Section 3: Laws pertaining to the Prescription Drug Donation Program. By signing this application, you attest you have read and understand the components in this section.

NAC 453B.020 "Donated prescription drug" means a drug that has been donated to the Program.
NAC 453B.030 "Distribute" means to deliver, other than by administering or dispensing, a donated prescription drug.
NAC 453B.070 A person who wishes to receive a donated prescription drug dispensed pursuant to the Program must be a resident of the state.
NAC 453B.080

1. To be eligible to participate in the Program:
    a. A pharmacy must:
        i. Be licensed in this State:
        ii. Have established the procedures required by subsection 2;
        iii. Be approved to participate in the Program pursuant to NAC 453B.085; and
        iv. Be in good standing with the Board.
2. To be eligible to participate in the Program, a pharmacy must have established procedures for:
    a. Receiving, inspecting and storing donated prescription drugs in accordance with NAC 453B.105
    b. Keeping the records required by NRS 453B.090.
    c. Verifying and recording verification that each person who receives a donated prescription drug:
        i. Meets the requirements of NAC 453B.070;
        ii. Has been issued a prescription as required by NRS 453B.100; and
        iii. Has signed the waiver of liability required by NRS 453B.130.
    d. Disposing of donated prescription drugs.

NAC 453B.090 A pharmacy shall comply with all applicable federal and state laws and regulations when accepting, distributing and dispensing a donated prescription drug pursuant to the Program.
NAC 453B.105

1. A pharmacy that participates in the Program is not required to accept a prescription drug for donation.
2. In addition to the requirements of NRS 453B.100 and 453B.130 and NAC 453B.110, a pharmacist may dispense a donated prescription drug to a person if:
    a. The pharmacist has inspected the packaging of the donated prescription drug to determine if the donated prescription drug meets the requirements of subsection 6 of NRS 453B.080; and
    b. The person requesting the donated prescription drug presents to the pharmacist:
        i. Proof that the person meets the requirements of NAC 453B.070; and

ii. A prescription written by a person who is authorized to write prescriptions

3. A pharmacy shall store a donated prescription drug:
    a. Pursuant to the recommendations of the manufacturer of the donated prescription drug concerning the storage conditions;
    b. Separately from all other drugs: and
    c. In a locked storage area
4. If a donated prescription drug expires before it is dispensed, the pharmacy shall destroy the donated prescription drug.

NAC 453B.110

1. In addition to the requirements of NRS 453B.080, a donated prescription drug:
    a. Must not be a controlled substance.
    b. Must not be a compounded drug product.
    c. Must not be dispensed by a pharmacist if the pharmacist suspects that the prescription drug is adulterated or misbranded.
    d. Must not be dispensed by a pharmacist if, in the professional judgement of the pharmacist, there is a reasonable concern relating to the safety or efficacy of the prescription drug.
    e. Must not require refrigeration or freezing or other temperature requirements that are not a controlled room temperature.
    f. Must not be a prescription drug for which a program of restrictive distribution has been established by the manufacturer of the prescription drug.
    g. Must not be a prescription drug for which an ongoing clinical trial or study is being conducted.
    h. Must be a prescription drug that was originally dispensed pursuant to a prescription by a pharmacy licensed pursuant to chapter 639 of NRS.

NAC 453B.120 A pharmacy may charge a handling fee of not more than $10 for distributing or dispensing a donated prescription drug.

NRS 453B.080 Establishment of Program; handling fee; conditions for acceptance, distribution and dispensing of donated drugs; certain restrictions; prescription drug without lot number deemed recalled.

