verified data entry for a new facsimile prescription order for one patient, the incorrect prescription was dispensed to a patient, and the prescription was later refilled with the same incorrect prescription

4. Respondent reported the Texas Agreed Order to the Hawaii Board of Pharmacy on or about November 5, 2021.

5. The foregoing allegation, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes (hereinafter "HRS") § 436B-19(13) (disciplinary action by another state).

6. The Board has jurisdiction over the subject matter herein and over the parties hereto.

B. REPRESENTATIONS BY RESPONDENT:

1. Respondent is represented by Rafael del Castillo, Esq., c/o Rafael del Castillo & Associates, AAL, LLLC, 289 Kawaihae Street #222, Honolulu, Hawaii 96825.

2. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2022-17-L.

3. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress, as a compromise of the claims, and to conserve on the expenses of proceeding at an administrative hearing.

4. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

5. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this Settlement Agreement may be grounds for further disciplinary action under HRS Chapters 436B and 461.

6. Respondent does not admit to violating any law or rule but acknowledges that RICO alleges that it has sufficient cause to file a Petition for Disciplinary Action against Respondent's miscellaneous permit.

7. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2022-17-L, specifically, the Settlement Agreement with the Texas Board of Pharmacy (Case No. ABO #2019-05709) and all allegations contained therein.

8. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

9. Respondent understands this Settlement Agreement is public record pursuant to HRS Chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative Fine. Respondent agrees to pay a fine in the amount of FIVE HUNDRED AND NO/100 DOLLARS ($500.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn.: Dawnie Ichimura, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment shall be made before RICO submits this Settlement Agreement executed by Respondent's authorized representative(s) to the Board, but no more than thirty (30) calendar days from the date this Settlement Agreement is submitted to RICO by Respondent.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph C.1 above, Respondent's miscellaneous permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of the miscellaneous permit to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new miscellaneous permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new miscellaneous permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Settlement Agreement Conclusively Resolves the Board's Claims Arising from the Texas Agreed Board Order #2019-05709. The Board hereby acknowledges that following the conclusion of this action, the Texas Agreed Board Order may trigger, or may have already triggered, actions in additional states, and the Board hereby agrees that these actions shall not be deemed to constitute any additional or separate violations of the statutes or administrative rules governing the conduct of miscellaneous permit holders in the state of Hawaii; and that this Settlement Agreement conclusively resolves all claims the Board has or may have in connection with the Texas Agreed Board Order together with any actions arising as a result or directly therefrom in any other state or jurisdiction.

4. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of miscellaneous permit holders in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

5. Approval of the Board. Respondent agrees that, except for the representations,

agreements and covenants contained in Paragraphs C.6, C.7, C.8 and C.9 below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

6. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

7. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

8. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion or promise made by RICO or any of its agents, employees, representatives or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

9. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

D. ADDITIONAL REPRESENTATIONS BY RESPONDENT[1]

1. No Coercion or Duress; No Representations By RICO. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion or promise made by RICO or any of its agents, employees, representatives or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

[1] The term "Respondent" shall mean a single person, but, if more than one person is subject to and executes this Settlement Agreement than the term shall include all such persons unless stated otherwise.

2. Right to Hearing. Respondent is aware Respondent has a right to a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives Respondent's right to a hearing and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

3. Consent to Settlement Agreement. Respondent acknowledges Respondent is subject to penalties including but not limited to, revocation, suspension or limitation of the license and administrative fines, were the allegations set forth in the Settlement Agreement to be proven at hearing, and enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

4. Procedure for Approval of Settlement Agreement. Upon filing, this Settlement Agreement will be submitted to the Board. Respondent agrees this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. Effect of Rejection of Settlement Agreement. Respondent agrees if the Board does not approve this Settlement Agreement, neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Grounds for Further Disciplinary Action. Respondent understands the Board may pursue additional disciplinary action as provided by law to include further fines and other sanctions if Respondent violates any provision of applicable licensing statutes or rules or if Respondent fails to abide by the terms of this Settlement Agreement.

7. Reporting. Respondent understands that this Settlement Agreement may be subject to reporting requirements and that this Settlement Agreement is public record pursuant to Hawaii Revised Statutes chapter 92F.

8. Disciplinary Action. Respondent acknowledges that upon its approval, this Settlement Agreement shall constitute disciplinary action.

9 Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

RE: PillPack LLC dba PillPack by Amazon Pharmacy
Permit Number: PH03946

Dear Mr. Dave Wuest,

As a follow-on to the settlement agreement entered into between PillPack LLC and the federal government, related to how the pharmacy dispensed and billed for insulin pen prescriptions from 2014 to November 2019, a notice of which was provided to this board on or about 5/2/2022, The Missouri State Board of Pharmacy has elected to enter into its own settlement agreement with PillPack LLC dba PillPack by Amazon Pharmacy (MO Permit #: 2018043786), effective December 24, 2022.

This discipline is a Public Censure and it should be noted that nothing in the aforementioned settlement impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

Very truly yours,

Livia Durdia, Licensing Coordinator

SETTLEMENT AGREEMENT BETWEEN
STATE BOARD OF PHARMACY AND PILLPACK, L.L.C.
DBA PILLPACK BY AMAZON PHARMACY

COME NOW Pillpack, L.L.C. dba Pillpack By Amazon Pharmacy ("Respondent" or "Pillpack" or "the Pharmacy") and the Missouri Board of Pharmacy ("Board" or "Petitioner") and enter into this Settlement Agreement for the purpose of resolving the question of whether Respondent's permit to operate as a pharmacy will be subject to discipline.

Pursuant to the terms of Section 536.060, RSMo, the parties hereto waive the right to a hearing by the Administrative Hearing Commission of the State of Missouri ("AHC") and, additionally, the right to a disciplinary hearing before the Board under Section 621.110, RSMo, and stipulate and agree that a final disposition of this matter may be effectuated as described below.

Respondent acknowledges that it understands the various rights and privileges afforded it by law, including the right to a hearing of the charges against it; the right to appear and be represented by legal counsel; the right to have all charges against it proved upon the record by competent and substantial evidence; the right to cross-examine any witness appearing at the hearing against it; the right to a decision upon the record by a fair and impartial administrative hearing commissioner concerning the charges pending against it and, subsequently, the right to a disciplinary hearing before the Board at which time it may present evidence in mitigation of discipline; and the right to recover attorney's fees incurred in defending this action against its

legal

permit. Being aware of these rights provided it by operation of law, Respondent knowingly and voluntarily waives each and every one of these rights and freely enters into his Settlement Agreement and agrees to abide by the terms of this document as they pertain to it.

Respondent acknowledges that it has received a copy of the draft complaint to be filed with the Administrative Hearing Commission, the investigative report, and other documents relied upon by the Board in determining there was cause for discipline against Respondent's permit.

For purposes of settling this dispute, Respondent stipulates that the factual allegations contained in this Settlement Agreement are true, stipulates with the Board that Respondent's permit as a pharmacy, numbered 2018043786, is subject to disciplinary action by the Board in accordance with the provisions of Chapter 621 and Chapter 338, RSMo.

JOINT STIPULATION OF FACTS

1. The Board is an agency of the State of Missouri created and established pursuant to §338.110, RSMo[1], for the purpose of executing and enforcing the provisions of Chapter 338, RSMo.

2. Respondent Pillpack, L.L.C. dba Pillpack By Amazon Pharmacy, is an online retail pharmacy headquartered in Manchester, New Hampshire, that is licensed by the Board under permit number 2018043786. Respondent's permit was at all times relevant herein current and active.

3. On or about July 18, 2019, a complaint was filed in the Southern District of New York, case no. 1:19-cv-06717, under the *qui tam* provisions of the False Claims Act ("FCA"), 31 U.S.C. § 3729 *et seq.*, and comparable state false claims and insurance fraud laws, against parties including Respondent, alleging, among other things, that they engaged in a pattern of submitting

[1] All statutory references are to the Revised Statutes of Missouri 2016, as amended, unless otherwise stated

false claims to Medicare and Medicaid seeking reimbursement for insulin pens dispensed to patients that exceeded the amounts prescribed by the patients' physicians for the time periods specified in the claims.

4. The parties entered into a Stipulated Settlement under which Respondent admitted, acknowledged and accepted responsibility for certain conduct ("the Admitted Conduct") and agreed that it "shall not, through its attorneys, agents, officers, or employees, make any public statement. . . that contradicts or is inconsistent with the Admitted Conduct or suggests that the Admitted Conduct is not wrongful."

5. Under the Stipulated Settlement, Respondent also agreed to pay the sum of $5,616,136.85 to the United States along with a total of $175,522.55 to the States who were named Plaintiffs in the complaint.

6. The Admitted Conduct is as follows:

A. Insulin "pens" are a common way for diabetic patients, including GHP beneficiaries, to self-administer insulin. Manufacturers distribute the insulin pens relevant here in tamper-evident cartons containing between two and five pens and with labeling approved by the U.S. Food and Drug Administration ("FDA"). Insulin pens are most frequently marketed in carton sizes containing five 100 unit/mL pens. In the five-pen boxes, each pen consists of a syringe, which contains 300 units (3 mL) of insulin solution, inside a hard plastic case. A box of five pens contains 1500 (15 mL) units of insulin solution.

B. FDA classifies the insulin pens relevant here as prescription drug products. Pharmacies can dispense such pens to patients only with valid prescriptions from licensed prescribers. Valid insulin prescriptions must set forth the "directions for use," which

typically designate both how much insulin to administer (*e.g.*, 10 units) and the frequency and/or timing of when to administer it (*e.g.*, once a day at bedtime).

C. At all relevant times, when PillPack sought reimbursement for insulin pens from GHPs, it was required to report, among other data fields, the quantity dispensed and the days-of-supply. In pharmacy billing, "quantity dispensed" specifies the amount of medication being dispensed to a patient when they fill their prescription, and "days-of-supply" refers to the number of days that the quantity of medication dispensed should last if the patient uses the medication according to the directions for use. Typically, to calculate days-of-supply, a pharmacist divides the total quantity of medication being dispensed to a particular patient by that patient's "daily dose," *i.e.*, the amount of medication that the prescriber directs the patient to use each day.

D. GHPs, or pharmacy benefit managers ("PBMs") working on their behalf, typically establish procedures to calculate the date on which a prescription refill would be needed (the "refill due date") based on the date when a patient last filled a prescription and the days-of-supply reported by the pharmacy for that prior fill. GHPs, and the PBMs working on their behalf, also typically establish automated processes to deny claims for reimbursement for refills that are submitted too far in advance of the refill due dates. The reliability of these procedures and processes depends on the accuracy of the days-of-supply reported by pharmacies.

E. PillPack was aware that GHPs and payors working on their behalf had established dispensing limits for prescription drug products in terms of quantity and days-of-supply and that such GHPs and payors would deny a claim if the reported days-of-supply exceeded those days-of-supply limits, unless PillPack obtained an override from the

GHP or payor authorizing PillPack to dispense the quantity of medication exceeding the days-of-supply limit.

F. During the Covered Period, PillPack's insulin pen dispensing practice was to supply patients with a full carton of insulin pens. In many instances, this resulted in exceeding the GHP's applicable days-of-supply limit. Instead of accurately reporting the days-of-supply and contacting the GHP or its agent to attain the requisite override, in many instances PillPack would dispense and bill for the full carton, and reduce the days-of-supply reported to the GHP to conform to the GHP's days-of-supply limit. As a result, for those claims, PillPack reported days-of-supply data to GHPs that were different from, and lower than, the days-of-supply that should have been reported had PillPack calculated days-of-supply according to the typical pharmacy billing formula of dividing the quantity of insulin dispensed by the daily dose.

G. PillPack utilizes prescription management and dispensing software, including a technology called the Refill Logic, to determine refill due dates for medications. The Refill Logic program is designed to prevent PillPack pharmacists from prematurely dispensing refills to patients, and to ensure that refills are not dispensed before patients should have taken approximately 80% of the medication dispensed through the last fill. Prior to April 2019, PillPack's Refill Logic program determined refill dates based on the reported days-of-supply. Thus, during this time period, when PillPack pharmacists reported inaccurate lower days-of-supply data to GHPs and payors working on their behalf, the Refill Logic program used this inaccurate data to generate premature refill due dates, causing PillPack pharmacists to dispense insulin pen refills to patients days or weeks before the patients actually needed them according to their prescriptions.

H. During the Covered Period, PillPack received audit reports from PBMs, acting on behalf of GHPs, requesting that PillPack repay the overpayments it had received for insulin pen prescription claims due to inaccurate days-of-supply reporting.

I. GHPs and payors working on their behalf approved and paid claims submitted by PillPack for insulin pen refills that they would not have approved if PillPack had accurately reported the days-of-supply for previous fills according to the typical pharmacy billing formula of dividing the quantity dispensed by the daily dose. Specifically, PillPack's practice of dispensing and submitting reimbursement claims for insulin pen refills using inaccurate lower days-of-supply data prevented GHPs and payors working on their behalf from reliably calculating refill due dates and confirming that refills had not been prematurely dispensed before approving PillPack's claims for reimbursement.

J. In certain instances, over time, patients accumulated multiple extra insulin pens that they did not need according to their prescriptions.

JOINT CONCLUSIONS OF LAW

7. Cause exists for Petitioner to take disciplinary action against Respondent's pharmacy permit under§ 338.210.5, RSMo, which provides:

> 5. If a violation of this chapter or other relevant law occurs in connection with or adjunct to the preparation or dispensing of a prescription or drug order, any permit holder or pharmacist-in-charge at any facility participating in the preparation, dispensing, or distribution of a prescription or drug order may be deemed liable for such violation.

8. As a result of the foregoing, cause exists for Petitioner to take disciplinary action against Respondent's Missouri pharmacy permit under § 338.055.2(5) and (13), RSMo, which provides:

> 2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any holder

> of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit or license for any one or any combination of the following causes:
>
> * * *
>
> (5) . . .misconduct,. . . fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;
>
> * * *
>
> (13) Violation of any professional trust or confidence;

JOINT AGREED DISCIPLINARY ORDER

Based upon the foregoing, the parties mutually agree and stipulate that the following shall constitute the disciplinary order entered by the Board in this matter under the authority of Section 621.045.3, RSMo:

A. Respondent's permit numbered 2018043786, is hereby **PUBLICLY CENSURED.**

B. The terms of this Settlement Agreement are contractual, legally enforceable, binding, and not merely recitals. Except as otherwise contained herein, neither this Settlement Agreement nor any of its provisions may be changed, waived, discharged, or terminated, except by an instrument in writing signed by the party against whom the enforcement of the change, waiver, discharge, or termination is sought.

C. Respondent hereby waives and releases the Board, its members and any of its employees, agents, or attorneys, including any former board members, employees, agents, and attorneys, of, or from, any liability, claim, actions, causes of action, fees, costs and expenses, and compensation, including, but not limited to any claims for attorney's fees and expenses, including any claims pursuant to Section 536.087, RSMo, or any claim arising under 42 U.S.C. Section 1983, which may be based upon, arise out of, or relate to any of the matters raised in this litigation, or

from the negotiation or execution of this Settlement Agreement. The parties acknowledge that this paragraph is severable from the remaining portions of this Settlement Agreement in that it survives in perpetuity even in the event that any court of law deems this Settlement Agreement or any portion thereof void or unenforceable.

RESPONDENT, AS EVIDENCED BY THE INITIALS ON THE APPROPRIATE LINE,

_____ REQUESTS

DS
_____ DOES NOT REQUEST

THE ADMINISTRATIVE HEARING COMMISSION TO DETERMINE IF THE FACTS SET FORTH HEREIN ARE GROUNDS FOR DISCIPLINING RESPONDENT'S PHARMACY PERMIT.

The parties to this Agreement understand that the Board of Pharmacy will maintain this Agreement as an open record of the Board as provided in Chapters 324, 338, 610, RSMo.

If Respondent has requested review, Respondent and Board jointly request that the Administrative Hearing Commission determine whether the facts set forth herein are grounds for disciplining Respondent's license and issue findings of fact and conclusions of law stating that the facts agreed to by the parties are grounds for disciplining Respondent's license. Effective fifteen (15) days from the date the Administrative Hearing Commission determines that the Settlement Agreement sets forth cause for disciplining Respondent's permit, the agreed upon discipline set forth herein shall go into effect.

If Respondent has not requested review by the Administrative Hearing Commission, the Settlement Agreement goes into effect fifteen (15) days after the document is signed by the Board's Executive Director.

WHEREAS, this Stipulation of Settlement ("Stipulation") is entered into by and among plaintiff the United States of America (the "United States" or the "Government"), by its attorney, Damian Williams, United States Attorney for the Southern

District of New York; the relators John Erickson and David Barry ("Relators"), by their authorized representatives; and defendant PillPack LLC ("PillPack" or "Defendant", and together with the Government and Relators, the "Parties"), by its authorized representatives;

WHEREAS, PillPack is an online retail pharmacy headquartered in Manchester, New Hampshire, that is licensed to dispense prescription drugs to patients in all 50 states and the District of Columbia;

WHEREAS, PillPack is a wholly-owned subsidiary of Amazon.com, Inc. ("Amazon"), the online retailer headquartered in Seattle, Washington. In September 2018, Amazon acquired the corporate predecessor of PillPack, PillPack, Inc., which was founded in 2013 and began serving customers in 2014;

WHEREAS, on or about July 18, 2019, Relators filed a complaint ("Relator Complaint") under the *qui tam* provisions of the False Claims Act ("FCA"), 31 U.S.C. § 3729 *et seq.*, and comparable state false claims and insurance fraud laws, against Amazon, and Amazon PillPack f/k/a PillPack, LLC alleging, among other things, that they engaged in a pattern of submitting false claims to Medicare and Medicaid seeking reimbursement for insulin pens dispensed to patients that exceeded the amounts prescribed by the patients' physicians for the time periods specified in the claims;

WHEREAS, the Government alleges that from April 2014 through November 2019 (the "Covered Period"), PillPack violated the FCA by submitting to Government Healthcare Programs, including Medicare, Medicaid, TRICARE, and the Federal Employees Health Benefits Program ("FEHBP," and collectively, "GHPs"), reimbursement claims for insulin pens[1] that falsely under-reported the days-of-supply (*i.e.*, the number of days that insulin pens should last if the patient used insulin according to the prescribers' directions for use) and were dispensed substantially

[1] A list of the types of insulin pens relevant to this Stipulation, by brand names and by national drug codes, is attached as Exhibit A herein.

earlier than the patients actually needed insulin pen refills according to the prescribers' instructions; and that, due to this practice, the GHPs reimbursed Defendant for more insulin than certain patients needed. The conduct described in this Paragraph is the "Covered Conduct" for purposes of this Stipulation;

WHEREAS, on or about April 21, 2022, the Government filed a Notice of Election to Intervene and Complaint-In-Intervention in the above-referenced *qui tam* action (the "Government Complaint"), in which it asserts claims against Defendant under the FCA for the Covered Conduct;

WHEREAS, in February 2020, the U.S. Attorney's Office for the Southern District of New York ("SDNY") contacted Defendant about SDNY's ongoing investigation of the Covered Conduct. Subsequently, counsel for PillPack informed SDNY that PillPack weeks before had started to prepare a submission to the U.S. Department of Health and Human Services Office of the Inspector General ("OIG") related to the Covered Conduct in order to request acceptance into OIG's Healthcare Fraud Self-Disclosure Protocol (the "Request"). On or about May 8, 2020, PillPack submitted the Request to OIG. OIG subsequently denied the Request;

WHEREAS, Defendant intends to enter into separate settlement agreements with a number of States and the District of Columbia named as plaintiffs in this Action (collectively, the "States") to resolve claims asserted by the States under state false claims laws for the Covered Conduct (the "State Settlements"), and has agreed to pay a total of $175,522.55 to the States pursuant to the State Settlements;

WHEREAS, the Relators' claim to a share of the proceeds from the settlement of claims arising from the Relators' Complaint is the subject of a separate agreement between the Relators and the United States;

WHEREAS, the Parties have, through this Stipulation, reached a mutually agreeable resolution addressing the claims asserted against Defendant in the Government Complaint and the Relator Complaint, for the Covered Conduct;

NOW, THEREFORE, IT IS HEREBY AGREED THAT:

TERMS AND CONDITIONS

1. The Parties agree that this Court has subject matter jurisdiction over this action and consent to this Court's exercise of personal jurisdiction over each of them.

2. Defendant admits, acknowledges, and accepts responsibility for the following conduct (the "Admitted Conduct"):

a. Insulin "pens" are a common way for diabetic patients, including GHP beneficiaries, to self-administer insulin. Manufacturers distribute the insulin pens relevant here in tamper-evident cartons containing between two and five pens and with labeling approved by the U.S. Food and Drug Administration ("FDA")[2]. Insulin pens are most frequently marketed in carton sizes containing five 100 unit/mL pens. In the five-pen boxes, each pen consists of a syringe, which contains 300 units (3 mL) of insulin solution, inside a hard plastic case. A box of five pens contains 1500 (15 mL) units of insulin solution.

b. FDA classifies the insulin pens relevant here as prescription drug products. Pharmacies can dispense such pens to patients only with valid prescriptions from licensed prescribers. Valid insulin prescriptions must set forth the "directions for use," which typically designate both how much insulin to administer (*e.g.*, 10 units) and the frequency and/or timing of when to administer it (*e.g.*, once a day at bedtime).

c. At all relevant times, when PillPack sought reimbursement for insulin pens from GHPs, it was required to report, among other data fields, the quantity dispensed and the days-of-supply. In pharmacy billing, "quantity dispensed" specifies the amount of medication being dispensed to a patient when they fill their prescription, and "days-of-supply" refers to the number of days that the quantity of medication dispensed should last if the patient uses the medication according to the directions for use. Typically, to calculate days-of-supply, a pharmacist divides the total quantity of medication being dispensed to a particular patient by that patient's "daily dose," *i.e.*, the amount of medication that the prescriber directs the patient to use each day.

d. GHPs, or pharmacy benefit managers ("PBMs") working on their behalf, typically establish procedures to calculate the date on which a prescription refill would be needed (the "refill due date") based on the date when a patient last filled a prescription and the days-of-supply reported by the pharmacy for that prior fill.

[2] In November 2019, the FDA approved revisions to the labeling for insulin pens to emphasize the agency's recommendation for dispensing insulin pens to a single patient in their original sealed carton. The FDA strongly encouraged the manufacturers of insulin pens to consider developing smaller carton sizes to better accommodate variable insulin doses and needs. The FDA also suggested that organizations facing challenges with large carton sizes (multiple-pen cartons) contact the manufacturers to express the need for smaller (and single-pen) carton sizes. The FDA approved the first single-pen carton size for an insulin product on June 11, 2020.

GHPs, and the PBMs working on their behalf, also typically establish automated processes to deny claims for reimbursement for refills that are submitted too far in advance of the refill due dates. The reliability of these procedures and processes depends on the accuracy of the days-of-supply reported by pharmacies.

e. PillPack was aware that GHPs and payors working on their behalf had established dispensing limits for prescription drug products in terms of quantity and days-of-supply and that such GHPs and payors would deny a claim if the reported days-of-supply exceeded those days-of-supply limits, unless PillPack obtained an override from the GHP or payor authorizing PillPack to dispense the quantity of medication exceeding the days-of-supply limit.

f. During the Covered Period, PillPack's insulin pen dispensing practice was to supply patients with a full carton of insulin pens. In many instances, this resulted in exceeding the GHP's applicable days-of-supply limit. Instead of accurately reporting the days-of-supply and contacting the GHP or its agent to attain the requisite override, in many instances PillPack would dispense and bill for the full carton, and reduce the days-of-supply reported to the GHP to conform to the GHP's days-of-supply limit. As a result, for those claims, PillPack reported days-of-supply data to GHPs that were different from, and lower than, the days-of-supply that should have been reported had PillPack calculated days-of-supply according to the typical pharmacy billing formula of dividing the quantity of insulin dispensed by the daily dose.

g. PillPack utilizes prescription management and dispensing software, including a technology called the Refill Logic, to determine refill due dates for medications. The Refill Logic program is designed to prevent PillPack pharmacists from prematurely dispensing refills to patients, and to ensure that refills are not dispensed before patients should have taken approximately 80% of the medication dispensed through the last fill. Prior to April 2019, PillPack's Refill Logic program determined refill dates based on the reported days-of-supply. Thus, during this time period, when PillPack pharmacists reported inaccurate lower days-of-supply data to GHPs and payors working on their behalf, the Refill Logic program used this inaccurate data to generate premature refill due dates, causing PillPack pharmacists to dispense insulin pen refills to patients days or weeks before the patients actually needed them according to their prescriptions.

h. During the Covered Period, PillPack received audit reports from PBMs, acting on behalf of GHPs, requesting that PillPack repay the overpayments it had received for insulin pen prescription claims due to inaccurate days-of-supply reporting.

i. GHPs and payors working on their behalf approved and paid claims submitted by PillPack for insulin pen refills that they would not have approved if PillPack had accurately reported the days-of-supply for previous fills according to the typical pharmacy billing formula of dividing the quantity dispensed by the daily dose. Specifically, PillPack's practice of dispensing and submitting reimbursement claims for insulin pen refills using inaccurate lower days-of-supply data prevented GHPs and payors working on their behalf from reliably calculating refill due dates and confirming that refills had not been prematurely dispensed before approving PillPack's claims for reimbursement.

j. In certain instances, over time, patients accumulated multiple extra insulin pens that they did not need according to their prescriptions.

3. Defendant shall pay to the Government within fourteen (14) business days of the Effective Date (defined below in Paragraph 30) the sum of $5,616,136.85 plus interest which shall be compounded annually at a rate of 1.5% accruing from January 21, 2022, to the date of the payment (the "Settlement Amount") in accordance with instructions to be provided by the Financial Litigation Unit of the SDNY. Of the Settlement Amount, $2,808,068.43 plus applicable interest constitutes restitution to the United States.

4. Defendant agrees to cooperate fully and truthfully with the United States' investigation of individuals and entities not released in this Stipulation. Upon reasonable notice, Defendant shall encourage, and agrees not to impair, the cooperation of its directors, officers, and employees, and shall use its best efforts to make available, and encourage, the cooperation of former directors, officers, and employees for interviews and testimony, consistent with the rights and privileges of such individuals. Defendant further agrees to furnish to the United States, upon request, complete and unredacted copies of all non-privileged documents, reports, memoranda of interviews, and records in its possession, custody, or control concerning any investigation of the Covered Conduct that it has undertaken, or that has been performed by another on its behalf.

5. Subject to the exceptions in Paragraph 9 (concerning reserved claims) below and subject to Paragraph 10 (concerning default) and Paragraph 15 (concerning bankruptcy proceedings) below, and conditioned on Defendant's full compliance with the terms of this Stipulation, including full payment of the Settlement Amount to the United States pursuant to Paragraph 3 above, the United States releases Defendant, including its parents, subsidiaries and corporate predecessors, successors and assigns, from any civil or administrative monetary claim that the United States has for the Covered Conduct under

the FCA, the Civil Monetary Penalties Law, 42 U.S.C. § 1320a-7a, the Program Fraud Civil Remedies Act, 31 U.S.C. § 3801-3812, and the common law theories of fraud, payment by mistake, and unjust enrichment. For avoidance of doubt, this Stipulation does not release any current or former officer, director, employee, or agent of Defendant from liability of any kind.

6. Defendant fully and finally releases the United States, its agencies, officers, employees, servants, and agents from any claims (including attorneys' fees, costs, and expenses of every kind and however denominated) that Defendant has asserted, could have asserted, or may assert in the future against the United States, its agencies, officers, employees, servants, or agents related to the Covered Conduct or the United States' investigation, prosecution and settlement thereof.

7. Subject to Defendant's full payment of the Settlement Amount to the United States pursuant to Paragraph 3 above, Relators, for themselves and their heirs, successors, attorneys, agents, and assigns, release Defendant, including its parents, subsidiaries and corporate predecessors, successors and assigns, as well as all of its current and former officers, directors, employees, attorneys, and other agents, from any and all manner of claims, proceedings, liens, and causes of action of any kind or description that Relators have against Defendant up to and through the Effective Date of this Stipulation; provided, however, that nothing in this Stipulation shall preclude Relators from seeking to recover their reasonable expenses and attorneys' fees and costs pursuant to 31 U.S.C. § 3730(d).

8. In consideration of the execution of this Stipulation by Relators and the Relators' release as set forth in Paragraph 7 above, Defendant, including its subsidiaries, predecessors, and corporate successors and assigns, as well as all of its current and former officers, directors, employees, attorneys, and other agents, release Relators and their heirs, successors, attorneys, agents, and assigns, from any and all manner of claims, proceedings,

liens, and causes of action of any kind or description that Defendant has against Relators up to and through the Effective Date of this Stipulation.

9. Notwithstanding the releases given in Paragraph 5 above, or any other term of this Stipulation, the following claims of the Government are specifically reserved and are not released by this Stipulation:

a. any liability arising under Title 26, United States Code (Internal Revenue Code);

b. any criminal liability;

c. except as explicitly stated in this Stipulation, any administrative liability or enforcement right, including but not limited to the mandatory or permissive exclusion from Federal health care programs (as defined in 42 U.S.C. § 1320a-7b(f)) under 42 U.S.C. § 1320a-7(a) (mandatory exclusion) or 42 U.S.C. § 1320a-7(b) (permissive exclusion);

d. any liability to the United States (or its agencies) for any conduct other than the Covered Conduct;

e. any liability based upon obligations created by this Stipulation; and

f. any liability of individuals.

10. Defendant shall be in default of this Stipulation if Defendant fails to make the required payment set forth in Paragraph 3 above on or before the due date for such payment, or if it fails to comply materially with any other term of this Stipulation that applies to it ("Default"). The Government will provide a written Notice of Default to Defendant of any Default in the manner set forth in Paragraph 29 below. Defendant shall then have an opportunity to cure the Default within seven (7) calendar days from the date of receipt of the Notice of Default by making the payment due and paying any additional interest accruing under the Stipulation up to the date of payment. If Defendant fails to cure the Default within seven (7) calendar days of receiving the Notice of Default ("Uncured Default"), interest on the remaining unpaid balance shall thereafter accrue at the rate of 12% per annum, compounded daily from the date of Default, on the remaining unpaid total

(principal and interest balance). In the event of an Uncured Default, Defendant shall agree to the entry of a consent judgment in favor of the United States against Defendant in the amount of the Settlement Amount as attached hereto as Exhibit B. Defendant also agrees that the United States, at its sole discretion, may (i) retain any payments previously made, rescind this Stipulation, and reinstate the claims asserted against Defendant in the Government Complaint, or bring any civil and/or administrative claim, action, or proceeding against Defendant for the claims that would otherwise be covered by the releases provided in Paragraph 5 above with any recovery reduced by the amount of any payments previously made by Defendant to the United States under this Stipulation; (ii) take any action to enforce this Stipulation in a new action or by reinstating the Government Complaint; (iii) offset the remaining unpaid balance from any amounts due and owing to Defendant and/or affiliated companies by any department, agency, or agent of the United States at the time of Default or subsequently; and/or (iv) exercise any other right granted by law, or under the terms of this Stipulation, or recognizable at common law or in equity. The United States shall be entitled to any other rights granted by law or in equity by reason of Default, including referral of this matter for private collection. In the event the United States pursues a collection action, Defendant agrees immediately to pay the United States the greater of (i) a ten-percent (10%) surcharge of the amount collected, as allowed by 28 U.S.C. § 3011(a), or (ii) the United States' reasonable attorneys' fees and expenses incurred in such an action. In the event that the United States opts to rescind this Stipulation pursuant to this paragraph, Defendant waives and agrees not to plead, argue, or otherwise raise any defenses of statute of limitations, laches, estoppel or similar theories, to any civil or administrative claims that (i) are filed by the United States against Defendant within 120 days of written notification that this Stipulation has been rescinded, and (ii) relate to the Covered Conduct, except to the extent these defenses were available on July 18, 2019.

Defendant agrees not to contest any offset, recoupment, and/or collection action undertaken by the United States pursuant to this paragraph, either administratively or in any state or federal court, except on the grounds of actual payment to the United States.

11. Defendant, having truthfully admitted to the Admitted Conduct set forth in Paragraph 2 hereof, agrees it shall not, through its attorneys, agents, officers, or employees, make any public statement, including but not limited to, any statement in a press release, social media forum, or website, that contradicts or is inconsistent with the Admitted Conduct or suggests that the Admitted Conduct is not wrongful (a "Contradictory Statement"). Any Contradictory Statement by Defendant, its attorneys agents, officers, or employees, shall constitute a violation of this Stipulation, thereby authorizing the Government to pursue any of the remedies set forth in Paragraph 10 hereof, or seek other appropriate relief from the Court. Before pursuing any remedy, the Government shall notify Defendant that it has determined that Defendant has made a Contradictory Statement. Upon receiving notice from the Government, Defendant may cure the violation by repudiating the Contradictory Statement in a press release or other public statement within four business days. If Defendant learns of a potential Contradictory Statement by its attorneys, agents, officers, or employees, Defendant must notify the Government of the statement within 24 hours. The decision as to whether any statement constitutes a Contradictory Statement or will be imputed to Defendant for the purpose of this Stipulation, or whether Defendant adequately repudiated a Contradictory Statement to cure a violation of this Stipulation, shall be within the sole discretion of the Government. Consistent with this provision, Defendant may raise defenses and/or assert affirmative claims or defenses in any proceeding brought by private and/or public parties, so long as doing so would not contradict or be inconsistent with the Admitted Conduct.

12. Relators and their heirs, successors, attorneys, agents, and assigns shall not object to this Stipulation; Relators agree and confirm that the terms of this Stipulation are fair, adequate, and reasonable under all the circumstances, pursuant to 31 U.S.C. § 3730(c)(2)(B).

13. Defendant agrees that it waives and shall not seek payment for any of the health care billings covered by this Stipulation from any health care beneficiaries or their parents, sponsors, legally responsible individuals, or third party payors based upon the claims defined as Covered Conduct.

14. Defendant waives and shall not assert any defenses Defendant may have to any criminal prosecution or administrative action relating to the Covered Conduct that may be based in whole or in part on a contention that, under the Double Jeopardy Clause in the Fifth Amendment of the Constitution, or under the Excessive Fines Clause in the Eighth Amendment of the Constitution, this Stipulation bars a remedy sought in such criminal prosecution or administrative action.

15. In exchange for valuable consideration provided in this Stipulation, Defendant acknowledges the following:

a. Defendant has reviewed its financial situation and warrants that it is solvent within the meaning of 11 U.S.C. §§ 547(b)(3) and 548(a)(1)(B)(ii)(I) and shall remain solvent following payment to the United States of the Settlement Amount.

b. In evaluating whether to execute this Agreement, the Parties intend that the mutual promises, covenants, and obligations set forth herein constitute a contemporaneous exchange for new value given to Defendant, within the meaning of 11 U.S.C. § 547(c)(1), and the Parties conclude that these mutual promises, covenants, and obligations do, in fact, constitute such a contemporaneous exchange.

c. The mutual promises, covenants, and obligations set forth herein are intended by the Parties to, and do in fact, constitute a reasonably equivalent exchange of value.

d. The Parties do not intend to hinder, delay, or defraud any entity to which Defendant was or became indebted on or after the date of any transfer contemplated in this Stipulation, within the meaning of 11 U.S.C. § 548(a)(1).

e. If Defendant's obligations under this Stipulation are avoided for any reason (including but not limited to through the exercise of a trustee's avoidance powers under the Bankruptcy Code) or if, before the Settlement Amount is paid in full, Defendant or a third party commences a case, proceeding, or other action under any law relating to bankruptcy, insolvency, reorganization, or relief of debtors seeking any order for relief of Defendant's debts, or to adjudicate Defendant as bankrupt or insolvent, or seeking appointment of a receiver, trustee, custodian, or other similar official for Defendant or for all or any substantial part of Defendant's assets:

(1) the United States may rescind the releases in this Stipulation and bring any civil and/or administrative claim, action, or proceeding against Defendant for the claims that would otherwise be covered by the releases provided in Paragraph 5 above;

(2) the United States has an undisputed, noncontingent, and liquidated allowed claim against Defendant in the amount of $5,616,136.85 less any payments received pursuant to the Stipulation, provided, however, that such payments are not otherwise avoided and recovered from the United States by Defendant, a receiver, trustee, custodian, or other similar official for Defendant; and

(3) if any payments are avoided and recovered by Defendant, a receiver, trustee, custodian, or similar official for Defendant, Relators shall, within thirty days of written notice from the United States to the undersigned Relators' counsel, return any portions of such payments already paid by the United States to Relators.

f. Defendant agrees that any civil and/or administrative claim, action, or proceeding brought by the United States under Paragraph 15(e) above is not subject to an "automatic stay" pursuant to 11 U.S.C. § 362(a) because it would be an exercise of the United States' police and regulatory power. Defendant shall not argue or otherwise contend that the United States' claim, action, or proceeding is subject to an automatic stay and, to the extent necessary, consents to relief from the automatic stay for cause under 11 U.S.C. § 362(d)(1). Defendant waives and shall not plead, argue, or otherwise raise any defenses under the theories of statute of limitations, laches, estoppel, or similar theories, to any such civil or administrative claim, action, or proceeding brought by the United States within 120 days of written notification to Defendant that the releases have been rescinded pursuant to this paragraph, except to the extent such defenses were available on July 18, 2019.

16. The Settlement Amount shall not be decreased as a result of the denial of claims for payment now being withheld from payment by any Medicare, Medicaid, TRICARE, or FEHBP contractor (*e.g.*, Medicare, Medicaid, TRICARE, or FEHBP Administrative Contractor, fiscal intermediary, carrier) or any state payor related to the Covered Conduct; and Defendant agrees not to resubmit to any Medicare, Medicaid, TRICARE, or FEHBP

contractor or any state payor any previously denied claims related to the Covered Conduct, agrees not to appeal any such denials of claims, and agrees to withdraw any such pending appeals.

17. Defendant agrees to the following:

a. Unallowable Costs Defined: All costs (as defined in the Federal Acquisition Regulation, 48 C.F.R. § 31.205-47; and in Titles XVIII and XIX of the Social Security Act, 42 U.S.C. **§§ 1395-1395lll and 1396-1396w-6**; and the regulations and official program directives promulgated thereunder) incurred by or on behalf of Defendant, including its present or former officers, directors, employees, and agents in connection with:

(1) the matters covered by this Stipulation;

(2) the United States' and States' audit(s) and civil investigation(s) of matters covered by this Stipulation;

(3) Defendant's investigation, defense, and corrective actions undertaken in response to the United States' and States' audit(s) and civil investigation(s) in connection with matters covered by this Stipulation and the State Settlement (including attorneys' fees);

(4) the negotiation and performance of this Stipulation and the State Settlement; and

(5) any payment Defendant makes to the United States pursuant to this Stipulation, any payment Defendant makes to the States pursuant to the State Settlement, and any payment Defendant may make to Relators, including expenses, costs and attorneys' fees;are unallowable costs for government contracting purposes and under the Medicare Program, Medicaid Program, TRICARE Program, and FEHBP (hereinafter referred to as "Unallowable Costs").

b. Future Treatment of Unallowable Costs: Unallowable Costs shall be separately determined and accounted for by Defendant, and Defendant shall not charge such Unallowable Costs directly or indirectly to any contracts with the United States or any State Medicaid program, or seek payment for such Unallowable Costs through any cost report, cost statement, information statement, or payment request submitted by Defendant or any of its subsidiaries or affiliates to the Medicare, Medicaid, TRICARE, or FEHBP Programs.

c. Treatment of Unallowable Costs Previously Submitted for Payment: Within 90 days of the Effective Date of this Stipulation, Defendant shall identify to applicable Medicare and TRICARE fiscal intermediaries, carriers, and/or contractors, and Medicaid and FEHBP fiscal agents, any Unallowable Costs (as defined in this paragraph) included in payments previously sought from the United States, or any

State Medicaid program, including, but not limited to, payments sought in any cost reports, cost statements, information reports, or payment requests already submitted by Defendant or any of its subsidiaries or affiliates, and shall request, and agree, that such cost reports, cost statements, information reports, or payment requests, even if already settled, be adjusted to account for the effect of the inclusion of the Unallowable Costs. Defendant agrees that the United States, at a minimum, shall be entitled to recoup from Defendant any overpayment plus applicable interest and penalties as a result of the inclusion of such Unallowable Costs on previously-submitted cost reports, information reports, cost statements, or requests for payment. Any payments due after the adjustments have been made shall be paid to the United States pursuant to the direction of the Department of Justice and/or the affected agencies. The United States, including the Department of Justice and/or the affected agencies, reserves their rights to disagree with any calculation submitted by Defendant or any of its subsidiaries or affiliates on the effect of inclusion of Unallowable Costs (as defined in this paragraph) on Defendant or any of its subsidiaries or affiliates' cost reports, cost statements, or information reports.

d. Nothing in this Stipulation shall constitute a waiver of the rights of the United States to audit, examine, or re-examine Defendant's books and records to determine that no Unallowable Costs have been claimed in accordance with the provisions of this Paragraph.

