## 2026 Nevada Marketing Code of Conduct Report on Compliant Companies

Pursuant to NRS 639.570

Published
11-3-2026

## Background Information

Nevada's Marketing Code of Conduct statutes were created by the 2007 Nevada Legislature under Assembly Bill 128 (AB128), which was codified into the Statutes of Nevada as NRS 639.570. The Nevada State Board of Pharmacy adopted regulations pursuant to NRS 639.570(4) in 2008. Those regulations are detailed in NAC 639.6053-6057, NAC 639.616-619, and NAC 639.69573-69577. For many years, the Nevada State Board of Pharmacy (Board) referred to the annual filing requirement as AB128. However, because AB128 has been codified we are now using the phrase "Marketing Code of Conduct" (MCC), or "Annual Marketing Code of Conduct".

NRS 639.570 requires a wholesaler or manufacturer who employs a person to sell or market a drug, medicine, chemical, device or appliance in Nevada to submit annually to the Board certain information regarding their marketing code of conduct. It also requires the Board to prepare and submit to the Governor, and Director of the Legislative Counsel Bureau for transmittal to the Legislature, a compilation of the information submitted. Any information submitted that is identified as a trade secret is not included in the report prepared for the Governor and the Director of the Legislative Counsel Bureau.

The filing period is May 1st – June 1st annually, for the preceding 12-month period ending on April 30th of the same year. The Board publishes a list of companies that submit a compliant filing pursuant to NRS 639.570 to its website annually. The website also houses information regarding Nevada's Marketing Code of Conduct, including the annual filing form.

In 2022 the Board revised the annual filing form to include the Board issued license number of the company named in the filing. Additionally, the annual filing form was streamlined, with an effort to make completion of the form easier and more concise. A few changes were made to the annual filing form in 2023. Minor changes were made to the annual filing form for 2024 to clarify requirements in sections five and nine. The 2024 form will continue to be used in 2026 without any revisions to reporting requirements, however, the email address for submitting the annual filing has been updated. The Annual Marketing Code of Conduct filing form is available on the Board's website.

The table that follows includes data on each company that provided a compliant Annual Marketing Code of Conduct filing during the 2026 filing period. Some exceptions to the deadline were granted, and every effort was made to be accurate, as well as comprehensive, in our collection and processing of data.

The 2026 compliance report includes all entities that provided a compliant filing pursuant to NRS 639.570, regardless of their license status to conduct marketing, sales, or distributive functions of federally restricted (Rx Only) drugs and devices in Nevada.

## License Types Represented in the 2026 Annual Marketing Code of Conduct Filings:

**WH - Wholesaler or Warehouse**

This is the most represented license type in the MCC filings. It includes companies that are traditional wholesalers, and non-resident manufacturers including manufacturers that use a 3PL to distribute their Rx only drug(s) and device(s). Of note, drug and device manufacturers that utilize a 3PL under the title model but hire people to solicit their products in Nevada are required to obtain a license pursuant to chapter 639 of Nevada Revised Statutes.

**MA – Manufacturer**

Nevada licenses non-resident (out-of-state) manufacturers as wholesalers because the business activity they conduct in Nevada is wholesaling. Therefore, both instances of manufactures in this report are located in Nevada.

**OUT - Outsourcing Facility (503B compounding facility)**

This license type is essentially a hybrid of pharmacy and manufacturing. 503B compounders must meet current good manufacturing practice (CGMP) requirements and may wholesale the drug products they compound to pharmacies, medical facilities and practitioners. Many outsourcing facilities hire people to solicit the drug products they compound to Nevada practitioners and medical facilities, hence their compliance with Nevada's MCC requirements.

**MW - Medical Products Provider Wholesale License**

This license type was issued for years for wholesalers of devices. The MW license is no longer issued. Companies that wholesale devices are now issued a wholesale license. Most holders of the MW license have had their license converted

to a WH license as the Board phases out the MW license. There is one instance of the MW license type on this report but that license has been closed.

**MP – Medical Products Provider Retail License**

Another name for this license is an "MDEG" license. This license type is issued for retail dispensing of medical devices, equipment and gases to an end user. Some holders of an MP license file a MCC as seen on the tables that follow.