1. The Board shall establish and maintain the Prescription Drug Donation Program to accept, distribute and dispense prescription drugs donated to the Program.
2. Except as otherwise provided in this section, a person or governmental entity may donate any prescription drug to the Program.
3. A prescription drug may be donated to the Program at a pharmacy that participates in the Program.
4. A pharmacy that participates in the Program may charge a patient who receives a donated prescription drug a handling fee in accordance with the regulations adopted by the Board pursuant to NRS 453B.120.
5. A pharmacy that participates in the Program must establish written procedures for receiving and inspecting donated prescription drugs.
6. A prescription drug may be accepted, distributed or dispensed pursuant to the Program only if the drug:
    a. Is in its original, unopened, sealed and tamper-evident unit dose packaging or, if packaged in single-unit doses, the single-unit dose packaging is unopened;
    b. Is not adulterated or misbranded; and
    c. Bears an expiration date that is 60 days or more after the date on which the drug is donated.
7. A prescription drug donated to the Program may not be:
    a. Resold; or
    b. Designated by the donor for a specific person.
8. The provisions of this section do not require a pharmacy to participate in the Program.
9. Marijuana, as defined in NRS 453.096, or any drug that may only be dispensed to a patient registered with the manufacturer of the drug pursuant to requirements of the United States Food and Drug Administration may not be donated, accepted, distributed or dispensed pursuant to the Program.
10. A prescription drug donated to the Program that does not include a lot number shall be deemed to have been recalled if the prescription drug has the same National Drug Code assigned by the United States Food and Drug Administration as a recalled prescription drug.

NRS 453B.090 Maintenance and content of records; storage of drugs. A pharmacy that participates in the Program shall:

1. Maintain the records for any prescription drug that is donated to the Program separate from all other records kept by the pharmacy. Records for any prescription drug donated to the Program must include, without limitation:
    a. The date the pharmacy received the drug;
    b. If donated by the person for whom the drug was prescribed, the date the drug was dispensed pursuant to the original prescription;
    c. If donated by the person for whom the drug was prescribed, the original prescription number of the drug;
    d. The name of the drug;

e. The dosage of the drug;
f. The quantity of the drug that is donated;
g. The date of expiration of the drug;
h. If donated by the person for whom the drug was prescribed, the name, address and telephone number of the person who originally dispensed the drug;
i. The name, address and telephone number of the person who donated the drug; and
j. The lot number of the drug.

2. Maintain the record of a donated prescription drug that is distributed to another pharmacy which is participating in the Program separate from all other records kept by the pharmacy. The records for any donated prescription drug distributed to another pharmacy must include, without limitation:
   a. The information required by subsection 1;
   b. The name, address and telephone number of the pharmacy that is distributing the drug;
   c. The quantity of the drug that is being distributed; and
   d. The name, address and telephone number of the pharmacy which the drug is distributed.
3. Record and retain the name and telephone number of any person to whom a donated prescription drug is dispensed.
4. Store a prescription drug that is donated to the Program:
   a. Pursuant to the recommendations of the manufacturer of the drug concerning the storage conditions;
   b. Separate from all other drugs; and
   c. In a locked storage area.

NRS 453B.100 Dispensing of donated drug. A prescription drug donated for use in the Program may only be dispensed:

1. By a pharmacist who is registered pursuant to chapter 639 of NRS;
2. Pursuant to a prescription written by a person who is authorized to write prescriptions; and
3. To a person who is eligible to receive prescription drugs dispensed pursuant to the Program.

NRS 453B.130 Limitation on civil and criminal liability; limitation on disciplinary action by professional licensing board; waiver of liability.

1. A person who exercises reasonable care in the donation of a prescription drug in accordance with the provisions of this chapter and the regulations adopted pursuant thereto is not subject to any civil or criminal liability or disciplinary action by a professional licensing board for any loss, injury or death that results from the donation of the prescription drug.
2. A pharmacy which participates in the Program and which exercises reasonable care in the acceptance, distribution or dispensation of a prescription drug donated to the Program is not subject to civil or criminal liability or disciplinary action by a professional licensing board for any loss, injury or death that results from the acceptance, distribution or dispensation of the prescription drug.
3. A manufacturer of a prescription drug donated to the Program is not subject to civil or criminal liability for any claim or injury arising from the donation, acceptance, distribution or dispensation of the prescription drug pursuant to this chapter and the regulations adopted pursuant thereto.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.