18. This Stipulation is intended to be for the benefit of the Parties only. The Parties do not release any claims against any other person or entity except as otherwise provided herein.

19. Each Party shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Stipulation; provided, however, nothing in this Stipulation shall preclude Relators from seeking to recover their expenses or attorneys' fees and costs from Defendant, pursuant to 31 U.S.C. § 3730(d).

20. Any failure by the Government to insist upon the full or material performance of any of the provisions of this Stipulation shall not be deemed a waiver of any of the provisions hereof, and the Government, notwithstanding that failure, shall have the right thereafter to insist upon the full or material performance of any and all of the provisions of this Stipulation.

21. This Stipulation is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this Stipulation is the United States

District Court for the Southern District of New York.

22. The Parties agree that the Court shall retain jurisdiction over any disputes related to this Stipulation, including any action to enforce the terms of this Stipulation and any claim by Relators against Defendant for expenses, costs, or attorneys' fees pursuant to 31 U.S.C. § 3730(d).

23. For purposes of construing this Stipulation, this Stipulation shall be deemed to have been drafted by all Parties to this Stipulation and shall not, therefore, be construed against any Party for that reason in any subsequent dispute.

24. This Stipulation constitutes the complete agreement between the Parties with respect to the subject matter hereof. This Stipulation may not be amended except by written consent of the Parties. No prior agreements, oral representations or statements shall be considered part of this Stipulation.

25. The undersigned counsel and other signatories represent and warrant that they are fully authorized to execute this Stipulation on behalf of the persons and the entities indicated below.

26. This Stipulation is binding on Defendant's successors, transferees, heirs, and assigns.

27. This Stipulation is binding on Relators' successors, transferees, heirs, and assigns.

28. This Stipulation may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same Stipulation. E-mails that attach signatures in PDF form or facsimiles of signatures shall constitute acceptable, binding signatures for purposes of this Stipulation.

29. Any notice pursuant to this Stipulation shall be in writing and shall, unless expressly provided otherwise herein, be delivered by hand, express courier, or e-mail transmission followed by postage-prepaid mail, and shall be addressed as follows:

RE: PillPack by Amazon Pharmacy

Permit Number: PH03946

Dear Mr. Dave Wuest,

PillPack LLC dba PillPack by Amazon Pharmacy [NH permit 0796] entered into a Settlement Agreement with the U.S. Department of Justice ("DOJ") on June 28, 2023. This Settlement resolves alleged violations of the recordkeeping provisions of the Controlled Substances Act made by the Drug Enforcement Administration based on an inspection conducted in October 2020. Amazon Pharmacy has cooperated with the DOJ in coming to this resolution and continues to take patient safety and compliance seriously. Enclosed, please find the publicly available Settlement Agreement.

It should be noted that nothing in this Settlement Agreement impacts Amazon Pharmacy's ability to practice pharmacy or service customers.

Very truly yours,

Kristine Rioux, Licensing Manager

Encls.

DocuSign Envelope ID: AFB7E76A-FDF1-4859-A1B3-E1BDCA451FBF

SETTLEMENT AGREEMENT

This Settlement Agreement ("Agreement") is made and entered into by and between the United States of America, acting through the United States Department of Justice and its Drug Enforcement Administration ("DEA") (collectively, the "United States"), and PILLPACK LLC DBA PILLPACK BY AMAZON PHARMACY ("PILLPACK") (collectively the "Parties").

Recitals

A. PILLPACK is an online pharmacy located at 250 Commercial Street, Suite 2012, Manchester, NH 03101 and has been assigned DEA# FP4013633 and registrant category "Retail Pharmacy."

B. Each DEA registrant is required to conduct its operations in accordance with the Controlled Substances Act (the "CSA"), 21 U.S.C. § 801, *et seq.*, and the regulations promulgated thereunder.

C. The DEA is the Department of Justice component agency primarily responsible for enforcing the CSA and is vested with the responsibility for investigating violations of the CSA.

D. The United States contends that, during the period from February 9, 2019, through October 28, 2020 (the "Covered Time Period"), PILLPACK violated the CSA and its implementing regulations by engaging in the alleged conduct described in the United States' Statement of Relevant Conduct set forth in Attachment 1. The conduct alleged in Attachment 1 is referred to below as the "Covered Conduct." The Covered Conduct does not involve any Schedule II controlled substances.

E. PILLPACK contends that, notwithstanding the allegations of Covered Conduct in Attachment 1, PILLPACK is dedicated to compliance with the CSA and maintains

significant protocols to ensure such compliance. These protocols include, without limitation: requiring employees to receive comprehensive training on controlled substances compliance; proactive monitoring of PILLPACK's controlled substance inventory through regular audits; robust recordkeeping policies for controlled substances; and policies requiring prompt investigation and reporting of any theft or significant loss of controlled substances in writing to the DEA and any other required state authorities.

F. This Agreement shall not be construed as an admission of liability by PILLPACK, nor a concession by the United States that its claims are not well founded.

G. In consideration of the mutual promises and obligations of this Agreement, the Parties agree and covenant as follows:

Terms of Agreement

1. No later than 10 days after the date on which this Agreement is signed by all Parties, PILLPACK shall pay the United States Three Hundred Thousand Dollars ($300,000.00) (the "Settlement Amount"). Payment of the Settlement Amount shall be by electronic funds transfer in accordance with written instructions from the United States Attorney's Office for the District of New Hampshire.

2. Subject to the exceptions in Paragraph 5 (concerning excluded claims), and conditioned upon the United States' receipt of the Settlement Amount, the United States releases PILLPACK, including its parents, subsidiaries and corporate predecessors, successors and assigns, and all of its current and former officers, directors, agents, employees, and attorneys from any civil or administrative claims the United States has, could have, or may assert in the future related to the Covered Conduct under the CSA.

3. PILLPACK releases the United States and its agencies, officers, agents,

employees, and servants, from any claims (including for attorney's fees, costs, and expenses of every kind and however denominated) that PILLPACK has asserted, could have asserted, or may assert in the future against the United States or its agencies, officers, agents, employees, or servants, related to the Covered Conduct and the United States' investigation and prosecution thereof.

4. Nothing in this Agreement derogates the requirements imposed upon PILLPACK pursuant to all applicable federal, state, and local laws and regulations, including but not limited to the requirements set forth in Title 21 of the United States Code and the regulations promulgated thereunder.

5. Notwithstanding the releases given in Paragraph 3 of this Agreement, or any other term of this Agreement, the following claims of the United States are specifically reserved and are not released by this Agreement:

a. Any liability arising under Title 26 of the United States Code (Internal Revenue Code);

b. Any criminal liability;

c. Any administrative claim or enforcement right of any federal agency other than the DEA, including any suspension or debarment rights (to the extent applicable);

d. Any liability to the United States (or its agencies) for any conduct other than the Covered Conduct;

e. Any liability based upon obligations created by this Agreement;

e. Any personal liability of individuals based on conduct outside of their official capacities.

6. The United States reserves the right to seek injunctive relief pursuant to Section 843(f) of Title 21 of the United States Code if PILLPACK fails to pay the Settlement Amount.

7. PILLPACK waives and shall not assert any defenses it might have to any

criminal prosecution or to any administrative action brought by a federal agency other than the DEA relating to the Covered Conduct that are based in whole or in part on a contention that, under the Double Jeopardy Clause in the Fifth Amendment or the Excessive Fines Clause in the Eighth Amendment of the United States Constitution, this Agreement bars a remedy sought in such criminal prosecution or administrative action.

8. The parties and signatories to this Agreement represent that they freely and voluntarily enter into this Agreement without any degree of duress or compulsion.

9. This Agreement is intended to be for the benefit of PILLPACK only; it does not create any rights or benefits as to third parties. PILLPACK does not release any claims against any other person or entity.

10. This Agreement is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this Agreement is the United States District Court for the District of New Hampshire. This Agreement shall be deemed to have been drafted by all Parties to this Agreement and shall not, therefore, be construed against any Party for that reason in any subsequent dispute.

11. This Agreement constitutes the complete agreement between the Parties. This Agreement may be amended only by a writing signed by all Parties.

12. The undersigned counsel represent and warrant that they are fully authorized to execute this Agreement on behalf of the Parties.

13. This Agreement may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same agreement.

14. This Agreement is binding on PILLPACK's successors, transferees, and assigns.

15. Nothing in this Agreement constitutes an agreement by the United States concerning the characterization of the Settlement Amount for purposes of the Internal Revenue laws, Title 26 of the United States Code.

16. Each Party shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

17. All parties consent to the United States' disclosure of this Agreement, and information about this Agreement, to the public, except that any names and contact information of individuals and DEA registration numbers shall be redacted and shall not be disclosed to the public.

18. The Parties may execute this Agreement via facsimile and/or by portable document format (.pdf), both of which shall be deemed the equivalent of an original signature.

[*Rest of page intentionally left blank*]

19. When this Agreement requires notice to the DEA, the persons to be notified will be Frank Borelli (571-362-8810, frank.j.borelli@dea.gov), and Sarah McMenimen (571-362-1286, sarah.e.mcmenimen@dea.gov). When this Agreement requires notice to PILLPACK, the person to be notified will be Christopher J. Morvillo (212-878-3437, Christopher.Morvillo@cliffordchance.com). Either party may change the name and/or contact information of its contact person(s) by so notifying the other party's contact person(s). This Agreement shall be effective on the date of signature of the last signatory to the Agreement ("Effective Date").

~~DRAFT – FOR SETTLEMENT PURPOSES ONLY – RULE 408~~

M.R.
RK

Attachment 1

United States' Statement of Covered Conduct

The United States contends as follows:

1. During the Covered Time Period, PILLPACK stored inventories and records of Schedules III-V controlled substances with other non-controlled substances records, in violation of 21 C.F.R. § 1304.04(h)(3).

2. As of October 28, 2020, PILLPACK's records did not accurately reflect PILLPACK's inventory of certain Schedules III-V controlled substances, in violation of 21 CFR § 1304.21(a). Specifically, PILLPACK possessed fewer quantities of Acetaminophen with Codeine #4, Tramadol, Zolpidem, Butalbital, and Alprazolam than PILLPACK's records indicated and greater quantities of Acetaminophen with Codeine #3, Clonazepam, Lorazepam Carisoprodol, and Lyrica than PILLPACK's records indicated.

RE: PillPack by Amazon Pharmacy, Amazon Pharmacy #001, Amazon Pharmacy #002, Amazon Pharmacy #003, Amazon Pharmacy #005, Amazon Pharmacy #006, Amazon Pharmacy #007
Permit Number: PH03946, PH03741, PH03988, PH03870, PH04407, PH04408, PH04409

Dear Mr. Dave Wuest,

On February 14, 2024, PillPack entered into a Settlement Agreement with the Office of Inspector General (OIG) for $646,096.06. This settlement is a result of voluntary self-disclosures to the OIG in 2022 and 2023. The first disclosure related to the OIG's contention that the Pharmacy accepted and honored pharmaceutical manufacturers' copayment coupons and other copayment assistance programs for federal health care payers between January 1, 2017 and June 30, 2022. The second relates to OIG's contention that during the period from November 2, 2017 through January 2, 2023, PillPack provided prescription drugs exceeding the prescribed amount in certain circumstances and billed Medicare, Medicaid, and TRICARE for those prescription drugs. Both self-disclosers impacted a very small percentage of billed claims.

The settlement reflects OIG's determination that PillPack receive a benefit for voluntarily disclosing the conduct and cooperating with the agency in the resolution of the matter. PillPack remains committed to patient safety and operating in full compliance with all applicable rules and regulations. This Agreement is not an admission of liability by PillPack.

It should be noted that nothing in this Settlement Agreement impacts PillPack's ability to practice pharmacy or service customers.

Very truly yours,

Kristine Rioux, Licensing Manager

SETTLEMENT AGREEMENT

I. Recitals

1. Parties. The Parties to this Settlement Agreement (Agreement) are the Office of Inspector General (OIG) of the United States Department of Health and Human Services (HHS) and PillPack LLC (Respondent).[1] OIG and Respondent shall hereafter collectively be referred to as the "Parties."

2. Factual Background and Covered Conduct.

a. On July 19, 2022, Respondent made a submission pursuant to OIG's Self Disclosure Protocol (Protocol), and OIG accepted Respondent into the Protocol on August 11, 2022. The OIG contends that during the period from January 1, 2017, through June 30, 2022, Respondent accepted and honored pharmaceutical manufacturers' copayment coupons and other copayment assistance programs for Federal health care payers. The OIG contends that Respondent offered and paid the remuneration described above in violation of 42 U.S.C. § 1320a-7b(b)(2).

b. On July 27, 2023, Respondent made a second submission pursuant to the Protocol, and OIG accepted Respondent into the Protocol on August 11, 2023. The OIG contends that Respondent knowingly presented to Medicare, Medicaid, and TRICARE claims for items or services that Respondent knew or should have known were not provided as claimed and were false or fraudulent. Specifically, the OIG contends that during the period from November 2, 2017, through January 2, 2023, Respondent provided prescription drugs exceeding the prescribed amount in certain circumstances and billed Medicare, Medicaid, and TRICARE for those prescription drugs.

c. The OIG contends that the conduct described in Sub-paragraphs 2.a and 2.b (hereinafter referred to as the "Covered Conduct") subjects Respondent to civil monetary penalties, assessments, and exclusion under 42 U.S.C. §§ 1320a-7a and 1320a-7(b)(7).

3. No Admission or Concession. This Agreement is neither an admission of liability by Respondent nor a concession by the OIG that its claims are not well-founded.

1 The definition of Respondents includes: Amazon.com, Inc.; Amazon.com Sales, Inc.; Amazon.com Services LLC; Picasso Holdco 2 LLC; Picasso Holdco 1 LLC; PillPack LLC dba PillPack by Amazon Pharmacy; TPEC, LLC; A.E. Pharmacy, LLC dba Amazon Pharmacy #001; AZ Pharmacy, LLC dba Amazon Pharmacy #002; M.N. Pharmacy, LLC dba Amazon Pharmacy #003; I.C. Pharmacy, LLC dba Amazon Pharmacy #004; PillPack LLC dba Amazon #005 (PSE1); PillPack LLC dba Amazon #006 (PIN2); and PillPack LLC dba Amazon Pharmacy #007.

4. Intention of Parties to Effect Settlement. In order to avoid the uncertainty and expense of litigation, the Parties agree to resolve this matter according to the Terms and Conditions below.

II. Terms and Conditions

5. Payment. Respondent agrees to pay to the OIG $646,096.06 (Settlement Amount) of which $408,979.37 is attributable to the conduct described in Sub-paragraph 2.a, and $237,116.69 (including $158,077.79 in restitution) is attributable to the conduct described in Sub-paragraph 2.b. This payment shall be made by electronic funds transfer pursuant to written instructions to be provided by the OIG to Respondent. Respondent shall make full payment no later than twenty days after the Effective Date.

6. Release by the OIG. In consideration of the obligations of Respondent under this Agreement and conditioned upon Respondent's full payment of the Settlement Amount, the OIG releases Respondent from any claims or causes of action it may have against Respondent under 1320a-7a, and 1320a-7(b)(7) for the Covered Conduct. The OIG and HHS do not agree to waive any rights, obligations, or causes of action other than those specifically referred to in this Paragraph. This release is applicable only to the Respondent and is not applicable in any manner to any other individual, partnership, corporation, or entity.

7. Agreement by Released Parties. Respondent shall not contest the Settlement Amount or any other term of this Agreement in any federal, state, or administrative forum. Respondent waives all procedural rights granted under the exclusion statute (42 U.S.C. § 1320a-7), the CMPL (42 U.S.C. § 1320a-7a) and related regulations (42 C.F.R. Parts 1001, 1003, and 1005), and HHS claims collection regulations (45 C.F.R. Part 30), including, but not limited to, notice, hearing, and appeal with respect to the Settlement Amount.

8. Reservation of Claims. Notwithstanding any term of this Agreement, specifically reserved and excluded from the scope and terms of this Agreement as to any entity or person (including Respondent) are the following:

a. Any criminal, civil, or administrative claims arising under Title 26 U.S. Code (Internal Revenue Code);

b. Any criminal liability;

c. Except as explicitly stated in this Agreement, any administrative liability, including mandatory exclusion from Federal health care programs; and

d. Any liability to the United States (or its agencies) for any conduct other than the Covered Conduct.

9. Binding on Successors. This Agreement is binding on Respondent and its successors, heirs, transferees, and assigns.

10. Costs. Each Party to this Agreement shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

11. No Additional Releases. This Agreement is intended to be for the benefit of the Parties only, and by this instrument the Parties do not release any claims against any other person or entity, except as provided in Paragraph 12.

12. Claims Against Beneficiaries. Respondent waives and shall not seek payment, including copay and deductible amounts, for any of the health care billings covered by this Agreement from any health care beneficiaries or their parents, sponsors, legally responsible individuals, or third-party payors based upon the claims defined as Covered Conduct.

13. Effect of Agreement. This Agreement constitutes the complete agreement between the Parties. All material representations, understandings, and promises of the Parties are contained in this Agreement. Any modifications to this Agreement shall be set forth in writing and signed by all Parties. Respondent represents that this Agreement is entered into with advice of counsel and knowledge of the events described herein. Respondent further represents that this Agreement is voluntarily entered into in order to avoid litigation, without any degree of duress or compulsion.

14. Effective Date. The Effective Date of this Agreement shall be the date of signing by the last signatory.

15. Disclosure. Respondent consents to the OIG's disclosure of this Agreement, and information about this Agreement, to the public.

16. Execution in Counterparts. This Agreement may be executed in counterparts, each of which constitutes an original, and all of which shall constitute one and the same agreement.

17. Authorizations. The individuals signing this Agreement on behalf of the Respondent represent and warrant that they are authorized by Respondent to execute this Agreement. The individuals signing this Agreement on behalf of the OIG represent and warrant that they are signing this Agreement in their official capacities and that they are authorized to execute this Agreement.

RE: PillPack LLC dba PillPack by Amazon Pharmacy
Permit Number: PH03946

Dear Mr. Dave Wuest,

As a follow-on to the settlement agreement entered into between PillPack LLC dba PillPack by Amazon Pharmacy and the U.S. Department of Justice ("DOJ"),related to the resolution of alleged violations of the recordkeeping provisions of the Controlled Substances Act made by the Drug Enforcement Administration based on an inspection conducted in October 2020, a notice of which was provided to this board on or about 6/28/2023, The Hawaii Regulated Industries Complaints Office (RICO) has elected to enter into its own settlement agreement with PillPack LLC dba PillPack by Amazon Pharmacy (HI permit numbers PMP-891), effective April 23rd, 2024.

It should be noted that nothing in the aforementioned negotiation impacts Amazon Pharmacy's ability to practice pharmacy or serve customers.

Very truly yours,

Shaniques Dorisca, Licensing Coordinator

In the Matter of the Miscellaneous Permit of)	PHA 2023-38-L
PILLPACK LLC, doing business as PILLPACK BY AMAZON PHARMACY, Respondent.	SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION
FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

Petitioner, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' REGULATED INDUSTRIES COMPLAINTS OFFICE (hereinafter "RICO" or "Petitioner"), through its undersigned attorney(s), and Respondent PILLPACK LLC, doing business as PILLPACK BY AMAZON PHARMACY (hereinafter "Respondent"), enter into this Settlement Agreement on the terms and conditions set forth below.

A. UNCONTESTED FACTS:

1. At all relevant times herein, Respondent was permitted by the Hawaii Board of Pharmacy (hereinafter the "Board") as a miscellaneous permit holder under permit number PMP 891. The miscellaneous permit was originally issued on or about October 10, 2013. The miscellaneous permit is set to expire or forfeit on or about December 31, 2025.

2. Respondent's mailing address for purposes of this action is c/o Rafael del Castillo & Associates, AAL, LLLC, 289 Kawaihae Street, #222, Honolulu, Hawaii 96825-1901.

I HEREBY CERTIFY THAT THE ATTACHED IS A TRUE AND CORRECT COPY OF THE ORIGINAL ON FILE IN THE DEPARTMENT OF COMMERCE & CONSUMER AFFAIRS.
M. Casido

3. On or about June 28, 2023, Respondent Pillpack LLC dba Pillpack by Amazon Pharmacy entered into a Settlement Agreement (hereinafter "Prior Settlement") with the United States of America resolving allegations that from February 9, 2019, through October 28, 2020, Pillpack LLC dba Pillpack by Amazon Pharmacy violated the Controlled Substances Act, 21 U.S.C. § 801 *et seq.*, because Respondent's records did not accurately reflect Respondent's inventory of certain Schedule III-V controlled substances: Acetaminophen with Codeine #4; Tramadol; Zolpidem; Butalbital; Alprazolam; Acetaminophen with Codeine #3; Clonazepam; Lorazepam; Carisoprodol; and Lyrica. The alleged conduct does not involve any Schedule II substances. The Prior Settlement is not an admission of liability by Respondent.

4. Respondent reported the Prior Settlement to the Board in a timely manner.

5. The foregoing allegation, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes (hereinafter "HRS") § 436B-19(13) (disciplinary action by a federal agency); HRS § 461-21(a)(5) (violation of a federal controlled substance law); and Hawaii Administrative Rules (hereinafter "HAR") § 16-95-110(a)(12) (violation of a federal controlled substance law).

6. The Board has jurisdiction over the subject matter herein and over the parties hereto.

B. REPRESENTATIONS BY RESPONDENT:

1. Respondent is represented by Rafael del Castillo, Esq., c/o Rafael del Castillo & Associates, AAL, LLLC, 289 Kawaihae Street, #222, Honolulu, Hawaii 96825.

2. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2023-38-L.

3. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress, as a compromise of the claims, and to conserve on the expenses of proceeding at an administrative hearing.

4. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

5. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this Settlement Agreement may be grounds for further disciplinary action under HRS Chapters 436B and 461.

6. Respondent does not admit to violating any law or rule but acknowledges that RICO alleges that it has sufficient cause to file a Petition for Disciplinary Action against

Respondent's miscellaneous permit.

7. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2023-38-L, specifically, the Prior Settlement with the United States Department of Justice through the United States Attorney's Office for the District of New Hampshire and all allegations contained therein.

8. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

9. Respondent understands this Settlement Agreement is a public record pursuant to HRS Chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative Fine. Respondent agrees to pay a fine in the amount of FIVE HUNDRED AND NO/100 DOLLARS ($500.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn.: Rina C.Y. Chung, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment shall be made before RICO submits this Settlement Agreement executed by Respondent's authorized representative(s) to the Board, but no more than thirty (30) calendar days from the date this Settlement Agreement is submitted to RICO by Respondent.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph C.1 above, Respondent's miscellaneous permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of the miscellaneous permit to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands that Respondent cannot apply for a new miscellaneous permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new miscellaneous permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at that time.

3. Settlement Agreement Conclusively Resolves the Board's Claims Arising from the Prior Settlement with the United States Department of Justice through the United States Attorney's Office for the District of New Hampshire. The Board hereby acknowledges that following the conclusion of this action, the Prior Settlement may trigger, or may have already triggered, actions in additional states, and the Board hereby agrees that these actions shall not be deemed to constitute any additional or separate violations of the statutes or administrative rules governing the conduct of miscellaneous permit holders in the state of Hawaii; and that this Settlement Agreement conclusively resolves all claims the Board has or may have in connection with the Prior Settlement together with any actions arising as a result or directly therefrom in any

other state or jurisdiction.

4. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of miscellaneous permit holders in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

5. Approval of the Board. Respondent agrees that, except for the representations, agreements, and covenants contained in Paragraphs C.6, C.7, C.8, and C.9, below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

6. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

7. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

8. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion, or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation, opinion, or promise made by RICO or any of its agents, employees, representatives, or attorneys concerning the nature, extent, or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

9. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities, and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed, or amended by written instrument duly executed by all parties hereto.

D. ADDITIONAL REPRESENTATIONS BY RESPONDENT[1]

1. No Coercion or Duress; No Representations By RICO. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress.

[1] The term "Respondent" shall mean a single person; but if more than one person is subject to and executes this Settlement Agreement, then the term shall include all such persons unless stated otherwise.

Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion, or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation, opinion, or promise made by RICO or any of its agents, employees, representatives, or attorneys concerning the nature, extent, or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

2. Right to Hearing. Respondent is aware that Respondent has a right to a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives Respondent's right to a hearing and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

3. Consent to Settlement Agreement. Respondent acknowledges that Respondent is subject to penalties, including but not limited to revocation, suspension, or limitation of the license, and administrative fines, were the allegations set forth in this Settlement Agreement to be proven at hearing, and enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

4. Procedure for Approval of Settlement Agreement. Upon filing, this Settlement Agreement will be submitted to the Board. Respondent agrees that this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. Effect of Rejection of Settlement Agreement. Respondent agrees that if the Board does not approve this Settlement Agreement, neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Grounds for Further Disciplinary Action. Respondent understands that the Board may pursue additional disciplinary action as provided by law to include further fines and other sanctions if Respondent violates any provision of applicable licensing statutes or rules or if Respondent fails to abide by the terms of this Settlement Agreement.

7. Corrections to Board Member Names and Titles. Respondent understands that this Settlement Agreement will be reviewed by the Board, agrees that the Board or RICO staff may update or correct a Board member's name as appropriate, and waives notice of any such changes.

8. Reporting. Respondent understands that this Settlement Agreement may be subject to reporting requirements and that this Settlement Agreement is a public record pursuant to HRS Chapter 92F.

9. Disciplinary Action. Respondent acknowledges that upon its approval, this Settlement Agreement shall constitute disciplinary action.

10. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below. Each signatory to this Agreement hereby represents and warrants that he/she is authorized to execute and deliver this Agreement in the capacity shown below.

RE: PillPack LLC dba PillPack by Amazon Pharmacy
Permit Number: PH03946

Dear Mr. Dave Wuest,

On February 19, 2025, PillPack LLC dba PillPack by Amazon Pharmacy [IL Permit 054.021076] entered into a Settlement Agreement with the Illinois Department of Financial and Professional Regulation. This Agreement is a follow-on to previously reported matters between PillPack LLC and the Texas Board of Pharmacy, the Southern District of New York, and the Department of Justice. Each of the aforementioned matters were previously reported to this board. Amazon Pharmacy has cooperated with the Illinois Department of Financial and Professional Regulation in coming to this resolution, and remains committed to patient safety and operating in full compliance with all applicable rules and regulations. This Agreement is not an admission of liability by Amazon Pharmacy. Nothing in this Settlement Agreement impacts Amazon Pharmacy's ability to practice pharmacy or service customers.

Very truly yours,

Kayleigh Shikrallah, Licensing Coordinator

Encls.

STATE OF ILLINOIS
DEPARTMENT OF FINANCIAL AND PROFESSIONAL REGULATION
DIVISION OF PROFESSIONAL REGULATION

DIVISION OF PROFESSIONAL REGULATION OF THE ILLINOIS DEPARTMENT OF FINANCIAL AND PROFESSIONAL REGULATION, COMPLAINANT,	)	
V.	)	NO. 2023-00231
PILLPACK, LLC, DBA PILLPACK BY AMAZON PHARMACY, LICENSE NO. 054.021076, RESPONDENT.	)	

CONSENT ORDER

The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation ("Department"), by its attorney Sean O'Connell, and Respondent PillPack LLC d/b/a PillPack by Amazon Pharmacy ("Respondent"), by its attorney Alex Cooper, hereby agree to the following:

STIPULATIONS

Respondent holds Illinois licensed pharmacy license. no. 054.021076 issued by the Department which is presently in Active status. On or about November 2, 2021, Respondent entered an agreed order with the Texas Board of Pharmacy which resulted in the reprimand of Respondent's Texas pharmacy license after an investigation revealed Respondent incorrectly verified the data entry for a patient's new facsimile prescription. On April 29, 2022, Respondent entered into a stipulated agreement with the United States – Southern District of New York resolving allegations that Respondent violated the False Claims Act by submitting to Government Healthcare Programs, including Medicare, Medicaid, TRICARE, and the Federal Employers Health Benefits Program, reimbursement claims for insulin pens that falsely under-reported the days-of-supply that were dispensed substantially earlier than the patients actually needed insulin

pen refills according to the prescribers' instructions; and that, due to this practice, the Government Healthcare Programs reimbursed Defendant for more than certain patients needed. Under this stipulated agreement, Respondent agreed to pay the sum of $5,616,136.85 to the United States and a total of $175,522.55 to the certain states. On or about June 29, 2023, Respondent entered into a Settlement Agreement with the United States Government in which Respondent agreed to pay the United States $300,000 to resolve allegations that Respondent stored inventories and records of Schedules III-V controlled substances with other non-controlled substances and that Respondent's records did not accurately reflect its inventory of certain Schedule III-V controlled substances. Respondent did not admit liability as part of this agreement. In order to resolve this case without proceeding to hearing, Respondent does not contest the Department's position that the above actions against Respondent constitute grounds for disciplinary action against Respondent's Illinois licensed pharmacy license no. 054.021076 on the authority of the Illinois Pharmacy Practice Act ("Act") at 225 ILCS 85/30(a)(8),225 ILCS 85/30(a)(7),225 ILCS 85/30(a)(2), and 225 ILCS 85/30(a)(19).

Pursuant to 68 IAC 1130.300(b) the following factors are considered in mitigation: (a) Respondent cooperated with the Department and (b) Respondent properly self-reported all of the aforementioned agreements to the Department.

At all times material to the matter set forth in this Consent Order, the Department had jurisdiction over the subject matter and the parties herein. Respondent has been advised of the right to have any allegation(s) reduced to written charges, to an attorney, to a hearing where the Department bears the burden to prove its allegations by clear and convincing evidence, to contest any charges brought and present mitigating evidence, and to administrative review of any order resulting from a hearing. Respondent knowingly waives each of these rights, as well as any right

to administrative review of this Consent Order. Such waiver ceases if this Consent Order is rejected by the Director or the Illinois State Board of Pharmacy ("Board"). Respondent acknowledges that it has entered into this Consent Order freely and of Respondent's own will without threat or coercion by the Department or any person, and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. Respondent acknowledges that the Department attorney may be requested to communicate with the Board or Director in furtherance of the approval of this Consent Order. Respondent acknowledges that this Consent Order will be presented to the Director. If this Consent Order is not approved, Respondent waives any right to raise any prejudice resulting from the Director's consideration of this Consent Order. Respondent understands that this Consent Order is not effective unless and until it is adopted by the Director. A copy of any original signature(s) affixed to this Consent Order shall be given the full force and effect of an original signature(s) affixed to this Consent Order.

Respondent and the Department agree, in order to resolve this case, that the Respondent be permitted to enter into a Consent Order with the Department, on behalf of the State of Illinois, providing for the terms and conditions contained herein which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

Wherefore, the Department, by its attorney Sean O'Connell, and PillPack LLC d/b/a PillPack by Amazon Pharmacy, by its attorney Alex Cooper, agree:

A. Respondent's licensed pharmacy license no. 054.021076 shall be reprimanded.

B. Respondent shall pay a one hundred and twenty-five thousand dollars ($125,000.00 USD) disciplinary fine within sixty (60) days of the effective date of this Consent Order. The fine is to be paid by personal check, cashier's check, company check, or personal money order. Said

monetary instrument shall be made payable to "Illinois Department of Financial and Professional Regulation," clearly indicate on the face of the monetary instrument Respondent's license number of 054.021076 and this case number of 2023-00231, and be mailed to the following address:

Illinois Department of Financial and Professional Regulation
SSC – Accounts Receivable Section - Fines
P.O. Box 7086
Springfield, IL 62791-7086

C. Respondent agrees that any violation of this Consent Order permits the Director to issue an Order forthwith mandating the automatic, indefinite, and immediate suspension of Respondent's license for a minimum period of twelve (12) months. This suspension shall not preclude the Department from taking any other disciplinary or other action it deems appropriate related to violations of this Consent Order. In the event Respondent contests in writing (by the filing with the Department within thirty (30) days the effective date of the suspension a Petition complying with the Department's Rules of Practice in Administrative Hearings) the factual basis underlying said suspension, then Respondent shall be afforded a hearing on the merits in accordance with the Department's Rules of Practice in Administrative Hearings, 68 Ill. Admin. Code 1110/*et seq.*

D. Respondent acknowledges that this Consent Order is a public disciplinary action and will be made available to the public. It will be reported to all applicable reporting databases.

E. Except for violations of this Consent Order pursuant to Paragraph C, the Department, as well as the Illinois State Board of Pharmacy, shall be precluded from taking any additional disciplinary action against Respondent related to the conduct covered by this Consent Order.

F. This Consent Order is a final administrative order. The effective date of this Consent Order is the date the Director signs unless otherwise stated herein.

RE: PillPack LLC dba PillPack by Amazon Pharmacy
Permit Number: PH03946

Dear Mr. Dave Wuest,

On November 24, 2025, PillPack by Amazon Pharmacy entered into a Settlement Agreement with The Ohio State Board of Pharmacy, as a follow-on to the Settlement entered into between PillPack LLC and the Office of Inspector General (OIG), related to voluntary self-disclosures to the OIG in 2022 and 2023, which was previously disclosed to this Board.

It should be noted that nothing in this Settlement Agreement impacts PillPack's ability to practice pharmacy or service customers. PillPack remains committed to patient safety and operating in full compliance with all applicable rules and regulations.

Very truly yours,

Kayleigh Shikrallah, Licensing Coordinator

Encls.

IN THE MATTER OF:

CASE NO. A-2024-0423

Pillpack by Amazon Pharmacy
250 Commercial Street, Suite 2012
Manchester, NH 03101

License No. 02-2362400

SETTLEMENT AGREEMENT WITH THE OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the Ohio Board of Pharmacy (Board) and Pillpack by Amazon Pharmacy (Pillpack) for the purpose of resolving all issues between the parties relating to the Board investigation of a settlement agreement between Pillpack and the Office of the Inspector General (OIG) of the U.S. Department of Health and Human Services (HHS) involving the dispensation of medication in excess of the prescribed quantity. Together, the Board and Pillpack are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.57 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit or refuse to grant or renew any license issued pursuant to Section 4729.54 of the Ohio Revised Code.

2. Pillpack by Amazon Pharmacy is a licensed Terminal Distributor of Dangerous Drugs under license number 02-2362400.

FACTS

1. The Board initiated an investigation of Pillpack by Amazon Pharmacy, Terminal Distributor of Dangerous Drugs license number 02-2362400, related to Pillpack's settlement agreement with the OIG of HHS involving the dispensation of medication in excess of the prescribed quantity.

2. On or about February 20, 2025, the Board sent a Notice of Opportunity for Hearing to Pillpack, which outlined the allegations and provided notice of its right to a hearing, its rights in such hearing, and its right to submit contentions in writing.

3. On or about March 21, 2025, Pillpack, through counsel Hunter G. DeKoninck, timely requested an administrative hearing, which was subsequently scheduled for August 5, 2025. WHEREFORE,

the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Pillpack neither admits nor denies the allegations stated in the Notice of Opportunity for Hearing letter dated February 20, 2025; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Pillpack agrees to pay to the Board a monetary penalty the amount of $5,000. This fine will be attached to your license record and must be paid no later than 180 days from the effective date of this Agreement. To pay this fine you must login to www.elicense.ohio.gov and process the items in your cart.

4. The Board hereby imposes a written reprimand on Pillpack's TDDD license, number 02-2362400.

5. Pillpack agrees and acknowledges that this Board action must be disclosed to the proper licensing authority of any state or jurisdiction, as required by any such state or jurisdiction, in which it currently holds a professional license, including the Board on renewal applications or applications for a new license.

6. Pillpack agrees to comply with all federal and state requirements related to Terminal Distributors of Dangerous Drugs, including but not limited to, Ohio Revised Code Chapter 4729. and the Rules adopted thereunder, Chapter 3719. and the Rules adopted thereunder, Chapter 3715. and the Rules adopted thereunder as well as the "Federal Food, Drug, and Cosmetic Act," 52 Stat. 1040 (1938), 21 U.S.C.A. 301 and Chapter 21, Section 360 of the United States Code, and Section 207.20 of the Code of Federal Regulations. Any violation by Pillpack of the terms of one or more federal or state requirements may constitute sufficient grounds for further enforcement action related to any licenses granted Pillpack by the Board and will NOT discharge Pillpack from any obligation under the terms of this Agreement.

7. Pillpack agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

8. Pillpack understands that it has the right to be represented by counsel for review and execution of this agreement.

9. This Agreement is binding upon any and all successors, assigns, affiliates, and subsidiaries of the parties or any other corporation through whom or with whom Pillpack will operate.

10. Pillpack explicitly withdraws its request for a hearing, waives its right to a hearing and an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

11. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

12. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

13. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

14. If any of the provisions, terms, or clauses of this Agreement are declared illegal, unenforceable, or ineffective by an authority of competent jurisdiction, those provisions, terms, and clauses shall be deemed severable, such that all other provisions, terms, and clauses of this Agreement shall remain valid and binding upon both Parties.

15. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I, NIKHIL RAJESHKUMAR PATEL, **certify that as the designated representative for**

AMAZON PHARMACY #016,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. NRP I am at least 21 years of age;
3. NRP I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. NRP I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. NRP I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. NRP I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. NRP I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

- Dispensing Process for prescription/product verification - Pharmacy Lite operating system QR code scan, Eyecon,
- Floor stock expiration date method
- Hazardous medications quarantine area designated
- Will Call area - same day delivery only
- Return to Stock Procedures - only shipments unable to be delivered are returned and quarantined for destruction
- Board of Pharmacy Subscriber Email List - POA3-Licensing@Pillpack.com
- Automated Dispensing - Parata Max with 220 cells
- Policy / Procedure - Technician Job Description, Theft/Diversion/Impairment
- Interpretive Services - Language Line
- Quality Assurance - PharmaPod system for medication related errors (MRE)

Education / Discussion:

- The latest edition (December 2024) of The Script is available at www.pharmacy.ca.gov
- **Recently Approved Changes in Regulations:**
  - CCR 1715.6 Reporting Drug Loss - within no later than thirty (30) days after the date of discovery:(A)For tablets, capsules, or other oral medication, 99 dosage units.(B)For single-dose injectable medications, lozenges, film, such as oral, buccal, and sublingual, suppositories, or patches, 10 dosage units.(C) For injectable multi-dose medications, medications administered by continuous infusion, or any other multi-dose unit, two or more multi-dose vials, infusion bags, or other containers.
  - CCR 1715.65(a) Inventory Activities of Controlled Substances - products containing the following substances in the following strengths per tablet, capsule, other unit, or specified volume, at least once every 12 months: Alprazolam 1mg and 2mg,Tramadol 50mg, Promethazine with Codeine
  - CCR 1715.65(e) – PIC must countersign the CII reconciliation report if done by another pharmacist.
  - BPC 4052.04 – Pharmacist may furnish COVID-19 oral therapeutics following a positive test.
    - "COVID-19 oral therapeutics" means drugs that are approved or authorized by the FDA for the treatment of COVID-19 and administered orally.
    - Prior to furnishing COVID-19 oral therapeutics, a pharmacist shall utilize relevant and appropriate evidence-based clinical guidelines published by FDA in providing these patient care services.
    - A pharmacist who furnishes COVID-19 oral therapeutics shall notify patient's PCP or enter appropriate information into patient record system shared with PCP, as permitted by that PCP. If the patient does not have a PCP, the pharmacist shall provide the patient with a written record of the drugs furnished and advise the patient to consult a physician of the patient's choice.
    - Document the kind and amounts of COVID-19 oral therapeutics furnished, as well as any information regarding testing services provided, in the patient's record in the record system maintained by the pharmacy.
    - Retain records for 3 years.
  - BPC 4113 – PIC authority to make staffing decisions
    - PIC may make staffing decisions to ensure sufficient personnel are present in the pharmacy to prevent fatigue, distraction, or other conditions that may interfere with a pharmacist's ability to practice competently and safely.
    - If PIC is not available, a pharmacist on duty may adjust staffing according to workload if needed.
    - PIC or pharmacist on duty shall immediately notify the store management of any conditions that present an immediate risk of death, illness, or irreparable harm to patients, personnel, or pharmacy staff. If the conditions are not resolved within 24 hours, the PIC or RPH on duty shall ensure the BOP is timely notified. Conditions that present an immediate risk of death, illness, or irreparable harm to patients, personnel, or pharmacy staff include, but are not limited to:
      - Workplace safety and health hazards that present an immediate risk of death, illness or irreparable harm to patients, personnel, or pharmacy staff.
      - Sustained temperatures that could impact ambient temperature drug stability according to manufacturer data on acceptable drug storage conditions.
      - Vermin infestation that poses a risk to the safety or efficacy of medicine.
  - BPC 4113.1 – Reporting medication errors within 14 days from discovery.

INSPECTION REPORT

- Applies to "community pharmacies" – *i.e.*, any pharmacy that dispenses medication to an outpatient (but not including facilities of CDCR).
- Per the BOP's AB 1286 Implementation Statement, the reporting of medication errors under BPC 4113.1 will not be required until the BOP approves an entity to receive the reports.

• BPC 4113.6 – Chain community pharmacy subject to BPC 4113.5 must be staffed at all times with at least one clerk or pharmacy technician fully dedicated to performing pharmacy-related services. The BOP will not take action against a pharmacy for violation of this staffing requirement if any of the following conditions apply:

- RPH on duty waives the requirement in writing during specified hours based on workload need.
- The pharmacy is open beyond normal business hours (*i.e.*, before 8am, after 7pm). During the hours before 8am and after 7pm, the staffing requirement shall not apply.
- The pharmacy's prescription volume per day on average is less than 75 prescriptions per day based on the average daily prescription volume for the past calendar year. However, if the pharmacist is also expected to provide additional pharmacy services (such as immunizations or CLIA-waived tests) this exception does not apply.
- When staffing of pharmacist hours within a chain community pharmacy does not overlap sufficiently, scheduled closures for lunch time for all pharmacy staff shall be established and publicly posted, and included on the outgoing telephone message.

• BPC 4115 – Pharmacy technician may, under the direct supervision and control of a pharmacist, prepare and administer influenza and COVID-19 vaccines via injection or intranasally, prepare and administer epinephrine, perform specimen collection for tests that are CLIA waived, receive prescription transfers, and accept clarification on prescriptions under certain specified conditions.

• CCR 1732.5(b) Renewal Requirements for Pharmacists: At least two (2) of the thirty (30) hours required for pharmacist license renewal shall be completed by participation in a Board provided CE course in Law and Ethics. https://www.pharmacy.ca.gov/licensees/webinars/law_2022/2022_law_webinar.html

• BPC 4231 – CE required for pharmacists to renew their pharmacist license must now include at least one hour of participation in a cultural competency course which meets specified requirements.

• The Board has posted on its website the FAQ's to address the changes in pharmacy law related AB1286, dated 12/21/2023. Here's the link: https://pharmacy.ca.gov/publications/ab1286_faqs.pdf

Statement of Responsibility

1. I am the Manager and PIC (title) for Blue Rx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Jonathan Hamer hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Manager and Pharmacist in Charg (title) for Blue Rx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Corresponding Responsibility and the Red Flags checklist using references from the DEA RPh Manual, the Texas Controlled Substances Act, and TSBP Rules 291.29 and 291.34 (b).	*Yes*
Pharmacy will need to conduct an opening inventory of all controlled substances on the first day of business.	*Yes*
Pharmacy will need to report all controlled substances to the PMP as required.	*Yes*

Signatures

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and

- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Chief Executive Officer (title) for Carepoint Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Bhavesh Patel hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Chief Executive Officer (title) for Carepoint Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Security:
Alarm System: ADT
-Keypad located front door entrance.
-Individual Alarm code with PIC Bhavesh Patel and Pritesh Patel
-If there is unauthorized access, contact PIC Bhavesh Patel (CEO), Pritesh Patel (COO), and Priti Patel.

Keys for pharmacy are with PIC Bhavesh Patel and RPh Jessica Sincheimer and all staff pharmacists

Entry points into pharmacy (See layout provided for Dept is Main file)
- There are 3 entry points into building + 2 double commercial glass door with magnetic sensor, deadbolt and biometric access. there is the dock doors w/ key entry and magnetic sensor. there is also a biometric access from lobby.
- There are 2 entry points in pharmacy dispensing area with biometric access. Inside of pharmacy leads to sterile compounding lab and shipping area.

Security Cameras: 1 → not installed yet
Motion Detectors: 3
Glass Break Sensor:

CII safe:
-Keys to safe with PIC Patel & staff rph.
-safe is a white cabinet under fixed cabinet with 2 key locks.
* → Please put steel plate along side of cabinet to prevent forced entry.
→ Send CII picture within 2 weeks.

NARRATIVE

This is a Change of Address and Sterile Compounding Pharmacy License Inspection by DCI Aarti Parikh on 4/14/16. Present for inspection is PIC Bhavesh Patel. This pharmacy is in a standalone building. This is a community pharmacy that provides retail, mail order, specialty pharmacy, compounding, and home infusion services. This pharmacy compounds non-sterile and sterile preparations (for home infusion patients). Currently, this pharmacy has non-resident licensing/permit in 41 states. (List provided by PIC which will be maintained in the Department's Main File.

**Must meet standards for USP 797 and USP 800 (when it becomes official) for Sterile Compounding and USP 795/800 for Non-sterile Compounding.

- R/I received and reviewed Hood Certifications which will be kept in the Department's Main File. This pharmacy has a positive pressure anteroom that leads into a negative pressure Chemo Room and HD storage room and a positive pressure IV room. There is an ISO Class 5 Biological Safety Cabinets (BSC) in a Chemo Room that exhaust out and a ISO Class 5 Laminar Flow Hood (LFH) in an IV room. The BSC passed the HEPA Filter Leak Test, Smoke Pattern Test, Airflow Balance and Air Velocity Profile in the chemo room. The LFH passed the HEPA Filter Leak Test, Smoke Pattern Test, and Velocity Profile Test in the IV room. The Particle Counts were performed and validate the IV room as ISO Class 7 Operational, Anteroom as ISO Class 7 Operational, and the Chemo Room as ISO Class 7 Operational. The Air Flow Survey shows the IV room, Chemo Room, and HD Storage Room has the required number of Air Changes Per Hour (ACH). *The Ante-room does not meet the required number of ACH.* ← Send R/I when re-certification occurs. ← → with 30 days. *
  - Baker SG400, Serial# SL 47180v (BSC)
  - Baker EG6252, Serial # 66909
- Risk Level of Compounding: Low to Medium
- Compounding with Cytotoxic drugs: Yes
- Computer Software: Rx30
- Vendors: Amerisource Bergen
- Reverse Distributors: Inmar (Amerisource)
- References: Facts and Comparison and Lexi-Comp Online, Medisca, Trissel's IV check thru Lexi-comp.
- Deliveries of prescriptions would be done by Fed-Ex or own employee.
- No bulk compounding or batch work.
- Complete Self Inspection for Community Pharmacy, Non-Sterile Compounding, and Sterile Compounding annually. (Section 1330.800)
- R/I reviewed policies and procedures for sterile compounding.

*Send Air/Surface Sampling to R/I → within 30 days.

- R/I viewed - temperature & humidity log.
  - pressure log
  - daily/weekly/monthly cleaning log
  - Actomix calibration log (Orange for TPN)
  - prefilter ~~log~~ cleaning log
  - temperature log for fridge.

Illinois Department of Financial and Professional Regulation - State Board of Pharmacy	CarePoint Healthcare LLC	Controlled Substance - Pharmacy	320010401 & 03/31/2026

Inspector Notes: List states in which Non-Resident licenses are in Doc01_PI. DEA registration says Retail Pharmacy in the registration / License Type. No ReliOn insulin is present. No market places or 3rd party bidding sites are used to purchase medications. The PIC introduced himself to this inspector shortly after arrival and had other appointments and visitors on campus. This inspector was told on day 2 that the group he was giving a tour to were investors. In the training documentation one of the pharmacists training stated she was a technician, when this inspector questioned whether she was a technician or pharmacist the compliance officer changed the document online, told the inspector it was fixed, and it still had the employee signature from 2014. This pharmacy recently completed an expansion and needs to send a new drawing / layout of the completed space they are now in. The pharmacy had a pharmacist who was the expert on compounding that has left. Since then, Sam Ibrahim has been trying to learn it.
Compounded BLT is sent to the providers office with a patient name but the patient name maybe the provider or an office employee and is used on multiple patients (Doc04_GP10.00).

Definitions: DISPENSE means to provide a prescription drug or compounded preparation pursuant to a patient-specific prescription. DISTRIBUTE means to provide a prescription drug or compounded preparation to a prescriber, another pharmacy, or health care entity for office use or stock and is NOT patient-specific, is not labeled with the patient name at the pharmacy.

States to which the pharmacy mails/delivers prescription drugs and volume dispensed, and volume distributed per day (or week or month):

Note: if not available, request information be sent to VPP and note that information was requested in grid.

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	General Pharmacy		
1.00	Is the PIC (or pharmacy manager/director) present for the inspection? *If no, list the pharmacist on duty*	Yes	01/21/2026 (Day 1) the PIC, Bhavesh Patel, was onsite, introduced himself and had visitors to the pharmacy that he was with. 01/22/2026 (Day 2) he was seen touring with visitors. This inspector spent most of the time with Sam Ibrahim, Compliance Officer and pharmacist.
2.00	Is the PIC employed full-time at the pharmacy? *List the number of hours worked per week onsite*	Yes	Works 40 plus hours a week.
3.00	Are there any other businesses located at this address? *If yes, note type of business and name*	No	
4.00	Does the pharmacy have any other websites? *Provide list of other names/URLs*	No	
4.01	Does the pharmacy hold .pharmacy verification?	Yes	Expires 05/25/2026.
5.00	Do any other websites link to the pharmacy website (such as a provider, or other affiliate)? *If yes, list*	No	
6.00	Does the pharmacy allow patients to securely enter/update profile and medical information through the website (such as through a secure patient portal)?	Yes	A patient app can be used that is on the website and what the patient enters is translated to the Scriptly system.
7.00	Are patients able to order or refill prescriptions through the website? *If yes, describe*	Yes	A patient app can be used that is on the website and what the patient enters is translated to the Scriptly system.
8.00	Are photographs allowed during the inspection (no PHI)?	Yes	
9.00	List of additional personnel **interviewed as part of the inspection, including name and title:**		Sam Ibrahim, Compliance Officer and pharmacist.

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	Types of Practice Additional Questions **If any part of a question is no, enter "No" and explain the observation.**		
10.00	If the pharmacy mails or delivers filled prescriptions (patient specific, labeled with patient name when it leaves the pharmacy), are any of the deliveries to a provider or facility for administration to the patient? *If yes, indicate volume or percentage of deliveries going to a provider or facility in this state, and volume or percentage of deliveries going to a provider or facility in other states.*	Yes	<1%. Manufactured product is sent to a provider office labeled patient specific such as Levulan that has to have a blue light applied with the treatment in a providers office. Ycanth is also sent patient specific to the provider for administration in the office only. Compounded BLT is sent to the providers office with a patient name but the patient name maybe the provider or an office employee and is used on multiple patients (Doc04_GP10.00). They also compound Cantharidin in different strengths than the commercial Ycanth that is sent to providers as office use.
11.00	Does the pharmacy provide prescription products to a provider or facility for "office use" (not pursuant to a prescription received prior to delivery, not patient specific, not labeled with the patient name)? *If yes, indicate volume or percentage provided to a provider or facility within this state, and volume or percentage provided to a provider or facility in other states.*	Yes	<1 %. Manufactured product is sent to a provider office labeled patient specific such as Levulan that has to have a blue light applied with the treatment in a providers office. Ycanth is also sent patient specific to the provider for administration in the office only. Compounded BLT is sent to the providers office with a patient name but the patient name maybe the provider or an office employee and is used on multiple patients (Doc04_GP10.00). They also compound Cantharidin in different strengths than the commercial Ycanth that is sent to providers as office use.
12.00	Does the pharmacy provide prescription products to providers or facilities (including other pharmacies) as a wholesale distributer (sold to the provider or facility for their use, administration, or providing/dispensing to patients)?	Yes	<1 %. Manufactured product is sent to a provider office labeled patient specific such as Levulan that has to have a blue light applied with the treatment in a providers office. Ycanth is also sent patient specific to the provider for administration in the office only. Compounded BLT is sent to the providers office with a patient name but the patient name maybe the provider or an office employee and is used on multiple patients (Doc04_GP10.00). They also compound Cantharidin in different strengths than the commercial Ycanth that is sent to providers as office use.

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
24.00	Has the pharmacy been inspected by the FDA? *If yes, indicate the inspection date and note any deficiencies, significant correspondence, or if a "483" was issued and date, and response and date. Also note how frequently the pharmacy is inspected by the FDA*	Yes	FDA visit 07/17/2017 to 07/21/2017 and again on 07/27/2017, 08/02/2017, and 08/24/2017. No subsequent visits have taken place since 2017. A Form 483 was issued and the findings were related to sterile compounding which is no longer performed at this facility. Findings were as follows: 1) Pharmacy technician donning of gown improperly; 2) Pharmacy technician donning of sterile gloves improperly; 3) Pharmacy technician was observed leaning into the laminar flow hood; 4) Pharmacy technician did not allow alcohol to dry on gloves prior to commencing of compounding; 5) Failure of pharmacy technician to observe proper aseptic techniques; All issues were resolved and FDA was given a response on 08/24/2017.
25.00	Does the pharmacy hold any accreditations or certifications? *If yes, indicate which and collect most recent date of survey.*	Yes	NABP Digital Pharmacy Accreditation on 5/26/2023, expires 05/25/2026; ACHC DMEPOS on 02/18/2023 expires 02/07/2026.
26.00	Has the pharmacy held any accreditations or certifications in the past that they no longer hold? *Provide a list and the reasons for such.*	Yes	ACHC expires 02/7/2026 and they were awaiting their arrival for inspection when this inspection occurred. Based on their business model they determined that URAC for specialty pharmacy and The Joint Commission are no longer needed.
27.00	Does the pharmacy perform patient lab testing such as blood glucose tests, cholesterol tests, etc? *Verify that the lab director is current (usually the PIC is the lab director named). If yes, record the Clinical Laboratory Improvement Amendments (CLIA) waiver information, expiration date, and the name of lab director listed.*	No	They have a patient or two on Freestyle strips. They also dispense lancets. They do not dispense diabetic testing machines.
28.00	Does the pharmacy maintain all required records, including but not limited to prescription files and invoices on site? *Record how long records are kept. If not on site, where?*	Yes	All prescription information is stored on Scriptly servers and in the cloud in perpetuity. Invoices are scanned in and saved electronically in their purchasing system.

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
28.01	Are written and verbal prescriptions (reduced to writing) kept on site for the entire retention period? *If not, explain including how long they are stored on site?*	Yes	All prescription information received on paper, e-fax is scanned into Scriptly (formerly known as CP Hub by CP Hub LLC with a name change on 04/1/2021) and stored on its servers and in the cloud in perpetuity.
28.02	Are electronic prescriptions (such as fax, e-scripts) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy)*	Yes	All prescription information received on paper, e-fax is scanned into Scriptly (formerly known as CP Hub by CP Hub LLC with a name change on 04/1/2021) and stored on its servers and in the cloud in perpetuity.
28.03	Are all dispensing records (such as refills, verifications, DUR overrides) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy)*	Yes	All prescription information received on paper, e-fax is scanned into Scriptly (formerly known as CP Hub by CP Hub LLC with a name change on 04/1/2021) and stored on its servers and in the cloud in perpetuity.
28.04	Are there systems in place to prevent a pharmacy record from being deleted after the prescription has been dispensed? *Describe how they are kept (electronically or printed and kept in hard copy)*	Yes	All prescription information received on paper, e-fax is scanned into Scriptly (formerly known as CP Hub by CP Hub LLC with a name change on 04/1/2021) and stored on its servers and in the cloud in perpetuity.
28.05	If record are stored off site are they secure in a HIPAA compliant manner and readily retrievable?	N/A	
29.00	Is there a statement in the P&P, or are other means used to ensure that the most stringent laws/regulations are followed? *Describe system details*	No	Tracking of state law changes are done through the NCPDP RxRecon regulatory tracker system. Sam Ibrahim (Compliance Officer) gets daily emails. The QMC / PIC committee meets quarterly to review and approve changes necessary to P & Ps. Sam Ibrahim did not know that there was a new USP <795> or date when it became official and did not have access to current versions of USP <795> or USP <800>.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	Personnel **If any part of a question is no, enter "No" and explain the observation.**		
30.00	Are all pharmacist, pharmacy intern, and pharmacy technician (if applicable) licenses or registrations with the board current and in good standing? *Describe how this is documented*	Yes	P & C (HR) uses PRS Compliance Tracker to check all licenses. It notifies them in real time if a license status changes.
31.00	Is there a process for periodic verification of validity of licenses? *Describe the process*	Yes	Licenses are checked at a minimum of semi-annually and in conjunction with PRS Compliance Tracker. Illinois technician and facility licenses are renewed annually and pharmacists license renewed in the even year. All expire on 03/31 of the designated year.
32.00	If pharmacists are providing patient services that require additional training or certification, are they appropriately trained and certified? *(Immunization, CPR, MTM, etc.). Mark NA if no patient services that require additional training/certification. If yes, list certifications and if current?*	N/A	
33.00	Does the pharmacy maintain the proper technician-to-pharmacist ratio? *Mark N/A if not required by resident state. Indicate ratio used and the maximum number of staff who work at the same time*	N/A	Illinois does not have a ratio requirement.
	Facility and Security **If any part of a question is no, enter "No" and explain the observation.**		
34.00	Does the pharmacy have a working security/alarm system in place? *If yes, describe*	Yes	ADT provides 24/7 monitoring. There are cameras inside and outside of the building, window breakage detectors, and biometric access. Access is granted per the employee role(s) performed.
35.00	Are Schedule II controlled substances secured in a locked cabinet or safe? *If not describe how controlled substances are secured or stored*	Yes	Locked in a cabinet via key by pharmacists only. Except the newest one pharmacist who has to go through 90 day training period before getting access.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
36.00	Are there contingency plans in the event the pharmacy cannot be secured? *Describe how the drug products will be secured and handled*	Yes	Emergency continuity plan that starts with Bhavesh Patel. Have shelter in place break area inside the building that has a steel wall behind it that is not an outside wall where employees would go. The fire department is next door. Refrigerated drugs could be put into coolers and RT drugs would be put in totes and taken to the fire department for secure storage in a temperature controlled room if the area of the building next door is also compromised. The entire building is owned by the pharmacy owners. They also have a secondary refrigerator that could be used if the refrigerator is the only thing down. Any medications stored outside of 24 hours in a cooler would be discarded through Inmar. Controlled substances would be placed in a small safe they have and securely stored at the fire department.
37.00	Is the pharmacy clean and sanitary, and is there appropriate space for the prescription volume? *Look for clutter, or crowded counters or stacks of prescriptions to be checked. If no, document with photo*	Yes	
37.01	Is the working area well lit and free of tripping hazards? *If no, document with photo*	Yes	Their recent renovation expanded their fulfillment and shipping areas by at least double and allows for better workflow and storage of materials and medications. New light fixtures are thin but put out a lot of light (Photo02_GP37.01).
37.02	Is there a sink with hot and cold running water?	Yes	
37.03	If the pharmacy destroys prescription products on site (such as expired, damaged, recalled, etc), do they appropriately document the destruction? *View destruction logs. Mark NA if no destruction on site*	N/A

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
37.04	Does the pharmacy return prescription products to the manufacturer, distributor, or send to a reverse distributor for destruction? *If yes, indicate name of reverse distributor used*	Yes	Rarely return to a manufacturer, they mostly go back to wholesaler like Amerisource (Cencora) or reverse distributor Inmar. The pharmacy packages up returns for their reverse distributor Inmar who generates a FedEx label for shipping. Most of their returns are the result of packages that didn't make it to the patient in shipment and because they don't know how they were stored during shipment, when they come back they are destroyed through the Inmar system.
37.05	Does the pharmacy have a hazardous waste handling and collection system? For example, empty bottles that contained chemotherapy medications or warfarin, or hazardous drug compounding waste. *If yes, indicate how often the bin is emptied/collected and the vendor used*	Unknown	This inspector was told that Stericycle picks up when they call them. There were several full bins in the HD Nonsterile compounding room (Photo03_GP37.05 and Photo04_GP37.05). A trash can for doffing trace contaminated garb in the anteroom was not labeled for HD waste (Photo05_GP37.05).
38.00	Does the pharmacy have a private area for patient counseling and providing patient services? *Describe*	Yes	There is a pickup window in the front lobby where counseling can occur.
39.00	Is temperature in the drug storage area maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements? *Describe. Record the temperature at the time of inspection*	Yes	Temperature is measured by the HVAC system only and this inspector was unable to see the current temperature. If the temperature is above or below 77-67°F or the RH above 45% for more than 15 minutes the system alerts the IT dept and they alert Bhavesh. There was a situation in July 2025 when a condenser tray froze and resulted in a water drip leak in the pharmacy that had to be repaired. The temperature did not go above 77°F during the downtime. With their recent remodel they have an 'excess storage' room for medications that does not have a temperature probe installed at this time so the door is being left open. The control box was installed in the wall outside of the room while this inspection was in progress and the probe is to be installed in the room later. The room is not on an outside wall and the temperature when this inspector was standing in it was pleasant.

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
39.01	Is temperature monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max? Temperature records are maintained. *If yes, describe the process*	Yes	Temperature is measured by the HVAC system only. If the temperature is above or below 77-67°F or the RH above 45% for more than 15 minutes the system alerts the IT dept and they alert Bhavesh. There was a situation in July 2025 when a condenser tray froze and resulted in a water drip leak in the pharmacy that had to be repaired. The temperature did not go above 77°F during the downtime.
39.02	Are excursion action plans in place including evaluating excursion effects on drug product integrity?	Yes	Emergency continuity plan starts with Bhavesh. They have shelter in place break area inside the building that has a steel wall behind it that is not an outside wall where employees would go. The fire department is next door. Refrigerated drugs could be put into coolers and RT drugs would be put in totes and taken to the fire department for secure storage in a temperature controlled room if the area of the building next door is also compromised. The entire building is owned by the pharmacy owners. They also have a secondary refrigerator that could be used if the refrigerator is the only thing down. Anything medications stored outside of 24 hours in a cooler would be discarded through Inmar. Controlled substances would be placed in a small safe they have and securely stored at the fire department.
40.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
41.00	Does the pharmacy have a process for how the refrigerator temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	Yes	Temperature is measured by IT through an inhouse developed system. If the temperature is above or below 36-46°F for more than 15 minutes the system alerts the IT dept and they alert Bhavesh. Any refrigerated medications in temperature above 46°F more than 4 hours are considered compromised and unusable. This was suggested from URAC standards. Hydroquinone starts degrading fast. The refrigerator has had temperature mapping performed and each probe temperature is logged (Photo06_GP41.00).

		Observation	Notes
44.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe processes*	Yes	Martin Enterprises is the local HVAC servicer. Emergency continuity plan starts with Bhavesh. They have shelter in place break area inside the building that has a steel wall behind it that is not an outside wall where employees would go. The fire department is next door. Refrigerated drugs could be put into coolers and RT drugs would be put in totes and taken to the fire department for secure storage in a temperature controlled room if the area of the building next door is also compromised. The entire building is owned by the pharmacy owners. They also have a secondary refrigerator that could be used if the refrigerator is the only thing down. Anything medications stored outside of 24 hours in a colder would be discarded through Inmar. Controlled substances would be placed in a small safe they have and securely stored at the fire department.
45.00	Is there a plan of action if there are any temperature or humidity excursions to determine if the integrity of the products has been compromised?	Yes	Refrigerated medications will automatically be discarded if storage temperature is out of range for greater than 4 hours.
46.00	Does the pharmacy utilize any automated apparatuses for prescription processing/counting (such as robotics, Baker cells, etc)? *List numbers and types*	Yes	1 - BD Parata Max 2.
46.01	If yes, do they have and follow policies and procedures addressing cross-contamination and identification of drug products?	Yes	Each cell gets cleaned with IPA if lot # changes. There is a filter at the bottom of each of the cells that filters out dust No HDs are dispensed from this machine. Only Metformin ER 750 mg & 500 mg tablets, Bupropion ER or EX 150 mg & 300 mg tablets and Naltrexone 50 mg tablets are dispensed from this machine.

		Observation	Notes
	Product Receipt and Inventory **If any part of a question is no, enter "No" and explain the observation.**		
47.00	Does the pharmacy have a documented process for establishing sources (vendors) of prescription drugs? *Describe*	Yes	InfiniTrak is used for DSCSA monitoring checks for proof of licensure and FDA registration and a report is generated that Sam reviews.
47.01	Does the pharmacy purchase all prescription drugs directly from the manufacturer?	Yes	
47.02	Does the pharmacy purchase (obtain) prescription drugs from other pharmacies? *If yes, list pharmacy source information, and circumstances leading to the purchase*	No	
47.03	Does the pharmacy purchase (obtain) prescription drugs from wholesale distributors (non-manufacturer sources)? *List non-manufacturer sources*	Yes	Amerisource (Cencora), Anda, Southpoint, Republic, Bluepax, Medisca, PCCA, Letco, CLMD Dermatology bases unused for compounding and sold as part of treatment packages order per provider, unsure where they are purchased from (Photo07_GP47.03, Photo08_GP47.03, Photo09_GP47.03).
47.04	Does the pharmacy require wholesale distributor sources to purchase prescription drugs directly from the manufacturer? *If yes, how is this verified?*	Yes	Vendors must have an NABP Drug Distributor Accreditation.
47.05	Does the pharmacy purchase drugs from wholesale distributors that purchased the drug from other wholesale distributors? *If yes, Describe the due diligence steps to determine the source's legitimacy and legitimacy of the drugs sold by the vendor (For instance, does the pharmacy examine transaction histories and limit the number of movements of drugs between wholesale distributors, and look for pharmacies in the supply chain?)*	No

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
47.06	Does the pharmacy determine that all sources listed on transaction histories have requisite state licensing? *If yes, describe the process.*	Yes	InfiniTrak is used for DSCSA monitoring checks for proof of licensure and FDA registration and a report is generated that Sam reviews.
47.07	Does the pharmacy determine that all sources listed on transaction histories have reported to FDA's Wholesale Distributor database? *If yes, describe the process.*	Yes	InfiniTrak is used for DSCSA monitoring checks for proof of licensure and FDA registration and a report is generated that Sam reviews.
47.08	Does the pharmacy have a process to handle suspect and illegitimate product investigations? *If yes, describe the process.*	Yes	The Scriptly system uses a 2D scanner to translate data from the data matrix QR code that is read on the medication box and any product that doesn't read correctly is quarantined until resolved.
47.09	Has the pharmacy conducted any suspect or illegitimate product investigations? *If yes, describe the details, including the drug, circumstances, outcome, and identification of agencies to whom reported.*	No	They haven't needed to.
47.10	Does the pharmacy ensure transaction data (transaction history, transaction information, transaction statement, also known as 3T data) is received at the same time or before the product is received? *Examine recent purchases to determine if the pharmacy is receiving and maintaining 3T data for a minimum of 6 years.*	Yes	The InfiniTrak system does this.
47.11	Does the pharmacy have a procedure to verify product (suspect or illegitimate) including quarantine of product and reporting?	Yes	
48.00	Does the pharmacy utilize paper DEA-222 forms to procure Schedule II substances? *If yes, how are they secured? Who has the authority (Power of Attorney) to sign the DEA-222 forms?*	No

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
49.00	Does the pharmacy utilize CSOS (electronic Schedule II ordering) to procure Schedule II substances? *If yes, who can place orders in CSOS?*	Yes	Bhavesh Patel is the only person who can order through CSOS.
50.00	Is the receipt of Schedule II orders documented appropriately? *DEA-222 has the quantity and date on each line of product received, the CSOS record (electronic or paper printout) indicates verification of receipt and staff performing verification.*	Yes	
51.00	Are invoices for controlled substances (Schedules I-V) that are received filed separately and are the invoices signed/initialed and dated upon receipt and every item checked in?	Yes	
52.00	Are all orders received when the pharmacy is open? *Verify the orders are brought directly to the pharmacy still sealed and not delivered before the pharmacy is open.*	Yes	
53.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If so, describe which products and from where they are purchase (collect name and license of other entity)*	No	
54.00	Does the pharmacy have a system in place to track prescription drug products in order to detect diversion or theft? *Describe (for example, inventory or shrink report tools used, perpetual inventory in computer, etc)*	Yes	CII inventory is performed monthly and is manual kept in a 3 ring binder. Bi-annual inventory for CIII-Vs is performed. Amphetamines and hydrocodone / APAP are the only CIIs they stock.

		Observation	Notes
54.01	Are incidents of diversion or resignation/termination of personnel for cause reported? *Indicate agencies/law enforcement to whom reports are made*	No	An annual inventory is taken each June of noncontrolled medications that resets the system. Majority of products are topical. There is some consignment inventory for manufacturers and programs such as ALK, Primus Pharmaceuticals, ACCURFek, Arcutis Pharmaceuticals, Anzupgo, ALK, Planned Parenthood, Blink, Phil, River, Sequence (umbrella for Weight Watchers), etc. that have contracts directly with the manufacturer or payer and these have to be reconciled monthly because the Scriptly system doesn't have the capability to discern consignment product from non-consignment product. Example of Bay 1 products: Photo10_GP54.01 and Planned Parenthood. The last operating day of the month an inventory of the top 500 volume movers that may also be the most expensive by purchasers is performed. The Parata keeps a perpetual count for calibration. They are the only dispensing pharmacy for Levulan and recently Enbumycist (Budesonide) for CHF.
55.00	Does the pharmacy keep a perpetual inventory log of all Schedule II controlled substances (including APIs, if applicable)?	Yes	
56.00	Is the Schedule II perpetual inventory log reconciled regularly? *Indicate how often the Schedule II controlled substances are counted. View the perpetual log and verify that reconciliation is taking place.*	Yes	Monthly on paper.
57.00	Is the most recent complete controlled substances inventory available for review? *Indicate the date of the last inventory and frequency taken (minimum every two years)*	Yes	Last performed 06/13/2025.
57.01	Does the pharmacy maintain other required inventories (such as change in PIC, theft/loss, etc)?	Yes	
58.00	Does the pharmacy stock and sell OTC pseudoephedrine (and/or ephedrine) products? If yes, indicate if the sale is recorded electronically or manually in a logbook.	No

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
58.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states*	N/A	
59.00	Does the pharmacy stock and sell other OTC restricted products for which ID is required and a log kept of the sale? *If yes, indicate product types*	No	
59.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states*	N/A	
60.00	Are outdated, damaged, or recalled products segregated? *If yes, how often does the pharmacy check for out-of-date products? Does it include OTC products?*	Yes	Quarantine is in pharmacy in a bin that sits in an area outlined by red tape. Most returns are prescriptions shipped that did not make it to the patient and because the pharmacy does not know how it was stored it is destroyed through Inmar.
60.01	Are all drugs within active-stock within expiration date? *Examine shelves, refrigerator and freezer*	Yes	
60.02	How often is active-stock examined for drugs past the expiration date?		
61.00	Does the pharmacy **prepackage** bulk containers of prescription medications into smaller containers for ease of use? *What BUD is used on the prepackaged container?*	No

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
62.00	Does the pharmacy **prepack** multiple drugs into a single container for compliance packaging? *What BUD is used on the prepacked containers?*	No	
63.00	Does the pharmacy return to stock prescription drugs that were filled but never picked up?	Yes	Patient label is removed and a label that has the drug name, strength, lot #, expiration, etc. is applied to the bottle.
63.01	If yes, are they maintained in the appropriate container, with PHI removed and BUD adjusted?	Yes	
	Prescription Processing **If any part of a question is no, enter "No" and explain the observation.**		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	Patients can enter information when they register in the patient app. The app has a lock 3 ID system of username, birthdate and last 4 of phone # to verify the patient authentic - there is no autologin to the app. The majority is handled by a customer service rep (CSR) who updates the profile during each call with a patient for a new prescription or refill or as requested. All licensed personnel can perform patient profile updates.
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how is it indicated in the system the prescription is a veterinary prescription?*	N/A	
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familiar with detecting fraud in hard copy, faxed, verbal, and electronic prescriptions.*	Yes

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process*	Yes	Haven't had any. If so, they would contact the provider and law enforcement if necessary.
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	TwentyEightHealth (28H) Portal system and several other programs are used where the provider assesses the patient and each prescription comes directly from the physician hub center not from 28H or other program websites.
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both.*	Yes	Both. Electronic prescriptions have a disclaimer on them that it met the CS transmission requirements.
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	Yes	
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom.*	Yes	By the entering licensed personnel.
67.00	**DUR:** Does staff conduct prospective DUR prior to the dispensing of a medication or product? *Describe at what point in the process does the DUR take place?*	Yes	PV2 is where the DUR is performed by a pharmacist through the Scriptly dispensing system.

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
67.01	Does the DUR include: • drug-drug interaction (Prescription and OTC), • drug-allergy interaction, • therapeutic duplication, • under- or over-utilization (including clinical abuse/misuse), • disease state or condition contraindication, • Incorrect dosage or duration of therapy, and • gender or age related contraindications. *Indicate if there are other parameters routinely included in the DUR.*	Yes	Days between refills.
67.02	In addition to the pharmacy DUR software, does the pharmacy staff obtain other information to use in the DUR process? *Describe*	No	Scriptly system with Gold Standard Drug Database (GSDD).
67.03	Does the pharmacy have adequate resources/references related to the type of pharmacy practice it operates?	Yes	
67.04	Does the pharmacy report required data to the state PMP (in this state and the other states in which the pharmacy is licensed)? *Describe*	Yes	This happens within Scriptly. On left hand side of screen the PMP status can be seen as last zero report or last report to state. Monitored every morning and PMP clearing house can see if they are being accepted. Sam or the compliance specialist Munezah Iqtidar, Technician checks this daily because sometimes things don't go through and it will say why so that it can be corrected to go through to the state before they get a delinquency notice. Sam stated they do not ship controls outside of Illinois. Most are for family members of employees. IL PDMP is checked with each prescription and a note can be added in Scriptly that it was checked in PDMP. DL is in their profile. Won't allow to dispense without DL info.
67.05	Does the pharmacy access state PMP/PDMP data for specific patients? *Verify there is a policy regarding access and follow-up or reporting and that pharmacist can access the PMP data.*	Yes

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
67.06	Are DUR overrides/bypasses documented? *Indicate how the override is documented and who has override capability*	Yes	Pharmacist are the only staff that can override a DUR and it is documented in the Scriptly system.
67.07	Is the DUR process performed electronically by the computer system? ***Identify integrated drug database used.***	Yes	Gold Standard Drug Database (GSDD) is used.
67.08	If the DUR is manual, is there a system to document: • How manual DUR is performed • Specific issues that were identified • Pharmacist that considered the identified issues and gave the okay to proceed	N/A	
67.09	If the pharmacy dispenses veterinary prescriptions, does it have a veterinary drug database integrated into the computer system for electronic DUR? *List veterinary product electronic database used. If not, list compendia used for performing manual DUR*	N/A	
68.00	Are filled prescriptions verified for accuracy prior to dispensing? *Indicate process, by whom, and how documented*	Yes	PV2 is universally used as both the PV1 and PV2 check. They are working on separating PV1 system entries and PV2 product verification. REMS drugs like Isotretinoin, controls, and ophthalmics are only entered by a pharmacist.
69.00	Are filled prescriptions appropriately labeled? *Describe*	No	There is not a phone number for the pharmacy on each prescription label. When there is they are different depending on the program the patient is receiving their treatment under because the program answers all questions for the patient, not the pharmacy.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
70.00	**Confidentiality**: Does the system have adequate safeguards to prevent a user from performing functions under a different user account or beyond what they are authorized to perform? *Password protected, access limited by job type, access revoked as appropriate such as upon termination. Record name/brand of pharmacy computer system used*	Yes	The Scriptly system is used. It is set up for job type. Technicians cannot do PV1 or PV2 job duties.
70.01	Does the pharmacy destroy PHI including labeled prescription vials?	Yes	
71.00	**Mail/Delivery:** If applicable, are packing materials designed to maintain the physical integrity, stability, and purity of prescription medications and compounded preparations in transport?	Yes	No HD labeling on the outside of packets or boxes used to ship. Each box and bag is sealed with tamper evident tape even if not a CS. Users UPS, USPS and FedEx. USPS is not used for overnight shipments. USPS picks up 1 time per day and FedEx and USP pick up at least twice a day. USP datalogger was used and encased in Styrofoam for packaging study. They have a connection to 'open weather' in Scriptly that determines where the package is going, prints the temperature range (ex. 70 - 78 degrees) on the shipping instructions and that tells the technician how many ice packs to use. Whether they use a bubble mailer or a box for shipping is determined by the program the patient is in and that prints on the label.
72.00	**Off-Site Processes:** Are any portions of the prescription processing (in the questions below) performed at a different location? ***Note: Please ask each question below to verify.***	Yes	Remote system is VPN secured. Have to put in credentials (UN and PW) and multi-factor authorization is sent to their phone. After 15 min of nonuse the VPN disconnects.

		Observation	Notes
72.01	If yes, is the other location under common ownership? *If not commonly owned, explain if there is a central fill/shared services or other agreement in place. Record the name and license number for the other location.*	Yes	Attestation that policy has been read is signed by each employee working remotely. Equipment at home is related to work and has property barcode on it. When a person quits or get terminated their access can be shut down remotely. Patient profiles can only be accessed via VPN access.
72.02	If yes, is that location in a different state than this facility? *If so, explain.*	Yes	W2 and live in Illinois.
72.03	If yes, are there policies and procedures for identifying who is responsible for each step of prescription processing?	Yes	
73.00	**Off-Site Inventory:** Does the pharmacy maintain any emergency kits in nursing homes, long-term care facilities, or other entities (such as hospice, EMTs, ambulances)? *Note name(s) of facilities or entities.*	No	
73.01	Do the emergency kits contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored: non-patient specific?*	N/A	
74.00	**Off-Site Inventory:** Does the pharmacy maintain any automated prescription dispensing devices outside the pharmacy such as Pyxis in a nursing home, or a secure mailbox device that patients access after hours, etc? *Note types and locations.*	No	
74.01	If yes, are the automated devices appropriately licensed, registered, or approved by the board of pharmacy? *Provide details.*	N/A	
74.02	Do the automated dispensing devices contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are these stored: non-patient specific?*	N/A

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
78.00	Is patient counseling provided for delivered prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how*	Yes	A sheet of paper is included with each prescription with instructions on how the patient can contact the pharmacy including the toll-free number.
79.00	Is patient counseling provided for mailed prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how*	Yes	Offer to counsel is presented in the App and if the patients says yes, Scriptly will populate the Rx # with any info like clinical or billing or blank that goes right to a pharmacist queue and they call the patient. Can be viewed by any associate but only a pharmacist can counsel. A sheet of paper is included with each prescription with instructions on how the patient can contact the pharmacy including the toll-free number.
80.00	Are patient package inserts (PPIs) provided with every fill and refill of medications for which they are required (such as hormone products, inhalers, etc)? *Describe how*	Yes	Many come in the box with the drug product.
81.00	Are MedGuides provided with every fill and refill of medications for which they are required (such as NSAIDS, antidepressants, etc)? *Describe how*	No	Each program they are contracted with performs the education with the patient.
82.00	Are REMS (Risk Evaluation Mitigation Strategy) implementation programs performed? Confirm that procedures are in place. *List programs (such as iPledge for isotretinoin, or Tikosyn)*	Yes	Misoprostol and Mifepristone for IL, MI, and MD only. Patient receives MedGuide at the in-office visit with the prescriber. This dispensing is a contracted service per state and MI sent them a 90 d termination letter as they are changing suppliers due to cost of the service. No money is collected from the patient. Isotretinoin is also dispensed.
83.00	Is patient counseling, the offer to counsel, or the refusal of patient counseling documented? *Describe how*	Yes	If refused in the patient ap it transferers to Scriptly. If refused over the phone it is documented in Scriptly by the person who spoke with the patient.

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
84.00	Do patients have 24-hour access to a pharmacist? *Note: may not be required by the resident state.* *Describe how (such as posted contact information and hours of operation)*	Yes	After business hours the phone prompts to 1) go to the ER or call 911, 2) if it is a nonemergency the pharmacy will call the patient the next day, and 3) asks if they would you like to be connected to the on call pharmacist and if so the call is routed to the on call center who will take information and call Bavesh who triages with a staff pharmacist to contact the patient.
85.00	Are processes in place to handle a drug recall?	Yes	Sam Ibrahim and personnel in distribution receive recall information from wholesalers, manufacturers, State Boards of Pharmacy (SBoPs), email to info@carepointrx.com, fax, and hard copy. and goes to the pharmacy to check lot # or gives to pharmacists to also check. If there is any product in stock 2 copies of the recall are printed and one goes into quarantine with the product and the second one if for their own documentation purposes. The recalled product would be returned to Inmar with the recall information. It has been a couple of years since they had a product in stock that was being recalled. If it is a Class I recall they notify the patties to let them know just in case it evolves further or they want to return their medication and get a new refill.
86.00	Does the pharmacy accept prescription drugs back for destruction as part of a drug take-back program?	No	
86.01	Does the take-back program include controlled substances?	N/A	
86.02	Does the pharmacy have a modified DEA registration for controlled substance take-back? *If yes, list*	N/A

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	Quality Assurance/Quality Improvement Program **If any part of a question is no, enter "No" and explain the observation.**		
87.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program*	Yes	Overseen by Sam Ibrahim, Pharmacy Compliance Officer.
87.01	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both*	Yes	Electronic. Sam Ibrahim is the only one with ability to make changes. They are reviewed every 12 months or sooner if necessary. Approved by QMC committee before published.
87.02	"Quality-Related Event" (QRE) is defined to mean any departure from the appropriate dispensing of a prescribed medication that is or is not corrected prior to the delivery and/or administration of the medication including (but not limited to): 1. a variation from the prescriber's prescription drug order such as incorrect drug, strength, form, or patient; or inadequate or incorrect packaging, labeling, or directions; 2. a failure to identify and manage over-utilization or under-utilization; therapeutic duplication; drug-disease contraindications; drug-drug interactions incorrect drug dosage or duration of drug treatment; drug-allergy interactions; or clinical abuse/misuse. 3. packaging or warnings that fail to meet recognized standards, the delivery of a medication to the wrong patient, or the failure to detect and appropriately manage a significant actual or potential problem with a patient's drug therapy.	Yes	Any intake personnel has the ability to take a complaints. They alert compliance via cases in Scriptly - package damage, incorrect recipient, etc. Must be reviewed within 24 hours of first contacted of the issue by compliance. Resolution must be within 14 calendar days or if more severe within 5 calendar days. More severe is if there is potential for patient harm like they received the wrong drug. Most are not severe such as a missing package. They are viewed as often as needed and at quarterly CQM / PIC meetings. Root cause analysis is performed to see if there is a trend, most of the time it is a training issue, not meeting the call matrix times, dispensing turnaround times or wrong packaging used. A system issue would result in a CAPA that is built to be completed in 30 days and to determine if it is a personnel or technology issue.
87.03	There is documentation of initial/ongoing (at least yearly) review and training of all pharmacy employees on the CQI program and processes. *For example, may be formal training or reviewed at a yearly meeting.*	Yes

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
88.00	**Documentation of QREs** starts as soon as possible, but no more than three days, after determining their occurrence. *Indicate if documentation/forms are hard copy or electronic*	Yes	SQL reporting system is used for Metrix evaluation from the Twilio phone system that is integrated with Scriptly by phone #. Sr. Data analyst assures reporting is accurate. CAPAs are written in Excel or Word outside of the SQL system.
88.01	Documentation includes all the pertinent data about the prescription involved including personnel involved at each step.	Yes	
88.02	Documentation includes documenting the type of QRE details and how/who discovered the QRE.	Yes	
88.03	Documentation incudes possible contributing factors such as day and time the QRE occurred, number of pharmacists and technicians on duty, prescription volume that day, equipment failure, or other factors affecting work-flow at the time.	Yes	
88.04	Documentation includes steps taken to remediate including communications with the patient and the provider, and if the medication was ingested, disposition of the patient.	Yes	
89.00	**QRE data** collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc)*	Yes	Reviewed as necessary and at the quarterly CQM / PIC meeting.
89.01	The pharmacy uses the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs and increase good outcomes for patients.	Yes

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
89.02	For pharmacies utilizing a drug formulary, a periodic review of such formulary is undertaken to ensure that appropriate medications are being offered/selected in the best interest of patients.	Yes	
90.00	**Quality meetings** are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	Yes	
90.01	The meeting reviews data showing evidence of the quality of care for patients and develops plans for improvements to increase good outcomes for patients.	Yes	
90.02	Improvements or changes made are evaluated for performance to measure the effectiveness of the CQI program.	Yes	Personnel files have retraining and attestations. Stored in ADP personnel and payroll system.
91.00	**Reporting:** Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported including if the pharmacy reports QREs to the board of pharmacy*	Yes	PIC reviews first. Depending on the event it could be reported to MedWatch, if necessary or the manufacturer. Any complaint to the SBoP is dealt with within 5 days.
91.01	Adverse events are reported to the appropriate entities such as the board of pharmacy, MedWatch, FDA, VAERS, etc?	Yes

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding, Sterile Compounding Inspections, and Hazardous Drug Compounding are based on USP Chapters <795>, <797>, and <800>.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy

e-Profile ID: 707534

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
91.02	Incidents involving malfunctioning or defective medical equipment or devices (blood glucose meters, DME, injection devices, etc) are documented and reported to the manufacturer or distributor.	Yes	
92.00	**Quality Self-Audits** are performed by the pharmacy at least quarterly (and upon change in PIC) to determine whether the occurrence of QREs has decreased and whether there has been compliance with preventative procedures, and to develop a plan for improved adherence with the CQI program in the future.	Yes	Processing audits that check for near misses in Scriptly is considered an error caught by RPh. CAPA would be built if necessary. Billing practices are also audited.
93.00	**Consumer Surveys** are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. A statistically valid sampling technique may be used in lieu of surveying every patient. Each pharmacy should use the results of its consumer survey to evaluate its own performance at a particular time and over a period of time.	Yes	The patient receives a text message when a medication is delivered that has a survey link that goes to a third party company Qualtrex so that the data is anonymous. The survey asks 5 - 6 questions on a 1 - 5 scale if the patient is satisfied and has the ability to add comments. Also if a patient has a prescription with CarePoint they can submit comment anytime. The results are reviewed at quarterly QMC meetings.
94.00	**Patient Complaints** are documented, tracked, and investigated as appropriate and the information is used as part of the CQI program.	Yes	Most are that a 'person was rude' or they 'didn't get shipment overnight like they paid for because it came 2 days later', nothing detrimental.

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
	Standard Operating Procedures for Compounded Nonsterile Preparations (CNSPs)		**Please note NABP did not review each SOP for alignment on USP <795>. The SOP(s) described below is/are a reflection of any self-assessment completed by the pharmacy and/or shared with the inspector during the onsite inspection.**	
1.0	Does the pharmacy have standard operating procedures (SOPs) on all aspects of the compounding operation that cover the minimum topic requirements in USP <795> standards? *If no, document "missing" in Inspector Notes* *If yes, document the name, number, and version of each SOP in the Inspector Notes.*	No	Policies are not compliant with the current USP <795> standards. This inspector was provided the following SOPs: Doc05_NS1.0 Compounding (Non-Sterile Preparation) 5.1; Doc06_NS1.0 Policy Review, Maintenance, and Approval; Doc07_NS1.0 Carepoint Non-Sterile Compound Training Guide	11
1.1	**Buildings and Facilities:** The pharmacy has an SOP for the compounding facility. ***Inspector note: Per USP <795>, there is a written SOP for "the method of designation" for the area designated specifically for nonsterile compounding and processes for maintaining, cleaning, and sanitizing the compounding area and equipment.***			4.1, 5, 11
1.2	**Personnel Training and Evaluation:** The pharmacy has an SOP describing the training program, the frequency of training, and the process for evaluating the competency of personnel. ***Inspector note: Per USP <795>, "Facility SOPs must describe procedures for monitoring and observing of compounding activities and personnel."***			2, 11

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
1.3	**Personal Hygiene and Garbing:** The pharmacy has an SOP regarding personal hygiene, glove, and garbing requirements consistent with compounding activities. ***Inspector note: Per USP <795>, "Garbing requirements and frequency of changing garb must be determined by the facility and documented in the facility's SOPs."***			3.3, 11
1.4	**Components:** The pharmacy has an SOP describing selection, handling, storage, and inventory control of all components used in compounding. ***Inspector note: Per USP <795>, "The compounding facility must have written SOPs for the selection and inventory control of all components from receipt to use in a CNSP."***			6.2, 11
1.5	**Temperature Monitoring:** The pharmacy has an SOP regarding temperature monitoring and handling of excursions. ***Inspector note: Per USP <795>, "The compounding facility must adhere to SOPs to detect and reduce the risk of temperature excursions within the storage area(s)."***			4.2, 11
1.6	**Equipment**: The pharmacy has an SOP for assessment of need for closed system processing devices (based on the types of CNSPs prepared). ***Inspector note: Per USP <795>, "Weighing, measuring, or otherwise manipulating components that could generate airborne chemical particles (e.g., active pharmaceutical ingredients [APIs], added substances, and conventionally manufactured products) must be evaluated to determine if these activities must be performed in a closed-system processing device to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples of closed-system processing devices include containment ventilated enclosures (CVEs), biological safety cabinets (BSCs), and single-use containment glove bags. The process evaluation must be carried out in accordance with the facility's SOPs, and the assessment must be documented."***			6.1, 11

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
1.7	**Safety Data Sheet (SDS)/Spill Management:** The pharmacy has an SOP describing spill management and disposal. ***Inspector note: Per USP <795>, "The management and documentation of nonhazardous component spills and disposal must be described in the facility's SOPs."***			6.2.5, 11
1.8	**Master Formulation Records (MFR):** The pharmacy has an SOP on the process for MFR creation and content. ***Inspector note: Per USP <795>, "Any changes or alterations to a Master Formulation Record are approved and documented in accordance with the facility's written SOP."***			7.1, 11
1.9	**Labeling:** The pharmacy has an SOP on the processes for labeling, label verification (confirming against the prescription or medication order, the MFR, and the compounding record (CR)) in order to prevent errors and CNSP mix-ups and required displayed information. ***Inspector note: Per USP <795>, "Labeling procedures must be followed as described in the facility's SOPs to prevent labeling errors and CNSP mix-ups."***			9, 11
1.10	**Quality Assurance (QA)/Quality Control (QC) Program:** The pharmacy has an SOP regarding its QA and QC program, including roles of the designated person(s), trainers, compounding personnel; adherence to procedures; and prevention and detection of errors and quality issues. ***Inspector note: Per USP <795>, "QA and QC programs must be formally established and documented in SOPs that ensure that all aspects of the preparation of CNSPs are conducted in accordance with this chapter, and laws and regulations of the applicable regulatory jurisdiction."***			11, 12 USP <1163>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
1.11	**QA/QC Program Complaint Handling and Adverse Event Reporting:** The pharmacy has an SOP for evaluation of complaints and adverse events, including investigations and corrective actions. ***Inspector note: Per USP <795>, the pharmacy, "must develop and implement SOPs for complaint handling." SOPs are to include any state or federal requirements for reporting to government agencies (example adverse event reporting). Further, "Consider whether to initiate a recall of potentially affected CNSPs and whether to cease compounding until problems have been identified and corrected."***			1.1.3, 11, 12.1, 12.2, 12.3
1.12	**Packaging:** The pharmacy has an SOP describing packaging CNSPs. ***Inspector note: Per USP <795>, "SOPs must describe packaging of CNSPs."***			11, 13.1
1.13	**Transporting:** The pharmacy has an SOP describing transporting CNSPs. ***Inspector note: Per USP <795>, there must be "written SOPs to describe the mode of transportation, any special handling instructions, and whether temperature monitoring devices are needed."*** ***If the pharmacy does not transport CNSPs, inspector should answer statement as N/A.***			11, 13.2

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
10.0	Does the pharmacy's storage area (for CNSPs, components, equipment, and containers) meet requirements in compliance with USP <795> standards? *If no, go to compliance statements.*	No	All of the chemicals in the application photo on page 18 have been moved to the dirty side of the anteroom in the compounding suite. (Photo13_NS8.6).	4.2
10.1	The pharmacy records the temperature of the compounding storage area on days when the pharmacy is open. ***Inspector note: Per USP, "Compounding personnel must monitor temperatures in the storage area(s) either manually at least once daily on days that the facility is open, or continuously with a temperature recording device to ensure the temperature remains within the appropriate range for the CNSPs and components."*** ***If pharmacy does not use a continuous recording system, describe the frequency of temperature recording in the notes.***	Yes	Temperature is measured by the HVAC system only. If the temperature is above or below 77 - 67°F or the RH above 45% for more than 15 minutes the system alerts the IT dept and they alert Bhavesh. There was a situation in July 2025 when a condenser tray froze and resulted in a water drip leak in the pharmacy that had to be repaired. The temperature did not go above 77°F during the downtime.	4.2
10.2	The pharmacy's temperature monitoring records are readily retrievable. ***Inspector note: Per USP, "The results of the temperature readings must be documented on a temperature log or stored in the continuous temperature recording device and must be retrievable."***	No	All in the HVAC system monitored by IT.	4.2
10.3	Temperature monitoring devices are verified for accuracy at least every 12 months or as required by the manufacturer. ***Inspector note: Per USP, "All temperature monitoring equipment must be calibrated or verified for accuracy as recommended by the manufacturer or every 12 months if not specified by the manufacturer." USP reports that these devices may be verified against a calibrated device.*** ***Monitoring devices are typically calibrated or replaced.***	Yes		4.2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
10.4	Pharmacy has a process to evaluate temperature excursions. ***Inspector note: Per USP, "When it is known that a CNSP or component has been exposed to temperatures either below or above the storage temperature limits for the CNSP or component, personnel must determine whether the CNSP or component integrity or quality has been compromised and if so, the CNSP or component must be discarded."***	Yes		4.2
10.5	CNSPs, components, equipment, and containers are stored off the floor.	No	Photo14_NS10.5 storage on the floor in room 1 of the compounding suite.	4.2
10.6	CNSPs, components, equipment, and containers are stored in a manner that permits inspection and cleaning of the storage area(s).	Yes		4.2
10.7	CNSPs, components, equipment, and containers are stored in a clean environment (free of dirt, dust, and debris, and rodent/pest/insect free) to prevent contamination.	Yes		4.2
11.0	What is the current temperature of the nonsterile compounding storage area? ***Record in the Inspector Notes.***		Monitored by the HVAC system that IT monitors.	4.2
12.0	Are plumbing fixtures, water sources, and cleanliness of sink in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		4.3
12.1	The pharmacy staff can easily access a sink within or nearby the nonsterile compounding area.	Yes		4.3

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
12.2	There is hot and cold running water available at the sink within or nearby the nonsterile compounding area.	Yes		4.3
12.3	The sink is emptied of all items unrelated to compounding and before being used to clean any equipment used in nonsterile compounding.	Yes		4.3
12.4	The sink is cleaned when visibly soiled (before being used to clean equipment used in nonsterile compounding).	Yes		4.3
12.5	The plumbing system is free of any defects that may contribute to contamination of CNSPs.	Yes		4.3
13.0	Is purified water, distilled water, or reverse osmosis water used for rinsing equipment and utensils used in nonsterile compounding? ***Inspector note: This is a USP recommendation.***	No		4.3 USP <1231>
	Cleaning and Sanitizing			
14.0	What agent(s) are used for cleaning and sanitizing the nonsterile compounding area? ***Inspector note: Per USP <795>, "agents must be selected and used with consideration of compatibilities, effectiveness, and minimal potential to leave residues."*** ***List the agents in the Inspector Notes.***			5
15.0	Does the pharmacy perform cleaning and sanitizing activities on all surfaces at the minimum frequency per Table 1 and documented in a log or other record in compliance with USP <795> standards? ***Review compounding cleaning logs.*** ***If no, go to compliance statements.***	Unknown	Inspector requested cleaning logs be sent to NABP.	5 Table 1

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
15.1	All work surfaces are cleaned and sanitized at the **beginning of each shift** on days when compounding occurs.	Unknown		5 Table 1
15.2	All work surfaces are cleaned and sanitized at the **end of each shift** on days when compounding occurs.	Unknown		5 Table 1
15.3	All work surfaces are cleaned and sanitized **between compounding CNSPs with different components**.	Unknown		5 Table 1
15.4	Floors are cleaned and sanitized daily on days when compounding occurs.	Unknown		5 Table 1
15.5	Walls and ceilings are cleaned and sanitized when visibly soiled. ***Inspector note: No specific frequency is specified by USP. View compounding area walls and ceilings. If inspector observes soiled walls or ceilings, inspector should answer statement as no.***	Unknown		5 Table 1
15.6	All work surfaces, floors, walls, ceilings and storage shelving are cleaned and sanitized when surface contamination (eg, splashes) or spills are known or suspected.	Unknown		5 Table 1
15.7	Storage shelving is cleaned and sanitized at least every three months.	Unknown		5 Table 1
16.0	Are floors in the compounding area easily cleanable, non-porous, and non-particle generating? ***Inspector note: This is a USP recommendation. Per USP, "Surfaces should be resistant to damage by cleaning and sanitizing agents."***	Yes		5

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
	Equipment and Components FDA defines manufacturer... as used in section 510 of the Federal Food, Drug, and Cosmetic Act, includes the activities of relabelers, repackers, and salvagers. When not modified by "domestic" or "foreign," the term includes both domestic manufacturers and foreign manufacturers.			
17.0	Does the pharmacy use a closed-system processing device (eg, CVE, BSC, and single-use containment glove bags)? ***Inspector note: Per USP, examples of closed-system processing devices include: containment ventilated enclosures (CVEs), biological safety cabinets (BSCs), and single-use containment glove bags.*** ***If yes, list the type(s) in the Inspector Notes.***	Yes	BSC is used for compounding HDs. No CVE is used for compounding non-HDs.	6.1
18.0	Does the pharmacy select, store, clean, and maintain equipment in compliance with USP <795> standards? ***Inspector note: Per USP <795>, "Equipment surfaces that contact components are not reactive, additive, or sorptive, and must not alter the quality of CNSPs."*** ***Review certification reports, calibration records, and cleaning logs.*** ***If no, go to compliance statements.***	No	Yellowing spatulas (Photo15_NS18.0).	6.1
18.1	Equipment and supplies are readily available at the pharmacy for the types of CNSPs prepared. ***Inspector note: For example, if the pharmacy compounds with API as a component, which must be weighed, a scale or balance would be expected.***	No	The right kind of scales that have been calibrated are not available.	6.1

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
18.2	Pharmacy has evaluated and documented the nonsterile compounding pharmacy activities for weighing, measuring, and otherwise manipulating for an assessment of risk. ***Inspector note: Per USP, "components that could generate airborne chemical particles (eg, active pharmaceutical ingredients [APIs], added substances, and conventionally manufactured products) must be evaluated to determine if these activities must be performed in a closed-system processing device to reduce the potential exposure to personnel or contamination of the facility or CNSPs."*** ***If no, inspector should describe observations.***	No	There were no assessment of risks performed.	6.1
18.3	The equipment and devices used for compounding CNSPs are clean and stored in a manner and frequency that minimizes the risk of contamination. ***Inspector note: Per USP <795>, "After compounding, the equipment must be cleaned to prevent cross contamination of the next preparation." Additionally, per Table 2:*** ***- CVE/BSC are cleaned and sanitized at the beginning and end of each shift when compounding occurs, after spills, and when surface contamination (e.g., from splashes) is known or suspected;*** ***- CVE/BSC horizontal surfaces are cleaned and sanitized between compounding of different components;*** ***- Under the work surface of a BSC is cleaned and sanitized at least monthly; and*** ***- Other devices and equipment used in compounding are cleaned before initial use, in between compounding CNSPs with different components, and following manufacturer recommendations.*** ***If no, inspector should describe observations.***	No	Yellowing spatulas (Photo15_NS18.0). Ointment mill was 'cleaned' with 70 % IPA only after milling BLT cream (Photo16_NS18.3). No cleaning documentation for the BSC was provided.	6.1 Table 2

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
18.4	Equipment and devices used in compounding or testing of CNSPs are inspected prior to use (to ensure they are in good working order). ***Inspector note: For example, the pharmacy may need to tare a scale and/or balance prior to use.***	No	The scale in the HD compounding room had to be tared several times to be ready for weighing (Photo17_NS18.4). The scale in the HD room and non-HD area with cover protection are AND GH-200, the small scale is a Fuzion.	6.1
18.5	Equipment and devices are verified for accuracy as recommended by the manufacturer (at the frequency recommended by the manufacturer or at least every 12 months, whichever is more frequent). ***If the pharmacy does not compound CNSPs that require equipment or devices that must be calibrated for accuracy (such as ones needed for weighing or measuring), the inspector should answer this statement as N/A.***	No	Photo17_NS18.4, Photo18_NS18.5 scales have not been calibrated. There was another scale on a shelf in the nonsterile compounding area not in use that came from a location that had been closed. It is not being used and has also not been calibrated.	6.1
18.6	If a CVE or BSC is used by the pharmacy, it is certified at least every 12 months, according to the manufacturer specifications or regulations of the applicable regulatory jurisdiction. ***If the pharmacy does not have the record or documentation of the certification and maintenance of the CVE/BSC, the inspector should answer this statement as no. If the pharmacy does not have a CVE or BSC, the inspector should answer this statement as N/A.***	Yes		6.1
19.0	Does the pharmacy compounding CNSPs use APIs?	Yes		6.2

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
20.0	Does the pharmacy select APIs that comply with the requirements in USP <795> standards? *Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.* *If no, go to compliance statements.*	Unknown	Some are in the original containers and others have been repackaged. Salicylic acid is precrushed in the Maz mixer and packaged into smaller container (Photo19 - Photo25_NS20.0).	6.2.1
20.1	APIs comply with criteria in the USP-NF monograph, if one exists. ***If the pharmacy does not compound any CSPs that have an available USP monograph, the inspector should answer this statement as N/A.***	Unknown		6.2.1
20.2	All APIs used have a COA that includes the specifications (eg, compendial requirements for quality) and that the test results for the component show the API meets expected quality. ***Inspector note: Per USP, the API should be checked to ensure it is pharmaceutical grade and meets the requirements in the chemical monograph. COA will report an assay has been performed and will include water content (so any corrections/calculations can be performed).***	Unknown	Inspector requested COAs be sent to NABP. Documents were not received prior to submission of the Inspection Report.	6.2.1
20.3	All APIs used are manufactured by an FDA-registered facility. ***Inspector note: This is a Federal Food, Drug, and Cosmetic Act, Section 503A, requirement as well. Inspector should verify the pharmacy looks up the name of the manufacturer listed on the COA to determine if they are registered as an FDA drug establishment https://dps.fda.gov/decrs.***	Unknown		6.2.1

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
21.0	When formulations indicate the inclusion of water, is purified water or better quality (eg, sterile water for irrigation) used in compliance with USP <795> standards?	No		6.2.1
22.0	What type(s) of water is used for compounding CNSP? ***List the type(s) in the Inspector Notes.***		No sterile water for irrigation or injection was seen nor was distilled water and there is no reverse osmosis system for water.	6.2.1
23.0	Do the pharmacy's component receipt processes comply with the requirements in USP <795> standards? ***If no, go to compliance statements.***	No		6.2.2
23.1	For non-conventionally manufactured components, the COA is reviewed upon receipt. ***Inspector note: Per USP, "the COA must be reviewed to ensure that the component has met the acceptance criteria in an appropriate USP–NF monograph, if one exists." Pharmacy's review should be documented. Alternatively, the pharmacy can demonstrate how it's been reviewed (for example, there are notes to show a water content calculation back to 100% based on the specific COA). Inspector can verify the COA is retrievable.***	Unknown	COAs were not provided during the inspection. The inspector requested them be sent to NABP. Documents were not received prior to submission of the Inspection Report.	6.2.2
23.2	The pharmacy documents specific information according to the facility's SOP, including: receipt date, quantity received, supplier name, lot number, expiration date, and the results of any testing performed (whether performed in-house or through a third-party).	Unknown		6.2.2, 14

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
23.3	For all components that lack a vendor expiration date, the pharmacy clearly and indelibly marks on each packaging system received the date the component must no longer be used by the pharmacy. ***Inspector note: Per USP, "Packaging systems of components (i.e., API and added substances) that lack a vendor's expiration date must not be used by the compounding facility after 3 years from the date of receipt. A shorter expiration date must be assigned according to Pharmaceutical Compounding—Sterile Preparations 797 , 9.3.2 Component receipt if the same component container is also used in sterile compounding or if the ingredient is known to be susceptible to degradation."***	No	There is an opened date on the packages still in the original packaging and other dates on things repackaged.	6.2.2
23.4	Any component found to be of unacceptable quality upon receipt or reinspection prior to use is promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before appropriate disposal.	Unknown		6.2.2
23.5	Any other lots of that (rejected) component from that vendor are examined to determine whether other lots have the same defect.	Unknown		6.2.2
24.0	Does the pharmacy re-inspect all components before use and handle them in compliance with USP <795> standards? ***If no, go to compliance statements.***	No	The current USP <795> standards are not being followed.	6.2.3, 6.2.4
24.1	Compounding personnel visually re-inspect each component, including packaging system (any evidence of container breakage, looseness of cap or closure) and deviation from the expected appearance or texture of the contents (that might have changed during storage).	No		6.2.3

Copyright © July 2024 National Association of Boards of Pharmacy® (NABP®). All rights reserved. Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
24.2	Compounding personnel ascertain before use that components are the correct identity based on labeling, that they have been stored under required conditions, and there is no evidence of deterioration or other aspects of unacceptable quality before use of component.	Unknown		6.2.3
24.3	Components where correct identity, strength, purity, and quality cannot be confirmed (eg, containers with damaged or incomplete labeling), are immediately rejected and if not immediately discarded, labeled as rejected and segregated from active stock.	Unknown		6.2.3
24.4	Compounding personnel handle all components following facility SOPs, manufacturer's instructions/labeling, and laws/regulations of the applicable regulatory jurisdiction.	No		1.1.3, 6.2.4
24.5	All components are handled in a manner that minimizes the risk of contamination, mix-ups, and deterioration.	Unknown	Components in the anteroom of the HD compounding area may be used for both HD and non-HD nonsterile compounding.	6.2.4
25.0	When components are removed from the original container and not used in compounding (eg, excess after weighing), are they discarded and not returned to the original container (to minimize risk of contamination of the original component container)? ***Inspector note: This is a USP recommendation.***	No	Components removed from the container or from the weigh boat and not used or put back into the container.	6.2.4

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
28.8	Labeling requirements (eg, shake well) are described on the MFR.	Yes		7.1
28.9	If applicable, the MFR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of APIs.	Yes		7.1
28.10	An MFR has QC procedures (eg, pH testing, visual inspection) and expected results.	No		7.1
29.0	Does the pharmacy complete a Compounding Record (CR) for all CNSPs in compliance with USP <795> standards? *If no, go to compliance statements. Additionally, collect a copy of the MFR and the CR (no PHI or PII is to be collected).*	No		7.2, 14
29.1	A CR is completed for each CNSP prepared.	Yes		7.2, 14
29.2	The CR includes the name, strength or activity, and dosage form of the CNSP.	No	The final strength / concentration of all components are not listed.	7.2, 14
29.3	The CR includes the date (or date and time) the CNSP was prepared.	Yes		7.2, 14
29.4	The CR includes the assigned internal identification number (eg, prescription, order, or lot number).	Yes		7.2, 14

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
29.5	The CR has a method to identify the individuals involved in the compounding process of the CNSP.	Yes	Tablet used to take pictures of each weight or liquid measurement during compounding so that a pharmacist can check as in-process (Photo28_NS29.5). During HD compounding the technician gloves were not removed before removing from the hood and touching the tablet to take pictures.	7.2, 14
29.6	The CR has a method to identify the individual who completed the review and verified the final CNSP.	Yes		7.2, 14
29.7	The CR includes: name, vendor or manufacturer, lot number, and expiration date of each component.	Yes		7.2, 14
29.8	The CR includes the weight or measurement of each component.	Yes		7.2, 14
29.9	The CR identifies the total quantity compounded.	Yes		7.2, 14
29.10	The CR lists the assigned BUD and storage requirements.	Yes		7.2, 14
29.11	If applicable, the CR contains the calculations to determine and verify quantities and/or concentrations of components and strength or activity of API.	Yes		7.2, 14
29.12	The CR has a physical description of the final CNSP.	Yes		7.2, 14

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
29.13	The CR includes the results of quality control procedures (eg, pH testing, visual inspection).	No		7.2, 14
29.14	The CR contains a MFR reference for the CNSP.	No	FormulaRx is the system used for MFRs and CRs. They hope to build in Scriptly.	7.2, 14
29.15	Each CR is reviewed for completeness before the CNSP is released.	Yes		7.2, 8
29.16	The CR shows traceability of all components in the case of a recall or known quality issue.	No	Since components are repackaged traceability may not be possible.	7.2, 12.1, 14
30.0	Are there procedures for in-process checks performed by a pharmacist? ***Inspector note: In-process checks are safety steps for complex, multi-step compounding processes. These checks indicate that appropriate procedures for measuring/mixing are followed for each step, including pharmacist verification of steps performed by non-pharmacists and visual inspection of preparation.*** ***Inspector should describe their observations in the Inspector Notes.***	Yes		2, 7.2, 8

		Observation	Inspector Notes	USP Reference(s)
	Labeling			
31.0	Are the pharmacy's labels for CNSPs in compliance with USP <795> standards? *If no, go to compliance statements.*	No	Label does not have ingredients typed out (Doc04_GP10.0). There is no phone number for the pharmacy on the label.	9
31.1	Information on the label is prominently and legibly displayed. ***Inspector note: Per USP, labeling includes other accompanying materials along with the CSP, which is defined as "All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container."***	No		9
31.2	The labeling meets any state or federal regulatory requirements.	No		1.1.3, 9
31.3	The label on the immediate container includes an assigned internal identification number (eg, barcode, prescription, order, or lot number).	Yes	Rx #.	9
31.4	The label on the immediate container includes the active ingredients and their amount(s), activity(ies), or concentration(s).	No		9
31.5	The label on the immediate container includes the storage conditions, if other than controlled room temperature.	No		9

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
31.6	The label on the immediate container includes the BUD. ***If no, please describe whether the pharmacy instead used the term "expiration date" or similar language or if this information was not included on the label.***	No	The dispensing label states Discard After 01/16/2027 (Doc04_GP10.0).	9
31.7	The label on the immediate container includes the dosage form.	Yes		9
31.8	The label on the immediate container includes the total amount or volume, if it is not obvious from the container.	No	Two x 100 gram containers were dispensed and this label says 200 (Doc04_GP10.0).	9
32.0	Does the labeling on the dispensed CNSP include the route of administration? ***Inspector note: This is a USP recommendation.***	Yes		9
33.0	Does the labeling contain information identifying the CNSP as a compounded preparation? ***Inspector note: Per USP, this is a recommendation.***	No		9 USP <7>
34.0	Does the labeling on the dispensed CNSP display any applicable special handling instructions or warning statements? ***Inspector note: This is a USP recommendation.***	No		9
35.0	Does the labeling on the dispensed CNSP display the name of the compounding facility and contact information if the CNSP was to be sent outside of the facility or health care system? ***Inspector note: This is a USP recommendation.*** ***If the pharmacy only compounds CNSPs for patient use onsite (eg, a health care facility), inspector should answer this question as N/A.***	No	There is no phone number for the pharmacy on the dispensing label.	9

Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
	Establishing Beyond Use Dating (BUDs)			
36.0	Is each CNSP assigned and labeled with a BUD in compliance with USP <795> standards? ***Inspector note: Per USP, the BUD is defined as, "The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded." This is not the same term as "expiration date."*** ***If no, go to compliance statements.***	No		10 USP <7>
36.1	CNSP label has a BUD that specifies the date, or the hour and date, beyond which the preparation cannot be used and must be discarded.	Yes	The dispensing label states Discard After 01/16/2027 (Doc04_GP10.0). That is different from the compounding label.	10.1
36.2	CNSP labels do not list an "expiration date" or equivalent language.	Yes		10.1
36.3	BUDs are assigned from the date (and time) of preparation.	Yes		10.1
36.4	BUDs are assigned based on dispensing in tight, light resistant containers/overpacks. ***Inspector note: Per USP, the Table 4 maximum limits for BUD are, "based on the ability of the CNSP to maintain chemical and physical stability and to suppress microbial growth. These BUDs represent the limit for CNSPs that are packaged in tight, light-resistant containers unless conditions in 10.4 CNSPs Requiring Shorter BUDs or 10.5 Extending BUDs for CNSPs apply."***	Unknown	Not in compliance with USP <795>.	10.3

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
36.5	The BUD assigned to the CNSP does not exceed the shortest remaining expiration date of any of the commercially available starting components.	Unknown	Components used have been repackaged.	10.4
37.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest BUD of any individual compounded components? ***Inspector note: Per USP, "For CNSPs prepared from one or more compounded components, the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CNSP exceeds the BUD assigned to compounded components (e.g., pH-altering solutions). If the assigned BUD of the final CNSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CNSP must not be negatively impacted." Another example of these "acceptable instances" (similar to pH-altering components mentioned above) inspectors may see are stock solutions (and other formulas within a formula) such as methocel 1%.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Unknown		10.4
38.0	Does the designated person(s) evaluate a CNSP formulation to establish the maximum BUD? ***If no, who establishes the maximum BUD for a MFR?***	Yes		7.1, 10.2, 10.3
39.0	Does the pharmacy compound CNSPs with a USP monograph?	No		10.5

National Association of Boards of Pharmacy®
Verified Pharmacy Program Inspection Form

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
42.0	Does the pharmacy adhere to the BUD (maximum) limits established in Table 4 for CNSPs in compliance with USP <795> standards? ***Inspector note: This question is for the CNSPs compounded that are not following a USP monograph or those CNSPs where extending BUD requirements were applied (where pharmacy has completed or has access to CNSP-Specific Stability Information). Per USP, the pharmacy is not required to measure water activity (A_w) for a CNSP.*** ***If no, go to compliance statements.*** ***If all CNSPs compounded at the pharmacy are following a USP monograph or the pharmacy is following a stability study that used a stability-indicating assay analytical method for the API, CNSP formulation, and material of composition of the container closure system, then the inspector should answer this question as N/A.***	Unknown	The pharmacy is not compliant with the current issue of USP <795> (Doc08_GP27.0). MFRs and CRs for nonsterile non-HDs by this inspector and Sam was to email those to NABP. Documents were not received prior to submission of the Inspection Report.	10.4
42.1	**Non-preserved, Aqueous Dosage Forms**: The non-preserved, aqueous dosage form CNSP is labeled with a BUD that does not exceed 14 days with refrigerated storage temperature. ***Inspector note: Per USP <795>, Aqueous dosage forms are ones that have a Aw ≥ 0.6, eg, emulsions, gels, creams, solutions, sprays, or suspensions.*** ***If pharmacy does not compound non-preserved aqueous dosage forms, inspector should answer statement as N/A.*** ***If no, describe your observations including but not limited to: the name of the compounded preparation, the labeled BUD, and the storage environment. Additionally, collect a copy of the master formulation record, the compounding record, and a copy of a label without PHI.***	Unknown		10.4 Table 4 USP <659>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
44.6	If the cited stability study (which uses a stability-indicating analytical method for extending BUDs) is bracketed, the pharmacy's CNSP formulation is at or within the low and high concentration of each active ingredient within the stability study. ***If no, describe the concentrations cited in the stability study and the concentration of the CNSP compounded by the pharmacy.*** ***If pharmacy only conducts their own stability studies (does not use published or unpublished study performed by another entity) for extending BUDs, inspector should answer this question as N/A.***	N/A		10.5
44.7	Aqueous CNSPs whose labeled BUDs are extended beyond Table 4, have: - been tested for antimicrobial effectiveness at least once for each formulation in the type of (with the same material composition of the) container closure system that will be used; - received study results from an FDA-registered facility (for the same CNSP formulation using the same material composition of the container closure system); or - a study published from peer-reviewed literature (for the same CNSP formulation using the same material composition of the container closure system). ***Inspector note: Pharmacy may rely on a bracketed study from the above options as long as the bracketed study information includes the low and high concentration of each active ingredient in the formulation. Per USP, this is "to establish preservative effectiveness across various strengths of the same formulation (e.g., bracketing). The concentration of all other ingredients (including preservatives) must fall within the bracketed range.***	No	No testing has been performed.	10.5

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
45.5	The QA/QC programs address appropriate investigations and corrective actions.	Yes		12
46.0	Has the pharmacy received any complaints related to CNSPs within the past year?	No		12
47.0	Does the pharmacy follow complaint handling requirements in compliance with USP <795> standards? *If no, go to compliance statements.*	Yes		12.2
47.1	The pharmacy has a complete written or electronic record of each complaint made. ***Inspector note: Per USP, "The record must contain the name of the complainant or other unique identifier, the date the complaint was received, the nature of the complaint, and the response to the complaint. In addition, to the extent that the information is known, the following should be recorded: the name and strength of the CNSP and the assigned internal identification number (e.g., prescription, order, or lot number). The record must also include the findings of any investigation and any follow-up. Records of complaints must be easily retrievable for review and evaluation for possible trends and must be retained."***	Yes	Most of their complaints are regarding commercial products and shipping.	12.2
47.2	Complaints are reviewed in accordance with SOPs by the designated person for the QA program.	Yes		12.2
47.3	Complaints are reviewed to determine whether it indicates a potential quality problem with the CNSP.	Yes		12.2

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
47.4	Complaints are fully investigated.	Yes		12.2
47.5	Complaint investigations consider whether the quality problem extends to other CNSPs.	Yes		12.2
47.6	Corrective action, if necessary, is implemented for all potentially affected CNSPs. ***Inspector note: Per USP, the pharmacy is to, "Consider whether to initiate a recall of potentially affected CNSPs and whether to cease nonsterile compounding processes until all underlying problems have been identified and corrected."***	Yes		12, 14
47.7	A CNSP that is returned in connection with a complaint is quarantined until it is destroyed after the completion of the investigation and in accordance with the laws and regulations of the applicable regulatory jurisdiction.	Yes		1.1.3, 12.2
48.0	Has the pharmacy initiated any recalls of CNSPs within the past two years? ***Inspector note: Per USP <795> requires all records to be readily retrievable for two years, including recalls; However, the state/jurisdictional regulator may require records to be kept for a longer period of time.*** ***Review most recent recall and describe in the Inspector Notes.*** ***If the pharmacy has not had any recalls within the past two years, inspector should answer the question as No.***	No		12.1, 14
49.0	Does the pharmacy follow recall and adverse event procedures for CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements.***	Yes		12.1, 12.2, 12.3

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
49.1	The pharmacy has procedures to determine when recalls must be initiated.	Yes		12.1
49.2	The pharmacy documents the implementation of the recall.	Yes		12.1
49.3	Pharmacy reports recalled CNSPs to the appropriate regulatory bodies (as required by laws and regulations of the applicable regulatory jurisdiction).	Yes		1.1.3, 12.1
49.4	Investigations into an adverse event that reveals a quality problem with a CNSP that is likely to affect other patients are reported to both patients and their prescribers.	Yes		12.3
50.0	Does the pharmacy procedures include a step to immediately notify the prescriber of a failure of specifications with potential to cause harm (eg, strength, purity, or other quality attributes)? ***Inspector note: This is a USP recommendation.***	Yes		12.1
	CNSP Packaging			
51.0	Does the pharmacy's packaging processes and materials meet the requirements in USP <795>? ***If no, go to compliance statements.***	Yes		13.1
51.1	The packaging materials protect CNSPs from damage, leakage, contamination, and degradation.	Yes		13.1
51.2	The packaging materials used protects personnel from exposure (from the packaged CNSP).	Yes		13.1
52.0	The packaging materials selected by the pharmacy maintain the physical and chemical integrity and stability needed for CNSPs (eg, protect from light).	Yes		13.1

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
	Compounding Personnel Observations - *Inspector must observe personnel performing compounding and related activities. This section will require the inspector to observe the staff while performing compounding and related activities. It is acceptable for pharmacy staff to perform mock compounding activities (with two creams or other drugs) as long as all observations can be viewed.*			
53.0	**Personal Preparation Observation:** Before entering the compounding area, do personnel remove any items that are not easily cleanable or are not necessary for compounding in compliance with USP <795> standards? *If no, go to compliance statements.*	Yes		
53.1	Personnel removed all outer garments (eg, hats, scarves, bandanas, vests, coats, and jackets).	Yes		3.1
53.2	Personnel removed all items that are not easily cleanable and that might interfere with garbing.	Yes		3.1
53.3	Personnel removed all hand, wrist, and other exposed jewelry, including piercings, that could interfere with the effectiveness of garbing and hand hygiene (eg, watches, rings that may tear gloves).	Yes		3.1
53.4	Personnel removed earbuds or headphones.	Yes		3.1
53.5	Any accommodations permitted by the designated person(s) should be documented. ***Inspector note: Per USP <795>, accommodations may be permitted as long as the quality of the CSP and environment will not be affected.***	No	They are not compliant with USP <795> in this area.	3.1

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
54.0	**Hand Hygiene Observation:** Were personnel who enter the compounding area to compound observed performing the appropriate hand washing procedures in compliance with USP <795> standards? *If no, go to compliance statements.*	No		3.2, Box 1
54.1	All personnel who enter the compounding area to compound performed hand hygiene.	Yes		3.2 Box 1
54.2	Personnel wash hands with soap and water for at least 30 seconds.	No	Not 30 seconds.	3.2
54.3	Personnel dry their hands completely with disposable towels or wipers.	Yes		3.2
54.4	Personnel do not solely rely on the use of alcohol hand sanitizers.	Yes		3.2
55.0	***Garbing Observation:*** Were compounding personnel observed following the appropriate garbing procedures in compliance with USP <795> standards? *If no, go to compliance statements.*	No	Double booties were not worn in HD compounding.	3.3 Box 1
55.1	All personnel entering the compounding area are fully garbed (with the required garb as determined by the facility SOPs).	No	In the non-HD area this is a yes. In the HD area this is a no.	3.3 Box 1
55.2	All personnel who perform compounding activities don gloves. ***Inspector note: Per USP, "Gloves must be worn for all compounding activities."***	Yes		3.2, 3.3 Box 1
55.3	Gloves are inspected periodically for holes, punctures, or tears and replaced immediately if a defect is detected.	Yes	The technician did a great job of changing her gloves in between weighing and cleaning utensils of each chemical used.	3.3 Box 1

Nonsterile Compounding Inspection for USP <795>

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
56.0	Are gloves wiped or replaced before beginning compounding a CNSP with a different component or when other objects were touched (eg, pens, keyboards) to minimize risk of cross contamination with other CNSPs? ***Inspector note: This is a USP recommendation.***	Yes		3.3
57.0	List the name(s) of the CNSPs observed by the inspector as part of live compounding demonstration.		Benzocaine 20%, Lidocaine 18%, and Tetracaine 4% topical cream 210 gm using the Maz and ointment mill then dividing into 2 x 100 gm ointment jars with unguator lid. In the HD room was 5-FU, and Salicylic Acid cream. CR was requested by this inspector and Sam to send to NABP. Documents were not received prior to submission of the Inspection Report.	
58.0	**Compounding Observation:** Are compounding personnel using appropriate nonsterile compounding techniques for CNSPs in compliance with USP <795> standards? ***If no, go to compliance statements.***	No		2 Box 3
58.1	The compounding personnel enter the nonsterile compounding area in accordance with the SOPs.	No	No double booties were worn. The technician was in and out of the negative pressure HD nonsterile compounding to get ingredients from the shelf on the dirty side of the anteroom.	3.1, 4.1
58.2	The compounding personnel started with a clean compounding area for CNSPs.	Yes		4.1, 4.3, 5 Table 1

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
58.3	The compounding personnel selected the correct MFR for the CNSP to be prepared.	Yes		7, 7.1 Box 2
58.4	The compounding personnel performed hand hygiene. ***Inspector note: Per USP <795>, Box 1, personnel are to: wash hands with soap and water for at least 30 seconds, dry hands completely with disposable towels or wipers, and then don gloves.***	No	Not for 30 seconds.	3.2 Box 1
58.5	The compounding personnel are appropriately garbed for the type of CNSP prepared.	No		3.3
58.6	The compounding personnel obtained the proper ingredients (APIs and/or components). ***Inspector note: All ingredients must be within date and match what is listed in the MFR. If the ingredient is an API, the COA must have already been reviewed and approved for use.***	Unknown	Components used have been repackaged. The 5-FU container is not labeled as HD (Photo29_NS58.6).	6.2 (6.2.1 - 6.2.5)
58.7	The compounding personnel gathered all necessary materials, equipment, and supplies necessary and/or specified in the MFR and is in good working order prior to use for the CNSP. ***Inspector note: All items must be clean prior to use. If equipment requires calibration and/or certification, compounder must ensure the equipment or device is within proper specifications (eg, tare scales and/or balances).***	No	The technician was in and out of the HD compounding room while completely garbed.	6.1 Table 2
58.8	The compounding personnel have knowledge of and access to any SDS.	Yes		6.2

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Inspector Notes	USP Reference(s)
58.9	The compounding personnel only compound one CNSP at a time (to proactively prevent mix-ups, errors, and cross contamination).	Yes		1.1.3
58.10	The compounding personnel compound the CNSP according to the MFR. ***If no, inspector needs to describe in detail their observations in the Inspector Notes and collect a copy of the MFR and CR (no PHI or PII to be collected).***	No	Not all settings for the Maz and ointment mill were on the MFR or CR.	7.1, 7.2 Box 2
58.11	The compounding personnel document any required steps listed in the MFR on the CR. ***Inspector note: This would include any weights, volume, and any in-process checks needed.***	Yes	A tablet is used and pictures are taken.	7.2, 14 Box 3
58.12	Documentation in the CR is legible. ***If no, collect copy of record that is illegible. Redact any PHI on record.***	Yes	The technician has very legible handwriting.	14
58.13	The compounding personnel verify the correct BUD in accordance with the MFR requirements in USP <795>.	No		10 Table 3, Table 4
58.14	The compounding personnel performed any quality control steps specified in the MFR. ***Inspector note: Examples of this include, but are not limited to: testing of pH for a suspension, weighing of capsules, and visual inspection against product description specifications.*** ***If no, describe observations in Inspector Notes.***	Yes	Visual inspection against description.	7.2, 8, 8.1, 12 Box 3

Nonsterile <795> Employee File Records Review

Select the PIC, designated person, a staff pharmacist that checks compounded preparations, and two to three compounding pharmacy technicians. *Do not record the employee name, list only their title or position.
From the drop-down List:
*Mark as "Yes" if the document is present in the records and the competency evaluation was conducted in compliance with USP <795> requirements.
*Mark as "No" if the document is present in the records but is not in compliance with USP <795> requirements.
*Mark as "Missing" if any part of the record is missing and explain in Notes column.
*Mark as "N/A" if the training does not apply (eg, long-term employee may not have initial training available). Document further in the Notes column.

Glossary & References	USP <795>
Active Pharmaceutical Ingredient (API)	Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals or affecting the structure and function of the body. Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Assigned trainer	One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CNSPs.
Beyond-use date (BUD)	The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded.
Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.

Glossary & References	USP <795>
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.
Compounding	The process of combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance to create a nonsterile preparation.
Compounding area	An area that is specifically designated for nonsterile compounding.
Compounding personnel	Personnel trained to compound or oversee compounding of preparations.
Compounding record (CR)	Documents the compounding of each CNSP.
Container closure system	Packaging system components that together contain and protect the dosage form. This includes primary packaging system components and secondary packaging system components if the latter are intended to provide additional protection.
Containment glove bag	A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE)	A full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through high-efficiency particulate air (HEPA) filtration and to prevent their release into the work environment.
Conventionally manufactured product	A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Designated person(s)	One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CNSPs.
FDA	US Food and Drug Administration
Formulation	The specific qualitative and quantitative composition of the final CNSP.
Hazardous Drug (HD)	Any drug identified by at least one of the following criteria: carcinogenicity, teratogenicity or developmental toxicity; reproductive toxicity in humans; organ toxicity at low dose in humans or animals; genotoxicity or new drugs that mimic existing HDs in structure or toxicity. See <800>.
Label	The part of the labeling on the immediate container.

NABP developed this inspection form for sole use by NABP, boards of pharmacy, government agencies that regulate drug distributors, and for internal use by the named facility participating in the VPP. Disclosure of this form to a third party or use of the form by a third party is strictly prohibited without NABP's prior written authorization.

Glossary & References	USP <795>
Labeling	All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container.
Master formulation record (MFR)	A detailed record of procedures that describes how the CNSP is to be prepared.
Monograph	A quality documentary standard within USP–NF that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Oversight	The review, monitoring, and supervision of actions taken by personnel; bearing responsibility for those actions; and being available if and when needed for consultation, even if not physically present.
Preservative	A substance added to inhibit microbial growth.
Purified water	The minimal quality of source water for the production of Purified Water is drinking water whose attributes are prescribed by the US Environmental Protection Agency (EPA), the European Union, Japan, or the World Health Organization (WHO). This source water may be purified using unit operations that include deionization, distillation, ion exchange, reverse osmosis, filtration, or other suitable purification procedures. (See <1231>, 3.1.1 Purified Water.)
Quality Assurance (QA)	A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
Quality Control (QC)	The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met for the CNSP.
Reconstitution	The process of adding a diluent to a conventionally manufactured product to prepare a solution or suspension.
Release inspection and testing	Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Sanitizing agent	An agent for reducing, on inanimate surfaces, the number of microorganisms (eg, 70% isopropyl alcohol).
SDS	Safety data sheet.
SOP	Standard operating procedure.
Specification	The tests, analytical methods, and acceptance criteria to which any components, CNSP, container closure system, equipment, or other material used in the compounding of CNSPs must conform to be considered acceptable for its intended use.

Glossary & References	USP <795>
Stability	The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Verify	To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Water activity (a_w)	A measure of the fraction of total water that is unbound and freely available to participate in chemical, biochemical, or physicochemical reactions or provide an environment that can support microbial growth. Note that a_w is not water content.

Verified Pharmacy Program® Inspection Form

Hazardous Drugs - Handling in Health Care Settings

The information and comments obtained in the Hazardous Drugs - Handling in Health Care Settings Inspection is based on USP Chapter <800>.

Any items marked "Recommendation" are considered "best practices" and are not considered requirements for compliance with USP standards, but the information is collected as it may be a requirement under state law.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	General Information and Scope:		
1.00	Does the pharmacy handle any drugs on the National Institute for Occupational Safety and Health (NIOSH) list that **require** all the containment requirements of USP <800>?	Yes	
1.01	Does the pharmacy handle any ***hazardous drug*** active pharmaceutical ingredients (HD API)? *If yes, please list.*	Unknown	List was requested from Sam Ibrahim, the Compliance Officer, to be sent to NABP. Documents were not received prior to submission of the Inspection Report.
1.02	Does the pharmacy handle any antineoplastic requiring manipulations (which can produce particles, aerosols, or gasses)? *If yes, please list*	Yes	Fluorouracil (5-FU).
2.00	Does the pharmacy handle any drugs on the NIOSH list that **do not** require all containment requirements of <800>?	Yes	
2.01	Does the pharmacy handle any final dosage forms of HDs (either compounded or manufactured unless required by the manufacturer) that do not require further manipulation other than counting and repackaging? *If yes, please list.*	Yes	List was requested from Sam Ibrahim, the Compliance Officer, to be sent to NABP. Documents were not received prior to submission of the Inspection Report.

Any items marked "Recommendation" are considered "best practices" and are not considered requirements for compliance with USP standards, but the information is collected as it may be a requirement under state law.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
2.02	Does the pharmacy handle any dosage forms of other HDs **that are handled in full compliance** with containment requirements of <800>? *If yes, please list*	Yes	Isotretinoin.
2.03	Does the pharmacy handle any dosage forms of other HDs **that are not handled** using all containment requirements of <800>? *If yes, please list*	No	
	List of Hazardous Drugs		
3.00	The pharmacy maintains a list of any items it handles that are included on the current NIOSH list of antineoplastic and other HDs. ***Review and attach list.*** *Verify that pharmacy has access to a copy of current NIOSH list*	Yes	List was requested from Sam Ibrahim, the Compliance Officer, to be sent to NABP. Documents were not received prior to submission of the Inspection Report. The pharmacy did not have a current copy of the NIOSH list.
4.00	The pharmacy reviews this list at least every 12 months for additions, deletions, or other changes and documents the review. *Verify documentation and* ***list date*** *of last change/review*	Unknown	
5.00	The pharmacy reviews this list whenever the pharmacy adds a new agent or dosage form to the items it handles.	Unknown

e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
6.00	The pharmacy has a system in place for the evaluation of new drugs (purchased, stored, handled, and/or dispensed) to determine whether they are considered HD.	Unknown	
6.01	Pharmacy evaluates the drugs against the current version of the NIOSH list.	No	
6.02	In the absence of information, the pharmacy treats any new drug as an HD.	Unknown	
7.00	If the pharmacy handles any HDs not using all containment requirements of <800>, an assessment of risk was performed for each drug and dosage form individually to determine alternative containment strategies, if needed, and work practices for each. *Review documentation of assessment and SOPs related to work practices/alternative containment*	No	No assessment of risks were shown to this inspector.
8.00	The assessment of risk evaluation performed by the pharmacy's organization includes all required information, for each drug and dosage form. *The first five (5) items below must be included in the evaluation in order to be compliant*	Unknown	No assessment of risks were shown to this inspector.

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
8.01	Type of HD (eg, antineoplastic, non-antineoplastic, reproductive risk only);	Unknown	
8.02	Dosage form;	Unknown	
8.03	Risk of exposure;	Unknown	
8.04	Packaging;	Unknown	
8.05	Manipulation; and	Unknown	Fluorouracil (5-FU) unused in compounding did not see an assessment of risk but it is handled as an HD.
8.06	If applicable, Table II and III drugs have alternative containment strategies and/or work practices to minimize occupational exposure.	Unknown	
8.07	The assessment of risk is reviewed at least every 12 months, and the review is documented. *Enter date of last review in the notes*	Unknown	
	Personnel Responsibilities		
9.00	The pharmacy has a designated person(s) to oversee the handling of HDs who is qualified and trained for development of standard operating procedures (SOPs); overseeing compliance with standards, laws, and rules; ensuring competency of personnel; and ensuring environmental control.	No	Training documents for Sam were not complete.
9.01	The designated person oversees the monitoring of the facility, including testing/sampling programs, maintaining, and documentation, and acting on results.	Yes

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	Documentation and Standard Operating Procedures (SOPs)		
10.00	The assessment of risk and SOPs for handling HDs addresses all potential types of exposure, including all activities occurring within the operation that present an opportunity for exposure:		No assessment of risks were shown to this inspector.
10.01	**Receiving**: Contacting HD residues on packaging, work surfaces, floors	Unknown	
10.02	**Dispensing**: Counting or packaging tablets and capsules	Unknown	
10.03	**Compounding/other manipulations**: Crushing/splitting tablets, opening capsules, pouring liquids, weighing or mixing, constituting/reconstituting powdered/lyophilized HDs, expelling air from HD syringes, HD residue on personal protective equipment (PPE), cleaning activities of HD areas, and HD equipment maintenance.	Unknown	Fluorouracil (5-FU) unused in compounding did not see an assessment of risk but it is handled as an HD.
10.04	**Administration and other patient care activities** (if applicable).	N/A	
10.05	**Spills**: Spill generation, management, and disposal.	Unknown	There were old spill kits in the pharmacy in a bin.

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
10.06	**Transport**	Unknown	
10.07	**Waste**: Collection and disposal of HD waste and trace contaminated waste	Unknown	Stericycle is the HD waste disposal company. See photos in nonsterile module of accumulated HD waste bins in the HD nonsterile compounding room.
11.00	SOPs are reviewed at least every 12 months by the designated person, and the review is documented.	Yes	They are not up-to-date with the current USP <797> or USP <800>.
12.00	SOPs are readily available to all who may need to handle HD or respond to a spill (pharmacy employees, housekeeping, nursing personnel, delivery personnel, etc). *Describe whether P&Ps are available electronically, by paper, or both.*	Unknown	
13.00	SOPs address at a minimum: *If no, document "missing" in Inspector Notes for each SOP topic*		**Please note NABP did not review each SOP for alignment on USP <800>. The SOP(s) described below is/are a reflection of any self-assessment completed by the pharmacy and/or shared with the inspector during the onsite inspection.**
13.01	Hazard communication program plan	No	Missing. There is a Hazardous Material Management policy that is incomplete and not current with USP <795> and USP <800>.

		Observation	Notes
13.11	Deactivation, decontamination, cleaning, disinfection SOPs include all of the following:		
13.11.01	Agents used	No	Missing. There is a Hazardous Material Management policy that is incomplete and not current with USP <795> and USP <800>.
13.11.02	Dilutions, if used	N/A	This inspector did not see any products that needed dilution. 70% IPA is being repackaged with hazardous warnings.
13.11.03	Frequency	No	Missing.
13.11.04	PPE to be worn (appropriate PPE resistant to the agents used, two pairs of chemotherapy gloves, impermeable disposable gowns, and eye, face, and respiratory protection if warranted--addressed in SOPs)	No	Only 1 pair of botties being worn.
13.11.05	Documentation requirements	No	No cleaning logs were seen.
13.12	Receiving SOPs to include communications with suppliers about packaging and visual/other inspection of shipping containers for signs of damage and how to handle damaged containers.	Yes	
13.13	If a shipping container appears damaged and **does not need to be opened**:		
13.13.01	It is sealed without opening and wrapped in impervious plastic;	Yes

		Observation	Notes
13.22	Spill prevention and direction of spill cleanup and control SOPs must address the following:		Spill kits are old and were all in a yellow bin in the non-HD compounding area.
13.22.01	Size and scope of spill;	No	
13.22.02	Responsible person for handling spills;	No	
13.22.03	Location of spill kits and clean-up materials;	No	
13.22.04	Capacity of the spill kits;	No	
13.22.05	PPE to be worn during spills;	No	
13.22.06	Handling of worn PPE and any exposed clothing under PPE;	No	
13.22.07	Use of appropriate full-face, chemical cartridge-type respirator or powered air-purifying respirators (PAPR) if capacity of spill kit is exceeded or known or suspected airborne exposure to vapors/gases; and	No	
13.22.08	Medical evaluation/incident reporting/documentation/other handling of persons potentially exposed or with direct skin/eye contact to the HD.	No

Hazardous Drugs - Handling in Health Care Settings

The information and comments obtained in the Hazardous Drugs - Handling in Health Care Settings Inspection is based on USP Chapter <800>.

Any items marked "Recommendation" are considered "best practices" and are not considered requirements for compliance with USP standards, but the information is collected as it may be a requirement under state law.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
13.23	***Recommendation:*** *Does the pharmacy have a medical surveillance program? (a comprehensive control program to monitor and identify potential worker health care issues from HD exposure.)*	No	
14.00	The **hazard communication program** SOP has policies and procedures that ensure worker safety in all aspects of HD handling relevant to the pharmacy and ensure effective personnel training in proper labeling, transport, storage, and disposal of HDs, use of Safety Data Sheets (SDSs), based on the Globally Harmonized System of Classification and Labeling of Chemicals (GHS).	No	
15.00	The pharmacy's hazard communication program includes, at a minimum, all of the following:	[redacted]	
15.01	A written plan that describes how the standard will be implemented;	No	
15.02	How containers of HDs/hazardous chemicals will be labeled, tagged, or marked with the identity of the material and appropriate hazard warnings;	No	HDs are not labeled as HDs.
15.03	SDSs are maintained for each hazardous chemical they use (29 CFR 1910.1200);	Yes

		Observation	Notes
15.04	How SDSs are readily accessible to personnel during each work shift and when they are in their work areas;	Yes	
15.05	Information and training provided to personnel prior to initial assignment to work with a hazardous chemical and whenever the hazard changes; and	No	Training is not up-to-date with USP chapters.
15.06	Personnel of reproductive capability confirm in writing that they understand the risks of handling HDs.	Yes	
	Personnel Training *--Check four employee files for documentation*		
16.00	All personnel handling HDs are trained based on their job function prior to independently handling HDs.	No	Training is not up-to-date with USP chapters.
17.00	Personnel file contains the employee's acknowledgement of the risk of handling HD (as part of the hazardous communication program).	Yes	
18.00	For non-sterile HD compounding, personnel competency is observed and assessed at least annually for proper compounding technique, with no concerns identified.	No	
19.00	For sterile HD compounding, personnel competency is observed and assessed at least annually for proper sterile compounding aseptic technique, with no concerns identified.	N/A

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
20.00	After initial HD training, personnel are trained prior to introduction of any new HD or new equipment, or prior to any significant change in process or SOP.	No	
21.00	All HD training and assessments are documented for each employee who transports, compounds, or administers HDs, and meets Occupational Safety and Health Administration Standard 1910.120 and any other requirements of law or regulation.	No	
22.00	All personnel who perform custodial HD waste removal and cleaning in HD handling areas are trained in appropriate procedures to protect themselves and the environment.	No	
23.00	HD training, based on employee file review, all of the following are present:		
23.01	Overview of pharmacy's HD list and their risks;	No	
23.02	Review of the SOPs related to HDs;	No	
23.03	Proper use of PPE;	No

		Observation	Notes
23.04	Proper use of equipment and devices (eg, engineering controls);	No	
23.05	Appropriate procedures for deactivation, decontamination, cleaning, and disinfection (if applicable);	No	The technician did a good job of deactivating the utensils in between weighing and measuring of chemicals but did not clean the BSC prior to beginning compounding. She wiped the 5-FU bottle with PeridoxRTU after use but did not wipe other chemical containers that could have trace HD on them after being in the BSC with HDs.
23.06	Response to known or suspected HD exposure;	Yes	
23.07	Spill management;	No	
23.08	Proper disposal of HDs and trace-contaminated materials; and	No	
23.09	New HD drug/new equipment or prior to any significant change in process or SOP.	No	
24.00	If respiratory protection is needed for any HDs handled, personnel are fit tested and trained in the proper use of the respirator.	No	No fit testing has been performed.

		Observation	Notes
	Personal Protective Equipment		
25.00	For sterile and nonsterile compounding with HDs, personnel wear gowns; head, hair, and shoe covers; and two pairs of chemotherapy gloves.	No	2 pair of booties are not worn.
26.00	Appropriate PPE is readily accessible where HD is handled, include all of the following:		
26.01	Receipt (PPE appropriate to HD as set forth in SOPs, and at a minimum, chemotherapy gloves worn);	Yes	
26.02	Storage;	Yes	
26.03	Transport;	Yes	
26.04	Nonsterile Compounding (if performed by the pharmacy);	No	Nonpermeable gowns can be worn.
26.05	Sterile Compounding (if performed by the pharmacy);	N/A	
26.06	Administration, if applicable;	N/A

		Observation	Notes
26.07	Deactivation/decontamination, cleaning, and disinfecting (appropriate PPE resistant to the agents used, two pairs of chemotherapy gloves, impermeable disposable gowns, and eye, face, and respiratory protection if warranted/addressed in SOPs);	No	The BSC was not deactivated, decontaminated, cleaned or disinfected prior to nonsterile HD compounding.
26.08	Spill control;	No	The spill kits are old, very small and did not contain the necessary PPE or equipment needed to clean up an HD spill.
26.09	Waste disposal; and	No	
26.10	If administering injectable antineoplastics, two pairs of chemotherapy gloves and permeability resistant gowns are worn.	N/A	
27.00	Disposable PPE is not reused.	No	The technicians gown was hung on the shelf in the HD compounding room.
28.00	Reusable PPE is decontaminated and cleaned after each use.	N/A

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
29.00	**Gloves**: The pharmacy is using appropriate gloves for the activities conducted (chemotherapy gloves meet ASTM standard D6978 -- or its successor -- and are resistant to cleaning agents used) and are resistant to cleaning agents used.	Yes	
29.01	**Recommendation**: Are *chemotherapy gloves worn for handling all HDs including non-antineoplastics and for reproductive risk only HDs?*	Yes	
29.02	Chemotherapy gloves are powder-free.	Yes	
29.03	Chemotherapy gloves are inspected for physical defects before use and defective gloves (eg, pin holes, tears, weak spots) are discarded.	Yes	
29.04	For sterile compounding, the outer chemotherapy gloves are sterile.	N/A	
29.05	Chemotherapy gloves are changed when torn, punctured, or contaminated.	Yes	
29.06	**Recommendation**: Are *chemotherapy gloves changed every 30 minutes (unless otherwise recommended by the manufacturer)?*	Yes

		Observation	Notes
29.07	Hands are washed with soap and water after removing chemotherapy gloves.	Yes	
30.00	**Gowns**: The pharmacy is using appropriate gowns for the activities conducted (if required for type of compounding based on standards or assessment of risk).	No	
30.01	Gowns are disposable.	Yes	
30.02	Gowns resist permeability of HDs and are not laboratory coats, surgical scrubs, or isolation gowns (selected based on HDs handled).	No	Employee has option to wear yellow permeable gown.
30.03	Gowns close in the back, are long sleeved, and have closed cuffs that are elastic or knit.	Yes	
30.04	Gowns do not have seams or closures that will allow HDs to pass through.	No	The yellow gown has seams.
30.05	Gowns are changed in accordance with the manufacturer's instructions, or if no permeation information is available, they are changed every two to three hours or immediately after a spill or splash.	Yes

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
30.06	Gowns worn in HD areas are not worn to other areas.	No	The technician was in and out of the HD nonsterile compounding room with garb on.
31.00	**Head, hair** (beard and moustache, if appropriate)**, and shoe and sleeve covers.** The pharmacy is using appropriate head, hair, and shoe and sleeve covers for the type of compounding based on standards or assessment of risk to provide protection from contact with HD residue, if required.	No	Hair was hanging out of back of bonnet.
31.01	When HD compounding, a second pair of shoe covers are donned before entering the C-SEC and doffed when exiting the C-SEC.	No	
31.02	Shoe covers worn in HD areas are not worn into other areas of the facility.	No	
32.00	**Eye and Face Protection**: The pharmacy is using appropriate eye and face PPE protection for the activities conducted (based on assessment of risk that HDs are irritating to the eyes and mucous membranes, where there is risk of spills or splashes when working outside of a C-PEC), if required.	Yes	The BSC has glass between the compounder and manipulations in the hood.

Hazardous Drugs - Handling in Health Care Settings

The information and comments obtained in the Hazardous Drugs - Handling in Health Care Settings Inspection is based on USP Chapter <800>.

Any items marked "Recommendation" are considered "best practices" and are not considered requirements for compliance with USP standards, but the information is collected as it may be a requirement under state law.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
46.00	**Compounding**: There are appropriate engineering controls to protect the HD preparation from cross-contamination, and if sterile compounding, from microbial contamination, during all phases of the compounding process.	N/A	
47.00	All HD compounding are performed within a C-PEC located in a C-SEC room.	Yes	
47.01	The C-SEC for both sterile and nonsterile HD compounding has all of the following:		The cart is pushed up against the air intake manifold (Photo32_NS47.01).
47.01.01	Has fixed walls;	Yes	
47.01.02	Is externally vented;	Yes	
47.01.03	Is able to meet (12) or exceed ACPH requirements;	Yes	Testing reports for the nonsterile HD negative pressure room (Doc09_NS47.01.03 and Doc10_NS47.01.03).
47.01.04	Is physically separated (ie, a different room) from other preparation areas; and	Yes

Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
47.01.05	Has a negative pressure differential of between 0.01 inches and 0.03 inches of water column relative to all adjacent areas.	Yes	
48.00	The C-PEC operates continuously if it supplies some or all of the negative pressure in the C-SEC or if it is used for sterile compounding.	Yes	
49.00	There is a sink readily available for handwashing on the hazardous side.	No	It is outside of the nonsterile HD room.
49.01	There is an eyewash station readily available.	No	
49.02	Water sources and drains are a minimum of 1 meter away from the C-PEC.	Yes	
50.00	Does the pharmacy engage in **nonsterile HD compounding**? If yes, complete 50.01-54. If no, skip to 55:	Yes	
50.01	Select the location where **nonsterile HD compounding** is performed type(s):

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
79.04	Before and after certification	Yes	
79.05	Any time voluntary interruption occurs	Yes	
79.06	If the ventilation tool is moved	Yes	
80.00	HD containers are wiped down prior to placing them in the C-PEC and the solution used does not alter the product label.	No	
81.00	Areas, other than the work surface of the C-PEC, where contamination can build up (such as areas under the work tray), are deactivated, decontaminated, and cleaned at least monthly.	Unknown	Cleaning logs were requested from Sam to be sent to NABP. Documents were not received prior to submission of the Inspection Report.
82.00	Additional PPE (eg, respirator) is used in accordance with SOPs, to protect the worker if containment airflows are compromised by opening the cabinets to get to these areas.	No	No respirators are used.

Verified Pharmacy Program® Inspection Form

Hazardous Drugs - Handling in Health Care Settings

The information and comments obtained in the Hazardous Drugs - Handling in Health Care Settings Inspection is based on USP Chapter <800>.

Any items marked "Recommendation" are considered "best practices" and are not considered requirements for compliance with USP standards, but the information is collected as it may be a requirement under state law.

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: CarePoint Healthcare LLC dba Carepoint Pharmacy
e-Profile ID: 707534
Inspection Date: 01/21/2026 & 01/22/2026

		Observation	Notes
	Spill Control		
83.00	Spills are contained and cleaned immediately.	No	The spill kits are old, very small and did not contain the necessary PPE or equipment needed to clean up an HD spill.
84.00	Trained/qualified personnel are always available during operation with HDs to handle spills.	No	
85.00	Only trained/qualified personnel engage in spill containment and cleanup.	No	
86.00	There are signs available to restrict access to spill areas.	No	
87.00	Spill kits, containing all ingredients necessary to clean HD spills, are readily available in all areas where HDs are routinely handled.	No	
88.00	Spill materials are disposed of as hazardous waste.	Unknown	
89.00	The circumstances and management of all spills are documented. ***Review documentation for spills for the last year and list the most recent date.***	Unknown

CAPA I-009 - NABP VPP Inspection Deficiency

CAPA ID	I-009
Source	NABP Verified Pharmacy Program (VPP) Inspection Report
Inspection Dates	1/21/2026–1/22/2026
CAPA Initiation Date	3/2/2026
Program Area	Nonsterile Compounding
Reference (Question/Photo/Doc)	NS2.2
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/31/2026
Status	Open

Deficiency / Nonconformance

Annual SOP review not documented / not ensuring SOPs reflect current practice.

Applicable Standards / Requirements

- USP <795> (Nonsterile Compounding)
- USP Compounding Compendium subscription maintained (facility evidence to be attached).
- NABP VPP Reference: NS2.2

Immediate Correction / Containment

Document the immediate actions taken. The facility reports that the CNSP program has been overhauled post-inspection to align with applicable accreditation, regulatory, and USP requirements and now maintains an active USP Compounding Compendium Online Annual Subscription (USP <795>/<797>/<800>).

Effective date of overhaul: ___/___/_____

Immediate containment evidence includes: updated SOPs/forms, training/competency completion, and audit plan activation.

Corrective Actions

Establish annual SOP review schedule and documentation; update SOPs to current practice and USP <795>; implement review/approval workflow.

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.
- Train impacted personnel. Document competency where applicable.

www.carepointrx.com
Toll Free (855) 237-9112 | Fax: (855) 237-9113
9 E Commerce Drive, Schaumburg, IL 60173

- Implement monitoring/audits and define escalation pathway for deviations.

Preventive Actions

- Add CAPA-related KPI(s) / audit checks to QMC/QAPI agenda until sustained compliance is demonstrated.
- Implement document control triggers (new USP updates, regulation change alerts) tied to periodic review schedule.
- Define ongoing refresher training cadence and re-validation requirements.

Evidence / Attachments for Closure

- Revised/approved policy/SOP/form(s) with revision dates and approval signatures.
- Training records (sign-in, competency validation, quizzes, observation checklists).
- Audit results / monitoring logs demonstrating compliance (include sample size and dates).
- Supporting photos (as applicable), vendor manifests, calibration certificates, label screenshots.

CNSP Overhaul Attachment References (from Non-Sterile Compounding folder):

- Attachment 1: **CNSP Program Charter and Scope of Service**
- Attachment 2: **Compounding Record_Batch Record (CR_BCR) - Nonsterile Compounding**
- Attachment 3: **SOP - BUD Assignment and Label Verification (Nonsterile Compounding)**
- Attachment 4: **SOP - CNSP Component Receiving, Quarantine, CoA Review, and Release (HD and Non-HD)**
- Attachment 5: **SOP - CNSP Documentation and Compounding Record_Batch Record (CR_BCR) Completion**
- Attachment 6: **SOP - CNSP Equipment Qualification, Calibration_Verification, and Maintenance (Non-sterile)**
- Attachment 7: **SOP - CNSP Packaging, Labeling, Storage, and Final Check**
- Attachment 8: **SOP - CNSP PPE, Garbing, and Workflow Segregation (HD vs Non-HD)**
- Attachment 9: **SOP - CNSP Quality Oversight, Audits, Deviations, CAPA, and Management Review**
- Attachment 10: **SOP - CNSP Waste Disposal and Reverse Distribution (HD vs Non-HD)**

www.carepointrx.com
Toll Free (855) 237-9112 | Fax: (855) 237-9113
9 E Commerce Drive, Schaumburg, IL 60173

- Attachment 11: **SOP - Compounding (Non-Sterile Preparation)**
- Attachment 12: **SOP - FormulaRx MFR Data Entry and Change Control (CNSP)**
- Attachment 13: **SOP - Hazardous Drug Spill and Exposure Response**
- Attachment 14: **Individual HD Assessment of Risk Documents/Misoprostol Hazardous Risk Assessment**
- Attachment 15: **Proof of USP Compounding Compendium Online Annual Subscription access**

Effectiveness Check (Verification)

- Document review confirms updated policy/SOP/training materials are approved and effective.
- Audit sample (minimum n=10 where applicable) demonstrates consistent implementation.
- Compounding competency validation records complete for all authorized personnel; annual cadence scheduled.
- Compounding area walkthrough confirms storage, documentation, equipment cleaning, and BUD assignment practices are sustained.

CAPA I-002 - NABP VPP Inspection Deficiency

CAPA ID	I-002
Source	NABP Verified Pharmacy Program (VPP) Inspection Report
Inspection Dates	1/21/2026–1/22/2026
CAPA Initiation Date	3/19/2026
Program Area	General Pharmacy
Reference (Question/Photo/Doc)	GP37.05; Photo03-05_GP37.05
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/31/2026
Status	Open

Deficiency / Nonconformance

Hazardous waste handling/collection system unclear; HD waste bins observed full; doffing trash not labeled as HD waste.

Applicable Standards / Requirements

- Applicable state board of pharmacy rules
- NABP VPP General Pharmacy criteria (Reference: GP37.05; Photo03-05_GP37.05)

Immediate Correction / Containment

Enter actions taken to immediately mitigate risk and prevent recurrence while the CAPA is in progress. Attach evidence as applicable.

Corrective Actions

Define and document HD waste handling SOP (segregation, labeling, pickup triggers, frequency, vendor); label all HD/trace waste receptacles; establish bin fill-level checks and logs.

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.
- Train impacted personnel; document competency where applicable.
- Implement monitoring/audits and define escalation pathway for deviations.

Preventive Actions

- Add CAPA-related KPI(s) / audit checks to QMC/QAPI agenda until sustained compliance is demonstrated.

CAPA I-006 - NABP VPP Inspection Deficiency

CAPA ID	I-006
Source	NABP Verified Pharmacy Program (VPP) Inspection Report
Inspection Dates	1/21/2026–1/22/2026
CAPA Initiation Date	3/19/2026
Program Area	General Pharmacy
Reference (Question/Photo/Doc)	GP10.00–13.00; Doc04_GP10.00
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/31/2026
Status	Open

Deficiency / Nonconformance

Compounded BLT sent to provider offices with a patient name that may be provider/office employee and used on multiple patients (patient-specific labeling concern).

Applicable Standards / Requirements

- Applicable state board of pharmacy rules
- NABP VPP General Pharmacy criteria (NABP VPP Reference: GP10.00–13.00; Doc04_GP10.00)

Immediate Correction / Containment

Enter actions taken to immediately mitigate risk and prevent recurrence while the CAPA is in progress. Attach evidence as applicable.

Corrective Actions

Review/segregate patient-specific vs office-use workflows; ensure labeling aligns with patient-specific requirements; update contracts/SOPs; implement checks to prevent reuse of patient identifiers.

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.
- Train impacted personnel; document competency where applicable.
- Implement monitoring/audits and define escalation pathway for deviations.

Preventive Actions

- Add CAPA-related KPI(s) / audit checks to QMC/QAPI agenda until sustained compliance is demonstrated.

Program Area	Nonsterile Compounding
Reference (Question/Photo/Doc)	NS 1.1.4 / 2.1
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/2/2026
Status	Open

Deficiency / Nonconformance

Designated person not trained in new USP <795> standards; training/experience for QA role not met.

Applicable Standards / Requirements

- USP <795> (Nonsterile Compounding)
- USP Compounding Compendium subscription maintained (facility evidence to be attached).
- NABP VPP Reference: NS 1.1.4 / 2.1

Immediate Correction / Containment

Document the immediate actions taken. The facility reports that the CNSP program has been overhauled post-inspection to align with applicable accreditation, regulatory, and USP requirements and now maintains an active USP Compounding Compendium Online Annual Subscription (USP <795>/<797>/<800>).

Effective date of overhaul: ___/___/_____

Immediate containment evidence includes: updated SOPs/forms, training/competency completion, and audit plan activation.

Corrective Actions

- Provide documented DP training on USP <795> (current) and facility SOPs
- Formalize DP qualification criteria
- Maintain training record & competency assessment

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.

Deficiency / Nonconformance

No hazardous drug (HD) labeling on outside of packets/boxes used to ship HD prescriptions.

Applicable Standards / Requirements

- Applicable state board of pharmacy rules
- NABP VPP General Pharmacy criteria (Reference: GP71.00 (Mail/Delivery))

Immediate Correction / Containment

Enter actions taken to immediately mitigate risk and prevent recurrence while the CAPA is in progress. Attach evidence as applicable.

Corrective Actions

Define compliant shipping/transport labeling approach for HDs (while maintaining privacy requirements); update SOPs and train shipping team; audit implementation.

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.
- Train impacted personnel; document competency where applicable.
- Implement monitoring/audits and define escalation pathway for deviations.

Preventive Actions

- Add CAPA-related KPI(s) / audit checks to QMC/QAPI agenda until sustained compliance is demonstrated.

CAPA I-007 - NABP VPP Inspection Deficiency

CAPA ID	I-007
Source	NABP Verified Pharmacy Program (VPP) Inspection Report
Inspection Dates	1/21/2026–1/22/2026
CAPA Initiation Date	3/2/2026
Program Area	General Pharmacy
Reference (Question/Photo/Doc)	Pharmacy Info notes (training doc integrity)
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/31/2026
Status	Open

Deficiency / Nonconformance

Document control/integrity concern: training record edited during inspection while retaining an older signature/date.

Applicable Standards / Requirements

- Applicable state board of pharmacy rules
- NABP VPP General Pharmacy criteria (Reference: Pharmacy Info notes (training doc integrity))

Immediate Correction / Containment

Enter actions taken to immediately mitigate risk and prevent recurrence while the CAPA is in progress. Attach evidence as applicable.

Corrective Actions

Implement document control policy (versioning, audit trails, change control); review training records for integrity; retrain owners on controlled document practices.

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.
- Train impacted personnel and document competency where applicable.
- Implement monitoring/audits and define escalation pathway for deviations.

Preventive Actions

- Add CAPA-related KPI(s) / audit checks to QMC/QAPI agenda until sustained compliance is demonstrated.

CAPA I-011 - NABP VPP Inspection Deficiency

CAPA ID	I-011
Source	NABP Verified Pharmacy Program (VPP) Inspection Report
Inspection Dates	1/21/2026–1/22/2026
CAPA Initiation Date	3/2/2026
Program Area	Nonsterile Compounding
Reference (Question/Photo/Doc)	NS3.1–3.3
Priority	High
Owner	Sam Ibrahim
Target Due Date	3/31/2026
Status	Open

Deficiency / Nonconformance

Initial qualification and annual training/competency documentation deficiencies for personnel performing/overseeing compounding.

Applicable Standards / Requirements

- USP <795> (Nonsterile Compounding)
- USP Compounding Compendium subscription maintained (facility evidence to be attached).
- NABP VPP Reference: NS3.1–3.3

Immediate Correction / Containment

The CNSP program has been revised to align with applicable accreditation, regulatory, and USP requirements and now maintains an active USP Compounding Compendium Annual Subscription (USP <795>/<797>/<800>).

Effective date of overhaul: ___/___/_____

Immediate containment evidence includes: updated SOPs/forms, training/competency completion, and audit plan activation.

Corrective Actions

- Complete initial/annual competency assessments per SOP
- Document for all relevant personnel (compounders and oversight staff)
- Implement tracking and escalation for lapses

Corrective action plan:

- Update/issue policy, SOP, form, and/or system configuration addressing the finding.

Effectiveness Check (Verification)

- Document review confirms updated policy/SOP/training materials are approved and effective.
- Audit sample (minimum n=10 where applicable) demonstrates consistent implementation.
- Compounding competency validation records complete for all authorized personnel; annual cadence scheduled.
- Compounding area walkthrough confirms storage, documentation, equipment cleaning, and BUD assignment practices are sustained.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the OWNER (title) for CENTRAL CARE PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, ALISA KAPUTIKYAN hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the OWNER (title) for CENTRAL CARE PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Inspector Remarks:

ListServe: pharmacy@centralcarepharma.com, alisa@centralcarepharma.com

This is investigation of CI 2023 105598. Routine inspection deferred, last routine was conducted by Inspector Brodsky (myself) on 3/12/24.

This is a retail pharmacy located in a medical building. PIC Tran and Manager David Kaputikyan are present and assisted with inspection. Currently pharmacy fills about 60 prescriptions per day, mostly new prescriptions from the providers in the building. Pharmacy delivers locally in SF Valley and ship UPS with delivery confirmations through UPS tracking. Pharmacy does not do compounding. Pharmacy has non-sterile compounding room, not in use. Pharmacy does not do immunizations. Pharmacy has licenses in state of Florida and Arizona, but has not provided any medications there per David Kaputikyan.

Pharmacy was purchased from previous owner and started operation on 11/16/23. The software was Datascan when the pharmacy was purchased. Then pharmacy transitioned to DigitalRX completely about January 2024. Spoke to Owner Kaputikyan over the telephone during the inspection and she stated, there was a legal issue with old owner and Datascan due to contracts and Datascan did not release dispensing reports to anyone. According to David Kaputikyan, the Datascan issue is currently resolved.

All records on site, prescriptions and invoices. Discussed with PIC Tran and Manager David Kaputikyan regarding offsite storate (BPC 4333 (c) (1)) Reviewed several books of prescriptions from Datascan starting 11/16/23 and Digital RX prescrptions.
Reviewed Invoices from WLS: MCK , TRXade plaform vendors: IntergralRX, Southpoint, Matrix Distributors, Astor Drugs, Greenhll trading, Oak Drugs, GXP Real Value, products. All invoices filed separately controls vs. legend drug invoices.

Per PIC Tran, the medication return to stock policy is 14 days.

Reviewed: licences, pharmacy clean and orderly, compounding room, pharmacy refrigerator, will call.

License Protection Book by JS, required policies available.

Receipt # 850104 for the items provided.

Discussion/Education:

1. BPC 4231 – CE required for pharmacists to renew their pharmacist license must now include at least one hour of participation in a cultural competency course which meets specified requirements.
2. BPC 4113.1 – Reporting medication errors within 14 days from discovery.
   - Applies to "community pharmacies" – *i.e.,* any pharmacy that dispenses medication to an outpatient (but not including facilities of CDCR).
   - Per the BOP's , the reporting of medication errors under BPC 4113.1 will not be required until the BOP approves an entity to receive the reports.
6. BPC 688 Electronic data transmission prescriptions

To complete the inspection, please submit via email to Inspector Brodsky Anna.Brodsky@dca.ca.gov by September 25, 2024 the following:

1. Please provide in Excel format dispensing history from pharmacy DATASCAN software for dates **11/16/23 through 9/11/24:** Date Filled, Time filled, Rx Number, Dispensing RPH, Drug Name, NDC Drug Strength, QTY, Directions, Day Supply, Refills Authorized, Name of Insurance billed or Cash, Insurance billed amount, Patient last name, Patient first name , Patient DOB, Pt full address, patient phone number, Doctor last name, Doctor first Name, Dr. DEA #.
2. Owner and PIC to provide a written statement explaining situation about DATASCAN database and dispensing report and explain the details of why the pharmacy was not able to provide dispensing reports as requested by the payer.
3. Please provide the list of any/all wholesalers used by the pharmacy from 11/16/23 untill 9/11/24.

RE: Complaint Investigation CI 2024 105598

Dear Alisa Kaputikyan:

The Board of Pharmacy has completed its investigation regarding the complaint against Central Care Pharmacy alleging the pharmacy for various violations of pharmacy law.

As a regulatory agency, when conducting an investigation, the Board must adhere to violations prohibited in pharmacy law. Specifically, the information and documentation obtained during the course of an investigation must clearly demonstrate that a violation of pharmacy law occurred.

The Board's analysis of the information and documentation received did not identify sufficient evidence to determine that a violation of pharmacy law occurred. Accordingly, the Board is closing the matter and will be taking no action against the pharmacy or its licensees.

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

Sincerely,

Anita Von Aesch

Statement of Responsibility

1. I am the President & Manager (title) for divvyMED, LLC, dba divvyDOSE (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Brian Adams hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President & Manager (title) for divvyMED, LLC, dba divvyDOSE (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

To whom it may concern-

The incident that occurred happened on 06/12/2005. I was attending a wedding reception of one of my friends and had a few drinks to celebrate. I stopped the celebration at least an hour prior to leaving with my wife to head home. I was pulled over for speeding and charged with Operating While Intoxicated. My BAC that was drawn was 0.088 and the legal limit in the state of Iowa is 0.08 so I was detained. I completed all required terms of probation and I was given a deferred judgement with the record expunged.

I have attached the court documents pertaining to my deferred judgement which I had to have unsealed to obtain.

The incident that occurred on 02/12/2000, I was at a local bar with my friends when the Iowa City Police Department came in to check IDs for people that were drinking under the legal age. I was around a table with beer on it and was given a citation for possession of alcohol under the legal age, a simple misdemeanor, as I was 20 years old at the time. I promptly paid my fine for the offense.

I have attached the certified court document pertaining to my simple misdemeanor. Please let me know if you have any questions or concerns. Thanks

Defendant.	)	Date: **August 22, 2024**

The file is before the Court upon the request of the defendant dated August 14, 2024, for release of information relating to a deferred judgment. The Court finds that the request should be granted.

Accordingly, IT IS ORDERED that this file shall be unsealed for the sole purpose of the Clerk of Court preparing one or more copies of any orders or other documents from the file requested by the defendant and providing the same to the defendant and/or the defendant's attorney along with a copy of this Order. The file shall then be resealed as previously ordered. Any costs associated with providing copies, certified or otherwise, shall be paid by the defendant in advance of the Clerk providing the copies.

Your Honor-

My name is Andrew Carl Peterson and I am writing this letter to have my court documents from a deferred judgement case from 2005 unsealed. The case number is 06521 OWCR072792.

I am a licensed pharmacist and am applying for licensure in the State of Alaska. As part of the requirements for my application, I need to provide all court documents for this case that includes the final disposition from the court. Please send the requested documents from this case to my email address listed below. If this is not possible, please mail the documents to the address listed below. Thank you for you time and attention to this matter.

My contact information is as follows:

Email: [redacted]

Home address: [redacted] Davenport, IA [redacted]

Phone: [redacted]

Sincerely,

Andrew C. Peterson

The Court has received the Unsupervised Probation Compliance Check prepared by the Department of Correctional Services indicating the defendant has complied with all conditions of probation and advising discharge from probation is appropriate. The State does not resist discharge.

IT IS THEREFORE ORDERED that the above-named defendant is hereby discharged from probation.

IT IS FURTHER ORDERED that the court's criminal record with reference to this deferred judgment shall be expunged.

Bond, if any, is exonerated. Defendant remains liable for any outstanding court costs and or administrative fees.

Clerk to notify.

IN THE IOWA DISTRICT COURT IN AND FOR JOHNSON COUNTY

STATE OF IOWA	)	
	)	
Plaintiff,	)	No. **OWCR072792**
	)	
vs.	)	GUILTY PLEA AT ARRAIGNMENT;
	)	ORDER FOR DEFERRED JUDGMENT
ANDREW CARL PETERSON,	)	
	)	
Defendant.	)	Date: July 28, 2005

FILED

On the 28th day of July, 2005, the defendant appeared in open court for purposes of Arraignment, without counsel. The State of Iowa was represented by Assistant Johnson County Attorney Rachel Zimmermann. The defendant acknowledges receipt of a copy of the Trial Information. The defendant waives formal arraignment thereon, and enters a plea of guilty to the crime of **Operating While Under the Influence,** in violation of Iowa Code Section **321J.2.**

From an examination of the defendant, the Court finds the guilty plea is made voluntarily with the full knowledge of the defendant's constitutional rights and of the penal consequences attendant thereto. The Court further finds there is a factual basis for the charge filed and for the defendant's plea of guilty thereto. The defendant's guilty plea is accepted by the Court and entered of record.

Defendant consents to the entry of immediate judgment and sentence herein.

IT IS THEREFORE THE JUDGMENT OF THE COURT, pursuant to 903.1 of the Iowa Code that the defendant be sentenced as follows:

The Court fully complies with Rule 22 of the Iowa Rules of Criminal Procedure and with Chapter 901 of the Iowa Corrections Code. The defendant states the defendant has no cause to show why sentence should not be imposed. The defendant requests and consents to a deferral of judgment by the Court and placing of the defendant on probation under such terms and conditions as the Court may require. The Court finds entry of a deferred judgment is appropriate in this case. A search of the deferred judgment docket reveals no report of a prior deferred judgment having been granted to the defendant.

Therefore, pronouncement of judgment pursuant to defendant's guilty plea is hereby deferred for **one year**, and the defendant is placed on **Self-supervised Probation** for a period of **one year**. This matter will be reviewed on or about **January 28, 2006**. If all conditions of probation have not been met by this date, revocation of probation will be considered.

Conditions of probation shall include that the defendant:

1. **Have no further law violations.**
2. **Keep the Clerk of Court informed of current address.**
3. **Pay all amounts due as within 120 days. Payment is to be made through the Clerk of Court, Johnson County Courthouse, 417 S. Clinton Street, Iowa City, Iowa 52244.**
4. **Pay the administrative supervision fee in whatever amount is levied by the Department of Correctional Services within the next six months.**
5. **Complete the Kirkwood Community College OWI Weekend Program. Proof of completion of the program must be filed with the Clerk of Court within the next six months.**
6. **Obtain a substance abuse evaluation, complete all recommended treatment, and file proof of completion with the Johnson County Clerk of Court within six months.**

The reasons for and the facts supporting the decision of the Court to defer judgment are as follows:

1. DOB: 11-26-79 SSN: 484-96-3426
2. Absence of any prior criminal record.
3. Absence of the use of violence or a deadly weapon in the commission of this offense.
4. Greater opportunities for rehabilitation outside of a place of incarceration.
5. The nature and circumstances of the offense and defendant's participation therein.
6. Other pertinent facts and circumstances as taken up in the record made.

Defendant's bond, if any, is exonerated. Defendant is assessed with all applicable surcharges. Costs of this action are assessed against the defendant, including court-appointed attorney fees, if any, to the extent defendant is reasonably able to pay. **Public Defender fees are assessed at $50.00, unless a greater amount has been certified.** Court appointed attorney fees are to be assessed pursuant to the contract with the State Public Defender as filed in this case.

Clerk to notify.

Dated this 28th day of July, 2005.

TRIAL RIGHTS

I, Andrew C Peterson, AM CHARGED WITH THE CRIME OF Operating While under the Influence of Alcohol

I understand I do not have to plead guilty to any criminal charges but that, if I do plead guilty, I will give up all of the following rights:

1. The **right** to be presumed innocent.
2. The **right** to a public jury trial. This is where all 12 people on the jury have to agree I am guilty before I can be convicted.
3. The **right** to be represented at all times by a qualified lawyer. I understand if I am financially unable to pay a lawyer, one will be appointed to represent me at public expense throughout all stages of the trial.
4. The **right** to testify on my own behalf if I want to.
5. The **right** not to testify if that's what I choose. I understand no one can make me testify against myself at a trial.
6. The **right** to confront the witnesses who the State calls to testify against me.
7. The **right** either personally or through my lawyer to cross-examine (this means to ask questions to) any witnesses the State calls to testify against me.
8. The **right** to call witnesses to testify for me.
9. The **right** to have the judge order any witnesses who I think will be helpful to me to come to the trial and testify for me.

I understand when I plead guilty, I am **giving up all of these rights.** I understand if I plead not guilty and my case is tried, the State will have to prove any charges by evidence beyond a reasonable doubt. By pleading guilty, I am admitting I am guilty, that there will not be a trial, and I am giving up all my rights to a trial.

_____ Date: 7-28-05
Defendant

RIGHT TO COUNSEL

I understand that I have the right to be represented by an attorney at all stages of the criminal prosecution. I further understand that if I am unable to afford an attorney, I may request that the Court appoint an attorney to represent me at no cost. I understand that if the Court does appoint an attorney to represent me, the cost incurred in providing me with counsel will be assessed against me upon the disposition of my case.

I am aware that there may be defenses to criminal charges that may not be known to non-lawyers. I accept the risk that waiving counsel might result in a defense being overlooked. I know that by pleading guilty now without an attorney, I will be giving up the opportunity to get an independent opinion on whether it is wise to plead guilty, under the facts of my case and the law.

Knowing and understanding the above, I hereby voluntarily waive my right to be represented by an attorney in this proceeding.

ORDER RE: DISCOVERY/ DEPOSITIONS

Date: 6-12-05

A Complaint alleging the commission of an indictable offense(s) against the Defendant has been filed herein. Accordingly:

THE COURT ORDERS the State to provide the Defendant all discoverable materials as allowed by I.R.Cr.P. Rule 2.14(2)(a) at such time as the Defendant may request.

THE COURT FURTHER ORDERS the State to provide the Defendant all discretionary discovery allowed by I.R.Cr.P. Rule 2.14(2)(b) at such time as Defendant may request. This is to include all Brady material and Giglio material that is now in the State's possession or comes into the State's possession during the course of the prosecution.

Upon the Defendant requesting any discretionary discovery under I.R.Cr.P. Rule 2.14(2)(b), THE COURT ORDERS the Defendant to provide the State all reciprocal discovery allowed by I.R.Cr.P. Rule 2.14(3) at such time as the State may request.

This Discovery Order shall be deemed continuing, and both parties shall comply with the provisions of I.R.Cr.P. Rule 2.14(5).

THE COURT FURTHER ORDERS that in the event the Defendant has been determined to be indigent and has Court-appointed counsel, the Court directs the State to pay Defendant's costs of depositions taken in accordance with the provisions of I.R.Cr.P. Rule 2.13(1).

Clerk to notify.

COMMENTS

R/I performed a routine pharmacy inspection of the facility. Pharmacy dispensing muti-med paks nationally. The pharmacy handles controlled substance schedules III through IV no CS II.

Department was not informed of the pharmacy's remodel. R/I conducted an onsite inspection on 6-16-2021. R/I noticed a different pharmacy layout during today's inspection. PIC Peterson to provide details of what was remodeled and when the remodeled occurred.

Pharmacy must ensure ONLY licensed individuals could be present within the pharmacy space. R/I witnessed unlicensed security personel within pharmacy licensed area.

PIC Peterson to provide an email once the updated State of Illinois counseling paperwork has updated address.

PIC Peterson to provide counseling signage within pharmacy designated counseling area.

PIC Peterson to provide pharmacy staff list, including names, and license numbers.

PIC Peterson to provide details regarding pharmacy automation machines.

PIC Peterson to provide an updated community pharmacy self-inspection form, PIC Peterson showed R/I an onsite institutional pharmacy self-inspection form.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)	✓	
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 1 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

May 1, 2003, N. Myrtle Beach, SC (Misdemeanor, Case 200310451).

In May 2003, Mr. Adams was vacationing with friends and attended a gathering where fireworks were set off. Local police issued to those present misdemeanor "littering" tickets. Mr. Adams chose to resolve the matter by paying the modest $285 fine rather than incurring the expense of challenging the ticket in court. No charges related to drugs, alcohol, or other issues were involved.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President + Managing Officer (title) for HomeMed Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Katherine A. Martin hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Indiana-registered P.I.C (title) for HomeMed Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 6 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
03/07/2024	03/07/2024	KY	Frankfort	Franklin
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
23-0545		Kentucky Board of Pharmacy		
Reason/Charge				
Dispensed prescriptions on a lapsed license				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Katherine A. Martin		no		
Name of Business/Industry/Entity				
HomeMed Pharmacy				

Provide explanation below:

The Indiana-based pharmacy for which I am Pharmacist-in-Charge inadvertently allowed our out-of-state license with Kentucky to expire while we were in process of changing the physical location of our business. We thought we had successfully renewed our license in the appropriate timeframe. However, because we missed email correspondence that our location-change application required additional information, we did not realize that it wasn't accepted before it's expiration date. We ended up operating with a lapsed license for 6 business days, during which we continued shipping prescriptions into Kentucky.We notified Kentucky of our error and submitted a full report of all prescriptions we shipped while the license was lapsed. In lieu of filing a formal Complaint and hearing, the Board agreed to address the matter by entering in an Agreed Order. The terms of the Order included paying a fine and completing extra hours of continuing education. The terms of the Order were satisfied, and I will be able to apply to have the record expunged in three years.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

As the undersigned representative of the licensee, I affirm that the information provided during the inspection is true and accurate to the best of my knowledge. I understand that the licensee is responsible for the legal operations of the facility and I am executing this inspection form as, or on behalf of the licensee.

The alleged violator has voluntarily entered into an Opportunity to Correct Plan with the Indiana Professional Licensing Agency (PLA). Pursuant to IC 4-21.5-2.5-7, the alleged violator enters into a written Corrective Plan to correct the alleged violation(s) set forth above before the agency institutes an enforcement action which may include the filing of a Consumer Complaint with the Office of the Indiana Attorney General. Upon notice that the alleged violation(s) has been corrected, this Agency shall re-inspect not more than thirty (30) days after to determine if you have substantially complied with the applicable rule or state statute. If subsequent inspection identifies a failure to address previous violations the facility will "fail" the inspection and additional enforcement actions may be initiated against licensure.

In order to avoid additional enforcement action, the alleged violator must submit the Corrective Plan within five (5) business days after the initial inspection. A plan of corrective action can be either emailed to PLACompliance@pla.in.gov, or mailed to: Indiana Professional Licensing Agency, Attn: Compliance Division, 402 W. Washington St. RM W072, Indianapolis, IN 46204.

Section 3: Discipline

07/06/26

Formal Notification of Disciplinary Action: HomeMed Pharmacy

This letter serves to formally disclose a disciplinary action taken in 2023 by the Kentucky Board of Pharmacy. The action resulted from an administrative oversight that led to the shipment of prescriptions into the state of Kentucky during a seven-day period in which our license had inadvertently lapsed. Detailed information regarding the circumstances and resolution of this matter is provided in the enclosed documentation.

Please be advised that this matter was previously disclosed to your Board during our most recent renewal cycle or an earlier reporting period. We are providing this notification again as the discipline remains on our record and has not yet been expunged.

Agreed Order

Come the parties, the Kentucky Board of Pharmacy ("the Board") and **HomeMed Pharmacy** ("Respondent"), and both having been fully informed regarding the matter set forth herein hereby agree to the entry of this **Agreed Order** to obviate a formal hearing.

Stipulations of Fact

(1) Pursuant to Chapter 315 of the Kentucky Revised Statutes, the Board is authorized to regulate and control all matters related to pharmacies and pharmacists.

(2) Respondent is permitted to operate as an out of state pharmacy in the Commonwealth of Kentucky and was issued permit number IN1257.

(3) Respondent allegedly operated with a lapsed permit from August 25, 2023 to September 1, 2023, during which time two hundred and four (204) prescriptions were shipped into Kentucky from the unpermitted pharmacy.

Stipulated Conclusions of Law

(1) Respondent's license to operate a pharmacy in the Commonwealth is subject to regulation and discipline by the Kentucky Board of Pharmacy.

(2) Based upon the above allegations, the Board may discipline Respondent pursuant to KRS 315.121.

(3) Based on the above allegations, there is probable cause to believe that Respondent violated KRS 315.0351(1)(a); KRS 315.0351(4); and 315.035(5).

(4) In lieu of the filing of a formal Complaint and hearing, the Board and Respondent have agreed to address this matter by entering into this Agreed Order.

Order

(1) Respondent is fined $15,300. The fine is payable on or before January 15, 2024. Respondent's check shall be made payable to the Kentucky State Treasurer and sent to the Kentucky Board of Pharmacy, 125 Holmes Street, Suite 300, Frankfort, KY 40601.

(2) Respondent acknowledges they have read and understand the terms of this Agreed Order and are entering into it freely, willingly, and voluntarily. Respondent further acknowledges that by entering into this Agreed Order, Respondent is freely, voluntarily, and willingly waiving all the due process rights afforded under the U. S. and Kentucky Constitutions, KRS Chapter 315 and the accompanying regulations in regard to disciplinary actions.

(3) By entering this Agreed Order respondent consents to the continuing jurisdiction of the Kentucky Board of Pharmacy and by signing, submits to that jurisdiction.

(4) The above information shall be reported to the National Association of Boards of Pharmacy ("NABP") and is subject to disclosure under the Kentucky Open Records Act.

Statement of Responsibility

1. I am the Pharmacist in Charge (title) for Medstark Rx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10- Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Jessica Riggs hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Owner (title) for Medstork Rx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

AGREED BOARD ORDER #2023-04104

RE: IN THE MATTER OF
MED STORK RX
(PHARMACY LICENSE #33248)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 33248 issued to Med Stork Rx (Respondent), 1413 East Interstate 30, Suite 6, Garland, Texas 75043.

By letter dated December 14, 2023, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 565.001(a)(1), (12) and (13); 565.002(a)(3); 568.002(a) and (d); and 568.003(a)(1) and (7) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2021); and

Sections 291.32(a)(2)(H); 291.32(c)(1)(C) and (E); 295.3; and 297.3(a)(1) and (d) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023), in that allegedly:

COUNTS

(1) On or about November 30, 2022, through on or about March 18, 2023, Michael Brian Burch, while acting as an employee (pharmacy technician) of Med Stork Rx, 1413 East Interstate 30, Suite 6, Garland, Texas 75043, was unlawfully engaged in the duties of a pharmacy technician with a delinquent registration. Mr. Burch's registration became delinquent on November 30, 2022, due to his failure to renew the registration. As evidenced by pharmacy records, Mr. Burch continued to engage in the duties of a pharmacy technician with a delinquent registration during the time period previously described.

On or about March 27, 2023, Mr. Burch renewed his pharmacy technician registration with the Board.

(2) On or about November 30, 2022, through on or about March 18, 2023, Gayla Cheryle Dansby, while acting as an employee (pharmacist-in-charge) of Med Stork Rx, 1413 East Interstate 30, Suite 6, Garland, Texas 75043, failed to properly supervise pharmacy personnel as described above in Count (1).

By letter dated December 14, 2023, Respondent was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or a formal administrative hearing. By signing this Order, Jessica Marie Miranda, Managing Officer,

Medstork Rx, LLC, on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to an informal conference, notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent shall pay an administrative penalty of three thousand dollars ($3,000) due one hundred twenty (120) days after the entry of this Order.

(2) Respondent shall develop and implement policies and procedures for the verification of valid licensure and registration status for pharmacists, pharmacist interns, and pharmacy technicians during the hiring process and on an on-going basis. A written report of such policies and procedures shall be submitted to Board staff within one hundred twenty (120) days after the entry of this Order.

(3) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(4) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2023), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

Signed and entered by the Executive Director on behalf of the Texas State Board of Pharmacy on this 10th day of January, 2024.

Daniel Carroll, Pharm.D.
Executive Director/Secretary
Texas State Board of Pharmacy

APPROVED AS TO FORM AND AGREED TO:

Jessica Marie Miranda, Managing Officer, Medstork Rx, LLC
On behalf of Med Stork Rx

An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and
- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

RE: Med Stork Rx (Texas Pharmacy License #33248)

Dear NV BOP:

On April 6, 2026, the Texas State Board of Pharmacy (TSBP) received a request for information regarding the above-described licensee.

We have enclosed documents responsive to the request.

The Texas State Board of Pharmacy would like to request your assistance in assessing the customer service you received. We appreciate your time and input. Please use https://www.surveymonkey.com/r/WYGCJKS to access the survey.

If you need additional information, please contact Sandra Chatham, Senior Administrative Assistant, at (512) 305-8073.

Sincerely,

Open Records
Texas State Board of Pharmacy

TEXAS STATE BOARD OF PHARMACY

Re:	Med Stork Rx
Address:	1413 East IH 30, Suite 6 Garland, Texas 75043
License No.:	33248
Date Issued:	May 20, 2020
Licensure Status:	Active
Expiration Date:	May 31, 2026
Type of Pharmacy:	Community – Class A
Prior Disciplinary Orders:	Yes

The Texas State Board of Pharmacy maintains records regarding licensure and disciplinary action against a licensee. Med Stork Rx (Texas Pharmacy License #33248) has been subject to disciplinary action by the Texas State Board of Pharmacy (see attached).

Form Completed by:

Eamon D. Briggs
Deputy General Counsel
Texas State Board of Pharmacy

April 7, 2026
Date

The Texas Department of State Health Services, Drugs and Medical Devices Division, Wholesaler Registration, 1100 W. 49th Street, Austin, TX 78756, is responsible for issuing registrations to wholesale drug distributors and drug manufacturers in Texas.

AGREED BOARD ORDER #2023-04104

RE: IN THE MATTER OF
MED STORK RX
(PHARMACY LICENSE #33248)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 33248 issued to Med Stork Rx (Respondent), 1413 East Interstate 30, Suite 6, Garland, Texas 75043.

By letter dated December 14, 2023, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

> Sections 565.001(a)(1), (12) and (13); 565.002(a)(3); 568.002(a) and (d); and 568.003(a)(1) and (7) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2021); and
>
> Sections 291.32(a)(2)(H); 291.32(c)(1)(C) and (E); 295.3; and 297.3(a)(1) and (d) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023), in that allegedly:

COUNTS

(1) On or about November 30, 2022, through on or about March 18, 2023, Michael Brian Burch, while acting as an employee (pharmacy technician) of Med Stork Rx, 1413 East Interstate 30, Suite 6, Garland, Texas 75043, was unlawfully engaged in the duties of a pharmacy technician with a delinquent registration. Mr. Burch's registration became delinquent on November 30, 2022, due to his failure to renew the registration. As evidenced by pharmacy records, Mr. Burch continued to engage in the duties of a pharmacy technician with a delinquent registration during the time period previously described.

On or about March 27, 2023, Mr. Burch renewed his pharmacy technician registration with the Board.

(2) On or about November 30, 2022, through on or about March 18, 2023, Gayla Cheryle Dansby, while acting as an employee (pharmacist-in-charge) of Med Stork Rx, 1413 East Interstate 30, Suite 6, Garland, Texas 75043, failed to properly supervise pharmacy personnel as described above in Count (1).

By letter dated December 14, 2023, Respondent was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or a formal administrative hearing. By signing this Order, Jessica Marie Miranda, Managing Officer,

Medstork Rx, LLC, on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to an informal conference, notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent shall pay an administrative penalty of three thousand dollars ($3,000) due one hundred twenty (120) days after the entry of this Order.

(2) Respondent shall develop and implement policies and procedures for the verification of valid licensure and registration status for pharmacists, pharmacist interns, and pharmacy technicians during the hiring process and on an on-going basis. A written report of such policies and procedures shall be submitted to Board staff within one hundred twenty (120) days after the entry of this Order.

(3) Respondent shall be responsible for all costs relating to compliance with the requirements of this Order.

(4) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2023), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2023).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

Signed and entered by the Executive Director on behalf of the Texas State Board of Pharmacy on this 10th day of January, 2024.

Daniel Carroll, Pharm.D.
Executive Director/Secretary
Texas State Board of Pharmacy

Acknowledgment

This is to acknowledge that Texas State Board of Pharmacy Agent has presented official credentials and this Notice of Inspection citing Sections 554.001, 556.001, 556.051-556.054, and 556.101 of the Texas Pharmacy Act which authorizes an inspection of the above described facility. By my signature, I hereby acknowledge receipt of this Notice of Inspection and certify that:

1. I have read the Notice of Inspection and understand its contents and purpose;
2. I have the authority to act in this matter and have signed this Notice of Inspection pursuant to my authority;
3. I have had the purpose of the entry into the above-described facility by the Boards agent stated to me; and
4. I have consented to an inspection of the above-described facility voluntarily and without any manner of threats.

Joel Joseph John PIC 67862

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Chief Operating Officer (title) for Neighborhood LTC Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Marissa McMahon hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Chief Operating Officer (title) for Neighborhood LTC Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

- Your license must be available for inspections during business hours.
- Permit holder(s) must display permit in the location to which it is issued.
- Please note it is your responsibility to keep this license/permit current.

Important Information

LICENSE HOLDER (pharmacist, intern, technician, technician-trainee)

- Holder of this license number, printed above, is authorized in accordance with A.A.C. R4-23-201(A), A.A.C. R4-23-301(A) or A.A.C R4-23-1101(A), to perform the duties associated within their profession. By holding this license, the licensee agrees to comply with state & federal law.
- You are required by law to notify the Board of any home address and/or employment change within 10 business days

PERMIT HOLDER (pharmacy, non-prescription retailer (OTC), wholesale, manufacture, CMG, DME)

- Holder of this permit number, printed above, is authorized to conduct business according to the classification specified in A.R.S. § 32-1908(A); A.A.C. R4-23-601 and A.A.C. R4-23-607. By holding this permit, the permittee agrees to comply with state & federal law
- In-state pharmacy, wholesaler & manufacture permit holder(s) who plan to remodel or move locations, must submit a change-of-location/remodel form within 30 days prior to move/remodel. In-state non-prescription (OTC), compressed medical gas (CMG) & DME providers who plan to move locations must notify the board within 10 business days of move.
- Out-of-State permit holders must notify the Board of location changes, in writing, within 10 business days of move. A revised copy of your state permit shall be submitted to the Board, when available.
- Permits are non-transferable. Ownership changes of more than 30% require that a new application be submitted to the Board.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Sole Officer (title) for Costanoa Health Systems, LLC dba PhilRx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding.

Affidavit for Pharmacy License

I, Deepak Tony Thomas hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Sole Officer (title) for Costanoa Health Systems, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 8: Arrests, Detentions, Litigations, Arbitrations.		Yes	No
1.	Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2.	If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3.	Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4.	Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7.	Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10.	Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I, Robert Andrew Pfleging, **certify that as the designated representative for**

Costanoa Health Systems, LLC,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. RP I am at least 21 years of age;
3. RP I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. RP I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. RP I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. RP I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. RP I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Virgil A. Valdes (title) for Restore Pharma LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies - MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Virgil A. Valdes hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Manager (title) for Restore Pharma LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Board of Pharmacy Disclosure Statement

(Non-Resident Licensure Application)

To the Members of the Board of Pharmacy,

I respectfully submit this statement in connection with my application for non-resident licensure to provide context regarding a **historical regulatory matter that occurred more than fifteen (15) years ago**, early in my professional career.

At that time, an issue related to pharmacy operations and regulatory compliance was identified by a Board of Pharmacy. Upon notification, I cooperated fully with the Board's review, complied with all directives, and successfully completed all requirements necessary to resolve the matter. The issue was fully adjudicated and closed, with no ongoing conditions or restrictions.

Immediately following resolution, corrective actions were implemented to ensure full compliance with applicable pharmacy laws and regulations. These measures included enhanced operational oversight, strengthened documentation and procedural controls, and a reinforced focus on regulatory adherence. Since that time, I have maintained an **uninterrupted record of compliance**, active licensure, and good standing across all jurisdictions in which I have practiced.

Over the past 15+ years, I have practiced pharmacy without recurrence of similar issues and have held positions of professional responsibility, including Pharmacist-in-Charge. I have successfully completed inspections, audits, and licensure renewals, and I remain committed to patient safety, professional accountability, and strict regulatory compliance.

This matter is remote in time, fully resolved, and not reflective of my current professional conduct, judgment, or standards of practice. I submit this disclosure in good faith and with full transparency, and I respectfully request that it be reviewed in the context of my longstanding record of compliant and ethical pharmacy practice.

Please do not hesitate to contact me should the Board require any additional information.

Respectfully submitted,

Steve Caddick, PharmD

Controlled substance inventory taken on a biennial basis and available for inspection. [893.07(1)(a), F.S.] [21CFR1304.11]	N/A
DEA 222 forms properly completed or records of CSOS orders electronically completed, linked to the original order, archived and retrievable. [893.07(2), F.S.] [21CFR 1305.13(e)] [21CFR1305.22(g)]	N/A
Controlled substance records and prescription information in computer system are retrievable and maintained for 4 years. [465.022(12)(a), F.S.] [64B16-28.140, F.A.C.] [21CFR1306.22] [21CFR1304.04]	N/A
Pharmacy is reporting to law enforcement any instance of fraudulent prescriptions within 24 hours or close of business on next business day of learning of instance. Reports include all required information. [465.015(3), F.S.]	N/A
Record of theft or significant loss of all controlled substances is being maintained and reported to the sheriff and board within 24 hours of discovery. [893.07(5)(b), F.S.] [465.022(11)(b), F.A.C.]	N/A
Pharmacy is reporting to the PDMP within 24 hours of dispensing controlled substance. [893.055(4)(3)(a), F.S.]	Yes

Pharmacy Ships Medicinal Drugs to Patients [64B16-28.10801, F.A.C]

Pharmacy has policies and procedures in place to provide instructions to the patient on reporting concerns with delivery and storage of medicinal drugs.	Yes
Pharmacy has policies and procedures in place to ensure that medicinal drugs are not adulterated at the time of receipt by the patient or their agent.	Yes

Automated Pharmacy System [465.0235, F.S.]

Pharmacy maintains a record of the medicinal drugs dispensed, including the identity of the pharmacist responsible for verifying the accuracy of the dosage and directions and providing patient counseling.	
Pharmacy maintains written policies and procedures to ensure the proper, safe, and secure functioning of the automated pharmacy system for a minimum of 4 years.	

Pharmacy engages in Centralized Prescription Filling [64B16-28.450, F.A.C.]

INV359 - Community Requirements

Insp # 207881

Restore Pharma, LLC

File # 29795

Pharmacies have the same owner or have a written contract specifying the services to be provided by each pharmacy.	
The central fill pharmacy is identified by name and address or a by a code available at the originating pharmacy.	
Current P&P Manual available for inspection designating at minimum: types of medications that may be filled, procedures for communicating orders, procedures for securely transporting the filled prescriptions.	
If a controlled substance, the word "central fill" appears on the face of the original prescription.	
The originating pharmacy keeps a record of receipt of the filled prescription, including the date of receipt, mathod of delivery and the name of the originating pharmacy's employee accepting delivery.	

Internet Pharmacy

A toll-free telephone number is provided to facilitate communication between patients in this state and a pharmacist at the pharmacy who has access to the patient's records. [465.0197 (3)(e), F.S.]	
Toll-free number is disclosed on the label affixed to each container of dispensed medicinal drugs. [465.0197(3)(e), F.S.]	
Documentation of a valid, unexpired pharmacy license, permit or registration in the state in which the dispensing facility is located and from which the medicinal drugs shall be dispensed. [465.0197(3)(a) F.S]	

HIV Infection Prevention Drugs

Pharmacists are screening, ordering or dispensing HIV postexposure prophylaxis drugs under a written Collaborative Practice Agreement. [465.1861, F.S.]	
An access-to-care plan has been submitted to the board office and is in place to assist patients in gaining access to appropriate care settings when they present to a pharmacist for HIV screening and indicate that they lack regular access to primary care. [465.1861, F.S.]	

Remarks:

Routine change of location inspection completed with Stephen Matthew Caddick. Pharmacy will begin operation once DEA license is acquired and pharmacy operating at this current location will cease operation. Operating requirements met.

I have read and have had this inspection report and the laws and regulations concerned herein explained, and do affirm that the information given herein is true and correct to the best of my knowledge.

Section 8: Arrests, Detentions, Litigations, Arbitrations	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 8: Arrests, Detentions, Litigations, Arbitrations	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Statement of Responsibility

1. I am the CEO (title) for Senderra Rx Partners, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Will Howard hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the CEO (title) for Senderra Rx Partners, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the President (title) for THERAGENIX PHARMACY INC. (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, John Leighton hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the President (title) for THERAGENIX PHARMACY INC. (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

2	A pharmacy shall store Schedules II through V controlled substances in a securely locked and substantially constructed cabinet, or similarly secured storage area, or dispersed throughout the stock of Schedule VI controlled substances and in such a manner as to obstruct theft and diversion. *247 CMR 9.21 (2)*	Yes	CIII-V dispersed CII lock in safe
3	A pharmacy shall maintain a centrally monitored security system that is able to detect a breach in security and is designed to prevent theft. A pharmacy shall activate the security system when the pharmacy is closed. *247 CMR 9.21 (3)*	Yes	ADT
4	A pharmacy shall maintain surveillance cameras in a manner designed to record theft and diversion of controlled substances. A pharmacy shall retain video records for at least 14 days or, in the case of known or suspected theft or diversion, at least two years. *247 CMR 9.21 (4)*	Yes	
5	A pharmacy shall be secured by a floor to ceiling barrier, securely locked and separately alarmed at all times when the pharmacy is closed. *247 CMR 9.21 (5)*	Yes	the pharmacy is within a building that has 24/7 security guard on site
6	The pharmacist Manager of Record and the pharmacist on duty are responsible for pharmacy security and shall control access to the prescription area. They are also responsible for the proper preservation, storage, and security of all controlled substances in the pharmacy. They shall be on the pharmacy premises at all times the pharmacy is open for business and shall be present at all times non-pharmacist personnel have unrestricted access to the pharmacy. They shall limit access to all pharmacy areas to authorized personnel only. *247 CMR 9.21 (6); 247 CMR 9.01 (8); 247 CMR 9.19 (16) (a); 247 CMR 9.19 (16) (b) (ii); 247 CMR 9.19 (16) (b) (iv)*	Yes	Controlled Keys, Limited Access
7	All drug order deliveries containing controlled substances shall be delivered directly to the pharmacy. *247 CMR 9.21 (7)*	Yes	
B	**Display**		
8	A pharmacy in Massachusetts shall conspicuously display within the pharmacy the pharmacy's Massachusetts Drug Store pharmacy license, any other pharmacy license(s) issued by the Board, as applicable, the pharmacy's Massachusetts controlled substance registration; and the pharmacy's U.S. Drug Enforcement Administration registration. *247 CMR 9.19 (8) (a) thru (d)*	Yes	
9	The hours of operation shall be prominently posted at all consumer entrances to the pharmacy and, in the case of a pharmacy located within a retail establishment, the hours shall also be posted at all consumer entrances to the retail store and at the pharmacy. If the hours of operation of a pharmacy located within another retail establishment are different from those of the retail establishment, all advertising referring to the pharmacy shall clearly specify the pharmacy's hours of operation. *247 CMR 9.19 (14) (a) and (b)*	Yes	at entry door
10	A pharmacy shall have a sign affixed to each customer entrance that is easily observable from the outside and clearly identifies the presence of a pharmacy. *247 CMR 9.19 (10)*	Yes	at egress door and hall

Item #	Requirements	Yes/No/N/A	Comment / Observation
B	**Display**		
11	A pharmacy shall conspicuously display, in legible letters **not less than one inch high**, over, on, or adjacent to the main entrance of the pharmacy, the name of the Manager of Record. *247 CMR 9.19 (11)*	Yes	At entry door
12	A pharmacy shall have a designated patient consultation area, with signage stating, "Patient Consultation Area," designed to provide adequate privacy for confidential visual and auditory patient counseling. The private consultation area shall be accessible by a patient from the outside of the prescription dispensing area without having to traverse a stockroom or the prescription dispensing area. *247 CMR 9.18 (6)*	N/A	Waiver
13	A pharmacy shall post sign **of not less than 11 inches in height by 14 inches in width** in a conspicuous place, adjacent to each area where prescriptions are dispensed, for the purpose of informing customers of their right to counseling by a pharmacist. Said sign shall read, in letters **not less than ½ inch** in height: "Dear patients, you have the right to know about the proper use of your medication and its effects. If you need more information, please ask the pharmacist." *247 CMR 9.18 (7)*	N/A	waiver
14	A Massachusetts-located pharmacy may not engage in any **sterile compounding** unless it holds a drug store pharmacy license and a sterile compounding pharmacy license. *247 CMR 6.02 (2) (a)*	N/A	No Sterile Compounding License
15	A Massachusetts-located pharmacy may not engage in any **complex non-sterile compounding** unless it holds a drug store pharmacy license and a complex non-sterile compounding pharmacy license. *247 CMR 6.02 (3)*	N/A	waiver
C	**Pharmacist Manager of Record**		
16	A pharmacy shall designate a Manager of Record who is licensed as a pharmacist in Massachusetts. *247 CMR 9.23 (1)*	Yes	Currently John Leighton
17	A Manager of Record is responsible for the operation of the pharmacy and ensuring compliance with all state and federal laws and regulations governing the practice of pharmacy, the **proper maintenance of records** as required by all state and federal laws and regulations, planning and maintaining **adequate staffing** that promotes patient safety, and enforcement of policies and procedures which maintain the standards of professional practice. *247 CMR 9.23 (2) (a) thru (d)*	Yes	
18	A Manager of Record of a retail drug store pharmacy may not be the Manager of Record of more than one pharmacy at a time. *247 CMR 9.23 (3)*	Yes	
19	A Manager of Record shall work an average of **at least 30 hours per week** at the pharmacy they manage. *247 CMR 9.23 (4)*	Yes	
20	A pharmacy located in Massachusetts shall notify the Board **within 14 calendar days** of the resignation, or termination, or change of its Manager of Record. An application for change of Manager of Record shall satisfy this requirement. *247 CMR 6.10 (1); 247 CMR 20.05 (1); 247 CMR 20.05 (3)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
C	**Pharmacist Manager of Record**		
21	**Extended Absence of a Manager of Record** The pharmacy shall appoint a Board-licensed pharmacist Interim Manager prior to any planned absence of the Manager of Record that is expected to last **30 days or longer**. The Interim Manager is expected to fulfill the duties of the MOR in their absence. The pharmacy shall appoint a Board-licensed pharmacist Interim Manager **within five days** of any unplanned absence of the Manager of Record that is likely to last **30 days or longer**. Prior to their absence, a Manager of Record shall perform a controlled substances inventory that is signed by the Manager of Record and the Interim Manager. If the Manager of Record is unexpectedly not available, another licensed pharmacist shall perform the controlled substances inventory. In the event a Manager of Record is away from their position for **100 days or more**, the pharmacy shall submit an application for a change of Manager of Record. *247 CMR 9.23 (5) (a) thru (d); Board Policy No. 2022-02*	Yes	
22	**Supervisory Ratios** A pharmacist utilizing pharmacy interns, certified pharmacy technicians, pharmacy technicians, and pharmacy technician trainees to assist in filling prescriptions shall comply with the following supervisory ratios: One pharmacist for a maximum of four support personnel, provided: • one is a pharmacy intern and at least one is a certified pharmacy technician; or • at least two are certified pharmacy technicians; or • two are pharmacy interns One pharmacist for a maximum of three support personnel, provided that one is a pharmacy intern or at least one is a certified pharmacy technician. Cashiers, messengers, delivery personnel, secretaries, and any other persons who do not fall within the definitions of a pharmacy intern, certified pharmacy technician, pharmacy technician, or pharmacy technician trainee shall not be included for purposes of determining the ratios as long as such persons are not supporting the pharmacist in any professional capacity. *247 CMR 8.06 (3); Board Policy No. 2024-03*	Yes	
23	Licensed Pharmacists on duty shall ensure compliance with supervisory ratios in accordance with 247 CMR 8.06; report problems with sanitary conditions or repair to Manager of Record, be familiar with applicable Board approved audit tool(s), and have access to all pharmacy records and be able to provide requested records to Board investigators. *247 CMR 9.19 (16) (b) (i), (iii), (v), and (vi)*	Yes	
24	A pharmacy shall maintain written policies and procedures regarding the operation of the pharmacy during the temporary absence of a pharmacist. *247 CMR 9.19 (17) (e)*	Yes	
25	A pharmacy shall perform a self-inspection **within seven days** of any renovation, expansion, relocation, or change of Manager of Record, and at least **one time per year**, utilizing a Board-approved inspection tool for routine compliance, sterile compounding, and non-sterile compounding, as applicable. The pharmacy shall retain the completed self-inspection tool for at least two years. *247 CMR 9.19 (21)*	Yes	6/22/2026 for new store inspection
26	A pharmacy shall maintain a written continuity of care plan that describes the manner in which patient needs will be met in the event the pharmacy is unexpectedly unable to provide pharmacy services. The pharmacy shall notify the Board if pharmacy operations are unexpectedly suspended for more than 24 hours. *247 CMR 9.19 (15)*	Yes	Policy TRX O-007

Item #	Requirements	Yes/No/N/A	Comment / Observation
C	**Pharmacist Manager of Record**		
27	A licensee may not practice in a pharmacy for more than 12 hours in a 24-hour period without completing an eight consecutive hour rest period prior to resuming work in a pharmacy. In the event of an extenuating circumstance, a licensee may exceed 12 hours in order to act in the best interest of the patient, provided the time in excess of 12 hours is minimized and the licensee documents the extenuating circumstance. *247 CMR 9.01 (17)*	Yes	
28	A Manager of Record of a pharmacy shall report to the Board any improper dispensing of a prescription drug that results in serious injury or death **within seven business days** of discovery of serious injury or death related to the improper dispensing. *247 CMR 20.02 (1)*	Yes	
29	A Manager of Record of a pharmacy, shall report any serious adverse drug event that occurs as a result of a patient's interaction with any drug or pharmaceutical manufactured, produced, or compounded at the pharmacy, to: the Board, the Federal Food and Drug Administration MedWatch Program, and the Betsy Lehman Center for Patient Safety and Medical Error Reduction. A Manager of Record shall report a serious adverse drug event within **seven business days** of the knowledge of the serious adverse drug event by any pharmacy employee. *247 CMR 20.02 (2) (a) thru (c)*	Yes	Policy TRX N-002
30	The duty to report to the Board improper dispensing of a prescription drug that results in serious injury or death or a serious adverse drug event shall be in addition to the Continuous Quality Improvement (CQI) Program requirements of 247 CMR 15.00. *247 CMR 20.02 (3)*	Yes	Policy TRX N-002
31	A pharmacy shall retain all records relating to the improper dispensing of a prescription drug that results in serious injury or death and all records relating to serious adverse drug events for a minimum period of five years from the date the report is filed with the Board. The records shall be readily retrievable. *247 CMR 20.02 (4)*	Yes	Policy TRX N-002
D	**Licensure, Registration, Certification, Training of Pharmacy Staff**		
32	A licensee shall practice pharmacy within the scope of their education, training and experience and within the recognized licensee scope of practice. *247 CMR 9.01 (4); Board Policy 2020-15 Scope of Practice*	Yes	Policy TRX H-001
33	No individual may serve as a pharmacy intern, certified pharmacy technician, pharmacy technician or pharmacy technician trainee without holding a valid license (PI, PT or PTT) from the Board. *247 CMR 8.01 (6); 247 CMR 8.02 (1); 247 CMR 8.03 (1); 247 CMR 8.04 (1)*	Yes	
34	A pharmacy intern shall wear a name tag which indicates the intern's name and the words "Pharmacy Intern" and adhere to the regulations and board policies associated with pharmacy interns. *247 CMR 8.01 (14); 247 CMR 8.01*	Yes	
35	A certified pharmacy technician shall wear a name tag with the individual's first name and the title "Certified Pharmacy Technician" and adhere to the regulations and board policies associated with certified Pharmacy technicians. *247 CMR 8.04 (4) (a); 247 CMR 8.04;*	Yes	
36	A pharmacy technician shall wear a name tag which indicates the individual's first name and the title "Pharmacy Technician" and adhere to the regulations and board policies associated with pharmacy technicians. *247 CMR 8.02 (6) (a); 247 CMR 8.02;*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
D	**Licensure, Registration, Certification, Training of Pharmacy Staff**		
37	A pharmacy technician trainee shall wear a name tag with the individual's first name and the title "Pharmacy Technician Trainee" and adhere to the regulations and board policies associated with pharmacy technician trainees. *247 CMR 8.03 (4) (a); 247 CMR 8.03*	Yes	
38	Limitation on Period of Employment as a Pharmacy Technician Trainee. An individual may not work as a pharmacy technician trainee for more than 1500 hours or for more than one year, whichever period is shorter, unless the Board grants an extension; the individual has not yet reached 18 years of age; or the individual has not yet completed at least 500 hours of employment as a pharmacy technician trainee. An individual who has worked as a pharmacy technician trainee for more than 1500 hours or for more than one year prior to his or her 18th birthday shall submit an application for a pharmacy technician license within 30 days of his or her 18th birthday. *247 CMR 8.03 (5) (a) thru (c)*	Yes	
39	A pharmacist may train a pharmacy technician or pharmacy technician trainee through an on-the-job training program, in accordance with 247 CMR 8.00. All such training programs shall comply with written guidelines formulated by the pharmacy in a manner consistent with professional, ethical, and legal standards of proper pharmacy practice. Copies of training program guidelines shall be provided to the Board on request. *247 CMR 8.06 (2)*	Yes	
E	**Controlled Substance Management**		
40	A pharmacy shall post on the wall or maintain in a readily retrievable location current power of attorney (POA) forms required for DEA 222 forms, as applicable. A registrant may authorize one or more individuals, whether or not located at his or her registered location, to issue orders for Schedule II controlled substances on the registrant's behalf by executing a power of attorney for each such individual, if the power of attorney is retained in the files with executed Forms 222 where applicable, for the same period as any order bearing the signature of the attorney. The power of attorney must be available for inspection together with other order records. *247 CMR 9.19 (8) (b); 247 CMR 9.01 (1); 21 CFR 1305.05 (a)*	Yes	currently only owner will order Sch II's
41	A pharmacy and pharmacist shall maintain a perpetual inventory of each controlled substance in Schedule II which the pharmacy has received, dispensed, or disposed of. The perpetual inventory may be in a hard copy, written format or in an electronic format. The perpetual inventory shall reflect the amount of each Schedule II controlled substance that is located on the pharmacy premises. *247 CMR 9.21 (8) (a)*	Yes	
42	The perpetual inventory record shall include the names and strengths of each Schedule II control substance, quantity of each drug purchased or added to inventory, starting inventory, prescription numbers, dispensed quantity, remaining balance, and pharmacist identification for each transaction. *247 CMR 9.21 (8) (b)*	Yes	
43	A pharmacy shall reconcile the perpetual inventory for each Schedule II controlled substance **at least once every ten days** by performing an accurate physical count of inventory on hand and comparing that number with the perpetual inventory. The Manager of Record shall investigate any discrepancy and report any significant loss or suspected theft in accordance with federal and state requirements. *247 CMR 9.21 (8) (c)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
E	**Controlled Substance Management**		
44	A pharmacy shall require any inventory adjustment resulting from a discrepancy be performed only by the pharmacist Manager of Record. In the absence of the Manager of Record, a pharmacist designee may make the changes and report to the Manager of Record. *247 CMR 9.21 (8) (d)*	Yes	
45	An unlicensed individual may not make any entry into or adjust the perpetual inventory. *247 CMR 9.21 (8) (e)*	Yes	
46	**General/Initial/Biennial Inventory** Each inventory shall contain a complete and accurate record of all controlled substances on hand on the date the inventory is taken, and shall be maintained in written, typewritten, or printed form at the registered location, the inventory may be taken either as of opening or as of the close of business on the inventory date and it shall be indicated on the inventory. An inventory shall be conducted upon initial receipt of controlled substances and at least every 2 years. *247 CMR 9.01 (1); 21 CFR 1304.11(a) thru (c)*	Yes	
47	Each DEA Form 222 must be signed and dated by a person authorized to sign an application for registration or a person granted power of attorney to sign a Form 222 under §1305.05. The name of the purchaser, if different from the individual signing the DEA Form 222, must also be inserted in the signature space. *247 CMR 9.01 (1); 21 CFR 1305.12 (d)*	Yes	
48	The purchaser must record on its copy of the DEA Form 222 the number of commercial or bulk containers furnished on each item and the dates on which the containers are received by the purchaser. *247 CMR 9.01 (1); 21 CFR 1305.13 (e)*	Yes	
49	**CSOS** When a purchaser receives a shipment, the purchaser must create a record of the quantity of each item received and the date received. The record must be electronically linked to the original order and archived. *247 CMR 9.01 (1)); 21 CFR 1305.22 (g)*	Yes	
50	The date on which the controlled substances are actually received shall be used as the date of receipt (e.g., invoices or packing slips). *247 CMR 9.01 (1); 21 CFR 1304.21 (d)*	Yes	
51	A pharmacy shall maintain an accurate record of all controlled substances returned to a reverse distributor or disposed of in accordance with state and federal laws and regulations, including proper DEA forms in the case of Schedule II controlled substances. *247 CMR 9.21 (9)*	Yes	
52	Each requirement of 247 CMR 9.21 shall apply to controlled substances that are expired, quarantined, or pending reverse distribution. *247 CMR 9.21 (10)*	Yes	
53	Accountability for and security of Schedule II controlled substances shall be the direct responsibility of the pharmacist if/when pharmacy technicians are involved in handling. *247 CMR 8.05 (1)*	Yes	Pharmacist only

Item #	Requirements	Yes/No/N/A	Comment / Observation
E	**Controlled Substance Management**		
54	Under the supervision of a pharmacist a pharmacy technician may assist in the transporting of Schedule II controlled substances, and certified pharmacy technician's may assist in the transporting and handling of Schedule II controlled substances, provided, the pharmacist has approved the certified pharmacy technician or pharmacy technician to assist the pharmacist in the handling or transporting of Schedule II controlled substances, in accordance with 247 CMR 8.05(2) and as evidenced by written policies and procedures to be followed in the pharmacy. Such policies and procedures shall be made available to the Board on request. *247 CMR 8.05 (2) (a) and (b)*	Yes	
55	A certified pharmacy technician, pharmacy technician, or pharmacy technician trainee may not handle any hydrocodone-only extended-release medication that is not in an abuse deterrent form. Pharmacy interns under the direct supervision of a registered pharmacist may handle hydrocodone-only extended-release medication that is not in an abuse deterrent formulation. *247 CMR 8.05 (3)*	Yes	
56	A licensee shall adhere to 105 CMR 721.000 when dispensing a controlled substance in Schedule II in an emergency situation. *247 CMR 9.04 (6)*	Yes	
57	A pharmacist who dispenses prescriptions that are reported to the Massachusetts Prescription Monitoring Program (known as PMP or MassPAT) shall register with and maintain login information for the electronic system to monitor the prescribing and dispensing of controlled substances as authorized by M.G.L. c. 94C, § 24A. *247 CMR 9.15 (1)*	Yes	
58	A Drug Store pharmacy, sterile compounding pharmacy, complex non-sterile compounding pharmacy, and nuclear pharmacy located in Massachusetts shall report a theft or loss of a significant amount of controlled substances by submitting to the Board a copy of "Report of Theft or Loss of Controlled Substance" and (DEA Form 106) **within seven days** of such theft or significant loss and, where applicable, shall comply with the reporting requirements of the DEA, the Department and the state and local police. *247 CMR 20.03 (7)*	Yes	
59	Every pharmacy licensed by the Board that dispenses controlled substances in Schedules II thorough V pursuant to a prescription shall, in accordance with standards established by the Department, transmit to the Department or its agent, required information for each prescription, in accordance with Prescription Monitoring Program reporting requirements (105 CMR 700.012). *247 CMR 20.04 (1)*	Yes	
60	Since all areas of Massachusetts experience high incidences of opioid-related overdoses or deaths, Massachusetts pharmacies are required to stock naloxone in accordance with M.G.L. c. 94C, § 19C. Pharmacies must maintain a continuous, sufficient supply of naloxone to meet the needs of the community. *247 CMR 9.06 (2) (a) and (b), Policy 2024-01: Naloxone Dispensing.*	Yes	
61	A pharmacy that dispenses a naloxone rescue kit or other approved opioid antagonist shall provide counseling and the "opioid antagonist information pamphlet" at the time of dispensing. *247 CMR 9.06 (3)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
E	**Controlled Substance Management**		
62	A pharmacy that does not have a naloxone rescue kit or other approved opioid antagonist readily available for dispensing at the time requested shall refer the requestor to the nearest location that has a naloxone rescue kit or other approved opioid antagonist readily available. *247 CMR 9.06 (4)*	Yes	
F	**Equipment, Facility, and Drug Storage**		
63	Drug Store pharmacies shall have a prescription area that is at least **325 square feet**. *247 CMR 9.19 (2)*	Yes	
64	The prescription area shall provide for the arrangement and storage of drugs, supplies, and equipment in a manner that is calculated to prevent accidental misuse, cross contamination, and error. *247 CMR 9.19 (4)*	Yes	
65	A pharmacy shall store medications in the manufacturer's stock bottles or in other stock containers that are clearly labeled with the product name, strength or concentration, NDC number, manufacturer or supplier, lot number, assigned expiration date, and date that the medication was transferred out of its original stock bottle. *247 CMR 9.19 (5)*	Yes	
66	A pharmacy shall be clean and sanitary and in good repair at all times. *247 CMR 9.19 (6)*	Yes	
67	Pharmacy equipment shall be clean and sanitary and in good repair at all times. *247 CMR 9.19 (7)*	Yes	
68	A pharmacy shall store and dispose of waste in a sanitary and timely manner. *247 CMR 9.19 (19)*	Yes	
69	A balance capable of accurately weighing quantities as small as 10 milligrams, which shall be tested and sealed by the state or local sealer of weights and measures **at least once each calendar year**. All new balances shall have "legal for trade" designation. *247 CMR 9.19 (1) (e)*	N/A	Waiver
70	The pharmacy shall maintain equipment, supplies, and medications necessary to conduct the practice of pharmacy in accordance with the usual needs of the community and scope of practice of the pharmacy. *247 CMR 9.19 (1) (f)*	N/A	Waiver
71	A potable water supply in or near the prescription area is available in order to wash hands and equipment. The sink shall have hot and cold water, soap or detergent, and single use towels. *247 CMR 9.19 (1) (i)*	Yes	
72	Policies and procedures are available to ensure supplies, tools, utensils, and equipment are used and maintained in a manner that avoids cross contamination and ensures proper functioning. *247 CMR 9.19 (1) (h)*	Yes	
G	**Proper Storage of Refrigerated and Frozen Medications**		
73	A pharmacy shall maintain policies and procedures to ensure proper refrigeration equipment is available, of adequate size, and utilized to maintain proper refrigeration and freezer temperatures. The policies and procedures shall include a protocol to respond to any out-of-range temperature, including an assessment of the integrity of the medication. *247 CMR 9.22 (1); Board Policy 2020-05: Proper Storage of Refrigerated and Frozen Medications*	Yes	1 x double door refigerator

Item #	Requirements	Yes/No/N/A	Comment / Observation
G	**Proper Storage of Refrigerated and Frozen Medications**		
74	A pharmacy shall utilize a combination refrigerator / freezer or a standalone refrigerator or standalone freezer. Freezer units shall be frost-free with an automatic defrost cycle, unless otherwise approved by the Board. A pharmacy may not utilize an appliance that contains a freezer compartment within the refrigerator space, such as a dorm-style refrigerator. *247 CMR 9.22 (2); Board Policy 2020-05: Proper Storage of Refrigerated and Frozen Medications*	Yes	
75	A pharmacy shall measure and maintain refrigerator and freezer temperatures in accordance with Board guidance. *247 CMR 9.22 (3); Board Policy 2020-05: Proper Storage of Refrigerated and Frozen Medications*	Yes	Temp stick continuous monitor with alerts
76	A pharmacy shall maintain temperature logs to clearly identify out of range temperatures and shall document actions taken in response to an out-of-range temperature. A pharmacy shall maintain records for at least one year. *247 CMR 9.22 (4); Board Policy 2020-05: Proper Storage of Refrigerated and Frozen Medications*	Yes	
77	A pharmacy may not store any food or beverage in a refrigerator or freezer used to store medications. *247 CMR 9.22 (5); Board Policy 2020-05: Proper Storage of Refrigerated and Frozen Medications*	Yes	
H	**Non-Sterile Compounding**		
78	Unless otherwise regulated by the Board, a licensee shall adhere to the most current standards established by each chapter of the United States Pharmacopeia (USP). *247 CMR 9.01 (3); Board Policy 2023-07: Non-Sterile Compounding*	N/A	Waiver
79	The pharmacy has a designated compounding area for simple and moderate non-sterile compounding. *247 CMR 9.19 (1) (j); Board Policy 2023-07: Non-Sterile Compounding*	N/A	
80	The pharmacy has the equipment necessary to perform simple and moderate non-sterile compounding. *247 CMR 9.19 (1) (g); Board Policy 2023-07: Non-Sterile Compounding*	N/A	
81	With the exception of complex non-sterile compounded preparations, a licensee may not refuse to compound non-sterile compounded preparations customary to the community needs except upon extenuating circumstances or by a waiver of Board regulation. *247 CMR 9.01 (15); Board Policy 2023-07: Non-Sterile Compounding*	N/A	
82	A licensee may not place more than one commercially available medication into an oral liquid single-dose package, unless compounded pursuant to a prescription. *247 CMR 9.08 (1) (h)*	N/A	
83	Hazardous drugs shall be stored, prepared, and handled by appropriately trained personnel under conditions that protect the healthcare workers and other personnel. **NOTE: Compounding of hazardous drugs is not considered simple compounding. A "yes" requires a full USP Inspection.** *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding; USP Chapter <800>*	N/A	
84	All significant procedures performed in the compounding area are covered by written standard operating procedures (SOPs). *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding*	N/A	
85	Compounding facilities shall have an adequate space that is specifically designated for compounding of prescriptions and is suitable for its intended purpose. This space shall provide for the orderly placement of equipment and materials to prevent mix-ups among ingredients, containers, labels, in process materials, and finished preparations and is designed, arranged, and used to prevent adventitious cross-contamination. *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding*	N/A	

Item #	Requirements	Yes/No/N/A	Comment / Observation
H	**Non-Sterile Compounding**		
86	The areas used for compounding shall be maintained in clean, orderly, and sanitary conditions and shall be maintained in a good state of repair. *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding*	N/A	Waiver
87	All equipment used in compounding is clean, properly maintained, and used appropriately. *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding*	N/A	
88	Compounding ingredients are purchased from reliable sources and are properly stored according to manufacturer specifications or USP standards. *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
89	Purified Water (see Purified Water monograph) shall be used for compounding non-sterile drug preparations when formulations indicate the inclusion of water. *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
90	In the absence of stability information that is applicable to a specific drug and preparation, the following BUDs are not exceeded. a) Non-preserved aqueous formulations – The BUD is not later than 14 days when stored under refrigeration. b) Preserved aqueous formulations – The BUD is not later than 35 days when stored at either controlled room temperature or under refrigeration. c) Oral liquids (non-aqueous) – The BUD is not later than 90 days when stored at controlled room temperature or under refrigeration. d) Other non-aqueous formulations – The BUD is not later than 180 days when stored at controlled room temperature or under refrigeration. *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding*	N/A	
91	For components that do not have expiration dates assigned by the manufacturer or supplier, the compounder shall label the container with the date of receipt and assign a conservative expiration date, not to exceed one year after receipt to the component. (While not mandated by USP Chapter, the Board of Registration in Pharmacy expects this "Best Practice" to be followed.) *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
92	A Master Formulation Record shall be followed each time that preparation is made. *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
93	Compounding Record is completed each time a preparation is compounded. (The Board's interpretation of the language in USP mandates this standard be followed.) *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
94	Safety Data Sheets (SDSs) shall be readily accessible to all employees working with drug substances or bulk chemicals located on the compounding facility premises. *247 CMR 9.01 (3); USP Chapter <795>*	N/A	
95	The labeling indicates that "this is a compounded preparation". (The Board's interpretation of the language in USP mandates this standard be followed.) *247 CMR 9.01 (3); USP Chapter <795>; Board Policy 2023-07: Non-Sterile Compounding; MGL c. 94C s. 21*	N/A	
96	Does the pharmacy maintain a defective drug log for any compounded drug preparation that is or may be defective as defined by the Board? *Board Policy 2024-04: Defective Drug Preparations*	N/A	

Item #	Requirements	Yes/No/N/A	Comment / Observation
I	Standards for Prescription Labeling, Format & Containers		
97	A licensee may not process a prescription; dispense a drug, device, or other substance; or administer a controlled substance including a vaccine in a manner which is intended, either directly or indirectly, to circumvent any law or regulation governing the practice of pharmacy. *247 CMR 9.01 (2)*	Yes	
98	A licensed pharmacist is responsible for the final dispensing process validation of a prescription. *247 CMR 9.04 (1)*	Yes	
99	A pharmacy shall utilize a computerized pharmacy system for processing prescriptions and for maintaining patient profiles. *247 CMR 9.04 (2)*	Yes	DRX
100	A licensee may only dispense pursuant to a patient-specific prescription. *247 CMR 9.04 (3)*	Yes	
101	A licensee shall ensure the label affixed to a prescription drug container or package is clearly printed by a computerized pharmacy system. In the event of printing or equipment failure, a prescription label may be legibly handwritten or typed during an emergency period. *247 CMR 9.04 (4)*	Yes	
102	A pharmacy that provides bedside delivery service of discharge prescriptions to patients in an inpatient healthcare facility must obtain patient consent to provide such services and may not restrict a patient's freedom of choice of pharmacy services. A pharmacy that provides bedside delivery service shall deliver any medications directly to the patient or patient's agent. *247 CMR 9.04 (5)*	Yes	
103	Whenever a prescription drug has been distributed solely under a generic name, the dispensing pharmacist shall record the NDC number in the computerized pharmacy system. In the event an NDC number does not exist, the pharmacist shall record the name of the manufacturer, or, if the manufacturer's name is not available, the name of the distributor, packer, or repacker. *247 CMR 9.04 (8)*	Yes	
104	A pharmacy may not dispense any medication that was processed outside its licensed pharmacy premises unless said process was verified by a Massachusetts licensed pharmacist or performed in a pharmacy licensed by the Board. *247 CMR 9.04 (11)*	Yes	
105	A prescription for a Schedule VI medication is valid for one year from the date of issue. A licensee may not refill a Schedule VI prescription after one year. In the event a Schedule VI prescription expires or has no remaining refills, and the pharmacist is unable to obtain prescriber authorization in a timely manner, the pharmacist in their professional judgment may dispense a quantity not to exceed 30 days or the smallest available unit of use packaging. *247 CMR 9.04 (12)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
I	**Standards for Prescription Labeling, Format & Containers**		
106	Medical Emergencies In a medical emergency a pharmacist may fill a prescription marked "no substitution" by dispensing a less expensive interchangeable drug product as allowed by the *Massachusetts List of Interchangeable Drugs* if the particular brand is not in stock; similarly, a pharmacist may fill a prescription not marked "no substitution" in a medical emergency by dispensing the brand name product as written if they have no less expensive interchangeable drug product in stock to be dispensed. In such instances, the pharmacist must record the date, hour, and nature of the medical emergency on the back of the prescription or in the computerized pharmacy system and the person purchasing the drug product must indicate acceptance of this deviation from the law in writing. All such prescriptions shall be clearly identifiable and available for review by the Board. *247 CMR 9.05 (1) (a) and (b)*	Yes	
107	Generic Prescriptions Upon receiving a prescription for a generic name drug product with no manufacturer specified by the prescriber, a pharmacist may select, regardless of whether or not the prescriber has marked "no substitution" on the prescription, any legally marketed drug product whether or not it appears in the *Massachusetts List of Interchangeable Drugs*, in accordance with the prescriber's intent and the normal exercise of professional judgment. *247 CMR 9.05 (2)*	Yes	
108	Labeling When a less expensive generic drug product has been dispensed, the words "interchange" plus the generic name and manufacturer of the product shall appear on the label in the following manner: "Interchange": (generic name of less expensive drug product dispensed plus manufacturer). When a less expensive brand name drug product has been dispensed, the words "interchange" plus either the generic name and manufacturer of the product or the less expensive brand name dispensed shall appear on the label in the following manner: "Interchange": (generic name of less expensive brand drug plus manufacturer of brand name of less expensive drug product). In addition to the above, the brand name of the prescribed drug product may also appear on the label in the following manner: "Interchange": (name of less expensive generic drug product plus manufacturer or brand name drug product actually dispensed) for (brand name drug product dispensed). Abbreviations are permissible as long as they are commonly understood. For example, "IC" may be used for "interchange" and manufacturers' names may be abbreviated as shown in the *Massachusetts List of Interchangeable Drugs.* *247 CMR 9.05 (3) (a) thru (d)*	Yes	Generic For
109	A pharmacy shall obtain and record consent from a patient or patient's agent prior to enrolling that patient in an automatic refill program. A pharmacy shall provide a method for patients to discontinue participation in an automatic refill program. *247 CMR 9.19 (12)*	N/A	currently, no auto refill permitted
110	A pharmacy and pharmacist shall dispense or recommend a proper measuring device with all liquid medications. *247 CMR 9.18 (9)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
I	**Standards for Prescription Labeling, Format & Containers**		
111	A pharmacy shall maintain a readily accessible policy and procedure for computer downtime which shall include a process for filling prescriptions during downtime, a process for ensuring prescriptions dispensed during computer downtime are duly recorded in the patient's medication profile of the computerized pharmacy system when it becomes operational; continuity of care, if necessary; and process for performing an appropriate drug utilization review. *247 CMR 9.19 (21) (a) thru (d)*	Yes	
112	A pharmacy and pharmacist may dispense prescription drugs by mail or common carrier in a manner consistent with federal and state laws and regulations. *247 CMR 9.02 (1)*	Yes	
113	A pharmacy shall ensure that packing, shipping, and transportation processes do not adversely affect the integrity or stability of medications dispensed by mail. *247 CMR 9.02 (2)*	Yes	
114	A pharmacy shall maintain policies and procedures regarding packing, shipping, transporting, and delivering controlled substances. *247 CMR 9.02 (3)*	Yes	Policy TRX M-003, M-007
115	A pharmacist shall comply with all elements of a drug's FDA required risk evaluation and mitigation strategy (REMS), including any distribution or dispensing restriction included in its REMS. *247 CMR 9.01 (18)*	Yes	TRX C-005
J	**Daily Planners, Compliance Packaging, Single and Multidose Packaging**		
116	At the patient's or patient's agent's request medications may be dispensed in a reusable daily dosage planner provided the medication was not previously dispensed by another pharmacy, a space is dedicated and allows for the orderly placement of equipment, materials, and medications for the proper preparation, and for the prevention of cross-contamination, policies and procedures for cleaning, labeling, dispensing, and proper hand hygiene are available. The pharmacy cleans and stores reusable daily dosage planners in a manner that prevents contamination of both the pharmacy and the planner. Labeling must meet requirements of M.G.L. c. 94C, § 21 for each medication. *247 CMR 9.07 (1) thru (5)*	N/A	Currently no complinace packaging offered
117	A pharmacy or pharmacist may utilize compliance packaging provided there is a designated space that allows for the orderly placement of equipment, materials, and medications for proper preparation, prevention of cross contamination. Policies and procedures pertaining to each type of compliance packaging utilized including cleaning, labeling, dispensing, proper hand hygiene, quarantine, and reverse distribution are available. Compliance packaging does not conflict with the USP-DI monograph or FDA-approved labeling and medications are compatible with packaging components and with each other. The compliance packaging is designed to prevent the container from being re-closed, to show evidence of having been opened, and in such a manner that the label cannot be altered or removed. The quantity of drugs in each package does not exceed the capacity of the container or potentially cause damage to the individual dosage forms. The compliance packaging must adhere to USP requirements for containers and packaging. *247 CMR 9.08 (1) (a) thru (h)*	N/A	

Item #	Requirements	Yes/No/N/A	Comment / Observation
J	**Daily Planners, Compliance Packaging, Single and Multidose Packaging**		
118	**Single-Drug-Single-Dose Packaging** A pharmacy or pharmacist may utilize single-drug-single-dose packaging for solid oral dosage forms. If a pharmacy or pharmacist places a medication in a single-drug-single-dose package prior to the receipt of a patient specific prescription, the pharmacy and pharmacist shall properly label the package and utilize bar-code scanning or similar technology to ensure proper identification of the pre-packaged medication at the time of dispensing. *247 CMR 9.08 (2) (a) and (b); Policy 2023-01: Compliance Packaging and Reusable Dose Planners*	N/A	
119	**Multi-Drug-Single-Dose Packaging** A pharmacy or pharmacist may utilize multi-drug-single-dose packaging for solid oral dosage forms provided not more than a 60-day supply of medication is dispensed, Schedules II or III controlled substances are not dispensed, and medications to be taken on an as needed basis are not dispensed in a multi-drug-single-dose package. *247 CMR 9.08 (3) (a) thru (c); Policy 2023-01: Compliance Packaging and Reusable Dose Planners*	N/A	
120	**Return and Repackaging of Multi-Drug-Single-Dose Packaging** A pharmacy or pharmacist may accept a return of a multi-drug-single-dose package that the pharmacy previously dispensed for the purpose of repackaging and re-dispensing to that same patient. If a patient's medication was discontinued, a pharmacy may remove the discontinued drug(s) from the multi-drug-single-dose package and re-dispense the remaining medications in the multi-drug-single-dose package to the same patient. If a patient's drug therapy changed, a pharmacy may remove the discontinued drug(s) from the multi-drug-single-dose package(s) and may add a new medication(s) to the multi-drug-single-dose package and re-dispense the multi-drug-single-dose package to the same patient. A pharmacy shall label the multi-drug-single-dose package in accordance with 247 CMR 9.08(6) prior to re-dispensing. A pharmacy shall implement policies and procedures pertaining to security and accountability of controlled substances during return and repackaging. *247 CMR 9.08 (4) (a); Policy 2023-01: Compliance Packaging and Reusable Dose Planners*	N/A	
121	A licensee may not return any medication removed from a multi-drug-single-dose package to inventory. A licensee may not dispense any medication removed from a multi-drug-single-dose package to any patient other than the patient who returned the multi-drug-single-dose package. *247 CMR 9.08 (4) (b); Policy 2023-01: Compliance Packaging and Reusable Dose Planners*	N/A	
122	A pharmacy shall maintain a record that accounts for and documents any repackaging, removal, or re-dispensing of any medication it previously dispensed in a multi-drug-single-dose package. The record shall identify the pharmacist making the change. *247 CMR 9.08 (4) (a) thru (c)*	N/A	
123	A licensee shall label each oral-liquid-single dose, single-drug-single-dose, and multi-drug-single-dose package with information required by M.G.L. c. 94C, § 21 and USP for each medication in the package including the name, strength, physical description, and total quantity of each drug dispensed; the dispensing or preparation date; a beyond-use date, which may not exceed the expiration date on the original manufacturer's container or **60 days**, whichever is shorter, for each drug contained in a multi-drug-single-dose package; and the telephone number of the pharmacy. *247 CMR 9.08 (5) (a) thru (e)*	N/A	
124	If the compliance package has removable cells, a pharmacy shall utilize a label of sufficient size to label each cell properly and clearly with each drug name and strength. *247 CMR 9.08 (6)*	N/A	

Item #	Requirements	Yes/No/N/A	Comment / Observation
K	**Use, Reuse, Return, and Disposal of Medications**		
125	Unless otherwise permitted by law, regulation, or Board policy, a licensee may not accept or re-dispense any medication which has been previously dispensed. *247 CMR 9.01 (5)*	Yes	Policy TRX H-007
126	A licensee may not accept, or purchase medications designated as "drug samples not for resale" for the purpose of compounding, repacking, or in any way reselling said medications. *247 CMR 9.01 (6)*	Yes	
127	A pharmacy shall accept a medication that it previously dispensed to a patient if the medication was dispensed to the patient in error; or is suspected to be defective or contaminated. A medication accepted by a pharmacy pursuant to this section may not be returned to the pharmacy's inventory and must be quarantined and properly disposed. A pharmacy is not required to accept a medication from a patient that was properly dispensed and not defective at the time it was dispensed. *247 CMR 9.01 (7) (a) and (b)*	Yes	
128	A licensee may not dispense or distribute any expired, outdated, defective, contaminated, counterfeit, contraband, or otherwise substandard drug or device to any person or entity who is not licensed or legally authorized to receive such drug or device. *247 CMR 9.01 (12)*	Yes	TRX C-002
129	In the event a pharmacy prepares a prescription for dispensing, but the medication is not dispensed, the pharmacy may return the medication to stock as long as they do not return a medication to the manufacturer's stock bottle. The pharmacy shall keep a medication to be returned to stock in the original patient container or place medication an appropriate container and shall affix a label to the container containing the product name, strength or concentration, name of the manufacturer, supplier, or NDC number; and the expiration date assigned at the time of filling. *247 CMR 9.13 (1) (a) and (b)*	Yes	
130	A pharmacy shall maintain a policy and procedure regarding returning medications to stock. *247 CMR 9.13 (2)*	Yes	
131	In the event of a recall, a pharmacy may not dispense any medication that has been returned to stock and is potentially subject to the recall unless it can confirm the specific lot number is not included in the recall. *247 CMR 9.13 (3)*	Yes	TRX C-006
132	A pharmacy shall effectuate a recall of medication that is or may be defective in any way. *247 CMR 9.19 (11)*	Yes	TRX C-006
L	**Emergency Kits, Automated Pharmacy Systems, Pharmacy Processing Automation, and Automated Dispensing Devices**		
133	A pharmacy shall maintain a policy and procedure for the proper dispensing of medication through emergency medication kits pertaining to security, maintenance, and use. *247 CMR 9.09 (1)*	N/A	
134	A pharmacy shall reconcile medication dispensed through emergency medication kits with prescriptions or orders. *247 CMR 9.09 (2)*	N/A	
135	A pharmacy may only provide emergency medication kits to facilities approved by the Department. *247 CMR 9.09 (3)*	N/A	

Item #	Requirements	Yes/No/N/A	Comment / Observation
L	**Emergency Kits, Automated Pharmacy Systems, Pharmacy Processing Automation, and Automated Dispensing Devices**		
136	A pharmacy may dispense Schedule IV through VI controlled substances from an Automated Pharmacy System (APS) to a patient or a patient's agent during or after pharmacy hours of operation provided the APS is located within the same building as the pharmacy, is secured against or within a wall or floor in a manner that prevents unauthorized access and removal, location and APS are monitored by continuous, recordable video surveillance, the APS does not stock medications that require refrigeration or reconstitution, utilizes industry standard technological verification, such as bar code verification, electronic verification, weight verification, radio frequency identification, or another similar process, to ensure the correct medication is dispensed to the correct patient, electronic data is maintained that creates an audit trail of activity and includes the identity of each person to whom a drug was released, the patient is allowed to choose whether or not to use an APS, the offer to counsel is provided to the patient in the case of new or changed therapy before placing the filled prescription in the APS, and the means and opportunity for a pharmacist consultation is provided during the pharmacy's usual hours of operation. *247 CMR 9.10 (1) (a) thru (l); Policy 2022-07: Automated Pharmacy Systems*	N/A	No APS
137	A pharmacy utilizing an APS shall maintain policies and procedures pertaining to the APS that include APS location(s); operation and maintenance; security; controlled substances accountability; quality assurance; stocking and return activities; and patient confidentiality. *247 CMR 9.10 (2) (a) thru (g); Policy 2022-07: Automated Pharmacy Systems*	N/A	
138	A pharmacy may utilize Pharmacy Processing Automation (PPA) to count, fill vials or compliance packaging, and label, provided the PPA utilizes technological verification, such as bar code verification, electronic verification, weight verification, radio frequency identification ("RFID"), or another similar process, to ensure that the correct medication is dispensed; and if lot numbers are comingled in a single cell, the pharmacy maintains a policy and procedure to quarantine all comingled lot numbers in the event a single lot number is recalled. *247 CMR 9.11 (1) (a) and (b)*	N/A	No PPA
139	The pharmacy shall implement and maintain policies and procedures pertaining to the PPA that include operation and maintenance; security; controlled substance accountability; quality assurance; and stocking and return activities. *247 CMR 9.11 (2) (a) thru (e)*	N/A	
140	A pharmacy may utilize an automated dispensing device (ADD) for controlled substances provided that the ADD is in a licensed health care facility; dispensing is pursuant to a valid patient specific prescription or order; utilization is in accordance with all laws, regulations, and policies; and the pharmacy maintains ADD policies and procedures including the location operation and maintenance; security; controlled substances accountability; quality assurance; stocking and return activities; and patient confidentiality. *247 CMR 9.12 (1) thru (4); Policy 2019-02: Automated Dispensing Device Use*	N/A	No ADDs
M	**Patient Records, Transfers, Counseling, and Prospective Drug Utilization**		
141	A pharmacy shall transfer a prescription to another pharmacy at the request of a patient or their agent in a timely manner so as not to delay patient therapy. *247 CMR 9.14 (1)*	Yes	
142	The pharmacy may act as the patient's agent in order to facilitate a transfer. *247 CMR 9.14 (2)*	Yes	
143	A pharmacy may not charge a fee for transferring a prescription. 247 CMR 9.14 (3)	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
M	**Patient Records, Transfers, Counseling, and Prospective Drug Utilization**		
144	A certified pharmacy technician may, with the approval of the pharmacist on duty, perform prescription transfers between pharmacies for prescriptions issued for controlled substances in Schedule VI only. *247 CMR 8.04 (4) (d); 247 CMR 9.00*	Yes	pharmacist only
145	Schedule VI A pharmacy shall transfer prescriptions for Schedule VI controlled substances in the same manner as prescriptions for Schedules III through V controlled substances. Prescriptions for Schedule VI controlled substances may be transferred up to the maximum number of remaining refills authorized by the prescriber. A pharmacy may not transfer a prescription authorizing refills for Schedule VI controlled substances more than one year after the date the prescription was issued. *247 CMR 9.14 (a) thru (c)*	Yes	
146	A DEA registered pharmacy may transfer original prescription information for schedules III, IV and V controlled substances to another DEA registered pharmacy for the purpose of refill dispensing between pharmacies, on a one-time basis only. Transfer of any original unfilled prescription received in paper (including fax) or oral form to another pharmacy may not be conducted. 21 CFR 1306.25; 21 CFR 1306f25.	Yes	
147	A pharmacist may only fill a prescription if in the exercise of their professional judgment, determines that the prescription was issued for a legitimate medical purpose by a practitioner acting in the usual course of their professional practice; there is a valid patient-practitioner relationship; the prescription is authentic; and the dispensing is in accordance with M.G.L. c. 94C, § 19(a). *247 CMR 9.15 (2) (a) thru (d)*	Yes	
148	A pharmacist and pharmacy shall maintain prescription records, purchasing and return records, and disposal and destruction records in a readily retrievable manner for at least two years. *247 CMR 9.16 (1)*	Yes	TRX H-007
149	Prescriptions for Schedule II, schedule III-V, and schedule VI controlled substances shall be segregated if maintained in paper format and electronically separable if maintained in electronic format. *247 CMR 9.16 (2) thru (4)*	Yes	
150	A pharmacy shall be able to print readable copies of electronic prescriptions including electronically stored images of prescriptions. *247 CMR 9.16 (5) and (6)*	Yes	
151	A pharmacist and pharmacy shall maintain a confidential patient profile for each patient to whom a prescription is dispensed. The computerized pharmacy system shall provide for the immediate retrieval of information necessary for the pharmacist to identify previously dispensed drugs at the time the prescription is presented for dispensing. The pharmacist or pharmacist's designee shall make a reasonable effort to obtain, record, and maintain the name, address, contact information, date of birth or age, and gender of the patient for whom the prescription is intended patient history, including known drug allergies and drug reactions; a comprehensive list of medications and relevant devices dispensed by the pharmacy; and the pharmacist's comments relevant to the patient's drug therapy. *247 CMR 9.16 (7) (a) thru (d)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
M	**Patient Records, Transfers, Counseling, and Prospective Drug Utilization**		
152	A pharmacist shall conduct a prospective drug utilization review (DUR) before each prescription or medication order is dispensed or delivered to a patient or a patient's agent. The DUR may include a review of computerized alerts, the patient record, and each new and renewed prescription or medication order for the purpose of promoting therapeutic appropriateness, by making a reasonable effort to identify over-utilization or under-utilization; therapeutic duplication; drug-disease contraindication; drug-drug interaction; drug-food interaction; improper drug dosage, directions, or duration of drug treatment; drug-allergy interactions; abuse or misuse; any significant change in drug, dose, or directions; and any age-related contraindications. *247 CMR 9.17 (1) (a) thru (j)*	Yes	
153	Upon identifying any of the above, a pharmacist shall take appropriate measures to ensure the proper care of the patient which may include consultation with the prescribing practitioner or direct consultation with the patient or patient's agent. A pharmacist shall document any measures taken in response to a drug utilization review. *247 CMR 9.17 (2)*	Yes	
154	A pharmacist or pharmacist's designee shall offer the counseling services of the pharmacist to each person who receives a prescription medication. The individual must be appropriately trained. Counseling must be provided on each new drug therapy and each drug therapy that in the pharmacist's professional judgment is deemed to be significant for the health and safety of the patient. *247 CMR 9.18 (1) thru (4); 247 CMR 8.04 (4) (b); 247 CMR 8.02 (6) (b)*	Yes	
155	When counseling a patient, a pharmacist or pharmacy intern shall provide such information which, in the pharmacist's professional judgment, is necessary for the patient to understand the proper use of the patient's prescription which may include the name, description, and indication of the medication; dosage form; dosage; route of administration and duration of therapy; special directions and instructions for preparation, administration, and use by the patient; common side and adverse effects or interactions and therapeutic contraindications or precautions with legend and non-legend medications and other substances which the pharmacist deems relevant; techniques for self-monitoring drug therapy; proper storage and disposal; prescription refill information; and action to be taken in the event of a missed dose or adverse reaction. *247 CMR 9.18 (5) (a) thru (h)*	Yes	
156	A licensee shall maintain patient confidentiality and protect a patient's confidential information. *247 CMR 9.01 (16)*	Yes	
157	A pharmacy and pharmacist shall ensure counseling is available at all times when a pharmacy is open for business. *247 CMR 9.18 (8)*	Yes	Toll Free Phone number
N	**Continuous Quality Improvement**		
158	Continuous Quality Improvement Program Requirements. Each pharmacy shall establish a Continuous Quality Improvement (CQI) Program for the purpose of detecting, documenting, assessing and preventing Quality Related Events (QREs). At a minimum, a CQI program shall include provisions to designate an individual or individuals responsible for monitoring CQI Program compliance with the requirements of 247 CMR 15.00; identify and document QREs; minimize impact of QREs on patients; analyze data collected in response to QREs to assess causes and any contributing factors; use the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs; and provide ongoing education at least annually in the area of CQI to pharmacy personnel. *247 CMR 15.02 (1) (a) thru (f)*	Yes	CQI Binder on site

Item # N	Requirements Continuous Quality Improvement	Yes/No/N/A	Comment / Observation
159	QRE Discovery and Notification. All pharmacy personnel shall be trained to bring any QRE to the attention of the pharmacist on duty or the pharmacist Manager of Record immediately upon discovery. The pharmacist who has discovered or been informed of a QRE shall immediately provide notification to the patient or patient's representative, the prescriber (if indicated in the professional judgment of the pharmacist) and other members of the healthcare team; directions for correcting the error; and instructions for minimizing the negative impact on the patient. *247 CMR 15.03 (1) (a) thru (c)*	Yes	
160	QRE Documentation: A QRE shall be initially documented by the pharmacist who has discovered or been informed of the QRE within 24 hours after the QRE is discovered by or described to the pharmacist. QRE documentation shall include a description of the event that is sufficient to permit categorization and analysis of the event. QRE documentation shall include the date when the pharmacist discovered or received notification of the QRE and the name of the person who notified the pharmacy; the names and titles of the persons recording the QRE information and performing the QRE analysis; a description of the QRE reviewed; and documentation of the contact with the patient, or patient's representative, and prescribing practitioner (if indicated in the professional judgment of the pharmacist), and other members of the healthcare team. *247 CMR 15.03 (a) and (b)*	Yes	
161	QRE Analysis: The investigative and other pertinent data collected in response to QREs shall be analyzed, individually and collectively, to assess the cause and any contributing factors such as system or process failures. The QRE analysis and assessment shall include a consideration of the effects on quality assurance related to workflow processes, technological support, personnel training and staffing levels; any recommended remedial changes to pharmacy policies, procedures, systems, or processes; and the development of indicators that identify means against which a pharmacy's program intends to measure its standards over a designated period of time. *247 CMR 15.03 (3) (a)*	Yes	
162	Response: Each pharmacy shall inform pharmacy personnel of changes to pharmacy policies, procedures, systems, or processes resulting from recommendations generated by the CQI Program. *247 CMR 15.03 (3) (b)*	Yes	
163	Each pharmacy shall maintain a written copy of its CQI Program description on the pharmacy premises. The CQI Program description shall be readily available to all pharmacy personnel. *247 CMR 15.04 (1)*	Yes	
164	Each pharmacy shall maintain a record of all QREs for a minimum period of two years from the date of the QRE report. *247 CMR 15.04 (2)*	Yes	
165	QRE records shall be maintained in an orderly manner and filed by date. *247 CMR 15.04 (3)*	Yes	

Item #	Requirements	Yes/No/N/A	Comment / Observation
O	**Immunizations**		
166	A registered pharmacist, pharmacy intern, and pharmacy technician may dispense by administration influenza vaccine, Covid-19 vaccine, and other immunizations designated by the Department to persons 5 years of age or older. *247 CMR 9.01 (1); 105 CMR 700.004 (B) (6); Board Policy 2023-02: Vaccine Administration*	N/A	No plans to immunize
167	Does the pharmacist conduct this activity in accordance with guidelines adopted by the Department which includes requirements for training through an accredited program by the Centers for Disease Control and Prevention, the American Council on Pharmaceutical Education or a similar health authority or professional body. *247 CMR 9.01 (1); 105 CMR 700.004 (B) (6) (d)*	N/A	
168	As applicable, a pharmacy shall post on the wall or maintain in a readily retrievable location immunization certifications and current CPR card for each licensee that performs immunizations and any standing orders. *247 CMR 9.19 (9) (a) and (e); Board Policy 2023-02*	N/A	
169	Does the pharmacy have a standing order to administer single dose emergency epinephrine? Standing Order Physician: _____ Signed/Expiration Date: _____ *247 CMR 9.01 (1); Board Policy 2023-02: Vaccine Administration*	N/A	
170	Such administration is conducted pursuant to a standing order of a practitioner? Standing Order Practitioner: _____ Signed/Expiration Date: _____ *247 CMR 9.01 (1); 105 CMR 700.004 (6) (b); Board Policy 2023-02: Vaccine Administration*	N/A	
171	Prior to administering a vaccine (other than influenza or COVID-19) the Pharmacy reviews the Massachusetts Immunization Information System ("MIIS") to ensure the vaccine has not been administered by another provider. *247 CMR 9.01 (1); Board Policy 2023-02: Vaccine Administration*	N/A	
172	After administration of any vaccine, the vaccination information is reported to "MIIS". *247 CMR 9.01 (1); Board Policy 2023-02: Vaccine Administration*	N/A	
P	**References**		
173	A pharmacy shall maintain the following on the pharmacy premises a current copy or access to electronic version of the *Massachusetts List of Interchangeable Drugs*, including the Orange Book, Additional List, and Exception List. *247 CMR 9.19 (1) (a)*	Yes	
174	A pharmacy shall maintain the following on the pharmacy premises a current copy or access to electronic version with quarterly updates of a compendia appropriate to the practice setting approved by the Manager of Record. *247 CMR 9.19 (1) (b)*	Yes	Clinical Pharmacology

Model Attestation Regarding a Requested Use or Disclosure of Protected Health Information Potentially Related to Reproductive Health Care

The entire form must be completed for the attestation to be valid.

Name of person(s) or specific identification of the class of persons to receive the requested PHI.
e.g., name of investigator and/or agency making the request Paul Seed; Board of Registration in Pharmacy
Name or other specific identification of the person or class of persons from whom you are requesting the use or disclosure.
e.g., name of covered entity or business associate that maintains the PHI and/or name of their workforce member who handles requests for PHI TheraGenix
Description of specific PHI requested, including name(s) of individual(s), if practicable, or a description of the class of individuals, whose protected health information you are requesting.
e.g., visit summary for [name of individual] on [date]; list of individuals who obtained [name of prescription medication] between [date range] Any PHI encountered during routine review of any pharmacy records during inspection.

I attest that the use or disclosure of PHI that I am requesting is not for a purpose prohibited by the HIPAA Privacy Rule at 45 CFR 164.502(a)(5)(iii) because of one of the following (check one box):

☑ The purpose of the use or disclosure of protected health information is **not** to investigate or impose liability on any person for the mere act of seeking, obtaining, providing, or facilitating reproductive health care or to identify any person for such purposes.

☐ The purpose of the use or disclosure of protected health information **is** to investigate or impose liability on any person for the mere act of seeking, obtaining, providing, or facilitating reproductive health care, or to identify any person for such purposes, but the reproductive health care at issue was **not lawful** under the circumstances in which it was provided.

I understand that I may be subject to criminal penalties pursuant to 42 U.S.C. 1320d-6 if I knowingly and in violation of HIPAA obtain individually identifiable health information relating to an individual or disclose individually identifiable health information to another person.

Signature of the person requesting the PHI

Paul Seed Date 06/24/2026

If you have signed as a representative of the person requesting PHI, *provide a description of your authority to act for that person.*

This attestation document may be provided in electronic formot, and electronically signed by the person requesting protected health information when the electronic signature is valid under applicable Federal and state law.

Verification of Licensure

07/07/2026

To Whom It May Concern:

The organization named below was issued the following in the Commonwealth of Massachusetts:

Retail Pharmacy License

Name of Organization: TheraGenix Pharmacy
Registration Number: DS100562
Registration Status: Current
Issue Date: 07/01/2026
Expiration Date: 12/31/2027
Disciplinary Actions: There are no disciplinary actions against this license.

Registration verification may be obtained at http://checkahealthlicense.mass.gov/. The information provided in this "Verification" is based on the records maintained by the Massachusetts Bureau of Health Professions Licensure and its licensing boards. Individuals are deemed to be in good standing if their license is current and not subject to any disciplinary status on the date of issuance of the "Verification." Disciplinary status is defined as voluntary surrender, revocation, suspension or probation of a license. The "Verification" does not include information about the existence, absence, or status of complaints. To request such information, please submit a public record request to publicrecordsadmin@massmail.state.ma.us.

Statement of Responsibility

1. I am the Kyle Martens (title) for Officer (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Kyle Martens hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the officer (title) for Vials (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. An agent of the Texas State Board of Pharmacy has inspected your pharmacy. The results of this inspection have been noted.

- Items designated as "Refer to Legal" must be rectified immediately. In addition, the matter discovered during the inspection and deemed to be a serious violation by the inspector will be referred to the Legal Division for review and possible disciplinary action; and

- Items designated as "Warning Notice" must be corrected by the deadline noted to ensure compliance with the laws and rules governing the practice of pharmacy (Note: A "Warning Notice" is issued for a minor violation, and does not equate to disciplinary action).

Section 7: Employed/Contracted Pharmacist (MUST BE COMPLETED BY the Employed/Contracted Pharmacist)

Pharmacist Name: Kenneth M. Fernandes NV Pharmacist License #: 07471

As the employed/contracted pharmacist, for (ASC/RC Name): Digestive Health Center :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.477;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.486;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Section 8: Personal and Professional History of the Employed/Contracted Pharmacist	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

Section 7: Employed/Contracted Pharmacist (MUST BE COMPLETED BY the Employed/Contracted Pharmacist)

Pharmacist Name: Michelle McCarthy NV Pharmacist License #: 22808

As the employed/contracted pharmacist, for (ASC/RC Name): Painted Mirage Surgery Center :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.477;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.486;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Section 8: Personal and Professional History of the Employed/Contracted Pharmacist	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

STATE OF NEVADA

NEVADA STATE BUSINESS LICENSE

NEW DEANTRONICS, LTD.

Nevada Business Identification # NV20181667652
Expiration Date: 09/30/2026

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.
Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.
License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 09/11/2025.

Warehouse Services Agreement

This Warehouse Services Agreement, dated as of June 1, 2024 (this "**Agreement**"), is entered into between New Deantronics, Ltd. ("**Warehouse Operator**") and E Surgical, LLC, ("**Depositor**", and together with Warehouse Operator, the "**Parties**", and each, a "**Party**").

WHEREAS, Warehouse Operator is in the business of warehousing and storing goods; and

WHEREAS, Depositor desires to engage Warehouse Operator to provide warehousing and related services, and Warehouse Operator desires to provide such services to Depositor.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Provision of Storage and Related Services.

(a) Warehouse Operator shall provide warehousing, storage, handling, delivery, and related services (the "**Services**") for the goods tendered by Depositor from time to time under this Agreement ("**Goods**"). Warehouse Operator shall provide the Services in its facility located at 1 New Deantronics Way, Sparks, Nevada 89441 (the "**Warehouse**").

(b) If Warehouse Operator provides additional services, including special packing or handling services, it shall provide them (i) for the additional fees in effect and agreed to in writing at the time Depositor requests the special services, and (ii) solely as agent for Depositor, and not as a bailee or warehouseman.

(c) The terms and conditions of this Agreement, together with all written price quotations, rates and charges for the Services set forth in Schedule A, and warehouse receipts issued by Warehouse Operator for the Goods stored under this Agreement, constitute the sole and entire agreement of the Parties with respect to the subject matter of this Agreement, and supersedes all prior and contemporaneous understandings, agreements, representations and warranties, both written and oral, with respect to such subject matter.

(d) This Agreement, price quotes, Schedule A, and related warehouse receipts for each tender of Goods hereunder constitute a "Warehouse Receipt" for the purposes of Article 7 of the Uniform Commercial Code as enacted in the State of Nevada. Warehouse Operator, as its deems appropriate during the performance of this Agreement, may maintain, record, and administer, Warehouse Receipts in whole or in part, as physical and/or electronic records as a part of its warehouse management system ("**WMS**"). Any physical copies and/or electronic entries in the WMS include, but are not limited to, the warehouse location, date, description, number, and the signature of the person receiving the Goods. This Agreement incorporates the information stored in the WMS by reference.

(e) Depositor acknowledges that Warehouse Operator will only issue non-negotiable warehouse receipts.

(f) The parties acknowledge and agree that if there is any conflict between the terms and conditions of this Agreement and the terms and conditions in any other document, then the terms and conditions of this Agreement shall supersede and control.

2. Tender of Goods for Storage.

(a) Depositor represents and warrants that it is the owner or has lawful possession of the Goods and all right and authority to store them with Warehouse Operator and thereafter direct the release and/or delivery of the Goods. Depositor shall (i) tender any Goods for storage only during Warehouse Operator's posted business hours for the Warehouse; (ii) tender all Goods to the Warehouse properly marked and packed for storage and handling; (iii) provide Warehouse Operator with information concerning the Goods that is accurate, complete, and sufficient to allow Warehouse Operator to comply with all laws and regulations concerning the storage, handling, processing, and transportation of the Goods; and (iv), if necessary, furnish at or prior to tender of the Goods for storage written instructions listing any categories of Goods, brands or sizes to be separately kept and accounted for, and the types of storage and other services requested.

(b) Warehouse Operator may refuse to accept any goods for storage if the goods tendered for storage do not conform to the description contained on the Transportation Contract, defined below, or other written instructions. Before tendering Goods that require specialized handling, Depositor shall identify such goods and special handling requirements to Warehouse Operator in writing and Warehouse Operator may decline to store such goods. Depositor is solely responsible for providing complete and accurate handling and storage instructions for any Goods, including any applicable safety procedures. If Warehouse Operator accepts any Goods for storage that require special handling, then Depositor agrees to rates and charges as may be assigned and invoiced by Warehouse Operator as well as all terms and conditions of this Agreement. Depositor shall not tender hazardous materials or dangerous Goods.

(c) For all Goods shipped to the Warehouse, Depositor shall ensure that the bill of lading or other contract of carriage (**"Transportation Contract"**) as well as all declarations to government regulatory agencies (i) identify Depositor as the named consignee, in care of Warehouse Operator, and (ii) do not identify Warehouse Operator as the consignee. If any Goods are shipped to the Warehouse naming Warehouse Operator as named consignee on the Transportation Contract, Depositor shall promptly notify the carrier in writing that Warehouse Operator is (i) the "in care of party" only and (ii) does not have any beneficial title or interest in the Goods. Warehouse Operator may refuse to accept any Goods tendered for storage in violation of this provision, and shall not be liable for any loss or damage to, or misconsignment of, such Goods. Whether Warehouse Operator accepts or refuses goods shipped in violation of this Section 2, Depositor agrees to indemnify and hold Warehouse Operator harmless from all claims for transportation, storage, handling, and other charges relating to such goods, including surcharges, undercharges, rail and air demurrage, truck/intermodal detention, and other charges of any nature whatsoever. Depositor further agrees to indemnify, defend, and hold Warehouse Operator harmless from any costs, liabilities, actions, penalties, or expenses

of any kind associated with the improper declaration of Warehouse Operator as consignee.

3. Indemnity. Depositor shall indemnify, defend, and hold harmless Warehouse Operator and its officers, directors, members, managers, employees, agents, affiliates, successors, and permitted assigns (collectively, "**Indemnified Party**") against any and all losses, damages, liabilities, deficiencies, claims, actions, judgments, settlements, interest, awards, penalties, fines, costs, or expenses of whatever kind, including undercharges, rail and air demurrage, truck/intermodal detention, or related charges and reasonable attorneys' fees, fees and the costs of enforcing any right to indemnification under this Agreement and the cost of pursuing any insurance providers, any claim of a third party or Warehouse Operator arising out of or occurring in connection with the Services or from Warehouse Operator's or Depositor's negligence, willful misconduct, or breach of this Agreement (each a "**Warehouse Claim**"). Depositor shall not enter into any settlement of a Warehouse Claim without Warehouse Operator's or Indemnified Party's prior written consent.

4. Access and Release of Goods.

(a) Depositor shall provide Warehouse Operator reasonable advance written notice and instructions (each, a "**Release Order**") if it desires to order any Goods released from the Warehouse. Subject to receipt of such Release Order and payment of all outstanding storage and other fees, Warehouse Operator shall release the requested Goods to Depositor or its designee. Goods may be delivered on instructions by telephone or oral communication, but Warehouse Operator shall not be responsible for loss or error occasioned thereby.

(b) Depositor shall give Warehouse Operator a reasonable time after Warehouse Operator's receipt of Depositor's written instructions to carry out Depositor's instructions to release the Goods to Depositor or its designee. Warehouse Operator may without liability rely on any information contained in any Release Order or other written or oral communication from Depositor. Depositor shall be responsible for all shipping, handling, and other charges assessed by carriers and/or third parties in connection with the delivery and/or other shipment of the Goods. A Release Order providing instructions to transfer Goods on the books of Warehouse Operator to any other depositor of goods in the Warehouse will not be effective until such Release Order is delivered to and accepted by Warehouse Operator. The depositor of record shall be responsible for all charges up to the time the actual transfer of the applicable Goods is made. When Goods in storage are transferred from one party to another through issuance of a new warehouse receipt, a new storage date for the transferee will be established effective on the date of transfer.

5. Transfer of Goods. Warehouse Operator may move, upon reasonable advance notice to Depositor any Goods in storage from the Warehouse to any of the other storage facilities owned or leased by Warehouse Operator. Warehouse Operator may, without notice, move any or all of the Goods from one location within the Warehouse or other warehouse in which the Goods are stored to another location within the same facility.

6. Warehouse Lien. Warehouse Operator shall have a lien on the Goods and upon the proceeds from the sale thereof to secure Depositor's payment of all fees, charges and

expenses incurred hereunder in connection with the storage, transportation, preservation, and handling of the Goods, as well as for like charges and expenses in relation to any other goods whenever deposited with Warehouse Operator by Depositor. Warehouse Operator may enforce this lien at any time, including by selling all or any part of the Goods in accordance with applicable law.

7. Storage and Handling Charges.

(a) Depositor shall pay the storage charges and service fees at the rates set forth in the written price quotation in effect at the time such charges accrue or the Services are performed and/or as set forth in Schedule A. All Goods are stored on a month-to-month basis. The Goods are deemed to be received on the date that the Warehouse Operator accepts care, custody, and control of the Goods, regardless of unloading date or the date warehouse receipt is issued. Notwithstanding the above, and subject to any contrary or additional terms contained in applicable price quotes or Schedule A, (i) a full month's storage charge will apply to all Goods received between the first and the 15th, inclusive, of a calendar month; (ii) one- half month's storage charge will apply to all Goods received between the 16th and last day, inclusive, of a calendar month; and (iii) a full month's storage charge will apply to all Goods in storage on the first day of a calendar month.

(b) Handling charges cover the ordinary labor involved in receiving Goods at the warehouse door, placing Goods in storage, and returning Goods to the warehouse door for pickup. Handling charges are due and payable on receipt of Goods. Unless otherwise agreed in writing, labor for unloading and loading Goods will be subject to a charge. Additional expenses incurred by Warehouse Operator in receiving and handling damaged Goods, and additional expenses in unloading from or loading into cars or other vehicles not at warehouse door will be charged to the Depositor. Labor and materials used in loading rail cars or other vehicles are chargeable to Depositor. When Goods are ordered out in quantities less than in which received, Warehouse Operator may include an additional charge for each order or each item of an order. The Warehouse Operator shall not be liable for any demurrage or detention, any delays in unloading inbound cars, trailers or other containers, or any delays in obtaining and loading cars, trailers, or other containers for outbound shipment unless Warehouse Operator has failed to exercise reasonable care. Additional charges apply to other specified services at the rates set forth in the written price quote in effect at the time such charges accrue or the services are performed, and will be separately billed as such services are performed.

(c) All charges are exclusive of all sales, use, and excise taxes, and any other similar taxes, duties, and charges of any kind imposed by any governmental authority on any amounts payable by Depositor. Depositor shall be responsible for all such charges, costs, and taxes; provided, that Depositor shall not be responsible for any taxes imposed on, or with respect to, Warehouse Operator's income, revenues, gross receipts, personnel, or real or personal property.

(d) Depositor is subject to and shall pay the minimum storage and handling charge as set forth in Schedule A.

(e) If Warehouse Operator pays any lawful transportation charges on behalf of Depositor, then Depositor shall promptly reimburse Warehouse Operator for such charges, and in any case within five (5) business days after receiving an invoice for such charges from Warehouse Operator.

8. Payment Terms.

(a) Depositor shall pay all storage charges for each storage period in advance for (i) the initial month or partial month on the first day of storage and (ii) each succeeding month on the first day of such month. All charges for other Services are due and payable within thirty (30) days from the date of invoice; provided that charges related to an entire lot of Goods shall be due and payable at the time the entire lot of Goods is removed from Storage. Depositor shall make all payments hereunder in US dollars. Depositor shall pay interest on all late payments at the lesser of the rate of 1% per month or the highest rate permissible under applicable law, calculated and compounded daily from the date due until paid in full. Depositor shall reimburse Warehouse Operator for all costs incurred in collecting any late payments, including, without limitation, reasonable attorneys' fees. In addition to all other remedies available under this Agreement or at law (which Warehouse Operator does not waive by the exercise of any rights hereunder), Warehouse Operator shall be entitled to suspend the release of any Goods or cease performance of any services if Depositor fails to pay any amounts when due hereunder. In addition, Warehouse Operator reserves the right to require payment in full in cash of all amounts owed by Depositor in advance of the release of the Goods. Depositor shall not withhold payment of any amounts due and payable by reason of any set-off of any claim or dispute with Warehouse Operator, whether relating to Warehouse Operator's breach, bankruptcy, or otherwise.

(b) If Warehouse Operator in its sole, reasonable discretion determines that Depositor's financial condition or creditworthiness is inadequate or unsatisfactory, then in addition to Warehouse Operator's other rights, it may without liability or penalty (i) accelerate all amounts due hereunder and (ii) modify the payment terms, including requiring Depositor to make advance payment of all storage charges prior to shipment of Goods.

9. Limited Warranty.

(a) Warehouse Operator shall not be liable for any loss or damage to the Goods tendered, stored, or handled, however caused, unless such loss or damage resulted from the failure by Warehouse Operator to exercise care with regard to the Goods that a reasonably careful warehouseman would have exercised under the same circumstances. Warehouse Operator is not liable for damages which could not have been avoided by the exercise of such reasonable care.

(b) Warehouse Operator shall not be liable for loss of Goods due to inventory shortage or unexplained or mysterious disappearance of Goods, unless Depositor establishes such loss occurred because of Warehouse Operator's failure to exercise

reasonable care. Any presumption of conversion under applicable law shall not apply to a loss with respect to any Goods, and a claim for conversion must be established through affirmative evidence that Warehouse Operator converted the Goods to its own use. Depositor shall permit Warehouse Operator to inspect any damaged Goods for which a claim is submitted hereunder.

(c) Warehouse Operator shall not be liable for any breach of this Section 9 unless: (i) Depositor gives written notice to Warehouse Operator of any claim within ten (100 business days after release of the Goods by Warehouse Operator or (ii) Depositor is notified by Warehouse Operator that loss or damage to part or all of the Goods has occurred, as the case may be, reasonably described. No lawsuit or other action may be maintained by Depositor against Warehouse Operator for loss or damage to the Goods unless a timely written claim has been given by Depositor as provided in the previous sentence and unless such lawsuit or other action is commenced no later than the earlier of: (x) nine (9) months after the date of delivery of the Goods to Depositor or its nominee by Warehouse Operator or (y) nine (9) months after Depositor is notified by Warehouse Operator that loss or damage to part or all of the Goods has occurred.

(d) **IN NO EVENT SHALL WAREHOUSE OPERATOR'S LIABILITY UNDER THIS SECTION 9 EXCEED (I) THE ACTUAL COST TO REPAIR, RESTORE AND/OR REPLACE ANY DAMAGED GOODS, OR (II) FIFTY CENTS PER POUND ($.50/lb.) FOR THE DAMAGED GOODS, WHICHEVER IS LESS. THE REMEDIES SET FORTH IN THIS SECTION 9 SHALL BE DEPOSITOR'S SOLE AND EXCLUSIVE REMEDY AND WAREHOUSE OPERATOR'S ENTIRE LIABILITY FOR ANY BREACH OF WAREHOUSE OPERATOR'S OBLIGATIONS SET FORTH IN THIS SECTION 9.**

10. Limitation of Liability.

(a) **IN NO EVENT SHALL WAREHOUSE OPERATOR BE RESPONSIBLE OR LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, OR SPECIAL DAMAGES OF ANY TYPE OR NATURE WHATSOEVER AND HOWEVER ARISING, INCLUDING, WITHOUT LIMITATION, EXEMPLARY, OR PUNITIVE DAMAGES, LOST PROFITS OR REVENUES, OR DIMINUTION IN VALUE, ARISING OUT OF OR RELATING TO ANY BREACH OF ANY PROVISION OF THIS AGREEMENT, WHETHER OR NOT THE POSSIBILITY OF SUCH DAMAGES HAS BEEN DISCLOSED IN ADVANCE BY DEPOSITOR OR COULD HAVE BEEN REASONABLY FORESEEN BY PERSON OR ENTITY, REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT, OR OTHERWISE) UPON WHICH THE CLAIM IS BASED, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL WAREHOUSE OPERATOR'S AGGREGATE LIABILITY UNDER THIS AGREEMENT INCLUDING, BUT NOT LIMITED TO, WAREHOUSE OPERATOR'S LIABILITY UNDER SECTION 9 OF THIS AGREEMENT, EXCEED THE TOTAL OF THE AMOUNTS PAID TO WAREHOUSE OPERATOR FOR THE SERVICES RENDERED HEREUNDER.**

(b) Notwithstanding the foregoing, Warehouse Operator's limit of liability may be increased upon the Depositor's declaration of higher value, the Warehouse Operator's acceptance thereof, and the payment by Depositor of an additional charge. Depositor acknowledges and agrees that the foregoing is not insurance, and that if Depositor desires that the Goods be insured, that Depositor shall obtain such insurance through its own insurance agent and/or carrier.

(c) In the case of loss or damage to Goods for which Warehouse Operator is not liable, Depositor shall be responsible for all charges incurred in removing and disposing of such Goods, including any environmental clean-up and remediation costs related to such Goods and their removal and disposal.

11. Insurance. The Goods are not insured by Warehouse Operator for the benefit of Depositor against fire or other casualty. Warehouse Operator will not be required to maintain a watchman or a sprinkler system, and Depositor acknowledges that Warehouse Operator's failure to do so will not constitute negligence under Section 9(a) or otherwise.

12. Termination.

(a) In addition to any remedies that may be provided under this Agreement, Warehouse Operator may terminate this Agreement with immediate effect upon written notice to Depositor, if: (i) Depositor fails to pay any amount when due under this Agreement; (ii) Depositor has not otherwise performed or complied with its obligations under any of the provisions contained in this Agreement, in whole or in part; (iii) Depositor becomes insolvent, files a petition for bankruptcy or commences or has commenced against it proceedings relating to bankruptcy, receivership, reorganization, or assignment for the benefit of creditors; (iv) the Goods are a hazard to other property within the Warehouse or to the Warehouse itself or to persons as a result of the quality or condition of the Goods of which Warehouse Operator had no notice at the time of deposit; or (v) the Goods are about to deteriorate or decline in value to less than the amount of the warehouse lien set forth in Section 6 before the end of the next succeeding storage month.

(b) This Agreement may be terminated by either Party upon thirty (30) days' prior written notice with or without any cause or reason being given or required.

(c) If this Agreement is terminated for any reason, Depositor shall promptly arrange the removal of all Goods from the Warehouse, subject to payment of all outstanding fees and charges due hereunder. If Depositor does not promptly remove such Goods, Warehouse Operator may without liability remove the Goods and sell the Goods at public or private sale without advertisement and with or without notification to all persons known to claim an interest in the Goods (to the last known place of business of the person to be notified) in the manner provided by law. If Warehouse Operator, after a reasonable effort, is unable to sell the goods, it may dispose of them without liability in any lawful manner.

13. Waiver. No waiver by Warehouse Operator of any of the provisions of this Agreement is effective unless explicitly set forth in writing and signed by Warehouse Operator. No failure by Warehouse Operator to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement operates, or may be construed, as a waiver thereof. No single or partial exercise by Warehouse Operator of any right, remedy, power, or privilege hereunder precludes any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege.

14. Force Majeure. Warehouse Operator shall not be liable or responsible to Depositor, nor be deemed to have defaulted or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement when and to the extent such failure or delay is caused by or results from acts or circumstances beyond the reasonable control of Warehouse Operator including, without limitation, acts of God, flood, fire, earthquake, explosion, governmental actions, war, invasion or hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest, national emergency, revolution, insurrection, epidemic, lockouts, strikes or other labor disputes (whether or not relating to either Party's workforce), or restraints or delays affecting carriers, or inability or delay in obtaining supplies of adequate or suitable materials, materials, or telecommunication breakdown or power outage.

If Warehouse Operator has been unable to remove/deliver the Goods due to any reason specified in this Section 14, such Goods shall be subject to storage charges until such Goods are actually removed/delivered.

15. Third-Party Beneficiaries. Except as specified in the next sentence, this Agreement is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person or entity any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of these terms. Notwithstanding the foregoing, all limitations upon, and exceptions and defenses to, liability granted to Warehouse Operator shall be automatically extended to all parent, subsidiary, and affiliated entities and all subcontractors of Warehouse Operator and the owners, directors, officers, employees, and agents of each of the foregoing. Depositor agrees that Warehouse Operator's officers, directors, members, managers, employees, agents, affiliates, successors, and permitted assigns are third-party beneficiaries of the indemnification provision, Section 3, of this Agreement.

16. Both Parties acknowledge that in the course of rendering the Services, Warehouse Operator or Depositor may disclose to the other, or one Party may come into possession of information as a result of its relationship with the other under this Agreement, respecting such other Party's business affairs or systems. Each Party acknowledges that such information is confidential and proprietary (**"Confidential Information"**), and covenants and agrees to keep such information in the strictest confidence, and to take all necessary steps to assure that its employees will keep in strictest confidence all information and not disclose any such information to any third party without the prior written consent of either Party, as appropriate; provided, however, such restriction shall not apply to information which is available to the public or required to be disclosed pursuant to court order or otherwise as required by law. Confidential Information includes, without limitation, any trade secrets, technical data, product components, designs, patterns, formula, process, methods, computer program, source code, object code, or other computer

programing code, manuals, product specifications, processes and methods of manufacturing, or plans for new, revised, enhanced, modified or existing products; operational and functional features and limitations of the Parties' components, software or other products; any business, marketing, financial, pricing or other sales-related data; information regarding the present or future business products of the Parties; information regarding employees and vendors including contact information, organizational charts, information skill sets, technical and business knowledge, and compensation; and any information concerning the particular needs of clients or customers and their buying patterns, price sensitivities, key decision makers (and the contact information for such individuals), product needs, product specifications, requests for proposals and the responses thereto, requests for quotations and the responses thereto, and any other proprietary information and know-how of the Party. This covenant shall survive the termination or expiration of this Agreement.

17. Choice of Law and Forum. All matters arising out of or relating to this Agreement are governed by and construed in accordance with the internal laws of the state of Nevada and not giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any other jurisdiction. Any legal suit, action, or proceeding arising out of or relating to this Agreement shall be instituted in the applicable state or federal courts and appellate courts of Washoe County, Nevada and each Party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action or proceeding.

18. Waiver of Jury Trial. Each Party acknowledges and agrees that any controversy that may arise under this Agreement, including schedules and other attachments to this Agreement, is likely to involve complicated and difficult issues and, therefore, each such Party irrevocably and unconditionally waives any right it may have to a trial by jury in respect of any legal action arising out of or relating to this Agreement, including any schedules and other attachments to this Agreement, and the transactions contemplated hereby.

19. Survival. Subject to the limitations and other provisions of this Agreement: (a) the representations and warranties of the Parties contained herein shall survive the expiration or earlier termination of this Agreement; and (b) Sections 3, 7, 8, 9, 10, 12, 16, 17, and 18 of this Agreement, as well as any other provision that, in order to give proper effect to its intent, should survive such expiration or termination, shall survive the expiration or earlier termination of this Agreement.

20. Notices. All notices, requests, consents, claims, demands, waivers, and other communications under this Agreement must be in writing and addressed to the other Party at its address set forth below (or to such other address that the receiving Party may designate from time to time in accordance with this Section). Unless otherwise agreed herein, all notices must be delivered by personal delivery, nationally recognized overnight courier, or certified or registered mail (in each case, return receipt requested, postage prepaid), or by email if such email's receipt or acknowledgement is confirmed by return email from the other Party . Except as otherwise provided in this Agreement, a notice is effective only (a) on receipt by the receiving Party, and (b) if the Party giving the Notice has complied with the requirements of this Section.

Notice to Warehouse Operator: New Deantronics Ltd.
1 New Deantronics Way

Sparks, NV 89441
Attention: Mike Blomeyer, President

Notice to Depositor: E Surgical, LLC
150 Isidor Court, Suite 203
Sparks, NV 89441
Attention: Jane Liu, Manager

21. Severability. If any term or provision of this Agreement is invalid, illegal, or unenforceable in any specific situation or jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable this Agreement in any other situation or jurisdiction. Upon a determination that any term or provision is invalid, illegal, or unenforceable, the court may modify this Agreement to give effect to the original intent of the Parties as closely as possible so that the transactions contemplated hereby will be consummated as originally contemplated to the greatest extent possible.

22. Amendments. No amendment to or modification of this Agreement is effective unless it is in writing, and signed by an authorized representative of each Party.

23. Cumulative Remedies. All rights and remedies provided in this Agreement are cumulative and not exclusive, and the exercise by either Party of any right or remedy does not preclude the exercise of any other rights or remedies that may now or subsequently be available at law, in equity, by statute, in any other agreement between the Parties, or otherwise. Notwithstanding the previous sentence, the Parties intend that Depositor's rights under Section 9 are Depositor's exclusive remedies for the events specified therein.

24. Assignment. Depositor shall not assign, transfer, delegate, or subcontract any of its rights or obligations under this Agreement without the prior written consent of Warehouse Operator. Any purported assignment or delegation in violation of this Section 24 shall be null and void. No assignment or delegation shall relieve Depositor of any of its obligations hereunder. Warehouse Operator may at any time assign, transfer, or subcontract any or all of its rights or obligations under this Agreement without Depositor's prior written consent.

25. Successors and Assigns. This Agreement is binding on and inures to the benefit of the Parties to this Agreement and their respective permitted successors and permitted assigns.

26. Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. Notwithstanding anything to the contrary in Section 19, a signed copy of this Agreement delivered by facsimile or email, or other means of electronic transmission shall be given the same legal effect as delivery of an original signed copy of this Agreement.

27. Relationship of the Parties. The relationship between the Parties is that of independent contractors. Nothing contained in this Agreement shall be construed as creating any agency, partnership, franchise, business trust, joint venture, or other form of joint enterprise, employment or fiduciary relationship between the parties, and neither Party shall have authority to contract for or bind the other Party in any manner whatsoever. No relationship of exclusivity shall

be construed from this Agreement.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed as of the date first written above by their respective officers thereunto duly authorized.

FEI Number (From FDA application): 3038879280

Please provide the name of the facility as registered with the FDA and the registration number:
Wesley Pharmaceuticals

Please provide a list of all DBA's used by outsourcing facility. A separate sheet is acceptable.
N/A

Please provide the name and Nevada license number of the supervising pharmacist:
Name: Michael Church Nevada License Number: 23459

A Nevada business license is not required, however if the OUTSOURCING FACILITY has a Nevada business license please provide the number: N/A

This page must be submitted for all types of ownership.

Within the last five (5) years:

1) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)? Yes ☐ No ☑

2) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration? Yes ☐ No ☑

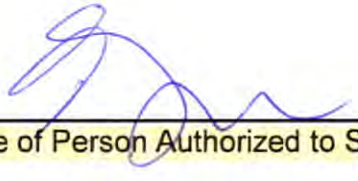
3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry? Yes ☐ No ☑

4) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances? Yes ☐ No ☑

5) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)? Yes ☐ No ☑

If the answer to question 1 through 5 is "yes", a signed statement of explanation must be attached. Copies of any documents that identify the circumstance or contain an order, agreement, or other disposition may be required.

APPLICATION FOR OUT-OF STATE OUTSOURCING FACILITY - Page 3



I hereby certify that the answers given in this application and attached documentation are true and correct. I understand that any infraction of the laws of the State of Nevada regulating the operation of an authorized OUTSOURCING FACILITY may be grounds for the revocation of this permit.

I have read all questions, answers and statements and know the contents thereof. I hereby certify, under penalty of perjury, that the information furnished on this application are true, accurate and correct. I hereby authorize the Nevada State Board of Pharmacy, its agents, servants and employees, to conduct any investigation(s) of the business, professional, social and moral background, qualification and reputation, as it may deem necessary, proper or desirable. The facility must be registered with the FDA as an outsourcing facility (503B) to obtain an outsourcing facility from the Board of Pharmacy.

Federal and State law require a licensed pharmacist to supervise the compounding taking place in a registered outsourcing facility. This supervising pharmacist must be licensed by the Nevada Board of Pharmacy.

Does your outsourcing facility wholesale compounded medication for resale? Yes ☐ No ☑

The Law prohibits the resale of compounded medication. By signing this application you are attesting that your medications will be labeled with the statement "Not for Resale" and that the outsourcing facilities products will not be resold.

Wesley Pharmaceuticals was recently inspected by the FDA. We are thrilled to say there were no 483s issued! We are anxiously waiting for the EIR from the FDA. However, we are being told that document will take as long as 6 months to obtain.

Based on that, I am including a copy of the FDA Outsourcing Facility page that confirms the FDA inspection dates as well as confirms that no 483s were issued by the agency to satisfy the FDA inspection requirements.

Please let me know if any additional information is required.

Feedback

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/node/363232) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

   Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.

4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/node/363232).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.
